CAMDEN EAST

Miss Mabel Tompkins and her brother, Stanley, from Peace River, Man., spent a few days here with their mother, Mrs. Peeter Tompkins at the home with Mr. and Mrs. Jos. Lawler. Mr. George Black, while splitting wood in his yard, accidentally caught his axe in the clothes line, the axe turning and cutting him in the forehead badly. Had the axe been real sharp it might have been more serious. Dr. Huxtable was called at once and dressed the wound. —Mr. Butterill's pet dog was killed accidentally by a truck running over it, last week. — Rev. and Mrs. Anderson took in the home of Mr. and Mrs. W. Stewart on Wednesday evening of last week.—Mrs. William Jackson, Bethel Street, spent Saturday evening with her father, Mr. John Simmons.—Mrs. Joiner is spending a few days at Desmond with the Bell brothers. —Mr. and Mrs. Butterill spent Saturday at Kingston.—Mrs. R. Oster and Mrs. D. B. Amey called on Mrs. Charles Hisko on Saturday afternoon last.—Mrs. J. B. Smith and Miss Bennett, of Fairview, and Mr. S. Williams, of Kingston, called on Miss Hellie Barry on Sunday last.— Mrs. David Smith and daughter, of Bath, were dinner guests Mr. and Mrs. John Tipson on Sunday last. Mr. E. Hugebone was a caller in the village on Saturday last from Conway. — Spring cleaning is the order of the day. Mr. Walter Hugebone and family, of Switzerville, spent Sunday with their daughter and family, Mr. and Mrs. Russel Joiner.—Miss Pearl Oster and Mrs. Percy Wilson, of Bicknell's Corners, took a drive to Newburgh on Saturday afternoon last.—Mr. Minch is on the sick list. A speedy recovery is hoped for.—There will be service in the United Church next Sunday evening. Sacrament of the Lord's Supper will be served.

SWITZERVILLE CHURCH OF THE MORVEN CIRCUIT RECEIVES AN ENDOWMENT

The Switzerville United Church has the high honor of being one of the oldest churches in Former Methodism, being built in the year 1826 and rebuilt in 1862. The first Methodist Church in Canada was held in this church and at that conference the first ordination service took place. The offering boxes are still in use and are in the pews. The first public sign of the historical beginning of Methodism here, through the instrumentality of the pastor, Rev. Rowe M. Seymour and the kind thoughtful appreciation of Mr. Frazier Hamilton, late Alexander Crozier, in his last will and testament, endowed this church to the extent of $500 the interest to be known as the Barbara Amelia, Alexander Crozier Fund, the interest of which to augment the salary of the minister in charge. This is the second church on this circuit to receive an endowment, the Clapper Estate of Morven placed a similar amount of $500 in the White Church in the same manner. $1000 for the perpetual care of the graves could not be better appropriated for its efficiently kept plots and grounds and many saintly people rest here.

The Fourth Line church has the distinction of being the only one to be built in 1875. This appointment situated on No. 2 Highway, is well organized and doing a fine work in the line of spiritual life.

The Violet Church, a church of small sitting capacity of about 150 has been a benediction to this community ever since its erection.

We are glad to report a splendid year, each appointment having its Finance Organization, thus having the minister free to devote his time wholly to the spiritual work at the church.

The parsonage at Morven on No. 2 Toronto-Montreal Highway, 20 miles west of Kingston, is well equipped and very comfortable and its location affords the minister of this circuit the great pleasure and convenience of access to the city.

No doubt there are others who would like to endow their church, and amounts, small or large, would be appreciated. Also the interest on the bonds which are strongly recommended by our government, in this way you will preserve a lasting memorial of your life and the dear ones of your family.

The time had come for "Uncle" to have a birthday and send paper for opening the shop he and his assistant were writing out cards and placing them on the goods, so he disposed of.

Towards the end of the talk the assistant came in a fur coat which had been hung on a wax figure for a number of years.

After gazing at the coat for some time, being unable to decide what label to give it, he turned to "Uncle."

"I'm afraid I can't put 'fashionable' on this coat, sir," he confessed. "It's far too old and moth-eaten."

"Uncle" thought for a minute or two, and then replied.

"Well, Fred, Place a card on it: 'Very Much Worn.'"

Conjurers, says a contemporary, have to fight hard to make a living nowadays. The public appears to know that these artists can live entirely upon rabbits and goldfish.

You've got to have a pull to get ahead and you've got to have a head to get a pull.

NOTICE

A special meeting of the Shareholders of the Excelsior Cheese & Butter Company, Limited, will be held at the office of the Company, on Wednesday, the 9th day of April, 1930, at one o'clock p.m., to take such action as the Shareholders are fit in respect to the resignations of Director of the Company. All patrons belonging to the Amey Company are invited to be present. The milk will be disposed of at this meeting, if the Shareholders so desire.

W. B. HOLLAND,
President.

SOCIAL EVENING AT TRINITY CHURCH

The Ready Helpers' Class of Trinity Sunday School held a very interesting enjoyable social evening in the school room on Friday evening, March 28th. The programme consisted of an amusing contest which was won by Mrs. Jim Douglas and her group, to whom was given a prize of a box of chocolates. The contest was followed by a "Trip Around the World." This was introduced by Mrs. Will Coates, who explained that there were to be five countries visited during the evening, namely: Ireland, Scotland, China, Japan and Canada. Before starting on the journey the following numbers, characteristic of the countries to be visited, were heard with much pleasure:— Piano Solo, Mr. Roy Kendall; Irish Stories, Mr. Wrky Kayler; Irish Songs, Mrs. Arthur Kimmerly; Chinese Reading, Miss Beatrice Baughn; Scotch Songs, Mrs. Florence Smith; Japanese Solo, Miss Nina McKim; Japanese Song, Zella and Muriel Grooms; Reading, "Canadian Born" Miss Laura Rockwell; Chorus, "O Canada" led by Miss Olive McMillan as "Miss Canada."

The five countries were in separate class-rooms and decorated according to the country represented. The genial hostesses of each country were gaily costumed and were kept busy serving food to the tourists. In Ireland, scalloped potatoes, brown and white bread and butter and olives, were served. At the entrance to Scotland, the tourists passed beneath a huge Scotch flag. —The only of its kind in Napanee—and which is the property of Mrs. McClew. A typical Scotch home was entered and there in front of the grate fire, sat an old Scottish lady plying the spinning wheel. After enjoying oat cakes, jam and cheese with her, the travellers hurried on to China, where, undaunted by the vicious, green dragon at the entrance. They were obliged to eat their rice and chop-suey with chop sticks. In Japan, cushions were arranged on the floor and the tourists, sitting on these, partook of green tea and small cakes. The display in this country was particularly colorful and interesting and had come direct from Japan, being loaned to us for the evening by Miss Olive Hambly. Finally Canada was reached after a most extensive and inexpensive trip and there, amid the flags and maple leaves of our own country, delicious cakes, jelly and whipped cream and chocolates were served.

SELBY

It has been very poor weather for the sugar bush but the last few days have been brighter and a better run is reported.—Next Sunday evening the sacrament of the Lord's Supper will be observed in the United Church at 7:30 p.m.—The W. M. S. will hold their annual Easter meeting on Thursday, at 2:00 p.m. in the school-room of the church. Light refreshments will be served. Bring in your Easter thankoffering.—The Y. P. Percy Gerow and Jack Hone into their community.— Despite the backward weather for motoring and maple-sugaring, a large crowd attended the sugar social at the church on Wednesday evening, under the auspices of Empey Hill Sunday school and Ladies' Aid. A very enjoyable program was given by the children of the school. At the close of the program, maple sugar and hot buns were served to the satisfaction o fall.—Mr. Roy Stafford, of Buffalo Street, is hauling gravel for the building of the new river which is to be constructed on the farm of Mr. Willie Ralph Anderson.

BAY CIRCUIT

Mr. Barrain, of Hamilton, is taking charge this year of the Government Fish Pets at Hay Bay. At present they are repairing the nets, ready to begin operations as soon as the ice goes out of the Bay.— Trappers have not been any too successful securing muskrats. When it stops freezing at nights, prospects will be better. — The play the "Ides of Love," presented by the Empey Hill Church group in Gretna Church on Thursday evening, was a great success. Every member of the cast played their parts well. The musical numbers were supplied by the Gretna boys, Mr. Ernest Cole and Mr. Thomas Purnell and by Mr. Sexsmith, of Empey Hill. The house was filled in attendance and everyone seemed to enjoy the evening.— All roads lead to Bethany this Wednesday evening, April 2nd, when the Grace Church group present their play "Mary Made Some Marmalade." Lunch will be served to all.— Mr. Rockwell Park is in Belleville this week, attending the annual sale of Holstein cattle. Mr. A. Parks & Sons, have some very fine animals in the sale list.— Mrs. Huldah Chamberlain celebrated her ninety-sixth birthday on Saturday, March 29th. She is still in good health and though very deaf is able to enjoy life. She makes her home with her daughter-in-law, Mrs. Chambers, at Anderson. She received many expressions of congratulation on having reached such a ripe old age.— Remember the Gretna Ladies' Aid this Thursday afternoon at the home of Mrs. Miles Joyce.— Band Hill Ladies' Aid held their monthly meet- At the home of the Vice-President, Mrs. Walter Huffman on Wednesday evening last. Mrs. Ezra Hoffman had charge of the programme. A very helpful paper was presented by Mrs. Frank Parks; duets by Mrs. Hulda Chamberlain and Mrs. Swift as several readings. The fish pond was of special interest and resulted in a fisherman's good luck. The next meeting will be held at the home of the President, Mrs. D. A. Mackabe, when Mrs. Gilbride, of Napanee, will be present and take charge of the evening. — Mrs. Randall, of Napanee spent the week end at the home of Mr. and Mrs. James Beamish.— Remember the Hay Bay Study Group at the home of Mr. and Mrs. L. T. Parks, on Friday evening at 8:00 p.m. — Miss Madge Keech, of the Collegiate Institute, is at home, confined to her bed suffering from a severe fall.— Mrs. Arkils and Craig returned home to Castleton after spending a couple of weeks at the parsonage.— The sympathy of the community is extended to Mrs. Charles Moore in the loss of her brother who died in Napanee, last week.

MORVEN

The rumble of the milk waggons and the familiar whistle of the Union Cheese Factory, remind us that spring is on its way.— Mr. John Kent, Shannonville, visited his parents Mr. and Mrs. J. Kent, on Sunday last.— Mr. J. P. Lake spent Friday with friends in Kingston.— Mr. and Mrs. A. Clarke, Napanee, spent Sunday last with Mrs. Mrs. G. Clarke.— Charles T. Goodsell and Mrs. Bert Boyce, Mr. E. Mills's Mr. and Mrs. Amey, Switzerville, visited at Mr. and Mrs. McCormick's on Sunday.— The Bell-system Sperry Pump in Kingston.— Mr. and Mrs. C. W. Miller and daughter, Ruth, visited at Mr. and Mrs. B. Miller and daughter, Ruth, visited at George Fralick's on Sunday.— The Switzerville Y. P. S. entertained the Morven Y. P. S. at the parsonage on Tuesday evening. The visiting party brought with them a splendid program which was an inspiration to all. Many appreciative words were made to Mr. and Mrs. Seymour for the hospitality of their home.

DORLAND

The present spring-like weather is a pleasant change following the cold and storm of last week.— Mr. George A. Bulteel's barn was severely damaged during the electric storm of last Tuesday evening. The damage was chiefly to the roof and chimneys, although all the stove pipes were knocked down. Fortunately the fire escaped notice.— A serious court case will be tried with all the dignity of judge And jury at the rural social to be held under the auspices of the Ladies' Aid on April 23rd. Going to the trial, presently possible for the offence, a large number will be anxious to attend the Ladies' Aid Euchre Whist has been after visiting friends in Napanee and Kingston.— Mrs. Mary Griffith has purchased the residence of the late Mrs. C. R. Allison.—Quite a number from Dorland attended Mr. Kayler sale at Morven, last Thursday.

MOUNT PLEASANT

At a meeting of the Trustee Board of the Mount Pleasant Church property, held recently, it was decided to ask permission of the presbytery to sell the unused church shed. It was also decided to open the church for a week of evangelistic services for the whole community, to be conducted by the circuit minister, Rev. H. W. Foley. All denominations are invited to these meetings next week, beginning Sunday, April 6th at 2:30 p.m. and continuing each evening at 8:00 o'clock all week. The Rev. Mr. Paul and Mr. Hazzard, assist on Tuesday night. Come and bring somebody else.

ODESSA

The W. M. S. of the Free Methodist congregation have arranged to hold a special missionary service in the church, Sunday, April 6th, at 2:30 p.m. Rev. A. S. Hare, of Haley, who have spent over twenty years in South Africa, are the speakers and will bring some first-hand information from this field. A cordial invitation is extended to all to come and be benefited by this rare opportunity.

The building fund was not only generously subscribed to but the school room was freshly painted, a motor blower installed for the pipe organ and the general current expense funds were kept up and generous contributions to the missionary funds.

ODESSA W. I.

The monthly meeting of the Odessa Women's Institute was held on March 5th in the library reading room, with a fair attendance. The library was tastefully decorated in green and white, the tea table also being done in the same colors.

The president opened the meeting in the usual manned. The roll call was answered by Irish jokes, and met with a generous response, which added much merriment to the meeting.

The minutes of the February meeting were read as which meeting a quilt was quilted and finished and made ready for delivery the following day. While the ladies worked at the quilt, each one gave the title and synopsis of "The Best Book I Ever Read."

The secretary read several letters of appreciation. A committee, made up of the president and Mrs. Jos. Smith, was appointed to purchase the curtains for the library.

Miss Mona Hagerman, who accompanied the judging team to the C. N. E. gave a talk on her trip; of how much she had benefited by the coaching classes and passed on much valuable information on menu planning, house planning and home economics.

A variation in the programme now came when everyone joined in the community singing of Irish songs.

Mrs. J. E. Maher gave a splendid paper on the "Potato"; origin and growth up to the present time, and some unusual recipes for the serving of this staple food. Her paper was very much appreciated by all present.

Mrs. Stanley Sproule favoured us with a well rendered solo "Killarney" which we all thoroughly enjoyed.

A "pig" contest, which was very amusing, as well as a wit tester, ended the programme. Mrs. Shelby Denyes winning the dainty prize—a green glass bon-bon dish.

The lunch committee, Mrs. C. Snyder and Mrs. Nelson Smith, served a dainty lunch in which the color scheme of white and green also was carried out as nearly as possible.

The roll call for the April meeting will be "Hints on the care of Young Chickens."

BICKNELL'S CORNERS

The weather has been quite cold and disagreeable for the past few days, but we are looking forward for nice bright spring days pretty soon — A great number of farmers have tapped their sugar bush and report quite a good run of sap and some have already made a little bit of syrup — The pie social which was given on the night of March 17th, in the United Church hall, Camden East, under the auspices of the Ladies' Aid, was well attended, the proceeds amounting to $24.85 — We are glad to see Mrs. Delbert Symmith at her home again, much improved in health. — Mr. and Mrs. Harry Robinson spent an evening recently at Mr. J. Sewell's — We are sorry to say Mr. Wesley Simmons sick horse, which is over at Colebrook, is not improving very much. — Mr. and Mrs. Alva Emberly went at Kingston on Saturday. — Miss Ruby Simmons is visiting her sister, Mrs. Roy Samson at Kingston. — Quite a number from around here attended the funeral of the late Mr. Robert Lewis on Sunday, and much sympathy is extended to the family. — Miss Betty Brown, of Napanee, is visiting her grand-parents, Mr. and Mrs. E. W. Simmons. — We are all glad to see Mr. Francis Dunn able to drive to the village occasionally. — Mr. and Mrs. Kenneth Amey, of Kingston, with her parents, Mr. and Mrs. T. Hyland, on Sunday.

Just pure orange beverage, "Crush De Oro."

VIOLET - SWITZERVILLE WOMEN'S INSTITUTE

The March meeting of Violet-Switzerville Women's Institute was held at the hospitable home of the President, Mrs. E. A. Wright, with an attendance of fifty members and guests. The roll call was answered by a "Bit of Irish Wit," and created a good many laughs. Community singing followed.

Mrs. MacMorine's current events were worthy of special mention as she carries us along with her on the questions of the day in her own inimitable manner. Mrs. J. Wilson, of Switzerville, graciously favoured us with an Irish vocal solo which was very much appreciated.

Mrs. Hilton Robinson favoured us with a beautiful piano solo which was warmly applauded.

The debate "Resolved that Man's equipment on the farm has advanced farther than Woman's," was the next feature of the evening. The affirmative side was upheld by Mesdames Arnold Empey and Rae Brown and McMillan, while the negative side was supported by Messrs Clarence Spafford, Orville McCormick and William Smith. The judges, Mr. A. D. Runions and Misses Helen Sproule and Marjorie Moore, decided in favour of the latter, but were of the opinion that both sides were well supported in their arguments.

At the close of the debate, Mr. A. D. Runions, our agricultural representative, kindly showed some very fine moving pictures, which were most acceptably received.

At the close of the evening, the ladies assisted the hostess in dispensing a hot Boston supper, and all present did ample justice to the good things served.

A vote of thanks to the hostess, Mr. Runions, the judges, guests, assisting, etc., was moved and carried unanimously, all voting it just one more happy evening together under the Institute Social Club. A goodly collection was received.

The next meeting will be held Thursday, April 3rd, at the community rooms. A good programme is being planned.

OBITUARY

Mr. Jacob Luther Loucks

On Wednesday, January 29th, there passed away one of the oldest and most respected residents of Enterprise, in the person of Jacob Luther Loucks, in his 85th year. He has been a resident of this place for 51 years. He was sexton of the United Church for 37 years and was faithful to his duties within a short time of his death. At the early age of 20 years, he took up as his trade, painting and decorating, and carried on his work within four months of his death. He was then confined to the house, through serious illness, of which he bore with great patience, waiting the time to meet his loved ones who had gone before, and although looking for the end it came sooner than expected.

His wife, Mary Elizabeth Wagar, predeceased him scarcely four years ago. He leaves to mourn his loss, five children: Mrs. I. J. Thompson, South Cayuga; Mrs. Alice McGregor, Enterprise; Mr. William Loucks, Enterprise; (Rev.) I. M. Loucks, Perth Road; Mrs. E. W. Simmons, Camden East; also one brother, Mr. W. J. Loucks, of Mountain Grove.

His funeral took place from the United Church, Enterprise, on Friday afternoon at 2:00 p.m., January 31st. An impressive sermon was preached by his pastor, Rev. D. Stinson, who visited him almost daily through his illness. His remains were then placed in the Enterprise vault to await interment in the Spring.

TORONTO ARCHITECT WINS PRIZE

Premier honors for designing the ideal Ontario home, mainly represented in a cash prize of $2,500, goes to Harold Savage, 26-year-old Toronto architect who submitted the winning plan in the $7,000 architectural contest staged by The T. Eaton Company, Limited, here, official results of which have just been announced.

It is the plan of the company to erect the new residence entirely within its new College Street store building here.

In all ten prizes were offered and of this number seven went to Toronto, two to Montreal and one to Regina.

Second prize of $1,500, was won by Pursey, Page and Steel, Toronto; third prize of $1,000, Perry and Luke, Montreal, and fourth prize of $300, Craig Madill and Loudon, Toronto.

The following six in order of merit won prizes of $250 each: E. M. Forbes, Toronto; Harold G. Bishop, Regina; W. P. Williams, Montreal; Harold R. Watson, Toronto; C. P. Thompson, and J. B. Sutton, Toronto; Ross Brisley, Toronto.

A total of 239 designs was submitted, and it is noteworthy that practically all parts of Canada were represented. National in its scope, the competition aimed to arouse and develop a greater interest in architecture throughout the Dominion.

The contest, which was open to all practicing architects, architectural draftsmen and students residents in Canada, called for plans and specifications for the erection of an ideal Ontario home, the maximum cost not exceeding $30,000.

The Board of Assessors which selected the winning designs, consisted of: A. H. Chapman, president, Ontario Association of Architects; Prof. E. R. Arthur, department of architecture, University of Toronto; Philip J. Turner department of architecture, McGill University.

Everybody likes "Crush, De Oro."

APPEARANCE!

THE designers of the new Durant 6-44 built beauty into its lines just as they built comfort into its riding qualities and performance into its motor.

The low-set body, long, flowing lines and wide sweeping fenders, together with the spear-point decorative motif carried throughout, account for the attractive appearance of this new Durant product.

You will best appreciate the Appearance, Performance, Comfort and Value of this new, medium-price, six-cylinder Durant, by accepting your dealer's invitation to drive it.

12 YEARS TROUBLE YIELDS TO SARGON

"For twelve years, indigestion and bilious attacks had pulled me down to where I was losing time from work nearly every week. I was always waking up in the night with a smothering

R. W. WALLACE

feeling and would feel so tired when I got up in the mornings, I wasn't worth a 'copper.'

"I'd read how this new Sargon compound corrected stomach trouble by getting the liver working right and it sounded mighty logical to me, so I bought a bottle, along with the Sargon Pills.

"It was the first thing I ever took that really reached my case! My appetite picked up; I quit having indigestion and billousness, and by the time I finished five bottles, I was feeling great. The Pills are without an equal when it comes to regulating the liver and bowels, and I have not had to miss a day from work since. I started this wonderful treatment." R. W. Wallace, 9 Valhalla Blvd., Toronto.

Sargon may be obtained in Napanee at Hooper's Drug Store, who has been awarded the exclusive Sargon agency for this town.

Have you tried the new "Crush De Oro"?

The laws that will perfect marriage and make it permanent are beyond the reach of ingenuity of human legislation."—Rupert Hughes.

Employer: Mark that silk up at ten and sixpence a yard.

Assistant: But the cost price is only four shillings a yard.

Employer: That doesn't matter. We are selling off entirely regardless of cost.

ODESSA

Mr. and Mrs. A. Walkom, of Kingston, spent Sunday with Mr. and Mrs. Fred Thoms, Ernestown. — Mr. and Mrs. J. Ranger spent Thursday with Mr. and Mrs. Fred Thoms.—Frederick Sproule, Medicine Hat, is the guest of his brother, Mr. Sidney Sproule and Mrs. Sproule and sisters, Miss Martha Sproule and Mrs. R. I. Hamm.—Miss Ruth Sharpe, Violet and Miss Anglin spent the week-end guests of Mr. and Mrs. W. P. Sharpe, at the Dominion.—Mr. Harold Sharpe, Kingston, was also a recent guest at the Dominion.—Mr. Donald Minaker, Belleville spent the week end with friends. Frederick Sproule, Toronto, spent a couple of days with his parents, Mr. and Mrs. Sidney Sproule.—Mr. and Mrs. Robert Miller and family, Parrott's Bay, were guests of Mr. and Mrs. H. J. Smith, last Sunday.—Mr. and Mrs. Roy Johnson, Toronto, spent Sunday with Mrs. Johnson's parents, Mr. and Mrs. Herbert Burnett.—Mr. and Mrs. Johnson have recently returned from spending part of the winter in Florida.— Mr. Leonard Cordick spent Saturday and Sunday at his home in Perth.— Mr. and Mrs. James Boyce and Mrs. W. P. Sharpe, spent Thursday guests of the latter's parents, Mr. and Mrs. Charley Bell, Bath.— Mrs. Austin Fraser has returned from spending some time with her daughter, Mrs. (Dr.) Carr, Oshawa. Mrs. W. H. Lee, who has been visiting her sister, Mrs. John Mavern, returned to her home in Toronto last Sunday. —Mr. Corkhill, Public School Inspector, Napanee, paid an official visit, last week.—Thomas Asham has moved to Kingston Mills, where he has accepted a position with Mr. Hemlock Drury.— The home of Mr. James Snider was completely destroyed by fire last Monday about 12 o'clock. The cause of the fire is a mystery, but it is presumed that it came from a defective chimney. Fortunately for the family, they have another house near the former home, they are now occupying.

HEALTHY CHILDREN ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing and spreads sunshine to the whole household. It is only the sickly child that is cross and peevish. Mothers if your children do not sleep well; if they are cross and cry a great deal do not scold them. That is their way of telling you they are ill. When baby is like this give him Baby's Own Tablets and he will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation and indigestion, break up colds and simple fevers and promote healthful sleep. They are absolutely guaranteed free from opiates and other harmful drugs and may be given to the new-born babe with perfect safety and good results.

Baby's Own Tablets are sold by all dealers in medicine or by mail at 25c. a box from the Dr. Williams Medicine Co., Brockville, Ont.

BATH

Mrs. George Searle, of Windsor, is the guest of her parents, Mr. and Mrs. G. A. Wardman.— Mr. and Mrs. Clarence McGuire are rejoicing over the arrival of a son.—The bakery business conducted by Hoselton Bros. for the past several years, has been purchased by Herbert Hegadorn, of Odessa. Congratulations are extended to Mr. and Mrs. Kenneth Milligan, formerly Miss Bernice Miller, of Millhaven, who were recently married by the Rev. S. Dixon at the United Church parsonage.—The ice in the harbor is gradually weakening although some crossing is being done yet.—Mr. Harold White, of Toronto, is with his parents, Mr. and Mrs. Donald White.

OUTLAW RADIOS FOR AUTOMOBILES

Radios may not be operated on automobiles driven in Massachusetts, according to a ruling by the registrar of motor vehicles, and vehicles against which they have been filed with the Department of Public Works.

The ruling followed a conference with the Governor's committee on street and highway safety, which recommended that the use of radios on automobiles be discontinued.

Automobile and radio manufactures have joined in a protest to the department, of which the registry of motor vehicles is a part, under a law providing that any ruling by the Registrar is subject to appeal to the Department of Public Works.

NEW GOLD STRIKE FOLLOWED BY RUSH TO ALASKA

A new gold strike at Poorman, Ala., described as the richest in the history of that camp, has been reported and here, of the gold strike caused a rush by every available means of transportation to the north.

News of the gold strike came from Seattle, Wash., where the Siemal Corporation, a Reno, Alaska, and Yukon miner. Poorman is in the western central part of Alaska, 17 miles south of Ruby. Growden gave a descriptive account of his journey which follows:

Obtaining authority for five-day furlough Saturday evening, I negotiated by 'phone with Harry Pitts, chief of Kokrines Indians, also going to Ruby. Arranging to travel together in his racing dog team. Left Ruby Friday proceeding to Long, 29 miles away. Rested there over night, hiring many stampeders. Temperature 40 below zero. Left next morning for Poorman, 28 miles away. Passed through deserted mining camps of Greenwood and Gold Stream which have yielded many thousands of dollars.

Poorman is just a tiny cabin crowded. The only excitement and some lifted to capacity. Met Jack Wade, place's foreman Ingram, placer claim on account of strike. Just staked to stake in ground 1/2 of claim. Creek about seven miles from Poorman and only a few claims from the new ground opened up at Fleacreville a few weeks ago, now running 900 humanity well. Visited Ingram. Was introduced by Mike Kovas, Tom Gallagher and James August, on Bruce Creek. Told to pan for ourselves. Broke pieces of frozen ground in various sections, held pan with dirt into tub of boiling water to thaw out, when panned, finding about $2.90 worth the looking washed gold in two pans.

Next morning accompanied Kovas, original discoverer, to Butt Creek, overlooked by others. Width or depth to bedrock of pay strike not known yet. Looks as though construction days at new find might repay temporary station there.

CHEESE-FACTORY PATRONS FARM AND HERD COMPETITION

The Central Ontario Cheesemakers' Association are sponsoring the following competition with the view of increasing the butterfat production per acre among the cheese factory patrons in their jurisdiction and also with the idea of encouraging them to produce more and better milk by providing them with a double incentive to do so.

Prizes

There will be three sweepstake prizes for Central Ontario, consisting of first prize, $50; second prize, $40; and third prize, $30, and for each properly organized instructor's group a sum of $50 to be allocated as follows: First prize, $25; second prize, $15; and third prize, $10. Prizes in addition to the above mentioned may be added as the season advances.

Conditions and Regulations

1. First, second and third prizes will be awarded to the three farmers in each dairy instructor's group in Central Ontario who, between the 1st day of May and 31st of October, 1930 (both dates inclusive) deliver or cause to be delivered to their respective cheese factories the greatest average number of pounds of butterfat per acre of land farmed by them in their group and who have adhered to and complied with the conditions and regulations governing this contest.

2. All competitors must be bona-fide patrons of cheese factories and must have sent their milk continuously by to said factories during the above mentioned period or in the case of factories starting later than May 1st then from date of commencement.

3. This contest is to be open only to bona-fide patrons whose cheese-makers are members in good standing in this Association.

There will be no contest in any instructor's group whose makers are not properly organized.

4. A Dairy Farmer, will mean, for the purpose of this contest, a person farming at least fifty acres of land and whose chief source of revenue is dairy farming.

5. The Competition Committee will be the sole judges in case of any disputes arising in connection with this contest and their decision thereon shall be final.

7. All competitors must have their entry forms completed and mailed back to the Secretary-Treasurer of the Association not later than July 1, 1930.

8. All these prizes will be presented to the respective winners at the third Annual Convention of this Association, date and place to be announced later.

Entry Form

I, the undersigned, bona-fide cheese patron farmer hereby enter my farm and herd in this competition and agree to observe and be bound by the foregoing conditions and regulations governing same.

Name and address of dairy instructor.
Name, address and Reg. No. of factory.
Name and address of patron .....
Number of acres in his farm .....
Lbs. of milk standing to his credit in factory book for above period .....
Lbs. of butterfat contained in said milk as per Instructor's tests .....
Average butterfat production per acre.

Note

At the close of the season this form will be returned to the factory secretary for the milk and butterfat figures to be filled in and is returnable at this office not later than November 20th, 1930.

Declaration

We, the undersigned, do jointly and severally certify and declare that the foregoing facts and figures are absolutely true and accurate to the best of our knowledge and belief and that the above mentioned conditions and regulations have been fully adhered to and complied with.

Dated this ..... day of ..... 1930.
Signed .....
Patron
President of Factory
Cheesemaker

For entry form blanks and any further information regarding this competition please apply to the Secretary-Treasurer of the local branch of this Association in each Dairy Instructor's group or to: Mr. J. H. Dudgeon, Secretary - Treasurer, Central Ontario Cheesemakers' Association, 175 Front Street, Belleville, Ontario.

Presentation and Address

A surprise party was given Mr. and Mrs. Kyle Denyes, who have moved to Napanee, at the home of Mr. and Mrs. H. G. Denyes, on Friday evening last. Over fifty friends and neighbors were present. During the evening the following address was read by Miss Stella Haverman and Mr. and Mrs. Denyes were presented with a walnut coal table and a sum of money.

Mr. and Mrs. Kyle Denyes.

Dear Friends:—We have learned your intention to leave our community and in the near future, for your new home in Napanee, and felt that we could not let you go without spending at least, one, more social evening together.

Now time comes to us all, sooner or later, to answer the call that leads us from our life work and sometimes it sounds us to leave our old time and form new ones, in order that the purpose for which we are created may be fulfilled.

You are now striking out toward the full, that may lead you in paths of which you know not now, but we sincerely hope all along the way you may have happiness and prosperity attend upon you, and may you always look to our heavenly Father for guidance in the years to come.

We shall miss you both in the church and Sunday school work, and all the communities that you have always tried to uphold, but we hope that you will continue the good work wherever you may be. We appreciate very highly the services you both have rendered and we would ask you, as a slight token of esteem and remembrance, to accept this gift, not for its intrinsic value, but as sincerely expressing the good-will of your friends of Fourth Line.

Signed on behalf of the Fourth Line friends,
MRS. A. S. ROBSON
MRS. RAY REID

All joined in singing "For They are Jolly Good Fellows," after which Mr. Denyes, on behalf of his wife, thanked the friends and extended a hearty invitation to all to visit them.

The evening was spent in games, music, etc. A delicious lunch was served and all departed wishing Mr. their new home.

TYENDINAGA EAST WOMEN'S INSTITUTE

The Tyendinaga East Women's Institute held their regular meeting at the home of Mrs. W. McRae. They were joined for a social evening by a large number of friends and neighbors. The roll call was answered by speaking or praying. The minutes of the last meeting were read and adopted. Correspondence was read and dealt with. After the usual business, Mrs. McRae gave a splendid paper on "Jelly Making" giving many good points as to what constitute the making of good jellies. Mrs. M. Husband gave a wonderful paper on "Come Into My Kitchen," ideas of a convenient, up-to-date kitchen, where women spend so much of their every day life. Current events were read by Mrs. R. McFarlane and were very interesting. The rest of the programme was a debate: "Resolved that a good-natured, untidy woman was preferable to a high-tempered, tidy woman." The affirmative side was taken by Mrs. G. Haggerty and Mrs. R. Tucker. The negative side was upheld by Mrs. R. Withers and Miss Gladys Withers. The judges, Mrs. N. Snider, Mrs. Snider, Mrs. W. Waddingham, gave their decision in favor of the negative side, but were of the opinion that both sides gave many strong points. Moved by Mrs. J. Haggerty, seconded by Mrs. R. Tucker, that a vote of thanks be given to the judges.

Lunch was served at the close of the meeting.

The next meeting will be held at the home of Mrs. R. Howe, Napanee, on the evening of April 17th.

WILTON W. I.

The April meeting of Wilton Women's Institute will be held at the home of Mrs. Oliver Henderson on Tuesday, April 8th, at 2:00 o'clock. As this is the annual meeting, all members are especially requested to be present. Roll call: "My Given Name."

SOME REAL LIGHT ON SOW THISTLE CONTROL

A few years ago Mr. Ralph Clemens, agricultural representative for Wellington County was a pessimist of the pessimists in regard to the sow thistle situation in Ontario. Today he is "right about face" and is one of the most hopeful among the optimists. In discussing the situation with the weed specialists at the Ontario Agricultural College a few days ago, he gave a cheerful account of the success being met with by farmers of North Wellington in their struggle with the "Million Dollar Menace" as Mr. Clemens tersely styles it. "Plow in early while it's dry" is the slogan which these Wellington farmers have adopted, and "The Dry Cleaning Method" is the term which they apply to their plan of operation. Mr. Clemens describes the method briefly as follows:—

"Our method is perhaps best adapted to the poorly drained, heavy clay soils on which sow thistle thrives best, but I believe it would work well in dry seasons on almost any land where sow thistle is found growing. It is much like the old after-harvest three-furrow gang plow system that we used on our home farm in Waterloo County twenty years ago, but it is advanced a little to make it after-haying; and instead of the old three-furrow gang plow, a modern two-furrow plow is used and is drawn by five horses or a tractor, which makes possible both speed and depth. We get the hay off early and plow six to eight inches deep immediately while the land is very dry.

The dry-plowed land turns up very rough and open with large clods, lumps and holes everywhere in evidence. Clods six to eight inches or even a foot through, if left for a few days, will dry out so that you can occasionally find sow thistle roots positively dead right in the centre of the clods. Newly plowed fields should therefore not be touched for a week or more, depending upon weather conditions. The air and sun will sometimes kill the roots of the already much weakened sow thistle roots during this time. In order to make a thorough job of the plowing, shares and coulters must be in good condition and the hitch properly adjusted.

After about a week, and while the weather is still hot and the land very dry and hard, it is a good plan to make daily inspection to see how the roots are standing it. If there should be a shower it is well to keep out of the field until the land is again well dried out. Then get in with a heavy broad-toothed cultivator or heavy disc, and wide, heavy, sharp, harrows, and four or five horse team or tractor will be necessary to do the work to best advantage. Keep up a steady drive day after day, in the hope that dry weather will prevail for a few days at least, and by this means expose practically all of the roots to the killing effects of heat and drouth.

This method, when properly applied, will keep the sow thistle, but of course the practice will have to be general in a community or district before the pest can be properly controlled. If one or two farmers allow their sow thistle to seed, much of the cleaned up land will be re-seeded, and this makes it very difficult for the better farmers to keep the land free from sow thistle.

MORE MOTORIST VISITING CANADA

Automobiles entering Canada for tourist purposes during the past year numbered 4,508,808, an increase of 862,353 cars or 23.8 per cent. over 1929. Every province enjoyed a substantial growth in tourist traffic, with Ontario leading the way, with over 29 per cent. (3,505,900) of the total tourist vehicles entering Canada came in through Ontario. Of the latter over 2/3 all the Dominion of 863,353, 742,338 is accounted for by the increase in that province. Quebec showed a gain of over 58,000; British Columbia, 19,000; Alberta 17,000; New Brunswick 20,000 and Saskatchewan 3,000.

Sold everywhere, "Crush De Oro."

Some persons are like an oil painting; they present a more attractive appearance when viewed from a distance.

PERSONALS

It is the desire of the publishers that all should take an interest in this column of The Beaver. If you have friends visiting you, or are going away for a trip, leave word or send it on a Post Card.

Mrs. Elliott has been visiting her mother in Iroquois during the past week.

Rev. A. J. Wilson attended the meeting of the Board of Education of the United Church, in Toronto, this week.

Mr. Norsworthy, manager of the Bank of Montreal, has moved into the Leonard Apartments.

Mr. Lester Boyes, jr., returned from Kingston last Thursday.

Mrs. Hugh Blain Blanaye, Toronto, is the guest for a few days, of her sister, Mrs. J. S. Ham.

Mrs. Clarice E. VanAlstyne, Palace Road, is spending a few days in Ottawa visiting her sisters.

Mr. and Mrs. Harry MacRow, of Kingston, spent Sunday with Mr. and Mrs. Ed. O'Connor.

Mr. and Mrs. Edward Calver and daughter, Helen and Mrs. Robert Calver of Bath, motored to Oshawa and spent Sunday with Mr. and Mrs. Leo Howard.

Mr. George Blake spent a month with his relatives and friends at Kingston, after which he is now able to go back to his position after a long illness.

Mrs. Alfred Scrimshaw, Big Creek, spent the past week visiting her daughter, Mrs. H. E. Wright, Toronto.

Mr. George Knox returned home on Monday after attending the funeral of his father. He was accompanied home by his mother.

Miss Alice Knox, Mr. Fred Knox, Napanee, and Mr. Paul Knox, of Oshawa, attended the funeral on Sunday of their grandfather, Mr. William Knox, of Madoc.

Mr. Ed. Hogarth, accompanied by Miss Frances Wright, left late Saturday night for Brooklin, where they spent the week end.

Mr. Horace Lucas, of the Royal Bank staff, Norwood, has been spending the past three weeks with his parents in Napanee and friends in Enterprise.

Rev. E. M. Balker, D.D., Belleville, who conducted the services in Trinity United Church on Sunday last, was the guest of Mr. and Mrs. D. B. Wilson, during his stay in town.

Mrs. Fred C. Brenton, Vine's Corners, has been visiting her brother, Mr. John McConnell, Forest Mills.

Colonel the Hon. Gerald V. White, C. B. E., V.D., and Mrs. White, of Pembroke, announce the engagement of their daughter, Muriel Elizabeth (Betty) to Dr. W. L. Higginson, of Pembroke, son of Mr. and Mrs. William Higginson, of Inkerman.

Mrs. Valiman is spending the week in Toronto with her sister.

Mrs. Templeton, Sr., is visiting her daughter, Mrs. J. F. VanEvery, in Toronto.

Mr. Everett Smith spent the week end with his father and mother.

Mr. Tom Moffatt spent the week end at home.

Mrs. F. E. VanLuven spent the week end in Toronto.

Mrs. Best and little son, Donald, of Toronto, are the guests of Mr. Andrew Madden.

Mr. and Mrs. W. M. Howitt are in Toronto this week.

Mrs. Andrew Madden is ill at the Kingston General Hospital.

Mrs. W. Geraldi, of Kingston, is spending a few weeks with her parents, Mr. and Mrs. Joe Deschane.

BIRTHS

HAGERMAN — At Brockville General Hospital on Wednesday, March 12th, to Mr. and Mrs. Eugene Hagerman (nee Jessie Sills,) a daughter, Edith Eugene.

DEATHS

BUTCHER — At Napanee on Wednesday, March 26th, Thomas George Butcher, aged 70 years, 2 months and 2 days.

IN MEMORIAM

In loving memory of our dear parents Mr. and Mrs. George L. Wilson:

Just a thought of you, dear parents,
Just a memory, fond and true;
Just a token of affection
To show that we still think of you.

14ap Sadly missed by Daughter Dora

SALES REGISTER

POSTPONED SALE

On Thursday, April 3rd, 1930, S. W. Clapp will sell by public auction for Albert Pyke at Big Clew Farm, just north of Desoronto Public School in County of Hastings, at 12 o'clock noon, 6 horses, 9 cows, due to freshen in spring, 5 new milk cows, 1 two-year-old heifer, 4 yearling heifers, farm machinery, waggons, sleighs, harness, Massey-Harris tractor, three furrow tractor plough and about 100 bus. of oats, etc. Usual terms. 15b

On Saturday, April 12th, E. J. Courneya will sell by public auction for Mrs. J. Wagar, on lot 4, Concession 7, known as the W. R. Bell property, one mile east of Tamworth, at 1:00 o'clock, household effects and 50 acres of land, being east ½ of Lot 4, in the 7th Concession of Sheffield, with frame house, frame barn and other buildings. TO REPRESENT CANADA IN ENGLISH CONTESTS.

Young Cattle Judges Undergo Intensive Training

If Canada does not bring back from Great Britain this summer the International Junior Farmers' Cattle Judging Championship, it will not be for lack of sound preliminary training. Every possible opportunity for thorough preparation will be given the three youths who will represent the Dominion at Manchester in July. Arrangements have been completed by representatives of the Livestock Branch of the Federal Department of Agriculture and of the Agricultural Department of the Canadian National Railways, under whose joint auspices the Canadian team will go to Great Britain.

The team to represent Canada was selected at the Royal Winter Fair at Toronto last fall, from the teams competing in the Canadian Cattle Club Judging contests of the Canadian National Railways. The members are Clifford Baldwick, of Barrie, Ontario, Gordon Campbell, of Shwtacks, N. S., and Cedric Kirkpatrick, of Wirrall, N. B.

The team will sail from Montreal on June 20th, on the S.S. Albertic, of the White Star Line, landing at Liverpool, June 29th. They will be in charge of F. W. Walsh, Superintendent of Agriculture for the National System, who will act as chief coach both prior to and during the contest, which takes place at the Royal Agricultural show at Manchester on July 8th.

Judge All Breeds

Through arrangements made by the Federal Department of Agriculture and various provincial departments, the team will be given a ten-days' preliminary training throughout Eastern Canada, in the judging of all the breeds of dairy cattle, and will visit some of the prominent herds of dairy cattle.

In this preliminary training Mr. Walsh is being assisted by the officers of the Federal and various provincial departments of agriculture, and by Prof. Ness, of Macdonald College and Prof. Stepley of Ontario Agricultural College, who were judges at the contest last fall in which the team was selected.

The team will also undergo a ten-days' training course in Britain, prior to the international contest, visiting the principal herds for the purpose of getting additional judging practice.

Arrangements for the boys on the other side of the water are in charge of W. A. Wilson, Canadian Agricultural Products Representative in Britain, D. M. Johnson, European Manager of Colonization for the Canadian National Railways, and Capt. Ellis, Honorary Secretary of the National Association of Boys' clubs, under whose auspices the international judging contest is held, and of which association W. J. Black, Director of Colonization and Agriculture for the Canadian National Railways, is Canadian vice-president.

The first event to figure in the Canadian training course for the Canadian team will be the Ormstown Agricultural Fair, in June, which is the first "A" circuit dairy show in Canada. It is planned to give the young judges as much preliminary training as possible in the various breeds of dairy cattle, from which the herds to be judged in the international contest will be selected, namely, Ayrshires, Guernseys, Holsteins, Jerseys, and dual-purpose Shorthorns.

Walsh in Charge

F. W. Walsh, who is to be in charge of the team, and will superintend their coaching, has for some years been prominent in agricultural work in Eastern Canada, and was engaged while with the Federal and Nova Scotia agricultural departments, in the organization of Boys' and Girls' Club work in the Maritime provinces. He has coached many winning teams in livestock club contests, and was himself gold medalist in the inter-collegiate competition at the Chicago International Livestock Show if 1921, while a student at Ontario Agricultural College.

Since being selected as the Canadian team last fall, the three boys comprising the team have further distinguished themselves in agricultural work. Cedric Kirkpatrick, of New Brunswick, won a scholarship presented by the New Brunswick Farmers' and Dairymen's Association and has been taking the farm course at Truro Agricultural College. Clifford Baldwick has been taking a short course at Ontario Agricultural College, and Gordon Campbell, who is just entering his 'teens, has been doing notable work in boys clubs in Nova Scotia during the past winter.

A WORD ABOUT PURE TEST

You purchase a particular make of gasoline because experience has taught you that it gives the best service. For your protection in purchasing drugs, scientific government analysis is your safe and only guide. CANADIAN GARDENING SERVICE

Laying Out Grounds

One of the main features of a small garden, should be a well-kept lawn, states W. T. Macoun, Dominion Horticulturist, who adds that in his judgment a good lawn without flowers is preferable to flower-beds in a plot of unmarked-for grass. A flower-garden without a lawn, he says, might be compared to a picture without a frame, or a precious stone without a setting. The ground in front of the house should be given up to grass for various reasons, continues Mr. Macoun, but there should be at least one bright spot from early Spring until late Summer. Not a bed of flowers in the middle of the grass plot, but if possible close to the house or bordering the walk. Here, then, one can grow tulips or other early-flowering bulbs, followed by Scarlet Geraniums. The latter, although not liked by some persons, are among the most satisfactory plants. If there is some place in sight of the entrance where Scarlet Salvia can be planted, this also is one of the most satisfactory plants for mass effect, but as it may fail if the Summer is hot and dry, it should not be given a too conspicuous a position. There should be climbing plants on the house or verandah, and if the right kinds are planted, there will be continuity of bloom from early Summer until Autumn. Among the most satisfactory are English Honeysuckle, Wistaria, Hails' Japanese Honeysuckle, but these succeed only in the mildest parts of Canada. The Wild Virgin's Bower (Clematis Virginiana), the Western Virgin's Bower (C. Ligusticifolia), Scarlet Trumpet Honeysuckle, Clematis Jackmanni and Clematis Paniculata are good for continuity of bloom. The Dutchman's Pipe is one of the best vines for the verandah but the flowers are not conspicuous. Climbing roses are very valuable for fine effects where they are hardy. As they are often not very attractive after blooming because of the insects and disease, it is best to keep them a little in the background. As the foliage of Dr. Van Fleet and American Pillar is freer from disease than that of most other varieties, these are two desirable varieties to plant where climbing roses will be conspicuous.

Vegetable Groups

From a cultural standpoint, vegetables fall into three main groups,—those that occupy the ground for the entire season, those that produce early crops and may be followed by others, and the late or second crop. In planning the first named sort, space in between may be utilized for growing the quicker-maturing sorts. Those that occupy the ground for the entire season include the Lima Beans, Late Corn, Cucumbers, Egg Plants, Melons, Onions from seed, Parsnips, Peppers, main crop Potatoes, Pumpkins, Salsify, Squash, and Tomatoes. Now in between the rows of the vegetables just named we may plant early crops such as Bush Beans, Early Beets, Cabbage, Carrots, Corn, and Potatoes, Lettuce, Peas, Radishes, Spinach, and Turnips. Under late crops that may follow the early matured sorts, that is vegetables that may be sown in July with good chances of a yield will be Beans, Beets, Late Cabbage, Carrots, Cauliflower, Celery, Corn, Kale, Lettuce (in this case better use a quick variety such as Cos), Peas, Spinach and Turnips. Some examples of successional planting are as follows: Spinach followed by Celery. Early Potatoes followed by Late Celery. Lettuce with Turnips planted later. Lettuce with Cabbage. Lettuce with Parsnips later, Cabbage followed by Celery, or Peas and Beans followed by Winter Radish. In the inter-cropping that is where the second crop matures before the late vegetable occupies the whole space, Cabbage in rows three feet apart can have two rows of Spinach eight or ten inches apart in between. The Spinach will be out of the way before the Cabbage occupies the full room. In the place of Spinach, early Lettuce or early Beets could be used. Between the rows of Corn, Pumpkins can be grown. Between Parsnips, early Beets and Spinach. The writer was fairly successful in growing early Peas in between rows of Corn and staked Tomatoes last year, but the habit of the late maturing vegetables in this case should be at least three feet apart, and better more.

Shrubbery and Trees

The best time to plant all shrubbery, fruit and ornamental trees, rose bushes, vines and similar things is in the early Spring, just as soon as the ground is in condition to dig. Once the soil loses the moisture left over from the Winter and the hot dry winds commence, a larger per centage of these plants will die than if planted earlier. Do not expose the roots to the air, and if the ground is not prepared for planting on arrival of the nursery stock bury in a shallow trench and keep there until ready to plant. In permanent planting make the hole large enough so that the roots may be well spread out, plant a little deeper than plant was before, and water well for the first day or two.

CANADIAN GARDENING SERVICE

The seed catalogue of today is vastly different from that old optimistic publication which used to be the butt for many a joke when the newspapers were short of copy. The modern affair is no less interesting and very attractive with photographs in color, but is distinctly authentic. The information is furnished by experts each one in the commercial seed line, but in Government Experimental Institutions as well. Naturally, the seedsman who has been in the business for usually a generation is not going to make claims that he cannot live up to, as business is not built in this way. Descriptions can be relied upon, and the illustrations are from actual 'photographs. Successful gardeners never attempt very much in the way of growing flowers or vegetables without supplying themselves with a catalogue. Many of their questions are answered in this and the new varieties are fully explained. In the case of flowers, the height, time of blooming, and whether the plant is adapted to shade or full sun, heavy soil or light, and similar conditions are given. New vegetables are not only fully described in the way of cultural requirements, but usually a hint is given as to how to prepare them for the table. The season, that is whether the vegetable is early, medium or late, is also specified. With a good seed catalogue and one or two government bulletins, preferably from local government sources, one is well equipped to commence gardening.

Lawns

Before one could think of starting the lawn, the soil should be put in first-class shape. It is a fairly simple matter to make the ground level before the seed is sown, but after that the job is one which requires years of patient work. Make sure that the surface is level. The easiest way to do this is to dig well, preferably, of course, in the Fall, but it is too late for that now. Clear out everything in the way of stones, sticks and roots, and rake level. Now, let the soil get a chance to settle; the rains will do this and a late frost will help. Rake level again and repeat two or three times. This may take a week or two but it is well worth while. In fact, unless one is in a great hurry, it is best to put the space set aside for the lawn in some cultivated crop like potatoes for a season in order to have the earth settle properly. When everything is ready, select the very best seed obtainable. This is another very important point. Lawn seed can be secured at prices which vary widely. Sometimes, the beginner is tempted to purchase the lower-priced article but he will be disappointed when his lawn gets ragged and coarse after the first year. Cheap seeds make a fine showing very quickly but as they contain a high per centage of coarse grasses, they fade as quickly. Good seed from reputable merchants is cheap insurance. One pound of seed is needed for every 200 square feet. Sow during the evening or on a quiet day, roll or pound in thoroughly, and cut with a very sharp mower when the grass is a few inches high.

Easily Grown Annuals

Even the busy person who cannot afford to potter too much around the flower garden, can have a brilliant display of bloom with very little trouble. In choosing his flowers, he must make sure that they require little care, not much in the way of special location or soil; that they bloom freely, and last for a long time. They must not be too fussy in the matter of watering because the busy person has no time to spend in nursing them along during the hot weather. With these points in mind, one cannot go wrong in choosing all or some of the following: Snapdragon, Marigolds, Poppies, Annual Larkspur, Nasturtiums, Scabiosa, Petunias, Salpiglossis. These are all medium to large-sized plants, with the exception of the Nasturtium which can be secured either as ordinary or trailing plants. For a hot, sunny and sandy spot, Portulaca will make an excellent flower and will thrive even when neglected. It is a low, spreading sort of plant with a bright flower. Mignonette should possibly be added for fragrance sake. Provided the flowers are kept removed and the weeds kept down early in the season, all these flowers should bloom from the first of July until Autumn, and with the exception of the Peppy and Portulaca all make good clipping material for decoration indoors. They can be planted in clumps or beds, depending on color and size.

Rose Requirements

Roses must have good drainage and it is best to give some protection in the form of fences, shrubbery or buildings on the north side. They should, however, be planted two or three feet in front of these windbreaks so that they will get full sun. Plant hybrid perpetuals three feet apart, and hybrid tea two. The roots should be spread out when planting and the earth firmed well about the stocks. The point at which the roses are budded (union of stock and scion) should be buried two inches below the surface of the soil.

Young Author (casually): It was written in my odd moments.
Editor: Could I see something you've written in your lucid intervals?
"Radio has turned every home into a potential palace of music, where the worst can be heard." — Walter Damrosch.

MAN'S POOR BACK LAME AND ACHING

Some backs ache all day long—a steady aching soreness—it seems to the man afflicted that at times his back was breaking!

When you come home from work at night with a back so sore, lame and weak that you feel mighty sure you won't be able to go to work in the morning—DO THIS:

Get Joint-Ease to give it a good rubbing with Joint-Ease—a soothing, penetrating, pain subduing, wonder working emollient that gets right under the skin—right where the muscles are inflamed and sore.

Then forget your troubles and go to sleep.

Unless you're different from other men you'll wake up in the morning with a back free from aches, pains, stiffness and misery—and you'll go to work with a grateful heart and tell your friends about the mighty swift acting power of Joint-Ease.

Joint-Ease is made right here in Canada and it's just as good for lumbago, too—a generous tube for 60 cents at druggists everywhere—Guaranteed.

SPRING CARE OF SEED POTATOES

Seed potatoe production is such a highly specialized agricultural industry that success for those conducting it is measured by the care given to each phase. In this respect it may be said that the chain is as strong as its weakest link and for this reason it is largely upon the very important matter of spring care of seed potatoes that the success of final results are based. Spring care of seed potatoes involves three important main considerations, namely; late storage conditions, seed treatment and cutting.

Late storage refers to that period in the spring when mild weather promotes rapid sprout development and sweating, which in turn favours the development of rot. Such conditions have an unfavourable effect upon the vitality of the seed and also predispose the tubers to destructive rots, thus effecting an appreciable loss as well conditions may be overcome in a measure by providing good ventilation in the storage basement or house.

Seed treatment has the effect of sterilizing the surface of tubers, thus freeing them from such diseases as rhizoctonia, common scab and powdery scab. In addition, seed treatment reduces black leg, a disease which may be very destructive. In this connection, it may be added that recent investigations carried on by the Federal Division of Botany demonstrated the superiority of corrosive sublimate over formalin as applied to black leg control. Detailed instructions for seed treatment may be obtained from the nearest laboratory of plant pathology. Failure to observe certain precautions may result in serious injury to tubers following seed treatment. It is necessary, therefore, to place treated seed in a clean location where rapid drying is assured. It is harmful to leave treated seed in a basement.

Cutting the seed presents further problems and at the outset it must be kept in mind that for best results seed should be planted immediately after cutting. Cut surfaces provide excellent conditions for the development of rots which destroy planted sets, thus causing poor stands. When it is necessary to cut seed some time before planting, it should be spread out in a thin layer in a cool and well ventilated place and sprinkled with lime. At cutting time all tubers showing any internal discolorations should be discarded. One cutting knife should be kept in a disinfecting solution composed of two tablespoonfuls of formalin in one pint of water. When a rotted or diseased tuber is cut the contaminated knife should be exchanged for the one in the solution.

GUAGE OF CONDITIONS

Gross additions to the plant of the Bell Telephone Company amounted to $3,529,000 last year, according to a statement in the annual report. This figure exceeds the previous year's outlay by approximately $8,000,000. Such continuous expenditures by the Bell Company, and the demand for service, may be taken as a fair guage of the country's prosperity.

"Crush De Oho." You'll like it!

"And what do you regard as the greatest triumph of modern surgery?"
"Collecting the bills," promptly replied the great practitioner.

"When the turmoil is thickest the wise man climbs up on his great high throne and calmly and quietly sits."—Bruce Barton.

Chronic Bronchitis

Templeton's RAZ-MAH gives the most wonderful relief.

After 30 years' Chronic Bronchitis, John Hales, Port Bolster Que., got relief. Mr. Hales heard of RAZ-MAH through a friend. The friend knew RAZ-MAH because it had relieved his father's Asthma. Mr. Hales says: "I recommend RAZ-MAH to anyone suffering from Chronic Bronchitis or from Asthma." Guaranteed relief from a $1.00 box or money back. At your druggist's. 124

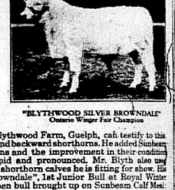
This is the Cheapest way to Raise a Calf

Milk is worth 28 cents a gallon, whereas Calf Feed prepared from Sunbeam Calf Meal costs only 9 cents a gallon. Farmers using Sunbeam Calf Meal can sell their cow's milk and save 19c a gallon. This particular Calf Meal is a complete substitute for cow's milk, and, after the fourth week, the cow's milk can be eliminated altogether. This is a great saving and the calves thrive on this feed and grow strong, heavy and healthy. Mr. Blyth of Blythwood Farm, Guelph, can testify to this. He had some unthrifty and backward shorthorns. He added Sunbeam Calf Meal to their rations and the improvement in their condition and appearance was rapid and pronounced. Mr. Blyth also used Sunbeam Calf Meal for shorthorn calves he is fitting for show. His "Blythwood Village Browndale", 1st Junior Bull at Royal Winter Fair, 1929, was a specimen bull brought up on Sunbeam Calf Meal. "Silver Browndale" was another 1st Prize Winner, a product of Sunbeam Calf Meal. There are dozens of others.



"BLYTHWOOD SILVER BROWNDALE" Ontario Winter Fair Champion

SUNBEAM CALF MEAL
FOR CALVES · PIGS · LAMBS AND COLTS

Sunbeam Calf Meal is not an *expense* it is a *saving*. We estimate that a farmer makes a profit of 200 per cent of the cost of our meal by using it instead of cow's milk. Farmers who are not having good luck with their calves should correspond with us for "feeding pointers". Readers can have a copy of our "Feeding Directions" by writing for it, and we are glad to send it.

Let us arrange to send you a trial shipment; results show almost immediately. 100 lb. Bag, 14.50 or 25 lb. Bag $3.25. Shipped f.o.b. Toronto, on receipt of price, or, if convenient, we prefer you should buy through your dealer.

STANDARD MILLING CO. OF CANADA LIMITED

Saleguard
LIVES-CROP-STOCK AND PROPERTY---

Hundreds of valuable farm buildings are destroyed every year by lightning and sparks from nearby fire landing on the roof. But there is one way you can reduce these greatly. Equip with Saleguard. Simple roof cover building with RIB-ROLL. Then add Preston Ventilators. Have them erected by Preston trained erectors. When properly grounded and equipped with Preston Ventilators, Saleguard is the Light Rod Act—modern daily lightning. You will have a roof that gives greater strength and economy.

Rib-Roll Roofing
is the sheet with seven ribs—a rail every five inches. Made to "Canada Standard" specifications . . . comes in big sheets . . . easy and inexpensive to lay on new or over old roofs. Secure for a lifetime. Ideal for houses, barns, sheds, garages, summer cottages.

Rib-Lock-Hed Nails
By using Preston LED-HED nails you eliminate the ordinary dirty job of "threading" lead washers. Every nail hole is perfectly sealed, making it waterproof, rust-proof and weather-proof.

Preston Ventilation
No Preston ventilated barn has ever been reported burned because of spontaneous combustion. Preston Barn Ventilators for roof, adjustable side ventilators and openers down present fire hazard. Prevents ignition by keeping the air in constant circulation. Write for particulars.

Preston Barn Door Hardware
Preston has galvanized four-wheel Hangers and steel-ground Barn Door Track are so easily erected that dozens of builders will use no other style. Post in Canada for heavy barn doors. The Hanger is designed to run up and down, inside and outside.

THE CANADIAN SHREDDED WHEAT COMPANY, LTD.

AS PLEASANT TO TAKE AS SUGAR — THOROUGH IN THEIR WORK

MILLER'S WORM POWDERS

CONTAIN NO NARCOTICS — EFFICIENT AND PROMPT TO ACT

LAUGHS FROM LIFE

A young man was engaged to a lady who ran alightly to embonpoint. He had promised to take her to see a much discussed play, and one day the girl said: "Have you secured the seats, Harry?"

"Come, come," smiled Harry, who had an unfortunate sense of humor, "You aren't as heavy as that."

Many mothers can testify to the virtue of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

The notice on the window said: "Boots repaired," so the small boy went in.

"Please, father wants 'em mended," he ventured, timidly, handing over a pair of boots, "and 'e needs 'em for Sunday."

"What's he want done to them?" inquired the tradesman.

"Wants 'em soled and 'eeled," piped the youngster. "Also stretched."

"Stretched as well, eh? Where do they pinch him?"

"They don't pinch him," replied the son. "He pinched them."

No need to suffer with corns, or to run the risk of paring them. Remove them surely and painlessly with Holloways Corn Remover.

Medical Professor—"What would you do in the case of a person eating poisonous mushrooms?"

Student—"Recommend a change of diet."

It Tastes for Itself.—Dr. Thomas' Eclectric Oil needs no testimonial of its powers other than itself. Whoever tries it for coughs or colds, for cuts or contusions, for sprains or burns, for pains in the limbs or body, well know that the medicine proves itself and needs no guarantee. This shows why this Oil is in general use.

You can fool some of the people all the time, but they seldom are the people you care to fool.

If Miller's Worm Powders needed the support of testimonials they could be got from mothers who know the great virtue of this excellent medicine. But the powders will speak for themselves and in such a way that there can be no question of them. They act speedily and thoroughly, and the child to whom they are administered will show improvement from the first dose.

Apropos the recent broadcasting of King George's speech, before the Naval Conference in America, the "Pathfinder" relates that the head of the family in a certain town got up early to listen-in to it. His little son Ray was up also and was an interested listener. The announcer stated that His Majesty was speaking into a golden microphone, from a golden throne, to the gallery of the House of Lords. Immediately Ray rushed up the stairs and shouted to awaken his mother: "Ma! Ma! Get up, quick. Pa's got heaven!"

Women and Asthma. Women are numbered among the sufferers from asthma by the countless thousands. In every climate they will be found, helpless in the grip of this relentless disease unless they have availed themselves of the proper remedy, Dr. J. D. Kellogg's Asthma Remedy has brought new hope and life to many such. Testimonials, sent entirely without solicitation, show the enormous benefit it has wrought among women everywhere.

What struck Dr. C. W. Saleeby in Chicago was the evidence of the beneficial effects of pasteurized milk. What strikes many a less observant visitor to Chicago is a bullet.

Persian Balm is inevitably chosen by discerning women. Delightful to use. Subtly fragrant. Cooling and refreshing. Imparts a rare youthful charm to the complexion. Invaluable for softening and making hands flawlessly white. Tones and stimulates the skin. Useful for the family also. Protects the tender skin of the child and is excellent for the father as a hair fixative and cooling shaving lotion.

Captain: "Take care of that powder magazine. Last year a man was careless and blew twelve men to pieces."

Recruit: "That can never happen here."

Captain: "Why not?"

Recruit: "There are only two of us here."

Mysterious tappings, attributed to spirits, which have been heard in a Scottish house for the past two years, have been discovered to be nothing more terrifying than water escaping from a faulty pipe. In these days it is not always easy to distinguish spirits from water.

Gilbert Miller, the theatrical producer, who is abandoning the American for the English stage, said at a luncheon in New York.

"This is the age of the young girl. We are all girl worshippers now. And the consequence is that our girls have got swelled heads. They think they're finer than they really are.

"Down in Palm Beach, over her preluncheon cocktail and cigarette, a girl airily told a middle-aged banker that men were just like telephones to her—she drew them all out, saw through them, and then shut them up.

"She winked and nodded at the banker, finished her cocktail and added:

"A girl of 20 nowadays is quite as old as a man of 50."

"Yes," the banker agreed. I know several girls of 20 who were born back in '79."

DON'T SUFFER WITH DANGEROUS INDIGESTION

Do you suffer after meals with a belching, from sour and acid stomach? Many believe they have heart trouble and tremble with fear, expecting any minute to drop dead. This condition can be prevented, Trywin relieved.

Take Carter's Little Liver Pills after meals and neutralize the gases. Sweeten the sour and acid stomach, relieve the gas and encourage digestion.

The stomach, liver and bowels will be cleansed of poison, painful and dangerous indigestion disappears and the system enjoys a tonic effect. Don't delay. Ask your druggist for a 25c pkg. of Carter's Little Liver Pills.

A TIRED FEELING IN SPRINGTIME

Not Sick, But Not Up to the Mark—You Need the Help of That Sterling Tonic, Dr. Williams' Pink Pills—They Give New Vitality.

With the passing of winter many people feel weak, depressed and easily tired. The body lacks the vital force and energy pure blood alone can give. In a word, while not exactly sick, the indoor life of winter has left its mark upon them. A blood-building, nerve-restoring tonic is needed to give renewed health and energy. Dr. Williams' Pink Pills are an all-year-round blood builder and nerve tonic, but are especially useful in the spring. Every dose helps to make new, rich, red blood and with this new blood returning strength, cheerfulness and good health quickly follow.

If you are pale, easily tired, or breathless at the least exertion, if your complexion is poor or you are troubled with pimples or eruptions, Dr. Williams' Pink Pills are just what you need to put you right. If you have twinges of rheumatism, are subject to headaches and backaches, if you are irritable and nervous, if your sleep does not refresh you, or your appetite is poor, you need the treatment Dr. Williams' Pink Pills alone can give—you need the new blood, new strength and new energy this medicine always brings. Mr. A. Marcotte, North Hamo, Que., writes:—"I have found great benefit from the use of Dr. Williams' Pink Pills. Before I began using them I was in a badly run-down condition, and at times felt scarcely able to work. Dr. Williams' Pink Pills have changed all this and since taking them I am enjoying the best of health. Every man who feels run-down and easily tired should give this great medicine a fair trial."

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, indigestion or nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50c. a box from the Dr. Williams' Medicine Co., Brockville, Ont.

OBTAINING A RELIABLE SUPPLY OF SEED

Seed free from weeds and with a strong, vigorous germination is recognized by all up-to-date farmers as being of very great importance in the profitable production of crops. Another factor of equal importance is the choice of variety, because varieties differ widely in yield, quality and general suitability. A reliable source of seed supply is, therefore, an important need of the farmers who wish to get a start in the variety best suited to their particular conditions. The Registered Seed grades meet this need for only such varieties are allowed registration privileges. Registered Seed is of known origin, and has been found by inspection of the crop and seed to be very pure. It meets very high standards of germination and freedom from weeds and, therefore, meets all requirements of good seed.

Everywhere drinks are sold: the new "Crush De Ora."

ORDERING FOR SPRING PLANTING

It often happens that we do not give much thought to our gardens or fruit plantations and what we are going to plant, or sow, until spring is almost or quite upon us and then, by the time the plants, or seeds, are ordered or reach us, it is really too late to get the best results that year, if ever, for in the case of some plants, such as roses, for instance, a delay in planting may mean that they will not grow at all, as when the hot, dry winds blow over newly set bushes it is very hard on them.

Now, then, is the time to look ahead and to make plans for the coming season and get supplies ordered in good time, stating, when ordering, that the plants should reach you at a certain time as in the case of most trees and shrubs, the earlier they are planted after the frost is out, the better the results will be. This is based on long experience at the Experimental Farms.

One should also know in good time what are the best varieties to plant, or sow, and if one has not this information at home, application should be made to the nearest experimental station for advice as to what to plant, as many dollars are often wasted in buying quite unsuitable, or inferior, plants and seeds which could be prevented to a large extent by using the information freely given by the experimental stations.

After all, a stable government only requires horse sense.

Movie advertisement says Douglas Fairbanks and Mary Pickford have made Shakespeare popular. You can't keep a good man down.

Speaker Longsworth says there is no "lower house" of Congress. As we understand it, he means there is none lower than the Senate.

"She gets on better with her husband now."

"Same husband?"

Tells Just Why She Recommends Them

Ontario Lady Found Relief in Dodd's Kidney Pills

Mrs. Wm. Brown Suffered With Kidney and Bladder Trouble.

Hamilton, April 1.—(Special.)—"I was troubled with Kidney and Bladder trouble," states Mrs. Wm. Brown, 145 Strathcona Ave., Hamilton, Ont. "I had tried a lot of medicines, but without avail. I finally tried Dodd's Kidney Pills and to my great joy my Kidneys got in real good shape. I feel so much better now. I keep a box in the house all the time. I would not be without them. I recommend them to all my friends."

There are many symptoms which point directly to kidney disease and warn you of serious danger ahead. Backache, deposits in urine, headaches and aching limbs, harsh dry and itching skin and loss of flesh and weight.

To their direct action on the kidneys is due the wonderful success of Dodd's Kidney Pills as a relief for diseases of the kidneys.

Just give them a trial to be convinced.

Once, always "Crush De Ora."

A Spring-Clean Talk

HAVE you ever noticed that when you have cut, bruised or burned yourself you are always knocking the sore place against something?

No matter what your task, you are hampered by even the most trivial of injuries. It holds back your work—it hurts you to do anything.

However, the real danger lies in the minute germs of disease which swarm into any break of the skin and set up poisonous infection unless Zam-Buk is applied. Zam-Buk immediately soothes away pain and protects against dangerous germs. It can always be depended upon to heal quickly and cleanly with fine new skin.

Now, at Spring-cleaning time more than ever, you cannot afford to be without this wonderful Zam-Buk.

Also in cases of eczema, pimples, psoriasis, impetigo, ringworm, piles, ulcers, boils, abscesses, poisoned wounds, etc., Zam-Buk is most soothing and efficacious.

Your own druggist will supply you with Zam-Buk at 50c. a box. If you prefer to send direct, send 1c. stamp and Zam-Buk Co., Toronto, will send Trial Sample Box FREE on request.

Zam-Buk

PREVENTS BLOOD-POISON

MAKING POOR WHEAT PAY

The sale of frozen wheat at $1.13 per bushel is a pretty attractive figure. Feeding tests made at the Lacombe, Alberta, experimental Station of the Department of Agriculture, shows that this can be done. Tests were made with four lots of hogs with varying rations of frozen wheat and frozen wheat fed with oat chop. A market value for frozen wheat ranging to $1.61 per bushel was shown by the test where oats were fed with the frozen wheat. The value of grain fed in this way depends directly on the price of hogs. At current market prices frozen wheat can be marketed through hogs at a price equivalent to No. 1 Northern.

BOUQUET FROM AN OLD TIMER
Mr. Templeton,
Editor of The Beaver.

Dear Sir,—Enclosed you will find $2.00 to square me away on The Beaver for another year. I will really miss The Beaver, as it comes to me like a letter from home every week. I have taken your paper for 45 years. When Camden East was Clark's Mills I started, and I have never missed a copy through all those years. It gives me just the sort of news about the places and people I am interested in in the old home district.

Sincerely yours,
J. N. McCREARY.
Omaha, Neb.

NEAR TRAGEDY ON BELLEVILLE ROAD
On Saturday evening, Provincial Police Lloyd was called to quell a disturbance at the home of Ross Hall-Cumber, on Belleville Road. Mr. Kenneth Edgecombe, who was spending a week-end in town accompanied the provincial officer. When they attempted to gain an entrance, Mr. McCumber, who was under the influence of liquor, began to shoot. Though he fired several shots, none took effect. He was finally overpowered and taken to the jail to await trial for shooting with intent to do bodily harm.

CHORAL SERVICE
On Sunday evening, the choir of St. Andrew's Church gave a special musical programme, which took the place of the usual evening service. Several old, familiar hymns were sung by the congregation, and the Rev. A. J. Wilcox read the lesson and conducted the service.Special numbers were sung by members of the choir. Miss Mary Daly gave a beautiful interpretation of "O, Divine Redeemer." Mrs. Valkman and Mr. Caldwell sang a lovely setting of "There is a Green Hill." The anthem, "Lead Me by Thy Dear Name" was given splendid expression by the choir, and Mr. Valkman's evening hymn completed a perfect service of song. The well-balanced voices of the choir are deserving of special mention and the training under a competent leader is most noticeable in the effective results. Miss Beatrice Baughan, organist, was heard to splendid advantage in two solos and her accompaniments were excellent.

NAPANEE THE BEAUTIFUL
In the Picton Gazette of March 22, there appears an article reproducing the criticism of the streets of that town. Perhaps no one hears the criticisms of visiting newspapers like editors of the home papers and this article in The Gazette gives us the desire to place before our citizens the general trend of the remarks concerning expenditures in late years on permanent pavements, rebuilding of the town hall, etc., made by those who remember Napanee to visit their old home. Nothing but praise is given for the great improvement in the appearance of the streets and the new residences are showered everywhere. Such remarks are heard as these: "Boys, oh boys, the little old place is certainly looking fine." "It does one good to come back again and see everything looking so prosperous." "Don't the Market Square and the old Town Hall look swell." One old timer from Chicago said something like this: "I have been here for a long time and expected to see the town look like so many small towns that have no pride left and are slipping back to a dissorted looking condition but Napanee looks brand new and proud of her improvements." I am coming back again next year."

Well, we are paying for these improvements with somewhat higher taxes than we would otherwise have had to pay, but they are well worth it, just as much as electric lights and other improvements are worth their price. Picton only has a tax rate of about 30 mills and practically no debenture debt but they have neither good sewage nor decent streets in the residential sections, which would give Napanee pretty many fine residences. Visitors who turn off the main street get back on it again as soon as possible where the road is good.

GALA NIGHT AT REBEKAH LODGE MEETING
On the occasion of the visit to the Napanee Lodge of the President of the Rebekah Assembly, Miss Payder; Guardian, Mrs. Boyce, and District Deputy President, Mrs. Sallsbury, the members of the local lodge were present in large numbers to do themselves honor. After the officers and members of the degree team had exemplified the work in a very creditable manner, the President, in a very enjoyable address, expressed her pleasure in meeting so many friends and in witnessing the splendid work of the local lodge. As a token of appreciation Miss Payder was presented with a suitable gift of gold. At 11 o'clock, in the dining hall, a course banquet was held. The tables were tastily decorated with festoons and blossoms in the lodge colors. Mr. Arthur Caton, who had charge of the banquet, served a repast that was thoroughly enjoyed by all present.

FREE SHOTS ON *Local Sport*

It is very gratifying to note that suggestions made in this column are taken more seriously by some and at least. I was very interested in Mr. Wilson's letter and his comments.

* * *

There is no doubt but that certain members would have difficulty in getting over to the Golf Club, but for that matter many golfers do not own cars.

* * *

Mr. Wilson has misunderstood me in regard to one matter, however; I may not have made myself clear. What was really meant was that the organization should pick a tennis team from amongst its tennis players in the manner that it does its golf team from its golf players. This is mainly by the process of elimination.

* * *

However, most of the court fans hold the same view that Mr. Wilson does and it looks as though tennis will continue to be played this year the same as formerly. Perhaps the majority of golfers in town will decide that good from the sport if this is done, and after all that is the way all sports should be conducted—in such a way that the participants may enjoy them most.

* * *

While a tennis team from Napanee could not be expected to win all tournaments, the first year, there is no doubt but that it would make a creditable showing and in years to come would soon rank with the best. To play other players who use different styles of play would help develop and improve the local racketeers.

* * *

The Golf Club may build a couple of courts for the use of its present members, many of whom would play the game if they had the opportunity. The initial cost of a tennis court is no more than that of a good green and the upkeep is practically nil.

* * *

At the meeting held at the Paisley House last Friday, it was not decided whether the L. and A. County Baseball League should enter the O.B.A.A. or not. It seems that it would be better to have an independent county league so that there would be no financial obligations other than local ones. Teams from this league have been hopelessly outclassed when they did play off with outside teams, anyway. Besides, a larger number of teams could enter, including Odessa and Napanee, who are now banned by the Association.

* * *

The matter of resident rules and referees was left over until the next meeting, which will be held on April 11th. It is expected that all final arrangements will be made then.

NOTICE
Change in business hours. The barristers and solicitors at the Town of Napanee, beg to inform the public that from and after May 3rd, 1930, all Law Offices in the Town of Napanee, will be closed at 4.00 o'clock sharp on every Saturday. TOWN COUNCIL

Council Chambers,
Napanee, April 7th, 1930.

Council met in regular session on Monday evening, Major Simpson presiding.

Members present: Reeve Tustin and Councillors Daly, Loucks, Wiseman and Fitzpatrick.

The minutes of the last regular meeting were read, and on motion, were confirmed.

Two communications were received from the Hydro Electric Power Commission, Ontario, intimating that the sale and transfer of the power plant at Napanee had been sanctioned by the Commission and the plant would be turned over to the town as of March 31st, 1930.

On motion the above communications were ordered filed.

Reports

Mayor Simpson reported that the treasurer and himself had acted as a deputation to go to Toronto and join a deputation there from Western Ontario re-interviewing the Minister of Public Highways, as to rebates to towns and villages on highway expenditure. However the amount spent is paid by the issuing of debentures instead of paying cash out of taxes raised in that year. They also delivered the $70,000.00 issue of debentures, and the Insurance policies saved on same would pay the expenses of the deputation. His worship gave a lengthy report, of the meeting above referred to, and strongly recommended that this Council become a member of the Ontario Municipal Association. In concluding, Mayor Simpson informed the Council that the deputation did not receive any encouragement from the Minister of Highways in regard to the rebates above referred to, in fact they were informed by the Minister that the Government would introduce an Act, which would be adverse to their request, regardless of any plea put forth by the deputation.

Moved by Councillor Daly, seconded by Councillor Loucks, that Council join the Ontario Municipal Association. Carried.

Councillor Loucks, Chairman of the Finance Committee, presented the Treasurer's monthly report, which was received and adopted.

Councillor Daly, Chairman of the Streets Committee, gave a report of the work accomplished by that committee since the last meeting, and on motion same was received and adopted.

Councillor Daly then spoke briefly as to letters in the local press from Messrs. E. O. Ungar and A. S. Kimberly, re lighting of a tenement at $5.00 per day, when a man and team could have been secured at $4.00 per day. In defense of his committee, Councillor Daly said that both men: Chatterson and Powell had finished the job, but there was no mention of the rate of pay, and the committee expected a fair return for a prevailing rate of $5.00 per day, or 50c per hour. 1929 Mr. Chatterson had received very little work from the town. As this meeting of the committee was held very early in the year, and there was no hurry, the matter was laid over for a time. Another meeting was held and the members of the committee remained of the same opinion as at the first meeting. Finally, they decided to engage Mr. Chatterson, and the job was given to him. There, at the next meeting of the Council, along came a tender from Mr. Powell at $4.00 per day, and the matter was referred to the Streets Committee, but not to report.

Councillor Wiseman said he was the member of the Streets Committee who opposed hiring Mr. Chatterson, his reason being that the foreman of streets, Mr. Duncan, was against the engaging of Mr. Chatterson for watering the streets. He thought that all work of this nature should be let by tender.

Councillor Loucks, the third member of the committee, said that the foreman of streets told him that Mr. Chatterson was the best waterman.

Reeve Tustin, Chairman of Police Committee presented the monthly report of Chief Constable Walts, which was adopted.

The committee also recommended that a side car be purchased for the police motorcycle, which recommendation was adopted.

Reeve Tustin then reported that Night Constable Cook had been severely injured while on duty Sunday night.

The matter of insurance for auto and police was referred to the Police Committee to report.

The committee also recommended that a "speed limit" sign be placed at the entrance to the town on the Belleville Road and on the River Road. Referred to the committee with power to act.

Moved by Reeve Tustin, seconded by Councillor Daly, that the regular amount be paid to the Mayor and Treasurer for expenses as reputation to Toronto. Carried.

Mayor Simpson asked any Councillor desiring information about any matter relating to the town's affairs, to go to the proper committee for that information, and if the councillor could not get the desired information in that way, he (the Mayor) would be pleased to see that the same was forthcoming at once.

Accounts

The following accounts were ordered to be paid:

C. A. Anderson & Son	1.25
Globe Indemnity Company	378.00
C. H. Lapum	20.00
F. J. Smith & Son	12.46

SHORE LOYNES,
Custodian
Napanee, Ontario.
Kenneth S. Hans,
15a Solicitor to the Custodian.

SELBY

The many old friends and neighbors of Mrs. George Mofarlane, (nee Florence Bradshaw, were shocked to hear of her very sudden passing at her home in Kingston on Sunday, April 6th. The funeral was held from the home of her mother, Mrs. Martha Bradshaw, on Tuesday afternoon in Selby United Church. The sympathy of the entire community goes out to the bereaved husband and relatives in their sad loss.

—The Y. P. S. met on Friday evening under the leadership of Mr. Vernie Boothe. Miss Joy Paul gave the topic which was very interesting, after which some musical numbers were given by Mr. and Mrs. D. Weese and Mr. and Mrs. McKnight and enjoyed by all. The meeting was followed by a sugar and bun social. There was a large attendance and a large collection was taken.

—Mr. and Mrs. John Armstrong and little grandson, Jack, of Desoronto, spent Friday at her brother's Mr. H. A. Wood.— Mr. and Mrs. John Pringle and daughter, Annie, South Napanee, visited at his brother's, Mr. Mark Pringle's on Friday. — Mr. Walter Doidge spent a couple of days with her son, Mr. Milton Doidge, Mount, Pleasant. — Miss Audrey Ruttan, Dorland, spent the week end with her friend Miss Norine Denison. — Miss Florence Abbott, Napanee, was renewing acquaintances around here on Sunday.— Mr. and Mrs. Gordon Purves, Belleville spent Saturday at her sister's Mrs. Ross Dudgeon.— Mrs. Edna Mowers and child ren have rented Mrs. Brandon's house and intend moving in soon.

BICKNELL'S CORNERS

The weather is fine at present and everything is looking quite like spring, and several kinds of birds have made their appearance.—Quite a large number were present at the Ladies' Aid meeting on Tuesday, April 1st, considering the afternoon being so disagreeable with a heavy rain.—Mr. and Mrs. E. W. Simmons and Cecil had dinner with Mr. and Mrs. T. Thompson, Centreville, on Wednesday last, and attended Mr. Fred Milligan's sale in the afternoon.—Mrs. Reginald Riley of Camden East, spent a day recently with her sister, Mrs. Delbert Sexsmith. —Miss Gladys Ashpole, is a few days with Miss Marion Storey, Newburgh. —Miss Ruby Simmons has returned home after spending a couple of weeks in Kingston with her sister, Mrs. Roy Samuels.—Mrs. P. Scott and Bert spent Saturday in Kingston— Mr. Arthur Amey took a trip to Gananoque on Friday.—Mr. and Mrs. Ray Reid of Morven, at Mr. James Sewell's on Sunday.— Mr. and Mrs. H. Redmond and Mrs. P. Scott, on Sunday.— Mr. and Mrs. Ogden Hinch, at Mr. J. O'Mara's on Monday.— Mr. and Mrs. K. Amey of Kingston with Mr. and Mrs. T. Hyland's on Sunday.

FARMERS READY FOR SOWING

Have you the Formaldehyde on hand ready to spray the grain. You get the right standard strength, with directions for using, at Hooper's Drug Store.

ODESSA

Mr. and Mrs. S. J. Sproule were pleasantly surprised on Monday night by a number of their friends, the occasion being the latter's birthday anniversary. A most enjoyable time was spent with music and progressive games. There were six tables in play and the prize were won by Mr. and Mrs. A. C. Sharpe, Bath. Very delicious refreshments were served by the ladies at the midnight lunch.— Mrs. N. P. Snider's sale of stock and implements Wednesday afternoon, was largely attended by Odessa and surrounding district our local auctioneer, Mr. S. W. Clark, will sell the contents of the sale by public auction.—The Wilton Dramatic Club staged their popular play: "The Path Across the Hill," in the town hall last Friday night. It was a great success financially and otherwise. The town hall was well filled and the talented artists took their parts in a very creditable manner. It was considered one of the finest amateur plays ever staged here, and the Camden East orchestra furnished very fine selections between acts. The proceeds were donated to Mr. James Nash, of Wilton, who recently returned from the Kingston General Hospital, recovering nicely from his late operation.—Mr. Alfred is a short address and had been asked by Mr. Nash to thank those who so kindly gave their time and money for his benefit. The proceeds amounted to about $80. Mrs. Charles Conners served delicious refreshments to the members of the club and the orchestra, after the play. A proof of the popularity of the comedy speaks for itself when they have five engagements ahead of them. —Hilton Frink was taken to the Kingston General Hospital last Thursday and operated on for appendicitis. His many friends hope for a speedy recovery. — The many friends of Miss Alice Cook were sorry to hear that she was taken to the Kingston General Hospital Tuesday. — Mr and Mrs Courtland Snider spent Sunday the guests of the latter's parents, Mr. and Mrs. Alva Hagerty, Brickyard's Corners. — Mr. and Mrs. John Owens, Port Arthur, are guests of the former's mother, Mrs. James Denyes and Mr. Denyes.—Miss Geraldine Fraser, Kingston, visited with her parents, Mr. and Mrs. Arthur Fraser last Saturday. Miss Hilda Black, nurse in training at Belleville Hospital, recently visited her sister, Miss Nellie Babcock.— Mr. Leslie McLean, Mrs. M. Kenyon and Miss Norma Kenyon, Harrowsmith, spent Sunday with Mr. and Mrs. W. E. Topliff.— Mrs. Percy Sandford has spent a couple of days last week with his parents, Mr. and Mrs. D. L. Snider.— Frederick Sproule who has been spending the past ten days with his brother, Mr. Samuel Sproule, has returned to his home in Medicine Hat.— Mr. and Mrs. D. J. Hamm, Mrs. Sidney Sproule and Mr. Fred Sproule, visited with friends in Camden East last Saturday.— Mrs. Herbert Heagdon has purchased the Hostleton property in Bath consisting of bakery and residence, and is moving to his new home. Their many friends in this vicinity to have them for neighbors.—A baby boy arrived last week to make his home with Mr. and Mrs. Wilfred Haggerty.

HAWLEY

A most successful Easter thankoffering was held in the church by the W. M. S. on Friday evening. The meeting was presided over by Rev. Mr. Dixon. After an opening Easter hymn and prayer by Mr. Dixon, an Easter reading was given by Mrs. Cuthill. Mrs. Fred and Mrs. Wilfred Wilson entertained us with his wonderful illustrated lecture on "Trip to the Orient." Anyone hearing this lecture must feel that missions are indeed a necessary part of our religion. After a vote of thanks to Mr. Wilson, refreshments were served to all. — Mr. and Mrs. Ross Bristol were visitors at J. P. Cuthill's on Friday.— Mr. and Mrs. Charles Biggs spent a recent Sunday at J. R. Ackerman's.— Mr. and Mrs. Howard Ferris and Mr. and Mrs. Ivan Denyes were visitors at Shelley Denyes', Odessa, on Sunday.— Mr. and Mrs. W. Craig were visitors at J. R. Ackerman's on Sunday.—Miss Ellen Clement has returned home after spending a week at her grandchildren's, Mr. Howard Desmond Road. — Mr. and Mrs. Karl Denyes, Miss Babcock and Mr. Fred Denyes spent Sunday evening at R. Freels.— Mr. and Mrs. C. Day, Gananoque, spent a recent Sunday at Carman Day's. — Miss Margaret Denison was a visitor at Clayton Preis's on Monday of last week.— Mr. and Mrs. Duncan Garrison, Miss Muriel Garrison, Mr. Fred and Mrs. Sandford and Mrs. W. G. Pretis, were visitors at Isaac Asselstine's on Sunday. — The Y. P. S. will meet on Friday. Trip to the C. C. Day's. Topic: "World Peace."— Mr. and Mrs. Seeley spent Sunday with Mr. and Mrs. Carl Denyes.— Mr. and Mrs. H. Clement spent Sunday at G. Clement's Bath. — Mr. and Mrs. Dwight Daman Garrison, Miss Muriel Garrison, Mr. and Mrs. Sandford and Mrs. W. G. Pretis, were visitors at Isaac Asselstine's on Sunday. — The Y. P. S. will meet on Friday. Trip to the C. C. Day's. Topic: "World Peace."— Mr. and Mrs. Seeley spent Sunday with Mr. and Mrs. Carl Denyes.— Mr. and Mrs. H. Clement spent Sunday at G. Clement's Bath. — Mr. and Mrs. Dwight Daman is spending a few days with her daughter, Mrs. J. Craven.

MORVEN

Mrs. R. M. Seymour is spending several days in Ottawa.—Misses Robert Fenn and T. Carter, Kingston, spent Sunday at Mrs. Seymour's.— Mr. and Mrs. Irwin Sharp and family spent Sunday with Mr. and Mrs. C. A. Lake.— Mr. and Mrs. Leonard Mrs. J. F. Lake on Friday.—Miss Ella Wood is spending several weeks with Mr. and Mrs. W. Wood.—Mr. E. Babcock and family spent Sunday with friends at Gananoque.— Mrs. Mills has returned from visiting friends in Oshawa. —Mrs. Curran is spending a few days with Mr. and Mrs. J. F. Lake.—Mrs. Hemmel visited at Mrs. Pralick's recently. — Mr. and Mrs. Withers were recent visitors of Mr. and Mrs. William Close Violet.—Our public school is progressing favorably under the able management of our popular teacher, Mrs. Karl Denyes.—The Y. P. S. met at the home of Miss Hilda Ryder on Friday evening. A welcome to all who attend.

BAY CIRCUIT

Sap has been running again and the sugar season is here, the future Fishing and trapping is also the order of the day.— The visit of the Grace Church group of Napanee, to Bethany, on Wednesday evening, was in every way a decided success. The play "Mary Made Some Marmalade," was well presented and contained a moral that all might keep themselves in putting into practice. The Bethany Sunday school group made excellent hosts and their appreciation of the play was evident by the hearty applause. At the close the Bethany group served lunch to all in attendance.—This is the Women's Missionary Society week on the Bay Circuit. The Bay West group meet at the home of the President. — Mrs. A. C. Parks on Wednesday afternoon, April 9th, and the Bay East ladies meet at the home of Mrs. Arthur Dean, Ormsby, on Thursday afternoon, April 10th. All the ladies of the Circuit are invited. — Mrs. James Miller, of Bethany, has been under the doctor's care for a couple of weeks.—Mr. Fred Davey, of Guelph, returned home on Sunday and is taking up her residence at Hay Bay. — The sympathy of the community is extended to Mr. Peter and John Huyck in the death of their sister, Mrs. Martin. Mrs. Martin has been ailing for some time at Mrs. Armitage's, South Napanee, and it was here she died on Friday evening, April 4th. Rev. Farnsworth, of Belleville, a former pastor of the Bay Circuit had charge of the funeral on Sunday afternoon. (Rev.) Snowden, who for some years ago, with her husband, served the Bay Circuit, died at her home in Meaford, on Friday, April 4th. Mr. Snowden, now old and feeble, is left to mourn the loss of a wife, who had been a real helpmate to him all the years of his ministry.—The Bethany Ladies' Aid met at the home of Mrs. Roy Rombough Wednesday afternoon, April 2nd. There was an unusually large attendance. The business part of the meeting was made most interesting by reports from Mrs. Rombough and Mrs. Ratz. Mrs. Rombough made an excellent hostess in her usual good manner.— Remember the Social Evening and Congregational meeting for Greenwood community at Mr. and Mrs. William Hambly's this Wednesday, April 9th, at 8:00 p.m.—Mr. Ratz, in his sermon on Sunday evening at Hay Bay for some years, has secured a position on Amherst Island and will move his home there in the near future.— Mrs. Ross Joyce entertained the Greenwood Ladies' Aid at her home on Wednesday, April 3rd. There was a splendid attendance. A good Easter programme was presented under the leadership of the President, Mr. A. Lemon. Lunch was served by Mrs. Sharp, Cornets, spent Sunday with Mrs. S. Shorey and Misses Clara and Emma Shorey.

The young people of the United Church held their meeting in the League room on Thursday night, April 1st, Miss Glenn president, in charge. ADOLPHUSTOWN W. M. S.

The Easter meeting of the W. M. S. was held on Wednesday afternoon at the home of Mrs. Robert Cousins, with a fair attendance. In the absence of the president, the meeting was presided over by the vice-president, Mrs. R. Carr in a very capable manner. The devotional exercises were also in charge of Mrs. Carr. All joined in singing: "Oh, For a Thousand Tongues to Sing." Mrs. Carr read the scripture lesson and followed with prayer. Hymn: "The Morning Light is Breaking," was sung. Minutes of last meeting were read by the secretary and the treasurer gave her report. Several letters of correspondence were read, and an invitation from the Union Society of Conway and Stillwell, was read, asking our society to be present with them at a special evening meeting on May 2nd.

An appeal was made to the members for clothing for Home Missions.

Rev. Mr. Plant was present and gave an interesting and instructive address on "Easter and the Resurrection." The thank-offering was then taken, the dedicatory prayer being offered by Mr. Plant.

Miss L. Carr gave us some interesting items on the work in China. The Study Book, "From Jerusalem to Jerusalem," was in charge of Miss Margaret Magee.

Roll call, "A verse on the Resurrection," was responded to by the members. Hymn: "Christ, the Lord is Risen To-Day," was sung, and the meeting closed with the benediction.

Refreshments were served by the hostess and a pleasant social time was enjoyed.

The next meeting will be held in May at the home of Mrs. T. N. Davis.

Warning To Mothers

Watch the Health of Your Little Ones at All Times.

No mother can expect that her child will escape all the ills to which babyhood and childhood are subject, but she can do much to lessen the severity of these troubles. The mother should be constantly on her guard to prevent childhood ailments, or if they come on suddenly as they usually do, to have the means at hand to relieve them. Thousands of mothers have found Baby's Own Tablets the ideal remedy for little ones—thousands of mothers always keep the Tablets in the house as a safeguard against the sudden illness of their little ones.

Baby's Own Tablets are a mild but thorough laxative. They regulate the bowels; sweeten the stomach and thus banish constipation and indigestion; break up colds and simple fever and make the cutting of teeth easy. The Tablets are absolutely guaranteed free from injurious drugs and may be given to the youngest child with perfect safety. They are sold by medicine dealers or by mail at 25c a box from The Dr. Williams Medicine Co., Brockville, Ont.

In the cheaper brands of paint, a "Special Household" brand is magnificent value at 75c and 85c a quart — at Friday and Saturday's prices (63c per quart, for any shade it is extraordinary. Read WALLACE'S ad. on another page of The Beaver.

SUDDEN DEATH OF TOBIAS SEXSMITH

The death occurred Tuesday afternoon about five o'clock of Tobias Sexsmith, one of the best known old-time residents of this city and province. Death came very sudden, he just passing away in his chair after he had come in the house from visiting his daughter-in-law, Mrs. W. R. Sexsmith. The funeral will be held Friday afternoon from St. Mary's Church.

The late Mr. Sexsmith, who was born in Pelby, Ont., would have been 78 years of age on the 22nd of next month. He came west to Portage 44 years ago last February, and was first connected with the Manitoba and Northwestern Railway, later starting a cartage business of his own. In this business he continued until his retirement about 17 years ago, and he has resided in the winter in the city and in the summer at his farm. In his business as cartage it can be said that he had the privilege of having possibly the largest acquaintance among the commercial travellers of any man of his trade. He was known by all the commercial men, all imposing explicit confidence in his word.

Deceased was prominent in sport in the early days, and with a cheery disposition made friends with everyone he came in touch with. He was an Orangeman, affiliated with a Lodge in the east, and was a member of the Anglican church. He was blessed with excellent health, and was only sick one day in his life, thus the news of his sudden death came as a great shock to his friends.

His son, W. R. Sexsmith, was engaged in the County Court when the news of the death reach him, and Judge Harrett immediately adjourned the court. He had been in the usual good health, enjoying a hearty meal, and came down street, as already stated, returning home and seating himself in a chair. Mrs. Sexsmith was in another room, and when she called and he did not answer she immediately went to him and found that he had passed way. Medical aid was called, Dr. McFarlane responding, and he stated that death must have been instantaneous.

Deceased is survived by a sorrowing wife, two sons and one daughter, W. R. Sexsmith, barrister and prominent sport official; Percy B., of Chicago, and Alice, wife of Victor Clark, Birch Hill, Sask.

GEORGE THOMPSON DIES SUDDENLY

George W. Thompson, for seventeen years general manager of the Corporation of the City of Westmount, died suddenly Tuesday morning at his home, 17 Willow avenue, Westmount, in his 53rd year.

Though Mr. Thompson had been in ill-health for the past few months, his condition was not regarded as very serious, and he had continued working up to the last Wednesday, attending the opening of the flower show in Victoria Hall, that night, in company with Mayor Hogg. From Wednesday on, he remained at home because of indisposition, though he was in close touch with his office by telephone, and his death, Tuesday morning, was quite unexpected.

Mr. Thompson was accorded a civic funeral from St. Andrew's United Westmount. The service, conducted by the Rev. Dr. J. W. Clark, pastor, and interment, was made in Mount Royal Cemetery.

Born in Ontario

Mr. Thompson was born in Belleville, Ontario, in 1877, where he married Miss Lillian Leggie, of Napanee, Ont. He went to Montreal about 30 years ago, and in 1906 was appointed superintendent of the electric light department of the City of Westmount, and supervised the construction of the Westmount municipal power plant in 1907. In 1913 he was promoted general manager of the municipality, holding that position up to the time of his death.

He is survived by his widow, and by two children, John Thompson and Miss Lillian Thompson, also by his mother, Mrs. J. P. Thompson, of Vancouver; a sister, Mrs. Gordon, of Vancouver; and by a brother, J. J. Thompson of the same city.

Out of tribute to Mr. Thompson, the meeting of the Westmount City Council, held Tuesday evening in the City Hall, under the chairmanship of Mayor Hogg was immediately adjourned. All the aldermen were present, when the deep regret was expressed at the loss the city had sustained as a result of Mr. Thompson's death, and high tributes was paid his character and initiative.

CAMDEN VIII. W.M.S.

The April meeting of Camden VIII W. M. S. met at the home of Mrs. Samuel Dolope, on the afternoon of April 3rd, with an attendance of fifteen members and visitors.

Mrs. W. B. Close presided and conducted the devotional period. The devotional leaflet "Persecutions Then and Now," was read by Mrs. Robert McGregor, reviewing the early Christian martyrs from Stephen, even to the present persecution and martyrdom of the Christians in Russia. "We are very prone to ask why God has allowed the introduction of the Gospel of the Prince of Peace to be attended by so much tribulation and sorrow. We come face to face with this fact, that to withstand the strength and power of paganism, the Christian convert must feel that his religion is worth dying for.

'Tis but a history in these days—
The cruel and final test
Of those who went life's rugged ways
For faith they had confessed:

Yet the God who spoke to the Saints of old,
Lacks not today in his mystic fold
Doers of his behest:
There are servants of men and Saints of God
Who will follow as then where the Master Trod.

The closing thought of the leaflet is: "Shall we pray for all who need sustaining grace?

The Easter meeting will be held in Camden VIII Church on the last Sunday in April at 2:30 p.m. when Mrs. T. H. P. Anderson will be the speaker. The next meeting will be held at the home of Mrs. R. A. Hannah.

The fourth chapter of the Study Book was reviewed by several members. Next month's study will be in charge of Mrs. M. Martin.

At the conclusion of a very interesting and profitable meeting, the hostess gave a delicious treat of hot maple sugar and cake.

WEDDING BELLS.

On Wednesday, April 2nd, at the United Church parsonage, in Shannonville, the marriage was solemnized of Miss Ruth Augusta Klemmett, daughter of the late Nathaniel Klemmett, of Roblin, and Mrs. Klemmett, to Mr. William Nelson Oakley, of Scarboro, Ont., the ceremony officiated by the Rev. W. H. Clarke, pastor of Shannonville circuit.

THE CANADIAN DEPARTMENT STORES LIMITED

What Are You Doing For That Stiff Swollen Joint?

Did you ever stop to think that many times the inexpensive remedies are best?

Many a time has just a week's use of this soothing remedy with one or two good rubbings with much penetrating JOINT-EASE made all the difference in the world.

Bear in mind, that a generous tube of JOINT-EASE made right here in Canada costs but 60 cents and when JOINT-EASE gets the joint agony and other aches and pains get out!

Give your ailing, pain-tortured joint a good rubbing with JOINT-EASE, and to-morrow morning if you don't say that the 60 cents you paid isn't the greatest investment you ever made, get your money back, from any druggist in Canada.

A Frenchman had come to live in England and decided to purchase a horse to carry him to and from the station.

So he went to a horse-dealer. "I want a horse," said he. And he led a likely looking animal from a stable. "He will go well, I think. You can ride him in a trap or ride him under saddle, and I can guarantee that this horse will run six miles without stopping."

The Frenchman looked rather puzzled and a little chestfallen.

"Then 'e is no good," he replied. "I live but four miles from the station, and if you say 'e go six miles 'ave to walk two miles in ze backward direction."

NO SATURATION MARKET FOR CARS

Having advanced to a point where the mechanical element is a secondary factor in the selection of its product and where beauty and comfort and minor innovations are the foremost attraction, the automobile industry entered 1930 with and important asset—reputation—that will go a long way in assuring its stability and realizing its enormous potentialities.

Despite the phenomenal development in the automobile in the last 20 years, the number of potential new owners is greater than it was in 1910, when the auto vehicle was still a novelty, for the population of the world increases in proportion to new car production by approximately three persons to one automobile.

If the ratio of cars to population in the United States could be applied to the world as a possible indication of the world market, there would be approximately 200,000,000 cars in use, or sales potentialities for over 150,000,000 cars, excluding replacements which in the domestic field form the majority of sales.

The replacement possibilities should be greater now than ever before in the history of the industry. Approximately 10,000,000 cars in operation are more than five years old and have been succeeded in that time by the most revolutionary advancements since the inception of the self starter. The unanimous adoption of the hand gear shift, the tendency toward the larger motor, improvements in the lighting control, the standardized equipment of balloon tires, and a host of other changes have combined to make the 1925 and earlier model cars more subject to replacement.

LOVELY HANDS

Busy hands—it hard tasks day in and day out. Persian Balm keeps the skin soft and pliable. Removes redness and relieves irritation.

At Your Druggist

PERSIAN BALM

Magistrate: "How do you know that these fowls you accuse your neighbor of stealing, were yours?"

Prosecutor: "They were black and white fowls, your Honor."

Magistrate: "Why that does not prove anything. I have black and white fowls myself at home."

Prosecutor: "Yes, your Honor, this isn't the first time I've missed fowls."

ENTERPRISE COMMUNITY HALL
Auditors' Report

To the Ratepayers of Public School Section, No. 24, Township of Camden:

Gentlemen: — We, the auditors appointed to audit the accounts of The Enterprise Community Hall Board, beg to report as follows:—

1. We have carefully examined and checked the accounts of the Secretary-Treasurer for the period from the erection of the hall in 1926 to the date of this report, and find them correct, with all monies duly accounted for to our satisfaction.

2. We find a balance on hand of $217.22, which amount is on deposit in the Royal Bank of Canada, at Enterprise, Ontario.

3. We find that the cost of building (including land) was $6105.53; cost of equipment was $1253.68, a total of $7358.61, of which $1816.93 was paid by the government.

4. We find that the total amount of the debentures, including interest thereon, raised from the section was $5429.72, of which amount the Hall Committee paid $1633.07 out of earnings.

5. We find that the revenue from the Hall has been as follows:—

Dances and entertainments under Hall auspices		
1926	(Net Proceeds)	$476.10
1927	"	856.75
1928	"	433.79
1929	"	230.86
Totals		$2097.49
1926	Rentals	$ 65.50
1927	"	142.50
1928	"	217.50
1929	"	214.00
Totals		$639.50

All of which is respectfully submitted and certified to be correct to the best of our knowledge and belief.

M. H. SWITZER,
WILBERT JACKSON,
Auditors.

Dated at Enterprise, Ont., March 24th, 1930.

Start Your Garden Seeds Early.

FAIR PLAY FOR LABOUR

The Conservative party has served the worker in Canada well.

His fundamental policy is to provide for him a market in Canada for his work, whether it be work on the farm, in the factory, the mine or the forest.

Closely allied with that fundamental has been insistence that he receive fair compensation for his labour. There is no encouragement for the dairy or poultry farmer, for the fruit and vegetable grower or for the grain grower if he be forced to work eighteen hours a day and accept non-profitable prices for his labour. The same holds true of the industrial worker, though for him the situation is perhaps even more discouraging. Where he is not given a fair chance against mass production or cheap labor of foreign countries, he cannot find employment at any price.

Such encouragement as the worker has received can be traced very largely to Conservative legislation or to Conservative pressure on other Governments. An outstanding illustration of the latter benefit has just been announced. For two years in parliament Conservatives have fought for eight-hour day on government works, whether carried out by private contracts or not, and for the eight-hour day for the civil service. For two years they have fought to have the government compel those carrying out government contracts to pay fair wages. Less than a month ago it was shown that on public works in Nova Scotia a wage of 20 cents per hour was paid. For some work received 35 to 45 cents per hour in Ottawa and up to 55 cents per hour further west. The workmen in all three cases were Canadians, subject to the same common taxation and the same laws.

The climax came March 31 when the Government bowed to the pressure of antiquated and announced that the eight-hour day would be made effective on all Government works and services and the Minister of Public Works has promised that fair wages will be paid. This is another and distinct contribution of the Conservative party to the welfare of the Canadian worker.

BROODER TEMPERATURE IMPORTANT FACTOR

The temperature in a brooder at the edge of the hover of a brooder stove should be between 95 to 100 degrees when the chicks are first put into the brooder and gradually lowered as they grow older.

If you are not sure of the temperature and the chicks' comfort, use a thermometer. The thermometer should be placed about 2 inches from the floor at the outer edge of the hover. A thermometer hanging in the middle of the brooder house or against the wall is of very little value.

The chicks themselves are probably the best indicator you have as to temperature. If they are comfortable, you will find them circling the stove at night with the edge of their bodies they crowd close to the stove, it is too low. If they tend to crowd together in a corner, it is usually due to a draft under the stove. When the temperature is too high, the chicks may be found several feet or more from the outer edge of the hover.

Aside from keeping the chicks comfortable they must be properly nourished. Feed a chick starter which supplies the chicks with the kind of protein, carbohydrates, fat, minerals and vitamins they need for rapid, sound, economical growth.

First Pessimist: "It's hard to make both ends meet nowadays."

Second Pessimist: "Yes. And just when they are about to meet some fool comes along and moves the ends."

A Mid-morning Pick-me-up

WHEN eleven o'clock comes and you grow a little weary —that's the time for a steaming, nourishing cup of OXO —IT'S BRACING!

This "Tweed" Steel
STONE BOAT $12.00
Cash with Order

Delivered free to your station. Runs easily, very durable. Three steel runners underneath give added strength; won't rut like wood. Made of 3/16" boiler plate; angle iron around edge runs almost from falling off. If not as represented, return and get your money back.

The STEEL TROUGH & MACHINE CO., Tweed — Ont. Ltd

DO YOU SUFFER WITH HEADACHE?

So easy to get quick relief and prevent an attack in the future. Avoid bromides and dope. They relieve quickly but affect the heart and are very dangerous. They are depressing and only give temporary relief, the cause of the headache still remains within.

The sane and harmless way. First correct the cause, sweeten the sour and acid stomach, relieve the intestines of the decayed and poisonous food matter, gently stimulate the liver, start the bile flowing and the bowels pass off the waste matter which causes your headache. Try Carter's Little Liver Pills. Druggists 25c red pkgs.

Employer: "Where is your letter of introduction?"

Youth (applying for job): "I tore it up."

"That was stupid of you, wasn't it?"

"You should have read it."

Money talks — and sometimes it shouts.

HONOR ROLL

The following is the report of School Section No. 2 S. C.:

Class IV, (total 760) — Ruth Hudson, 553, Alma Walker 469, Ronald Craven 440.

Class III, Sr. — Everett Hawley.

Class III, Jr., (total 680) — Geneva Wartman 492, Jean Hudson 481, Elaine Horne 477, Vera Ruttan 440, Gladys Kilgannon 411, Florence Walker 351, Eleanor Hudson 265, (absent 1 exam).

Class II, (total 300) — Oscar Jackson 210, Gerald Hudson 200.

Class I, (total 300) — Arthur Kilgannon 226, (Honors.)

JOSEPHINE M. DENNEE, Teacher.

SILLSVILLE W. M. S.

Sillsville W. M. S. met at the home of Mrs. Chapman at Conway on April 3, with nineteen members present.

Opening hymn, 187, "Christ the Lord Has Risen Today," followed by prayers by some of the members.

Mrs. B. Robertson read the scripture lesson from John, 20th Chapter, 20th to 24th verse. Hymn 91, "Far Far Away in Heathen Darkness dwelling."

Easter Chimes read by Mrs. Rod Sharpe. "An Acceptable Gift," Mrs. R. Merritt. A solo by Mrs. Plant, "A little flower came from the ground." Answer to roll call: a passage from Scripture on The Resurrection. Hymn 285, "You May Have the Joy Bells Ringing In Your Heart."

Mrs. Harold Hough read on "Temperance"; Mrs. Plant on "Problems of India"; Miss Van Dyke on "Stewardship of Thankfulness," followed by responsive reading.

Mrs. Harry Phippin read to us about the condition of home, where, joy, happiness and love reign supreme and where father and mother have perfect faith in each other, and the environment of such faith would be an example for our children. This reading was inspiring, interesting and helpful to us all.

Solo by Mrs. A. Thompson: "He Walks With Me."

The meeting closed with prayer by Mr. Plant, after which a delicious lunch was served by the hostess.

Our Easter thank-offering amounted to $40.80.

The Enterprise young people intend giving a play: "Aunt Jerushy on the Warpath," in Sillsville Town Hall on May 9th, 1930. Everybody welcome.

DORLAND

Everyone has been enjoying the pleasant spring weather. The land was getting quite dry before the rain on Sunday night. The boys will soon be clear of floating ice.—Mrs. Scott Cousins entertained the W. M. S. on Wednesday afternoon with her usual abundant hospitality.—Those taking part in the mock trial, to be given in connection with the sugar social on April 22rd, will meet at the home of Mrs. T. N. Davis, on Thursday evening of this week, for practice.—Mr. and Mrs. F. E. Foster and baby, Jean, spent the week end in Ottawa with his father who has been ill but is slightly improved.— Mr. H. M. Johnson has purchased Mr. J. P. Dorland's farm.

WEDDING BELLS

BROOKS — FURSE

A quiet wedding was solemnized on Saturday, April 5th, 1930 at the Grace Methodist parsonage, Napanee, when the Rev. W. P. Woodger united in the bonds of holy matrimony Miss Florence Elsie Mary Brooks, daughter of Mr. and Mrs. Charles Brooks, and Harold Gordon Furse, of Sillsville, Ont. The happy couple journeyed to Selby to Mr. and Mrs. Ross Dudgeon's, where a delightful dinner was served and from there to Belleville, where they were the guests of the bride's sister, Mr. and Mrs. Alman Wickett, for a few days.

The happy couple will take up residence at Hay Bay.

PERSONALS

It is the desire of the publishers that all should take an interest in this column of The Beaver. If you have friends visiting you, or are going away for a time leave word or send it on a Post Card.

Mr. and Mrs. A. C. Brockman, of Detroit, Michigan, were the week end guests of Mr. and Mrs. M. E. Murphy, at Oshawa. Mrs. Brockman is noted for her talented music, and graduated with highest honours from the University of Michigan.

Mr. and Mrs. L. E. Harrison and son, Jack, of Albany, N.Y., have returned home after spending the winter with their cousins, Misses Etta and Margaret Harrison, Water Street. Mr. Harrison has greatly improved in health.

Mrs. Eleanor Whittington, Marysville spent Saturday in Napanee.

A. D. Runions, Department of Agriculture, left on Monday evening to attend an executive meeting of the Central Canada Exhibition, which is being held in Ottawa on Tuesday.

Mr. and Mrs. H. H. Galt were Sunday visitors of Mr. and Mrs. William McCabe and Miss Hazel.

Mr. and Mrs. Dan Shetler, of Morven, and Miss Laureta Spearing, Wesley, spent Sunday under the parental roof of J. Spearing, Conway.

Mrs. H. H. Galt spent a few days last week in Kingston, visiting her sister and niece, Mrs. J. B. and Miss Louise Fairfield.

Mr. W. E. Vine has returned home after completing a short course in Dry Kiln practice, given at the New York State College of Forestry, at Syracuse University.

Miss Ahlie Judson has returned to Christie Street Hospital, Toronto, after spending two weeks with her parents, Mr. and Mrs. M. B. Judson.

Miss Madge Clark, who has been spending the past month with Mrs. Casey Denison, has returned to Wabashene, Ont.

Mr. Jim Perry spent the week end with his parents, Mr. and Mrs. George Perry.

Mr. and Mrs. R. D. Brodie and Mr. James Brodie, of Westmount, were the week end guests of Mr. and Mrs. W. M. Howitt.

Miss Ponsford spent Sunday with friends in Kingston.

Mrs. Herbert Daly and Mr. George Daly spent the past week end in Toronto.

Mrs. (Dr.) Robert, of Windsor, is the guest of her parents, Mr. and Mrs. P. Gleason.

Mrs. Hugh Blain, who has been visiting her sister, Mrs. J. S. Ham, has returned to Toronto.

Mr. and Mrs. Jack Adams, who have been in Atlantic City, spent Saturday in Napanee, enroute to Detroit.

Mr. and Mrs. James Moffatt and Mr. Tom Moffatt are motoring to St. Louis this week.

Mr. Maurice Madden spent a day last week with his father and mother Judge and Mrs. J. H. Madden, East St.

Mr. and Mrs. Valkman spent a few days in Toronto last week.

The many friends of Mrs. John Soby will be glad to know that she is recovering from the severe injuries which she suffered last Friday from a fall, at her home on Dundas Street.

Mrs. B. F. Davy spent a day in Toronto last week.

Mrs. Young, mother of Mrs. George Reid, is in the Kingston General Hospital this week, undergoing an operation.

Mayor J. M. Simpson, Mr. J. L. Boyes and Mr. Charles Walters, attended the Rotary Club dinner in Belleville on Monday.

Mr. and Mrs. M. B. Judson spent the week end in Toronto.

DEATHS

McFARLAND — At 107 King Street, West Kingston, on Sunday, April 6th, 1930, Mrs. Agnes A. McFarland, aged 35 years and 19 days.

THOMPSON — On April 1, 1930, in his 53rd year, at his late residence, 17 Willow Ave., Westmount, George William Thompson, beloved husband of Lillian Leigh, son of the late J. P. Thompson, Vancouver, B.C.

MARTIN — At Napanee on Friday April 4th, 1930, Elizabeth Hoyle, wife of the late Thomas Martin, aged 72 years and 7 months.

MOON — At Bath on Monday, April 7th, 1930, Mrs Lena Moon, age 53 years. Funeral Wednesday April 9th at house thence to Sydenham.

MARRIAGES

FURSE—BROOKS — At Grace Church parsonage on Saturday, April 5th, by Rev. W. P. Woodger, Harold Cordon Furse and Florence Marie Brooks, both of South Fredericksburgh.

MAPLE LEAF W. I.

The regular meeting of the Maple Leaf Women's Institute will be held on Thursday, April 10th, at the home of Mrs. W. G. Fretts, at 1:30 p.m. This is Gradens' Day. There will be a debate: "Resolved that active middle-age, surpasses youth in the enjoyment of life." Leaders Mrs. Isaac Asselstine and Mrs. Raymond Fretts. Paper: "Pioneer Days" by Miss Beatrice Sager. Chorus, Mrs. T. Asselstine and Miss E. Asselstine and "An Old Fashioned Dance." Roll call: "My First Photo." Will all the ladies who have blocks for the quilt, please bring them to this meeting whether finished or not. Will the ladies please bring all bills to be paid to this meeting also.

MRS. S. H. FRASER,
Secretary-Treasurer.

OBITUARY

Mrs. George McFarland died at her home in Kingston on Sunday last after an illness lasting two months. The deceased is survived by her husband, her mother, Mrs. Martin Bradshaw, Selby, one sister, Mrs. Robert McFarland, Napanee and by four brothers, Ernest of Marysville, Jefferson, Napanee and Crosley and Clarence, of Selby. The funeral services were held in Selby United Church on Tuesday afternoon and the remains placed in Riverview Cemetery, Napanee. The family have the sympathy of them many friends in Napanee and vicinity.

ODESSA W. I.

The April meeting of Odessa W. I. was held in the Library on the regular day, first Wednesday of the month. A goodly number of visitors and members were present.

The president opened the meeting in the customary manner, after which the roll call "Hints on the Care of Young Chicks," was given a general response; some very helpful hints being brought in by the members.

The secretary read several letters of appreciation for remembrances to members and friends for flowers, sympathy and for bank books received by new babies during the past month.

Much comment was made on the attractive appearance of the reading room since the addition of the new silk curtains and the committee in charge of the purchasing together with interested friends, made and hung them and the effect is indeed charming.

It was decided to hold a social evening on April 28th, and a committee was appointed to look after it.

Miss Aylesworth read an interesting paper which brought forth applause from everyone.

Mrs. Roy Somerville told a story bearing on the value of milk in the diet of the school child all through his academic life. It brought out in a very obvious way the necessity for milk in the diet of every child and of how it not only improves his intellect, but also his behaviour and temper.

A paper prepared by Mrs. W. S. Moffat, formerly of Wilton, on "Noble Thoughts and Noble Women," was read by Mrs. Clarke W. Boyce, and gave us all much food for deep thinking. It's value is untold.

The community singing and lunch hour were dispensed with because of the indisposition of our librarian, all hoping she will be able to join us at our next meeting, with renewed health.

An open meeting is to be held on the thirtieth day of April when Mrs. Runions will give an address and show some lantern slides. This will be the last meeting of this institute year and the public, children and adults, are cordially invited to attend. It will be held in the reading room of the library.

CENTREVILLE

Spring has come once more and farmers report excellent sap weather. —In spite of the bad roads, a large crowd attended the sale at Fred Milligan's on Wednesday last. — Lloyd Brown left on Thursday for Inverary, where he has been engaged as cheesemaker for the coming season.—A number from Centreville attended the show "Broadway Melody" last week and report an excellent show.—Mr. and Mrs. James Doupe spent Saturday evening at F. Milligan's. — Mr. Wesley Wagg is spending a few days with friends at Selby.— Mr. and Mrs. Ross Milligan, also Mr. and Mrs. Stan McKeown and family spent Saturday in town.— Mr. and Mrs. Fred Milligan and family spent Sunday at Thomas Thompson's. —Mrs. Thomas Thompson entertained a number of her friends to a sugaring party on Saturday afternoon.— Miss Eleanor Milligan has returned to school after a week's absence.

Muresco in latest colors at Hooper's Drug Store.

CROYDON

Owing to the rain that fell Sunday evening it left the roads in a bad condition.— Quite a number from here attended the sale at Mr. Fred Milligan's Tuesday last.— Mr. Perry Armstrong had the misfortune of having his team run away on Thursday last and quite a bit of damage was done to his wagon. —Mr. W. J. Dowling spent Thursday in the village.—A few of the friends and neighbors gathered at the home of Mr. and Mrs. Joseph Kidd before the departure of their son William, a very enjoyable evening was spent and they also presented him with an easy chair. He is moving back to the old homestead, near Erinsville.— Mr. Henry Lacey spent Sunday evening at Mr. John Dewey's.—Mr. Galbraith is engaged in drawing milk to Tamworth for the coming season.—The Boomhower family are on the sick list.—Mr. Pat Nolan has returned back to Rochester N. Y.

Good Floorwax, 49 cents at Hooper's Drug Store.

Fall Wheat Unpromising

The fall wheat situation seems to be anything but promising this year, judging from reports of agricultural representatives of the various counties in the province. Bruce County reports fall wheat to be in a fair condition with the same to be said for alfalfa and sweet clover. Prontenac clover and alfalfa have been subjected to late frosts which may result in some killing. In Haldimand the fall wheat situation is acute and this report is duplicated by Kent, where it is said that some of the acreage will have to be replanted. In Lincoln the hard frosts at night have been playing havoc with this crop. Middlesex and Peterborough Counties have been fortunate and the crop seems to be in fair condition. The recent fall of snow will improve conditions appreciably.

More No. 1 Apples

Drastic changes are possible in the Fruit Act at an early date. Under the new amendments to the act, the number two and three apples would be eliminated and all apples of good color and No. 1 quality with a minimum diameter of one and seven-eighths inches in the case of the small type and two inches in the larger type will be graded No. 1, while lower colored fruit or that with a little scab will be classed domestic. There will only be two grades in place of the four now existent. This is a result of the prejudice often expressed by consumers against anything marked No. 3 or 3. The new law would also insist that the small No. 1's be put in one package and the larger ones in another.

FRIGIDAIRE
WITH THE NEW
..HYDRATOR..
On Display in Our Windows This Week

The New Frigidaire Hydrator is something new in automatic refrigeration, a special compartment for vegetables and salad materials that require added moisture. Now you may keep all these foods delightfully fresh and full flavored. You can keep celery as fresh and crisp as it was originally. Lettuce remains so brittle that it breaks in the fingers. Tomatoes, radishes and other vegetables and greens remain tender and firm. Then too, if these materials are wilted, you may refreshen them quickly in the Hydrator and keep them in this desirable condition until used.....all in one convenient, compact compartment.

TELEPHONE COMPANIES
The Bell Telephone Company, while the largest, is far from but one of over 800 telephone companies operating in Ontario and Quebec. At the end of last year, 641 connecting companies, serving 160,000 telephones, were interchanging business with the Bell Company under mutually satisfactory arrangements. The result of this interconnection is to make for easy communication between rural and urban communities everywhere in the two provinces. 15a

A fat woman elbowed her way through the crowd, jabbing first one person and then another. Finally she gave one near-by man an unusually hard thump, and asked: "I say, does it make any difference which car I take to Mount Royal cemetery?"

"Not to me, madam," was the reply.

News and Information For the Farmer

Norfolk Leads in Reforestation

Norfolk led the counties in reforestation in 1929, when 677,000 trees were planted. The objective of the county for 1930 is 1,000,000 trees, to be planted on non-agricultural land or for windbreaks.

Spring Cultivating

Use care when cultivating in spring not to spoil a good job of plowing. If you use a toothed implement in working the soil you are almost sure to drag the stubble up and make more work for yourself in picking. The best method usually is to roll the soil before working it, then use a disc, and, if necessary, a packer to pulverize it, then sow with a disc drill.

Farm Drainage

Underdrainage of much of Ontario's farm land is recognized as necessary if profitable returns are to be secured. Underdrainage lowers the water level of soils, removes surplus water, lengthens the period for crop growing, makes cultivation easier and increases the efficiency of the soil. Tile drainage increases yields in both wet and dry seasons. Well drained soils result in lower costs of production.

That Royal Trip

In the past three years 1407 young men have participated in the trip to the Royal Winter Fair sponsored by the Ontario Department of Agriculture. This trip is being held again this year during which time the guests will have an opportunity to see for themselves many phases of Ontario's agricultural and industrial life. The contest is open to all farmers and farmers' sons and full details can be obtained from the local agricultural representative.

The Weed Act

Owing to public demand plans are under way for a more strict enforcement of the Weed Act this year. Farmers will be well advised to avoid inconvenience at or near harvest time by planning now to control weeds. Seed should be carefully cleaned. Weed polluted fields should not be seeded without proper preparation even if this requires late sowing of a special crop. Weed inspectors have an opportunity to do their most helpful and pleasant work between now and planting time.

Multiple Horse Hitches

More horses per team so that men can individually accomplish more work is being generally recognized as one way of increasing farm efficiency and reducing the cost of production of farm crops. The Ontario Agricultural College has issued a circular describing suitable hitches for four and five-horse teams.

Spring Clipping

Clipping the horses in spring is a practice claimed to be advantageous by many farmers. It is stated that clipping saves the animals much discomfort, thereby enabling them to develop a given amount of power on less feed. Thorough grooming during the working season also increases the horse's efficiency.

O.A.C. Extension Circulars

The Extension Department at the Ontario Agricultural College has just recently issued a series of extension circulars which are attractive, brief and well written. These should be very useful to those who want information regarding the various subjects dealt with. They are—

Circular No. 1— "Debates."

Circular No. 2— "Multiple Horse Hitches."

Circular No. 3 — "Fertilizer Questions and Answers."

Circular No. 4— "Farm Drainage."

Circular No. 5— "Tillage Organic Matter and Crop Rotation."

Circular No. 6 — "Soil Reaction Lime and Manure."

Crop Meetings

That farmers are anxious to improve their condition is evidenced by the large attendance at special crop meetings this year. Special speakers are provided by the Ontario Department of Agriculture to communities requesting their services. G. A. McClarke agricultural representative in Huron, reports an attendance of 825 at a series of meetings in all parts of the county. This was an average of 55 at each point. The Lincoln County average was over 75. In Wellington the average was over 100. Special meetings of this kind are being conducted in about 30 counties. The demand for speakers is so great that there has been difficulty in supplying suitable speakers. As these men are practical farmers and most of them running large farms, it has been difficult to persuade them to leave their private affairs to render this public service.

Seed Potatoes

The term "Seed" when applied to potatoes means something more in future. It is illegal to advertise or offer for sale potatoes described as "Seed" unless they are grown and free from serious diseases and have been so certified by an inspector of the Federal Department of Agriculture, who has inspected the growing crop and also the tubers after harvest.

This is governed by regulations of the Destructive Insect and Pest Act, amendments to which became effective on March 12, 1930.

Soils Train Appreciated

A. E. G. Smith, superintendent of the Soils and Crops Train, says "we are getting all the people we can handle properly. Questions are numerous as farmers are eager for information on their problems but particularly those connected with soil management, chemical fertilizers and weed control." The train, directed by the Ontario Department of Agriculture co-operates with the Canadian National and Canadian Pacific Railways, is making 55 stops in Eastern Ontario. The attendance to date has averaged over 300 at each stop, the highest being 1000 at Belleville.

"Wonderful Varieties."

At this time of year there are usually some agents offering new varieties of grain and other crops at fancy prices. Extravagant claims are made for these which are alleged to offset the price and leave a very favorable balance. If farmers can procure more suitable sorts than they are now using they should do so, by all means, but why not permit the government farms to do the experimenting. Trained experimenters at these stations are testing hundreds of varieties every year and no farmer is justified in paying a high price for "something new" until he learns how these kinds have produced in comparison with others on government farms.

Better Seed in Demand

The crop report for the later part of March comments on the increased interest which has been manifested in better seed. The demand for registered grain and certified potatoes is keen and supplies of such stock are rapidly becoming depleted. Although it is too early yet to make definite statements about the condition of fall wheat and clover a great deal of anxiety prevails throughout the southern part of the province.

Renewed attacks on the corn borer are described in the report from Essex County. Brood sows are fetching as much as $75 apiece at sales in Lanark County while in Leeds farmers have been disappointed over the stopping of the sap flow. In Muskoka and Parry Sound live stock is better than had been anticipated with, conditions in general about normal. Norfolk will use about 325 cars of fertilizer in 1930.

ONE GOOD RECIPE MAKES A COOK FAMOUS

In the winter there is such a glorious variety of fruits and vegetables with which to compose salad masterpieces. When a crisp salad accompanies a meal composed of hearty winter foods, it brings with it more than the appeal of its vivid color and delicious flavor, for it has as well the health giving minerals and vitamins which are necessary.

For a Fruit Salad with Cheese Dressing, remove the pulp in sections from two grapefruit. Chop one third cupful of pecan meats coarsely and add them with three-fourths cupful seeded Tokay grapes to the grapefruit sections. Add a cheese dressing by mixing together in a bowl four tablespoons of salad oil, one tablespoon of grape fruit juice, one half tablespoonful of vinegar, one teaspoonful of salt, one eighth teaspoonful of pepper, one-fourth teaspoon ful of paprika and one tablespoon of finely chopped Roquefort cheese. Beat with a fork until thoroughly blended. Serves six.

PEPPERMINTS.

With a delicious bitter chocolate coating. 20c per lb. at WALLACE'S week end sale.

NEW FREEZING PROCESS NOW USED

The rapid development of the quick freezing process of preserving fresh cut meats to be sold in packaged form is said to be one of the most revolutionary developments in food merchandising since the advent of canned foods.

The new system for butchering the carcass promptly into individual cuts, which are frozen solid in air tight wrappers and chilled to 50 degrees below zero. It is claimed that the quick freezing process brings the meat to the consumer with the weight, flavor, texture and appearance unchanged.

The present cost is about 2.45 cents per pound which is expected to be reduced under large scale production. Savings will be realized in the elimination of waste. Transportation savings are expected, since the space taken up by packaged meats is less.

It reduces losses. Shields chicks from disease by providing abundant vitality and at the same time builds husky bodies. Blatchford's Chick Mash raises every livable chick—rapid growth—early, profitable maturity. *It's all in the start—Start right.*

Raise calves you'll be proud of.

FASCINATING LINKS IN CANADA'S HISTORY

Tracing back to the time of the Chippewa Indians there are a few extremely interesting relics to be seen in the Dominion Archives. In a case is the sash of a deep American Beauty shade, with the silver wristlets and armlets which were worn by Rev. Henry P. Chase, who was the hereditary chief of the Chippewa band of Indians, near Cobourg. These were worn by Rev. Chase on official occasions when he was with his band of Indians.

The armlets and wristlets are deep bands of silver, the one worn just above the elbow and the other as the wrist. Another interesting bit of history which is recorded at the Archives is an armlet which was worn by an Indian, made of heavy metal, and which was designed to carry scalps. A portion of a scalp is in the possession of the Archives with the accompanying armlet. On the wristlet which belonged to Rev. Chase was engraved the British coat of arms.

In the same case is a large silver medal which was worn by his grandfather in the war of 1812 and a small silver medal presented Rev. Chase when King Edward VII visited Sarnia as Prince of Wales.

The articles were donated the Dominion Archives by his daughter, Miss Minnie A. Chase, of Sarnia.

CANADIAN STOCKS FELL $5,000,000,000 IN MARKET COLLAPSE

Definite figures on what the collapse of the stock market late this year meant to the people of Canada are now available. The amount was more than five billions of dollars, or more than twice the gross funded debt of the Dominion. Statistics available on 554 listed and unlisted securities of 12 classes show a depreciation of $4,652,965,183, the market value having dropped from $9,535,239,029 to a total low valuation of $4,882,273,846.

Here is the depreciation by classes on common and preferred stocks. Bonds are not included.

Number of Stocks	Depreciation
132 General Industrials	$1,923,144,304
118 Mines	653,424,893
37 Public Utilities	456,870,594
17 Traction	356,654,668
73 Iron and Steel	352,977,861
7 Transportation	230,585,250
29 Beverages	196,590,897
21 Paper	168,624,022
3 Banks	147,296,656
71 Milling and Foodstuffs	122,261,904
22 Textiles	22,748,864
16 Trust, Loan and Investment Companies	19,275,288
Total	$4,652,965,183

The above list, it will be noted, does not take into account Alberta Oils and other securities, the inclusion of which would bring the total drop in the potential spending power of Canadians to well over $5,000,000,000.

Husband And Wife Both Find Them Beneficial

Ontario Lady Strongly Recommends Dodd's Kidney Pills

Mrs. N. Beaudette Used Them For Lumbago and Her Husband For Rheumatism.

Maple, Ont., April 8th. (Special) — "Having obtained great relief from Lumbago by the use of Dodd's Kidney Pills, I would never be without them," writes Mrs. N. Beaudette, RR No. 3, Maple, Ont. "I always keep two or three boxes in the house. My husband takes them for Rheumatism. He says there is nothing helps him like Dodd's Kidney Pills. We trust that these few lines may be the means of helping others."

The natural way to treat Rheumatism and Lumbago is to treat the Kidneys and the natural way to treat the Kidneys is to use Dodd's Kidney Pills. Rheumatism is caused by the presence of uric acid in the blood. If the Kidneys are doing their duty they will strain all the uric acid out of the blood and there can be no more Rheumatism. Therefore, put the Kidneys in shape to do their duty by using Dodd's Kidney Pills.

He: "Am I the first man you have ever kissed?"

She: "Of course! Why do all men ask the same question?"

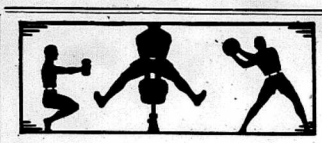
S.S. TEACHER GETS BACK HER HEALTH

"I was in an awfully nervous and rundown condition for something like six months, but Sargon strengthened and invigorated me and restored me to splendid health again.

MISS MARGARET LANGLEY

"I practically lost my appetite and sometimes the sight of food would nauseate me. My strength and energy were far below normal. My sleep was restless and mornings I was tired and worn out. Sargon restored my appetite. I sleep fine, am full of new strength and have gained five pounds in weight. My friends frequently remark on how well I look." — Miss Margaret Langley, 205 Erskine Avenue, Toronto. Miss Langley teaches a Sunday School class at the Church of the Transfiguration.

Sargon may be obtained in Napanee, at Hooper's Drug Store, who has been awarded the exclusive Sargon agency for this town.



STRENGTH *for a few cents*

So easy to get Health and Strength for a few cents if you know what food to buy. It is what you digest that builds muscle and bone and furnishes energy to the body. Shredded Wheat is the whole wheat in a digestible form—proteins, carbohydrates and mineral salts for building good bones and teeth—and it costs but a few cents. Delicious with milk and stewed fruits.

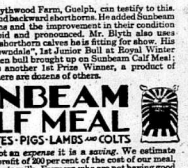
"CANADA'S GREATEST SEED HOUSE"

TORONTO - HAMILTON - WINNIPEG - REGINA - EDMONTON

This is the Cheapest way to Raise a Calf

Milk is worth 28 cents a gallon, whereas Calf Feed prepared from Sunbeam Calf Meal costs only 9 cents a gallon. Farmers using Sunbeam Calf Meal can sell their cow's milk and save 19c a gallon. This particular Calf Meal is a complete substitute for cow's milk, and, after the fourth week, the cow's milk can be eliminated altogether. This is a great saving and the calves thrive on this feed and grow strong, heavy and healthy. Mr. Blyth of Blythwood Farm, Guelph, can testify to this. He had some unthrifty and backward shorthorns. He added Sunbeam Calf Meal to their rations and the improvement in their condition and appearance was rapid and pronounced. Mr. Blyth also uses Sunbeam Calf Meal for shorthorn calves he is fitting for show. His "Blythwood Village Browndale", 1st Junior Bull at Royal Winter Fair, 1929, was a specimen bull brought up on Sunbeam Calf Meal; "Silver Browndale" was another 1st Prize Winner, a product of Sunbeam Calf Meal. There are dozens of others.



"BLYTHWOOD SILVER BROWNDALE" Ontario Winter Fair Champion

SUNBEAM CALF MEAL

FOR CALVES · PIGS · LAMBS AND COLTS

Sunbeam Calf Meal is not an *expense* it is a *saving*. We estimate that a farmer makes a profit of 200 per cent of the cost of our meal, by using it instead of cow's milk. Farmers who are not having good luck with their calves should correspond with us for "feeding pointers". Readers can have a copy of our "Feeding Directions" by writing for it, and we are glad to send it.

Let us arrange to send you a trial shipment; results show almost immediately. 100 lb. Bag $4.50 or 2 lb. Bag $1.35. Shipped f.o.b. Toronto, on receipt of price, or, if more convenient, we prefer you obtain it thru your dealer.

WILL BRING BACK PRISONER
Sheriff W. C. Vandervoort, of Napanee has been advised by General W. A.-S. Williams to proceed to Winnipeg with Provincial Constable James Barrett to bring back James Wilson, who escaped from Napanee jail a few weeks ago and who was arrested in Winnipeg. Wilson received two sentences at Napanee and will face additional charges at Napanee.

THE MEN'S FORUM
The final meeting of the Men's Forum was held in "Wonderland" Theatre on Sunday. For three months these Sunday afternoon meetings for men have attracted a large and enthusiastic audience. The minister of Deseronto and Belleville, and was identified with several medical societies and also a member of Provincial District Board of Health.

He had served as rector's and as people's warden at St. Thomas Anglican Church. He was also a member of Deseronto Masonic Lodge and a member of the Belleville Bowling Club.

Surviving are his widow, formerly Miss Lillie Solmes, and a daughter, Miss Jean Clinton, at home.

BASKETBALL
Girls 37 — Boys 38

Talk about a basketball game and basketball players, well we have one of the finest girls' teams in Ontario and that takes in a big territory. The girls played a boys' team from the town Monday night and the girls won by the score of 37 to 30-38. And it still remains their winning streak to be broken and I guess it is pretty safe when the boys can't trim them. So it looks as if when they journey to Renfrew on Friday to play Renfrew on Saturday, they will bring home the proverbial bacon. Anyway we wish them all kinds of luck possible and are sure good to have one winning team in Napanee.

Boys' Team — L. Merrett, F. Vick, G. Gibson, C. Graham, B. Herrington.

Girls' Team — D. Wilson, D. Anderson, Gibbard, G. Joyce, M. Embury, M. Daly, Milligan.

THE LATE MRS. THOS. MARTIN
The death occurred on Friday at the residence of her sister, Mrs. Henry Armitage, Napanee, of Mrs. Thos. Martin, at the age of 72 years and 7 months. On Wednesday the deceased suffered a stroke and owing to its severity, little hope was held out for her recovery. The late Mrs. Martin was born near Hamilton, but had spent the greater part of her life in this district. Previous to coming to Napanee, Richmond she residing near Selby for many years. She always took a particular interest in the work of the church, and while a resident of Selby was a prominent member of the Methodist Church of that village. Her husband predeceased her about twenty years ago and had resided with her sister, Mrs. Armitage. She was a member of Trinity United Church and owing to illness in the home of her minister, Rev. Harry Pawson, the service on Sunday afternoon was conducted by Rev. Dean Farnsworth, of Belleville, a former minister of the Selby Church, who in the course of an appropriate sermon, referred to the exemplary Christian character of the deceased lady. Surviving are two brothers, Peter Huycke and John Huycke and two sisters, Mrs. Armitage and Mrs. E. J. Symmith, of Napanee. The remains were laid to rest in Riverside Cemetery. The pall bearers were six nephews, Albert Martin, Guy Huycke, Fred Armitage, Ray Symmith, Ross Symmith and Ralph Symmith.

Garden and Flower Seeds at Hooper's Drug Store.

AUCTIONEER
S. E. Gallagher, licensed auctioneer for Lennox County, all classes of sales promptly attended to and I also attend to advertising and billing rates, reasonable. Call Adolphustown Central, at my expense. 15b

NOTICE
A meeting of the Lennox and Addington Baseball League will be held at the Pakley House, Napanee on Friday evening, April 11th, at 8:00 o'clock. Teams wishing to enter should have delegates present.— E. C. DAVERNE, Secretary. 15a

PERMANENT WAVING
On May 5th and 6th, Mr. Curry, of Lucille Hair-dressing establishment, Toronto, will do Naturelle Permanent Waving at the Florence Beauty Parlor. The process is improved and painless. 'Phone 231 at the earliest opportunity, as arrangements are being made now to accommodate customers. 15c

LOST IN BUSH
Mr. Zeph Dean, a widely known and respected farmer of Richmond Township has been lost in the bush, near his home since early Monday morning. Mr. Dean started for the sugar bush of a neighbor, Mr. Garfield Sills on Monday morning, and although a search has been made by more than fifty men, no trace has yet been found of him. Yesterday afternoon the aid of the Provincial Police was enlisted.

RAN INTO HORSE AND WAGON
Sentenced to Seven Days

Charged with being under the influence of liquor while driving a car, Martin Cummings, of 361 Front St., Belleville, Ont., was sentenced to seven days in county jail. While driving in an intoxicated condition Mr. Cummings ran into a horse and wagon, owned by E. B. Bone RR No. 3, Napanee on Saturday, April 5th, much damage resulting out of the collision.

HOLSTEIN BREEDERS' SALE
We are glad to report that Mr. Archibald Purdy & Sons, of the Greatest View Stock Farm, had a very creditable consignment at Belleville Holstein Breeders' Sale last week. The cow "Daisy Pauline Pietretze 2nd", going to the Kemptville Agricultural School for $410.00, which was the highest price a cow of the sale.

Those who are going to this school made the eighth institution or experimental farm in Canada that has blood lines of his herd is represented. At the Dominion Farm at Ottawa, they have eight grand-daughters of one cow alone This not only a good record but is also, a great achievement for Parks' herd in Lennox County.

OLDEST GRADUATE OF QUEEN'S DEAD
Dr. George Clinton, who was the oldest living graduate of Queen's University, and who until a few years ago was classed among the leading surgeons of the province, died in Belleville on Friday last, following a lingering illness.

Following his graduation, he was associated with Dr. Yates, of Kingston, and was the first house surgeon of Kingston General Hospital.

He was the head of a distinguished English family, his great-uncle, General Clinton, having been a British commander during the American Revolution.

Mr. Clinton was born in Prince Edward County and lived his entire life at Deseronto and Belleville, and was

FREE SHOTS ON *Local Sport*

Well, it's about time something was done.

* * *

At last, they are saying: "We are going to Renfrew Saturday" as though they meant it.

* * *

It will be a sad day for Renfrew when a real basketball machine steams into town.

* * *

They may not know it but in Napanee men are men and women are basketball players.

* * *

There ought to be a great crowd go with the girls just a nice drive for a day.

* * *

If anybody wants to go and hasn't a way yet, see Eddie Watts or Harold Anderson; they have lots of room in their Ford coupe.

* * *

I hope to go, not only to see the first real basketball team this town ever turned out win the Eastern honours, but also to get a few pointers.

* * *

The local girls are going down under a pretty good handicap.

* * *

In the first place they have to play a championship team on their own floor.

* * *

Then, too, they will have to play after a long, tiresome car trip while the Renfrew ladies can sleep all morning if they want to.

* * *

And lastly, they have had no stiff competition for so long that if a team ever had the chance to go stale, they have.

* * *

However, in spite of all this, I think that the blue-yellow-blue will come home with the silverware. And if it was home-and-home games, they would lick the tar out of them.

* * *

It would be a lot easier on the team if they could finance the trip either by bus or by train, because after a trip like that the girls will be pretty tired.

BASKETBALL

In one of the speediest rage exhibitions played here in many a moon, the Belleville Y's Men defeated the Gibbard Basketeers by 53 to 24. The victors came down with the intention of showing the factory boys, how this game is really played and succeeded pretty well. Belleville went through to the Provincial finals and were only beaten by Niagara Falls all that you have to do is play against them to know that they are the second best intermediate team in Ontario.

The winners started off at breakneck speed and kept the pace hot through most of the forty minutes of their thrilling passes, rear the basket, are very effective. In fact their whole team play is superb in every way. They can shift their men to any position without, apparently, weakening the team.

The Y's were completely outplayed at times, although when the experience of the two teams is considered, it can't be wondered at, the fast-breaking visitors did not give them time to get their "man detailed" set, which was so effective in holding Belleville on their own floor. Gibbards were handicapped too by their lack of subs.

The following is the line-up. The numbers after the players' name, represents the number of points he scored.

Belleville— Forwards, Davison (10), McFee (12), Centre: Faulkner (9) Guards, Alexander (6), White (9), Subs, Weir (6), Evoy.

Gibbards — Forwards: Wilson (4), Stewart (10), centre: Gibbard (5), Guards: F. Bentley (2), T. Bentley.

IT'S MADE TO WALK ON
For hardwood floors, linoleums, etc., use Sherwin-Williams Mar-Not Varnish. $1.75 per imperial quart can. At Hooper's Drug Store.

"It is ridiculous to say that it is against the interests of the nation for women to work."—Viscountess Rhondda

MAPLE LEAF INSTITUTE

The April meeting of the Maple Leaf Women's Institute was held at the home of Mrs. W. O. Pivnia, with an attendance of forty-five. This was our Grandmothers' Day and we were justly proud in having with us six grandmothers in their cape, aprons and shawls and carrying their knitting needles. The meeting opened in the usual way, roll-call being answered to by "My First Photo."

The blocks of the autograph quilt were mostly all joined in and a very glad to announce that when all blocks are in, we will have the splendid total of $79.10. We wish to thank all who so kindly helped in any way with this. It was decided that the member handing in the most money received for the quilt, Miss Hazel Cummings was the successful one; she having handed in twenty-three dollars and worked seven blocks.

Miss Beatrice Sager gave a splendid paper on "Pioneer Days," which received very hearty applause. Mrs. C. Asselstine, of Napanee, graciously favored us with a vocal solo, also receiving hearty applause.

Mrs. Fred Hamm gave a very interesting paper on "Do and Don'ts for Women's Institutes," giving fifteen do's and fifteen don'ts.

This was followed by a very interesting debate: "Resolved that active middle age surpasses youth in the enjoyment of life." Mrs. Isaac Asselstine and Mrs. Vanneet very ably upheld the affirmative side and the negative side was supported by Mrs. Raymond Preis and Mr. Albert Hill. The judges, Mr. Corkill, Mrs. MacLean and Miss Helen Vankoughnet, decided in favor of the affirmative.

A very unique feature of the meeting was the presentation of two lovely bouquets of daffodils by Miss Dorothy Dimmings to the two oldest grandmothers present, Mrs. John Milling and Mrs. J. J. Galt.

A delicious lunch of Johnny Cake, maple syrup, apple sauce, fruit cake and tea was served, after which a hearty vote of thanks was tendered to the judges, those who assisted in the program, and the "hostess, Pollow." This, there were prepared:—

The King — Proposed by Miss Hazel Cummings, answered by singing one verse of God Save The King.

The Institute — Proposed by Mrs. Mary McCracken, answered by Mrs. Carmon Day.

The Grandmothers — Proposed by Mrs. Carmon Day, answered by Mrs. J. W. Cummings.

A delightful afternoon was brought to a close by singing one verse of "God be with you till we meet Again." Collection $4.25.

EMPEY HILL

The birds that sit carolling outside our doors do not allow us to forget that the glorious days of summer are nearly here, and that the regular monthly meeting of the Ladies' Aid was held at the home of Mrs. M. P. Hubbard, April 7th. There was a large attendance and dainty refreshments were served at the close. Mr. and Mrs. W. Pingry were visiting on Sunday at the home of the latter's sister, Mrs. Bessie Oliver.—We are sorry to hear that there has been no trace, as yet, of the whereabouts of Mr. Deanon Hall. Mr. Howe has been looking around his old homestead and has been visiting his many friends, Mr. Hall and others in the vicinity.— We are all looking forward to the play, "No Men Admitted," which is to be held on April 26th at Empey Hill Church.— Mr. and Mrs. Frank German entertained a number of guests on Thursday evening. A number from this vicinity attended the funeral of the late Mrs. Elizabeth Martin, held at her sister's home, Mr. Henry Armitage's, Napanee, on Sunday, April 6th.

ONE GOOD RECIPE MAKES A COOK FAMOUS

Butter and eggs are almost synonymous. It has always been known that eggs are very rich in vitamines and are health builders. But it was only recently discovered that the egg yolk ranks next to cod liver oil in the list of natural foods to prevent rickets and other diseases of childhood.

Eggs may be only so good for breakfast but for luncheon and for dinner as well as in any guise from canape to dessert, as in all interesting and appetizing dish.

Egg and Anchovy Canape

3 Hard boiled eggs; 1 tablespoonful cooked shallots; ½ teaspoonful lemon juice; 2 teaspoonful catsup; ½ teaspoonful worcestershire sauce; 2 drops tabasco sauce; ¼ teaspoonful paprika; ½ teaspoonful salt; 1/16 teaspoonful pepper; 6 rounds of toast or toasted wafers, 6 anchovies.

Chop the hard cooked eggs fine and mix with the other seasonings. Spread on toast or wafers. Curl up the anchovies and place one on each canape. Serves six.

MORE CALLS COMPLETED

During the past year, public support of the Bell Telephone Company served to increase the percentage of local calls completed results Mr. Fetherstonhaugh, company's annual statement, in over 90,000 more exchange calls being completed during 1929 than in 1928, and this despite a greater use of the telephone. In long distance calls completed, the gain was 10 per cent. higher than for the previous year.

Kodak Films at Hooper's Drug Store.

NOTICE.

Cattle only will be taken for pasture at the farm of the undersigned, Archibald Green, for the season May 1st to November 1st, at $6.00 per head payable one-half when removed. The undersigned has put the fences on the farm in good order and will not be responsible for damage done to or by the cattle.

U. M. WILSON,
16tf Napanee.

BATH

OUT-OF-TOWN CALLS—QUICKER AND CHEAPER THAN EVER

The Nicest Remembrance of All

On Birthdays

On Anniversaries

To Wish Bon Voyage

To Renew Friendships

ALONG distance call — that carries your, voice, your personality — is the finest remembrance you can send on a birthday, anniversary or any other occasion. It carries a touch of intimacy no other remembrance can bring.

And what other gift could you send that would cost you so little and give so much pleasure. Just look over the long distance rates in the front of your telephone book and note the unusually low cost since the recent rate reductions.

Call by number and tell the long distance operator "anyone there will do." This gives you the low station-to-station rate.

If you call after 7 in the evening the cost will be about 25% lower than the day rate; and from 8.30 p.m. to 4.30 a.m. the rate is about half the day rate. (These reductions apply on "anyone" calls only.) Long distance today is quicker, cheaper and more dependable than ever before.

THE BELL TELEPHONE COMPANY OF CANADA

Quoting a Diplomat's Opinion—

"... our April offering list emphasizes that Canada is on the threshold of enormous economic development. Prospects are brighter at present than at any time in its history.

"Briefly indicates a few out standing and representative Canadian securities which, if you invest in them, should enable you to participate in this material growth. We would appreciate the opportunity of discussing these securities with you.

But it wandered into Wall Street
And now it needs a sweater.

Presentation and Address.

On Friday evening March 14th, a number of friends and neighbors gathered at the home of Mr. and Mrs. Roy Smith. Ingle and spent the evening before their departure to their new home at Hawley. During the evening the following address was read by Mrs. Frank McLaughlin.

Dear Roy and Mabel.

We, your friends and neighbors having learned that you are about to take up residence in another locality, have assembled here this evening to give you a cheery farewell and wish you every success in your new venture.

You have spent a goodly portion of your life among us, and the place you are leaving vacant in the community, will be a hard one to fill. We have the consolation that what is our loss will be another's gain and that the few miles which will separate us will not prevent you from renewing old acquaintances in this vicinity at frequent intervals. We assure you that the latchstring will always be out for you and a ready welcome will await you whenever you may find occasion to visit us.

As a slight token of our high esteem for you and as a remembrance of your friends of Ingle and vicinity, we ask you to accept this clock and salad bowl.

And now, dear friends, it is our sincere wish that you will enjoy the best blessings of health and happiness and that fortune will smile warmly upon you, who deserve it so well.

Signed on behalf of your friends and neighbors: F. M. McLaughlin, C. H. Young, Mrs. Robt. McLaughlin, Mrs. Ambrose Way.

No surgical operation is necessary in removing corns if Holloway's Corn Remover be used.

RICH BEQUESTS UNDER WILL FOR

RELATIVES IN ONTARIO

Now York — Bequests ranging from personal effects to $85,000 are provided for Ontario relatives of the late Mrs. Emily S. Dodge, widow of Frederick Warren Dodge, publisher of trade journals, according to a transfer tax appraisal of the estate filed by Comptroller Stephenson, Tuesday April 8th.

Alexander Cromier, of Napanee, a brother of the testator, was left $85,000, while a sister, Jennie Pringle, of Arden, will receive $60,000 and personal effects valued at $75. Two other brothers, Robert James Crosier, of Dromanolla and William George Crozier, of Kingston, are bequeathed $40,000 each.

Mrs. Dodge died October 14, 1928. The gross value of her estate is $1,180,505 and the net $1,070,213.

"Woman deserves respect, but she wants love more than she wants respect."—Dr. Fritz Wittels.

BAY CIRCUIT WEST W. M. S.

The Easter meeting of the W. M. S. was held on Wednesday, April 9th, at the home of the President, Mrs. A. C. Parks, with an attendance of twenty members and three visitors.

The president opened the meeting by everyone singing the hymn: "We Praise Thee O God," which was followed with prayer by Rev. Bickel. The minutes of the last meeting were read by the secretary and the the treasurer gave her report. Mrs. Parks read a letter from Mrs. Bogart, a member of the Auxiliary, who at present, is in Waterville, a generous donation being enclosed. The roll call followed and several payed their fees at its conclusion, and another liberal donation was received.

Mrs. T. Parks read an interesting letter from Mrs. B. Harrison, missionary in Africa, which everyone enjoyed. Mrs. P. Huyck also read a letter from the Missionary Monthly, from Japan. Hymn: "I Love to Tell the Story," was sung.

Rev. Bickel explained part of a chapter from the Study Book, "From Jerusalem to Jerusalem." The collection was then received, the amount being $4.91. Mrs. F. E. Parks then read a letter to the society, after which the Easter Service programme followed; Rev. Bickel favoring the gathering with a solo: "Low in the Grave He Lay."

Mrs. Parks then asked each member to answer the roll call at the next meeting with a passage of scripture containing the word "joy."

Mrs. W. Huffman thanked the Society for the kindness shown to her during her recent illness.

The hostess then served a dainty luncheon and a vote of thanks was moved for her kind hospitality.

The May meeting will be held at the home of Mrs. Walker Huffman.

"To think is to do." — Benjamin DeCasseres.

YARKER L. T. L.

The last regular meeting of the Loyal Temperance Legion was held at the home of Bessie and Borden Leonard, on April 2, with the President, Borden Leonard in the chair.

The meeting was called to order by the "Salute" followed by the song: "Some Glad Day."

The scripture reading on "The Law of Life," was read by three members.

The Legion prayer was repeated in unison and the song "Beautiful Motto" was sung. The members repeated the Legion pledge.

The roll-call showed twenty-nine members and two visitors present. The minutes of the previous meeting were read and approved. Fifteen communications were read from those who had been ill. The "Sunshine" Committee reported that many had been shut-in and had been remembered. The treasurer's report and flower mission offering were received. This was followed by the song "Onward Loyal Legion."

This being the third anniversary of the organization the Legion was honored by having as their guest, Mrs. B. P. Dennison, of Selby. Provincial Secretary of the W. C. T. U., who favored the Legion with an address: "The Royal Family from the time of the Childhood of Queen Victoria up to the Present," illustrating her discourse with pictures. Mrs. Dennison then took charge of the pledge signing, nine new members being enrolled, which was followed by the beautiful hymn: "Jesus Wants Me for a Sunbeam."

Miss Redden gave a splendid explanation of the new lesson, bearing on "Character."

The election of officers then took place for the ensuing year:—

Honorary President—Borden Leonard
President — Moyneth Underwood.
1st. Vice-President—G. Shangraw.
2nd Vice-President — Lois Edgar.
Cor.-Secretary. — Lillian Silver.
Pianist — Pauline Buck.
Press Reporter — Mary Wallace.
Treasurer — Isabelle McKenzie.
Sunshine Committee — Norman Mac Farlane, Leonard Buck, Reginald Freeman, Eileen Tupah, Audrey Cowdy, Dorothy Warner.

Readings were read bearing on the lesson by the President: "Boy Builders"; by Jean Wright: "Use Me."; Moyneth Underwood: "My Wishes." Lois Edgar led the aims and objects, followed by the Legion rally cry.

A hearty vote of thanks was tendered to Mrs. Dennison for coming over and assisting with the evening programme. The meeting closed by the singing of the National Anthem; the temperance benediction was pronounced and all joined hands and repeated the Mizpah.

The next meeting will be held at the home of Reginald Freeman on May 7th.

Mrs. Leonard, superintendent, treated the children to oranges and bananas.

"No human being has the right to remain idle, or semi-idle." — Viscountess Rhondda.

Woman Fears Gas —Eats Only Baby Food

Public Health Notice

Notice is hereby given that ALL HOUSEHOLDERS and OTHER PERSONS residing in the Municipality of the Town of Napanee must remove all putrid and decaying animal and vegetable matter from all cellars, buildings and yards, and must clean out any foul or offensive drain, ditch, gutter, privy, cesspool, or ash pit, kept or so constructed as to be dangerous or injurious to public health, and must also remove any accumulation of dung, manure, offal, filth, refuse, ashes, or stagnant water, on or

BEFORE MAY 1st

1930, as provided by the Public Health Act.

Notice is also hereby given to all owners and occupants of property in the Town of Napanee, that on and after said May 1st all premises will be inspected, and if found in an unsanitary condition, will be ordered to be vacated until put in a sanitary condition.

Any neglect or refusal to remove or abate such matter or thing as aforesaid shall subject the person or persons so neglecting or refusing to a PENALTY of not less than $10.00 nor more than $50.00, in the discretion of the convicting Judge or Magistrate.

Any complaints against the violation of the Public Health Act should be made to A. E. Cook, Sanitary Inspector for the said town of Napanee.

A maximum charge for cleaning closets has been fixed by the Board of Health. Any person considering themselves overcharged will refer the matter to the Sanitary Inspector.

By order of the Board of Health.

J. B. WILLOUGHBY,
Medical Officer of Health.
W. A. GRANGE,
Secretary Local Board of Health.

"I understand," said the householder of another village to a friend, "that you used to knew the person who is coming to our church?"

"Is he a good man?" asked the householder. "All that I mean is, has he any faults or anything against him?"

"He is certainly a very good man," said the friend, "and since you press me, I will tell you that he has one very grave fault."

"What is that?"

"He doesn't know how to sing," came the answer.

"But my good fellow, that's not a very grave fault."

"Admitted," returned the friend; "but, you see, he sings just the same as if he did know."

APPLE-TREE BORER CONTROL

The Round-headed Apple-Tree Borer is an orchard pest which is causing losses of economic importance in Quebec, and one which should be watched for wherever apples are grown. For seven years now the Entomological Branch of the Dominion Department of Agriculture have been studying this orchard pest and find it one which it is difficult to control, as the larva which does most of the boring may be at work a year or more before its presence is detected; in combating the pest woodpeckers are of some help, the mounding of young trees in nurseries is desirable, wire wrappers around the base of the trunk help, arsenic sprays are of some use, but the most practicable and effective method is to apply a paste of raw linseed oil and calcium cyanide with a brush to the parts of the tree where cuttings from borings are noticed. This mixture should be applied under Quebec conditions from May 25 to June 5. The mixture will not injure the trees.

For Scalds and Burns.—Dr. Thomas' Eclectric Oil is a standard remedy for the prompt treatment of scalds and burns. Its healing power quickly soothes the pain and aids a speedy recovery from the injury. It is also an excellent remedy for all manner of cuts, bruises and sprains, as well as for relieving the pains arising from inflammation of various kinds. A bottle in the house and stable saves many a doctor's and veterinary's fee.

Helen—Why do you wait fifteen minutes after you arrive to kiss me?"

Carl—"I have to wait for the paint to dry."

Many children die from the assaults of worms and the first care of mothers should be to see that their infants are free from these pests. A vermifuge that can be depended on is Miller's Worm Powders. They will not only expel worms from the system, but act as a health-giving medicine and a remedy for many of the ailments that beset infants, enfeebling them and endangering their lives.

Canadian Gardening Service

ANNUAL FLOWERS

Annual flowers might be employed much more largely to improve home surroundings and supply bouquets for indoor decoration, according to W. S. Blair, of the Dominion Experimental Farms. They are easy to grow, he says, and will do well in almost any garden soil. With a few exceptions, they may be sown in the open ground in early spring, as soon as the soil can be prepared. If a good stand of plants results, thin to about six inches apart. Group planting in borders, or at the base of shrubbery, rather than formal layouts is advised and this will require less work, and will give a more pleasing effect. Those sorts suitable for cut flowers should be planted in rows in the vegetable garden so that there will be an ample supply of bloom for this purpose, and the regular beds will not be disfigured. For edging, Sweet Alyssum, Little Dorrit, and Candytuft (white); Tagetes signata pumila (yellow), and Lobelia, Crystal Palace Gem, and Dwarf Ageratum Blue Star (blue) are very satisfactory. Of the everlastings, Helichrysum (strawflower), Acroclinium, Globe Amaranth, Gomphrena, and Statice are the best. For cut flowers, as well as for general planting, the snapdragon (antirrhinum) is one of the best. It is usually started inside. The annual single chrysanthemum and the double variety Bridal Rose are both good. Coreopsis Drummondii and C. Tinctoria are two of the best; these may be seeded outside. Cosmos should be more extensively grown. The annual Larkspur may be seeded outside, as well as Gypsophilla, Gaillardia, Lavatera, Scabious, Sweet Sultan, Batchelor's Buttons, Shirley or other poppies, Schizanthus, Nemesia, Nigella, Sunflowers in variety, Mignonette, Nasturtium, Swan River Daisy, African Daisy (Dimorphoteca) Calendula, China and Indian Pinks (dianthus) Lupine, Eschscholtzia and Salpiglossis.

First Vegetables

Vegetables like spinach, lettuce, radish and peas are among the first to be harvested, but there is no reason why they should be confined to the early part of the season as is so often the case. By using an early, medium and late type of each one, and sowing all at the same time, one will have a much longer season than usual, but if only a portion of each packet is sown the first week, and the remainder at intervals of a week for a month, we would have a longer season still. Head lettuce should be sprouting in boxes or hotbeds by this time to be ready to transplant into permanent quarters as soon as it is safe to do so. Many gardeners refuse to bother with headless head lettuce any longer and have taken to the Cos variety. This grows upright, with long leaves which enclose the heart, and it is self-blanching. A little tying up will hasten the process. The new spinaches, which will grow and grow without going to seed are a big advance over the old types. They give a bigger and better supply of leaves and some can be cut down to within an inch of the ground and will grow up again. White Portugal and any of the Globe varieties are now popular Onions and can be early grown from seed. These may be used green or for pickling. All vegetables must be grown quickly if they are to be crisp when brought to the table. A check in growth makes them tough. To prevent such an occurrence, especially when the weather is inclined to be cool, it is well to apply some quickly available fertilizer.

Asparagus

Asparagus is easy to grow, and once established furnishes a supply of delicious vegetable which is worth real money when one goes out to buy it. For a small bed it is best to buy two-year old roots, but in the average-sized garden the most economical way is to start the plantation from seed. The Washington variety is generally conceded the best. A bed may be established in three years from seed, and in two from roots. The seed should be soaked in warm water for twenty-four hours before planting and sown in drills outside as soon as the ground can be worked, as it is rather slow to germinate. The plants should be allowed to grow in the seed row for a season, and the following season the strongest and straightest shoots should be selected to form the bed. The plants should be spaced two feet apart in rows four feet apart, or three feet each way.

Testing The Soil

Serious results are sure to follow the working of the soil too soon. Let the ground become dry, if necessary work off your fever on indoor planting or indoor plannings. It is a simple thing to test whether the soil is ready or not. All that is necessary is to take up a handful and squeeze. If it compacts into a lump in the hand, it is too wet to work but if on the contrary, it crumbles when squeezed it is probably in just the right condition for working.

MAN'S POOR BACK LAME AND ACHING

Some backs ache all day long—a steady aching soreness—it seems to the man afflicted that at times his back was breaking!

When you come home from work at night with a back so sore, lame and weak that you feel mighty sure you won't be able to go to work in the morning—DO THIS:

Get someone to give it a good rubbing with Joint-Ease—a soothing, penetrating pain subduing wonder working emollient that gets right under the skin—right where the muscles are inflamed and sore.

Then forget your troubles and go to sleep.

Unless you're different from other men you'll wake up in the morning with a look free from aches, pains, stiffness and misery—and you'll go to work with a grateful heart and tell your friends about the mighty swift acting power of Joint-Ease.

Joint-Ease is made right here in Canada and it's just as good for lumbago, too—a generous tube for 60 cents at druggists everywhere—Guaranteed.

A BEAUTY TREATMENT that keeps your stove young

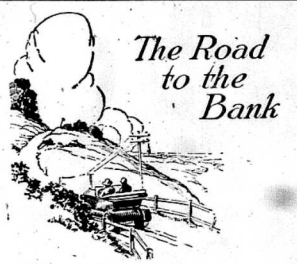
Keep your stove looking as well as it cooks! Learn this new and easier way to keep stoves glossily black through years of service.

Apply a little ZEBRA, in its new liquid polish form. Let it dry... Polish... that's all! Clean and quick—

ZEBRA LIQUID STOVE POLISH IN BOTTLES

For those who prefer it, Zebra Paste is still obtainable. In both Paste and Liquid the Zebra is the sign of a good stove polish.

35



THE road from the farm to the Bank should be well worn: it is a safe road to travel and you will always find a welcome at this end.

Some day you may need assistance from the Bank to buy seed grain or to provide feed for your stock until marketing time. A Savings Account with us now is a good recommendation for future credit.

Dominion of Canada Income Tax Returns DUE APRIL 30th

ACT PROMPTLY—

Accept the help offered by Income Tax Inspectors

and Avoid Penalties

Every person who during the year 1929 had an income, from any source, of as much as $1,500, if single, or $3,000 if married or supporting a family, is required to make an income tax return.

If you are situated as above described, failure to make this return by midnight, April 30th, together with cheque or cash for at least 25% of amount of tax, will render you liable to a penalty equal to 5% of the total tax payable. (Limit of penalty $500.)

To avoid incurring this penalty, obtain NOW, from your postmaster, or from the Inspector of Income Tax in your district, the necessary forms and make your returns at once. These forms are as follows:

Form T1 For Individuals other than Farmers and Ranchers.

Form T1A For Farmers and Ranchers only.

Form T2 For Corporations and Joint Stock Companies.

Each form contains in itself instructions for filling out.

By making your return by April 30th you gain in two ways:

First, you avoid penalties for delay.

Second, you qualify yourself for the privilege of paying in instalments.

INCOME TAX INSPECTOR WILL HELP YOU MAKE OUT YOUR RETURNS

If there is anything in the income tax return which you do not understand, any Income Tax Inspector will be glad to explain what is required.

IN LIGHTER VEIN

A girl may wear a golf skirt and not play golf, or wear a bathing suit and not go near the water, but when she puts on a wedding gown, kid, she means business.

Good verse is the work of full many,
While poetry's written by few;
And the difference between them, if any,
I'm anxious to point out to you.
If it rhymes and its meaning's apparent,
It's only good verse, though it's grand;
While it's poetry pure and inherent
It it's something you can't understand.—"Judge."

"How sad that man looks!" said Mrs. Smith, "Poor fellow! He has no doubt loved and lost."

"More likely!" answered Mr. Smith sarcastically, "he's loved and got her."

An Irish landowner was driving a guest to his house in a gig.

They entered the lodge gates and had proceeded only a few yards up the drive when there was a report, and a bullet whizzed past their heads.

The landowner whipped up his horse but they had only advanced a short distance when another bullet whizzed past. Just then the gig swung around a corner out of danger.

"Who was that shooting at us?" asked the nervous guest.

"O only my lodge keeper," replied the landowner, calmly.

"Then why don't you sack him?" continued the guest.

"Sack him! Good heavens man, he's the worst shot I've had."—London Tit-Bits.

ACCIDENTS!

WHETHER it be a cut, a bruise, sprain, burn or scald, Zam-Buk provides the handiest and surest means to quick, perfect healing.

In future all insertions of Cards of Thanks and In Memoriam will be inserted in The Beaver only if the money accompanies the order, at the following rates: Card of Thanks, 75c; In Memoriam, 50c., and 30c. additional for each verse.

Mrs. W. H. Vannest and Mrs. Philip Bell wish to thank their many friends and neighbors for the kindness and assistance tendered them during the illness of their father, Mrs. Salome D. Lockwood, also for the beautiful floral tributes and messages of sympathy they received in their death. 16sp.

Mrs. Edward Dodge wishes to thank her friends of Selby and surrounding community for the kindness during the illness and death of her late husband, Mr. Edward Dodge. 16sp.

THE GAME AT RENFREW

That Renfrew game was a hard one to lose. The locals just didn't come our way at all. The only stone there is a big disadvantage in playing on a Montagne floor is the narrow aisle that did not find the basket. Renfrew gymnasium has no gallery except for a corridor along one side which has the wall cut away. As a result there were people seated on a row of benches all around the black line. This seemed to worry the Napanee team.

The game was fast, in spite of many the fouls and free shots. Neither team had the best of the play. The first half saw Renfrew take a lead of seven points before N. C. I. began scoring. Then things seemed to brighten when Napanee scored three baskets in a row. But the northern team was never headed although at different intervals the score stood 15–11, 17–12, and at half time 27–15. In the last half N. C. I. scored 27 points while Renfrew made 20.

No one on the Napanee team starred. They were just the same hard-working machine that is a true example of team play. Renfrew's forwards were good, when under the basket, but no spectacular shots were made by either team. On the Napanee forward line Nookie Daly played her usual "whale of a game." Her passing was wonderful and her shooting as accurate as ever. Nookie contributed 19 points to the N. C. I. score.

Danny Joyce, as usual, proved the fastest player on the floor and was always a threat to the R. C. I. team. But she has a little difficulty in finding the basket, and obtained six points in the game.

Dorothy Wilson played a stellar game at right forward and obtained 15 points. She surely showed Renfrew how fast shots should be played.

Doris Anderson played the centre position with a style all her own. She got the better of the tip-off on her opponent but fouls were called on her when she jumped. In the last quarter, "Andy" was given her last rule by the referee and had to leave the game. This was a bad blow to N. C. I., Marion Exley ably took up Doris' position and continued to the end of the game.

Napanee's defence, Marion Embury and Jean Milligan, played a wonderful game. Many Renfrew plays ended abruptly with this pair, while many N. C. I. plays began in the defence.

Although the girls did not bring home the silverware, yet they set a wonderful example of sportsmanship that carried the school they represent farther than even winning the game would have done. I am confident that had the game been played on a neutral floor and under somewhat different supervision, N. C. I. could have beaten Renfrew easily. But there are other seasons to follow and although some of the regulars will be gone, yet a good team will be on hand for next year. The play-off will be earlier and there will be a different grouping that will speed up the play-offs.

The season is over now and it has been a long grind for our girls. They have kept in practice since October, no ordinary team would surely have gone stale. Much credit is due their coach, Miss McLaughlin for the interest she has taken.

We certainly owe a lot to the team that went so far without losing a game, and the team that defeated them are to be congratulated.

CAMPBELL HOUSE BARBER SHOP

New Prices—

Hair Cut, 35c.
Shave, 15c.
Razor Honed, 35c.

No apprentice work. A call solicited.

That New Medicine "Sargon" at Hooper's Drug Store, price $1.35.

The liniment "Absorbine" at Hooper's Drug Store.

That good Vanilla Extract, at Hooper's Drug Store.

WE HAVE VARNISH

At a great deal less price—and one that sells at a dollar a quart more. But no matter what you pay, you'll agree that Copalline, for everyday wear and tear, is the ideal varnish, for every purpose. It sells at 80c a pint, $1.60 a quart and $3.00 a half-gallon, at Wallace's Napanee agents.

FLOGLAZE ENAMEL

Is a Canadian product, produced entirely by Canadian labor and financed by Canadian capital. The color card has been chosen and arranged by a famous Canadian artist. And it is a product that is receiving the support of the whole land, for we believe its equal is not produced in any other country. Floglaze is sold in Napanee, at Wallace's.

Easter eggs, 5c; eggs in a fancy egg cup, 15c; others in a dainty pitcher that may be used afterwards as a cream pitcher, 25c; and still others in a cup with saucer to match at ... Then packed in a box, suitable for mailing, we have the large fruit and nut egg chocolate covered at 25c. These are all made by Smiles 'N Chuckles, and are therefore, pure, wholesome candy. See our display at Wallace's. 16a.

Floglaze and Enamel sells at $1.60 a quart. (The white enamel, Ivory Peter Pan green and cream at $1.85, or $1.00 a pint.) And when you consider that one coat covers better than two coats of ordinary paint, that it dries very quickly, leaving no brush marks, that it paints and varnishes at the same time, you will find Floglaze by far the cheapest paint made. All the beautiful shades at Wallace's, Napanee agents.

EMPEY HILL LADIES' AID

The regular meeting of the Empey Hill Ladies' Aid was held at the home of Mrs. M. P. Husband, on Tuesday evening, April 8th, with a good attendance. The president, Mrs. O. Ashley, was in the chair. The meeting was opened by singing, followed by prayer by Mrs. F. Husband read the scripture lesson. The young people of Deseronto United Church are presenting their play in our church on the 24th. Reserve the date and bring your friends. Meeting was brought to a close and refreshments were served by the ladies.

Wife, at Feltham—He struck me three times and spilled me downstairs by the hair.

Husband—Those are only family squabbles.

FRIGIDAIRE

WITH THE NEW

HYDRATOR

On display in our windows this week

The New Frigidaire Hydrator is something new in automatic refrigeration, a special compartment for vegetables and salad materials that require added moisture. Now you can keep all these foods delightfully fresh and full flavored. You can keep celery as fresh and crisp as it was originally. Lettuce remains so brittle that it breaks in the fingers. Tomatoes, radishes and other vegetables and greens remain tender and firm. Then too, if these materials are wilted, you may refreshen them quickly in the new Hydrator and keep them in this desirable condition until used——all in one convenient, compact compartment.

Conquers Asthma. To be relieved from the suffocating due to Asthma, is a great thing, but to be safe-guarded for the future is even greater. Not only does Dr. J. D. Kellogg's Asthma Remedy bring prompt relief, but it also produces a new era of life for the afflicted. Systematic inhaling of smoke or fumes from the remedy prevents re-attacks and often effects a permanent cure.

"The way for you to straighten out your financial difficulties is to live within your means for a while, until you get square."

"Within our means? I should say not! We may be poor, but we're not as badly off as all that."

The Only Thing That Helps Her Lame Back

Ontario Lady Uses Dodd's Kidney Pills

Mrs. J. S. Reid Speaks Very Highly of Canada's Foremost Kidney Remedy—Dodd's Kidney Pills

Enterprise, Ont., April 15th: (Special) "Anytime I get a Lame Back I turn to Dodd's Kidney Pills and they soon do the work," writes Mrs. John S. Reid, well known and highly respected resident of this place. "I have used them for years. As I occasionally take a Lame Back They never fail to do the work."

With the winter months approaching comes colds and chills, which double the work of the kidneys. Often the results are serious, for if the Kidneys weaken, uric acid, backache and other poisons collect in the blood and cause aches, dizziness and urinary disorders should not be neglected. Use Dodd's Kidney Pills to stimulate Kidney activity. This treatment relieves you of discomfort, and wards off Rheumatism, Lumbago and Sciatica. An occasional course of Dodd's Kidney Pills will prevent Kidney disorders.

FEED CHICKS IMMEDIATELY UPON RECEIVING THEM FROM HATCHERY

Your chances to raise a large percentage of the chicks depends to a great extent on how you treat them after they are taken out of the incubator.

Have the brooder ready and the stove regulated a day or two before you expect the chicks. Upon receiving them from the hatchery, or just as soon as they are old enough to be taken out of the incubator, put them in the brooder and give the chicks a soft, easily digested mash made from sweet, clean, sound ingredients.

You undoubtedly have been told many times not to feed the chicks until they were 48 to 72 hours old. This has been a generally accepted practice. The object was to give the yolk which is drawn into the body cavity just before the chicks leave the shell a chance to be absorbed. The common belief was that if the yolk was not given a chance to be absorbed before the chicks were fed, it remained in the body cavity. In time, decomposition was supposed to take place which would result in a heavy mortality.

Research workers, in their never tiring efforts to find newer and better methods for the good of the poultry industry, have found that the yolk absorbs just as well when the chicks are fed before they are 48 hours old and growth is distinctly better. Chicks which were fed just as soon as they were old enough to be taken out of the incubator seemed at the end of the second week to be a week ahead of chicks from the same hatch which were held a couple of days before being given any feed.

When we stop to consider that a chick gains 26 times its original weight in the first twelve weeks when properly nourished, it is easy to understand the difference in the size of the two lots.

The mortality likewise was lower. Poultrymen who have tried feeding chicks as soon as they could have had as low as one percent loss during the first two weeks of brooding.

Try feeding your chicks before they are 48 hours old.

CRAWFORD LAKE SOCKEYE DEPART FROM WAYS OF OF THEIR FAMILY

Sockeye salmon in Crawford lake, a small body of water near the Stuart lake hatchery of the Dominion Fisheries Branch in northern British Columbia, have provided exceptions to the generally accepted belief that sockeye must go to the sea before they reproduce and to the other belief that all sockeye die after their first spawning.

During the 1929 the Fish Culture Division of the Fisheries Branch collected 68,000 eggs from Crawford lake sockeye—fish which it is certain had never left the lake since the outlet stream is so precipitous that it is impossible for salmon to ascend it from lower levels—and fish which were kept in pens for fourteen days after they had spawned remained alive and frisky.

The story of the Crawford lake sockeye goes back a number of years. The lake, which is about 720 yards long, 280 yards wide, and 23 feet deep, had been found teeming with natural fish food but barren of fish. In 1921 the Fish Culture Division placed sockeye fry in the lake for the first time. Most of the fish from this distribution left Crawford of their own accord between the middle of May and the middle of June, 1922, when they ranged from three and a half to five and a half inches in length. Fry planted in 1922 averaged about two inches in length in June of that year, and in the following year they liberated in very large numbers. In 1924 equally favorable results were observed, though the average size of the fish was, if anything, larger than in previous years. In 1925 when migration started on May 15th, the fish were apparently of rather smaller average size than in former years but, at the same time a small percentage of larger-than-average-size fish were observed and were considered two-year-olds. Two distinct sizes were noticed—one averaging four and a half inches and the other seven inches. This was the first time that fish of the larger size had been seen among the migrants from Crawford.

A small percentage of fingerlings, or fish in their first year, was noticed each season in the general migration but in 1926 such fish were present in greater numbers than usual. In the following year an increase was observed in the number of large fish, two-year-olds, and a decrease in the general run. Practically no migration of yearling sockeye was seen in 1928, and it was decided to discontinue further stocking for a period of years. In the autumn of 1929 a test net was set and seventy sockeye, ranging from two-year-olds to mature handicked fish carrying eggs, were caught in one night.

The collection of sockeye eggs at the lake was undertaken last year. Four hundred and ninety-six fish were caught. The females, most of them ripe when taken, greatly out-numbered the males; out of 307 fish caught up to September 4th only 36 were males.

The spawners were a dirty greyish-green on the back sides and a mottled grey underneath. The fish considered ing immature eggs were of a bright silvery color. Unlike sockeye which return from the sea, these landlocked fish did not turn red.

Generally, the eggs collected were apparently of poor quality, a condition partly attributed to the scarcity of males and to the manner in which the fish had to be taken, namely, gill-nets. The eggs also appeared to lack something, what the vitality of those taken from sea-run sockeye.

In order to test further the theory that all sockeye die after their first spawning, the Division placed seven of them under observation for two weeks. At the end of that period all the fish were still alive.

A gesture of admiration is hereby made in the direction of P. G. Wodehouse who is leaving for Hollywood on a contract obliging him to write a little humor into some one's movies. The story goes that at a party one night a lady who regards his writing as the highest form of art, but who on this occasion was somewhat grumpy, was asked her opinion of the evening.

"Rotten," said she.

A gentleman across the table smiled and remarked:

"I think so, too," said he. "I'm Woodhouse."

St. Vitus Dance Sufferer Made Well

Nerves Strengthened Through The Use of Dr. Williams' Pink Pills

Time after time cases are brought to the notice of the public where sufferers from nervous troubles have been relieved by Dr. Williams' Pink Pills—where victims of St. Vitus Dance have been made well through the use of these pills after other medicines have failed to be of benefit. The reason for this is that Dr. Williams' Pink Pills act directly upon the blood—they make new, rich red blood and in thus banishing all impurities from the blood strengthen the nerves and make St. Vitus Dance impossible.

Mrs. P. Donnelly, Montreal, Que., is one more grateful mother who wishes to add her testimony to those already published. She says:—"My little girl, aged eleven, was a great sufferer from St. Vitus Dance. Several doctors prescribed for her without benefit. She was in the hospital for two weeks — still no benefit. I then saw an advertisement recommending Dr. Williams' Pink Pills for St. Vitus Dance, so decided to try them. My little girl had only taken a couple of boxes when I noticed some improvement so I continued with the treatment till now she is completely free from the trouble and can enjoy herself as other children do. I can highly recommend Dr. Williams' Pink Pills to anyone suffering from St. Vitus Dance or any other form of nervous trouble for what these Pills have done for my daughter, I am sure they will do for others."

Dr. Williams Pink Pills are sold by all dealers in medicine or by mail at 50 cents a box from The Dr. Williams' Medicine Company, Brockville, Ont.

COW TESTING INCREASES MILK PRODUCTION

Tis coming near the season when our dairymen are laying plans for the summer's work. One most important phase of their work should not be overlooked, and that is "Cow Testing." In other words, weighing the milk of each cow periodically and taking samples to ascertain the butter fat content.

In this are, milk production is largely calculated by butter fat content. G. A. Williams, Assistant Dairy Extension Work, Perdue University, Indiana, has this to say:

One Cow or Seven?

"Who would care to milk, feed and stable seven cows when a single cow would make as much profit? It would seem that no one would, yet many are doing this very thing, as shown by an analysis of more than 100,000 cow testing association records made by the Bureau of Dairying at Washington.

The records show: Cows that produced 100 lbs. of butter fat a year returned $14 each, over feed cost; cows that produced 200 lbs. of butter fat a year returned $34, each year, over feed cost; cows that produced 400 lbs. of butter fat a year returned $138 each year, over feed cost; cows that produced 500 lbs. of butter fat a year, returned $178 each over feed cost."

Similar records tests in Canada have proved conclusively that the cow that gives 300 and more lbs. of butter fat in the year will make a profit, over feed, taking dairy products at fair prices.

Cost-figures kept on many thousands of cows in cow-testing associations, prove that the more butter fat a cow gives, the more profitable she is. The use of a small scale to weigh the milk and a convenient milk sheet for recording the weights will help to pick out the profitable cows and to decide which heifer calves should be kept. The aim of every dairyman should be to raise and keep cows which will give 300 pounds of butter fat per year or over.

"Have you a fondness for any certain kind of music?"

"Yes indeed, my musical taste is very peculiar—I want it either well done or very rare!"

McTavish saw a notice in the local paper to the effect that he had died. So he rang up the editor, and said: "You have put a notice in your paper that I am dead."

"That's correct," replied the editor, "where are you speaking from?"

DO YOU SUFFER WITH HEADACHE?

So easy to get quick relief and prevent an attack in the future. Avoid bromides and dope. They relieve quickly but only temporary relief, the cause of the headache still remains within.

The sane and harmless way. First correct the cause, sweeten the sour and acid stomach, relieve the intestines of the decayed and poisonous food matter, gently stimulate the liver, start the bile flowing and the bowels pass off the waste matter which causes your headache. Try Carter's Little Liver Pills. Druggists 25c red pkgs.

IT PAYS TO USE MARTIN-SENOUR PRODUCTS
FOR EVERY PURPOSE—FOR EVERY SURFACE

NO LONG WAIT!
This **Home Decorator dries** *dust-free* **in 2 hours**

¶ No long "sticky" period when you use this practical, sanitary, medium gloss enamel. In 2 hours it's dry to the touch, in 6 hours the newly finished surface is bone dry—ready for use.

¶ And it's so easy to use Neu-Glos. No tricky brush work is needed. Just brush it over the faded woodwork, walls, or the dulled, marred furniture. It flows on smoothly, bringing the color, life and charm you long to have in your home interior.

¶ No objectionable odor to Neu-Glos. Clean. Colorful. Quick-drying. The most satisfactory decorative finish for renewing and renovating interior home surfaces.

NOW READY FOR RESEARCH

"I believe we are just on the threshold of a considerable development in the field of agriculture economics research," observes Dr. J. F. Booth, Commissioner, Agricultural Economics Branch, Dominion Department of Agriculture. "I think as time goes on both farmers and the general public will appreciate and value all economic research in the solution of agricultural problems." Coming, as this does, from Dr. Booth it has particular significance. On two occasions recently, the annual meeting of the Canadian Horticultural Council and the All-Canada Agricultural Conference, keen demands for economic surveys and cost production studies were evinced. Not only does such work reveal relative profitableness of farming; it also provides a medium for finding and correcting the difficulties in existing methods.

Southend Man.—It is only natural my wife should have a violent temper, because she is an Irishman.

Chimney-sweeps are remarkably free from colds, observes a doctor. But they're used to the flue.

Persian Balm. Cool and refreshing. Soothing and protective. The perfect aid to beauty. Unrivaled in its softening and beautifying effect on the skin. Imparts a fresh and fragrant charm to the loveliest complexion. Banishes roughness caused by weather conditions. Safeguards the skin and keeps it smooth soft and flawless. Use it for the hands and face. Always results in the highest expression of beauty.

WHY KEEP OLD HENS?

In discussing methods of increasing egg production F. C. Elford, Dominion Poultry Husbandman, asks the very pertinent question, "why keep old hens?" He provides the answer by citing official figures from tests conducted by the Experimental Farms Branch of the Dominion Department of Agriculture showing that when pullets are tested against hens the average yearly profit over cost of feed is, for the pullet $2.94 and for the hen, $1.86; presented in another way, it costs 20 cents to produce one dozen eggs through pullets as against a per-dozen cost of 35 cents with old hens. It is also pointed out that it takes 80 eggs to pay for the cost of the bird, and any pullet or hen which doesn't lay at least this number is just a bill of expense. There are a number of good ways of getting hens that will lay a profit over their cost and keep.

BENEFITS IMPEL NURSE TO SPEAK

"I'm a practical nurse but the action of this new Sargon certainly surprised me, and I'm giving this statement out of gratitude for what it did for me.

MRS. EDITH BROWN

"I had awful pains in my right side and in my right shoulder joint that extended all the way down to my wrist and the joints of my hand. Nothing I took helped me until I took Sargon. It completely overcame the pain. I notice, too, that I am stronger in every way with words of new energy and vitality. Sargon Pills regulated me perfectly."—Mrs. Edith Brown 426 Clendenan Ave., Toronto.

Sargon may be obtained in Napanee, at Hooper's Drug Store, who has been awarded the exclusive Sargon agency for this town.

Judge: "Young man, this Court studied the law before you were born."

The Lawyer: "Yes, Yeronner, but I have studied the law since then."

FASCINATING LINKS IN CANADA'S HISTORY

In a cabinet in the Canadian Room at the Dominion Archives is a sword which belonged to Captain Andrew Drew, R. N., of the village of Woodstock, Ont., and in the Northcliffe Room are too exquisite oil paintings of Capt. Drew and Mrs. Drew. The history attached to Capt. Drew is closely related to the early history of Upper Canada and the inscription on the sword reads: "This sword belonged to Capt. Drew, who captured The Caroline, set her on fire and let her drift over the Niagara Falls, December, 1837."

A despatch in the Manuscript Room at the Archives relating to Capt. Drew is most interesting. In notes from a letter from His Excellency Sir Francis B. Head, Bart., Lieutenant-Governor of Upper Canada, to his Excellency, Henry S. Fox, Her Majesty's Minister at Washington, written at Toronto, January 8, 1838, the history of the capture is reviewed.

Sir Francis Head goes into detail regarding the events leading up to the "Cutting out and burning of the Steamboat "Caroline" by order of Col. McNab, commanding Her Majesty's forces at Chippewa and the destruction of the lives of some American citizens who were on board when the boat was attacked."

According to the Lieutenant-Governor tranquility prevailed between the States and Upper Canada up to December 4, 1837, then riots in Toronto and London, led by Mr. MacKenzie, an American, wrought disaster. A number of American citizens at Buffalo and other towns on the frontier of the State of New York, enlisted as soldiers with the avowed object of invading Canada and establishing a Provisional Government. On December 13th they invaded Canada and took possession of Navy Island in the Niagara River. They transported arms there and had 1500 soldiers with rebels from Canada, and threatened to make landing on the Canadian side of the river.

To prevent and check the invaders a body of militia was collected and stationed on the frontier. The Americans opened fire. On December 23rd, information was given Col. McNab that a small steamboat called the "Caroline" of about 50 tons burden, had been hired by the pirates and was to be employed in carrying down cannon and other stores to Navy Island.

"Captain Drew and the crew of volunteers performed this dangerous service which was handsomely effective. It was impossible to get the vessel to the Canadian side on account of the heavy current so he set her on fire," reads an extract of a letter from Col. A. N. McNabb, to Lieut.-Col. James M. Strachan, Military Secretary, December 30, 1837.

The result of the whole thing was a proclamation issued by the Governor of the State of New York, December 31, 1837, proclaiming that all persons who desisted from such unlawful proceedings and threatening dire results if they did not.

Keep Them Happy By Keeping Them Well

It is natural for children to be happy, active and full of fun. When they are fretful, fussy and disinclined to play, you may be sure something is wrong. Almost invariably that something lies in the digestive tract.

It is to meet the need for an absolutely safe corrective of childhood ailments that Baby's Own Tablets have been designed. They gently regulate the stomach and bowels and thus drive out constipation and indigestion; break up colds and simple fevers and allay teething pains. Concerning them Mrs. W. E. Forsyth, Dover, N. B. writes: — "I would not be without Baby's Own Tablets as I know of nothing to equal them for fretful, fussy babies who are troubled with colds or sour stomach."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

BEAUTIFYING FARM HOME

Every unimproved or unplanted home in Canada can be made more attractive and more valuable by the planting of trees, shrubs, vines and flowers, and a well-kept lawn. The cost of the nursery stock required is one of the most profitable investments a farmer can possibly make, because such improvements will actually increase the money value of the place by many times the amount spent in a simple plan of home planting. It will make it more valuable as a home and it will certainly command a better price if put up for sale. It is surprising how a few improvements will turn a mere house into a real home. In addition to its increased monetary value the attractive farm home goes a long way in holding the family together in keeping the young people on the farm. They will love their home and be proud to bring in their friends.

Some may say that it costs too much or that it takes too much time to care for flowers and shrubs. It is, however, more a matter of disposition than of time or money. The farmer who is disposed to have flowers and attractive home surroundings will have them, no matter how busy he may be. Canadian farms should be more than just farms, they should be homes in the country.

The Dominion Experimental Farms have for many years, been testing thousands of varieties of trees, shrubs and flowers for hardiness and general suitability to various climatic conditions. If you contemplate planting this spring it will pay you to write or visit your nearest Experimental Farm where helpful information may be secured on suitable varieties and correct methods of planting.

Man Can't Sleep, Gets Nervous, Hates People

"I could not sleep and got so nervous I hated everybody. Since taking Vinol, can sleep 10 hours and feel full of pep all day."—Julius Bender.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver peptone. The very FIRST bottle brings sound sleep and a BIG appetite. Nervous, worried people are surprised how QUICK Vinol gives new life and pep! Tastes delicious. At Wallace's Drug Store. (g-2)

DON'T PAY THE PENALTY OF HARMFUL GUM IN GASOLENE

IMAGINE what a sticky, gummy, clinging substance does to the valves in your automobile. Think how your engine labors—how your valves must fight to get free—and the power you lose with gum-stuck valves.

That is exactly what happens when you buy inferior or carelessly refined gasolenes that contain excessive gum.

To be safe insist on Koolmotor gasolene—the *original* high test, anti-knock green gas. Harmful gum has been removed from this superior motor fuel by extra refining and extra care known as the Cities Service *mini-gum process*. The gum content has been reduced to a harmless minimum. This powerful, clean-burning gasolene keeps your valves clean and free moving. It guarantees full power and full speed. It allows your engine to do its best.

Beware of gasolenes weighted with gum. Don't place this extra burden on your engine. Insist on Koolmotor gasolene for a clean, smooth-running motor.

A TORRENT OF POWER AND SPEED

72 MILES AN HOUR · 65 HORSE POWER · 48 IN SECOND GEAR · RICH BROADCLOTH UPHOLSTERY · INTERNAL 4-WHEEL BRAKES · HYDRAULIC SHOCK ABSORBERS

NONE feel the call of Spring and the open highway more strongly than those who know the thrill of swift, flashing action behind the mighty engine of the new Willys Six.

The Willys Six will crawl along at 3 miles an hour in high gear—will sweep to 72 with perfect ease—will travel 48 in second. Yet even at its top speed the Willys Six invites repose. Vibration has been minimized by rubber insulating the 65 horse-power engine. New hydraulic shock absorbers add relaxing comfort. "Finger-tip Control" is another important feature. A single button in the centre of the steering wheel controls all operations of starting the motor, operating lights and sounding horn. To those remarkable mechanical features Willys-Overland have added superb outward beauty. Inbuilt strength and stateliness have been artfully tempered to allow a charming jauntiness of line. Rich upholstery fabrics, silver toned hardware and handsome woodwork provide a delightfully pleasing color contrast to the smart exterior finish.

No car so moderately priced has ever before offered so many costly car features. Inspect—drive—and compare. Your nearest Willys-Overland dealer will gladly arrange a demonstration.

P. H. McCUTCHEON,
16ap Napanee.

Z. DEAN STILL MISSING
Although a constant search has been maintained since Monday, when he was reported missing, no trace has been found of Zeph Dean, 74, prominent farmer of Richmond township, who vanished after he entered a sap bush a short distance from his home.
The bush, on the fringe of which he was seen, covers a very large area of swampy land and police state that it will take several days to make a complete search through it.
The hunt is being carried on under a handicap as the water is so deep in places that those taking part have to don rubber boots. The search will be continued until every inch of the ground in the bush has been covered.
The theory is that Mr. Dean was overcome with a weak spell while in a very secluded portion of the bush and that he may have died.

Easter Lilies and Cut Flowers at Hooper's Drug Store.

HEALTH WITHOUT DRUGS
E. M. COGDON, Chiropractor — nurse in attendance. 'Phone, 86; Dundas Street, Napanee. 15cp

A PIE SOCIAL
Will be held in Stillwell's Hall, on Friday evening, April 25th. A good programme by the Y. P. S. of Stillwell and Conway. Admission 25c. 16b

Are becoming one of Canada's favorite confections. Store after store has been opened in Toronto to look after the ever-increasing demand for Hunt's and in Napanee you get the same delightfully Fresh Candy, direct each week from this factory. Any assortment, 60c the lb. 16a

MAKE THIS TEST!
Buy a pint of Coppaline—and a pint of any other varnish, say one that costs 25% more—use on the same floor, side by side—Do this, and you'll prove to yourself that regardless of price, Coppaline is the most rigid test. Sold at $1.60 a quart, at Wallace's, Napanee agents.

FIRST FISHING PROSECUTION
Police court prosecutions will follow the first unsalutary seizure of this spring by Game Conseer Lyons of Belleville, who reported to the Department of Game and Fisheries Thursday that he had caught five men in the act of seining in Hay Bay, on the Bay of Quinte. Five lunge and several small boats were seized.

EXPLOSION IN TWEED SCHOOL
An explosion which rocked the whole Tweed Consolidated School occurred last Friday a few minutes after the pupils had left for their homes, damage estimated at over $500 was done to the building. It is believed that the safety valve on the water tank became stuck and the tank blew up. The basement was flooded to a depth of over three feet. School was resumed Monday morning.

AN OUTSIDE WHITE PAINT WITH AN ENAMEL FINISH
A paint that will become whiter the longer it is on—one that will not chalk in—that will cover more square feet to the gallon than the finest ready mixed paint—a paint that your painter will recommend above all others. All this and at a cost of about $3.00 a gallon! Just the thing for painting your own outside paint at Wallace's. Napanee agents for Antimo White.

"SEVENTEEN"
On Thursday and Friday evenings, the Napanee Collegiate Institute Assembly Hall was the scene of another successful entertainment, when a Booth Tarkington play, "Seventeen" was presented under the direction of Miss Ferguson. Students who took part were splendidly cast, and adapted themselves, with ease, to the parts allotted them.
The story revolves about a group of seventeen-year-olds. Their loves and trials, and Rupert Dumbrille, as "Willie Baxter," was par excellence. His father and mother were portrayed with real talent by Robin Fluke and Lois Stalker. Charles Amey as "Mr. Parcher" was extremely funny. Lola Pruth, the lisping siren, who was the cause of so many youthful heart-aches, was well played by Marion Thompson.
"Willie's" life was harrassed by a mercenary sister, "June," exceptionally well portrayed by Margaret Walters. "Genesis," the darky servant, who caused plenty of laughs, was played by Douglas Shier. A group of "Willie's" friends also severally took part, most amusingly played by Ernest Sexsmith, Frank Field, Douglas Aikenbrack and Jack Wallace. McFarland, whom "Lola" visited, Mildred Loucks and Gertie Galbraith, were all charming in their parts and all the young ladies made attractive addition to the scenery.
At the close of the evening, Miss Ferguson was presented with a gift and a basket of flowers from the pupils, in acknowledgement of the time and trouble she had taken for the success of the play.
The presentation was made by Miss Bernard.

For cattle! The louse powder that kills the lice, vastly applied and not expensive, 35 cents, at Hooper's Drug Store.

A teaspoonful of Erasmus Wilk' English Salt, taken first thing in the morning in half a glass of water, tends to prevent headache and biliousness by cleansing the walls of the stomach, stimulating the liver and flushing the kidneys. This 100 old English product, sold in 50c tins at Wallace's.

FREE SHOTS ON *Local Sport*

It's too bad, but no basketball team on earth can beat the referees as well as the other team.

* * *

I didn't see the game but everybody who didn't agrees that the locals got a raw deal.

* * *

To my way of thinking, the Women's Athletic Union is more to blame than Renfrew. They should appoint neutral and competent officials and state when and where the game is to be played. A team that can't agree to these arrangements should default. This would give both teams an even break.

* * *

However the girls have had a good season and have set up a record that will doubtless stand for some time. And it's certainly no disgrace to be beaten the way they were.

* * *

Some of the players are leaving but here's hoping that others will be found to take their places and that next year they'll trounce Renfrew on their own floor, referees and all.

* * *

Four teams were definitely entered in the County Baseball League on Friday night, namely Gladstone, Tamworth and two from Adolphustown. Any other teams may enter until April 25th, when the schedule will be drawn up.

* * *

The locals are going to organize this week and if present weather conditions hold, they will likely have a few preliminary practices during the holidays this week end.

* * *

Some of the boys have been tossing the pill around already, which shows that there is going to be some interest taken in the sport.

* * *

All we need is a few warm evenings and some sunshine over the week end and the horseshoes heavers will be at work.

* * *

The clay is dry now and Twin Johnson threw the first shoe of the outdoor season on Monday.

* * *

The courts will likely be as popular this year as last. One of the good points of this sport is that it can be played after dark.

* * *

Skipper M. B. Mills launched the "Dolphin" on Monday, the first large boat to be floated this year. The "Dolphin" is the first craft in the water almost every year.

* * *

A few canoes and numerous rowboats have been out lately and the power-boat owners are getting uneasy and starting to get the old tub in shape.

* * *

Art Kimmerly, Walt Exley and M. B. Mills all have built their own ideas of what a sea-flea should be and it will be interesting to see which one is the speediest.

* * *

This year promises to be one of exceptional activity on the river, and it is to be hoped that last year's swimming meets will be continued this year.

* * *

Get your old furniture down out of the attic! Then choose the shade of Floglaze that matches the hangings in room, and watch the transformation! About 36 shades of Floglaze to choose from, and every color a work of art! Floglaze sold in Napanee at Wallace's.

GIRLS' BASKETBALL

High hopes of winning the E.O.S.S.A. Championship were lost by Renfrew on Saturday evening when Renfrew Collegiate defeated Napanee Collegiate in the last, thrilling game, and retained the cup, emblematic of the championship.

Battling against a strong team, on a strange floor N. C. I. were at a tremendous disadvantage. From the start Renfrew took the lead and were never headed. The peculiar style of refereeing used by the two referees brought many personal fouls to our girls and rendered them afraid of getting into the fight because of the four foul rule. Fouls were called on N. C. I. that would not be called fouls anywhere else in Ontario.

The first half opened with Renfrew scoring seven points before Napanee got started. Then came a barrage of personal fouls on N. C. I. When half time was called two of our best players had three fouls each while fouls were well distributed against the team. The score 27-15 at half time in Renfrew's favour.

But the N. C. I. were far from discouraged. Going into the last half, they gained somewhat on Renfrew but inconceivable decisions made by the referee held them always down. Towards the end of the last half the N. C. I. centre was banished from the game on account of her fourth personal foul. This was a hard blow to Napanee.

There were moments when N. C. I. were permitted to get away and display their usual good combination and accuracy at shooting baskets. One such was the gaffle ended with the final score 52-38 in favour of Renfrew.

But regardless of disadvantages and obstacles that would try the patience of any team, N. C. I. took their defeat in a sportsman like manner. On any other floor except Renfrew N. C. I. could have defeated the northern team. So, contrary to expectations the better team did not win.

But there are more basketball seasons to follow and the play-off's will probably be earlier next year. This will not necessitate a change in the condition for 6 months as the N. C. I. did.

The World is Full of Substitutes for Quality! But There Never Was and Never Will Be A SUBSTITUTE FOR SATISFACTION!

The Beatty
IS CANADA'S PREMIER
Electric Washer

Because it is the last word in quality, which gives satisfaction. This is one of the reasons why there are more Beatty Washers sold than all others combined. It is easier to operate. Washes faster. Lasts longer. Come to our store and we will prove these statements.

638 Beattys Sold in Kingston in 11 months and Quality is the Reason!

THE BEATTY is not a price proposition—it is the greatest 100 cents to the dollar value ever offered the Canadian public by an all-Canadian Manufacturer. The initial cost of many washers is only a down payment on future trouble—(cheap washers are dear at any price)—but THE BEATTY—no FATHER — no MOTHER —just GROWED"—but every dollar invested in a Beatty Washer is returned to you tenfold in the saving of time, health and money. It saves mother as nothing else will. Washes a tub of clothes clean in 7 minutes, including cuffs and collar bands, without handrubbing or boiling. With every machine goes a complete laundry service of 4 pieces free. This machine can be bought with a small down payment, balance over 18 months without interest. Call our store and arrange for free demonstration in your own home, and if it does not sell itself do not buy it.

QUEER JOBS BROUGHT TO LIGHT

Some of the world's queerest jobs—many of them hitherto quite unheard of— have been revealed by a London Newspaper's offer of prizes for the most curious occupations.

Who has ever heard before, for instance, of a Squeak-curer? or of a Devil-washer? or a Crowd-friend ? Yet all these are genuine, highly respectable jobs. Parents wondering what to do with their children might do well to scan the list of new professions below.

The following are prize-winning postcards:—

The Squeak Curer

A man who visits the neighborhood periodically calls himself a "squeak-curer." His tools are a bottle of oil, some rags and a tin of metal polish.

For a penny he will oil the gate or door; for another penny he will polish the knobs and knocker.

In a certain Scottish town whenever any considerable part of the tramway route has to be relaid by intensive effort the squad of laborers are "kept at it" that is, they remain on the spot to refill and relight the men's pipes. It was found that a considerable amount of time was wasted by allowing the men to do it themselves.

Devil-Washer

I spend most of my time washing the devil! My employer, the eccentric owner of Ashford Hall, built many statues in a strange, ingenious grotto that he named Hades. Herein stands a mammoth model of Satan, complete with horns and cloven hoofs, carved out of alabaster.

There along are cleverly-sculptured figures representing the drink demnie Principle of Cocaine is spending the gambling spirit, the goddess of vice, the tobacco devil, and priest-craft. Nine hours a day I spend washing and polishing these grotesque shapes. Small wonder I never will lift an eyebrow when entered by the governor to go to the devil!

Crowd Friend

My job—a well-paid one—is travelling from town to town with a very clever business woman, who, for the past year has suffered from some strange mental ailment—fear of crowds. Thus is a medical name for this trouble.

I accompany her from town town even evening and call for her every evening, and I am very interested in my daily job. I am happy-go-lucky and without nerves, so that is a very suitable one.

I often pull a sour face over a sweet job. I have been taster at a large pastrycook's. Mrs. W. Gollinger, Edna Mowers and Miss Cora Davis spent Sunday in Deseronto, as guests of Mr. and Mrs. Gollinger's sister, Mrs. William Foote—Mr. and Mrs. Howard Wilder, of Napanee, and Mr. and Mrs. George Robinson were present callers at Mrs. M. Bradshaw's.—Rev. H. W. Foley, Miss Dennison and Miss Gertrude Laura, are spending a few days with their daughter, Mrs. M. T. Gardner, at Garden Hill.

SELBY

We are having backward weather at time of writing, and the farmers have had to discontinue their farming operations owing to the wet spell. — The Belleville Presbytery will meet on Thursday in Grace Church, Napanee, with an open session in the evening, at which all are welcome. Rev. Dr. McLeod and Rev. Dr. C. Young will be the speakers. Mr. Chas. Anderson will be the delegate for Selby.—A quiet but pretty wedding was solemnized in the United Church parsonage on Saturday evening, when one of our most popular young ladies, Miss Gladys Ridley, was united in marriage by Rev. Mr. Foley, to Mr. Orman Craig, of Wintergarlle. All join in wishing them a happy wedded life.—Miss Alma Wood, of Napanee, is spending a few days with her sister, Mrs. Dorland McCutcheon.—Mr. James McCormick was a recent visitor at his sister's, Mrs. S. D. G. Winters.—Mr. and Mrs. Sinclair Bryan, of Lansdowne, and Miss Gladys Ridley, of Kingston, spent Sunday with Mr. and Mrs. E. Ridley.—Mr. Norman Hudgins, of Kitchener, is spending the Easter holidays with his parents, Mr. and Mrs. Chas. Hudgins.—Miss Lizzie Pringle has returned to her home in Toronto, after spending a week visiting her niece, Mrs. Mark Pringle, and other sister, Mrs. Jeff. Davis, at West Plain, and other friends.—Mr. Albert McCormick, of Toronto, has returned, after spending some time with his sister, Mrs. Edward Dodge, and brother, Mr. Archie McCracken, Roblin. — Mr. and Mrs. Gordon Anderson and daughter, Betty, of Bellefville, and Mrs. Asa Anderson, spent Sunday at Mr. Ira Anderson's.—Mr. Carl Winters, of Syracuse, N.Y., spent the week-end with his parents, Mr. and Mrs. W. J. Winters. — Miss Mary Pringle, of Canada, is spending the Easter holidays with her mother, Mrs. Edith Pringle. — Mr. and Mrs. Alex. Garrett and little sons, Hugh and Paul, of Toronto, were recent visitors at his sister's, Mrs. Jas. Fenwick.—Mr. Will Denison, of Toronto, spent the week-end with his brother, Mr. John Denison.—Mr. Douglas Marlin, of Tamworth, is spending the Easter recess with his cousin, Miss Mrs. Robert Marlin.—Mrs. Albert Hillman, of Dauphin, Man., has returned home, after spending a few days with Mrs. Edward Dodge, and other relatives.—Mr. and Mrs. Harold Mclver and family, of Stirling, spent Sunday at Mr. W. A. McLeod's. — Messrs. Earl and Willis Garrett, of Syracuse, N.Y., visited at their parents', Mr. and Mrs. Fred Kimmerly.—Mrs. Arch. Madden, of Napanee, spent Easter with her parents, Mr. and Mrs. James Dudgeon. — Mr. and Mrs. W. J. Gollinger, Edna Mowers and Miss Cora Davis spent Sunday in Deseronto, as guests of Mr. and Mrs. Gollinger's sister, Mrs. William Foote.—Mr. and Mrs. Howard Wilder, of Napanee, and Mr. and Mrs. George Robinson were recent callers at Mrs. M. Bradshaw's.—Rev. H. W. Foley, Miss Dennison and Miss Gertrude Laura, are spending a few days with their daughter, Mrs. M. T. Gardner, at Garden Hill.

DESERONTO

The Easter Day services at St. Mark's, Deseronto, were worthy of the great festival honoured by the church from time immemorial. Two celebrations of the Holy Communion, at 8:00 a.m. and 11:00 p.m. were largely attended and many received their Easter communion. The organist, C. J. English, and choir, well sustained the musical portions of the service which included the Hallelujah Chorus by the Anglican Church. The Girl Guides, under command of Commissioner Miss Rathbun, and Captain Morgan, paraded for divine service at the eleven o'clock service. The girls looked smart and very fit, and reflected great credit upon their officers. Special seats were reserved for them in the church. The Easter flowers that adorned the altar were presented by the Girl Guides and the Women's Auxiliary. The rector, in his own name and that of the church wardens extended thanks to the girls for their valued gift. The Sunday School service was held in the church at 2:00 p.m. and was well attended and the children's pyramid boxes were presented and opened. The prize for the most money given by the church, gives such prominence to the gospel. We were glad to see many old Deserontonians in for the day. It was a busy, most profitable and very enjoyable Easter at St. Mark's, Deseronto, and all felt it was good for them to be there. The attendance at all the services was good.

Three services were held on Good Friday.

HONOR ROLL

Result of Easter examinations for School Section No. 10, Ernestown.

Names in order of merit.—

Senior IV — Herbert Weese 68, Jean Withers 64, Gladys Buck 59, Orval Morrow 58, Mona Buck 53, Mabel Bell 52, Omar Bell 48.

Class III— Pearl Bulch 69, Violet Arnold 69, Annie Farrell 48, Lillian Withers 47, Duncan Creighton 43, Howard Wilder 35, Dorothy Sharp 30 — Cec Ashurst 18.

Class II— Reggie Withers 67, Marie Sharpe 64, Harold Bell 26.

Class I — Mary Buck 71, Dorothy Weese 65, Norma Buck 62, Irma Sharpe 57.

Primer— Clark Ashurst.

Teacher.

BAY CIRCUIT

The delightful rains of last week have done much for Farms, and Gardens. With warm weather, prospects will be real bright for a good season.—The Bay Chrese Factory begins operations this week, Mr. Dillenbeck in charge.—Miss Jessie Kernon, of Stella Continuation School, is spending a few days of her Easter holidays with her sister, Mrs. W. Bell, Bay Bay. — Our several school teachers left for their homes on Friday for their Easter holidays. — The Sunday Social held in Anderson Church on Wednesday evening was a great success. The entertainment, under the direction of Mrs. Keyes and Miss Keyes of Adolphustown; Miss Marjorie Hurpick, Napanee and Mr. Hamilton, of Prince Edward County, Mr. S. Griffs acted as auctioneer in a very able and interesting way. The proceeds were $16.45. The Young People's Union, meeting next Sunday Parks is spending a few days visiting his parents, Mr. and Mrs. L. Parks. "Bay Bay Ladies' Aid met at the home of Mrs. A. E. Parks, Thursday evening. In spite of the inclement weather the attendance was good. Mrs. T. T. Parks had charge of the program. Paper was read by Mrs. Frank Parks, reading by different members of the group, and an address on "Dangers of hiding the light of our life." Mrs. A. C. Parks acted as hostess in her usual pleasing way. — No word has yet been received concerning Mr. Z. Deacon. It is a very anxious time for those who long to hear of him. Every effort is being made to find him, dead or alive. —Mr. and Mrs. Albert Mellow of Napanee, are spending a few days visiting their relatives on this Circuit and in Napanee.—The Ladies Aid of Anderson held their monthly meeting at the home of Mrs. Allan Baldwin on Wednesday afternoon. The attendance was unusually good. The program was in charge of the president and was of a special Easter character. At the close the group sat down at the table of the hostess and enjoyed the good things set before them. Several new members were received.— Mrs. Laura Parks and Mildred, who have been spending some time with her mother, Mrs. Mellow at Manilla, returned to their home at Gretna last week end.— Mrs. Goodrich, of Marmora, has been spending a few days visiting her sister, Mrs. Allan Baldwin.—Remember the Sand Hill Easter Aid open meeting at the home of the President, Mrs. D. A. McCabe, on Wednesday evening, April 30th at 8:00 p.m. Splendid programme is being prepared. An address will be given by Mrs. Gilbride, of Napanee. The Bay East Women's Missionary Society held their monthly meeting on the afternoon afternoon at the home of the President Mrs. E. Alkenbrack. The programme was of a special Easter nature. Readings and music suitable to the occasion. The Easter thankoffering was gratifying. The social half hour was especially enjoyable, lunch being served by the president. The next meeting will be held at the home of Mrs. J. Earl Anderson.— The Bay Study Group held their final meeting for this season at the home of Mr. and Mrs. Wilbur Bell, on Friday evening at 8:00 p.m. The attendance at these meetings has been good and the interest sustained throughout. It is expected they will reopen in the fall. — Rev. J. E. Becker and family are spending a few days this week with friends in Oshawa.

CAMDEN EAST

There was a large crowd out on Easter Sunday morning at the United Church and the church was beautifully decorated with flowers for the occasion.— Mr. and Mrs. George Guy from Ottawa arrived on Monday to spend a few days with his mother Mrs. R. Guy and sister Miss Mary Guy.— Mr. and Mrs. Claude Hinch and two children motored out on Sunday morning from Kingston and spent Easter with his parents, Mr. and Mrs. John Burgoyne.— Miss Hawley from Kingston spent Easter Sunday with her mother, Mrs. B. Hawley and brother Earl.— Rev. and Mrs. Patterson took tea with Mr. and Mrs. Charles Histed on Wednesday evening of last week.— The W. M. S. held their Easter thankoffering meeting at the home of Mrs. Fred Shibley on Wednesday of last week.— April 16th, with a goodly attendance. — Mr. R. Saull and daughter, Gertie, of Toronto, arrived at their home here on Thursday of last week.— Mr. Guy Saul left last week for other parts, after spending a few weeks with his sister, Mrs. Norman Blakely and other relatives.— Mr. and Mrs. Alva Emberly, of Bickell's Corners, called on Mrs. John McCarrey, recently.— Miss Helen Williams spent the week at Harrowsmith. —Mr. John Berry intends starting a county stone crusher in the near future near Colebrook. — Mr. and Mrs. A. Lewis spent Saturday in Napanee.— Mr. John French is on the sick list at time of writing.— Mr. George Black and wife, of

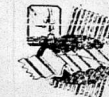
Crops, property and livestock destroyed by fire and lightning last year amounted to more than $2,000,000 in Ontario. That's one of the reasons so many farmers are now using RIB-ROLL the original new-style roofing. It defies fire, eliminates up-keep, increases property values and lasts a lifetime. Protected against Lightning when properly grounded and equipped with Preston Barred Ventilators as required by the Lightning Rod Act. Each sheet has seven ribs—a nail every five inches. It is wonderfully easy and inexpensive to lay. Made of the famous "Council Standard" quality. Under the most severe weather conditions RIB-ROLL keeps every building on the farm safe and secure.

Use Rib-Roll Roofing and Preston Led-Hed Nails

RIB-ROLL is supplied in 2 feet wide sheets, in any length, with no waste lengthways. Side laps are scientifically designed so that with or without cement, no moisture or driving rain can get through. Easy to lay and speedy to use. The head on the head cap absolutely seals the nail hole—making it a real lasting proof and water-proof. Send coupon below for free sample of RIB-ROLL and PRESTON LED-HED NAILS.



Preston Steel Truss Barns

No barn made equal the strength and fire resisting qualities of the PRESTON STEEL TRUSS BARN. Built with ridged Steel Trusses, flexible Purlin steel roof, no interior posts, with concrete foundation and floor, fully equipped with Preston Barred Ventilators and lightning rod installation. We are the largest manufacturers of steel barns in Canada. Write us for them.

Preston Barn Ventilators

Made in three sizes of approximately equal capacity. Preston ventilators for roof, side wall, silo, gable windows and wide doors. Write us for literature. Preston ventilators keep the barn warm, moist air and ensure proper ventilation.

PRESTON STEEL TRUSS BARNS "BARN'T DESTROYED ONE"

Would you be as inconsistent as this?

Scraggly, unshaven beards are like dull, unpolished shoes . . . both are entirely out of keeping with your pride of personal appearance . . . so keep your shoes at all times smart with "Nugget" which waterproofs the shoes as it polishes.

"NUGGET" SHOE POLISH

The NUGGET tin opens with a twist!

CANADA BORROWED $250,000,000 FROM STATES DURING 1929

Canadian borrowings from the United States totalling $250,000,000 in 1929, as against $238,115,000 in 1928, represented nearly one-half of the United States total of foreign indebtedness last year, according to Iver C. Olsen, of the Finance and Investment Division of the Department of Commerce; from this fact lain's share of Canadian capital issues also recording an increase, amounting to $67,756,302 in 1929, as compared to $41,731,000 in 1928.

Canadian Government and governmentally guaranteed corporate securities comprised 52.7 per cent of American issues, and only 22.2 per cent of the British total. It is noteworth, states Mr. Olsen, that Great Britain, in contrast to past trends, took a larger share of Canadian loans in 1929, recording a $30,000,000 increase over the 1928 total.

As in the preceding years, a large part of Great Britain's foreign lending has gone to the Far East. British underwriting of Far Eastern issues during 1929 totaled $157,097,200 or a decline of $82,127,000 from the 1928 volume. American underwriting of Far Eastern securities in 1929 amounted to $61,450,000 or less than half of the $154,836,900 taken in 1928. The bulk of Great Britain's Far Eastern lending went to Australia, New Zealand and India. Australia borrowed $53,227,400 as against $140,154,800 in 1928. Loans to New Zealand aggregated $39,297,700 (£24,499,100 in 1928) and India borrowed $46,044,900 as compared to $40,341,100 in 1928. American participation in Far Eastern issues, outside of our possessions, says Mr. Olsen, comprised only two issues—a $50,000,000 issue in China and a $11,450,000 refunding issue in Japan. Both of these were corporate issues, while 72 per cent of Great Britain's Far Eastern underwriting comprised government issues.

STOP WOMEN'S ACHES & PAINS

Thousands of women are getting quick relief from those distressing periodic aches and pains by taking ZUTOO TABLETS. Harmless but effective, they bring immediate relief. Women who thus suffer, are suffering needless pain, for one or two of these harmless little tablets will certainly stop the pain.

FARM EXPORTS OF UNITED STATES TO CANADA ARE HEAVIER

Notable increases in United States exports of farm products and wood manufactures into Canada in 1929 as compared with 1928 are recorded in the Commercial Intelligence Journal issued by the Canadian Department of Trade and Commerce on March 29, 1930. In 1929 there were imported from the United States, 904,467 pounds of pickled and cured beef and veal, valued at $111,887, as compared with 517,680 pounds at $60,491, in 1928. In 1929, Canada imported 8,817,226 pounds of cured hams and shoulders at $1,436,062, compared to 6,447,671 pounds at $713,-998 in the previous year. Canada imported 5,455,859 pounds of bacon at $767,999 in 1929, compares with 3,251,-865 pounds at $759,614 in 1928. She also imported canned salmon to the extent of 1,958,217 pounds at $394,725 in 1929 as against 1,149,962 pounds at $181,574 in 1928.

Canada imported wheat flour from the United States to the amount of 122,725 barrels at $737,450 in 1929, as compared with 91,895 barrels, valued at $590,462 in 1928. Canadian imports of peaches also increased last year, Canada having imported then 8,492,138 pounds at $793,661 as compared with 7,788,933 pounds at $655,457 in 1928. Starch to the amount of 5,563,100 pounds at $202,628 was imported by Canada from the United States last year as against 4,946,238 pounds at $161,031 in 1928.

Railroad ties, numbering 961,829 valued at $241,257 were brought into Canada from the United States in 1929, as compared with 755,914 ties at $188,-017 in 1928. Wood manufactures, staves, imported by Canada from the United States in 1929 numbered 49,086,-600 at $1,217,813 as compared with 38,706,975 staves at $1,097,517 in 1928. Paper and manufactures—book paper, not coated, was imported by Canada from the United States to the extent of 12,198,178 pounds at $725,272 in 1929 as against 9,337,649 pounds at $557,374 in the previous year.

Nearly Killed By Gas —Druggist Saves Her

Gas on my stomach was so bad it nearly killed me. My druggist told me about Adlerika. The gas is gone now I feel fine."—Mrs. A. Adamek.

Simple glycerin, buckthorn, saline, etc., as mixed in Adlerika, helps GAS on stomach in 10 minutes! Most remedies act on the lower bowel only, but Adlerika acts on BOTH upper and lower bowel, removing poisonous waste you never knew was there. Relieves constipation in 2 hours. It will surprise you. At Wallace's Drug Store. (f-4)

MORVEN W. M. S.

The regular meeting of the Women's Missionary Society met on Wednesday, April 9th, at the Brick church with a good attendance. Owing to sickness in the home of the president, she was unable to be present. The First Vice-President, Mrs. G. Clarke, took charge. The meeting opened with hymn 294, after which the watchword was repeated in unison, and the business part then followed.

Mrs. F. Lake gave a reading on "Christian Stewardship"; Mrs. B. H. Hamm, "China"; Mrs. Henwood, "Indians"; Mrs. P. Lund, "Japan"; Mrs. G. Clark, "Trinidad."

Prayer by Mrs. Clark; hymn 255, reading "How Can I Win New Members," by Mrs. Denyes. Reading "The woman who was going to join the missionary society," by Mrs. Lucas. Reading, "The woman who made opportunity," by Mrs. C. L. Sharp.

The meeting closed by the Mizpah benediction.

EMPLOY SEAWEED IN MAKING FISH MEAL

Experimental use of seaweed in combination with fish offal in the production of fish meal is yielding apparently satisfactory results at a Maritime Province fish meal plant, and it is believed that operations can be successfully expanded. Fish meal has been proven an exceptionally good feeding material for cattle, swine, and poultry, and the particular value of seaweed for use in meal production is chiefly due to its high iodine content. Seaweed is abundant on Canada's coasts, and can be gathered comparatively easily, so that if further experiments show that it may be profitably used in quantity lots in making fish meal an important new source of income will be opened up to many fishermen. Production of meal from seaweed and offal at the plant which is trying out the process has been in progress for only a few weeks but in that time about 300 tons of seaweed have been used. The seaweed is first dried then ground and mixed with a certain percentage of the fish offal; subsequent operations are similar to those employed in making any fish meal.

FEWER 'PHONE TROUBLES

Huge sums of money are spent annually by the Bell Telephone Company to maintain the equipment at the highest standard, thereby enhancing the value of telephone service. Last year, says the Company's annual report, there was a further reduction of 12 per cent in the number of troubles per telephone. The reduction of troubles has been 43 per cent since 1926, demonstrating the effectiveness of the Company's policy of preventive maintenance.

Owes Her Health To Pink Pills

This Weak Anaemic Woman Now Rejoices in Health and Strength

It is a scientific fact that nearly all the ills that afflict women are due to poor, thin blood. This anaemia is the root cause of low spirits and languidness and aching backs that make life a burden for so many women. Hundreds of the women could banish all these miseries by taking Dr. Williams' Pink Pills for pale people. Just these pills create an abundance of new rich blood — their wonderful reputation is based on that. Proof of these statements is given by Mrs. L. Deschenes, La Tuque, Que., who says:—"Before I began using Dr. Williams' Pink Pills I was in a badly run down condition. I was pale and weak, had headaches and frequent headaches, and the least exertion would leave me breathless and worn out. My husband advised me to try Dr. Williams' Pink Pills, and got me six boxes. Almost from the first I noticed an improvement; in my condition and as I continued taking the pills my blood became better and I steadily grew stronger, till to-day I am enjoying the best of health. I am now able to do all my housework without feeling the least fatigue; my appetite is better and I sleep more soundly at night. All this I owe to Dr. Williams' Pink Pills, and I unhesitatingly recommend them to all who are run down in health."

You can get Dr. Williams' Pink Pills at all drug stores or they will be sent by mail at 50 cents a box by writing the Dr. Williams' Medicine Co., Brockville, Ont.

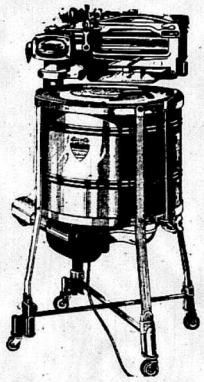
ONTARIO ARCHIVES TORONTO

The World is Full of Substitutes for Quality
But There Never Was and Never Will Be
A SUBSTITUTE FOR SATISACTION!

THE BEATTY
IS CANADA'S PREMIER
ELECTRIC WASHER



Because it is the last word in quality, which gives satisfaction. This is one of the reasons why there are more Beatty Washers sold than all others combined.

It is easier to operate.
Washes Faster
Lasts Longer
Come to our store and we will prove these three statements

638 Beattys Sold in Kingston in 11 months and Quality is the Reason

The Beatty is not a price proposition — it is the greatest 100 cents to the dollar value ever offered the Canadian public by an all-Canadian Manufacturer.

The initial cost of many washers is only a down payment on future trouble — (cheap washers are like sin — no FATHER — no MOTHER — "just GROWED") — but every dollar invested in a Beatty washer is returned to you tenfold in the saving of time, health and money. It saves mother, as nothing else will. It washes a tub of clothes clean in 7 minutes, including cuffs and collar bands, without hand rubbing or boiling. With every machine goes a complete laundry service of 4 pieces free. This machine can be bought with a small down payment, balance over 18 months, without interest. Call our store and arrange for free demonstration in your own home and if it does not sell itself, do not buy it.

RICHMOND MINUTES

Council met in Municipal Hall, Selby, on April 1st, 1930. The members were all present, the Reeve presiding.

The minutes of last meeting were read and adopted.

Moved by Couns. Oliver and Hartin that Road Pay List for month of March, including snow pay list, and bridge timber, total $509.23, be paid and cheques issued to various men on Pay List. Carried.

Moved by Couns. McQuaig and Oliver, that this Council acknowledge receipt of $31.50 refund from one Mr. M. C. Thompson, charity advanced during winter 1929-30. Carried.

Moved by Couns. Hartin and Haggerty that Tax Roll from D. R. Martin, collector for 1929, be received and accepted and his salary, $115.00 be paid, and $1.00 legal advice re Tax matter. Carried.

Moved by Couns. Hartin and Haggerty that Wilfrid S. Wilson's account for coal, furnished M. Thompson and F. Babcock, be paid, $13.50. Carried.

Moved by Couns. McQuaig and Hartin that on the recommendation of the Road Supt. in future this council will be held the second Tuesday in each month for months June, July, August, Sept. and Oct. instead of first Monday. Carried.

Council adjourned to meet on Tuesday, May 13th, 1930.

H. A. WOOD, Clerk

"Reading, when taken in heavy doses, is a form of intellectual opium."—Andre Maurois.

Someone had hinted to old man White that his daughter was secretely married, and the old fellow flew into a terrible rage. When his daughter came home from business he vowed he would find out the truth or die in the attempt.

"Mary," he said sternly to the girl that evening, "I have been told that you are secretely married."

"Well," replied Mary evasively, "I ain't saying I ain't."

Old man White nearly boiled over at the ambiguity of the answer.

"I ain't asking you if you ain't," he thundered. "What I ask is, if you is?"

Healthy Children Always Sleep Well

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the new-born babe with perfect safety. You can obtain the Tablets through any medicine dealer at 25 cents a box, or by mail, post paid, from the Dr. Williams' Medicine Co., Brockville, Ont.

"When I started out in life I was convinced that the world had an opening for me."

"And had it?"

"Yes. I'm now in a hole."

WHY SUFFER FROM YOUR LIVER?

Why be handicapped with unsightly blotches on the face, eyes with yellow tinge and that tired and languid feeling? This indicates a torpid liver.

Headache; Dizziness and Biliousness surely follow. You must stimulate your lazy liver, start the bile flowing with Carter's Little Liver Pills.

They also act as a mild laxative, purely vegetable, free from calomel and poisonous drugs, small, easy to swallow, and not habit forming. They are not a purgative that cramps or pains, unpleasant after effect following, on the contrary a good tonic. All Druggists 25c and 75c red pkgs.

Easter report and promotions of School Section No. 3, Adolphustown:—

Senior IV— Josephine Cousins and Jean White, equal; Nellie Gallagher, Dora Gallagher.
Junior III to Senior III — Harold Mallory 69, Mary Gallagher 67.
Senior II to Junior III— Beryl Cousins 71, Bobbie White 71, Dorothy Magee 73, Vera Plant 73.
Senior I to Junior II— Frances Cousins 90, Hugh Magee 82, Dorothy White 82, George Gallagher 79, Dorothy Gallagher 78, Ada Bruce 78, Sidney Strawbridge 73.
Primer— Joe Johnson, Bessie Johnson, June Dorland.

MARGARET JEAN MITCHELL,
Teacher.

Results of Easter examinations at Enterprise Public School:—

Senior Room

Senior IV— Madeline Spratt.
Junior IV— Hazel Wagar, honors; George Lockwood, Harold Bell, Ila Cronk, Rosena Wagar, Arthur Bell.
Senior III — Jean Sparks, honors; Kenneth Cummings, Edna Hartwick, A. McKim, Noreen Bell, Frederick Brown, Vera McKim, William Kirkham, James Whalen.
Junior III— Douglas Carscallen, Reymond Vanness, Helen Wagar, Lewis Wagar.

E. B. MILLIGAN,
Teacher.

Junior Room

Senior II— Irene Kirkham, Frances Hartwick, Billy Osborne.
Junior II A. — Nellie Cummings, Orval Jackson.
Junior II-B. — Pearl Brown.
Junior II C. — Betty Olliver, honors; Vivian Vanness, Helen Cummings.
Senior I— Harvey Martin, honors.
Senior Primer— Edward Kirkham.
Junior Primer A.— Dorothy Wilson.
Junior Primer B— Madeline Coulter, Edward Corey, Wanda Jackson, Victor Bell, Walter Kirkham.
Phonics— Doris Graham.

S. M. WILSON,
Teacher.

Following is the report of School Section No. 7, Camden; Christmas to Easter:—

Senior IV— Bruce Allen 73.
Junior IV— Burdette Hamilton 70, Laura Allenbrack 69.
Junior III— Eugene Sagriff 65, Vera Allen 60.
Senior II— Francis Sagriff 61.
Junior II — Sammy Hamilton 80, Kathleen Sagriff 64, Leland Sagriff 44, Rupert Sagriff 36.
Primer Class— Mildred Sagriff, Gordon Allen.

Those Missing Examinations — Eugene Sagriff, 1; Kathleen Sagriff, 2; Rupert Sagriff, 5; Leland Sagriff, 5.

BERNICE WHITE,
Teacher.

Honour roll of School Section No. 7, Sheffield:—

Names in order of merit.

Class IV— Thannie Howes 72, Gordon Tyner 71, Walter Howes 70.
Senior III— Donald Black 83, Lawrence Way 80, (absent 2 exams.)
Junior III— Fraser Howes 67.
Senior II— Anna Way 74.
Junior II— Grant Black, 81.
Class I— Margaret Way 76.
Primer— Rita Way.

ANNIE M. CUNNINGHAM,
Teacher.

Following is the honour roll of School Section No. 6, Ernestown:—

Senior IV— Leona Hegadorn, Mary Laidley, Jean Kilpatrick, Lorraine Hagerman, Kenneth Hoole, Mabel Boyce.
Senior III— Leah Young, George Laidley, Fraser Hoole, Jean Revelle.
Junior III —Thelma Young, Vera Chaplin, Harold Kay.
Senior II— George Smith, honors; Vivian Lucas, Leigh Thompson, Charlie Kay.
Junior II— Norma Thompson, Sarah Smith, Donald Priest.
Class I. (alphabetically) — John Boyce, Bill Siser, Vera Sizer.
Primer— Flora Amey, Marguerite Baker, Malissa Boyce, Helen Kay, Kenwin Priest, Lois Thompson.

EDNA GLENN,
Teacher.

Report of School Section No. 21, Camden:—

Senior IV — Viva Doupe, honors; Mary Barrett, Charles Wagar.
Junior IV— Robert Reid, Stuart Hyland, Grace Hannah, Arthur Doupe.
Senior III— Stanley Wagar, Willie Keech.
Junior III— Victor Rathwell.
Class II— John Hannah, Hugh Reid, Annie Keech, Robert Doupe.
Class I— Harold Thompson, honors; Gerald Thompson, Elsie Snider.
Senior Primer— Ambrose Thompson, Ivan Hannah.
Junior Primer— Arthur Reid, Lloyd Bailey.
Absent for exams.

J. C. HITCHINS,
Teacher.

Following is a report of the Easter examinations of Section Section, No. 10, North Fredericksburg.

Names in order of merit.

Senior IV — Zella Moore, Marion Pickett, Beatrice Moore.
Junior IV—Madeline Sherman. Absent for exams, Carl Sherman, Claude Sherman.
Class II—Madeline Mitchett, Effie Moore, Harold Matthews, Jean Moore.
Primer — Etta Pickett, Bill Moore
Beginners Class — Bryce Moore and Marjorie Moore.

MARJORIE KEYS,
Teacher.

Following is the Easter report of School Section, No. 2, Ernestown: —

Senior IV — Hilda Franklin 84, Phyllis Miller 80, Marjorie Miller 80, Thelma Sterling 64, Mildred Miller 61.
Junior IV—Kenneth Young 68.
Junior III—Jean Laidley 79, Anita Rickey 68, Gordon Sterling 43, Gertrude Miller 39, Harold Miller 37.
Junior II — Billie Hogan 61.
Senior II — Bobbie Miller 81, Iris Smith 74, Ross Young 71, John Sterling 66, Wilda Hogan 65, Mary Simpson 65, Lorraine Ricker 59, John Franklin 45, Jean Franklin 36.
Junior II — George Miller 61.
Senior Primer—Audrey Smith, Douglas Rickey and Leslie Miller promoted into First Book.
Inter. Primer— Russell Sams.
Junior Primer — Norman Corby, Audrey Venton.

EDYTHE M. OSBORNE,
Teacher.

Mineral Salts Give Her Tired Hubby New Pep

"My husband took 2 bottles of Vinol. Now he has good appetite and more strength, pep and vigor than he ever had."—Mrs. Ralph Starkey.

Doctors have long known the value of mineral elements, iron calcium with cod liver peptone, as contained in Vinol. Nervous, easily tired people are surprised how Vinol gives new strength, sound sleep and a BIG appetite. Gives you more PEP to enjoy life! Vinol tastes delicious. At Wallace's Drug Store. (g-4)

Be Proud of Your Stove's Good Looks!

. . . enjoy the satisfaction of having a stove that looks as well as it cooks! ZEBRA will keep it new and glossy through years of use.

CANADA'S AIR MAIL SERVICE

Growth of This New Branch of Post Office Department — New Routes Opened This Year

Canada, with her vast area and widely scattered population, is advantageously situated to derive the greatest benefits from the development of internal air mail service. The great distances which separate the principal urban centres and the steady and broad frontal advance in settlement and development serve to render postal communication by air peculiarly valuable in the Dominion. In addition the Post Office Department of Canada has entered into reciprocal arrangement with the United States postal authorities whereby Canada may take full advantage of the extensive United States air mail services connecting with points in Mexico the West Indies and Central and South America.

The establishment of Canada's official air post services is of comparatively recent date, but the conveyance of mail matter by air within Canada has been an actual fact for over ten years. In the early days of mail transportation by air the Post Office Department, as a temporary measure, gave permission to the operating aviation companies to carry letters, entirely at the senders' risk and subject to a small fee payable from five cents to twenty-five cents per letter, in addition to the regular postage. This fee was retained by the operating company. The successful operation of numerous "sticker" services demonstrated beyond question the essential practicability of air mail transport in the Dominion, for these services were conducted in many cases under considerable operating difficulties although not on hard-and-fast schedules.

Civil aviation in Canada assumed prominence in 1927 which justified the Post Office Department in utilizing the facilities available for the fast transport of mails, not only to remote areas but between the larger centres of population. Services of the latter type had of course to be arranged on definite time schedules and this involved a much greater problem. As a result of this a service was inaugurated by which inbound British mails were taken from the mail steamers and transported by air to Montreal, thus considerably shortening their delivery. Later on, October 1, 1928, a service of daily, frequency was established between Montreal and Toronto and on the same day an international air mail route was opened between Montreal, P.Q., and Albany, N.Y. On July 15, 1929, the Montreal-Toronto route was extended to Detroit, via Hamilton, London, and Windsor, Ontario, and thus a point of contact with the United States air mail route westward was established, in addition to providing the most densely populated portion of Ontario with speedy air mail service. On the same date a still further connection with southern air mail routes was provided by the establishment of daily service between Toronto and Buffalo. Notwithstanding the difficulties of operation in the Maritime Provinces, owing to variable landing fields, heavily wooded areas, broken country, and fog, the Postmaster General inaugurated a service early in December, 1929, between Montreal, Quebec, Moncton, and Saint John.

The next major development in Canadian Air Mail Service was the inauguration of the trans-prairie route on March 3, 1930. Planes are now operated daily between Winnipeg, Regina Moose Jaw, Medicine Hat and Calgary and between Regina, Saskatoon, North Battleford, and Edmonton on a schedule which clips a full twenty-four hours off the transcontinental movement of Canadian mails. This not only exemplifies a marked advance towards the ideal in mail service which is being developed link by link but revolutionizes inter-communication between the provinces of Alberta, Saskatchewan and Manitoba.

It is in the outlying portions of the country, however, that the most valuable work of Canada's Air Mail Service has been carried out. Until recently the remote settlements along the north shore of the St. Lawrence river, on Anticosti and the Magdalen Islands in the Gulf of St. Lawrence, and along the sub-arctic reaches of the Mackenzie river, have been almost cut off from the outside world during the winter months. Communication was necessarily by dog team and other primitive methods until the recent dramatic change to swift aeroplanes reduced the duration of mail trips from weeks to hours.

The establishment of contract air mail services in the Mackenzie River District, the most northerly of all air mail services in December, 1929, attracted world-wide attention. The route from McMurray, down the Athabaska River, along the south shore of Great Slave Lake, and down the mighty Mackenzie River is nearly 1,700 miles long. Hitherto, in winter months, dog teams had been the sole means of conveyance and the volume of mail was correspondingly small being limited to letters and a few newspapers. The total amount of Arctic mail in the winter of 1929-30 was less than two hundred pounds. In contrast this with the remarkable contract obtaining on the advent of air facilities. Ten thousand pounds of mail were carried on the first flight from Aklavik at the mouth of the Mackenzie.

The chief remaining routes are those which penetrate the rich mining areas of Ontario and Manitoba, e.g., Red Lake, Kiwisaine, and Bissett. They are the principal mineral areas served by air mail in Canada.

The development of these fields and properties is highly beneficial not to mention the economies effected in aircraft which may be expected during the next few years will undoubtedly do much to facilitate the performance of regular scheduled air mail services within Canada. Meanwhile, the efficiency percentages maintained by the different operating companies are remarkably high. In addition to holding the world's record for speed over contract air mail lines, the Canadian service proudly boasts that it has never lost a single piece of mail out of the hundreds of tons that have been entrusted to it.

A teaspoonful of "Erasmus Wilts' English Salt, taken first thing in the morning in half a glass of water, tends to prevent headache and biliousness by cleaning the walls of the stomach, stimulating the liver and flushing the kidneys. This famous old English product, sold in 50c tins at Wallace's.

CANADA'S RECREATIONAL WEALTH

Dominion Has Wide Appeal and Fame of Attractions Rapidly Spreading — Growing Tourist Movement

Canada's recreational resources are a national asset of the first order. They comprise the lodestone which each year drags millions of visitors to the Dominion and they form a source of wealth which annually adds a large and rapidly growing item to the national income. There are, in fact few records in the annals of Canadian development more interesting or more remarkable than that of the rise to importance of the Dominion's recreational features. To-day the returns from these assets keep pace with those from such major factors as mines and forests.

Some idea of the extraordinary growth of holiday traffic may be gained from the records of touring automobiles entering Canada in recent years. In 1919 the number of cars entering Canada for touring purposes was 238,650 and during the ten years up to 1929 this figure had increased to 1,309,000. Aside from the phenomenal increase of motor tourists, railway and steamship lines each year add large numbers to the thousands who holiday in Canada. Tapping an even wider field than the automobile, these organizations have spread the Dominion's fame as a holiday land literally throughout the world.

The most casual traveller crossing the Dominion from east to west cannot but be struck by the sheer diversity of Canada's natural features. First there is the rugged Atlantic shore; then the great system of inland lakes, seas in depth and size; next a thousand miles of rolling prairie; followed by the great barrier of the Rockies, rivalling the Alps in grandeur; and finally the sea bathing with its warm waters the far flung Pacific coast. All these contribute to the glorious panorama of a transcontinental trip across Canadian territory.

The charm of the Maritime Provinces is not easily depicted. These provinces — Nova Scotia, Prince Edward Island and New Brunswick — are toned with the mellowness of age that captivates the visitor from newer regions. The arrow-white lighthouse crowning the cliffs that overlook the sea, the whiff of salt of the fishing smack seeking its sheltering cove, the quaint fishermen's cottages that straggle up the hillsides, the shaded inland roads and winding forest streams, the springtime mantle of blossom that clothes mile upon mile of orchard valleys—all these suggest the elements that blend to give the Maritimes a picturesqueness peculiarly their own. In this setting is found all that goes to complete the happiness of the holiday visitor—excellent facilities for motoring, boating, fishing, hunting in season, and all outdoor recreation.

Reaching from the mouth of St. Lawrence to the head of lake Superior a voyage of 2,000 miles, one of the world's great systems of inland navigation traverses Eastern Canada. Nowhere exists an inferior water route more varied than that traversed in a trip up the storied St. Lawrence, touching Quebec and Montreal and busy Montreal. Leading on through the Thousand Islands and the Great Lakes, past Toronto, Niagara Falls and a dozen other centres of commercial or scenic interest, such a voyage spreads the heart of Eastern Canada and leaves a vivid impression not only of the natural beauty but of the business life of this part of the Dominion.

The Laurentian region — the hilly picturesque skirting Hudson bay to the east, south and west—is pre-eminently the country of forest and stream, of hunting, fishing and canoeing, of great unexplored areas, countless lakes and rivers form a network of limitless highways routing the canoeist through a hinterland where trout, bass and maskinonge, moose, deer and bear, stock a superb field for the sportsman.

The prairies are less familiar as a holiday region. Yet, for thousands of visitors, the fertile western plains, with their endless miles of rippling grain present a scene of beauty and satisfaction on countless visitors. Beautiful summer resorts nestle on the shores of prairie lakes, and for the enjoyment of the sportsman are fields offer finer attraction than the hunting, in season, of prairie game birds.

For scenic splendour the Rocky Mountains have been declared by many experienced Alpine climbers to be unsurpassed. Majestic ranges, scarred by age and weather, rear their summits against a sky of purest blue or bury their snow-capped peaks in fleecy cloud. Glaciers and waterfalls, emerald tinted lakes and wooded valleys combine to entrance the eye and the enchantment is increased by the alpine air fragrant with the scent of pine and fir. The country and the people are noted for their big game— bighorn sheep, grizzly bear, Rocky Mountain goat, elk, deer, moose, caribou, black and brown bear, and mountain lion.

Canada's Pacific coast, with its fiords and inlets, is a revelation to the tourist. Its moderate climate makes it an all-the-year-round playground for thousands, while its hunting, fishing and other sporting attractions are unexcelled on this continent.

Taking into account the scope, the variety and the steadily widening renown of the Dominion's recreational attractions, there is ample ground for the view that these assets to be found through their direct and indirect commercial effects prove to be one of the major forces of Canadian development in the next generation.

FLOGLAZE ENAMEL

Is a Canadian product, produced entirely by Canadian labor and financed by Canadian capital. This product has been chosen and arranged by a Canadian specialist. And it is a product that is receiving the support of the whole land, for we believe its equal is not produced in any other country. Floglaze is sold in Napanee, at Wallace's.

When sending Kodak work to Wallace's, remember stamps. We have hundreds of films mailed to us, and it is impossible to enter them in our books. If you will kindly do this, it will help to speed up our Kodak department. No. 2 Brownie films are 24c to develop, print and mail; No. 2A Brownie, 40c; and larger sizes, 44c. Remember the 33c enlargement free when work adds up to $1.00, at Wallace's, Kodak agents.

It's a Maple Leaf Special

CANADIAN DEPARTMENT STORES LIMITED

HYDRO DEVELOPMENT IN CANADA RAPID

The rapid increase in the production of electric energy by central electrical stations is largely due to the growth of the pulp and paper industry according to statistics issued by the Department of Trade and Commerce on the production and use of electric energy in Canada.

The increase is shown in figures and the text follows: In 1924 the motors in the pulp and paper mills operated on power purchased from central electric stations had a rated capacity of 315,466 horsepower, or 12.4 per cent of all power equipment in manufacturing industries, (the central electric station industry excluded) and in 1927 their rated capacity had more than doubled, increasing to 780,530 horse power, which was 24 per cent. of the total power for all industries. Also the pulp and paper industry has been using an increasing amount of electricity for heating water and practically all the electric energy is used 24 hours per day throughout the year as against an average working day of other manufacturers of 8 and 9 hours. Although the low rates are important factors in increasing the average consumption per capita for all purposes to 1843 kilowatt hours, which is more than twice the average in the United States and almost ten times the average in Great Britain, the large consumption by the pulp and paper industry is the main factor.

Other factors entering into the relative per capita consumption of electric energy in Canada and the United States are the costs of fuel and the water development. Cheap fuel in the United States tends to increase the proportion of industries producing their own power instead of purchasing it from central electric stations and large hydro electric plants in Canada located in the industries sections tend to increase the proportion of industry connected to central electric stations in 1929 was from water power whereas in the United States the proportion was only 36 per cent, and in the United States the capacity of motors operated on purchased power in all industries was only 44 per cent.-of the total power employed in 1925 (the latest year for which data are available). Whereas in Canada the proportion for 1925 was 51 per cent. and for 1927 it had increased to 58 per cent.

Although practically every urban municipality in Canada is served with electricity from 600 central station power plants, 21 organizations and their subsidiaries produce over 90 per cent. of the total for the industry. The Ontario Hydro Electric Power Commission, serving the greater part of Ontario, produced 24 per cent. of the total for Canada, and the systems of the Ontario Hydro Electric Power Commission, Shawinigan Water and Power Company, Duke Price Power Company, Gatineau Power Company and the Montreal Light, Heat and Power Company produce over 12 billion kilowatt hours or 67 per cent. of the total.

BEST FOR BABY!
Because a particular drug or medicine has millions spent on advertising it to the public, it does not make that article the best for baby. You seldom see Riker's Genuine Milk of Magnesia advertised, yet the Government Analytical Department shows it to be in the very front rank! Insist on the genuine Riker's, 25c and 50c at Wallace's.

CEMENT!
Just unloaded a fresh car of Portland cement, also car paper sacks.—WILSON'S HARDWARE. 17tf

WE HAVE VARNISH
At a great deal less price—and one that sells at a dollar a quart more. But no matter what you pay, you'll agree that Copaline, for everyday wear and tear, is the ideal varnish, for every purpose. It sells at 80c a pint, $1.30 a quart and $2.60 a half-gallon, at Wallace's Napanee agents.

Four Bargains in Napanee Bonds

WE have for sale four 5% Bonds of the Town of Napanee. Each bond is for the amount as indicated. Interest on them is payable in Napanee on the 1st of March and the 1st of September each year until they mature.

$2,400 due March 1st, 1933, will cost $2,383.44 and accrued interest
$2,700 due March 1st, 1935, will cost $2,670.57 and accrued interest
$2,800 due March 1st, 1936, will cost $2,763.00 and accrued interest
$2,900 due March 1st, 1937, will cost $2,857.95 and accrued interest

At these prices, the yield is 5¼%

Nobody knows more about the sound security of Napanee Bonds than those who live in Napanee; hence our offering of these bonds at this most attractive price through the medium of this newspaper.

Orders may be telegraphed or telephoned at our expense, and bonds will be delivered to any Bank in Napanee with draft attached.

CARD OF THANKS

In future all insertions of Cards of Thanks and In Memoriam will be inserted in The Beaver only if the money accompanies the order, at the following rates: Card of Thanks, 75c; In Memoriam, 50c., and 50c. additional for each verse.

Constable A. E. Cook wishes to thank his friends for their kindness and sympathy during the time he was confined to his residence, following his recent accident.

Mrs. M. Bradshaw and family, of Selby, wish to thank their many friends and neighbors for kindness shown them in their recent sad bereavement in the loss of daughter and sister, Mrs. G. A. McFarland. 17ap

HUNT'S DELICIOUS CHOCOLATES

Are becoming one of Canada's favorite confections. Store after store has been opened in Toronto to look after the ever-increasing demand for Hunt's and in Napanee you get the same delightfully Fresh Candy, direct each week from this factory. Any assortment, 60c lb at Wallace's.

IN MEMORIAM

In sad but loving memory of our dear parents, John and Eleanor Tyner, who departed this life, Father, April 27th, 1922; Mother, May 11th, 1927.

We cannot forget them, our loved ones so dear,
Their memory grows sweeter year after year;
They cannot return, so our tears are in vain,
But in Heaven we're hoping to meet them again.
They have crossed the hills to the pearly gate,
Where the band of Angels constantly wait;
And passed in through with staff and rod,
Forever at home in the city of God.

Out of sight but not out of mind
17ap — By Their Family.

IN MEMORIAM

In loving memory of my dear mother, Ann Templeton, who departed this life, April 28, 1929.

Faithful and earnest in all her ways,
Devoted and true to the end of her days.
A loving mother so gentle and kind,
What a wonderful memory she left behind.
Sadly missed by Son, Frank, and family. 17ap

IN MEMORIAM

In loving memory of Martin W. Bradshaw, who passed away on April 23rd, 1923.

He has taken his last long journey,
In God's beautiful sky called rest;
Away from this world of sorrow,
To a home of eternal rest.
There is no death; the stars go down
To rise up on some fairer shore,
And bright in heaven's jeweled crown
They shine for evermore.
Sadly missed by Wife, Sons and Daughter.
17ap

FOR FLOORS AND LINOLEUMS

Use Mar-Not Floor Varnish, "Made in Walk On," $1.75 per imperial quart. Also the new varnish "4 Spar Quick Dry," at $1.25 per quart. At Hooper's Drug Store.

COPALLINE YOUR FLOORS

Woodwork, furniture and linoleums! Unlike most varnishes, Copalline, the universal varnish, stands up equally well for any purpose! It does not darken hardwood floors, will not turn white with water, dries in 4 hours with a brilliant gloss and wears like iron. Copalline for sale, in Napanee, at

GRACE CHURCH W.M.A.

The Women's Missionary Auxiliary of Grace United Church, Napanee, held its Annual Thankoffering meeting on April 10th, in the Sunday School room. The President, Mrs. Hooper, presided at the meeting.

The meeting opened with devotional exercises by Mrs. Anderson offering prayer.

A varied programme consisted of reading, instrumental and vocal solos.

A reading entitled: "Easter Chimes," given by Mrs. Woodger; one on "Easter Dress," given by Mrs. Reddick; and one entitled: "Oh Lord Revive Our Hearts," beginning With Me," was given by Mrs. Symington. A pleasing feature of the programme was a vocal solo by Mrs. Harold Dennison.

Mrs. Pringle, treasurer, reported remitting $125.00 to the branch treasurer for the first quarter of this year.

The Thankoffering this meeting amounted to $70.00.

At the close of the meeting, a social hour was enjoyed by all present.

The new medicine "Sargon" $1.35 at Hooper's Drug Store.

MODERN COOKING

By Electricity without Special Wiring

With the new Canadian Beauty Rangettes you can have the advantages of electric cooking without any special wiring. Simply plug in the cord into the nearest wall plug. These Rangettes are made in two sizes and have two top service elements and one element in top and one in bottom of oven. Why bother with the old style wood or coal range or oil stove when you can bake, roast and fry on a modern Rangette at low cost.

No. 16 Rangette .. $24.50
No. 18 Rangette .. $39.50

Have You Heard These?

"Divorce is granted in America for the most trivial reasons, generally some form of temperamental incompatibility. The fact that one of the parties is hard of hearing is ample excuse for dissolving what was to have been a life-partnership.

'Till deaf do us part.

Douglas' Egyptian Liniment is without a rival. Stops bleeding instantly. Cauterizes wounds and prevents blood poisoning.

Worms feed upon the vitality of children and endanger their lives. A simple and effective remedy is Mother Graves' Worm Exterminator.

Young Man: With business experience wants connection with firm that offers future. Salary no objection.

If the Naval Conference can disarm suspicion the rest will be easy.

Worms, by the irritation that they cause in the stomach and intestines, deprive infants of the nourishment that they should derive from food, and mal-nutrition is the result. Miller's Worm powders destroy worms and correct the morbid conditions in the stomach and bowels that are favorable to worms, so that the full nutriment of the child is assured and development in every way encouraged.

"Is your husband hard to please in the matter of cooking?"

"No, indeed! Anything I don't happen to have suits him perfectly!"

All Night With Asthma. Everyone knows how attacks of asthma often keep their victims awake the whole night long. Morning finds him wholly unfitted for a day of business, and yet, business must still be carried through. All his night suffering and lack of rest can be avoided by the prompt use of Dr. J. D. Kellogg's Asthma Remedy, which positively does drive away the attacks.

Newspaper prints a picture of J. P. Morgan and his prize-winning violet. They don't look anything at all alike.

Persian Balm is a true elixir of youth. Refreshes and rejuvenates. Adds a youthful charm to the complexion. Softens and beautifies the skin. Makes hands flawlessly white. Indispensable to the woman who appreciates subtle distinction. Delightful to use. Delicately fragrant. Soothes dry and irritated skin. Corrects and preserves. A flawless toilet requisite for every discerning woman. A true aid to beauty.

Was It Needed

Sam had been the despair of the girls of the village. But he was to be married at last.

"Ah, Sam," said Farmer Brown, "So I hear ye've put up the banns at last."

"Aye, sir," responded Sam. "I were prayed for the third time in church last Sunday."

A celebrated tenor had received an enthusiastic reception and was standing in the lounge after his performance.

The people flocked round him, and he was hard put to it to acknowledge all the compliments showered upon him. His arm began to ache, owing to the severe treatment it received, and the tenor wished it were all over.

Finally, an elderly duchess simply overwhelmed him with praise, much to his disgust.

"Your singing took me back to my childhood days," she enthused.

"Really," murmured the artist. "I had no idea my voice would carry so far."

Crandle was what is sometimes called a hustler. He always did everything the quickest way, believed in short cuts, and so on. It was this little habit of his that so annoyed his friend Brandle.

One evening they were going up to town together, and Brandle had decided to take a bus and a breath of fresh air. Crandle objected to this. He protested the train was much quicker, and in the end they went by train. Of course, they saved a certain amount of time.

"There you are," said Crandle, "told you so. Ten minutes gained."

"Yes," replied his friend wearily. "But what are we going to do with it."

RHEUMATISM?
NEURALGIA? NEURITIS?

Use T-R-C's. Get safe, speedy relief from pain and stiffness. "I was not able to get anything to help me," writes Mr. Wm. D. Hall, Mt. Dennis, Ont., "until I tried Templeton's Rheumatic Capsules. When I feel a twinge I start using T-R-C's."

T-R-C's are equally good for Neuralgia, Neuritis, Sciatica, Lumbago. No harmful drugs. 50c and $1.25 your dealer's risk.

T-R-C's TEMPLETON'S RHEUMATIC CAPSULES

FLINT BANK LOOTERS NOW IN PENITENTIARY

It is a pleasure to dissipate the notion that wealthy offenders against the laws of the United States invariably go free while the mere underlings are punished. A few days ago 12 former officials of the Union Industrial Bank in Flint, Michigan, left for the penitentiary where they have been sentenced to an aggregate of 240 years. How they contrive to themselves in prison will determine what percentage of the two and a half centuries they will serve. But their punishment has been swift and probably adequate. They have been stripped of their possessions, robbed of their good names. Their high social positions have been destroyed. To fling them with a cat-o'-nine tails would hardly add to their degradation. Nearly all of them were prominent in the community. Some of them were leaders. One was an indefatigable teacher of a Sunday School. Another was the chief of the Boy Scouts. They were patriots and model citizens. Those who did not figure opulently in the public eye were devoted husbands and indulgent fathers, whose most exciting diversions consisted in blandishing cigars and listening to the radio. Among these scoundrels there was not a single ne'er do weel.

Stole $2,500,000.

Their total defalcations amounted to nearly $3,700,000 of which the bank was able to recover about a million and a quarter, leaving the net loss of slightly less than $2,500,000. They were caught in the collapse of the stock market, and it seems possible that if this had not occurred these officers would have enriched themselves and probably made money for the bank. There was a time last September when after they had been withdrawing money as individuals or a group for three years they could have realized and been only $19,000 in the hole. It seems that they did consider then whether they should not square their accounts with the bank, for considering that they were the chief officers it would have been easy for them to conceal a shortage of $19,000 until they could have made it up out of their salaries, some of which were ample. Indeed for years they concealed shortages amounting to hundreds of thousands of dollars. On one occasion the bank passed through a local consolidation and its assets were closely examined by several trained business men. Yet though the bank was hundreds of dollars short the fact was not detected.

Whole Staff Stealing

From the vice-president down to the assistant teller it seems that nearly every official was in some way or other involved. The thieves were thus fortified at all points. For some transactions they kept no books at all. For others they forged signatures and the bank examiners would be permitted to examine notes for large amounts from highly solvent customers which the customers had never seen. Otherwise the books were in perfect condition and time and again passed the scrutiny of bank examiners. For months the gang sought further protection by keeping scouts posted at the chief hotels in Flint in order that warning might be given of the unexpected presence of a bank examiner in the city. The frauds began in 1926, and apparently half a dozen of the officers, unknown at first to each other, began to make unauthorized use of the bank funds. The practice was to buy stocks and hold them for an advance. Speaking generally, advances were sure to come in those days if the stocks were held long enough and the first transactions gave them a profit. Gradually the officers got to know about each other's transactions, and though for some time they did not formally unite to plunder the bank, they gave each other tacit protection.

Caught in Market Break

Originally there was no thought of theft. It was merely a matter of borrowing funds and returning them when the market permitted, which the market did very generously for some considerable time. But they made some bad guesses and in a general bull market they had the bad luck to plunge heavily on stocks which they thought they had special information about. Losses accumulated and early in 1928 there was a kind of show-down among the leading pilferers. They determined to pool their ventures thenceforth. Occasionally they would meet in each others homes to discuss the results of the day's trading and lay plans for the morrow, but generally they met after banking hours in the directors' office. They had their successes and their reverses, but the nearest they got to being out of the hole was toward the end of last summer. When the break in the market came they decided that was merely a temporary setback and proceeded to pick up a lot of bargains.

The Hero of The Day

On subsequent reflection they decided that they had picked up a lot of poison ivy but they were so deeply committed that they had to double their stakes. But the market was again against them. One of the number became panic stricken and said that he would inform the directors. This led to the calling of an emergency meeting. The matter was debated and by this time the uppermost thought in the minds of the gang was the imminence of state's prison and the desirability of holding their jobs. They concluded that if they made a limited confession the directors would keep them in their positions for fear the bank would suffer. So they informed Clarence S. Mott vice-president of General Motors and holder of 25 per cent of the bank's stock, that they had misappropriated funds to the extent of $800,000. They begged for consideration. Mott said that every one of them should be discharged immediately, and the information laid before the police. He also summoned up his private financial reserves and in armored trucks a million dollars in cash was brought from Detroit. Further investigation revealed further discrepancies and these were made good by more armored cars. Mott said every dollar of indebtedness and is credited with having saved, not only the bank but the financial situation in Flint. Naturally enough he was elected the new president of the bank as the former officers departed under police guard for the nearest penitentiary.

Burly Ruffian (to timid pedestrian): "Got a penny, please, stranger? Me an' Jill 'ere wants 'er to toss up, an' see which of us takes yer watch, an' which yer pocket-wallet!"

Shot from Guns

125 million food cells exploded

That's what makes Puffed Grains crisp . . . delicious . . . virtually as nourishing as hot cooked cereals

YOU may have wondered why Puffed Wheat and Puffed Rice are so light and crunchy . . . so mellingly good to eat.

Here's the secret. They are made by an utterly different process from all other ready-to-eat cereals. Grains of wheat and rice are sealed in bronze guns. The guns are revolved in fiery ovens. In this terrific heat the natural grain moisture in each tiny food cell expands into steam.

When the guns are fired, 125 million explosions occur in each grain. Every tiny food cell is completely broken up. (Just as it would be from long hours of cooking.) Hence every particle of food is completely digestible. This is why Puffed Wheat and Puffed Rice are rated as virtually as nourishing as hot cooked cereals.

When these grains come forth in showers from the guns, they've been puffed to 8 times normal size. They're crisp, fragile, crunchy . . . delicious good to eat. They taste like sweet new nutmeats. Like fresh buttered popcorn. You'll say you never before dreamed that wheat and rice could be so mellingly good to eat.

Don't neglect to give your family this more delicious . . . more richly nourishing cereal. Order Puffed Wheat and Puffed Rice from your grocer today. 5731

"GUTTA PERCHA" GUM CUSHIONED

Doubly fortified against wear

After building a tire with Gum Cushions... the greatest inner safeguard a cord tire ever had, we added the further protection of our new tough *"Resisto"* tread. This new tread gives 47½% more wear resistance to the tire, a fact proven by actual scientific test . . . a test equal in severity to thousands of miles of road service ... We claim for the "GP" Gum Cushioned Tire that it will outwear any other tire sold at an equal price in Canada.

At Meal Times

WARNING
Imitations of Ovaltine are plentiful. Do not be deceived by something claimed to be "just the same" or "just like" it. There is only one Ovaltine. No other food enjoys such a wide popularity. It is recommended by doctors throughout the world.

239

HERE'S good advice! Have delicious Ovaltine for your daily beverage. It is a taste of the open country—a concentrate of sun-ripened barley, creamy milk, and fresh eggs, delicately flavoured with cocoa, and with all the vitamins present.

It is a scientifically correct food in beverage form—wonderfully nourishing and easily digested. You will find Ovaltine an ideal meal-time and between-meals drink.

Made in a twinkling at home—and at soda fountains downtown.

RADIO REPORTS FOR FISHERMEN CONTINUE

Arrangements have been made by the Dominion Publicity Branch for the continuation this year of the broadcasting of weather and fish reports from St. John, N.B., and Louisburg, N.S., for the benefit of men engaged in the fisheries. These broadcasts have been carried on for several seasons past, and have been found by the fishermen to be of great benefit.

The broadcasts from Louisburg and those from Halifax will be resumed about April 1. They will be made twice daily from each of these ports—at 4.00 a.m. and 12 o'clock noon. Weather reports, bait reports, news items, and in some cases, prevailing local fish prices will be on the air.

The broadcast from St. John will be made twice each morning, once at 6 o'clock, and once at 8 o'clock. Weather probabilities only will be given in the service from St. John.

BEAVER ADS. PAY BEST

HAS TOLD FULLY 100 PEOPLE OF IT

"I think I've told at least 100 people about the remarkable results Sargon gave me and many of them have started taking it.

MRS. N. C. PIRRIE

"When I started taking Sargon I was hopeless. My knees were swollen twice their normal size and I suffered torture with rheumatic pains. I could hardly walk up a flight of stairs or get on or off a street car. Everything I ate disagreed with me, my kidneys were overactive and no medicines I took gave me lasting relief. Sargon reduced the swelling in my knees to where it is hardly noticeable, the rheumatic pains are practically gone and my digestion is perfect. My kidneys seem all right, my sleep is undisturbed and I get up mornings as fresh and strong as a robust girl. Even the busiest day doesn't faz me out now." — Mrs. N. C. Pirrie, 56 Rose Hill Ave., Toronto.

Sargon may be obtained in Napanee at Hooper's Drug Store, who has been awarded the exclusive Sargon agency for this town.

The tourists were being shown the Acropolis at Athens, when one of them, an American girl, after an enthusiastic "Gee, I'll say it's great!" appeared to miss something.

"Say," she said, "where are the four horsemen," anyway?"

NO FRIEND OF LABOR

In one thing the King Government is proving consistent. It is no more willing to assist the worker in town or city than it has been to improve conditions for the farmer. The latter has seen his home market for agricultural, animal and vegetable products taken from him to the extent of over $308,000,000 last year through the dumping into Canada of the surplus products of other countries and the Government has refused to help him.

The local and city worker has seen the market for his labor taken from him by the importation of more than $600,000,000 worth of manufactured goods which could and should have been made in Canada. He has seen his labor market taken from him further by the exportation of raw products which could and should have been made in Canada. And the King Government has refused to help him.

In the face of the worst unemployment situation in eight years, Mr. King has branded unemployment relief a vicious principle and has refused to grant it. He has spoken of unemployment insurance but has refused a dollar of the public money he controls to bring it into being. He has refused to aid technical education which would increase the capacity of Canadian Workers to share in the development of their country. He has refused to aid in national highway building, which would materially have helped in taking the slack out of unemployment. He has refused practical assistance in a national public health program, which would be of more material help to the worker than to any other class.

The eight hour day and fair wages on Government works was literally forced upon him by the Conservative Opposition and had there not been an election impending even that reform might not have been achieved.

It Ends Pain Begins.—When neuralgia racks the nerves or lumbago cripples the back is the time to test the virtues of Dr. Thomas' Eclectric Oil. Well rubbed in it will still the pain and produce a sensation of ease and rest. A trial of it will establish faith in it.

ONE IN THREE DIES AHEAD OF HIS TIME

In the Province of Ontario, one person out of every three dies ahead of his time. And at that, Ontario is no worse in this regard than the other provinces of Canada. Better in fact than some of them.

Professor Winslow of Yale University states that 29% of all deaths in the United States Registration Area could be postponed. An analysis of Ontario statistics shows that in this province 34% of all deaths could be postponed. And those statistics are official, and the analysis is that of competent health officials.

It's shocking to walk along the street, knowing that every third person you meet has death leaning affectionately over his shoulder. Each of us would not be permitted in industry. What causes this slaughter of 34% of human life? The answer is, just plain, human, thick-headedness.

If one person in every three was killed ahead of his time in a railway crossing accident, such a public fuss and cry would go up that within a year, grade-crossings would be eliminated, regardless of expense. But our one-out-of-three loss is not so dramatic as that. It is brought about by the stealthy ravages of diseases, and therefore it isn't noticed. For people have not yet learned that many of the diseases that kill their children, their husbands and wives and friends, could be prevented.

An inconceivable amount of sickness and premature death could be eliminated if people could be induced to get thoroughly examined, regularly, by their physician. There is an enormous amount of incipient diseases of many types which, being neglected in early stages, result in serious disability demanding hospital care and often resulting in death.

Huge Annual Cost

One of our leading public health authorities says: "Sickness costs Canada over $311,000,000 annually. The loss of future earnings through premature death is conservatively estimated at one billion dollars a year."

Diptheria kills 1,200 Canadians every year, while 12,300 other Canadians suffer from this disease but recover.

Yet science offers you a toxoid treatment to make you and your children immune to diptheria. This disease is a frightful child-slayer. Have you taken advantage of toxoid to protect your children, or may they be among the stricken 12,300 during the next twelve months — or possibly among the doomed 1,200?

Typhoid fever killed 1,100 people in Canada in 1927. Yet typhoid fever is absolutely preventable by means within the reach of everyone.

Tuberculosis — 8,000 people died of tuberculosis during 1927. Yet we have cut the death rate from this scourge in half, during the past 25 years, and we can absolutely eliminate it with adequate health machinery.

Cancer—early treatment (which is assured to anyone taking the trouble to undergo an annual or semi-annual physical examination) guarantees success in curing cancer, in many cases.

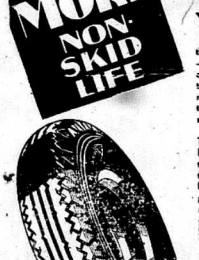
MORE NON-SKID LIFE



YOU'LL wonder how Firestone could build better tires---but here they are---more tread rubber---more non-skid life---think of it! Deeper, quicker action tread---more contact with the road---more rubber between the plies. Stronger, tougher, safer tires than ever before.

These rugged, longer-wearing Firestone tires cost no more than the ordinary. Only in them do you receive the extra benefits of the Gum-Dipping process which eliminates internal friction and heat---the greatest enemy to tire life. Specify Firestone Gum-Dipped Tires on your new car or make your present car a better one with Firestones. See your nearest Firestone Dealer.

Tune in the "Voice of Firestone", Monday nights, 9 p.m. East. Time (8 p.m. C.S.T.) over a nation-wide network of 48 stations N.B.C. Network.

A paint that will become whiter the longer it is on—one that will not chalk —that will cover more square feet to the gallon than the finest ready mixed paints—a paint that your painter will recommend above all others. All this and at a cost of about $3.00 a gallon! Ask for full directions for mixing your own outside paint at Wallace's. Napanee agents for Antimo White.

THE LEVEL CROSSING MENACE

There are no statistics to show how many motorists take a chance at level crossings and get away with it. There are statistics to show that hundreds do take such a chance and lose out. In Canada last year 617 persons were killed and 2,154 injured in level crossing accidents.

Quebec has adopted the plan of regularly stopping all traffic to come to a stop before crossing a railroad at the level. Traffic must stop before entering or crossing a through street so why not stop before crossing a railroad? Arthur Gaboury, secretary of the Quebec Safety League, has pointed out that in the last five months of 1928 thirty-nine deaths resulted in that province from level crossing collisions. In the corresponding five months for last year, when the plan was in effect, the number of fatalities had been reduced to nine.

A law which saves thirty lives in five months cannot be dismissed as impracticable. Although such a law has been often advocated in Ontario, it has never yet received the endorsation of our Legislature.

In the meantime it is open to all motorists to govern themselves in accordance with a rule which has proved so beneficial. If instead of wondering whether the crossing is clear, or taking a chance of beating a train to it, they stop till the train has passed, they will assure themselves that it is safe to proceed, level crossing casualties will be greatly reduced.

FREE SHOTS ON *Local Sport*

It's a cinch that there is not much to write about in the line of sport this week.

• • •

It looks as though the weatherman has decided to postpone baseball activities indefinitely.

• • •

Only two days so far this spring that the clay has been dry enough to get on the courts.

• • •

And the park still looks more like a swamp than a ball diamond.

• • •

There is to be a meeting this Friday of the representatives of the various teams in the county, who wish to enter the league. This will be the last chance as the schedule is to be drawn up.

• • •

Charlie Loucks is going to pilot the Gibbard nine again this year and the boys are looking forward to a lot of sport.

• • •

All the players will be taken from the factory with the possible exception that a pitcher will have to be imported. Fred Bentley is the only mound man in sight and so a second for him will have to be found some place.

MAKE THIS TEST!

Buy a pint of Coppaline—and a pint of any other varnish, say one that costs 25% more—use on the same floor, side by side—Do this, and you'll prove for yourself that regardless of price, Coppaline stands the most rigid test. Sold at $1.60 a quart, at Wallace's, Napanee agents.

DO YOU INTEND ?

Painting your house this summer ? If so, permit us to suggest that it is not economy to use ready mixed paint. Mix your own paints, by matching but the best quality of James English's White Lead and Pure Linseed Oil. These cover most surface wear longest, give best appearance and are cheapest. Get prices at Hooper's Drug Store.

EASTER DANCE

On Monday evening at the Town Hall, the Napanee Golf and Country Club members gave a dance at which a large number of guests were present. The Aristocrat Orchestra provided excellent music and supper was served by the lady members of the usual hour.

Mrs. Eggleton and Mr. Charles Walters won the lucky number prizes.

The dance was most successful in every way and a credit to the committee in charge.

EASTER SERVICES

On Sunday the Sacrament of the Lord's Supper was observed at St. Andrew's Church, as is usual on Easter morning. Rev. A. J. Wilson officiating. The evening service was a choral one, the choir singing two splendid anthems and a number of Easter hymns. Solos were given by Mrs. Valkman, Miss Mary Daly and Mrs. Saint Caldwell, all of which were appropriate to the season, and exceptionally well rendered. Miss Beatrice Bangham was at the organ. Both morning and evening services were well attended. The choir of St. Andrew's Church is to be congratulated upon the excellence of their work this season.

BLAZE STARTED TO PRODUCE WHOLESALE ESCAPE TRAPS HUNDREDS IN PRISON CELLS

200 Helpless as Hospital Burns; Ready to Die Rather Than Burned Alive; Toll Still Mounting in Doubt

Columbus, Ohio, April 21—A brief, fierce fire, set by prisoners themselves, made an inferno of the west cell block of the Ohio State Penitentiary tonight and by mid-evening one of the greatest tragedies in recent history was in its final stage.

At 8:30 p.m., three hours after the first fire broke out and was fanned by a stiff wind across the prison, it was officially estimated that 300 convicts had been burned to death.

Three hundred more men were burned or overcome by smoke, and of these many were doomed to die.

For more than three hours the situation could be described as little less than a hell. Hundreds of convicts were trapped hopelessly. Others attacked guards and released themselves and those of their comrades they could reach.

Within a short time a good proportion of the 2,300 men in the prison were in the central yard—much like a university quadrangle. They were frenzied with rage and excitement. Inside the cell blocks away from the fire the other thousands of convicts screamed and cursed in fear that they might have been abandoned.

Police Reinforced Guards

Before even a semblance of order was restored police had reinforced guards, a company of federal troops had reinforced the police and a regiment of National Guardsmen had been called home.

Doctors, ambulances, army trucks, the soldiers, the others were mixed up in a seething mass. The convicts in the yard threatened again and again to make a break for liberty through the central gate. As this scene presented itself fire broke out in the prison woolen mill.

The convicts in the yard had set it—not satisfied with the Frankenstein that had overcome so many of their mates in the west cell block—for officials said there was no doubt the fire there had been started by prisoners hoping for a chance to escape.

The woolen mill blazed brightly with an eerie beauty over the unworldly look ing prison yard. Most of the ordinary lights around the prison went out, leaving short circuited the prison lighting system.

Emergency strings of garden party-like lights were trelissed about from building to building, wall to wall. Still there was not enough light to enable guards and soldiers to make sure of the mob of convicts even though the lamps were set up in the yard and on the walls.

Order Gradually Restored

Order was brought about little by little. The screams from the convicts died down. National Guardsmen and regulars fixed worked their way around, trying to bring quiet.

Lines were formed through which the dead and injured could be moved from the ruined prison wing to the central gates and out to the nearby fair grounds, where a temporary hospital had been erected—the first prison hospital being full — and an emergency morgue established in the cattle barn.

Ten army trucks moved the dead, while ambulances evacuated the injured.

At 10:00 p.m. the scene was comparative quiet. The cell block was smouldering still. The woolen mill ablaze was under control, though still burning. There was something like the scene that might be enacted in the front-line clearing station of a microcosmic war. Cots and blankets were brought in from hospitals homes and shops.

Everything was being done that could be done, but the hoped-for reduction in the estimate of dead had not come. At 10:20 p.m. the estimate of 300 dead, 300 injured was made again. The prisoners were being herded together and separated into gangs ready to be crowded into the already jammed cell blocks, not affected by the fire.

Cry of "Let Rings Out

The state penitentiary, one of the biggest in the world and one of the most crowded, had seemed a dangerous spot. There had been trouble before. This afternoon is was quiet. It loomed up darkly in the heart of an industrial and warehouse district, overlooking railroad yards, quarries and long, dingy rows of dirty wooden homes.

At 5:39 the men in the west cell block went to dinner. Shortly before 6 they returned. Thereafter a single monotonous march, to be locked up for the night.

A flame licked upward from under the stairs of cell blocks G and H (afterward charred remains of bundles of prison clothes were found there). The cry of fire had emerged nowhere but awful in a prison where men are locked in helplessly, rang out. At once the same moment in the same cry rose from the Catholic Chapel, 200 feet away.

This seemed sufficient evidence that the fire was set by convicts themselves in hope that a prison break would be possible.

Pandemonium Reigned

It was natural that at a moment the orderly prison was in pandemonium Convicts looked towards the guards—that is those who were not already locked in their cells, but who were moving into position before them, awaiting the arrival of the keys. Those already locked in began shouting for release.

"Let them out, for God's sake," shouted a man in the corridor. Others took up the shouts. The guards, fearful of a break, refused. The entrances to the corridors demanded the keys. Their refusal was refused. They broke, overpowered the guards and took the keys. One guard joined the convicts, unable to withstand the picture of the men locked in.

Some prisoners unlocked a way to the central quadrangle. Others managed to unlock the cells of their fellows. There was much work they could do. The fire had been well laid. It blazed upward with frightful speed, to the fifth, fifth and sixth tiers. It was in these upper tiers that the loss of life occurred; most of it in the topmost tier.

This, which takes only a few minutes to tell and read, took only a few seconds to react and there were other things occurring. The prison siren sounded its portentous blast, and there was sent for police reserves and for firefighters.

Before the fire department could get into effective action the worst prison fire on record was at its most tragic stage.

While hundreds of convicts poured into the prison yard, a few heroic guards and a few heroic prisoners fought to rescue the men trapped in the upper cell tiers.

OBITUARY.

WILLIAM JOYCE

After a two weeks illness, Mr. William Joyce, a resident of Napanee for the past twenty years, passed away at his home on Bridge Street, on Saturday evening. The deceased was born in North Fredericksburgh seventy-four years ago, the son of the late Mr. and Mrs. James Joyce.

He married Miss Nellie Ham, daughter of the late Ira Ham.

He is survived by his wife, one sister, Mrs. Cartwright Hawley, Napanee, and one brother, Mr. John M. Joyce, of Napanee.

The funeral service was conducted by his pastor, Rev. W. P. Wodger, from his late residence and interment in the family plot at Morven Cemetery.

Mr. Joyce will be missed by a very large circle of friends.

DORLAND

Growth did not progress very much during the last week, but Sunday was bright enough for most people to attend the Easter services.—Mrs. T. N. Davis entertained the Ladies' Aid on Wednesday afternoon. The usual routine business was transacted.—All are looking forward to an enjoyable evening on Wednesday of this week, when the sugar social and mock trial will be given.—Sunday School will be re-organized next Sunday. — Miss Marjorie Allison has entered the Prince Edward Hospital as nurse-in-training. Her many friends wish her success in her chosen profession. — Mr. P. Strawbridge and family have gone to Prince Edward to reside.

NEWS AND INFORMATION FOR THE BUSY FARMER

Boys Clean Seed

The agricultural representative for the County of Durham reports that considerable interest is developing and is evidenced in this locality. As an example he states that in six weeks over 20,000 lbs. of clover seed and 1000 bushels of grain have been cleaned by the Seed Cleaning Plant at the Boys' Training School, Bowmanville.

Live Stock Winters Well

Brant County farmers report that stock has wintered well and is in fair condition. Generally speaking the condition prevails throughout the entire Province, with an exception here and there. In Carleton live stock prices have been exceptionally good, while in Durham fewer members have been marketed than is usual for this time of year. Glengarry live stock is in excellent condition and Haldimand reports likewise. Breeding stock is bringing a good price in Perth.

Egg Market Settles Down

The importers in the United States have now practically ceased for the current season. A few carloads are reported to have come in recently, but these had been purchased on a previous order. The egg market has settled down quite early this year in spring storing basis and prices at a majority of producing points are considerably lower than a year ago. With mild weather prevailing in most producing districts it is not improbable that the movement into storage will get under way in earnest within the next week or so.

More Fertilizer Used

R. H. Clemens, agricultural representative for Wellington County, is the authority for some interesting information regarding fertilizers, which seems to be quite typical of the situation this year. In 1928 his county imported 125 carloads of commercial fertilizer and in 1929 this increased to 225 carloads. One mixed farming township, twelve miles square, imported 64 carloads. A substantial increase over last year's figures is looked for this season.

Food for Brood Sows

Alfalfa or clover hay fed from racks forms an excellent roughage for brood sows. Roots are also good but may not always be available. The meal ration may vary considerably but should not be too strong. Bran, shorts, ground oats and ground barley in equal parts, fed judiciously at from six to eight pounds daily, depending on the size and condition of the sow as well as the period of pregnancy, has been found to give good food results. Mineral feeds are usually essential and may be supplied either by soda or a suitable mineral mixture containing charcoal, ashes, bone, meal, etc.

Lime and Acidity

Success in grain growing and gardening often hinges upon the amount of lime in the soil. It has been found that Alfalfa, however, cauliflower and beets, to mention a few of the crops, require enough lime to neutralize acidity. This is a matter for the chemist and the experimental farms to determine where lime is lacking and what quantity needed to be applied. It is well-known however, that there is a relationship between potato scab and lime. This is explained by saying that while on acid soil clubroots exist it may, if not actually reduce the yield. Experiments have shown that the range of acidity which will prevent scab and yet not reduce the yield, is very short, so that actually the farmer needs very careful lime service to determine his exact need of lime. Most vegetable crops, as a matter of fact, do better under slightly acid conditions.

Poultry Industry Booms

"Speaking at an agricultural conference in London recently, W. R. Reek declared that a few years ago the Ontario poultry industry was in the doldrums, but that to-day Canadians consume more eggs per capita than any other nation in the world—the direct result of a customer getting a product with every purchase, in the way of having the satisfaction that the eggs bought like to wholesome. He guaranteed action before being placed on the public market. If this were developed along other agricultural lines the industry would be placed on a more prosperous basis than ever before.

Value of Co-Operative

At a recent meeting of the Vegetable Growers Association, the vice-president, Joseph Cyr, pointed out an interesting case where an American buyer was in Canada looking for several hundred tons of garden beets for canning purposed form. The order could not be filled in Ontario, as there was no organization here through which the beets could be secured at such short notice. The Federated Co-Operative of Toronto, to which he was referred through its local organizations, experience little difficulty in finding and grading sufficient beets for the order. The incident points out plainly the value of co-operative marketing.

CANADA FIRST!

We recommend strictly Canadian products when we are convinced they are equal or superior to those of some other country. We, therefore, ask you to try the new all Canadian Hutax Tooth Paste, formulated by the Canadian Research work. For sale at Wallace's.

ATTENTION FARMERS!

On April 29th and May 6th and 10th, I will have a number of table-shaped ... years, age 16 years to 25 years of ... age, ready to go to work on farms in this district.

For further information, apply to
JOS. ORCHARD,
17b Box 387, or 'Phone 87, Trenton.

SELBY

We are having more spring-like weather now and the farmers have resumed their work again. The Y.P.S. met on Friday evening with a good attendance. The main feature of the programme were the readings given of Africa, which were very interesting.—The W. M. S. will hold their monthly meeting in the school room of the church on Thursday afternoon.— The W. C. T. U. will hold an open meeting on Thursday evening in the school room of the church. All are welcome.—Mr. and Mrs. Frank Hall, Benton Harbor, Mich., have been spending a few days with her parents, Mr. and Mrs. Charles Anderson.—Miss Veronica Dowling spent Friday with Miss Fanny McAuley.—Mr. and Mrs. John Pringle and daughter, Olive, South Napanee, spent Wednesday with his brother, Mr. Mark Pringle.—Mrs. Walter Doidge and Mrs. Jack McFarlane spent Friday visiting their parents at Roblin.—Mr. and Mrs. S. D. G. Winter have returned home after spending a few days with their son Mr. Ross Winter Toronto.— Miss Myrtle Pringle West Plain, spent a few days visiting her cousin, Miss Gertrude Johnson.— Mrs. Dan McKim and Mr. and Mrs. W. J. Gallinger and family and Mrs. Edna Mowers and children spent Sunday at Mr. John Smith's Sharp's Corners.— Miss Lizzie Mills, Lime Lake is spending a few days with her cousin, Miss Irene DeWitt.— Mrs. Fred Weese has been spending a few days with her daughter, Mrs. Fraser Allen, Odessa.— Mr. A. C. Tummon and Mrs. Tummon and daughters, Dorothy and Eleanor, visited his mother's, Mrs. M. Tummon, Lake.— Mr. and Mrs. R. W. Paul, Napanee, spent one day at Miss Fanny McAuley's.

DESMOND

Our Easter service was very appropriate. Rev. Mr. Stinson's sermon being appropriated by the Easter story, in story and song, given by the children.— Miss Bertrena Huffman visited her cousin Miss Gladys Hamilton on Sunday.— and Mrs. Akel Drew delightfully entertained over Easter their friends to a sugar party recently.— Mr. and Mrs. Fred Switzer visited friends in Kingston Sunday.— Mr. and Mrs. Dorwin Paley spent Easter Sunday at Moscow with her mother.— Mr. and Mrs. B. Jackson and son Ronald, also Mr. Claude Jackson, Enterprise, were Easter guests at Frank Switzer's.— Mr. and Mrs. Anthony McKeown and family, spent Sunday with Mr. and Mrs. Alex. Wilkinson.— Mr. and Mrs. Marsh King and Ross, visited her sister at Conway, Easter Sunday.— Mr. and Mrs. George Finley, Strathcona, and family, took tea Easter Sunday at Fred Bells', Lloyd remained visiting a few days.

MORVEN

The sun is favoring us with his warm rays and the buds are making good use of it. Most pews in Sunday were well attended. The hour for the Sabbath School is changed to 10:00 o'clock. Enrourage the superintendent by coming next Sunday.— Mr. and Mrs. A. J. Dafler, Kingston, and Mrs. J. F. Lake spent Tuesday with Mrs. J. S. Fralick.— Mrs. W. H. Montgomery, Toronto, spent the week-end with her and Mrs. G. H. Clarke.— Rev. J. N. and Mrs. Lovelace and family, Ivanhoe, visited on Mr. Bernard's during the week.— Miss Kathleen Seymour, Belleville, spent Easter week visiting her cousin, Miss Margaret Seymour.— Mrs. Sarah Fraser has returned after spending the winter with her son in Utica and Rochester.— Word was received of the death of Mr. Frank Rombough, Saskatchewan, on April 11th.

PRESENTATION

On Monday evening, April 14th, the friends and neighbours of Mr. and Mrs. J. F. Gibson, gathered at their home, near Lonsdale, to bid them farewell before leaving for their new home in Napanee.

Mrs. C. Akey read the following address and Mrs. W. Waddington presented a purse of money to them:—

Dear Mr. and Mrs. Gibson: We, your friends and neighbours have gathered here tonight to bid you God-speed before you leave for your new home. We would like to show in some way our appreciation of you, as neighbours, but know that in mere words can do this. You Mrs. Gibson, have been an ardent and willing helper in our neighborhood in any time of need. As a member of our Institute, you have shown a very willing spirit, and we will sadly miss both your presence and your help.

You, Mr. Gibson, have been a good neighbour and very helpful in any time of need. We all knew we would get a willing response to any call for help. We know that in your new home you will find many new friends as a good neighbour always does, but we trust you will not forget the old ones.

As a small token of our esteem, we ask you to accept this purse of money and with it the best wishes for your future happiness.

Signed on behalf of your friends and neighbours:

Mrs. Akey, Sandy, Mrs. Charles Akey, Mrs. William Waddingham, Mrs. Ernest Waddingham.

Mr. and Mrs. Gibson thanked the people suitably and invited them all to their new home. After a social evening the friends departed for their homes wishing Mr. and Mrs. Gibson every success.

"Now, Jimmy," said the Sunday School teacher, "which would you rather be, the wheat or the tares?"

"The tares," answered Jimmy promptly.

"Why?" asked the teacher in surprise. "How can you say that when you know wheat represents the good and tares the bad?"

"Oh, that's all right," replied the precocious youngster, "wheat gets thrashed and the tares don't."

Puppy and Dog Biscuit, the Rose-Miller quality, at Hooper's Drug Store.

BAY CIRCUIT

The Sand Hill Ladies' Aid held their regular open meeting at the home of the president, Mrs. D. A. McCabe, this Wednesday evening, April 30th, at 8:00 p.m. Special programme, Refreshments. —Mr. and Mrs. Ratz and family of Amherst Island were week end visitors at Mr. and Mrs. W. B. Reid's, Hay Bay. —Mr. John Mellow attended the annual Presbytery meeting in Napanee on Thursday last. There was a large attendance of ministers and laymen. The conference is to meet in Colborne, beginning Wednesday, May 28th.—Grenna Ladies' Aid meets at the home of Mrs. White this Wednesday afternoon beginning at 2:30. All the ladies of the community especially invited.— All our public school teachers are back at work after the Easter holidays. Only a few weeks until the final examinations and summer holidays.— Mrs. Fred Spencer has been under the doctor's care for a couple of weeks. At time of writing her condition is slightly improved.— An Easter cantata was given by the Girls' Class of Bethany Sunday School on Sunday afternoon. The cantata was well presented and a large congregation was in attendance.—The Bethany Ladies' Aid meets at the home of Mrs. Davis Wednesday afternoon, May 7th at 2:30 p.m. All the ladies of the community invited. — The work on the government fish net is nearly completed for this spring season. Sand Hill Ladies' Aid will serve refreshments— The farmers are busy on the land this week. Reports are that the land is in good shape. Warm weather is much needed.

DORLAND

The sugar social, under the auspices of the United Church Ladies' Aid, last Wednesday evening, was well attended and the sugar was pronounced "just right." The programme consisted of a mock trial of a chicken; theft and proved very amusing. The cause of characters were: Judge, F. E. Foster; Clerk of the Court, Hugh Allison; Counsel for Defence, A. C. Davis; Sheriff, S. E. Gallagher; Plaintiff, the Ladies' Aid; Defendant, J. Ralston, Witnesses for Plaintiff, Mrs. R. Humphrey, Miss Janet Rombo and Laurence Magee; for Defendant, Miss Audrey Ruttan, G. Walker and F. Rombo. The jury was picked from the audience with Keith Magee as foreman.— The April meeting of the W. M. S. will be held at the home of Mrs. T. N. Davis next Wednesday afternoon.— Sunday School was reorganized last Sunday and it is hoped there will be a good attendance next Sunday morning and every Sunday during the summer.—Mr. James Dorland moved to Napanee last Thursday and Messrs. A. and G. McIlwain moved into the house at once. They have erected their home to Mr. F. Dafoe.— Mr. Earl Gallagher has rented one recently occupied by Mr. Mallory.— Everyone is very busy on the land as it is expected that a good deal of grain will be sown this week.— Mr. Hugh Allison sporting a new car. — Miss Dorothy Magee spent the Easter holidays in Napanee with her grandparents, Mr. and Mrs. A. Keech.—Messrs. John and Laurence Magee attended the meeting of the Belleville Presbytery held in Napanee on Thursday.— The governments nets have been removed from Hay Bay after the spring catch.

WILTON

The sincere sympathy of this community is extended to the bereaved relatives and the sorrowing friends of the late Miss Alice Code, Odessa. Miss Code passed away at the Kingston General Hospital on Friday morning after an illness of a few weeks' duration.— Miss Gene Asselstine spent the holidays with relatives in Toronto.— Miss Lois Richardson visited her cousin, Miss Stinson Carr, recently.— Mr. Kenneth Martin has purchased the J. E. Storms property and takes possession at once.— Mr. and Mrs. Storms are moving to the village.— Wilton Public School has been erected by the Wilton Women's Institute, one at each extremity of the village.— Mrs. Harvey Smith, of Napanee, Odessa, at her parents, Mr. and Mrs. Robert Asselstine's, for a few days.— The Christian Endeavor met at the home of Miss Helen Ruttan on Friday evening.— The remains of the late Mr. Charles Clark, of Kingston, were interred in Wilton Cemetery on Saturday.—Mr. Charlie Mills has gone to Pointe Anne.— Mr. and Mrs. Clifford Prink and children, Odessa, spent Sunday with her father, Mr. Earl Burt.— Mr. Freemont Mills spent the week end here.

HAYBURN

Why not read Hayburn and find out what is going on.— When the Young People presented their farce-comedy on Tuesday evening, in Stillsville Town Hall, to a well filled house, it was well rendered, each one taking their part very creditably.— Miss Kathleen Dickson, of Peterborough Normal School is spending the holidays with her parents, Mr. and Mrs. R. J. Dickson.— Mr. Thomas Needham was renewing acquaintances during the Easter holidays.— Mr. Charles Bacon and Mr. Gordon Birchall, of Smith's Falls, and Mr. Robert Brethen, of Trenton and Mr. A. T. Thomas, of Morven, were Easter with Mr. and Mrs. Jas Rikley.— Mr. Roy Thompson is spending a few days.— Mrs. Blake Sills was taken to the hospital for treatment on Tuesday last. All hope for speedy recovery.— Mrs. Mildred Rikley is spending the holidays with her parents, Mr. and Mrs. H. Rikley.— Mrs. Guy Huyck visited her parents, Mr. and Mrs. Henry Lott one day last week. Her grandmother accompanied her home.— Mr. Bristow is very seriously ill at the home of his daughter, Mrs. Charles Brooks.

Sargon, the new medicine, at Hooper's Drug Store.

SHARP'S CORNERS

The past few warm days have again given promise of spring and the farmers have begun working on the land.— Mrs. Harry Pringle we are sorry to say, is on the sick list.— Our churchwarden, Mr. Gerow, has returned to the neighbourhood and Forest Mills factory is being provided in preparation for its opening in the near future.— Mr. Chas. McConnell has been spending the past week in Toronto and Owen Sound.— Mr. Christie Thompson is busy repairing his vacant house.— Rumor reports that a wedding soon.— Mr. Ronald Baker called on Miss Daisy Moore of Wesley one Sunday evening recently.— Miss Mary Hagerman and Inez Baker have been visiting at Mr. Melville Wood's, Selby.— Mr. George Brooks attended the entertainment in Enterprise Community Hall on Friday evening last. —Our teacher, Miss Marian McConnell, has reopened our school after the holidays.— The Misses Jean and Florence Graham have been visiting their sister, Mrs. Charles McFarlane.— The Misses Marie Brooks, Helen and Alice Breese, Marguerite McConnell and Luella Asselstine have returned to Newburgh High School and Napanee Collegiate for the third term.— Mrs. Lawrence Bush's brother, from Marlbank, has been visiting her for the past week.

LENS

Sunday services: Fellowship Meeting at 9 a.m.; Sunday School at 10 a.m.; missionary meeting at 2:30 p.m.; evangelistic services at 7 p.m. A cordial invitation is extended to all.

Apple Market in West

The belief is expressed by W. B. Somerset, former overseas representative of the Ontario Fruit Growers, that the fruit growers of this province have an extensive and profitable market awaiting them in Canadian west if they will only go after it. There is very little direct competition between Ontario and British Columbia in the prairie market except in tomatoes, because in apples the British Columbia grower confines himself very largely to fancy boxes predominantly of early varieties. With a good pack of later sorts in bushel hampers, Mr. Somerset sees no reason why the Ontario grower could not sell a great deal of fruit.

BELL INSURANCE PLAN

Less than three years ago, the Bell Telephone Company arranged a life insurance plan enabling employees to pay premiums by monthly deductions from pay. That this plan has proved popular is shown in the Company's annual statement which says that employees are already carrying this insurance to the extent of $6,500,000.

CAMDEN EAST W. I.

The April meeting of Camden East Women's Institute, held at the home of Mrs. Smedley, was attended by twenty-five members and visitors.

After the usual opening of meeting, reading and approval of minutes, roll call was responded to by each member giving some useful hints for the care and feeding of chickens.

Correspondence, consisting of letters of thanks and a letter re the "Summer Series" of lectures, was read. Mrs. Black will entertain the speaker and will open her home for the meeting, of which notice will be given later.

The business before the meeting was dealt with as follows:—

1. Final arrangements made for the "At Home" for the "Country Boys" in this community.

2. A pair of shoes to be bought for a needy child.

3. The sum of fifteen dollars voted to the Camden East Public Library.

Following the business meeting, reports were read by the heads of several committees — historical research, health, community activities and publicity.

Mrs. O. Hinch read a splendid paper on "Goitre," and Mrs. Smedley gave an outline address on the principal Canadian industries.

The programme ended and the National Anthem was sung; the results of the "tart contest" were announced, our president being the prize winner.

Dainty refreshments were served by the hostess and committee.

The May meeting will be held on Friday, the second day of May, at the home of Miss P. Oster, when Mr. Hanna will be present and give an address.

This is the annual meeting and election of officers, when roll call will be answered by each who intends being a member for the coming year, paying her dues, 25 cents. We hope to see all the old members and several new ones joining the Women's Institute at this meeting.

Visitors always welcome.

ODESSA W. M. S.

The March meeting of the Women's Missionary Society was held at the home of Mrs. Bon Emmons with a goodly number present. The meeting opened by using hymn 177, followed by prayer by Mrs. J. H. Babcock and all repeating the Lord's Prayer. After the roll call, a letter was read from Miss Thompson regarding our allocation to the Supply Committee, which is clothing for old people and children. An invitation was received from Wilton Auxiliary to visit them on Good Friday evening, and also to give the program, which was accepted.

Those in charge of the Watch-Tower are: Japan, Mrs. Jenkins; India, Mrs. McFarlane; China, Mrs. Sproule; Western Canada, Mrs. Hartman and Mrs. Jones; Africa, Mrs. McQuade.

Splendid readings were given by Miss Aylesworth and Mrs. Holmes, which were much enjoyed. Those who have attended the stully class have found it very interesting and profitable, different ladies taking charge each evening. The meeting closed with "Work for the Night is Coming." A delicious lunch was served by the hostess and her committee.

OBITUARY

Mrs. Saloma D. Lockwood

Mrs. Saloma D. Lockwood died at her home in Enterprise on March 31st, after a month's illness. Her funeral was held in the United Church, after which the remains were placed in the vault.

Mrs. Lockwood was born at Enterprise, where she spent her entire life. She was of a quiet and amiable disposition, ever ready to lend a helping hand when needed. She lived an active and useful life. She operated the original Telephone office of this place for the last five years. She also ran a millinery shop for a number of years. Whenever any moral issue was at stake she was ever ready to take her stand on the side of right. She was a devoted member of the United Church, serving a great part of her life teaching Sunday School. She gave of her time and talent from youth up, to the interests of the temperance work, being president of the W. C. T. U. at the time of her death.

She is survived by two sisters, Mrs. Phillip Bell and Mrs. W. H. Vannest and several nephews and nieces.

Little Girl, 10, Eats So Much Mother Amazed

"My 10-year-old daughter had no appetite. Then we gave her Vinol, and now she eats so much we are amazed." —Mrs. W. Joosten.

Vinol supplies the body important mineral elements of iron, calcium, phosphorus and cod liver peptone. This is just what thin nervous children or adults need, and the QUICK results are surprising. The very FIRST bottle brings sound sleep and a BIG appetite. Vinol tastes delicious! At Wallace's Drug Store.

EDITH PATTERSON.

TO PRESERVE NATURAL BEAUTY OF NATIONAL PARKS OF DOMINION

Hon. Charles Stewart, Minister of the Interior, will shortly bring before Parliament a bill the main purpose of which is to prevent the exploitation by private interests of the power, timber and mineral riches of our great national parks.

According to existing laws the leaders of the Government in power here have the right to dispose by order-in-council of any or all water power, timber or mineral resources within the boundaries of our national parks. Under Mr. Stewart's bill it will be necessary for a private bill to pass the House before any lease or other rights for commercial development can be granted.

This bill will receive the support of the House irrespective of party affiliations. It will be supported because its purport is to protect the interests of the whole population of the country and to have any claim for expropriation thoroughly aired by debate in Parliament before it is granted.

There might be a rare occasion when it would be in the general interest to permit private development of power, mines or timber within the parks area, and this bill would allow for such a contingency, but it would make impossible the ruthless exploitation for immediate gain of any portion of a great national asset.

These parks are the country's playgrounds and their scenic and other attractions are a source of huge revenue to the Dominion. The parks branch, recognizing these facts, has all along followed the policy of keeping them inviolate. It will not permit mining or lumbering or the development of water power within them, and it has refused to accept park lands from any province with strings attached, permitting exploitation. Evidently strong pressure has been brought to bear to overcome this stand. If this bill passes the onus will be with the public and it is most unlikely that public sentiment will favour anything in the nature of exploitation.

The dream of many far-seeing Canadians is the establishment of the great Trans-Canada Highway from coast to coast bordered at intervals by wonderful national parks in every province. Through this great show window it is hoped that twice the number of tourists now coming to the Dominion will see the natural advantages now enjoyed by no other country in the world.

SAY ELECTION DATE IS DEFINITELY FIXED BY THE GOVERNMENT

Barring unlooked for developments in Parliament the House will be dissolved in June and a general election held either on August 26 or September 2.

While definite and authoritative announcement is never made until the eve of dissolution, the decision has been taken. Liberal members in many instances have returned to their homes for the Easter recess and have announced the proposed dates.

Objection to them has been raised on the grounds that they will throw the late campaign and polling into the active harvest season. No time however, meets the convenience of everyone. It is possible that if any change is made it will be to advance the appeal to July. The budget now appears to be the main issue upon which the Government will ask for support. If, on presentation late this month, it awakens any wwidespread and favorable enthusiasm the Government may decide not to wait until its popularity wanes before the appeal is made.

The Finance Minister, while his colleagues are enjoying the vacation is busily engaged in putting the finishing touches on his budget. Up to date the Prime Minister is the only one familiar with its general contents. After the recess the other ministers will be permitted to review it and to offer suggestions. Then, probably on May 1, Mr. Dunning will present it. That is his hope, provided the various departments are not determined upon when the full scheme dissects it.

All interesting sidelight on political developments is confirmation by the Prime Minister of the Government's intention to adopt proportional representation in the cities. This step was exclusively forecast in these columns nearly two months ago, when its operation was explained. Conservatives will make every endeavour to block the move which they claim, will give the Government at least five more metropolitan seats than they now hold.

CANADIANS GO SOUTH

Canada continues to furnish the United States with new citizens, according to a report by the Acting Consulate of Naturalization, J. B. Shoemaker. Of the 11,707 persons naturalized during February the British Empire claimed 2,266, and of these 512 were from Canada.

IN LIGHTER VEIN

"It was terrible," said Mrs. Murphy. "There were twenty-seven English and an Irishman lost in the wreck."

"Indade!" exclaimed Mrs. Grogan. "The poor man!"

Persian Balm is unrivalled for promoting feminine loveliness. Tones and rejuvenates the skin. Makes it exquisitely soft-textured. Makes hands flawlessly white. Especially recommended to soothe and relieve roughness or chafing caused in weather conditions. Indispensable to every dainty woman. Cool and refreshing. Delicately fragrant. Magical in results. Never leaves a vestige of stickiness. Persian Balm is the one toilet requisite for the woman who cares for charm and elegance.

It was after dinner, father and son were left alone.

"Well, gur'nor," asked the young man, "do you think they'll ever find a substitute for petrol?"

"They have one now," said the father. "I wish you'd give it a trial."

"Really," queried the youth. "I've never heard of it. What is the new idea?"

"Shoe leather," retorted his father.

Asthma Brings Misery, but Dr. J. D. Kellogg's Asthma Remedy will replace the misery with welcome relief. Inhaled as smoke or vapor it reaches the very innermost recesses of the bronchial passages and soothes them. Restriction passes and easy breathing returns. If you knew as well how this remedy would help you as do thousands of grateful users, there would be a package in your home to night. Try it.

Williams considered himself rather a "hit" with the girls, but when he spoke to a young lady on the promenade she was very annoyed.

"I don't know you from Adam," she snapped indignantly.

Williams smiled in return.

"You ought to," he replied. "I'm dressed differently."

To safeguard the child from damage that worms cause, use Miller's Worm Powders, the medicine par excellence for children. These powders will clear the system entirely of worms, will regulate and stimulate the organs injuriously affected by the worms, and will encourage healthful operation of the digestive processes. As a vermifuge it can be relied on for its effectiveness.

The following notice has been posted at an electric station in Ireland:—

"Beware. To touch these wires is instant death. Anyone found doing so will be prosecuted."

The Many Purpose Oil—Both in the house and stable there are scores of uses for Dr. Thomas' Eclectric Oil. Use it for cuts, bruises, burns, scalds, the pains of rheumatism and sciatica, sore throat and chest. Horses are liable very largely to similar ailments and mishaps as afflict mankind, and are equally amenable to the healing influence of this fine old remedy which has made thousands of firm friends during the past fifty years.

A girl was asked what she thought of married life.

"Oh, there's not much difference," she replied. "I used to wait up half the night for Tom to go, and now I wait up half the night for him to come home."

Boxing Instructor (after first lesson)—"Now, have you any questions to ask?"

Beginner (dazed): "Yes, how much is your correspondence course?"

As a vermicide an excellent preparation is Mother Graves's Worm Exterminator. It has saved the lives of countless children.

One of the best stage stories heard recently was fired off by that charming actress, Miss Marie Lohr.

It concerned an aspirant to theatrical fame, who, after a long spell of "walking on," was at last given a small—a very small—speaking part.

After her fourth or fifth rehearsal, on coming out of the theatre, she chanced to meet Brother actress, an acquaintance of hers.

"Awfully trying work rehearsing," she said. "But the worst is over now, thank goodness. I know my words."

"Both of them?" asked the other sweetly.

Don't be without Douglas' Egyptian Liniment. Keep it always handy. Relieves toothache neuralgia, sore throat, quinsy, and croup. Invaluable for burns, sores, Barber's Itch and Ringworm.

Golf Widow: You think so much of your old golf game that you don't even remember when we were married.

Bug: Of course I do, my dear; it was the day I sank that 30-foot putt.

2 Glasses Water Not too Cold, Help Constipation

One glass of water is is not enough—take 2 glasses a half hour before breakfast. You get quicker and better results by adding a little simple glycerin, saline, etc., (known as Adlerika) to one glass.

Unlike other remedies, Adlerika acts on BOTH upper and lower bowel and removes old poisons you never though were in your system. Adlerika stops GAS and sour stomach in 10 minutes! Relieves constipation in 2 hours. At Wallace's Drug Store. (f-5)

"Mummy, will you answer just one more question?"

"Well, what is it?"

"Why don't little fishes drown before they learn to swim?"

"Gambling is the most fertile means yet discovered for getting rid of money."—Mr. W. B. Luke.

The Standard Remedy for Headache

ZUTOO TABLETS are an efficient and harmless remedy for headache, Mr. Geo. Legge, Editor of Granby Leader-Mail, writes: "ZUTOO TABLETS deserve to be known widely as a remedy that will stop headache." A box of these harmless little tablets in the office, home or pocket, are assurance against aches and pains. They stop them.

THE CANADIAN DEPARTMENT STORES LIMITED

Life—like good golf—is made up of many little things each one of which helps the score.

Better digestion—steadier nerves—clearer brain, are all factors that count and are gained from the use of Wrigley's.

MISCELLANEOUS

There may be nothing new under the sun, but the recent "cow derby" from Vermont to the Ohio state fair was almost that. The racers were a herd of registered Ayrshire cows, but it was a slow race, being more of an endurance test to prove the stamina of this breed of dairy cows. The Ayrshires travelled on their own power from 10 to 12 miles a day. The entire distance is 1,200 miles, and the cows made it with very little loss of weight or milk flow.

The police of Tokyo, Japan, who heretofore have been armed only with short swords, have recently been given revolvers as a drastic measure to curb a crime wave. Special night patrols of armed officers, working in groups of three or four, now patrol the city from 10 o'clock until dawn, and reserve forces have been put on extra night duty in the suburbs. The increase in crime in Japan is attributed partly to the spread of Communistic doctrines throughout the Orient, and partly to the desperate condition of unemployed classes, particularly during winter months.

Ambition is the motive power in man's make-up.

Ambition is like electricity, useful when properly controlled, dangerous when uncontrolled.

Genius and ambition laugh at precedent. We can't all be top-notchers, but we can all climb a little higher than we are and thus relieve the congestion at the foot of the ladder.

Doing well is all right, but when a man reaches the point where he doesn't want to do better, he is done for. He who does not soar high will suffer less by a fall. The height of the pinnacle is determined by the base.—H. W. Emerson.

His Worship: "You say you have known the prisoner all your life. Now, do you thing he would be guilty of stealing this money?"

Witness: How much was it? . . .

KEEPING BABY LOVELY AND WELL

Some babies thrive from the hour of their birth while others make so little progress as to be the cause of much anxiety. As a rule it is the digestion that is at fault with these backward ones and they start to go ahead directly Baby's Own Tablets are made the corrective of their stomach and bowel troubles.

Baby's Own Tablets are specially designed for the use of babies and little children. They are absolutely safe and the mother can feel perfectly secure in giving them to even the most delicate child. They are a mild but thorough laxative which banish constipation and indigestion; break up colds and simple fevers and allay the pains which accompany the cutting of teeth. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

UPRIGHT BURIAL

Upright burial, for which the late M. Clemenceau expressed a wish, was the recognized and traditional form of interment favored by kings of Ancient Ireland. It was not considered fitting that a monarch should be prone; accordingly they were buried erect, clad in their war panoply, and usually with their faces turned towards their enemies. The Ancient Irish believed that so long as their kings remained in this position they exercised an evil influence on their foes. So powerful was the belief in this ability that on one occasion the body of a king was disinterred by those hostile to his clan and placed in another grave head downwards, in order to break the succession of disasters which dogged them, while he rested in his grave with face turned towards them.

SENSES OF REPTILES

An Austrian doctor has lately published the results of his observations upon the special senses of animals, especially upon the senses of reptiles. He concludes that these are capable of going directly towards water, which appears to attract them, even at long distances. Light acts upon them independently of heat. Their sight is generally good, and is probably their more acute sense, yet their vision is limited. Crocodiles cannot even distinguish a man at distances above ten times their length. Fish see for only short distances. The vision of serpents is poor; the boa-constrictor, for exmaple, can see no farther than one-third of its own length. Some snakes see no farther than one-eigth of their own length. Frogs are better endowed, and see twenty times their length.

FASCINATING LINKS IN CANADA'S HISTORY

Many of the interesting relics at the Dominion Archives in Ottawa are gifts but there are also a number of articles which have been purchased because of their intrinsic historical value and one of these is in the Canadian room in a case devoted to Indian relics and is a medal. It is at least six inches long and five inches wide and is made of dull silver. The engraving on it is exquisitely done and is presumably of the figure of Washington receiving the pipe of peace from an Indian Chief. Inscribed is: George Washington, President, 1792.

The medal was presented by George Washington the first president of the United States to Chief Ojagette (Fish carrier) of the Sayugs Indians. According to tradition the medal was hung around the chief's neck by Washington.

"To keep your schoolgirl complexion, keep yourselves clean," is a famous doctor's advice to waitresses. We should have thought that would wash it off.

RHEUMATIC VICTIM FOR SIXTEEN YEARS

Dr. Williams' Pink Pills Restored Her Health

Rheumatism is a disorder of the blood. Wet, cold weather may aggravate it but that is not the cause. Bad blood charged with uric acid is the reason. Re-build the blood and rheumatism will disappear. Dr. Williams' Pink Pills enrich and purify the blood and that makes good health.

Mrs. John C. McPherson, St. Mary's, Ont., writes:— "For sixteen years I was a victim of rheumatism. For eleven years I was unable to walk. Massage and chiropractic treatment failed. I was utterly discouraged till I heard how strongly Dr. Williams' Pink Pills were recommended for cases like mine. I began their use and in a few weeks the pain lessened, my appetite and color improved, and now I am able to do light housework. It is wonderful what these pills have done for me."

Dr. Williams' Pink Pills do one thing but they do it well—they enrich and purify the blood. This rich blood banishes rheumatism, sciatica, neuralgia and neuritis and promotes health and strength. The Pills are sold by medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Schoolmistress: Willie, make a sentence containing the word mastodon.

Willie: George Smith's housework sums were all correct. His father mastodon them for him.

A teaspoonful of Erasmus Wilson Epsom Salt, taken first thing in the morning in half a glass of water, tends to prevent headache and biliousness by cleansing the walls of the stomach, stimulating the liver and flushing the bowels. This famous old English product, sold in 50c tins at Wallace's.

WEDDING BELLS

CRAIG — DENISON

On Saturday evening, at seven o'clock a quiet spring wedding took place at the United Church parsonage, Selby, when Helen Constance, second daughter of Mr. and Mrs. F. W. Denison, Selby, was united in marriage to Clarence Bruce, son of Mr. and Mrs. J. H. Craig, Switzerville. The ceremony was performed by the Rev. H. W. Foley, in the presence of the immediate friends and relatives. The young couple were unattended. The bride wore a gown of royal blue crepe trimmed with white and made in two-piece effect. Her hat was of the same shade while her coat was of black broadcloth trimmed with grey moleskin fur.

Immediately following the ceremony the young couple left amid the good wishes of their friends for Toronto, Hamilton and other points west. On their return they will reside at Switzerville.

FOURTH LINE MISSION CIRCLE PRESENT FINE PROGRAMME

On Wednesday night last, the Mission Circle of Fourth Line and the Morven League met at the invitation of the Pastor, in the parsonage. The Mission Circle presented a very fine programme, each item bringing forthe the Easter thought. After the programme, Miss Lillian Babcock and Adrian Babcock entertained us with several fine selections of instrumental music. Miss Babcock is a splendid pianist and Adrian is an accomplished artist in "rattling the bones," a feat performed in these offs by the few.

A hearty vote of thanks was tendered the pastor and his good wife, by the league, for their kind invitation to the parsonage, also an appreciate vote of thanks was given the League by the Mission Circle. Mrs. K. Denyes and Mrs. James Robson, in a few well chosen words, expressed the feeling that it was good work to have the different societies meet and enjoy the fellowship of a social evening. Partners were then chosen for lunch and fifty sat down to partake of the good things provided by the League.

All returned home feeling that the evening was a great success.

FORMALIN PREVENTS SMUT!

You never know what season smut will be prevalent— It pays to take no chances especially now that you can treat grain by the new dry method that saves so much work— Fresh Formalin of standard strength, with directions for using, at Wallace's.

A DIRT FARMER SPEAKS HIS MIND

What a United States Farmer Has to Say About "Farm Relief" and Kindred Matters

"I am a farmer—just an ordinary dirt farmer,—making a living (or what passes for a living) out of the soil. I have but little education. The idea of my writing an article for a magazine is almost too ridiculous to believe. A farmer may know how to milk and load hay and pitch manure; he may know the difference between an Ayrshire heifer and a Yorkshire shote, between a Baldwin apple and an ear of King Philip corn; but that a mere farmer should dare to express his opinion about financial and political conditions in this country, is unbelievable."

The above is the introduction to an article that appeared in a recent issue of the "Atlantic Monthly." The writer of the article, William Gordon Stuart, of New York state, then goes on to explain what he and other farmers in the United States are up against, in spite of, or perhaps because of, the so-called farm relief measures that have been enacted in the United States in recent years. He says that his brother, who is a railroad engineer, has for years never had an income of less than $4,000. His nephew, a R.P.D. carrier, receives about $2.60 an hour of actual service, while his school-teacher niece receives $4.93 per hour. He says that their average pay works out at three dollars and a half an hour, while his own is seven and a half cents an hour. "Is it any wonder that we farmers see red?" he asks.

"I do not object to their good fortune," he explains. "I am glad of it as far as it concerns them personally. But I am not pleased with a condition that makes it possible for other individuals and their children to enjoy ease and prosperity at the expense of my wife, my children and myself."

After touching on one or two other points, including the desirability of lower transportation costs and lower taxes on property, the article proceeds as follows:

"How do President Hoover and his followers in Congress propose to help the man who makes his living from the soil?

"They propose to do three things: first to raise the tariff on all agricultural products grown in the United States; second, to build great inland waterways, costing hundreds and hundreds of millions of dollars, so that the farmer may move his crops 'at a reasonable cost of transportation,' to quote President Hoover; third, to spend one hundred and fifty million dollars through the Federal Farm Board to help farmers. To me—just an ordinary dirt farmer—no more foolish, extravagant, and silly legislation has ever been proposed.

"There is already a "tariff wall" so high around the United States that even the cow that jumped over the moon would have difficulty in scaling it. Should a man desire that simplest of all meals, bread and cheese, he finds that the flour has a tax of $3.12 a barrel and the cheese five to seven and a half cents a pound. Should he care to substitute butter for cheese, the tax would be twelve cents a pound. And even should the present rates be doubled, what good will that do the farmer? It has been estimated that the proposed tariff changes will increase the food cost twelve and two-third cents a meal a person. At a rate of three meals a day, this means that Mr. Taxpayer must contribute $128.70 a year to help the farmer out. John Doe, who has a wife and two little Does, will have to pay $554.80 more a year for his food supplies.

"If farmers were exempt from this tax we should most enthusiastically approve of the measure—for we are just as selfish as any other class of workers—but unfortunately the farmer is a buyer as well as a seller. If the tariff is raised I shall receive more for my milk, berries, eggs and potatoes, but I shall also pay more for my flour, sugar, rice and oatmeal; although, of course, what I purchase does not amount to as much as what I sell.

"And how will the carpenter, the plumber, the railroad man, the miner, the politician, the teacher, the Federal officeholder—all these trades and professions which have the power, more or less, to increase their own pay—how will these ladies and gentlemen accept the increased cost of food products? Will they say, 'Oh, well, the farmer is a jolly good fellow, and as the poor chap has been having bad luck for the past few years, let's all chip in, pay the extra cost, and say nothing.'?

"It seems more likely that Mr. Bricklayer, for instance, when presented with his butcher and grocer and milk bill for the month, will demand: 'Why should I, a poor man with a wife and children to support, pay $554.80 a year to some farmer? If I've got to pay $554.80 more for food each year, then I've got to get $554.80 more in my pay envelope to meet the increased cost of living.' And up will go the wages of Mr. Bricklayer, and up will go the wages and salaries of every other organized and unionized worker in the United States, so that Mr. Farmer will pay more taxes, and more for his boots and his shoes and his clothing and everything he has to buy.

"As for "great inland waterways," such a scheme is as foolishly impractical as it is wickedly extravagant. How are these great inland waterways to be paid for? Why, by the taxes, of course. And is the farmer a taxpayer? He most certainly is? And so the farmer is to have more taxes added to his already overburdened shoulders; and no, only the farmer, but every individual in the United States is to be made to contribute to the cost of all enterprise which will never pay even the interest on the cost, and all because the railroads or the Government or the public in general cannot or will not make the railroad worker accept a reasonable wage.

"But suppose the great inland waterways are ever built—what will be the result as far as the farmer is concerned? Why, the fathers and mothers and brothers and sisters and uncles and aunts and cousins and in-laws, and every "loyal party worker," set of a job, will be provided with a like position, holding a fat pension in the offing, on the great inland waterways; and even before a single bag of wheat or one horned animal has been placed upon a barge the "International Union of Waterways Workers" will have been formed and the cost of transportation upon the great inland waterways will be as high as on the railroads.

The Parcel Post is an example of what happens to governmental agencies formed "to help the farmer." When the Parcel Post was added to the Post Office Department in 1912, it was universally hailed by agricultural publications by the Republican Party (then in power), and by the farmers themselves as a great boon. It was largely to cut out the middleman. The farmer could ship his ham and bacon and berries and vegetables and peanuts and maple syrup and oranges and eggs and poultry direct to the consumer, thus securing the highest retail price. In 1913, the year after the Parcel Post was established, agricultural products formed more than 65 per cent. of the articles carried. It is gradually the same about that R.F.D. carriers, to meet "the increased cost of living" and conform to "the American standard of living," had to receive increased pay, sick-leave pay, vacation pay, pensions, and what not. Now Rural Post cost is as high as, in some instances higher than, express charges; and in 1927 less than 5 per cent. of the articles carried were agricultural products. Also during the last few years certain regulations have been added so that the big shippers have advantages that are denied to farmers.

I wanted to send some pecans and peanuts north to my children. I pasted a strip of paper around the box, exactly as Sears, Roebuck and other big firms do, and I printed on it in large black letters, "Notice. Postmaster may open for inspection." When I handed it in to the postmaster he remarked that I should have to cut the pasted slip.

"Why?" I demanded. "Sears, Roebuck sent that box exactly that same way to me."

"Yes," he replied, "but big firms using regularly printed labels are the only ones who can send packages that way."

"Then farmers cannot do it, even though the notice is printed on a typewriter and worded exactly the same?"

"No," he snapped, "it is only for the big people."

And so I sent my peanuts and pecans as the Post Office Department requires us little people to do, and when the box reached my home there was not a pecan or peanut left in the package.

I have two Northern Spy and two Tompkins King apple trees behind my house. A man who boarded with us one summer — and who has a small winter home below Miami, is very fond of both these varieties. He was gladly pay me two dollars a bushel for these apples, and I should be very glad to accept it, but if I try to send a bushel of apples to my friend I find the Parcel Post cost, not counting insurance or special delivery fees, amounts to $3.78. This means that the apples would cost my friend $19.45 a barrel—$5.00 for the apples and $14.45 for the Parcel Post charges. Naturally, I do not send him many apples! That shows what a great help Parcel Post is to farmers.

If our noble Solons at Washington would look back a few years and study the history of the Erie Canal in my native state, they might learn something to their advantage — if a politician ever can learn anything to the advantage of anybody — about "great inland waterways."

As to the expenditure of $150,000,000 (which is only a starter) by the Federal Farm Board, we farmers are opposed to it, for several reasons. In the first place, after the salaries and traveling expenses of Tom, Dick and Harry are paid there won't be much left of that $150,000,000. In the second place, it is special and class legislation, and we farmers are bitterly opposed to every variety of privilege and class favoritism. It is our contention that the Government of the United States has no more right to appropriate and lend one hundred and fifty million dollars to farmers than it would have to lend fifty millions to garbage collectors, seventy-five millions to bootleggers or two hundred millions to stove manufacturers, however worthy and necessary these three occupations may be. In the third place, we farmers do not want to be regarded as beggars. We do not want gifts. We want justice!

I can, of course, speak only for myself, and the farmers I know in New York, Colorado, Texas, Arizona and Florida; but I have an idea that our views are about the same as those of the rest of the farmers. We share certain views on the governmental policy of the country which may not always seem directly related to farming, but which we think more and more and than all the juggling yet done with farm problems.

1. We would like Congressmen to be elected by states, not by districts as at present. That is a Congressman need not necessarily reside in the district he represents. If the voters of Madison County think Mr. Sensible to represent them in Congress, they ought to be allowed to elect him, even though Mr. Sensible resides in Washington or Westchester County. This method of electing Congressmen would lessen the power of local bosses and would remove the pressure at present exerted upon Congress by Prohibitionists, Union Labor, Church organizations, Protectionists, and other improper lobbies.

2. We farmers feel that government pensions absorb an enormous and unjustified amount of public tax money, whether they are paid to railroad workers, teachers, or what not. The idea of a poor farmer being taxed to pay a pension to a former President's wife, or to a ex-governor, not to mention thousands of others who for years have held fat government jobs! Pensions are well enough in theory, but when a farmer—or anybody else except a pensioner—pays his taxes it gets under his skin to feel that he is supporting a crowd of government workers with secure jobs and certain futures.

3. Farmers are against the creation of new political offices, boards, commissions, and departments, even when they are ostensibly designed to help the farmer. The farmer believes with Thomas Jefferson, "The less we are governed, the better we are governed." I have read that it is an economic maxim that the burden of tax is the power to destroy, and I believe history shows us many instances in which the over-taxation of the common people by the nobles and ruling classes has led the former to rise up and destroy the government. And how about America? Isn't the history of the United States one continuous record of increased taxation? Haven't we merely swapped a taxeating titled class for a lot of elective and appointive tax - eating grafters? It cost $28,500,000 a day to run the United States during the year 1928! That means that it takes one day in every seven—52 days a year — from

(Continued on Page 7)

MODERN WAYS DEMAND STEEL AND RIVETED CONSTRUCTION

THE TORRID ZONE furnace is the most durable furnace that is made today, because it is made of STEEL—heavy plates of steel, caulked and riveted, gas-tight and dust-tight. The average life of Torrid Zone furnaces has been twenty-one years. The Torrid Zone furnace is GUARANTEED for ten years.

RIVETED

Torrid Zone steel furnaces are the only riveted and caulked gas-tight boiler plate furnaces in Canada. When installed according to the Standard Code, as designed by research engineers for the National Warm Air Heating Association, they will recirculate warm, fresh air evenly throughout every room in your house. Gusewerk has surrendered to science in Torrid Zone heating.

Cupolas in which iron is melted are made of steel, lined with fire brick, just as Torrid Zone steel furnaces are made of heavy boiler plates and are lined with fire brick.

Steel heats quicker than iron. Torrid Zone furnaces will heat with less fuel because their extra large heating surfaces radiate heat from the fire quickly. Soot will not accumulate on smooth steel walls to retard radiation of heat as it does on iron-walled furnaces.

Because they are made of steel—riveted, gas-tight, like a boiler—Torrid Zone furnaces not only heat quicker and more powerfully, and with less fuel than ordinary furnaces, but they always deliver CLEAN heat. No dust, no gas, no smoke or soot.

SEE.... —AND PLAY SAFE

The old way of choosing children's shoes was to buy what seemed to fit. Perhaps they fitted perfectly, perhaps not. But soon growing bones were bent the damage was done. Often, too late, it was found the shoes did not fit—that they cramped feet—distorted feet—and did permanent injury.

Now Jack and Jill try-on shoes with windows in them enable you to see exactly how little feet fit into the shoes.

VISIBLE FITTING
The visible system of fitting Jack and Jill shoes has taken away the "perhaps." Now SEE and play safe.

A PROBLEM OF THE "TALKIES"

Are the talkies bringing about a change in our ways of appreciating humor? It is a poor joke that excites no laughter, but some of them excite too much—or at least too much to allow the next few lines of the dialogue to be heard.

On the stage the defect can be remedied, the actor can always wait, but that is not possible on the talkies, and considerable ingenuity has been exercised by producers to find the exact time that should be allowed for laughter on a talkie.

When the difference in the sense of humour, American and British, is remembered, it is obvious that the task is practically impossible opines the Yonkon Star.

One director says, that audiences are going to solve the problem themselves. He thinks they are "teaching themselves not to laugh out loud. They gurgle, quietly, and then wait for the next line.

"I shouldn't be surprised," he added "to see prolonged laughter disappear from the theatre altogether, both for stage and screen productions, although the amusement will be there just the same.

BOME AGAIN!

Home again and my journey done!
Out of darkness into the sun,
Into peace and out of strife,
Out of struggle into life;
Only those who have to roam
Know the bliss of coming home!

Home again and the welcome smile,
Thought of, dreamed of every mile,
Lighted room and hearth aglow...
"Dearest, I have missed you so!"
North or south, or east or west,
Home's the only place of rest.

Home again, oh blissful thought!
All of tears and laughter wrought,
Children clustering round your knee,
Valiant of what's yet to be;
Though we meet, and though we part,
Home's the harbour of the heart.

what are these DOMINION TIRE DEPOTS?

They are a great chain of tire service depots, spread like a network across Canada. Each is the finest tire store in its locality and all are co-operating to assist motorists in getting the greatest possible mileage from their tires.

These Dominion Tire Depots are painted in a uniform color scheme of orange and blue. All bear the Dominion Tire Depot sign.

From these Dominion Tire Depots you may obtain:

—Tires at the price you want to pay... each tire the best value at its price.

—A periodic tire inspection service designed to check tire injuries before they become serious. Pressures will be checked and everything possible done to add mileage to the life of your tires.

—Reliable repair work, honestly and promptly executed at fair prices.

Let the orange and blue Dominion Tire Depot front guide you to Canada's finest tire service.

London Realty Company, Limited

6½% First Mortgage 20-year Sinking Fund Gold Bonds

Dated May 1st, 1930 **Due May 1st, 1950**

Legal Investment for Life Insurance Companies under the Insurance Act of Canada

This issue represents a First Mortgage on all the land, buildings and equipment of the Company. When the contemplated addition to the present building is completed, this issue will represent less than a 60% Mortgage on the depreciated appraised value of the fixed assets. In addition it constitutes a first floating charge on all other assets. Net earnings amount to over twice annual interest requirements.

In our opinion, investors seeking a permanent investment to yield over 6½% with safety of principal and established earning power cannot do better than place a portion of their funds in these bonds.

Price: 99½ to yield over 6.50%

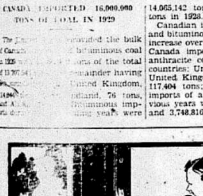
CANADA IMPORTED 16,000,000 TONS OF COAL IN 1929

The Ja... of Canada imported 4,017,917 tons of bituminous coal ... tons of the total ... remainder having ... United Kingdom, 729,458 tons; Russia 117,404 tons; Japan... 112 tons. Total imports of anthracite in the two previous years were 4,107,854 tons in 1927 and 3,748,816 tons in 1928.

...ported the bulk ... bituminous imp... years were 14,065,142 tons in 1927 and 12,761484 tons in 1928.

Canadian imports of coal, anthracite and bituminous, during 1929, showed an increase over the previous year. In 1929 Canada imported 4,017,917 tons of anthracite coal from the following countries: United States, 3,172,942 tons; United Kingdom, 729,458 tons; Russia 117,404 tons; Japan... 112 tons. Total imports of anthracite in the two previous years were 4,107,854 tons in 1927 and 3,748,816 tons in 1928.



THE BOY BEHIND THE BISCUIT

Ever see a boy behind a Shredded Wheat Biscuit? You will have to look quick before the biscuit disappears—but wait and you will see him take another biscuit—and more milk. The more he chews the crisp shreds of baked whole wheat, the more he likes it . . . and that's the reason he is a real boy, full of bounding energy and radiant health. Just as good for grown-ups. Delicious with prunes, baked apples, sliced bananas or any fruit.

SHREDDED WHEAT

WITH ALL THE BRAN OF THE WHOLE WHEAT

THE CANADIAN SHREDDED WHEAT COMPANY, LTD.

MORE THAN CHARITY BEGINS AT HOME

Those who profess familiarity with the intentions of the King Government admit that it will be forced this year to take official notice of the manner in which, for eight years, the United States have throttled every profitable trade worked up by Canada with that country. Since 1921 through tariff enactments and through presidential warrants the United States have practically excluded Canadian Competitive goods from the market. Particularly is this true of our agricultural products and today Congress is driving the final nails in a new tariff wall to kill off another $80,000,000 a year of Canadian farm exports.

Premier King: It is said intends to meet the situation by lowering tariff against British countries. In this way he will escape condemnation of his low tariff and free trade supporters, but he will do absolutely nothing for Canada. In fact, instead of increasing employment here his policy will have the opposite effect. It may transfer some of our buying to Empire countries but it will do more; it will open the Canadian market to greater competition from abroad. And not by any stretch of the imagination will it tend to lessen the annual importation of over $300,000,000 worth of agricultural, animal and vegetable products into a market which should belong to the Canadian farmer.

Of the $1,249,422,000 worth of goods imported into Canada in the year ended March 31, approximately $500,000,000 worth of manufactured products could and should have been made in Canada by Canadians. Practically all of the $300,000,000 worth of agricultural imports should have been grown or raised in Canada. Over $300,000,000 worth of our raw materials went out to keep foreign workmen busy manufacturing them for the world. At least half of them should have been manufactured in Canada. Had such a policy been pursued there would be no unemployment, no hard times here. There would be prosperity not only for the people now here but for another two millions as well.

Prosperity does not lie in transferring our purchases. It lies in the exploitation of Canada for Canadians. Where we must buy outside Canada it is natural to favor Empire sources but we best serve the Empire by laying a sound foundation for the economic present and future of this Dominion.

WOULD AFFILIATE ALL FLYING INTERESTS

Although no definite steps have been taken at a recent meeting of the Montreal Light Aeroplane Club it was proposed that small operating companies and flying clubs combine to form an organization to be known as "The National Flying Service of Canada, Limited."

The purpose of the new company would be to co-ordinate activities of the various units, which it is thought may be unable to operate profitably unless they are grouped under efficient directive organization with power to act on their behalf in connection with petitioning the Government for subsidies, elimination of duplication in air transportation and also to encourage better conditions in Canadian naval aviation schools.

PESTS DISPERSED BY FREIGHT CARS

Insect pests have been caught stealing rides in empty freight cars. A careful study of several cars which have been used for shipping alfalfa hay revealed the fact that 15 per cent. of the alfalfa weevil in the hay, remain alive during a five day trip and forty per cent. of them stand the rigors of a three day trip.

A check on the movement of freight cars has shown that they often appear in widely separated parts of the country in a remarkably short time. It is believed that many insect pests other than the alfalfa weevil are dispersed over the country in this way.

CAPT. SUTHERLAND ENDORSES SARGON

"I had no end of troubles with indigestion, constipation and attendant ills. It was common for me to suffer for

CAPT. G. SUTHERLAND

hours after my evening meal, and by slow degrees my nervous system was worn threadbare. After taking 5 bottles of Sargon, I can hardly realize that I ever suffered with indigestion. My whole system has been strengthened and invigorated. Sargon Pills accomplished wonders in overcoming my constipation."—Capt. G. Sutherland, former officer of Company B, 110th Irish Regiment, 50 Rivercourt Boulevard, Toronto.

Sargon may be obtained in Napanee at Hooper's Drug Store, who has been awarded the exclusive Sargon agency for this town

BEAVER ADS. PAY BEST

A DIRT FARMER SPEAKS HIS MIND

(Continued From Page 6)

every woman, man, woman and child in this country to pay for the cost of government. It also means that every nine of us have to pay to support one person on the public payroll. In 1928 one person in every forty-eight was upon the public pay roll. Quite a difference! Have we a government "of the people, by the people, for the people" or have we a government of, by and for the officeholders?

I believe it was some witty Frenchman who wrote, "The best system of taxation is the one that produces the most feathers with the least squawking from the plucked birds." And another Frenchman, who, when comparing his king with a republic, said, "I would as lief be eaten by one lion as by a thousand rats." Well, the farmers in this country have been plucked and plucked until they have not a feather left, but they've been squawking now for some years and the time is coming —and coming mighty soon—when they will make their squawks so loud and clear that even the deafest person in the United States will sit up and take notice. The French farmers arose and killed their king, and the American farmers — unless conditions change mightily— are going to rise up and kill their rats.

6. To farmers the tariff is a sore point. Every farmer naturally wants a high tariff on what he has to sell, but although the politicians may think otherwise, we farmers as a class are opposed to protection as a national policy. In past days the farmer, especially the Northern and Western farmer, was a believer in a high protective tariff. He raised practically all the food he consumed. His homespun, clothes, socks, shirts, mittens, caps, and very often his underwear, his axe and pitchfork and shovel handles, his bobsled and cornart, and part of his household furniture were all made at home. He purchased but little. In 1894 (I happen to have his account book for that year), my father, a well-to-do farmer, spent (leaving out his taxes, church dues and life and fire insurance) less than one hundred dollars cash money—and that was for a family of five persons. But in these days the farmer is a buyer as well as a seller. He has seen the tariff used to enrich the merchant and the manufacturer until millionaires in this country are as plentiful as tabby cats. He has seen the lobbyist, he has seen corruption and bribery and every form of governmental favoritism, flourish like the green bay tree in the soil of the tariff. He has seen the hours of work decrease and the rate of pay increase year after year until now many forms of union labor are receiving from 400 to 3,000 per cent. more per hour than they did twenty-five years ago. He remembers how President Harrison, while extolling "Republican prosperity and the Republican tariff, made the wonderful discovery that "a cheap coat makes a cheap man." He has listened to false prophets extolling high tariff and high wages with such wearisome iteration that now, as he looks over his unpaid bills, his overdue taxes, and his duplicate copy of mortgage deeds, he comes to the conclusion that, with all due respect to Henry Ford and Arthur Brisbane and President Hoover and the Grand Old Republican Party, he would like to try a change to low tariff and low wages.

These paragraphs express the attitude of the farmers toward the present political structure and tendencies of the government. We believe it would be to our financial, political and social benefit if changes were made in conformity with these views. But there are other changes which we farmers are going to insist upon. We are prepared to express our insistence by methods which will be criticized for lack of gentleness.

First of all, we want lower government expenditures in national, state, county and town governments. This will mean a lowering of taxes, including the present exhorbitant and crippling taxes on farm property. Next, lower transportation charges — lower by 40 to 60 per cent. Finally, the curbing and controlling of the excessive power of organized and unionized labor. If the railroad workers' union this applies to the president of the road as well as to the firemen; will not give the farmers — and not only the farmers, but every non-union person as well—a square deal, then the farmers are going to force him to do so.

CANADIAN'S IDEA COSTS MOTORISTS MANY BILLIONS

A bright idea which annually costs motorists billions of dollars, but which has made possible the construction of hundreds of thousands of miles of improved highways, is generally attributed to a young Canadian. It is the gallonage tax on gasoline.

It is pretty color to fifteen years ago that Mr. Cecil Lamont, now secretary of the Alberta Elevator Company at Calgary, but then a reporter on a Winnipeg paper, strolled into the office of the Provincial treasurer of Manitoba.

Revenues were away under requirements and the treasurer was bemoaning the fact that no adequate method of gasoline extraction, or more taxes was in sight.

"Why not put a tax on gasoline?" queried Lamont. "Why not?" rejoined the Minister and it was done.

Last year Canadian motorists paid close to thirty millions as a result of the suggestion.

United States motorists in 1929 paid almost $500,000,000 in the same tax. The average State tax rose approximately one-fifth of a cent a gallon from the three cents that was the average in the preceding year, and the levies ranged from two cents in seven states and the District of Columbia to six cents in three states, according to the statement, which was based on information collected by the Bureau of Public Roads.

Other averages deduced from the figures were an annual gasoline tax revenue of $17.72 from each registered motor vehicle and an annual purchase for each vehicle of 532 gallons of motor fuel. Pennsylvania, California and Ohio led in receipts from this source. The 48 States and the District of Columbia collected $421,626,454 from taxes on sale of 13,600,180,962 gallons of motor fuel in 1929, reports received by the Bureau of Public Roads of the United States Department of Agriculture indicate. The average fee per gallon was 3.22 cents as against 3 cents in 1928.

PIONEER WOMAN MEDICAL MISSION WORKER'S BIRTHDAY

Beloved by many Canadians all throughout the Dominion because of her activities in the mission fields in India and because of her charming personality, Dr. Margaret O'Hara will receive congratulations and felicitations on Friday of this week when she observes her 75th birthday.

Dr. O'Hara has travelled extensively in Canada since her retirement from foreign mission service in 1912, she is spending her days at her old home at Smith's Falls Ont., and is having the dream of a life time come true, that of being able to attend the Presbyterian Church of which she was a member when a young girl.

Her experience is unique and interesting, and she has left the marks of a lifetime of work, devoted to mission service, in many fields. She was born in Smith Falls in 1855 and is of Scotch and Irish descent. After teaching for some year in Smith's Falls she decided to become a medical missionary and took her university course at Queen's College, Kingston. Then she took post graduate courses at New York and London, England.

In 1891 she was designated at Smith's Falls for mission work in Indore, Central India. She opened a station at Dhar in 1896 and built a hospital on a gift of land from the Maharajah of Indore. The Maharajah was very wealthy an dkindly disposed to Dr. O'Hara and aided her in every way possible. She was able to build two bungalows and her work there was with the women and children and lepers.

In 1900 India suffered from one of the worst famines in its history. Dr. O'Hara's work at that time was indispensable. She gathered about her 200 boys and 116 girls and they were placed entirely in her care. For her zealous and untiring energy she was awarded the Kaiser-i-Hind medal by the Indian government and since that time she has received the Long Service medal and bars of the (W.D.) Women's Missionary Society of the Presbyterian Church in Canada.

Dr. O'Hara retired from active mission service in 1926 but is still active and never more happy than when speaking to mission circles of her work in India. She will spend her birthday in Ottawa amongst her many friends here and will speak to nine meetings before returning to her home next week.

ONE GOOD RECIPE MAKES A COOK FAMOUS

There are so many obvious ways of using left over chicken, such as salads, croquettes, creamed with mushrooms and soforth that it is nice to be able to try it a new way. This recipe will be found appetizing.

Chicken Vegetable Loaf

Combine three cupfuls of chicken, 1½ cupfuls of canned peas, 1 cupful of diced carrots, 1 small onion peeled and put through the fine knife of the food chopper. Add 1 teaspoonful prepared mustard, 1½ cupfuls of stale bread crumbs, 2 beaten eggs, 1 cupful of milk, 2 teaspoonfuls of salt and 2 teaspoonfuls of chili sauce. Turn into a buttered loaf pan and bake in a moderate oven for 45 minutes. Serve with mushroom sauce made as follows: Melt 4 tablespoons of butter in a saucepan and add 1 teaspoon of finely chopped onion and simmer gently until the onion is tender. Then add 4 teaspoonfuls of flour and stir until smooth. Next add half cupful of canned mushroom liquor and 1½ cupfuls of milk while stirring constantly. Last add half teaspoon of salt, 1/8 teaspoon of pepper and one teaspoonful of finely chopped parsley. Heat until smooth and thickened. Serves six.

Ontario Man Speaks With Great Enthusiasm

Mr. J. A. Shook Tells Of Dodd's Kidney Pills

He Says He Uses Them More As a Preventative Than a Remedy

Corbetton, Ont., April 29th. (Special.) It is with true enthusiasm that Mr. J. A. Shook, a well known resident of this place, gives his praise to Dodd's Kidney Pills.

"For the past thirty years I have been working at pick and shovel work —ditching, road building and section work. Every stiff work on the back, kidneys and bladder, with the result, a pain in the small of the back. A friend recommended Dodd's Kidney Pills. I used some with the following results—the pain and more work. That was some thirty years ago. Since that time I have used Dodd's Kidney Pills more as a preventative than a cure. I use them when I have hard work to do. Eat lots, work hard and use Dodd's Kidney Pills is my maxim. I am in my sixty-third year and can do a man's work yet thanks to Dodd's Kidney Pills." O-6

Asked if he played cards for money, a friend said: "No, I think not, but some of the other fellows in the game do."

Mr. John D. Rockfeller, Jr., the son of the American oil king, addressing a meeting in New York recently, said: "Brilliant without energy is no good. Ability without action is no good."

Mr. Rockfeller thumped the table with his fist.

"It is not enough," he cried, "for a man to know a good thing when he sees it. He must also seize it."

DON'T SUFFER WITH DANGEROUS INDIGESTION

Do you suffer after meals with a belching, from sour and acid stomach? Many believe they have heart trouble and tremble with fear, expecting any minute to drop dead. This condition can be prevented, likewise relieved.

Take Carter's Little Liver Pills after meals and neutralize the gases. Sweeten the sour and acid stomach, relieve the gas and encourage digestion.

The stomach, liver and bowels will be cleansed of poison, painful and dangerous indigestion disappears and the system enjoys a new life. Don't delay. Ask your druggist for a 25c pkg. of Carter's Little Liver Pills.

AN OUTSIDE WHITE PAINT WITH AN ENAMEL FINISH
A paint that will become whiter the longer it is on—one that will not chalk —that will cover more square feet to the gallon than the finest ready mixed paints—a paint that your painter will recommend above all others. All this, and at a cost of about $3.00 a gallon! Ask for full directions for mixing your own outside paint at Wallace's. Napanee agents for Ammco White.

OBITUARY

MRS. JAMES LEWIS

Mrs. James Lewis, Collinsbay, nee Achsah Grange, formerly of Napanee, passed away at her home Saturday, April 19th at 2.30 a.m., after another attack of illness for about eight weeks. She was not well for over two years, but she bore it all to the end, for she knew her Lord had called her to be with Him. The funeral services were held at her home, Collinsbay, thence to the Pentecostal Church, Dundas st., Napanee, after which the remains were laid to rest in Riverside Cemetery in the family plot. The deceased was 37 years and 8 months and leaves, to mourn her loss besides her beloved husband, one daughter, Elizabeth, her bereaved mother, one sister, Mrs. Thos. O'Connor also one brother, John Milton Grange, all of Napanee survive.

V. O. N. TEA

On Tuesday afternoon April 22nd, the Ladies' Finance Committee of the V. O. N. gave a tea and musicale in the Sunday School room of Trinity Church. The lovely alcoved room lent itself admirably to the necessary arrangements and twenty-two hostesses presided at little tables all of which were bright with Spring flowers and pretty china.

The afternoon sun poured in through the windows to light the stage where lilies and hydrangeas were artistically arranged. The programme was opened with a piano duet, beautifully rendered by Mrs. J. R. Madden and Miss Bernice Baughan. There followed a short address by the President, Mrs. Wm. Gilbank, in which she briefly outlined the work of the Victorian Order and its origin. Mr. Pickering, a member of the Canadian National Institute for the Blind, was given a few moments to appeal to the public for interest in this worthy institution.

Miss Mary Daly then sang "Life" which was greatly appreciated by the large audience, who applauded enthusiastically. Mrs. Howell gave a clever monologue entitled "Alice's Charm," which afforded much amusement. A vocal duet by Miss Denison and Mrs. Valkman followed, accompanied by Mrs. Black. The final number was a splendid trio, sung by the following ladies: soprano, Mrs. Zender, Miss Baughan, Miss Bell; alto, Mrs. Graham, Mrs. Wilson, Miss Margaret Wolgast, Miss Olive McMullen; altos, Miss Hall, Miss Garrison and Mrs. Duffett.

The afternoon was a success from a social and financial standpoint. The Ladies' Finance Committee wish to acknowledge the assistance of all those who helped make the affair a success.

POULTRY MEETING
Lennox Addington Poultry Association meeting, Napanee, Monday evening, May 5th, at 8:00 p.m. in class room of Department of Agriculture. A full attendance is requested as business in connection with the proposed winter show will be discussed. E. W. MITCHELL, Secretary 18a

FLOGLAZE ENAMEL
Is a Canadian product, produced entirely by Canadian labor and financed by Canadian capital. The color card has been chosen and arranged by a famous Canadian artist. And it is a product that is receiving the support of the whole land, for we believe its equal is not produced in any other country. Floglaze is sold in Napanee, at Wallace's.

FELL FROM ROOF
Messrs. William and Byron Pennell, contractors, met with an accident on Saturday afternoon while at work on the roof of the garage of C. A. Anderson & Son. They were tarring the roof and in some way both slipped, falling to the ground a distance of twenty-five feet. Both received a severe shaking up as well as many bruises and cuts. They are reported to be recovering slowly from their mishap.

GOLF CLUB

The annual meeting of the Napanee Golf and Country Club was held in the Council Chamber in the Town Hall on Thursday evening last, President Kenneth Ham presiding. The Secretary Treasurer, A. L. Dafoe, presented the financial statement for the past season, the finances of the Club show a slight improvement over the previous year, but there is still a large overdraft. The following officers were elected:

President—Dr. D. H. Hall.
Vice-President—George Daly.
Sec'y-Treas.—A. L. Dafoe.
Captain—E. S. Ham.
Assist. Captain—Laurie Douglas.
Board of Governors—Herbert Daly, Laurie Douglas, K. Ham, W. A. Daly, J. McPherson, T. B. Seeman, T. B. Wallace, T. M. Galbraith, J. W. Robinson.

Greens Committee—A. L. Dafoe, W. J. Wiggins.

The fees will remain the same as last year for adult players. Business girls will be charged $10.00 membership fee; boys under 21, $10.00; Boys over 21 and up to 25 years, will be $20.00, excepting first year, which will be $10.00.

Messrs. E. S. Ham and W. J. Wiggins were appointed delegates to the Bay of Quinte Golf Association, which meets in Belleville early in May. The course is now open and fairly dry. A number of players are already using the course.

GRACE CHURCH MISSION CIRCLE HOLDS THANK-OFFERING

On the evening of Friday, April 25, the Grace Church Mission Circle held a successful thank-offering meeting at the parsonage. The programme was one of especial interest, having as its main issue a prescribed Easter service, which we followed. A vocal solo by Miss Ruth Woodgett, and a piano trio by the Misses Letitia Scott, Annie Younge, and Margaret Dennison, were very much enjoyed. The Easter service was rounded out to fullness by the piano duet by Mrs. B. Black and Mrs. S. Seymour and by readings from Miss Edna Hull, Miss Helen Joyce and Miss Ruth Hall.

The meeting was fairly well attended despite the fact that a large number of our members were out of town for the holiday season, and our offering amounted to about $30.

OBITUARY

FRANKLIN H. COLLINS

There passed away on Saturday morning, April 26th, at his home, one mile west of Bath, Franklin H. Collins, in his seventy-second year. Mr. Collins was a descendant of one of the oldest families in the Township of Ernestown and spent his entire life in the community. Early Methodism in Bath had not enjoyed good health for a number of years, he had not been confined to his home and his sudden passing in his sleep was a shock to his many friends. Mr. Collins' funeral was of a quiet retiring nature and had won the respect of all his neighbors who were present in large numbers at his funeral, held on Monday from his late residence and services conducted by Rev. S. F. Dixon, interment at Bath Cemetery.

Mr. Collins was married to Maggie Rose, who predeceased him thirteen years ago. He is survived by one brother, Charles W. Collins of the Millhaven community and his family, Mrs. (Rev.) H. W. Workman Hamberin, Ont., and Arthur Sears, near Bath, and F. Homer on the home farm.

Mr. Collins will be greatly missed in the home where he has lived and by his neighbors and friends.

FREE SHOTS ON Local Sport

Well, it looks as though this year's County League is about the best organized for some time.

* * *

Five teams have entered, namely: Forest Mills, Tamworth, Gilbard's and two from Adolphustown.

* * *

The teams should be evenly matched and the fans are likely to see some great old battles.

* * *

One thing that should help the teams financially is that each club must pay its own umpire. Thus if Tamworth and Forest Mills are playing the officials may tell Gilbard's to send out an umpire and the last mentioned club will pay him. And when Tamworth and Gilbard's are playing Adolphustown might have to send an umpire and so on. The home team will provide a second umpire.

* * *

It used to be that an umpire would get all he could out of the teams playing, but most likely all an umpire will get from his own club would be travelling expenses.

* * *

There will be a single schedule with the first and second teams playing home and home games. If there is a play off after that it will be on neutral grounds under the officials.

* * *

The resident rule went into effect on April 11th so that all clubs will have to use what players they have now. Gilbard's are allowed to use three men from the town if they wish.

* * *

The locals start practice tonight. Their first game is on the 24th of May, so there isn't much time to be wasted.

* * *

Manager Loucks should be able to trot out a real aggregation, judging from the material available.

HUMANE SOCIETY REPORT

The Napanee Humane Society has completed its first year of investigating and caring for animals that are treated cruelly and submits a resume of its work:

Number of Cattle Humanely destroyed ... 3
Number of Cattle Cared for ... 10
Number of cats and dogs humanely destroyed ... 3
Number of cats and dogs cared for ... 5

Five other investigations were made and warnings given.

Besides the above cases the officers feel that the influence of the Society has greatly improved the treatment accorded to animals in this district. That the people of the community are behind us is shown not only in that we had ninety-one adult and over one hundred children members but in their willingness to inform us of cases of cruelty. The names of the people giving this information are kept confidential. The public further showed their appreciation by contributing over eighty-five dollars on our Tag day. We sold four dozen calendars and obtained several subscribers to our Magazine.

"The Humane Pleader" both of which met our society's ideal in that they bring out investigations and enforcing the prevention of cruelty to animals have had the willing and courteous help of the town and provincial police. In addition, the Society has an inspector of their own now, living in Cashen East. Mr. Alex. Dickson, who is doing excellent work in that community Dr. Smith, our veterinary, cooperated with us whenever his services were required.

The officers elected for 1930 are:—Honorary President—Mayor Sippson. President—C. W. Shoemaker. Vice-President — Mrs. O. S. Reddick. Secretary-Treasurer—W. E. Higgs. Finally, we have our two papers, the Beaver and the Express, to thank for their kindness in publishing our numerous meetings and reports.

Sargon, the new medicine, at Hooper's Drug Store.

Local Jottings

—Spark arresters of rheumatism, gout, sciatica and neuritis, and uric poisoning. I have a real treatment for pain in results, and quick relief. A harmless and drugless mineral remedy. Call or write MRS. W. E. HENDERSON, Napanee, R.R., No. 1. 18-8p

—Mr. J. W. Thompson received a card by air mail the first from Mr. John Gould, formerly of Napanee, of Altamahra, California. This marked the dedicating of the Western Air Express Airport, the second most important air mail terminal in the United States.

Dr. DUANE R. HALL, of East Street, Napanee, wishes to announce that Dr. THOMAS H. GLEESON, formerly of Mc-Leod Block, Bloomfield, is now associated with him in the practice of medicine. 16c

—The Collegiate Institute Cadets reorganized on Monday last and their inspection will be held on Thursday morning, May 1st., at 10:00 o'clock. Although the number is extremely small it is expected that the corps will, as usual, make a creditable showing. The inspecting officer will be Captain Ibbester, M.C., District Cadet Officer. A new feature will be a signalling drill.

—Floglaze and Enamel sells at $1.60 a quart. (The white enamel, ivory Peter Pan green and cream at $1.85 per $1.60 a pint?) And when you consider that one coat covers better than two coats of ordinary paint, it dries very quickly, leaving no brush marks, that its gloss and smoothness at the time, you will find Floglaze by far the cheapest paint made. All the beautiful shades at Wallaces. Napanee agents.

194 Ontario Street,
Kingston, Ont.
19b Solicitors for the Executor.

OBITUARY.

THE LATE FRED LAUGHLIN

Mr. Fred Laughlin, a well known citizen of Napanee, passed away very suddenly on Saturday evening. Mr. Laughlin was in his usual health when he retired. About 6 o'clock in the morning he had a cerebral hemmhorage, and never regained consciousness, finally sleeping away about six o'clock.

The funeral was held on Monday from their residence on John Street. The service was conducted by Rev. H. Pawson assisted by Rev. W. P. Woodger, was following Mt. Lennonic Ritual. The very large number present testified to the high honor in which the deceased was held by his fellow citizens.

On Sunday at St. Andrew's United Church, the odd Fellows, in divine worship, observed a minute's silence in his memory and in prayer for the bereaved wife.

Mr. William Frederick Laughlin was born in Odessa and early in life moved to Napanee, where he learned the painting and finishing business with David Ash. In 1888 he married Fannie Bruton of Napanee and to them was born a son, Arthur who with his father came into daily contact who respected and honored his high ideals and honesty of purpose.

He was a member of Trinity Church a member in good standing of Argyll Lodge 213 I.O.O.F., Court Lennox No. 78 C. O. F. of Union Lodge, No. 9 A.F. and A.M. He will be greatly missed by a host of companions and friends.

There survive him his wife of Napanee, a sister, Mrs. Frank Scott, of Calgary, a brother of Mr. Harry Scott, of Napanee.

JAMES A FARLEY

James A. Farley son of John Farley and Sarah Smith Farley was born in the Village of Newburgh in October 1859. His father, John Farley, was a merchant and was well in good standing of Argyll Lodge 213 I.O.O.F., Court Lennox No. 78 C. O. F. of Union Lodge, No. 9 A.F. and A.M. He will be greatly missed by a host of companions and friends.

There survive him his wife of Napanee, a sister, Mrs. Frank Scott, of Calgary, a brother of Mr. Harry Scott, of Napanee.

JAMES A FARLEY

James A. Farley son of John Farley and Sarah Smith Farley was born in the Village of Newburgh in October 1859. His father, John Farley, was a blacksmithing and carriage making, which business he carried on in his native village. He was married to Matilda Ann DaFoe, of Selby, by Rev. Dr. Curts. His father, John Farley, was for many years a faithful superintendent of the Sunday School and the head of a Godly home. His son was early converted to God and lived a Christian life. He taught a class of boys in the Sunday School for many years and at the time of his death, the writer of this was spoken to about that class by some of the surviving members who also are men matured. Mr. Farley was also greatly interested in the missionary work of the church. He also was a convinced believer in prohibition. He greatly enjoyed reading and delighted in Christian conversation. He fell asleep in Christ on the morning of March 17 after months of confinement in his room the effects of a stroke in August 1928 and leaves a number of great suffering during which he anxiously awaited release to be with Jesus.

His funeral service was held in the United Church conducted by his pastor Rev. T. H. P. Anderson. There are left to mourn, a loving husband, his wife Matilda Farley, one son, Fred Reymore Farley of Kingston; and three sisters, Mrs. Orville Fretts, Hawley; Mrs. DaFoe Michigan and Mrs. A. D. Fretts, Hawley.

MRS. FENWICK D. SOLMES

Irene Agnes Belleville, wife of Mr. Fenwick Solmes, Toronto and former Napanee boy, passed away at the Rockwood Hospital, Kingson, on Thursday May 1st., 1930, after an illness of over three months. Mrs. Solmes was born in Hamilton 36 years ago. She leaves to mourn her loss, besides her husband, her widowed father, Mrs. E. Belleville, Hamilton, Ontario, and two sisters, Mrs Albert Derrick, Mich and Mrs. William Wilson, Hamilton, Ontario.

The funeral service was held at the home of her father-in-law, Mr. Robert J. Solmes on Sunday May 4th. The Rev. W. R. Woodger, B.A., of Grace United Church, conducted the service. The floral body was laid at "Rest In Peace" in the family plot, Napanee Cemetery. Napanee. The flowers were beautiful and showed that the late Mrs. Solmes was loved by all. P. who knew her. The pallbearers were R. M. Black Ray Huffman, F. S. Boyes, Ward Sexsmith, Fred Knapp and Ray Smith.

NOTICE TO CREDITORS

In the matter of the Estate of James Shibley late of the Village of Bath, in the County of Lennox and Addington, Gentleman, deceased.

Notice is hereby given pursuant to Trustee Act R.S.O. 1927, Chapter 150, that all creditors and others having claims against the Estate of James Shibley, who died on or about the 26th day of November, 1929, are required to deliver or send by mail to the undersigned on or before the 26th day of May, 1930, to the undersigned Solicitors for the Administrator of the Estate, their names and addresses and a full description of all claims and the nature of securities if any held by them, duly verified as to be duly certified.

And further take notice that immediately after the 26th day of May, 1930, the Administratrix will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only for the claims of which she shall then have received notice. And the said Administratrix shall not be liable to any person of whose claim she shall not have been received by her prior to the said 26th day of May, 1930.

Dated at Kingston, this 2nd Day of May, 1930.

NICKLE & FARRELL,
19c 194 Ontario St.,

LETTER TO THE EDITOR

I WONDER

To The Editor:

Dear Sir—Did you ever wonder about things? I wonder so hard this week that it wasn't funny.

1. I wondered about the Cadet Inspection. The Collegiate made a great showing, but I'm told not a member of the Town Council nor a member of the School Board was present.

2. And then I wondered about music. The Rotary Club sponsors a band and on their first official appearance, the Rotary members were listed among the missing.

3. And then I wondered about sport. The sports writer to the Beaver boosting tennis in Napanee and then joins the Belleville club and hasn't time to play here.

"And then I wondered but what's the use?

Wondering gives one a headache.

"WONDERING"

COLLEGIATE NOTES

The annual typewriting contest is to be held in the near future. Three cups are given— anyone in Napanee is eligible to contest the senior cup. The others are confined to Collegiate students.

The band is practising consistently for the concert to be given May 20th.

BAY VIEW

The farmers in this vicinity are waiting for continued warm weather as there is very little seeding done as yet. —The Ladies' Aid will hold their monthly meeting at the home of Mrs. Ray Amey on Thursday of this week, May 1st. Everyone is invited to come.

The Women's Institute meeting will be held at the home of the Misses Molly and Beatrice Fairfield on May 15th, when the annual summer series of lectures will be held. The Misses Fairfield extend a cordial invitation to all. —Mrs. Schuyler Smith is improving slowly after a bad attack of the flue.

Harold Miller, eldest son of Mr. and Mrs. Roy Miller is very seriously ill in the Hotel Dieu, Kingston.—The sympathy of the many friends is extended to the parents and grandparents of Baby Billy Gatskill, whose funeral was conducted by Rev. Dixon, of Bath on Monday last at the home of its grandmother, Mrs. Stanley Prasher, hence to Cataraqui for interment—Many friends gathered at the home of Mr. James Lewis on Monday last to pay their respects to the friends of the late Mrs. James Lewis, who departed this life on Friday, April 16th. Mrs. Lewis who was formerly Miss Maude Benton of Napanee became the bride of Mr. Lewis but four short years ago and although but a short time in this neighborhood, was beloved by all who knew her. She leaves to mourn her loss, her husband, one daughter, Elizabeth Stcrrrie, her mother, Mrs. Jamie Granger, of Napanee, one brother, Milton Granger and one sister Mrs. Rose O'Connor, also of Napanee. Interment took place at Napanee— Mrs. Thomas Miller and Mr. and Mrs. Chester Nicholson called on friends in Stevenson last Sunday.—Mr. on Wednesday last. Mrs. James Scott and baby granddaughter of Rochester spent Sunday at Mr. Leonard Hogan's.— Mr. Reggie Furrs and Miss Cavell Gollough, of Kingston, spent Sunday the guest of Mrs. Murray Wemp and family.— Mr. and Mrs. Willie Webb of Sunbury, spent Sunday at Mr. and Mrs. Orval Haffner's. — A baby girl has come to make its home at Mr. and Mrs. Floyd Haffner's.

MORVEN

The services on Sunday were well attended. Rev. R. M. Seymour speaking on the "Friendship of Jesus", for the members of the family of the house of Bethany. At the close of the sermon Mr. Seymour sang "Be Thou Nigh," which was very appropriate.— A special programme is being prepared for Mothers' Sunday in the Brick Church, Sunday morning at 10 o'clock. Mr. Ray Peoples has gone to will meet at the home of Mr. and Mrs. Bailey Hamm on Friday evening for their final meeting until fall.— Mrs. Cyrus Miller returned on Sunday after spending a week with friends in Kingston. —On Monday afternoon the remains of the late Mrs. Samuel Perry, Benson Harbour, Mich., were buried in the cemetery at Violet. — Mr. and Mrs. Archie Winters spent Sunday afternoon with Mr. and Mrs. J. C. Parrot, Odessa.— Mr. John Albert Bell visited Mr. and Mrs. Myro Schryver on Sunday. Mr. and Mrs. C. H. Garrison, Napanee, were recent callers at Mr. and Mrs. Percy Lake's.— We are pleased to see Miss Phyllis Pretts able to be out again after her very serious illness. — The friends of Master Harold Miller, Bath, will be sorry to hear that he is not improving very fast.— Mr. and Mrs. Clifford Mills, Oshawa, spent the week end with Mrs. A. Mills.

LENNOX W. I.

The annual summer series of meetings of Lennox Women's Institute will be held as follows:—

May 13th: Bath, Masonic Hall, May 14th; Conway, United Church, May 15th; Adolphustown, United Church, May 16th: Maple Leaf, North Fredericsburgh Hall, May 19th; Ernestown, United Church, May 20th; Odessa, Public Library, May 21st; Violet-Switzerville, Community Rooms, May 22nd; Wilton, Grange Hall, May 23rd; Napanee, Agricultural Rooms, May 28th.

Mrs. Charles Macoun, Campbellford, will address the meetings on one or more of the following subjects: "The Institute as a Builder in National Life," "Woman's Responsibilities to Herself, Her Family and Community;" "Women in Agriculture for Pleasure and Profit"; "Practical Politics for Busy Women."

Miss Edie, B.A. Department of Agriculture, Toronto, will speak at Napanee on: "Our Kitchens and Labour Savers."

Meetings held at 2:00 p.m. A cordial invitation is extended to all.

TOWN COUNCIL

Town Council met in regular session on Monday evening with Mayor Bingham presiding, and Reeve Tustin and Councillors Loucks, Wiseman, Daly, Kimmerly, Farnan and Fitzpatrick present.

The minutes of the last session were read and confirmed.

Communications

The Clerk read a communication from the Provincial Secretary in regard to the fee of Magistrate's Commission. It was moved by Reeve Tustin and seconded by Councillor Loucks that the fee of $13 be paid. Carried.

A letter from the Ontario Motor League re highway signs. Moved by Councillor Paul, seconded by Councillor Wiseman that the matter be referred to the Streets Committee. Carried.

Dr. Morden appeared before the Council with a petition in favor of the Daylight Saving question. The matter was laid on the table until later in the evening.

On motion the Mayor was authorized to issue a proclamation in regard to the holiday of May 24th, which is to be held on Monday, May 26th instead of Saturday, so as not to interfere with the business men of the town.

Reports

The Finance report for the month of April was read by Councillor Loucks, and who moved the adoption of his report and was seconded by Councillor Daly. Carried.

Councillor Daly reported that the paint for the streets had arrived and that the work would commence immediately. Councillor Daly moved that the report be adopted seconded by Councillor Kimmerly. Carried.

Councillor Wiseman reported on the work of the Social Welfare and moved the adoption of his report, seconded by Reeve Tustin. Carried.

Councillor Paul recommended that a "Crime Research Manuel" be purchased at the cost of $25. The recommendation was approved of by the Council and on motion the Finance Commission were authorized to purchase same.

The matter of "Daylight Saving" was again brought up and after a lengthy discussion by both, the Council and business men of the town the Mayor asked for yeas and nays to which the saving was defeated by a vote of 7 to 1, and the petition filed.

Reeve Tustin spoke on the matter of paving the balance of the road on Centre Street, and Councillor Paul moved that the matter be left in the hands of the Streets Committee, the Clerk and Reeve Tustin. Carried.

Mr. A. MacGregor appeared before the Council in regard to the purchasing of an instrument. Mr. MacGregor through some misunderstanding had paid for the instrument and should be been repaid by the Band. Council and the band. It was moved by Councillor Loucks and seconded by Councillor Daly that $50 be paid to Mr. MacGregor and the balance be paid by the band. Carried.

Accounts

Napanee Fuel Supply	12.50
C. A. Wiseman	3.45
Kirkfield Crushing Co.	78.69
H. Vanalstyne	55.00
C. A. Anderson & Son	2.28
Dr. Willoughby	34.50
Public Utilities	1,297.90

The account of J. L. Boyes was referred to the Police Committee.

The account of Haines' Blue House was referred to the Finance Committee.

The usual Hydro and Telephone accounts were left in the hands of the Clerk, with power to act.

The meeting adjourned until Tuesday May 6th.

CONSERVATIVES, See Page 8

BAY CIRCUIT

These spring days and rain are a real blessing to the farmers. Everything looks bright for the summer.—Mr. and Mrs. Peter Huyck, Mr. Earl and Clare Sexsmith, Mrs. L.T.P. Parks, Mr. Allan Baldwin and Rev. J.E. Becker, attended the County O.R.E.C. meeting at Mc-Gregors, in Napanee, on Tuesday night last.—Mr. Ward Sexsmith of the community attended the memorial service of Mr. C. Dean at Dempsey Hill on Sunday. It is a great relief to the friends that the body was found. Symphathy is extended to sorrowing relatives. —Mrs. Walter Huffman spent a few days in Napanee with her father, who is very ill.—Mrs. Brooks—The Sand Hill Ladies' Aid meet at the home of the President Mrs. D. A. McCabe on Wednesday evening. There was a large attendance. The programme was given by Mrs. Ed. Bowerman, of the members of the community attended the memorial service of Mr. C. Dean at Dempsey Hill on Sunday. It is a great relief to the friends that the body was found. Symphathy is extended to sorrowing relatives. —Mrs. Walter Huffman spent a few days in Napanee with her father, who is very ill.—Mrs. Brooks—The Sand Hill Ladies' Aid meet at the home of the President Mrs. D. A. McCabe on Wednesday evening. There was a large attendance. The programme was given by Mrs. Ed. Bowerman, of the members of dodyn Beckel and Mrs. Gilbride, of not improving very fast.— Mr. and Mrs. Napanee.—The ... Mrs. Walter Huffman in charge of the meeting and Mrs. McCabe acted as hostess in her usual pleasant manner.—The Sand Hill Missionary Society meet at the home of Mrs. J. Card this Thursday afternoon at 2:30 p.m. Mrs. Ray Peoples in charge of the Government fish net, left for a week in his home near Ivanhoe.

The Annual Official Board of the Bay Circuit met at Sand Hill on Monday night. There were 40 in attendance. Mr. James Robertson was reappointed recording steward. All of the appointments were unopposed. The pastor's salary was paid in full at the close of the year.—The Sand Hill Aid served lunch.—Mrs. James Moore has been under the doctor's care for the past week.—Mrs. Simpson is living in Napanee with her daughter, Mrs. Harold Spencer.—Mrs. Simpson is taking treatment from a town physician.—

The Township Sunday School Convention is to be held in Bay Bay church on Wednesday, June 11, at 2:30 p.m. and 7:30 p.m. Mrs. Frank Parks gave a few days last week visiting her parents at Foxboro.

"I don't believe God ever made a woman with a great voice, a beautiful face and a perfect figure."—Madame Frances Alda.

ODESSA

The many friends of Miss Alice Coale were very sorry to hear that she passed away last Thursday night at the Kingston General Hospital, after an illness of about three weeks. She was brought to Odessa in childhood by the late Mr. Mr. N. F. Snider and Mrs. Snider and was one of the family. Her pleasing manner and willingness to assist in any good work as far as possible, won for her the love and esteem of all who knew her, and it can be safely said that she had not an enemy. The funeral was held from her late home, Sunday afternoon and the large residence was crowded with relatives and friends, many had to remain on the lawn. The casket was banked with beautiful floral offerings and the service was conducted by Rev. George McQuade, who referred to her business ability in serving as assistant central at the telephone office since the line was built; to the village many years ago. The remains were interred in the family plot in Wilton cemetery. The pall bearers were Mr. Robert Cairns M. D. Orvald Mr. D. O. Frink Mr. Joseph Smith Mr. Albert Dawson and Mr. Stanley Reid. The funeral was in charge of our local undertaker Mr. William Jones.— Mr. John Swift Odessa spent a few days with his son, J. L. Swift and Mrs. Swift. —Mr. Percy Clark Oshawa, spent a few days with his father, Mr. S. W. Clark and sister, Mrs. Wills.—Mrs. Elwell Emmons Kingston, visited Miss Lizzie Lawlor for a few days last week.— Dr. Harol dand Mrs. Ettinger, and little daughter Barbara, Kingston, spent Tuesday guests of Mr. and Mrs. H. J. Smith.— Miss Norine Gleason and Miss Irene Sims visited the former's sister, Mrs. J. L. Swift on their return from spending Easter holidays at Almonte. They were accompanied by Miss Rose Gleason, who will visit with them for a couple of weeks at their home in Detroit.— Mr. and Mrs. J. H. Long and daughters Dorothy and Marjorie Oshawa, spent Easter with Mrs. Long's parents, Mr. and Mrs. Donald Thompson.— Mrs. Alexander Mooney Scotland, is the guest of Mrs. Albert Hartman a few days.—Wednesday afternoon, About forty members and visitors were present.—A christening of much interest took place Easter Sunday morning when Rev. W. G. Swain, pastor of St. Albans Church, baptized William Copeland Bruce, infant son of Mr. and Mrs. William Brant, Toronto, who spent Easter with Mrs. Brant's mother, Mrs. T. C. Graham.— School opened last Monday morning and the staff of teach ers remains the same as during the past respective hones.— Mr. Leonard Corbeil, Perth and Miss Mary Peter Wooler, of the continuation classes and Miss Leatherland, Inverary, and Miss Angus, Bancroft for a few days this week staff.— Mr. and Mrs. W. E. Topliff spent Tuesday with Mrs. M. Kenyon, Deseronto.— Mr. and Mrs. Frank on Hillier and son Bruce, who have been their home in Toronto.— Last Friday evening the Women's Institute held the last of a series of euchre parties in the Orange Hall, Odessa, about forty were in play and the prizes were won by Miss Nathalie Rose, and Mr. Charles Connors. After the cards a social dance followed and a very delightful time was spent until the small morning hours. The Camden East orchestra assisted by Mr. Joseph Lawlor as violinist, furnished excellent music and there was an abundant supply of dainty eatables served at the midnight hour. There was a very large attendance.

MORVEN

The Finance Committee of the Morven appointment met in the home of Mr. Roy M. Garrison on Thursday last at 8:00 p.m. A full board of bishops was efficiently dispatched the appointment being in splendid condition. The committee, in co-operation with the Committee of Stewardville, completed their share of the arrangements for the Missionary Anniversary of the Morven Church. On Sabbath next is the latter part of June, a special speaker for the Sunday will be brought in a ... and we hope to make our missionary off ... worth while. Keep a place in your thoughts open for this most important event. Special address and special music it will characterize the day; the exact date will appear later.

WILTON

The sale at Mr. J. E. Storms on Wednesday last was well attended.— Born: to Mr. and Mrs. Robert Jackson on April 28th, at Kingston General Hospital, a son. Congratulations.—The teacher and scholars of this school observed Arbor Day on Friday last.—Mr. O. C. Storms, from the West, is renewing acquaintances in and around the village.—Service was held in the United Church here on Sunday evening.—Mr. and Mrs. Percy Sharp ton at Mr. Blake Switzer's, recently.— Mr. Bernier Curry

Finding his audience very difficult to please, a canadian cracked another joke and asked: "I suppose you will laugh at that next year?"

"No," said a voice, "but we did last year.

OUT OF TOWN CALLS — QUICKER AND CHEAPER THAN EVER

It is so easy to place a long distance call. Just ask for "Long Distance," and give her the distant number. If you do not know the number, "Information" will look it up. Calling by number speeds up the service.

THE BELL TELEPHONE COMPANY OF CANADA

Mrs. Rush had her things on all ready to go out.

"I wish I knew how many yards of that curtain stuff my sister needs. I wonder if I could reach her by telephone?"

Her sister lived in a city over 80 miles away — but in just a little over a minute Mrs. Rush was talking to her and getting the details she wanted. It didn't delay her shopping trip more than two minutes and it cost her only 50 cents.

"Well, that was certainly worth while! Now I know exactly what to buy", she said as she stepped into her car to go down town.

Our facilities are now so complete that the average long distance call takes only a fraction over a minute and a half!

Egg Production Up

In 1928 there were 34,022,511 egg-producing hens in Canada, a decline of 100,189 over the previous year. They accounted for 269,868,857 dozen eggs or 15.39 .630 dozen more than in the previous year. Ontario was the leading egg-producing province and showed a very substantial increase over the preceding year. Quebec was the second highest egg-producing province.

BEAVER ADS. PAY BEST

Acid Phosphate is Superphosphate

Certain fertilizer salesmen in Ontario are selling superphosphate claiming this to be a superior product to acid phosphate. The two names mean one and the same thing. This fertiliser has been on the market for years and ordinarily is guaranteed to contain 16 per cent. available phosphoric acid. It can be used alone on certain crops or in home mixed fertilizers. Large quantities are used in making up fertilizer companies.

PRINCESS LOVES ANIMALS DOLLS MERELY AMUSING

Princess "Lilabet" Has Trouble With Counting and Alphabet, But She Writes to King, Queen and Prince

London's picture papers recently touched the heart of all England by publishing a photograph of a solitary child wearing an aureole of golden ringlets, gazing gravely from a May-fair window upon a stream of London traffic. It was Princess Elizabeth at her parents' home in Piccadilly.

Recently, the Telegram had a long chat with a member of the Duke of York's household concerning the pastimes and the promise of this idol of the British people and Fourth Lady in the land. The Princess will be four on April 21. After that day her formal education will begin.

"The Duke and Duchess have not yet considered serious lessons and will not think of tuition until after their daughter's fourth birthday," The Telegram was told.

Asks Questions

"The Princess has not even been initiated into the simplest of kindergarten subjects. Like all small children she asks innumerable questions and sets herself many tasks but has not had any real lessons. It is her parents desire that she shall enjoy the freedom of nursery days as long as possible, in the meantime, of course, her daily interests include being read to, listening to simple music and singing, studying instructive picture books and using a pencil.

"The last named pursuit amuses her very much. The Princess is not a precocious child, mentally but she has a quick understanding and is most natural and charming.

"Her riding lessons will not be until next season. She has been placed in the saddle and quite enjoyed the adventure. It was an experiment to see if she cared about it.

"The Princess has extraordinary admiration, amounting to affection for animals, especially horses and dogs. Even in her nursery it is the rocking horse, Teddy bear, lions and tigers of her zoo which hold her affections. She regards dolls as amusing but animals she loves. They are her toy heroes.

Probable Source

"Perhaps she acquired this affection at Naseby Hall, whither her parents have taken her and where the Princess is surrounded by many horses and dolls. The hunters and hounds with which the Duke hunts are sources of continual wonder and delight to his daughter" he said.

The Telegram learns that two puzzling problems of the Princess at present are counting and the alphabet, for she has learned to count a little from her cousins, Princess Mary's two boys and from the younger Bowesiyon children and is struggling with big letters in her picture books.

She likes the game of counting her fingers and toes and the animals in her nursery zoo, which was a gift from the Queen, but her animals outnumber her digits so the Princess counts ten and then counts ten again if she can remember them. She appears to find it much easier to say "One, two, "free," five" than "One, two, three, four, five." Four is a runaway number that tries to get forgotten.

It is said to be the Princess' secrete ambition to master the alphabet by her birthday. She can say ABC with admirable accuracy and rapidity but D E F slip into one another on her tongue and become a word instead of three letters.

"Lilabet" Her Name

So far her alphabet runs: "A B C D E F G JAKA." The Princess knows, however, that I stands for "Lilabet," a name she invented for herself as soon as she could talk. She is trying to remember that her real name, used by the Queen and the Duchess, begins with E.

The letter D is one of her favorites. It is easier to pronounce and remember because it stands for Daddy, Duke, Duchess and Granddaddy, too.

The Princess is at present at Naseby Hall, whence The Telegram learns that she is often busy writing with her pencil chiefly letters to "Uncle David." That is, the Prince of Wales, who is travelling in Africa. It is that mystic freehand of the nursery — a script which no adult has yet been able to translate. She is most concerned that letters written by her to the King and Queen should be sent to Sandringham, with those from her parents.

The King's granddaughter has a natural love for dancing and she is making great progress with simple steps. She learned the Highland Reel in Scotland just before Christmas and is happy to perform for her friends when she gives a party.

The Princess was hostess for her first time this month, when her mother allowed a party. Princess "Lilabet" then received the guests and presided at the tea table. Afterwards she entertained her visitors with dancing and singing. Her singing has been learned by listening to her mother. The Duchess has a pretty voice and sings Scotch songs charmingly.

A Remedy for Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Eclectric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will do much in relieving pain.

The Calf to Retain

Good judges of cattle can tell, almost at once whether a calf is worth raising or not, and that soon after it is born. There are certain signs that cannot be neglected, and, by which they are guided in making their selection. A small undersized calf is not one to be retained, for it will but rarely repay the trouble involved in feeding and rearing it to a store beast, and thus it had better be taken to market as soon as possible. A lively calf jumping and playing around its dam is what one likes to see, for such a calf is strong on its legs. Sprightliness should be possessed of a strong constitution.

Wave Eve in Condition

The best method of ensuring strong and vigorous lambs, which will do well from birth is to have the ewe in good condition for lambing. Plenty of exercise with a light grain mixture, two or three pounds of silage or roots per day and some good hay are what she needs. Mother's milk is all the new lambs need for the first two weeks but thereafter a little grain or hay should be available for them to nibble at.

ARE GENIUSES MISSED IN EXAMINATION SYSTEM ?

Lord Fisher used to say that favoritism is the secret of efficiency. An abominable doctrine, it will be thought; and so, indeed, it is, interpreted in one way. Interpreted in another it contains much truth. It all depends whose favorites. The favorites of the foolish man, the selfish or corrupt man, the clever but jealous man (by no means an uncommon type this last) will merely stand in the light of better men. But the favorites of the honest and discerning great will justify their promotion abundantly. That is why, despite all the corruption and nepotism of the eighteenth century, you are constantly finding men of great ability at the top. Wolfe, for example, the victor of Quebec, owed his position to the favoritism of Chatham; and but for his family influence Wellington might never have got his chance in time, for he did not seem particularly bright as a young man.

The Spark of Genius

The results depend not only on whose favoritism, but on the particular work for which the man is being selected. If it is administration of the ideas of others, the best type may be an all-round man; but if it be work for which the flash of original genius is required to kindle into flame, this type may be detected more quickly by favoritism, provided, of course, that its eye is honest as well as quick. Examinations will not avail it, and under a system of promotion by seniority may work too slowly, and the chance may not become its way in time to detect genius which favoritism might have spotted and promoted earlier. And that is the truth that underlies the paradox of Lord Fisher.

Failure of Examination System

What has led me to these remarks is a case that came under my observation. A father (ex-soldier) in a modest station of life), whose son is just leaving a public elementary school at the age of fourteen, showed me the boy's last report from his schoolmaster. Here were no tepid phrases of commendation, but genuine enthusiasm for ability that was quite out of the ordinary. "But," said I, "why take him away? This is just the sort of boy who ought to continue his education. Let him sit for a scholarship at a secondary school. It will mean a little sacrifice on your part," I added, "but not too much, and the extra years at school may make an immense difference to his prospects." The man replied that his only thought was for the welfare of his son, but that he had sat for a scholarship and failed. I looked at the report again, and read into the lines, and understood why. The boy's development was evidently one-sided. His letters, in fact verbal expression, lucid arrangement of ideas, power of imagination, and argumentation the boy was exceptional and quite beyond his years; but evidently his other subjects were bad or middling, and had dragged him below the scholarship line. The defect of the examination system is that it cannot shew favoritism, and tends to miss exceptional but peaky talent, and to give the advantage to allround goodishness.

When Balance Means Mediocrity

I do not undervalue all-round goodishness and an even-balanced development of mind but the fact remains that the big things in the world are done, as a rule, by those who have some abnormal development in one direction. Schools are conventional places. They like to discourage deviations from the normal, and marked ability in one direction counter-balanced as it usually is, by equally marked deficiencies in others, may be penalized in order to bring about the even balance which so often goes with mediocrity. Is it rather depressing to think that our system of unisyral education may be missing exceptional talent after all, and that the educational ladder has missing rungs for just the exceptional cases which education ought to capture and put on the way to triumph? If I had my way, I should abolish marks and the adding up of marks in examinations, arrange candidates in classes T. B. and C, putting in Class A all who have done exceptionally good work no matter how much bad work they had done, then make my final choice from personal observation. There is room for our educational system, and even now they may be dropping through into the village Hampdens, the mute, inglorious Miltons and Cromwells.

"Maxims do not count for much unless you know how to use them.—John N. Willys.

Glycerin Mix Removes Cause of Stomach Gas

Simple glycerin, bicksthorn bark, saline, etc., as mixed in Adlerika, acts on BOTH upper and lower bowel, relieving pressure you never thought were there and which caused gas and other stomach trouble. Just ONE spoonful relieves GAS, sour stomach, sick headache and constipation. Don't take intestinal cleansers that only PART of bowels, but let Adlerika give you a REAL cleaning and see how good you feel. It will surprise you! Allwalace's Drug Store (1-6)

The small delivery boy was bringing groceries to a new customer and had encountered a large dog in the yard. "Come in," said the lady of the house, "he doesn't bite."

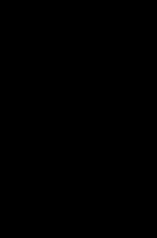
The boy still hung back. "Does he swallow?" he asked.

The Best SPRING TONIC is DODD'S KIDNEY PILLS

"So you've bought another car, professor?"

"Yes; I couldn't remember exactly where I parked the other one."

Peevish, pale, restless, and sickly children owe their condition to worms. Mother Graves' Worm Exterminator will relieve them and restore health.



Monuments or Markers

Or both, you can obtain at Napanee Granite Works, and in any design you may prefer, at the very lowest possible cost. We will carve and letter your Monument according to your own ideas.

Have You Heard These?

Little Pat had worn up for an examination in Scripture, but had failed, utterly, and relations between him and the examiner had become somewhat strained. The examiner asked him if there was any text in the whole Bible he could quote?—He pondered a moment, then said:—

"And Judas went out and hanged himself."

"Is there any other verse you remember?" asked the examiner.

"Yes," said Pat, "Go Thou and do likewise."

There was a solemn pause, and the class was dismissed.

Your Asthma Too. The efficacy of Dr. J. D. Kellogg's Asthma remedy is not something that is merely to be hoped for; it is to be expected. It seldom fails to bring relief, and in your own individual case it will do the same. So universal has been the success of this far-famed remedy that every one afflicted with this disease owes to himself to try it.

"I say," said a bumptuous individual to a man standing at the street corner, "just tell me how I can get to Chatham street."

"Well," replied the man, "take the third turning to the left, first to the right, second to the right again, fourth to left, first to right, fifth to left, cut across a square, pass through a crescent, take the second to the left, and you'll get it."

The stranger followed the instructions given. After three-quarters of an hour he was startled to arrive at the place where he had asked the question, and to see the same man standing at the corner.

"Why did you direct me wrongly?" he demanded.

"You asked for Chatham Street, didn't you?"

"Yes."

"Well, then, I directed you all right. This is Chatham street."

Douglas' Egyptian Liniment is unrivalled for speedy relief in muscular rheumatism, lame back, inflammation, burns and felons.

In many restaurants the patrons are the most patient waiters.

"You look very downcast."

"Yes, my wife has been away for six weeks and I wrote her every week and said I spent the evenings at home.

"Well?"

"She is back now and the light bill has come in—it's for fifty cents."

"What would you say if I asked you to marry me?" "Nothing, I can't talk and laugh at the same time."

Two little girls were quarrelling over which was the taller.

"I'm taller than you," said the first, "because I can look over those boards."

"Phew! That's nothing," said her small companion. "I have to bend down to look over."

Persian Balm tones and stimulates the skin. Fragrant as a flower. Cool as morning dew. Safeguards and beautifies the most delicately-textured skin. Creates complexions of exquisite charm. Adds a subtle finish to the daintiest woman. Invaluable for softening the hands and making them flawlessly white. Cool and refreshing. Daintily fragrant. Delightful to use. Chosen unhesitatingly by all women who care for feminine distinction.

Two Irishmen were discussing the grave illness of a friend for whom the doctors had given up hope.

Said the first: "Pitwat's the matter wid him, anaway?"

"Gangrene," said the other.

Said the first: "The saints be praised for letting him die wid the roight color."

Father: "Hello, eating sweets again?" Son: "Yes."

Father: You'll ruin your stomach if you eat so many sweets."

Son: "Well, I don't care — it won't show with my clothes on!"

Miller's Worm Powders work so effectively that no traces of worms can be found. The pests pass away in the stools without being perceptible. They make an entire and clean sweep of the intestines and nothing in the shape of a worm can find lodgment there when these powders are in operation. Nothing could be more thorough or desirable than their action.

Sing a song of millions—
A pocket full of stocks,
Four and twenty good things
Gone upon the rocks.

The bears are in the counting-house
Counting out their shares
The lambs are in the pawn shops
Pawning all their wares.

The queens are in high dudgeon—
There isn't any honey;
What's the use of petting
Men who haven't money?

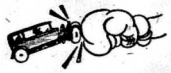
The smaller the fish the more it strains the veracity of the angler.

Smith: "Do you mean to say you flirted with your own wife all the evening at the masked ball and didn't know her?" Brown: "That's right; but she was so deuced agreeable how was I to know her?"

Mother to small Son: Don't you think it's awfully good of Uncle to buy you this lovely present.

Small Son: Good of him? Why, what's he for?

Don't make YOUR ENGINE FIGHT



HARMFUL GUM

If you want a fast, clean, smooth engine—don't make it fight harmful gum.

Use Koolmotor Gasolene—a powerful, clean burning motor fuel from which harmful gum has been removed.

Inferior or carelessly refined gasolenes deposit a sticky, gummy substance on your valves. When you step on the gas for more power, your valves have to fight to get free—your engine labors—valuable compression is lost.

Through extra refining and rigid supervision—known as the Cities Service *mini-gum process*—the gum content in Koolmotor gasolene has been reduced to a harmless minimum. Valves are kept clean—power kept at its maximum—your engine responds promptly to your desire when you use Koolmotor—the *original* high test, anti-knock green gas.

Don't pay the impending penalty of gum in gasolene. Keep your tank full of Koolmotor Gasolene. The nearest Cities Service station or dealer is waiting to serve you.

CITIES SERVICE OIL COMPANY LIMITED

·7·
HARMFUL EFFECTS of Excessive Gum in Gasolene

1. Clogging of intake manifold.
2. Delayed seating of intake valves.
3. Complete sticking of intake valves.
4. Loss of compression.
5. Loss of power.
6. "Missing" cylinders and engine failure.
7. Unnecessary repair bills.

EMERGENCY HAY CROPS

The severe winter and rather backward spring which we have just experienced will probably shorten up the hay crop to some extent this year, and farmers in some parts of the Province may find it necessary to supplement the short crop with some emergency crop which may be sown now to be cut for hay this summer.

Here are some of the best crops which may be used for this purpose:— Oats and peas; millet; soy beans; white biennial sweet clover.

The mixture of two bushels of "O. A. C. 144," "O.A.C. 72," or "Banner" oats with one bushel of "Golden Vine," "Prussian Blue," or "O.A.C. 181" field peas, making a total seeding of three bushels per acre, produces a very satisfactory hay crop. The mixture should be sown in the early spring on a good seed bed, and is suitable for growing on most types of soil. The crop should be cut for hay when the pea-pods are about half grown, and may be cured in the same way as any other hay crops. In experiments at the Ontario Agricultural College, this mixture has produced an average yield of between two and three tons of hay per acre. If not required for hay it may be cut for green feed or allowed to mature for a grain crop.

Millet

Hay has a feeding value nearly equal to that of Timothy. "Hungarian" is one of the best varieties and is usually sown at a rate of three pecks of seed per acre, and is ready to cut when the plants are fully in head. This hay can be fed to advantage to cattle but is not so suitable for horses. Millet requires a well drained soil in a good state of fertility.

Soy Beans

Are coming more and more into use as an annual hay crop. For this crop one bushel per acre should be sown early in May at the rate of one and one-half to two bushels per acre, and the crop cut when the pods are about half grown. The seed may be sown with a grain drill in the same way as field peas. Any soil which grows corn well will produce a good crop of soy beans. They produce a large yield of palatable hay which is very rich in protein. The only objection to the use of soy beans at the present time is the high price of seed.

White Blossomed Sweet Clover

Will usually give a large yield of hay the same year it is sown if it is put in early in the spring without a nurse crop. At the Ontario Agricultural College, this clover when sown early on good soil has been cut for hay early in September of the same year, and has given an average yield of almost one ton of hay per acre. When handled in this way the field may be left for another crop the following year if desired.

Mrs. Henpeck: "My dear, I'm sure that our boy is thinking seriously of matrimony." Mr. Henpeck: "Well I hope so. I wouldn't want any boy of mine to be so foolish as to regard it as a joke."

LOVELY HANDS

Busy hands—at hard tasks day in and day out. Persian Balm keeps the skin soft and pliable. Removes red-ness and relieves irritation.

At your Druggist

PERSIAN BALM

Artist: You know, you really have no idea of beautiful arms." Model: "Do I? Always been quite attached to them."

The sea of matrimony is very rough. That is why one voyage is usually enough.

Why are so many successful men bald? I suppose they were destined to rise early in life.

A pessimist is a man who, when given his choice between two evils, takes both of them.

ONTARIO ARCHIVES TORONTO

THE LATE ROBERT WELLINGTON EATON, WHO DIED AT TORONTO, FRIDAY, MAY 2ND.

Robert Wellington Eaton, son of the late Robert Eaton, eldest brother of the late Timothy Eaton, was born in St. Mary's, Ontario, March 16th, 1864. Mr. Eaton received his education in St. Mary's and came to Toronto in 1891, at which time he became associated with the T. Eaton Company, in a minor position, passing through various positions until he arose to be a Director of the Company, being Superintendent at the time of his death.

In his official capacity as Superintendent, Mr. Eaton came in close daily contact with the rank and file of the large number of employees under his supervision, and always manifested with employees and executive associates a sympathetic interest. Mr. Eaton was a charter member of the Trustee, and Official Boards of the Timothy Eaton Memorial United Church, Toronto, always taking a keen interest in the Sunday School and Young Life of this Church. He was also particularly interested in Y.M.C.A. work and other institutions of a similar nature.

Mr. Eaton always took a deep interest in sport of various kinds, was a member of "The Toronto Granite Club," "The Royal Canadian Yacht Club," "The Lambton Mills Golf and Country Club," "Parkdale Canoe Club," and Canadian Club. He was an executive in the Toronto Board of Trade, Associate Director of the Canadian National Exhibition and a Director of the Standard Bank until the amalgamation of that bank with the Bank of Commerce last year.

He also his beautiful home on Farnham Avenue, Toronto, he had an ideal summer home "Marmilwood," situated near Milford Bay, Muskoka, to which he was very much attached, spending his summer leisure time there. He was an ideal husband and father, and in conjunction with Mrs. Eaton, was a very liberal entertainer in both his Toronto and Muskoka homes, each of which was a rendezvous for a host of friends as well as an open house for different societies and organizations with which he and Mrs. Eaton were identified. His home always carried an atmosphere of hospitality.

Mr. Eaton is survived by his wife, Lilly, one daughter, Margaret, and an elder brother, John James. He was a cousin of the late Sir John Eaton and Mr. R. Y. Eaton, the President of the T. Eaton Company, Limited.

EX. MAYOR FRED NEWMAN, Picton

President Ontario Associated Boards of Trade and Chambers of Commerce
Vice - President Ontario Municipal Electric Association
Director Great Lakes International Association

Prince Edward-Lennox. Highly honored by Associated Boards of Trade.

The Ontario Associated Boards of Trade and Chambers of Commerce are limited to three delegates at the Congress of Federated Boards of Trade and Chambers of Commerce of the British Empire, Guildhall London, Eng., May 26th to 30th inclusive.

Ex. Mayor Fred Newman, Picton, is one of the three delegates and will attend as President of the Ontario Association.

This Congress is second in importance only to the Empire Economic Conference to be held this fall.

Patron, H. M. The King.
Congress opened by H.R.H. The Prince of Wales.
President, The Rt. Hon. The Earl of Iveagh, C.B., C.M.G.
Vice Presidents, The Rt. Hon. Sir Albert Spicer, Bt.; The Rt. Hon. Lord Desborough, K.G., G.C.V.O.; The Rt. Hon. The Earl of Derby, K.G., G.C.B., G.C.V.O.; The Rt. Hon. Lord Rydant, G.C.M.G.; Sir Stanley Machin, J.P.; Sir Edward Davson, Bt.; Sir Algernon F. Firth, Bt., Jr.; Sir Edward Manville, J.P.

Chairman of the Council, Sir Arthur Shirley Benn, Bt., K.B.E.

Deputy Chairman, The Rt. Hon. Viscount Kilbank.

Treasurer, Sir John Sandeman Allen, J.P., M.P.

All parts of the British Empire and the British Colonies will be represented, and the Delegates will be well entertained while in the British Isles.

Mr. Newman is a great booster for Prince Edward—Lennox, the latter as the county of his birth and the former the county of his adoption, so Prince Edward-Lennox will be especially represented at this Congress.

Mr. Newman has consented to accept nomination for the Federal House should he be the choice of the Conservative Convention May 22nd.

Having accepted the position of Provincial President and delegate to the very important Congress of Federated Boards and Chambers of the British Empire, he is not inclined to neglect accepted responsibilities and expects to be in England on the day that Prince Edward-Lennox will be especially represented at this Congress.

If the choice of the convention he will leave England at the close of the Congress on a boat due in Montreal June 5th.

Mr. Newman is well known throughout Prince Edward-Lennox, having spent the first 34 years of his life in Lennox and Addington and the balance in Prince Edward. Since coming to Picton for several years he operated a branch store in Napanee under the name of Newman-Livingstone Co.

He is known as one of our most progressive, enterprising, successful and public spirited citizens.

He is president of five different county organizations and was recently elected president of the County Board of Trade for the fifteenth year. He is President of the Children's Aid Society, President of the Poultry Association, President of the Horticultural Society and President of the Historical Society, and past President of the Agricultural Society, Picton.

He was Mayor of Picton seven years. He is serving his fourteenth year on the executive of the Ontario Hydro Electric Association and his third year as the Vice-President. He is also a director of the International Deep Waterways Association and is regarded as one of the best authorities on the International Treaties and development of the St. Lawrence for navigation and Hydro power.

He has held and been active in all these offices without any salary or remuneration. The many offices that he is holding and has filled with credit and success give him ample qualification to ably represent the United Counties of his birth and adoption should he be selected as the candidate.

Mrs. Newman and Miss Freda will accompany him and are invited to attend all the various social functions tendered to the delegates.

GURD'S GINGER ALE

Delivered to your home in any quantity. At Hooper's Drug Store. 19

"Fineness of nature is the first requisite of real beauty." — Kathleen Norris.

"I believe money is good only, for what you can do with it." — Morris Gest.

EMPLOYEE STOCKHOLDERS

Employees of the Bell Telephone Company in Ontario and Quebec are at present subscribing on the instalment plan for more than 46,000 shares of Bell stock. That these telephone employees have continued to make consistent use of the Bell's stock purchase plan as an investment medium for their savings is shown in the Company's annual report which states that of 13,179 workers eligible to subscribe, 12009 are now subscribing for 48,277 shares.

NAPANEE W. I.

The Napanee Branch of the Women's Institute met on Tuesday, April 8th, 1930, and the following officers were elected for the ensuing year, 1930 and 1931:—

President — Mrs. T. V. Anderson.

Mrs. Zeph Dean and family wish to take this way of thanking their neighbors and friends who also those from a distance who were so interested and joined so willingly in the funeral, for the last four weeks, and the late Mr. Dean and for their sincere sympathy and kindness.

Mrs. C. Trubell, Oshawa, wishes to thank the Oshawa Burial Company and Mr. Coat, also Mr. and Mrs. Reid of Belleville, for use of their car and for their kindness in the bereavement of the death of her father, the late Captain L. Thompson, of Napanee, who passed away at the residence of his daughter, on January 15th, 1930.

Adjutant Tucker would like to thank all citizens of Napanee for kindness shown after the explosion since her stay here of 18 months.

OBITUARY

MR. ZEPHERIA DEAN

The whole community was shocked when on April 7th, Mr. Zepheria Dean became missing. At 1:30 a.m. he went to visit a nearby sugar woods, got bewildered and wandered about for an indefinite time. When evening overtook him and he didn't come home the alarm was given and the neighbours for miles around rallied to the search. Every day for a week the search went on till they gave up in despair. On May 3rd, Mr. E. Lasher's son, while cultivating in a field near home, found Mr. Dean, lying face downward. Dr. say instant death must have taken place, probably following a slight stroke. The coroner from Napanee, accompanied by the undertaker immediately came and took charge of the body. Saturday afternoon at Mount Pleasant Cemetry, the friends and neighbours met and laid Mr. Dean to rest in the family plot. Sunday afternoon at 2:30, a memorial service was held in Emjey Hill church, being one of the largest for some time. The friends and neighbours for miles around gathered to show their deep respect and loving sympathy. Rev. H. Polley, pastor, took his text from John 14:2, those beautiful words: "I go to prepare a Place for You." He was assisted by Rev. T.H.P. Anderson, of Newburgh, former pastor. Mr. Anderson gave as his message he thought that although we thought our friend was dead, he was not but just gone to the beyond. Mr. Dean was 74 years of age, a man of good Christian character, beloved by all, a good neighbor, a loving husband and kind father. He leaves to mourn his loss his sorrowing widow, three daughters, Mrs. Geo. Smith, Viscount, Sask., Mrs. Lorne Alexander, Belleville, Mrs. C. Melbourne Lonsdale; two sons, Mr. Arthur Dean, Napanee and Mr. Fred Dean, Minneapolis, U.S.A.; also one sister, Mrs. Dingman, Napanee and two brothers, Mr. William Dean, Napanee and Mr. Elijah Dean, Watertown, N.Y., also several grandchildren.

MORVEN W M. S.

The annual Easter tea was held on Easter Monday night in the Brick Church, with a good attendance and in former years. The President, Mrs. Pratlick was in charge of the program. Hymn 84 was sung after which the watchword was repeated in unison. Scripture reading: Isaiah 53, read Chapter, by Mrs. C. L. Sharp; prayer, Rev. Seymoure; "Watchman, What of the Night," by Mrs. A. Winters. Miss L. Babcock, Mrs. P. Lake and Mrs. C. Sharp; reading by Mrs. E. Lund. Hymn 184; reading, "Mrs. Riche's Bargain Meeting," by Mrs. G. Clark; solo, Mrs. Seymour; reading "The Tenth Son," by Mrs. P. Lake; solo, Mrs. Withers; reading by Norma Pretts; prayer by Mrs. Pratlick; hymn 225.

The meeting closed with the Mizpah benediction, after which a delicious lunch was served by the ladies.

GIVE CONFIDENCE TO YOUNG MOTHERS

A simple and safe remedy for the common ills of babyhood and childhood should be kept in every home where there is either a baby or a young child. Often it is necessary to give the little ones something to relieve a cold, allay fever, correct sour stomach, and banish the irritability that accompanies the cutting of teeth.

Experienced mothers always keep Baby's Own Tablets in the home as a safeguard against the troubles that seize their little ones so suddenly and the young mother can feel reasonably safe with a box of these Tablets at hand with a box for emergencies.

Baby's Own Tablets are a mild but thorough laxative that act without griping and they are absolutely guaranteed free from opiates or other harmful drugs They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"Real intimacy and friendship contribute materially to the success of diplomacy."—Sir Maurice Hankey.

"The capacity of the human brain is tremendous, but people put it to no use."—Thomas A. Edison.

"History has shown us that punishment in itself will not eliminate the criminal."—Lord Baden-Powell.

"Every man owes an obligation to every woman everywhere." — Bruce Barton.

"To maintain a navy that will be defeated in war is worse than maintaining no navy at all."—Sir Donald Ross.

CONSOLIDATED ATTEND DIVINE SERVICE

One of the largest services ever held by the united lodges of Canada took place at St. Andrew's United Church on Sunday morning. The church was crowded, the whole centre of the aisle floor was occupied by the worshipping brethren. They were accompanied by the Rebecca ladies who occupied the front of the church. The church was specially decorated with spring flowers. The regular choir led the singing. Special music was rendered by a men's choir which added much to the spirit of devotion. The sermon was given by the Pastor, Rev. A. J. Wilson, who appealed for the unre...ricted application to society of the principles on which the order is built.

FRIGIDAIRE

WITH THE NEW

HYDRATOR

May be Purchased on Small Monthly Payments

Eventually, why not Now

THE NEW FRIGIDAIRE HYDRATOR is something new in automatic refrigeration, a special compartment for vegetables and salad materials that require added moisture. Now you can keep all these foods delightfully fresh and full flavored. You can keep celery as fresh and crisp as it was originally. Lettuce remains so brittle that it breaks in the fingers. Tomatoes, radishes and other vegetables and greens remain tender and firm. Then too, if these materials are wilted, you may refreshen them quickly in the new Hydrator and keep them in this desirable condition until used—all in one convenient, compact compartment.

Don't Starve The Teeth

Teeth have to be built out of foods that are rich in phosphorus and calcium. Many children take into adult life teeth that are defective, unfit for the job that nature intended. Shredded Wheat with milk helps develop sound teeth, good muscles and good bones. It is rich in the bone-making salts. The crisp, crunchy shreds make chewing necessary and that develops healthy gums and good digestion.

WAS RUN DOWN AND VERY WEAK

Too Little Blood the Trouble

Mrs. Jas. A. Haughn Bridgewater, N.S., writes:— "I was badly run down and very weak. So much so I could scarcely do my housework. My nerves were affected; my digestion poor; I had continual headaches and could not get a restful night's sleep. Different remedies failed to be of benefit and I was growing discouraged One day, however, I saw an advertisement of a case similar to mine which had been relieved by Dr. William's Pink Pills so I decided to try them. A few weeks' use of the Pills fully restored my health and now my household duties are a pleasure instead of a torture.'

Mrs. Haughn's whole trouble was that she had too little blood. Dr. Williams' Pink Pills were of aid to her because they renewed and purified her blood and that good blood promoted good health, for where good blood abounds disease cannot exist.

You can get these Pills from any dealer in medicine or by mail at 50 cents a box from The Dr. Williams Medicine Co., Brockville Ont.

BIG TROUT THRIVING WHERE ONCE UNKNOWN

Fish Culture Methods Establish Loch Leven Trout in Southwest Saskatchewan

Game fish were unknown in the Cypress Hills area of Southwestern Saskatchewan until the Fish Culture Division of the Dominion Fisheries Branch introduced Loch Leven trout into the Little Frenchman River and tributaries of Cypress Lake in an experimental way a few years ago, but last summer fine gamey trout weighing as much as six pounds were taken from these waters by anglers.

That is another way of saying that fish cultural operations have brought excellent angling in a district where the sport could not previously be enjoyed. And of course, there are numbers of other districts where similar operations have had similar results.

The first distribution of Loch Leven fry in the Cypress Hills country was made in 1924. Each year since then a further distribution has been made. The fry were planted in the upper waters of the Little Frenchman and in the smaller tributaries of Cypress Lake. Naturally hatched fry have now been seen at different points and observation has shown that the fish have travelled many miles from the places at which the fry distributed by the Division were planted. Some of the larger fish caught by anglers in the 1929 season measured as much as 26 inches in length and 13 inches in girth, and though no fish heavier than six pounds were taken last year, several specimens estimated to weigh more than seven pounds were seen. The anglers who landed the fish taken last year found that in their new environment the trout have evidently retained all the game and food qualities for which the Loch Leven species is noted.

The success of this Cypress Hills experiment—now apparently well past the experimental stage— has caused a good deal of gratification to fisheries authorities and Saskatchewan sportsmen alike. To ensure success careful attention to protecting the fry and allowing the fish to become acclimatized and thoroughly established was essential. To this end the streams in which the fry were planted were closed to all fishing until last summer, and the authorities had the whole-hearted cooperation of anglers in the district in their effort to build up a new sport fishery in that part of the country.

PETS FROM THE SEA

If it had not been for this craze for killing we might have seals on all our coasts writes Oliver G. Pike, F.Z.S. in "Tit-Bits."

Before the seal was shot at it became almost friendly with boatmen. Loud talking in a boat would have the effect of bringing seals right up to it, for they are inquisitive. Music will attract them, and with a little trouble they can be tamed to become as attached to their master as a dog. An old writer describing the fauna of the Orkneys relates how the seals would swim to the shore when the bells of Hoy church were rung. But animals are quick to learn and the continual firing that has taught the seals to keep as far as possible from their greatest enemy—man.

A policeman discovered a man lying drunk on the road. "If you don't go home I will take you to the barracks," said the policeman.

"I can't get up as there are two men holding me down," said the man.

"Who are the two men?" asked the policeman.

"John Jamieson and Son," was the reply.

SILLSVILLE W.M.S.

Sillsville Women's Missionary Circle met at Sillsville United Church on May 1st, with fourteen members present. Opening hymn, 95, followed by prayer by some of the members. Scripture lesson: James 1st chapter, was read by Mrs. Harold Hough. Miss Van Dyke took charge of the devotional part and read to us from "An Easter Meditation" out of the April Missionary monthly many interesting and helpful messages. That our risen Lord is still at all times, and in all places near to us and is ever ready to sympathize with us in times of sorrow and to help clear away our difficulties if we would bear him. Hymn 368, "Guide Me, Oh! Thou Great Jehovah."

Minutes of the last meeting were read and approved. Moved by Mrs. Morley White and seconded by Miss Van Dyke, we each pay 50c towards purchasing golds for clothing of missionary children.

Moved by Mrs. Duncan Hough that we send an expression of sympathy to Mrs. Plant who is sick in the Kingston General Hospital. Carried. Hymn 144. Reading by Mrs. Morden and one by Mrs. Merril. A reading by Miss Van Dyke, "Stewardship of Self." Hymn 239 "He Leadeth Me." The meeting closed with the Mizpah benediction.

The next meeting will be held at the home of Mrs. James Rickley.

Don't forget the play to be given in Sillsville Town Hall on May 9th: "Aunt Jerushy on the Warpath," by the Enterprise Young People. Everybody welcome.

"Give men plenty of theatres and they won't want saloons. — George Bernard Shaw.

FOUND NO EQUAL OF SARGON ABROAD

"A sluggish liver brought on constipation that made me a slave to purgatives. My indigestion went to pieces and I wasn't free of sour stomach day

HARRY E. ROSE

or night. In a week's time after I started Sargon my liver was functioning right and my digestion was perfect. I eat now with more relish than I have since I was a soldier in the field. Every trace of dizziness and headaches have disappeared and my sleep is wonderfully improved. I have taken medicines in England, Egypt, South Africa and Canada during the eight years I served in the British Army but I never found any that approached the Sargon treatment." — Harry E. Rose, Box 151 Long Branch, Ont.

Sargon may be obtained in Napanee at Hooper's Drug Store, who has been awarded the exclusive Sargon agency for this town.

"Love's like the measles — all the worse when it comes late in life." — Douglas Jerrold.

ERECTING IDEAL PENITENTIARY ON 500-ACRE SITE TO RECLAIM THOSE WHO NOT HARDENED

A visit to the site of the new preferred class penitentiary which is being erected on the Bath road about three miles from Kingston, shows the wonderful results which can be obtained from unskilled labor. Inspector Jackson who is in charge of the work, is enthusiastic over the progress he has been able to make to date.

The preferred class penitentiary in the course of erection will occupy 800 acres of land on the Bath road, west of Kingston and will house only first offenders. The institution will not only serve a useful purpose in endeavoring to reclaim as good citizens criminals who have not yet become hardened to crime, but will also teach them a useful trade.

Winding Path, Flowers

The administration building which will be 200 feet by 50 feet, will occupy a central position but 500 yards from the road. Leading up to the main entrance will be a winding drive. The lawn will be dotted with beds of flowers and shrubs. Across the front will be the iron wire fence which is of a decorative design and each post will carry an urn filled with flowers.

Running from the administration building will be an underground tunnel which will accommodate all heat, light and water mains for the entire building unit. At the rear of the administration building will be located the work shops and the cell block. The cell block will be about 300 yards from the offices and will be 1,005 feet long. There will be six workshops.

Ready in Five Years

Surrounding the entire prison will be an unclimbable wire fence, and the land not occupied by the prison proper will be used as farm and gardens. It is expected that the enterprise will take about five years to complete, at which time it will have accommodation for 400 men.

"I don't believe God ever made a woman with a great voice, a beautiful face and a perfect figure."—Madame Frances Alda.

20% MORE HEAT FROM TON OF COAL

Steel-riveted Lennox Torrid Zone Furnace Has Extra Large Radiator—And It's Gas-tight

Many home owners report a yearly saving of from $10 to $50 in fuel since buying a Torrid Zone Warm Air Furnace. The special oil-burning model saves even more, and is recommended by all oil burner manufacturers.

Design as much as construction is responsible for this economy. The steel plate, which is hot-riveted and cold-calked to prevent leaking of gas, smoke, or dust, conducts heat more quickly than cast iron and is more durable. But it is the efficient design of the fire-pot and radiator which gets more heat from fuel.

The deep fire-pot insures better combustion. The oversized radiator makes the gases and smoke escaping from the fire-pot travel from 15 to 20 feet before going up the chimney—squeezing from them every last possible bit of heat.

There are seventy-nine different Torrid Zone types and sizes for heating every different type and size of building—and they burn and save hard coal, soft coal, coke, lignite, wood, gas or oil.

Lennox Furnace Company of Canada, Limited, Toronto, Ont. and Winnipeg, Man.

A TORRENT OF POWER AND SPEED

72 MILES AN HOUR
48 IN SECOND GEAR
65 HORSEPOWER
RICH BROADCLOTH UPHOLSTERY
INTERNAL 4-WHEEL BRAKES
HYDRAULIC SHOCK ABSORBERS

SINCE its recent brilliant debut the new Willys Six has gained widespread recognition with performance achievements far above any expectations. More speed than one would ever care to use—traffic agility beyond belief—a sublime contempt for hills and rough-cast roads . . . these completely justify its claim to being the year's outstanding performer at its price.

With its 65 horsepower motor the Willys Six easily attains 72 miles an hour in high and 48 in second. Rubber insulation makes vibration hardly perceptible.

Other reasons for Willys Six supremacy are its four hydraulic shock absorbers, full force-feed lubrication, exceptional fuel economy and the uncramped comfort of its roomy body. Security is added by powerful internal four-wheel brakes which decrease speed slowly or with a militant snap.

When you inspect this impressive car you will be won by its appearance as much as its performance. Radiator, fenders, body contours and panelling reflect smartness and distinction. The rich upholstery fabrics, silver-finished hardware and fine interior appointments add a note of luxury in keeping with its striking outward beauty.

Arrange a demonstration with your nearest Willys-Overland dealer today.

News and Information For the Farmer

Borer Still a Menace

Provincial Entymologist, L. Caesar, who is in charge of the enforcement of the corn borer act, recently declared that the impression that the corn borer has been reduced in most counties and that the law will not be strictly enforced this year is fallacious. "The borer is just as dangerous an insect today as it ever was," he declared, "and all it needs is to be given a chance such as it would have if the Corn Borer Act had not been enforced. Corn growers in Ontario will have to become accustomed to the fact that cleaning up corn remnants each spring will be a regular part of farm operations. Non-enforcement of the act this year would be folly."

Potato Acreage

"Intentions to plant" surveys in the United States suggest an increase of six per cent in potato acreage. If this happens and a normal or heavy crop is harvested lower prices may be expected next marketing season. Ontario prices for potatoes have been satisfactory this year which may tempt growers to increase acreage. Poor and marginal potato land may come into production and result in an increase of low quality product. Farmers will be well advised to direct their energies toward an increased yield per acre of high-quality tubers rather than an increase in acreage.

Soils and Crops

Nature seems to have adapted some plants so that they can live better under conditions that other plants cannot tolerate. Watermelons, blackberries strawberries and some other plants grow very satisfactorily in an acid soil providing it is otherwise fertile. Potatoes are sometimes said to grow better in an acid soil. This opinion, however is based on the fact that lime in the soil encourages the growth of scab, which harms the potatoes. Lime really makes the soil better for potatoes when there is no scab although the benefit is never very marked. Better lime the soil after the potato crop than before it. Some grasses are very acid resistant, red top, tall meadow oat grass and bent grasses being very high in the list. Timothy does well, however, in many soils where clover will no longer grow.

Life of Farm Machinery

It has been found that the average life of a grain binder is sixteen years with a variation from five to thirty-three years. A spring-tooth harrow, under ordinary service condition, is good only about eight years, while a wagon will hold out for twenty-four years. A survey made recently indicated that the average cost of using a one-row cultivator was eight cents which was about the lowest for any implement. In some instances machines made almost entirely of metal and not housed seemed to last as long as those which were housed. However, other machines with many small parts or parts with wood, cloth or leather, badly need shelter. Binders fall in this class. Investigation reveals that binders which were sheltered required as compared with 2.38c for those not housed.

Fruit Crop Promising

A preliminary survey of conditions in fruit and vegetable areas announced last week showed that on the whole there has been very little winter-killing and most of the trees seem to have come through quite well. A crop of apples well up to the average of past years is predicted for 1930. Fruit budding is said to quite below normal in quality but generally well developed. Niagara orchards wintered well and small fruits and grape vines are in excellent condition. A good supply of healthy fruit buds is apparent in the Burlington district but the outlook for the pear crop is not so promising. With the exception of the Leamington district, peaches generally have wintered well.

Good Stock Pays

"It is not greater total production that is being urged so much as greater production per animal, and hence cheaper and more profitable production" is the official explanation of the Department in urging the production campaign this spring. A case is cited where a young farmer began to realize that the twelve cows on his farm were a very ordinary bunch, producing but two cans of milk daily. A good bull was procured and soon an improvement was noted in the herd after the poorer cows were weeded out. In a short time the young man was shipping two cans of milk daily from six cows—half the number with a consequent cut in the cost of production.

Zutoo saves needless pain for thousands of people by relieving headaches and the monthly pains of women and breaking up a cold overnight.

WHAT DIVORCE FIGURES SHOW

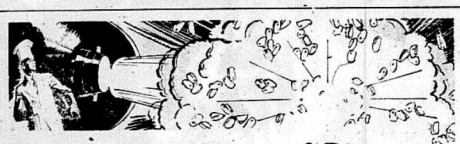
Ontario with about 25 per cent of the population of Canada last year furnished about 25 per cent of the divorces. The divorce figures for 1929 were as follows:

Nova Scotia 30, New Brunswickk 21, Quebec 30, Ontario 208, Manitoba 80, Saskatchewan 69, Alberta 147, British Columbia 222.

Thus Ontario furnishes 208 divorces out of a total of 816 granted over the entire Dominion. Considering that seven out of the nine provinces have divorce courts Ontario with her Senate Committee appears to furnish her full share of divorces. And this takes no account of the hundreds of Ontario couples who, appalled by the cost of an Ontario divorce, go across the line to have their marital troubles adjusted.

At all events the figures for Ontario as compared with those of the provinces having divorce courts prove conclusively that the establishment of divorce courts does not tend to loosen up the granting of divorce.

But the establishment of courts does put divorce on an equitable basis. It guarantees that the law is administered with justice to all classes of the people.



Grains of Wheat and Rice
Shot from Huge Guns

To make them twice as delicious . . . twice as digestible

How exploding 125 million food cells makes Puffed Wheat and Puffed Rice as nourishing as hot cooked cereals.

Have you tasted this utterly different kind of cereal? Puffed Wheat and Puffed Rice . . . the most delightful cereal on the market today?

Wheat and Puffed Rice are different because they're cooked differently. Choice full-flavored grains of wheat and rice are sealed in huge bronze guns. Then shot from fiery ovens. This expands the natural moisture—millions of tiny food cells. Then the guns explode—causing 125 million explosions in every grain. Every food cell is blasted open. The grains are made completely digestible as though they had been cooked hours. Hence Puffed Wheat and Puffed Rice are actually as nourishing as hot cooked cereals.

Being "shot from guns" makes Puffed Wheat and Puffed Rice 8 times delicious. They have all the buttery crispness of toasted bubbles. They taste like sweet new nut-meats. Nothing else was rich grain nourishment made so delightful to eat. Order Puffed Wheat and Puffed Rice from your grocer today. The Quaker Oats Company.

He Found The Cause, The Rest Was Easy

Dodd's Kidney Pills Quickly Relieved Ontario Man

Earlton, Ont., May 6th. (Special) — "I had Kidney trouble so bad. I could hardly stand up," states Mr. W. J. Spencer, a well-known resident of this place. "I also had Rheumatism. I got some Dodd's Kidney Pills and after I had taken ten boxes, the Rheumatism had left me and my kidneys were all right. Dodd's Kidney Pills are a fine medicine."

Dodd's Kidney Pills not only relieve the pain or ache that is causing the most distress, they put the Kidneys in good working order and all the impurities and poisons are strained out of the blood. The result is that new strength is carried to every part of the body. That's why so many sufferers, relieved by Dodd's Kidney Pills sum up their condition. "I feel like a new man." New energy is new life. You can't have it with sick kidneys. 6-7

BODY OF AGED FARMER FOUND NEAR HIS HOME
The body of Mr. Zeph Dean, farmer, who has been missing from his home in Richmond Township, since April 7, was found Saturday morning on the farm of Mr. Ernest Lasher, which is situated close by the Dean homestead. Life was extinct. The discovery was made at 8 o'clock by Mr. Lasher and his son, who had just a short time before started to work on the land. The body was lying in the middle of the field and was not very badly decomposed. Members of the provincial police and Dr. Galbraith, coroner were summoned to the scene and are conducting the investigation. Mr. Dean was evidently in the duties of chairman in a capable four years of age and is survived by his wife and one son, Arthur Dean, who resides in North Fredericksburgh. It will be recalled that a posse of three hundred men engaged in the search for Mr. Dean for several days as it was believed that he had been overcome with a weak spell while going into a sugar bush in that district. The entire neighborhood was combed for the missing man but no trace could be found of him then.

DISTRICT QUARTERLY MEETING
The District Quarterly Meeting and Sunday School Convention of the Free Methodist Church was held at Newburgh, May 1 to 4. Rev. G. H. Bache occupied the pulpit Thursday evening. Rev. F. A. Daw elder of Campbellford district on Friday evening and Rev. R. Babcock on Saturday evening. The Sunday School Convention was held on Friday and Saturday afternoons.

The papers given Friday p.m. were as follows: "Importance of Sunday School Work," by Rev. I. M. Loucks; "Relation of the Home and Parents to the Sunday School," by Mrs. Ward Warman; "What is Conducive to a Healthy Sunday School," by Mrs. G. H. Bray. Address by Rev. F. A. Daw, Sunday School secretary of Kingston District.

The subjects Saturday p.m. were: "The Pupil and How to Teach Him," by Miss Nellie Babcock; "How Shall We Keep the Boys and Girls in the Sunday School" by W. W. Brown. Address by Rev. I. A. Daw. His object lessons were excellent. This closed a very interesting and profitable convention.

The Sabbath services were conducted by Rev. F. A. Daw, morning and evening. Rev. A. P. Ball of Harrowsmith preached a missionary sermon in the afternoon. God honored his Word and manifested His presence and we trust all present were profited.

RUNAWAY TEAM COLLIDE WITH CAR
A team of young horses owned by Mr. J. Gollinger, Richmond, became frightened in some manner or other and ran away. They bolted down Main Street from Trinity Church sheds and across Main Street and collided with a car owned by Mr. B. Harrington. The force of the collison jammed the car into a sedan owned by Mr. C. Hawley. Both cars were damaged to a great extent. The horses were cut about the heads and necks and had to be taken to the veterinary. How the horses became loose Mr. Gollinger could not tell and it is the first time he has ever known them to run away.

ODESSA LADY WINS HIGH HONORS.
Miss Margaret McQuade daughter of Rev. G. C. R. McQuade, Odessa, received anHonour B.A. degree in Classics, at the Spring Convocation of Queen's University, May 5th. Four years ago she won the most valuable Pass Matriculation Scholarship offered at Queen's. At the end of the first year she awarded the Robert Bruce Scholarship for obtaining the highest standing in General Proficiency in the Faculty of Arts. Since then she retained first class honours in every subject. At the spring final examinations and last year was appointed tutor in Latin. She has served on Student Council and the Advisory Board. She represented Queen's at Interolleigiate Conferences at Toronto and Detroit, and is President of the Student Christian Association. In the fall she will undertake post graduate work.

THREE SPEAKERS CONTEST FOR HONORS OF DISTRICT
To Mr. Renald Baxter, of Picton Collegiate Institute, goes the honour of winning the Kingston District Oratorical championship.

A full auditorium greeted the three representative speakers Wednesday night at the Belleville collegiate Institute. Miss Lorine Adams represented the Belleville Collegiate and her subject was "Strangers Within Our Gates." Mr. Ronald Baxter for the Picton Collegiate chose as his subject "World Peace" and Mr. Charles Amey for Napanee, spoke on "Electricity and it's Development in Farming Life." In the absence of Dr. Bishop, who executed the duties of chairman in a capable manner, the three brief addresses were all of excellence and the speakers were each and every one to be congratulated on their splendid showing.

Mr. Charles Amey, of the Napanee Collegiate, was the last speaker and his subject "Electricity and its Development in Farming Life," proved most interesting to his listeners. He emphasized the great need of electricity in the life of the farm, and of the countless uses it could be put to on the farm. He spoke of the hundreds of streams and rivers in Ontario which are why should they not be used by the country people. He spoke of the farming industry as one of the greatest and most important industries in Canada and hoped that in thpe electricity will be available to every person on the farm. "Perhaps, concluded Mr. Amey, electricity on the farm can be believed to automobiles. A few years ago very few people had cars, now practically every family is enjoying this luxury. It may be the same with electricity and I hope that this day may not be far distant."

After the contests the audience was treated to a splendid program consisting of violin solos: "Midsummer Night's Dream" by the second form pupils of Picton Collegiate, selections from the Girls' Chorus and Boys' Band of the B.C.I. and a piano solo and reading by pupils of the Napanee Collegiate.

The three judges chosen for the oratorical contest, were Professor Stewart of the O. B. D., Belleville Collegiate, Dr. C. A. Publow, Picton Collegiate, and Wesley Mayor, Bompson of Napanee, Napanee Collegiate.

FREE SHOTS ON Local Sport

If pre-season dope is worth anything, the locals ought to have a pretty ball crew this year.

While some of the positions must necessarily be filled by inexperienced men, there are still plenty of the older players around.

And some of these new men are going to make some of the former stalwarts work for a berth.

Charlie Cairns is not sure whether he will be here this yer or not but Leo Scrimshaw was up to practice on Monday night and will play if anyone will take his job on Saturday.

Scrimmy has few peers around here in both receiving and working a batter and even if he could not play he would be invaluable toshrink in a new man.

Doug Fraser went to Ottawa about a month ago and it looks a though he wont be back this summer.

However both Fred and Ted Bentley are twirling in nice style.

All Ted needs is practice to give him control and he should land a regular berth on Manager Louck's pitching staff.

Tennis is gradually getting under way and from the look of things there is going to be lots of interest in the sport this year.

Work was completed on the English Church courts at 6:00 o'clock Wednesday night and Thursday morning at 7:00 o'clock a set of doubles was in progress.

The town courts are nearly ready and the club expects to inaugurate on Wednesday of this week so it should not be long until their courts are busy.

A small club has been formed at Gilbard's who are going to play on a court on Thomas Street. That court should be ready soon. So unless a lot of early season cools there should be plenty of tennis played in town this year.

NAPANEE WOMAN AWARDED PRIZE IN ESSAY CONTEST
Miss Ruth Wilson of Napanee, is the winner of the Canada-wide essay contest conducted by the Women's Canadian Club of Toronto, according to announcement made at the annual meeting of the club, held at the Royal York Hotel, Tuesday.

The prize of $100 was given this year for an essay on "Canada's International Relations." The judges, Professor Chester D. Martin, head of the Department of History at the University of Toronto, Dr. Skelton Parmalee Mackenzie of the Department of Law, also mentioned particularly the essays of Miss Lillian Goddard, B.A. of Winnipeg and Kenneth Johnson of Gananoque. The announcements was made by Mrs. John Saul, Convenor of the Contest Committee, the other members of which were Mrs. Napier Moore and Mrs. H. M. Furser.

CAPTAIN W. H. ROE, D.C.M., APPOINTED GOVERNOR OF COUNTY GAOL
Captain W. H. Roe D.C.M. has been appointed governor of the local county gaol to fill the vacancy left vacant by the resignation of Mr. W. E. Logel, who has filled that position for the past twenty-two years.

Captain Roe won his spurs on the field with the 7th Battalion first B. C. Regiment in the World War. Having reverted to the rank of private on his return to England, he was in the field where he was promoted step by step to his present rank.

He won the Distinguished "Conduct Medal at Passchendaele. The official recommendation for this medal as recorded in the Gazette is as follows:

"He took charge of his platoon early in the attack, when the other N. C. O's became casualties, and led them to their objective. When the objective had been captured he worked untiringly consolidating the position. He eventually found that the Company Sergeant-Major was killed, and by his determination and personal example assisted materially in breaking up enemy counter-attacks.

Captain Roe is at present on the head-quarters staff of the Prontenac Regiment and is 2nd Vice-President of the local branch of the Canadian Legion.

NAPANEE LADY APPOINTED COMMUNITY NURSE
At a luncheon meeting today of the members of the Community Nurse Association, held at the Owl Drug and Candy Company, Prescott, Ariz., Miss Hazel Pennell was appointed to fill the post of community nurse, recently left vacant by Mrs. Lloyd Gilbert. Mrs. Gilbert, after serving the community first in an emergency capacity, and then since the first of the year, as its visiting nurse, was forced to resign through ill health.

Miss Pennell, until today on private duty here, will assume her new duties Wednesday, April 16, and will have offices in the Lee Block with the American Red Cross, where she will be available daily except Sunday between the hours of 11 and 12 and 3 and 5 o'clock. On Thursday Miss Pennell will carry out the plan demonstrated by Mrs Gilbert of keeping office hours between 1 and 5 in the afternoon, principally for the weighing and measuring of new babies. She, however, will be on emergency call during any of these hours.

The new nurse is a newcomer here, having been in Napanee only for four weeks, but already has served on several cases and has demonstrated the thoroughness of her training and her dependability.

She is a 1926 graduate of the J. McAllister Schodl of Traning at Waukegan.

Miss Pennell is a daughter of Mr. and Mrs. Byron Pennell, Dundas Street, and her many friends here will be pleased to learn of her success.

MacGregor's

Every Customer is a welcome guest in MacGregor's Family Store. We appreciate your co-operation in making our store your trading centre. We invite every person to take part in our Guessing Contest on the Free Congoleum Rug. Absolutely no obligation on your part in this Canada-wide Contest. An Advantageous Comparison

FROM an investor's point of view First Mortgage Co-operation Bonds secured by well-located revenue-producing Real Estate, have several advantages over ordinary first mortgages. They are more marketable. They do not tie the holder to the same inconvenient terms of collection of interest and principal; and frequently in addition to only a first mortgage on land assets but may be additionally secured by a further charge on all other assets.

Our current offering list deals with these advantages and shows why an investment in such bonds is to be recommended. Write for a copy. It will interest you.

Have You *Renewed* Your Motor Vehicle Operator's License?

IF you are operating a Motor Vehicle in Ontario, you are breaking the law unless you are the holder of a 1930 Chauffeur or Operator's License.

Traffic Police are now apprehending motorists for the purpose of examination of licenses.

In case of accident, traffic officers or police will immediately call for your license. Be sure you have it with you whenever you sit behind the wheel. It is *prima facie* evidence that you are qualified to operate a car. Its absence will render you liable to a fine and also may be interpreted to mean that you are not a *competent driver*. Do not lay yourself open to inconvenience and needless blame.

Application forms for new or renewal licenses may be secured from the Department of Public Highways, Motor Vehicles Branch, from any of the Department's Agents throughout the Province, or from any Licensed Garage. If you seek a renewal, have your license card of 1929 with you. If you have lost it, a duplicate will be issued by the Department on payment of 50 cents.

New and renewal Licenses are issued by the Department or any issuer of Motor Vehicle Permits. There are one or more issuers in every county. The fee is $1.00.

Applicants for new licenses must undergo examination which is the issuer will arrange. The fee for an examination is $1.00.

Carefully preserve your License. Have it in your pocket every time you drive. Produce it whenever called upon by an officer of the law. Do not allow anyone who does not possess a Chauffeur or Operator's License to drive your car.

CANADA IS FASTEST GROWING DOMINION

That Canada still holds first place in the British Empire as the fastest growing country economically and financially was stated by Hon. W. G. Ormsby-Gore, very recently, in London, England. He thought it was a remarkable fact that the colonial section of the Empire—the vast federation of non self-government territories—had made greater economic advance than any other people of the Empire, except Canada, since the war.

The colonial group come very close to Canada when the growth of exports and imports since the pre-war period was reviewed. Colonial production had increased three-fold since the war. Imperial preferences he urged, would help in the development of the colonies which as a group could become the biggest economic entity within the British commonwealth.

OBITUARY

There passed away very unexpectedly on April 10th, Edward Doidge, of Selby, in his 74th year, the cause of death being a paralytic stroke.

The deceased had been in failing health for some three or four years but no one looked for his passing which came as a great shock to the community.

Born in North Wales on October 21st, 1855 he came to Canada with his parents when quite young, and had lived all or nearly all of his life in the Township of Richmond, residing in the north end of the County for a short time. Mr. Doidge was a man of sterling character, possessed of high ideals, a most amiable disposition. very even temperament and was blessed with the faculty of minding his own business. A splendid neighbor and as far as is known he had not an enemy. The interm in which he was held was manifest by the very large attendance at his funeral, held in the Selby United Church, people coming from almost every point of the compass to pay their last respects. A short service at the house preceded the one in the church which was conducted by the Rev. P. C. Bennett, of Roblin assisted by the pastor, Rev. H. W. Foley. The text used on the occasion is found in Job 14:14. Two voluntaries were sung during the service one by Mrs. George Brooks and son Garnet and one by the choir. At the close of the service the solemn cortege wended its way to the Roblin Cemetery where interment was made. The pallbearers were: J. Gollinger J. Booth, A. McQuaig, H. Martin J. Dudgeon and B. Denison.

Mr. Doidge was twice married, his first wife being Azabah Hartin, of Richmond, who predeceased him some 26 years ago. A son, John, about 22 years of age, died in the West, whence he had gone on a harvest excursion. There are left to mourn their loss, his wife, formerly Miss Mary McCraken of Roblin; three daughters, Mrs. J. Boyd and Mrs. R. Lowry, of Pueblo, Colorado; Mrs. Albert Hillman, of Dauphin, Man., who was present for the funeral; one son Earl, of Keppel, Sask., and two brothers, Albert, of Napanee and Walter of Selby.

The sympathy of the entire community goes out to the bereaved in their sad loss.

Douglas' Egyptian Liniment should be in every household. Stops bleeding at once, cauterizes wounds and prevents blood poisoning. Keeps away inflammation and proud flesh.

BELL FIRST AIDERS

For years the Bell Telephone Centre of the St. John Ambulance Association has provided First Aid instruction for telephone employees in Ontario and Quebec. It is unusual to read of a telephone man at the scene of an accident rendering valuable aid until a doctor arrives. The Company's annual report just published says that over 2,300 employees successful in First Aid examinations during the past year and that nearly 7,500 or 63 per cent of the Bell's regular staff are now qualified First Aiders.

CRYING BABIES ARE SICKLY BABIES

The well child does not cry—it is only the sickly baby who cries. The well child is laughing and happy. Baby's cry of distress is his way of telling the mother or nurse that he is ill. Therefore if your baby cries do not delay in looking for the trouble.

Baby's Own Tablets are a safe and efficient remedy for childhood ailments. They are a mild but thorough laxative which through their action on the stomach and bowels banish constipation and indigestion; break up colds and simple fevers and promote healthful sleep. They will make baby happy and keep him happy. They are sold my medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

VARIETIES OF STRAWBERRIES

The strawberry is the most important of the small fruits grown in Canada. It is adaptable to a wide range of conditions and a wider area is now only in commercial plantations but in home gardens as well. In spite of this adaptability, although no fruit is so susceptible to changes in climatic and soil conditions. Varieties succeeding in one locality may be total failures in another. Hence, knowledge of varieties is essential to the prosperous planter. Of out of the hundreds of available varieties, only a very limited number are really satisfactory under any given set of conditions.

In selecting a variety it is essential to know whether it is a perfect or imperfect flowering sort. Varieties with perfect flowers may be planted in a solid block, and will produce satisfactory crops. Imperfect varieties are unable to fertilize their own blooms and must be interplanted with a perfect variety in order to ensure a crop. All varieties are listed in catalogues as perfect or imperfect, and if one is familiar with the meaning of the terms, no difficulty will be experienced.

Many varieties have been tested over a long term of years at the Experimental Station, Fredericton, N.B. For general purposes, this may be narrowed down to three varieties, namely: Senator Dunlap, Premier or Howard 17 and Glen Mary. In an eight year average from one-year-old plantations, Glen Mary ranked first, with a yield of 3210 quarts per acre, and was followed in order by Premier and Senator Dunlap with yields of 4753 and 4585 quarts respectively.

TOOK SODA FOR STOMACH FOR 20 YEARS

"For 20 years I took soda for indigestion and stomach gas. Then I tried Adlerika. One bottle brought complete relief."—John B. Hartley.

Adlerika relieves GAS and sour stomach in TEN minutes! Acts on BOTH upper and lower bowel, removing poisons you never knew were there. Don't fool with medicine which cleans only PART of the bowels, but let Adlerika give stomach and bowels a REAL cleaning and see how good you feel! At Wallace's Drug Store. (F-1)

YARKER-COLEBROOK W. I.

On April 21st, the regular monthly meeting of Yarker-Colebrook Women's Institute was held at the home of the District President, Mrs. C. Amery with an attendance of 45.

The President, Mrs. N. Boyce presided and opened th meeting by the use of the Ode and our beautiful Creed. Some clauses of which read: "Let us be large in thought, in word, in deed:" "Let us be done with fault-finding." "Let us not forget to be kind."

Then followed the Secretary and Treasurer's reports which were adopted and approved. The reports from the sick committees showed that they had been attending to their work very faithfully. After the remainder of the correspondence had been attended to the secretary and treasurer on behalf of the branch, presented the retiring president, Mrs. N. Boyce with an address and a gold coin, as a momento of her three years faithful service, as our leader. Mrs. Boyce made a reply, characteristic of her; giving all the credit of the success and well being of the branch to the co-operation and zeal of the members.

Mrs. Huffman the District President, who was with us appointed all the chairmen for the different activities and they will report to the various district convenors at an early date. She then proceeded to conduct the election of officers with the following results:

Hon. Pres.—Mrs. Amery.
1st. Vice-Pres. Mrs. G. Lee.
2nd. Vice-Pres.— Mrs. A. Martin.
Secretary—Mrs. R. Reynolds.
Treasurer—Mrs. G. MacFarlane.
District Director—Mrs. S. Freeman.
Directors of Programme Committee—Mrs. N. Boyce, Mrs. S. Freeman Mrs. F. Martin, Mrs. Rutan, Mrs. R. Holland and Mrs. A. Martin.

Representatives to District Annual—Mrs. R. Jackson, Mrs. W. Warner, Mrs. Botting, Mrs. G. MacFarlane, Mrs. N. Boyce also the President and District Director.

Sick Committees — Mrs. N. Boyes, Miss L. Wagar, Mrs. A. E. Holland and Mrs. C. Hartman.

Press Reporter—Mrs. V. Atcheson, sub. Mrs. R. Jackson.

The programme had been shortened to only one item a reading by Mrs. C. Amey, to allow time for the election of officers. As this concluded the meeting the National Anthem was sung and a dainty lunch served by the hostess and assistants.

The next meeting will be held at the home of Mrs. A. Clark on May 21st, at 2:00 p.m. when the roll-call will be answered by: "How to Teach Children the Management of Money." Camden East W. I. will visit us and put on the programme and Mrs. V. Atcheson will give her report from the Annual Meeting and Ratepayers Convention in Toronto.

Its Quality Sells It.—The fact that so many thousands of intelligent people continue to use Dr. Thomas Eclectric Oil speaks volumes for its 74-year efficiency. Ever since it was introduced it has grown steadily in public favor owing entirely to its manifold usefulness in relieving and healing sickness. As a specific for cuts, burns, scalds and various inflammatory pains its record is beyond reproach.

WEDDING BELLS

CLARK — GUESS

The home of Mr. and Mrs. H. W. Guess, Sydenham, was lovely with spring flowers, and quantities of pink and mauve sweet peas at noon Saturday for the marriage of their daughter, Harriet Alberta, who became the bride of Mr. Harold Rankin Clark, B.S.A., son of Mr. and Mrs. George Clark, Collins Bay. The Rev. C. W. Hollinsworth was the officiating clergyman. The wedding music was played by Mrs. F. S. Parrott of Belleville, cousin of the bride, and during the signing of the register, Miss Velma Wertman sang "I Love You." by Sobeski. The bride who was given in marriage by her father was lovely in a gown of organdie lisse net, with georgette trimmings, made closely fitting at the hips, and the skirt circular with uneven hemline. Long tight sleeves and a short coatie. Her picture hat was a Gainsboro model of egg-shell mohair, trimmed with streamers of silver ribbon in pastel shades of blush pink, blue and mauve. She wore pink shoes in matching shade and carried a shower bouquet of shell pink roses, lily-of-the-valley and maiden hair fern. Miss Jean Guess, sister of the bride was her only attendant and wore a pretty frock of printed chiffon, a floor length model, picture hat of black mohair with pink facing embroidered in pastel shades, and long black satin gauntlet gloves. Her black kid shoes and carried a bouquet of mauve and pink sweet peas. Dr. William Campbell of Kingston was best man. Following the ceremony a reception was held when the bride and groom received the good wishes of their friends. The table at which the guests were seated for the wedding breakfast was artistically arranged in a color scheme of mauve and yellow, carried out in mauve tulips and yellow daffodils, with the large wedding cake at one end. The groom's gift to the bridesmaid was a white gold compact with Colin's Bay on the main a desk cigarette lighter and to the pianist a white gold bar pin. Later Mr. and Mrs. Clark left on a motor trip to Toronto and Niagara, travelling in a smart two-piece suit of green tweed with a blouse of egg-shell crepe, hat to match and green shoes to match, and wearing the groom's gift a diamond ring. On their return they will reside in Collins' Bay. Mrs. Guess, mother of the bride, wore a handsome gown of powder blue georgette, with uneven hemline, hanging longer in the back, a hat of black mohair with straw trimming and a shoulder knot of Madame Butterfly roses and lily-of-the-valley. Mrs. Clark Collins' Bay, mother of, the groom, was in a handsome gown of black crepe with circular skirt, a hat of black straw and wearing a corsage Madame Butterfly roses, sweet peas and lily-of-the-valley. The out-of-town guests included Mrs. Peter Greenwood of Montreal, Mrs. Macie Parrott of Belleville, Mr. and Mrs. F. S. Parrott and Mr. Jack Parrott, Belleville, Mr. David Rankin and Miss Isabel Tait, Kingston.

A Paris bootblack has successfully masqueraded as a count for a month. No doubt people were deceived by his polish.

The difference between learning golf and motoring is that when learning golf you hit nothing—when learning motoring you hit everything.

Her Backache Trouble Quickly Disappeared

Ontario Lady Tells Of Benefits Derived From Doan's Kidney Pills

Mrs. W. H. Garretson Now Sleeps Well And Feels Fine.

Rideau, Ont., March 18 (Special)—"I have used Doan's Kidney Pills for pains in my back and kidneys trouble" writes Mrs. W. H. Garretson, who is a well known and a respected resident of this place. They certainly are a wonderful medicine. My backache is ended, I can rest good at nights and always feel fine. I keep a box in the house at all times. They are a fine remedy for kidney trouble."

Doan's Kidney Pills hold their popularity not because of the promises they make, but because of the good they do.

Doan's Kidney Pills are purely and simply a kidney remedy. They strengthen the kidneys so they can do their full work of straining the impurities out of the blood.

Pure blood coursing through the body carries to the different organs the nourishment they need to keep them sound and healthy. 0-12mg.

HONOR ROLL

Following is the report of Yarker Public School for March and April:—Names in order of merit.

Class II — Pearl Dafoe, Reginald Freeman, Lionel Garrison, Bessie Card, Evelyn Warner, Thelma Card, Eva Lakins, Harry Leone McNeil.

Margaret Wallace and Ethel Warner absent through illness.

Canadian Gardening Service

Early Vegetable Work

If the weather will allow working in the garden and the soil is not wet enough to muddy one's feet, this is the proper time to get in radish, spinach, lettuce, carrots and any other of the hardier sorts of vegetables. It is also time to dig the soil in preparation for the later sorts. Dig deeply and turn in some well-rotted manure or some good commercial mixtures, and before the seed is actually sown rake level, breaking up all the lumps. Use a bit of stout string and make rows, straight and preferably running them north and south. The narrow vegetables, like lettuce, beets, carrots and radishes can be put in rows up to twelve inches apart where horse cultivation is not used, while beans corn and tomatoes require eighteen to twenty-four. In larger gardens, however a good safe rule to follow is about thirty inches for the narrow sorts and three to four feet for the larger types. One can save space by putting alternate rows of quickly maturing vegetables, such as lettuce, spinach, radish and cress between the later maturing sorts, like parsnips, corn, cabbage and tomatoes. Tomatoes should be staked as the fruit is cleaner and earlier when grown this way. Peas can be grown in double rows about fifteen inches apart and they will help to support each other but for the best results some sort of brush should be supplied. This is particularly so now when the bulk of our good peas are of the tall growing varieties.

Lawn Work

The best time to put the lawn in shape is in early Spring. Now the ground is soft, and those persistent weeds like dandelion, plantain, and what is commonly known as knot-grass come out readily. One should be careful to get as much of the root as possible, or the pests will be spread around rather than eradicated. There are many weeding devices on the market now which will save a lot of back-breaking work without disfiguring the lawn. While the soil is soft too, it is a good plan to go over with a heavy roller and level down the high spots. If the removal of weeds or the hard winter has resulted in bare patches here and there, loosen up the soil and get a good lawn mixture, not a cheap one, and reseed thickly. Protect these seeded spots with a bit of poultry netting or brush so that the sparrows will not get all the seed. At this time, too, the grass will benefit from a stimulant such as a good commercial fertilizer or a top dressing of well-rotted manure. After growth gets well started, the lawn should be cut every four or five days during the early part of the season with a sharp lawn mower. Not only does a dull machine do poor work, but during the early Spring when the ground is soft, it will pull out a lot of the grass by the roots as well.

Spinach and Lettuce

No modern garden is complete without a generous supply of spinach and lettuce. The first-named is very easy to grow and is one of the first vegetables ready for the table. One can get in several varieties any of which are good. Spinach prefers warm open soil and it is essential that it have plenty of moisture and a good fertilizer particularly rich in nitrogen. Successional sowing is advisable. That is, sow about one-third of the seed just as soon as one can work the soil, another third a week or ten days later, and the balance in another week or so. Do not make the mistake of sowing out one variety of lettuce, and sowing that all at the same time. One can get leaf lettuce for the earliest crop, head lettuce for a medium crop and Cos lettuce for use from the middle of summer until Fall. Plant a few yards of row of each variety at intervals of a couple weeks from early Spring until Midsummer. The Cos lettuce which is not as well known as it should be heads up to a narrow point and is practically self-blanching. It is beautifully tender and will keep for several days when moistened with water and stored in a cool place. It will remain sweet long after the leaf sorts have grown bitter, and is regular head type in appearance. Lettuce also prefers a quick acting fertiliser rich in nitrogen.

SENDS PHOTO HOME TO SHOW BENEFITS

"I was terribly weak, nervous and rundown and finally went to England and came to Canada for a complete change.

MRS. J. BEAN

Nothing I ate agreed with me. I seldom slept more than a few hours at night and felt perfectly miserable day and night, too. Then I started Sargon. I've gained ten pounds in weight, I am eating breakfasts for the first time in 10 years and never have a trace of indigestion. I am full of new strength and energy and am going to send my photograph back so my family can see what a marvelous change this medicine made in me." Sargon Pills are my liver acting normally and ended my constipation.—Mrs. J. Bean, 33 Earl Gray Street, Toronto.

Sargon may be obtained in Napanee, at Hooper's Drug Store, who has been awarded the exclusive Sargon agency for this town.

Taking A Hill on High

It takes lots of power and a good start to climb a hill without shifting gears. Get a good start for the hills of the day's work by eating a breakfast of Shredded Wheat and milk. There is a quick "get-away" in this delicious, whole wheat food. No need for shifting gears in the middle of the hill—just go right on up with increased energy and power. And Shredded Wheat is in such a delicious, easily digestible form.

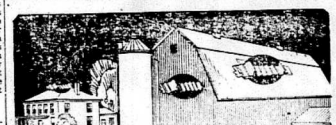
THE CANADIAN SHREDDED WHEAT COMPANY, LTD.



RIB-ROLL

THE ORIGINAL NEW STYLE ROOFING

RIB-ROLL Galvanized Roofing has been so successful that tens of thousands of farmers now have it on the roofs of their buildings. There has not been a single complaint. RIB-ROLL safeguards crops, protects stock and enhances property values. It is fire-proof, water-tight and truly handsome. Per ient, economical, easy to lay on any roof, keeps but dampness which induces spontaneous combustion. Be sure to get the one and original RIB-ROLL—the roof with the seven ribs and a nail every five inches. Free sample on request.

PRESTON LED-HED NAILS

Best for Metal Roofing

Leid is used on the head of LED-HED NAILS to seal the nail-hole, thus making the roof water-proof and weather-tight. PRESTON LED-HED NAILS do away with clumsy washers, threading, punching, etc. The lead can't come off. No other nail serves so well in laying metal roofing. They can be handled in cold weather with mits on. Millions are being used. Write for free samples of the ideal roofing combination—RIB-ROLL and PRESTON LED-HED NAILS.

PRESTON VENTILATORS PREVENT SPONTANEOUS COMBUSTION

Spontaneous combustion is a constant menace to grain, wool and paper stored in mows. Prevent it with Preston ventilators. Preston ventilators for roof, as illustrated, are made in wide and large doors, draw out the musty, warm air and assure proper ventilation. Built to withstand every weather condition.

PRESTON BARN DOOR HARDWARE

No other door hardware can equal Preston bar-galvanized, four-wheel Hangers and bird-proof Barn Door Track for heavy barn doors. Hangers adjustable up and down, and in and out.

Write for this FREE BOOK

You can search all Canada before getting such a useful book as the "Preston Book of Model Barns". We offer it to you free. Full of valuable information—easily worth $5.00 to you. Get your copy.

UP AT THE WATER SHED

Away up on the top of a hill, ten miles from my home, a spring bubbles out of the ground. Toward the south a stream of water takes its course. Growing larger and larger as other little creeks and rivulets make into it, by the time it reaches our home it is quite a large stream. But if one were to take a pickaxe, or even a hoe, and open a little while digging a channel off the north, the course of the stream could be changed in an entirely different direction. Nobody ever thought it worth while to do this, however, and probably no one ever will.

So great is the influence of a little work at the right place.

I know of farmers who have always gone on in the same channel. They do their work in the same way. They grow the same crops, using practically the same seed and expecting nothing more for their work nun than they did a quarter of a century ago.

How it came about that these good men follow the same routine would be difficult to tell. I know of men who are

EX. MAYOR FRED NEWMAN, Picton

President Ontario Associated Boards of Trade and Chambers of Commerce

Vice - President Ontario Municipal Electric Association

Director Great Lakes International Association

"Photo by Who's Who in Canada."

PRINCE EDWARD—LENNOX ELECTORS

Ladies and Gentlemen:—

The large number of citizens who say that I would be the best representative for Prince Edward-Lennox, at Ottawa, have induced me to say, if the people want me and there is a place in our representative, I will be pleased to accept the nomination of the Convention, May 22nd.

If the choice of the Convention, I will assume all the responsibilities generally expected from a candidate.

If elected (as I feel sure I would be) I will actively endeavor to represent and serve Prince Edward-Lennox to the best of my strength and ability.

I think that a representative should really actively represent and serve every part of the municipality. The first twenty-four years of my life was spent in Lennox and Addington, childhood to manhood on a farm. Two and a half years agent of the B. Q. Ry. The balance of my life in Prince Edward but part of that time operating a branch grocery, in Napanee, under the name of Newman-Livingstone & Co.

During the past thirty years I have been actively interested in the Agricultural, Mercantile Business, the Social and General interest of both counties. My public life has all been among and before you. I have never been accused of ingratitude, neglecting responsibilities of any office accepted or using any office for my personal profit or gain. The local, Provincial and International offices, which I have held (and still hold) have given me the benefit of many years close association with a large number of the leading most preminent citizens of our country.

With our good local papers, roads, union and rural phones, the life and public service record of each prospective candidate should be well known. Many urge that I should go around and canvass the electors regarding the convention. I feel that I am sufficiently well known for the electors of both counties for them to decide whether they want me or not. Election promises are baits to catch the electors.

We all know that fishermen do not use bait to feed the fish but to feed himself. Election promises of any action new or indifferent, naturally causes us to ask "Why was it not done before," or "Can a leopard change his spots, or a politician his habits?"

I suggest that you measure each candidate by his life and past record in public service and select the one which you think will best serve the interest of and will best represent the people of Prince Edward and Lennox.

My duty to the Provincial Association calls for me being in London, England, on May 22nd, the date of our convention. I go as President of the Ontario Association attending the Congress of Federated Boards of Trade and Chambers of Commerce of the British Empire. This economical Empire Trade Conference is second in importance, only to the Imperial Economic Conference, to be held this fall.

Should I be selected as your candidate I will be pleased to accept the nomination and leave England at the close of the Congress on a boat due in Montreal, June 9th. I am sufficiently well known throughout both counties that this would give me plenty of time to make all preparation for the election.

Premier King stated over two years ago that the biggest, most important question before the country was the development of the St. Lawrence for navigation and power. He has since said "the sooner the better." He is reported to have promised an important announcement on it, before the session closes.

It is a big, important, expensive International question and I have good reason to believe that it will play a very prominent part in the coming election.

For fourteen years I have been officially associated with the Ontario Hydro and other Engineers, commissioners and public service associations engaged in studying the St. Lawrence and deep waterways development. I have good reason to believe that I can be of great service to Prince Edward-Lennox and also to the Province if I am selected to represent you at Ottawa.

Yours Sincerely,

FRED NEWMAN.

SALES REGISTER

On Thursday, May 15th, 1930, E. J. Cooney will sell by public auction for John McAdam, lot 5, Concession 2, Sheffield, 2 miles east of Marlbank, at 1 o'clock sharp: 3 cows, 2 fresh and much cows 2 dry cows, 7 spring calves, brood sow and 6 pigs, farm machinery, harness, churn, stove, rowboat, etc. Usual terms. 19b

As an optimist, we don't believe that stocks and skirts will stay down.

TRINITY CHURCH W.M.S.

The April meeting of the Women's Missionary Society was held on Tuesday, May the 6th, at 2:00 o'clock. The President, Mrs. S. Daly presided and the meeting was opened by the singing of hymn 82. The minutes of the previous meeting were read by Mrs. H. VanLuven and the Treasurer's report, by Mrs. J. E. Robinson. The Scripture lesson was read by Mrs. Geo. Cowle and Mrs. Pawson sang in place of Mrs. Fred Laughlin, who was so suddenly and sadly bereaved on Saturday last. The chapter from the Study Book was given by Mrs. Frank Herrington, whose capable and interesting method of handling the subject received the well merited commendation of her audience. Mrs. D. B. Wilson spoke very briefly of the Branch Meeting held at Bowmanville, recently, stressing the necessity for a Christian Stewardship Department in every Auxiliary. It had been a matter of great regret at the Branch meeting that only thirty-one percent of the Auxiliaries in the Bay of Quinte had this department.

A further report of the Bowmanville sessions will be given in June.

At the close of the meeting, Mrs. F. S. Richardson led very earnestly in prayer, pleading for strength to be given our fellow member, Mrs. Laughlin, in her sorrow.

Mr. and Mrs. O. V. Bartel, of Kingston, were guests of Miss Bryers, this week.

Mrs. Willet Vanalstyne has returned from Florida, where she has been spending the winter.

Mrs. Harry R. Jackson and son, Donald, were in town to attend the funeral of the late Fred W. Laughlin.

Miss Thora Emberley, of Toronto Normal School spent the week end with her parents Mr. and Mrs. A. Emberley.

Mrs. H. Laughlin, of Kingston, was in town attending the funeral of the late Fred W. Laughlin.

Mr. and Mrs. Francis James Roblin, Napanee, Ontario, announce the engagement of their daughter, Mildred Jean to Mr. Gustav Albert Freeman, Belleville, Ontario, youngest son of the late Mrs. Christine Freeman, Aurora, Illinois. Marriage to take place early in June.

Mr. and Mrs. Charlie Hillier and Mr. Fred Hodge, of Odessa, were in town for the funeral of the late Fred W. Laughlin.

Mrs. Sheldon Y. Joyce has returned home after spending two weeks and a half visiting at the homes of her children in Brampton, Toronto, Hamilton and St. Mary's.

Mr. and Mrs. C. M. Hall returned from England this week and are spending a few days with their parents, Mr. and Mrs. J. W. Hall, Centre Street, and other relatives.

Mrs. Fred Laughlin, spent the week end with her sister, Mrs. Mary R. Jackson, at Enterprise.

Mr. and Mrs. W. C. Bruton, of Toronto and daughter, Mrs. S. Turner were in town for the funeral of the late Fred W. Laughlin.

Mrs. C. A. Graham and Mrs. V. D. Oliver, Enterprise, were the guests of Mrs. E. Long West Street, while attending the Women's Auxiliary Convention at Napanee.

Miss Edna Clark, Mrs. Guy Fennick, Mrs. Charles Graham and Mrs. V. D. Oliver, Enterprise, attended the Women's Auxiliary Convention in Napanee.

IN MEMORIAM

In loving memory of Husband and Father, James Grange, who departed this life May 14th, 1929.

What is home without a father,
What are all the joys we meet,
Sunshine, flowers, weather
Are no longer
Greets the coming of our feet?
Your memory is ever near us,
Your love remains with us yet;
For you were the kind of father
Your loved ones would never forget.
20ap. Wife and Family.

IN MEMORIAM

In fond and loing memory of our dear son and brother Donald Clark, who entered into rest, 9th May, 1929.

Come from us but leaving memories,
Death can never take away
Memories that will always linger
While upon this earth we stay.
Sadly missed by Father, Mother and Sisters.

COLLEGIATE NEWS

The typewriting contest will be held in the auditorium of the Collegiate Institute on Tuesday evening, May 20th, at 8 o'clock. Those intending to try for the cup should 'phone the Collegiate before that date.

Under the able guidance of Mr. Shoemaker the boys have formed a softball schedule consisting of interform games. These games are played each evening at 2.45, and some very good exhibitions of softball are displayed.

Don't forget the band concert, which is to be held Tuesday evening.

The staff of the "Torch" has been very busy collecting material for this year's publication, and the book should be out within the month.

A supply of examination papers of entirely a new type have been received from the Department of Education, and these papers will be given to the Middle School pupils as an experiment, and will not affect their standing in any way.

FREE TRIP TO 1930 ROYAL WINTER FAIR

Entries for the Royal Winter Fair 500 party of farm boys between the ages of 16 and 20, inclusive, are still being sent in to the Ontario Department of Agriculture.

Agricultural Representative, A. D. Runions, reports that this year it is necessary for young men to make entry before May 15th and to keep records on some farm operation during the summer months before they are eligible to compete in the Judging Competition.

20 Young men from Lennox and Addington have secured the free trip during the past three years and they all speak very highly of the splendid manner in which they were entertained, their only regret being that they are not eligible to compete again for the trip with its many educational features.

Mrs. Fred W. Laughlin wishes to thank her many friends and relatives also the Oddfellows, Masonic and Forester orders for their kind expressions of sympathy and beautiful floral tributes in her recent sad bereavement in the loss of her loving husband. 20ap

IN MEMORIAM

In loving Memory of John H. Irwin, who passed away on May 17th, 1929.

—Mother, Father, Sisters and Brother. 20ap

IN MEMORIAM

In loving memory of our dear parents Mr. and Mrs. P. MacDonald, who entered into rest on May 3rd, 1918 and May 4th, 1920.

Each lonely hour that we have spent
In threaded through and through
With threads of gold in memory's web.

Dear Parents, all for you.

We think of you as one who sleeps
All free from grief and pain,
And that the happy days will come
When we shall meet again.

Now remembered by their children. 20ap.

F. D. MARSH

To be Had for the Asking

A Decorating Service equal to your every need. Homemakers are particular, and so they should be—for nothing can be more disappointing than an unsatisfactorily newly decorated room. So few people can forsee the completed room, and so many when selecting will say: "If only I could see the paper on the room!"

This is the very point at which we are fully able to relieve you—we have the means of knowing and seeing the rooms completed. Such has been the constant study of our Decorator for fifty years, and he may be your advisor and helper if you so choose. He is kept in our Salesrooms constantly for the performance of this very duty, and you may have his advice at any hour of the business day; a great saving for you against annoyance, cost, and disappointment.

In addition to all these savings you have a selection of Wall Papers and Hangings to choose from much greater than in any other store in Canada, and at prices much lower than any other store. We show you every paper made in CANADA, and the best made in the UNITED STATES, ENGLAND and FRANCE.

If you have seen a sample in any Sample Book shown by PAPER HANGERS or DEALERS, we guarantee for the very same paper our price will be from 20c. to 2c. per roll lower in price than that shown in your Sample Book. We are proving this out every day. Many people are clipping small samples from samples in their books, mailing them to us, and saving 10c. and 20c. per roll.

BLAME THE GUM IN GASOLENE

WHEN YOUR VALVES GET STUCK

KOOLMOTOR GASOLENE

is free from harmful gum

When you're going up a hill or trying to get away quickly in traffic and you step on the gas with poor response—don't blame your engine for the way it struggles—

Blame the gum in gasolene—that's what has stuck your valves and robbed your motor of its power.

Then—change to Koolmotor Gasolene—the gas from which harmful gum has been removed. A special process—*the mini-gum process*—enables Cities Service experts to reduce the gum content in Koolmotor Gasolene to a harmless minimum.

When you use Koolmotor Gasolene your valves are kept clean and free-moving. They are not held back by sticky, gummy deposits. You get full compression and full power.

Your nearest Cities Service station or dealer will serve you courteously with this powerful, clean-burning motor fuel—Koolmotor, the *original* high test, anti-knock green gas.

CITIES SERVICE OIL COMPANY Limited

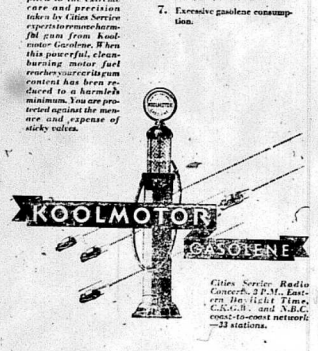
·7·

HARMFUL EFFECTS of Excessive Gum in Gasolene

1. Clogging of intake manifold.
2. Delayed seating and complete sticking of intake valves.
3. Loss of compression.
4. Loss of power.
5. Missing" cylinders and engine failure.
6. Unnecessary repair bills.
7. Excessive gasolene consumption.

CITIES SERVICE OILS — ONCE - ALWAYS

The Mini-gum process — *the name applied to the extreme care and precision taken by Cities Service experts to remove harmful gum from Koolmotor Gasolene. When this powerful, clean-burning motor fuel reaches your car it is gum content has been reduced to a harmless minimum. You are protected against the menace and expense of sticky valves.*



Cities Service Radio Concerts, 2 P.M., Eastern Daylight Time, C.K.G.W. and N.B.C. coast-to-coast network—21 stations.

Persian Balm, promotes daintiness, charm and beauty. Magical in its effect on the skin. There is nothing like it for creating and preserving a lovely complexion. Cooling, caressing, it soothes and relieves all roughness caused by weather conditions. Delicately fragrant, it enhances the most finished appearance. Makes the skin rose-leaf in texture. Truly a peerless toilet requisite for every discerning woman.

"A woman came into the hospital the other day and she was so cross-eyed that the tears ran down her back."

"Yes, indeed; we treated her for bateria."

A big storm passed over a farm, carrying away roofs and uprooting trees. The farmer was asked next day if the new wind-pump he had put up had been damaged. He replied: "I cant say, for I haven't found it yet."

PEOPLE 'ALL NERVES'

What to Do if You Find Yourself in This Condition

The sort of thing that specialists call nervous debility is the run-down condition caused by over-work and household worries. The sufferers find themselves tired, low-spirited and unable to keep their mind on anything. Any sudden noise startles and sets the heart palpitating violently. They cannot sleep well at night; their hands tremble and legs seem unable to support them. Such a condition is indeed pitiable.

Doctoring the nerves with sedatives is a terrible mistake. The only real nerve tonic is a supply of good red blood. Therefore the treatment for nervousness and run-down health is Dr. Williams' Pink Pills, which promptly build up and enrich the blood. The revived appetite, the strengthened nerves, improved spirits and new strength which come after a course of these pills will delight every sufferer.

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Best Remedy For Backache and Headache

Says Mrs. A. Fitzgerald Of Dodd's Kidney Pills

Ontario Lady Found Them To Be Just the Remedy She Wanted

Castleton, Ont., May 13th, (Special) — "I have used Dodd's Kidney Pills for almost a year and find them to be just what I wanted," writes Mrs. A. Fitzgerald, Box 14, Castleton, Ont. "They helped me wonderfully. Stopped the pain in my back; also helped my headache. They are certainly a wonderful medicine."

Mrs. Fitzgerald's trouble was caused by sick Kidneys. Strengthen and cleanse the Kidneys and all ailments such as backache rheumatism headache, lumbago and urinary trouble speedily vanish.

Dodd's Kidney Pills have become a household remedy all over the world, because people have tried them and been more than satisfied with the results. Thousands of people are buying and using Dodd's Kidney Pills solely through the recommendation of their friends who first discovered their relieving and healing properties.

Dodd's Kidney Pills can be obtained from all druggists or the Dodds Medicine Co., Ltd., Toronto 2, Ont. O-8

FASCINATING LINKS IN CANADA'S HISTORY

one of the interesting things noted in the Canadian Room at the Dominion Archives and it has an interesting recent history attached to it. This rope was presented to Dr. Doughty in May, 1926 by H. F. Lambert, deputy leader of the Mount Logan expedition which took place in 1925. The accompanying letter reads:

"This rope is one of two used on the ascent of Mr. Logan Canadas highest mountain. It was used almost continuously while actually on the ascent of the Logan massif from June 3rd to June 2th, 1925.

Its very clean appearance is due to the fact that at no time during this period did it come in contact with rock or soil. Logan being a snow and ice climb.

At the higher altitudes the temperatures recorded were invariably below zero and on the night of the 16th and 19th of June a minimum of 33 degrees below zero Farenheit was recorded.

This rope was on the summit of Mount Logan at 8:00 p.m., June 23rd, an altitude of 19,850 feet. On July 2nd it was abandoned at "Turn" cache at the junction of the Logan and Ogilvie glaziers.

It was recovered February 1926 by Mr. A. M. Taylor, a member of the climbing party who made the journey of 126 biles into "Turn" from McCarthy by dog sled, having in view the salvaging of much equipment left behind at this point.

Certain morbid conditions must exist in the stomach and intestines to encourage worms, and they will exist so long as these morbid conditions permit them to. To be rid of them and spare the child suffering use Miller's Worm Powders. They will correct the digestive irregularities by destroying the worms, conditions favorable to worms will disappear, and the child will have no more suffering from that cause.

BELLEVILLE PRESBYTERIAL W. M. S.

Twenty-six representatives from Belleville Presbyterial attended the fifth annual meeting of the Bay of Quinte Conference Branch at Bowmanville, from Tuesday April 29th till May 1st. The President, Mrs. W. F. Smyth of Pembroke, presided with one hundred and sixty delegates in attendance, from Belleville, Cobourg, Kingston, Lindsay, Oshawa, Peterborough and Renfrew Presbyteries.

The opening service of worship was based on the Theme: "The Indwelling Christ." Inspiring addresses were given by Miss Jessie MacIntyre, Toronto and Mrs. W. R. McKay, South China.

Following is the list from this Presbyterial, who attended: Officers, Mrs. W. H. Hicks, Tweed; Mrs. F. H. P. Anderson, Newburgh; Mrs. F. L. Hoover, Napanee; Mrs. J. L. Ross, Bloomfield; Mrs. E. Farnsworth, Belleville; Mrs. E. J. Corkhill Napanee; Mrs. E. L. Fraser, Trenton; Mrs. George Switzer, Napanee; Mrs. R. M. Seymour, Napanee, R.R. 1; Mrs. W. S. Gordon, Tweed; Mrs. Winnifred Bowerman, Wellington; Mrs. Bruce Finlay Napanee, R.R. 7; Miss Alma Thompson, Napanee; Mrs. Harry Hill, Belleville; Mrs. Percy MacMullen, Stirling, R.R. 3; Mrs. J. E. Mabee, Odessa. Delegates: Mrs. Callery, Cannifton; Mrs. Babcock, Wilton; Mrs. Thomas Wilson, Enterprise; Miss Frances Keene, Madoc; Mrs. F. W. Young, Picton; Miss Ida Reddick, Trenton; Mrs. C. W. Haggart, Cherry Valley; Mrs. Sanford Meidejohn, Bonarlaw; Mrs. D. B. Wilson, Napanee; Miss Hattie Magee, Adolphustown.

EIGHT MILLIONS IS 1929 VALUE OF RAW FUR CATCH

The Canadian raw fur production during the fiscal year was valued at $18,054,440 as compared with $18,758,177 for the preceding season, a decrease of four per cent according to a statement issued by the Department of Trade and Commerce.

It was pointed out that these figures represent the values of pelts of fur bearing animals taken by trappers and those of ranch bred animals. Among the furs produced, muskrat occupied first position, with 2,685,197 pelts, valued at $3,789,396; silver fox ranked next with 26,704 pelts, worth $1,681,924; Mink third, with 77,509 pelts, valued at $1,666,370.

Beaver which was of first importance in the early days of the fur trade, took fourth place with a catch of 144,336 pelts, worth $1,451,572. In a number of the provinces regulations are in force which prohibit the taking of beaver in an effort to arrest the decline in numbers.

Silver fox continue to increase in numbers, owing to the growth of the fox ranching industry, as practically all of the pelts exported, in the Northwest territories, are from ranch bred foxes. The latter has recently become of importance in the fur trade. In the 1919-20 season the records showed 3,570 badger pelts with an average value per pelt of $1.44 while in 1929-29 the number was 34,771 averaging $21.29 per pelt. Prices were also high for this season for most furs excepting beaver, ermine, muskrat and wildcat.

THREE VETERAN BLACKSMITHS

There are three blacksmith shops in Marlbank, about eighteen miles north of Napanee. H. Fitchett, the oldest, 79, is still active and has stood at the anvil for 61 years. He has been blacksmithing in Marlbank for 35 years. Mr. Fitchett is a native of Stilleville and worked at his trade at Thomasburg over 40 years ago. J. M. Carscallen is 74, and first saw the light of day at Newburgh. He has presided at the anvil for 57 years and has been in Marlbank for 28 years. Prior to that he worked at Newburgh, Strathcona, Napanee and Tamworth. M. S. Mulroney is the youngest, and has been at work but 29 years. He came to Marlbank from Stoco. Mr. Mulroney, in addition to anvil work, sells farm machinery. Since the first of the year he has taken in 22 horses for machinery. The horses have all been sold by him to a good advantage. He is but 38 years old, and says he is going to give up the blacksmithing post in a very few years.

"Tomorrow afternoon," said a minister to his congregation, "the funeral of Mr. So-and-So will be held in this church. I shall deliver a funeral address on the occasion, and the man himself will be here for the first time in twenty years."

Wise mothers who know the virtues of Mother Graves' Worm Exterminator always have it in hand, because it proves its value

YOU ACTUALLY SEE WHAT THEY FEEL!

YOU can't depend on a child's say-so in choosing shoes. SEE for yourself that the shoes fit. The visible fitting system enables you to do just that—SEE exactly how Jack and Jill shoes fit.

Those little tender feet may be permanently injured before you realize it. When you buy Jack and Jill shoes you can see they are not cramping toes and injuring the feet. Give your children health and happiness by seeing what they feel

—THE JACK AND JILL VISIBLE WAY.

Jack and Jill

Flexible Health Shoes for Boys and Girls

There's a trained Jack and Jill dealer ready to fit you, your boy and girl. Let him fit you, your boy and girl. Let him fitting these perfect shoes for growing feet.

ANNUAL MEETING OF WOMEN'S AUXILIARY

Report of Meeting Held at Church St. Mary Magdalene

The Girls' Session commenced Tuesday, May 6th with a rally at 4:15 p.m. Mrs. S. Morton, Junior Secretary, in the chair and a large number being present. The meeting opened with prayers and a hymn. The reports which followed, showed considerable progress and ten new branches were formed which made up the total of 19 with a membership of 280. The sum of $775.84 was contributed during the year showing an increase of $62.50 over last year.

The prize for the best missionary essay was awarded to Miss Louise Jordan, of St. George's Church, Kingston, the award being a week at summer school.

A very interesting and instructive adress: "A Day in Japan," was eloquently rendered by Mrs. Cecily Baldwin and was appreciably received. Mrs. Baldwin is a missionary from Japan and was born in that country.

Mrs. Cosgrave gave a comprehensive detailed account of "How Missionaries Are Made."

The collection of $12.41 was voted on to be given to the church in the Yukon territory.

Senior Department

The W. A. Senior Department commenced their session by the celebration of Holy Communion on May 7th at 10:00 a.m., the Lord Bishop of the Diocese being the Celebrant. Rev. Radcliffe the Epistles and Rev. Spence the Gospelle.

A very inspiring sermon by the Very Reverend the Dean of Ontario on the Women's Auxiliary watchword: "She Hath Done What She Could," stressed the thought of the danger of a watchword becoming an epitaph and it was pointed out that the way was Christ, the centre and source of inspiration. The need of both Mary's and Martha's in the world is greatly needed, and the assurance of reward is awaiting all in whatever work they are especially gifted to do.

The thank-offering was presented at this service.

WHITE LAKE

A heavy electric storm passed over this vicinity on Wednesday evening, May 7th, following three of the warmest days ever known here at this time of the year.— Mr. G. Brown and family were the guests of Mr. and Mrs. G. Gianyou and Mr. W. Waddle and family on Sunday last. — Mr. D. Dwyer and family spent Sunday with friends at Wilkinson.— Mr. W. Scott and family were recent visitors at Mr. G. Brown's.— Mr. J. McAdams has sold his farm to Mr. W. H. Williams and intends leaving this vicinity in the near future.—Mr. D. Healey of Stoco, took dinner on Monday last with Mr. and Mrs. G. Brown. — Mr. R. Stinson of Erinsville at J. H. Bakely's, one evening this week.—Mr. J. McKewen, county road foreman, has a gang of men and teams at work on the road here and we expect to have a road here soon to compare with any road in the county.— Mr. and Mrs. R. Young and Mr. W. Young and family spent a recent Sunday with friends here. — Mr. W. Warde has secured a situation for the summer, as cook with the county road gang.—Mr. T. McGrath, of Erinsville, has secured the contract for a council standard roof on Mr. W. J. Young's barn.— Miss G. Dwyer is spending this week with her grandparents, Mr. and Mrs. J. Hayes.— Mr. John McAdams intends holding an auction sale of farm stock and implements on the 15th instant.

MILITARY BALL AT PICTON EMPIRE DAY

Invitations were mailed this week for the third Annual Military Ball of the Officers of "C" Company, Hastings and Prince Edward Regiment at Picton. This event which has come to be known as the most popular social event of the season in the district will be held at Picton Armouries on Empire Day, Friday May 23rd (informal). Dancing at 9:00 p.m.

Brigadier W. B. Anderson, C.M.G., D.S.O., is honorary patron. Patrons and patronesses are Brig.-Gen. B. R. Hepburn, C.M.G. and Mrs. Hepburn; Col. A. E. Bywater, V.D. and Mrs. Bywater; Col. E. E. Snider, V.D., and Mrs. Snider, Col. R. Vandewater, D.S.O., and Mrs. Vandewater; Lt.-Col. D. Green, V.D., and Mrs. Green; Lt.-Col. J. P. French, D.S.O. and Mrs. French, Lt.-Col. H. J. Smith, Maj. G. Roupell, V.C., and Mrs. Roupell.

Music is by that outstanding dance organization Harold Rich and his Versatile Canadians, who are well known by radio fans, broadcasting regularly over CFCA and CFRB. This 10 piece orchestra has played 26 weeks at the St. Charles Hotel, Winnipeg, 17 weeks at Venetian Gardens, Montreal, 10 weeks at Rose Room, Ottawa, 25 weeks at Pavilion Restaurant, Sunnyside Beach, Toronto, and 2 years at the Palais Royale, Toronto.

Additional invitations may be secured from Officer Commanding "C" Company, Picton, by those who were overlooked in the original mailing of invitations. 20.

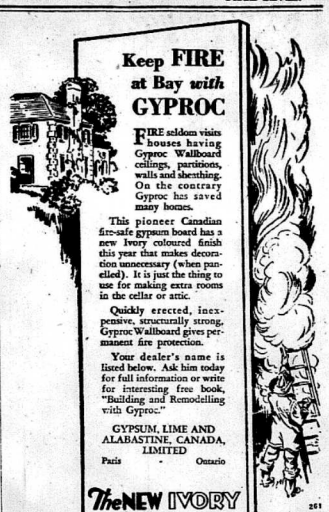
BELL FIRST AIDERS

For years the Bell Telephone Centre of the St. John Ambulance Association has provided First Aid instruction for telephone employees in Ontario and Quebec. It is not unusual to read of a telephone man at the scene of an accident, rendering valuable aid until a doctor arrives. The Company's annual report just published, says that over 1,200 employees were examined in First Aid examinations during the past year, and that nearly 7,500 or 62 per cent of the Bell's regular male staff are now qualified First Aiders.

A trade journal says women are now keeping shoes to match their frocks. Their feet will be very cold and pinched!

Minnie the Maid: Professor, the garbage man is here.

Professor (from deep thought): Tell him we don't want any.



Keep FIRE at Bay *with* GYPROC

FIRE seldom visits houses having Gyproc Wallboard ceilings, partitions, walls and sheathing. On the contrary Gyproc has saved many homes.

This pioneer Canadian fire-safe gypsum board has a new Ivory coloured finish this year that makes decoration unnecessary (when panelled). It is just the thing to use for making extra rooms in the cellar or attic.

Quickly erected, inexpensive, structurally strong, Gyproc Wallboard gives permanent fire protection.

Your dealer's name is listed below. Ask him today for full information or write for interesting free book, "Building and Remodelling with Gyproc."

DOMINION
ROYAL MASTERS

NOT ONE IN A THOUSAND WILL EVER-PUNCTURE-
NOT ONE IN FIVE THOUSAND WILL BLOW OUT UNDER TWO-YEARS OF SERVICE-

Wherever you drive, Royal Masters are sold and serviced by Canada's greatest tire organization . . . the Dominion Tire Depot System . . . each independent unit distinguished by its blue and orange color scheme.

Dominion Royal Master is the greatest tire the world has ever known.

A tire smartly styled to add distinction to the most luxurious car.

A tire for years and years of wear . . . a tire that has compiled the most amazing mileage records known to modern motoring.

DOMINION TIRE DEPOTS
Everywhere

In the good old days, the American home was a stable institution. Now it is more of a garage institution.

WRIGLEY'S

When you need new energy, when you are hot and mouth is dry—pep up with Wrigley's—it moistens mouth and throat.

The incredible flow of saliva feeds new strength to the blood, you can do more—you feel better.

Little Girl: Auntie, when does the King wear his crown?

Auntie: Only on special occasions, Little Girl: Like when he visits the circus?

Passer-by: How's business, Tony? Scissors Grinder: Fine. I never saw things so dull in my life.

DO YOU SUFFER WITH HEADACHE?

So easy to get quick relief and prevent an attack in the future. Avoid bromides and dope. They relieve quickly but affect the heart and are very dangerous. They are depressing and only give temporary relief, the cause of the headache still remains within.

The sure and harmless way. First correct the cause, sweeten the sour and acid stomach, relieve the intestines of the decayed and poisonous food matter, gently stimulate the liver, start the bile flowing, and the bowels pass off the waste matter which causes your headache. Try Carter's Little Liver Pills. Druggists 25c and 50c.

"Beaver" Ads. Pay Best;

Try One and See!

Horrified Gentleman: Good heavens! Why don't you stop them fighting?

Juvenile Match Maker: Stop 'em? Why, it took three weeks to get 'em started!

The number of drinking vessels recently discovered among ancient remains support the theory that they are of apres-historic origin.

A Dust Tight Gas Tight Furnace at Last!

MODERN science now brings the Torrid Zone steel furnace—built like a steam boiler, riveted and caulked absolutely dust-tight and gas-tight. The Torrid Zone has no cast-iron fire pot, no joints from which cement may work loose. The fire pot is enclosed in a steel drum riveted gas-tight like a city gas tank or a steam boiler.

Torrid Zone heat is always clean heat.

No cast-iron fire bowl to crack and require replacement, for boiler plate steel never cracks. The average life of Torrid Zone furnaces has been twenty-one years.

Huge combustion chamber creates more perfect combustion as in a steam boiler. More of the coal is burned and less goes up the chimney in smoke.

The hot smoke passes through a secondary radiating drum on the back, which gets more heat out of it before it is lost up the chimney.

The gas-tight, dirtless, clean heat furnace is here. It is the Torrid Zone boiler plate furnace and it will deliver more clean heat from less fuel than any other furnace that has ever before been known. It is far better than radiation heat and costs less to install. It recirculates fresh and sterilized warm air throughout the house.

RIVETED

Torrid Zone steel furnaces are the only riveted and caulked gas-tight boiler plate furnaces in Canada. When installed according to the Standard Code, as designed by research engineers for the National Warm Air Heating Association, they will recirculate warm, fresh air evenly throughout every room in your home. Guesswork has been removed in science in Torrid Zone heating.

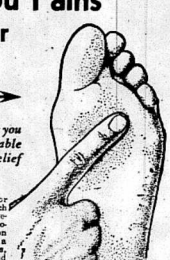
Have You Pains Callouses or Cramps there



We are bringing you Positive, Reliable and Speedy Relief

The Finger Points to the location of the Anterior Transverse Arch. When this Arch weakens, the tiny bones are depressed; uneven pressure is produced, and the uneven distribution of the person's weight causes a burning sensation, callouses, tender spots, contracted toes, and severe cramp-like pain. The foot widens and spreads over the shoes, the small toe and great toe joints become inflamed and enlarged—bodily fatigue and nervousness result.

Trade Mark Registered

Heed the first danger signal! Stop your Foot Troubles before they impair your comfort and daily efficiency

An Exposition of the newest, most advanced scientific methods of relieving and correcting Foot Troubles, will be held at our Store on SATURDAY, MAY 17

A specially trained expert from the staff of W. M. Scholl, M.D., the world's most noted Orthopedic authority will clearly explain how these methods give instant foot comfort.

You will also be given a pedograph print of your stockinged feet. All this without cost or obligation. Don't miss seeing this Expert at our store on above date.

WE HAVE VARNISH

At a great deal less price—and one that sells at a dollar a quart more. But no matter what you pay, you'll agree that Copalline, for everyday wear and tear, is the ideal varnish, for every purpose. It sells at 80c a pint, $1.60 a quart and $3.00 a half-gallon, at Wallace's, Napanee agents. 20

COPALLINE YOUR FLOORS

Woodwork, furniture and linoleums! Unlike most varnishes, Copalline, the universal varnish, stands up equally well for any purpose! It does not darken hardwood floors, will not turn white with water, dries in 4 hours with a brilliant gloss and wears like iron. Copalline for sale, in Napanee, at Wallaces. 20

BEST FOR BABY!

Because a particular drug or medicine has millions spent on advertising it is the public, it does not make that article any better. You seldom see Riker's Genuine Milk of Magnesia advertised, yet the Government Analytical Department shows it to be in the very front rank! Insist on the genuine Riker's 25c and 50c, at Wallace's. 20

MISSING!

The police are looking for Miss Catherine G. McHugh, aged 23, height 5ft 4 inches, weight 115lbs, eyes, blue; hair prematurely gray, bobbed, pompadour style, with slight wave and small part on one side, fair complexion, heavy dark eyebrows, high forehead, occupation, secretary in law firm. When last seen was wearing blue and white dress, maroon skin coat.

If located, notify nearest Police Department.

INDIANS PLAN NOVEL SERVICE

Next Sunday a novel service will be held at Christ Church, on the Indian Reserve, Deseronto, when the 146th anniversary of the landing of the Mohawk Indians on the Bay of Quinte shores will be observed. Rev. Dr. John Stuart was the last missionary to the Mohawks in the Mohawk Valley before the United Empire Loyalists came to Upper Canada in 1784. Half of the service next Sunday will be in the Mohawk tongue. The Dean of Ontario is to officiate.

CONCERT AND TYPING CONTEST!

A concert and typing contest will be held at the Napanee Collegiate Institute on Tuesday, May 20th, 1930, at 8:00 o'clock p.m. Concert under the auspices of the Boys' Band. It will consist of numbers by the Band, and local talent. Mr. Joseph Waring, M.A., a former graduate, will give a short address on "The Vital Factor of Education." Those entering for the Shorter Cup in the Typing Contest should 'Phone the Collegiate. Admission 25c. 20tp

OBITUARY

MRS. WILLIAM BROWN

The funeral of Mrs. Brown, who died at her home, on Tuesday, April 29th, took place from the family residence to Bunker Hill Cemetery on Thursday afternoon at 1:30 p.m. The residence was crowded with relatives and friends. The casket was banked with beautiful floral offerings and the service was conducted by Rev. Beckstead of Tamworth. The choir of Marlbank United Church was in attendance.

Mrs. Brown, formerly Margaret Thompson, was born sixty-five years ago at Lime Lake, on the farm where she died. She was united in marriage with William Brown, of Ebenezer in 1890. She leaves to mourn her loss her sorrowing husband, two daughters, Mrs. Walter Scott, Marysville, and Mrs. Russell Alexander, of Moneypoint, and one son, Murney R., at home. Also two grandchildren and four sisters: Mrs. M. Marlin and Mrs. G. H. Henderson, of Marlbank; Mrs. W. Golden and Mrs. McLean, of Belleville.

The pall-bearers were six nephews of the deceased: W. G. Henderson, Bert Henderson and Francis Somerville, of Marlbank; Tom Golden and Clarence McLean, of Belleville; and Fred Maxwell, of Wellington.

LENNOX AND ADDINGTON LEAGUE SCHEDULE, 1930

May 24—Gibbard's vs. Tamworth.

(1) First named team is visiting team in each case.

(2) Home games of the team called Adolphustown are to be played at Dorland.

(3) Home games of the Adolphustown Maple Leafs are to be played at Adolphustown.

E. C. DAVERNE, Secretary.

I. O. R. E. BRIDGE PARTY

The I. O. D. E. will hold a bridge in the Town Hall on Friday, May 16th at 8:00 o'clock. Two prizes. Admission 50 cents. Refreshments. 20b

MAKE THIS TEST!

Buy a pint of Copalline—and a pint of any other varnish, any one that costs 25% more—set of the same floor, side by side—Do this, and you'll prove to yourself that regardless of price, Copalline stands the most rigid test. Sold at $1.80 a quart, at Wallace's, Napanee agents. 20

PLAY AND DANCE

The Hayburn Young People will present their popular comedy: "A Poor Married Man" at Adolphustown Parish Hall, under the auspices of the Ladies' Guild of St. Alban's on Friday, May 23rd. Admission 35 cts. A dance will follow the play. Admission 25 cents and ladies 10 cts. 20b

A SURPRISE PARTY

Last Monday evening Mr. William Coates was given a surprise party at his residence on Bridge Street, the occasion being his birthday. About twenty-five friends from Kingston arrived quite unexpectedly in the forenoon and during a delightful evening of fun, Mr. Coates was presented with a lovely reading-stand with all good wishes of many happy returns of the day.

MORE PROFITS, FARMERS!

The amazingly satisfactory results obtained by users of MARMILL Chick Starter, followed by MARMILL Growing Mash, Developing Feed, and other MARMILL lines, have convinced me that they are the equal of any feeds now on the market. I wish to introduce to you, two other feeds—MARMILL Turkey Stater and MARMILL Turkey Grower—feeds just as essential to the turkey raiser as other mixed poultry feeds. I would like to talk to you about these, feeds—how to assure satisfactory results—market conditions and so on. May I hear from you? Carload of feed just in! — M. N. EMPEY, Napanee, 'Phone 357. 19b

TRAGIC DEATH OF NORMAN O'NEIL

A sad accident occurred at Hay Bay on Monday morning resulting in the death of Mr. Norman O'Neil, a highly respected resident of that vicinity, in his 71st year. Deceased was operating a tractor to which was attached a cultivator, and the supposition is that the unfortunate man was overcome by a weak spell and fell off the tractor into the path of the cultivator, which caught him, causing death. Deceased was a native of Tamworth. His wife predeceased him over thirty years ago. Three daughters and two sons are left to mourn the loss of a kind and loving father. The funeral will be held to-morrow, (Thursday). Interment at Morven Cemetery.

ST. ANDREW'S OBSERVES MOTHER'S DAY

Mother's Day was observed at St. Andrew's on Sunday when the Sunday-School had charge of the morning service. The church was resplendent in spring flowers, daffodils, tulips and plum blossom.

The body of the church was reserved for the Sunday School, which entered by classes while the organist played the opening prelude.

The order of service followed was that recorded by the R. E. Smith, and led to suit the local church. Each class took a part in the service and address on "Mothers" was given by the pastor. Mr. Moffat the superintendent of the school presided.

THE TENNIS CLUB COURTS OPENED

Ever since the ground became workable the Napanee Tennis Club has had a committee working on the courts. Never have they been in such good condition as this year. The ground has been levelled and rolled. The wire netting has been tightened and repaired and the posts painted and grass all removed.

Two courts have been in use already; the third will be available this Wednesday afternoon.

With accommodation for twelve players continuously there should be no delays. It has been the aim of the club to keep the fees within the reach of all. By using voluntary work it is still possible to do this. The fees are now: $5.00; ladies, $2.00. High School students, $2.00

By courtesy of the Curling Club entrance to the courts is through the curling rink entrance, on Thomas St., and members are requested to use this entrance only.

MAPLE LEAF INSTITUTE

The annual meeting of the Maple Leaf Women's Institute was held on Thursday, May 8th, at the home of Mrs. J. W. Cunningham with an attendance of 30. Reports were heard from the executive, secretary-treasurer, auditors' report, read and adopted; sick committee, school committee, lunch committee and hospital committee. The election of officers for the coming year followed the reports, results being as follows:

President—Mrs. J. W. Cummings.
1st Vice-Pres.—Mrs. Carmon Day.
2nd Vice-Pres.—Mrs. Raymond Pretts
Sec.-Treas.—Mrs. S. H. Fraser.
Directors—Mrs. John Chambers, Mrs. Will Pretts, Miss Fanny Close, Mrs. Frank Sager.
District Director—Mrs. Will Pretts.
Auditors—Mrs. Marmon Day, Mrs. Bert Pretts.
Organist—Mrs. W. R. Smith.
Assistant—Mrs. W. G. Pretts.
Sick Committee—Mrs. Bruce Cunningham, Mrs. Harold Brandon, Mrs. Arthur Galt.
Social Committee — Mrs. Bert Pretts, Mrs. Will Pretts, Miss Fanny Close.
Lunch Committee—Mrs. John Chambers, Miss Fanny Close, Mrs. Arthur Galt.
Current Events— Miss Hazel Cummings.
Programme Committee— Mrs. Will Pretts, Mrs. Bert Pretts, Miss Beatrice Sager.
District Representatives — Mrs. Geo. Vankoughnet, Mrs. J. R. Ackerman, Mrs. J. W. Cummings, Mrs. W. G. Pretts.
Collection $1.80. Meeting closed by singing God Save the King, after which a social half-hour was spent over the teacup.

The recent crash in the stock market broke all records. And that's not all it broke.

FREE SHOTS ON *Local Sport*

The schedule of the Lennox and Addington Baseball League appears in this issue, the first game starting on the 26th.

* * *

Gibbard's play all their games on Saturday, and most of the other games are on Wednesday.

* * *

The locals have been practicing pretty steadily lately; the early closing hours of the factory give them a better chance to have a real workout before dark.

* * *

Here's hoping that everybody turns out in full force for the Aquatic Club meeting on Wednesday night.

* * *

The meeting held last week was not advertised, so not very well attended, but an announcement of the next meeting is supposed to appear in this week's paper.

* * *

It's too bad that more people do not take advantage of the boating facilities of the river and the Bay of Quinte.

* * *

I have heard more than one visiting yachtsman say that you cannot find a more ideal body of fresh water, as far as all kinds of boating is concerned, than the historic bay.

* * *

For small boats our own river offers all that one can ask.

* * *

With the increasing traffic on the highways, the number of participants in the sport of boating has greatly increased, on this continent and in Europe.

* * *

A good start was made last year towards a real live Aquatic Club, and if the interest can be kept up, the river sports will reach the height which they attained years ago when canoe races were held every week.

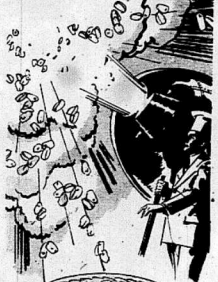
Your Breakfast Shot from Guns

so you don't have to cook it

Read how this amazing invention gives Puffed Grains the virtual nourishment of hot cooked cereals.



WHEN Professor Anderson found the way to "shoot wheat and rice grains from guns he solved an important problem. He gave these crisp, delicious, ready-to-eat cereals the virtual nourishment of hot cooked cereals.

Every grain of wheat and rice contains 125 million food cells. Every food cell must be broken before the grain can be completely digestible. It takes long hours of cooking to do this. But Professor Anderson found a better way. He seals grains of wheat and rice in bronze guns. Revolves them in fiery ovens. Then fires the guns. This causes 125 million explosions in every grain. It blasts open every one of food cell. Puffed Wheat and Puffed Rice are thus made completely digestible. Hence practical, as nourishing as hot cooked cereals.

The grains become 8 times normal size. They have all the buttery crunchiness of fresh toast. They are made to taste like sweet nut-meats. Never before was rich grain nourishment made so delectably good to eat.

You owe it to your family to give them this extra delicious grain food that tastes like nut goodies. Order Puffed Wheat and Puffed Rice from your grocer today. The Quaker Oats Company.

QUAKER PUFFED WHEAT AND PUFFED RICE

IT PAYS TO USE MARTIN-SENOUR PRODUCTS

for every purpose— *for every Surface—*

—and it pays *particularly* on Barns and Outbuildings

Barns, silos, fences—surfaces subjected to attack of sun, rain, snow, frost. Valuable property that will age prematurely without the protective covering of a durable, wear and weather resisting paint.

It costs so very little to give your buildings this protection with Martin-Senour Red School House Paint.

Here is a Martin-Senour product specially made for this purpose. Made of the finest English Red Oxide, mixed in scientific proportion and finely ground by the most modern machinery. A red paint that will *stay* red, standing off the effects of the weather for many years. A paint that will keep your outbuildings always new, free from expensive repair cost.

Where protection and fine appearance are concerned it certainly pays to use Martin-Senour Red School House Paint.

Martin-Senour Products for every purpose, for every surface, are sold by

D. B. WILSON,
Napanee.

RED SCHOOL-HOUSE PAINT

FOR BARNS - FENCES AND OUTBUILDINGS

WARNING—Insist upon Ovaltine and refuse mere mixtures of food ingredients which claim to equal it. These have not the food value and cannot give the health protection which Ovaltine so abundantly provides.

Health for all the *family*—

EVERY member of the family, from tiny tot to grandparent, should drink delicious Ovaltine regularly as a source of health, strength and vitality.

Ovaltine is a remarkable concentration of ripe barley malt, selected eggs, creamy milk and pure cocoa. It contains all the food elements and the vitamins essential to perfect health. Ovaltine is a wonderful mealtime and between-meal beverage, and taken before retiring it is the world's best "night-cap" to ensure sound, natural sleep.

OVALTINE

TONIC FOOD BEVERAGE

Builds up Brain, Nerve and Body

At all good stores in 50c, 75c, $1.25 and special family size $4.50 tins; also served at soda fountains.

WEDDING BELLS

FRISKEN — BARROWMAN

A quiet wedding took place in Hamilton on Saturday, May 10th, when Reverend Harold E. Wellwood, of Toronto, united in marriage Gwen Chalmers Melliss, daughter of Mr. and Mrs. William Barrowman, formerly of Toronto, and Orval James Frisken, son of Mr. and Mrs. John Frisken, Napanee, Ont.

The bride was becomingly garbed in dove grey georgette and carried a bouquet of bridal roses and lily-of-the-valley. After the luncheon the happy couple left for a motor trip. The bride travelled in a suit of navy covert cloth, fox scarf, with hat, gloves and shoes of navy blue, to match.

On their return, Mr. and Mrs. Frisken will reside at 228 Main Street east, Galt, Ontario.

BATH INSTITUTE

The May meeting of Bath Women's Institute was held at the home of Mrs. Arthur Ruttan with an attendance of fifteen. Minutes were read and adopted and correspondence dealt with.

Mrs. George Stevenson was appointed delegate to the Convention.

Paper on "Education and Democracy" by Mrs. Arthur Ruttan.

Mrs. A. P. Young, assisted by Mrs. T. Manion, took charge of the election of officers. The result was as follows:—

President—Mrs. R. J. Galt.
Vice-President—Mrs. B. Morrow.
Secretary-Treasurer — Mrs. Arthur Ruttan.
District Director—Mrs. George Stevenson.
District Representatives—Mrs. R. J. Galt, Mrs. T. A. Ruttan, Mrs. G. Stevenson, Mrs. D. C. Shatter.
Current Event Recorder— Mrs. A. Stevenson.
Press Reporter—Mrs. H. Collins.
Pianist — Miss E. Dennee.

After a dainty lunch and a social chat, followed by a hearty vote of thanks to the hostess, the meeting adjourned.

They Were Certainly A Great Benefit To Me

Says Ontario Lady Of Dodd's Kidney Pills

Mrs. H. Gordon Suffered With Pains In Her Back

Cobourg, Ont., May 20th. (Special) — "After taking several doses of Dodd's Kidney Pills I began to feel the pains in my back diminish," writes Mrs. H. Gordon, who resides on University Ave. "After continuing with the Pills for some weeks, the pains ceased. They were certainly a great benefit to me."

Mrs. Gordon's statement is brief but to the point. Ninety per cent of the ills from which women suffer come from weak or diseased kidneys. They are the organs that strain all the impurities out of the blood. If they fail in their work the impurities remain in the blood and are deposited all over the body.

Dodd's Kidney Pills have restored sound health to thousands of troubled women and men. Give them a trial at once. They can be obtained from Druggists everywhere, or The Dodds Medicine Co., Ltd., Toronto 2, Ontario.

9-9

ADOLPHUSTOWN W. M. S.

The May meeting of the W. M. S. was held on Wednesday afternoon at the home of Mrs. T. N. Davis, with a fair attendance. The president was in charge of the meeting. The opening exercises were arranged by Mrs. Ross Humphrey in the absence of Mrs. Arthur Allison. All joined in singing hymn No. 61, after which the Lord's Prayer was repeated in unison. Mrs. Davis read the 100th psalm. After singing another hymn the minutes of the last meeting were read and approved. The Treasurer Miss A. Magee, reported that she had received some thank offering since the last meeting. Plans were discussed relative to an evening's entertainment to be given some time in June, the executive to be in charge of it. Mrs. John Humphrey read an extract on "Mothers' Day." Miss Annabel Magee, who was in charge of the programme, read an interesting letter from Rev. C. W. Service, M. D., who worked among the Chinese for some years. Dr. Service recently died very suddenly. The Chapter in the Study Book was taken up by Miss Margaret Magee. Roll call was answered by a verse of scripture, containing "All Things." The offering was then taken and a motion of adjournment was made to meet in June at the home of Mrs. Frank Gallagher. The meeting closed by all repeating a prayer.

Mrs. Davis then put on an interesting and instructive alphabetical and biblical contest. The hostess served refreshments and a social half hour was enjoyed.

HONOR ROLL.

Report of School Section. No. 32, Camden. Names in order of merit. * Absent for one or more examinations.

Class I—Mary Finn, Vincent Byrnes, Rosalyn Breen *.

Primer—Clen Burgess, Marjorie Davey.

LAURA M. STINSON.

ONE GOOD RECIPE MAKES A COOK FAMOUS

Perhaps the spring of the year is the hardest time of all to plan menus. There is such an abundance of fruit from the out-of-doors these first warm days, that in spite of the fact that the market abounds with all things to eat, it is a boring and tedious task to try to transform them to menus. An appetizing and easy recipe is this one of a Spring Fruit Salad.

Arrange a slice of fresh pineapple on crisp lettuce for each serving. For six servings peel two medium sized bananas, cut into thin slices and cover with one thing cupful of lemon juice. Let stand five minutes, drain, and arrange around the pineapple slice. Stem two cupfuls of strawberries and arrange some in the centre of each pineapple slice. Serve with a mixture of half mayonnaise and half whipped cream folded together.

FARMS FOR SALE OR RENT

FOR SALE — FARM, FOUR AND one half miles from Napanee, in Concession 3 of Richmond, containing 118 acres; forty acres work land, thirty acres of wood. Apply to G. A. DEAN, Napanee, R.R. 3, or CHARLES MELBOURNE, Lonsdale, No. 1. 20tf

MISTAKES

When a plumber makes a mistake, he charges twice for it. When a lawyer makes a mistake, it is just what he wanted, because he has a chance to try the case all over again. When a carpenter makes a mistake, it is just what he expected. When a doctor makes a mistake, he buries it. When a judge makes a mistake, it becomes the law of the land. When a preacher makes a mistake, nobody knows the difference. But when the editor makes a mistake—good night!

Easy! Quick Glycerin Mix For Constipation

Simple glycerin, buckthorn bark, saline, etc., as mixed in Adlerika, relieves constipation in TWO hours! Most medicines act on only lower bowel, but Adlerika acts on BOTH upper and lower bowel, removing poisons you never thought were in your system. Just ONE spoonful relieves GAS, sour stomach and sick headache. Let Adlerika give stomach and bowels a REAL cleaning and see how good you feel! At Wallace's Drug Store. (f-2)

He: You haven't said a word for twenty minutes.

She: Well, I didn't have anything to say.

He: Don't you ever say anything when you have nothing to say?

She: No.

He: Well, then will you be my wife?

Real Estate and Copper

We offer as investments two excellent First Mortgage Bonds. The first is the obligation of the Lonson Realty Co., Limited, and is secured by well-located, revenue-producing real estate as well as being a first floating charge upon its undertaking and all other assets—present and future. The annual earnings of the company have been over twice interest requirements and should be over three times interest requirements when the new addition to the property is completed.

PRICE: 99½ and interest to yield over 6½%

The other Bond is that issued by Canadian Copper Refiners Limited. This obligation is unconditionally guaranteed as to principal and interest by Noranda Mines Limited, which company's annual earnings (on the basis of 14 cent copper) are more than *twenty-five times* yearly interest requirements. This bond is one of the most amply secured investments ever offered.

PRICE: 100 and interest to yield 6%

Write for circulars fully descriptive of either or both these issues.

WILD LIFE IN NATIONAL PARKS

Canada's Great Scenic Playgrounds Form Natural Reservoirs From Which Surrounding Areas Are Re-Stocked

A dispatch to the Commissioner of National Parks, Department of the Interior, from A. Bryan Williams, Game Commissioner of British Columbia, announces the safe arrival of the carload of elk recently shipped from Buffalo national park, Wainwright, Alberta, to the Queen Charlotte Islands. The animals are a donation by the Dominion to the Provincial Government for restocking purposes on these islands. They were captured from the wild elk herd, now numbering over 600, roaming the Buffalo reserve and were particularly fine specimens of their kind. They were cut out of the main herd by the park riders a few weeks ago, corralled until safe to handle, and then placed in specially constructed crates. Through the co-operation of the Canadian National Railways, a special baggage car was provided which was attached to the regular passenger train from Prince Rupert and went through express to that port. Here the elk were transferred to a boat sailing to the Queen Charlotte Islands. No loss or injury was sustained in transit and according to the report the animals are already settling down and adjusting themselves to their new surroundings.

The successful transfer of wild animals as large as these by rail and water for over 1,000 miles was in itself an achievement but the greatest interest attached to the undertaking lies in its significance, from the conservation point of view. A scientific philosopher has described this era as the close of the age of mammals. From every part of the world in the last quarter of a century have come reports that wild life was being destroyed at a far greater rate than it could reproduce itself. The inevitable spread of civilization, with its concomitants—the breaking up of land, draining of swamps, felling of forests and many other operations — has been destroying the world over, the natural homes of big game. In recent years, too, the forces of destruction due to mechanical invention and greater facilities of transportation have increased enormously, and disastrous inroads have been made in many species.

A few years ago there was organized in England a conservation movement known as the Society for Preservation of the Fauna of the Empire. Its president, the Rt. Hon. the Earl of Cromer, in reviewing the depletion of wild life throughout the Empire today, stated that the most satisfactory method of ensuring the preservation of wild animals in the far distant future is by the formation of sanctuaries or the establishment of national parks. As an example of what could be accomplished, he cited the policy of the National Parks of Canada.

It will be recalled that about twenty years ago the national parks of this country were made sanctuaries not only in name but in fact. An adequate system of warden patrols was established and the regulations strictly enforced. As everyone knows the results have surpassed the most sanguine anticipations. Sheep, goat, bear, elk and deer, which had practically disappeared from these regions, have now come back in such numbers that the parks have become the wild life reservoirs of the West. The British Columbia Government has been drawing on them to restock its own depleted game areas. Two regions in the southern part of the province in recent years have been stocked with Rocky Mountain sheep—that much prized trophy of the sportsman. Two or three years ago, a herd of elk was also shipped from Buffalo park to re-stock areas between the Okanagan and Kettle valleys. The National Parks of Canada have also been able to furnish from their increasing stocks, big game animals for zoological exhibits or as nuclei for conservation experiments in various parts of the world.

These results prove clearly the truth of Lord Oralow's contention in a recent report that an ultimate world bankruptcy in wild life need not be accepted as inevitable. While adequate protective measures, he pointed out, will help to maintain the stocks, it is only through the creation of national parks such as have proved so successful in Canada that the final rescue of many species can be assured. Canada, he declared is setting an example in conservation to other countries and its abundant success is a happy augury of what others may achieve.

Stop the Cough.—Coughing is caused by irritation in the respiratory passages and is the effort to dislodge obstructions that come from inflammation of the mucuous membrane. Treatment with Dr. Thomas' Eclectric Oil will allay the inflammation and in consequence the cough will usually stop. Try it and you will be satisfied.

MINERAL RESOURCES YIELD $361,876,000 TO CANADA IN 1929

During the year 1929 the mining industry of Canada reached a new high record output when the value of production amounted to $361,876,000 or 10.5 per cent more than in the preceding year, according to the official estimate compiled by S. J. Cook, chief of the Mining, Metallurgical and Chemical Branch of the Dominion Bureau of Statistics at Ottawa.

Metals as a group showed the greatest gain at a total of $151,227,000 as compared with $132,012,454 in 1928. Fuels at $76,116,000 gained 3 per cent over the total of last year of $74,413,160. The non-metallics had a value of $21,205,000 as compared with $18,826,262 of 1928. Structural materials, including brick, tile, cement, lime, stone sand and gravel combined reached a value of $55,228,000 while the value of the same materials produced in 1928 was $49,737,181.

In order of total values, the leading mineral products of Canada are: Coal, copper, nickel, cement, lead, asbestos, clay products, silver, zinc, stone, natural gas, sand and gravel, lime, petroleum, gypsum, cobalt, salt, and platinum metals.

Canada produces 90 per cent of the world's nickel; 85 per cent of the world's asbestos; 55 per cent of the cobalt used; 9 per cent of the gold, 8.7 per cent of the lead and 8.4 per cent of the world's silver.

Copper products are got chiefly from British Columbia and the yield from that province for a year was 103,000,000 pounds. Gold production at 1,914,000 fine ounces valued at $39,585,000 gained 1.2 per cent over the preceding year and Ontario is the principal producer of that metal. That province alone yielding 1,600,198 fine ounces and in order of their gold output the leading mines in Canada are: Hollinger, Lake Shore, Teck-Hughes, McIntyre, Dome, Premier, Wright - Hargreaves and Noranda. Nickel is mostly produced around Sudbury and with the development of several mines there, it is likely to become one of the greatest industrial areas in the Dominion. Asbestos is Quebec's chief mineral product and it yielded over 360,870 tons. The development of the Petroleum output showed an advance of 31.6 per cent; the production being 1,132,800 barrels—Alberta alone yielding 1,060,000. Alberta also leads in the production of Natural Gas with a yield of 16,274,000 M. cubic feet of the total for all Canada of 24,514,200 M cubic feet. Development of the oil and natural gas industry in Canada shifted from east to west. Some progress is being made in the Eastern provinces but it is from the West, the prairie and Rocky Mountain foothills that the greatest advance is expected.

CAMDEN EAST W. I.

The May meeting of the Camden East Women's Institute was held at the home of Miss Pearl Osier on Friday, May 2nd.

The meeting opened in the usual manner, Mrs. A. Robinson presiding. All correspondence was read and business arising therefrom attended to. A sum of money was donated to help a sick boy return to his home in England.

The Secretary-Treasurer read her report for the year showing a balance in the bank of $152.77. Plans were made for our summer series, to be held at the home of Mrs. I. Black, May 28th. Miss Edie will be the speaker. All members are urged to attend and a cordial invitation is given to all ladies in the community to attend this meeting on Wednesday, May 28th. We were pleased to have with us Mrs. Fred Hamm, Bath, at one time a Camden East girl. She gave us a splendid talk on her trip to Japan, which was much appreciated. Mrs. Hamm will always be a welcome guest at Camden East. Mrs. MacMorring made a few remarks on emigration. We hope to have her with us some future time. Mrs. Huffman, our District President then took charge of the meeting, it being our annual election of officers, which are as follows:

President—Mrs. A. Robinson.
1st. Vice-Pres.—Mrs. I. Smedley.
2nd. Vice-Pres.—Mrs. W. Dunn.
Sec't.-Treas.—Mrs. Allore.
District Director—Mrs. R. Lewis.
District Representatives — Mrs. A. Robinson, Mrs. R. Lewis, Mrs. Emberley, Mrs. MacDonald.

Directors—Mrs. R. Lewis, Mrs. Black, Mrs. Clarke, Mrs. H. Huff.

Programme Committee—Mrs. P. Wilson, Mrs. J. Lewis, Mrs. Clarke, Mrs. Ed. Hamilton.

Sick and Relief Committee — Mrs. Will Hinch, Mrs. Black, Mrs. Al. Reid.

Pianist—Mrs. H. Robinson.

Press Reporter—Mrs. Ed. Hamilton.

Mrs. Huffman then spoke to us in her motherly way, giving us much good advice.

The next meeting is to be held at the home of Mrs. Ernest Clarke, Switzerville, on June 13th. The roll call to be written suggestions for our next year's programme.

A delicious lunch was served by the committee and the meeting closed by singing the National Anthem.

OFFICIAL ESTIMATE OF TOURIST BUSINESS OVER $300,000,000

The Department of Trade and Commerce at Ottawa has issued its report on Tourist Traffic in Canada for the year 1929.

Tourists who entered Canada by the Ocean Ports were some 4,707 third class passengers and the salon and cabin passengers numbered 3,025 and 6,103 to 2,859 and 5,995 respectively, but the expenditure of tourists via the ocean routes is estimated at $10,695,000 an increase of about $69,000 over last year.

Tourists from the United States by automobile in 1929 numbered 4,564,626 as compared with 2,634,433 in 1928. An interesting fact in this connection is that only 4,416,557 of the above number entered Canada for one day or less, 1,691,014 for 2 to 90 days, and 1,307 for 91 days to 6 months. Computing in conjunction with the United States Department of Commerce an average of $178.00, $150.00 and $380.00 respectively has been taken as the expenditure of individuals and with these figures it is estimated that tourists have spent in Canada some $396,844,700 in 1929, an increase of $20,000,000 over 1928 tourist trade.

Then again we have the American tourists entering Canada via rail and steamer, but the returns from these items are not yet complete but it is expected that the increase for last year will show anything from five to eight million dollars and the total amount will average about eighty millions. From this the total value of tourist trade in Canada for 1929 was $300,000,000. The march of this particular traffic is from $23,000,000 in 1920 to the present estimate for 1929 of $300,000,000.

On the other hand Canadians spent some $20,062,500 abroad, and $65,625,000 in the United States from automobile traffic alone. The sum spent in the United States by Canadians entering that country by rail or steamer will be estimated at about $26,000,000. Thus Canadians are said to have spent some $111,000,000 in travel in foreign countries in 1929 alone.

ANALYSING THE BUDGET

Critical analysis of the Budget upon which the King Government is appealing for re-election is recapitulated in the Ottawa Journal of May 12 in these words:

The more Mr. Dunning's budget is examined the more it becomes apparent that it is largely a fake, a cunning but discreditable attempt to fool the public for purposes of electioneering. Dozens of items declared free under the preferential rate mean nothing at all; were clearly put in for no other purpose than to give Mr. Dunning a chance to go out West and say: "See what I've done for Free Trade!" These items, in fact, are nothing more than a mask for the Government's annihilating surrender in the matter of action against the United States. They are simply and solely a part of the old game of throwing dust into the eyes of the electors, a part of the policy of holding on to office regardless of consistency or principles.

Trickery of this kind must be exposed. So far as Mr. Dunning's budget is a step toward meeting United States tariff aggression and dealing creditably with the British Preference, it is to be commended. But Mr. Dunning must be taught that he is not now in the Legislature of Saskatchewan, and that all this mosaic of nonsense and crazy-quilt patchwork that he has tacked on to a few substantial tariff changes, are a long way from fooling the Canadian public. This Government even with a wholly sensible tariff budget, would still be subject to censure. It would be subject to the censure of a deathbed electioneering repentance, fully as much as it has injured Canada for nearly ten years. But when Mr. Dunning comes to Parliament with a long list of alleged tariff changes—that are nothing but a fraud, seeking with these fraudulent changes to trick himself back into office then the censure must be doubly severe. There has been too much of this sort of political dishonesty during the past ten years.

Scraggly, unshaven beards are like dull, unpolished shoes . . . both are entirely out of keeping with your pride of personal appearance . . . so keep your shoes at all times smart with "Nugget" which waterproofs the shoes as it polishes.

"NUGGET" SHOE POLISH

The NUGGET TIN opens with a twist!

IF YOU CARE ... YOU'LL SEE

The old way of fitting the tender plastic feet of children was blind —perhaps measuring the shoe as near as possible; often taking the child's word for it.

The visible fitting of Jack and Jill shoes has changed it all. Today you can SEE for yourself and know for sure that children's shoes fit.

Now—the Jack and Jill way makes sure of your child growing up with the beauty of natural feet.

A Decorating Service equal to your every need. Wallmakers are artistic, and so they should be—for nothing can be more disappointing than an unsatisfactorily mostly decorated room. So we put our services into a completed room, and so man, when selecting will say: "If only I could see this paper on the room!"

This is the very point at which we are fully able to serve you—we have the means of showing and seeing the rooms completed. Such has been the constant study of our Mr. Miller for many years, and he has kept at it—and kept at it so successfully that he is left in a class by himself in this very city. Now, we are at the service of any home in the business district, a great convenience to you against inconvenience, cost, and disappointment.

In addition to these savings you have a selection of Wall Papers and Hangings to choose from that is unequalled in any other store in this district. Look at prices much lower than in other stores. We specialize in the best made in Canada, and the best finished and most durable.

Let us send a sample in any Sample Book you may have in your home. Or, we guarantee to match any same paper out of any Sample Book. We are receiving this out every day. Many people are interested in their color schemes, finishing the floors, and even the woodwork.

THE ANAEMIC GIRL

Who Has Lost Her Charm, and Beauty

"She seems to be losing her looks." This remark is often heard about girls who were once noted for their sparkling eyes, their rosy cheeks and their vitality. The cause is not far to seek—they have become anaemic; that is, wants for the pallor and the loss of charm. The anaemic girl, if she neglects her health, may be a sufferer later life.

Take heed, you pale, anaemic girls. A spell of fresh air, nourishing food and rest will help you, but what you need most is good blood. Those wretched headaches, that fickle appetite and those terrible heart palpitations can only be banished if the blood is rich, red and pure.

Good blood—the kind that brings good health—is created by Dr. Williams' Pink Pills. The whole mission of these Pills is to build rich, red, health-giving blood. The Pills are sold by all dealers in medicine or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

GREAT DEMAND!

So great has been the demand for Floglaze Enamel and Floglaze Paint that the huge factories have been operating overtime to keep up with the demand for this famous Canadian made product. In Napanee Floglaze Paint for inside or outside use, (priced at $1.20 a quart for colors and $1.80 for white), and Floglaze Enamel ($1.60 a quart for most colors and $1.85 for white), is sold at Wallace's Drug Store. 21

FIVE HUNDRED MORE!

Another big shipment of Autostrop Razors, complete with strop and blade, to be given away, one with each 35c tube of Rexall Shaving Cream. Wallace's, sole agents for Rexall products. 21

ONE DAY'S VOLCANO AUTOGRAPH SHOWS MOUNTAIN'S DOUBLE TILT

A volcanic autograph, written by the fire mountain itself to record its internal tremblings and tiltings as machines in hospitals write records of a patient's pulse or heartbeat, is reproduced by Dr. T. A. Jaggar, of the Hawaiian Volcano Research Association, in a recent announcement to that organization's members. This record was made on February 21, 1929, Dr. Jaggar reports, in the form of a series of inky lines traced on the drum of a recording seismograph by a pen attached to a swinging pendulum hung on like a door. Early on the morning of that day this traced line shows many small, wavy indentations, like the writing of an aged and feeble human being. These were due, Dr. Jaggar explains, to the jets and fountains of lava spouting out into the pit of the nearby Hawaiian volcano, each such outburst creating a small tremor of the ground, swinging the pendulum by a trifle and making a tiny dent in the record line. As mid-day approached a still more remarkable record appeared. Successive lines on the chart then came closer together, indicating that the whole volcano was being tilted slowly inward the observing station by the internal gas pressure also responsible for the spouting lava. About noon this gas in the volcano's interior seems to have given out or escaped, for the mountain's autograph suddenly became quiet and the spacing of the lines returned to the normal distance, indicating that the tilting of the mountain had ceased. The day's excitement, however, was not yet over, for at midnight there was a sharp earthquake, and the mountain suddenly tilted back to its original position.

KODAK DEVELOPING AND PRINTING AT WALLACE'S

All work done by an expert — prints given a rich glossy ferrotype finish — films left one day ready the next. Free enlargement when work adds up to $1.00. Mail or bring your films to Wallace's Kodak agents for over 20 years. 29

FOR DRIVERS OF HUMAN MOTORS

Pool your machine up alongside a filling station regularly three times a day and put into it high-test fuel such as leafy green vegetables, fresh fruit, milk, dark bread, and real butter. Do not use substitutes—you wouldn't drive with a limousine. This high-test fuel is remarkable in that it builds your automobile as well as puts pep in your motor.

Run your human automobile into the garage each night for eight hours of rest. Remember to open windows and get plenty of fresh air. This will prevent flat tires. Run your automobile body onto the wash rack daily. Keep the chewing apparatus clean. Brush it morning and night. Give your human ear plenty of water to prevent a dry radiator.

Visit expert mechanics regularly, (the doctor once a year and the dentist at least twice a year). They can tune and overhaul your machine and discover a little knock in the engine before you can even hear it. Put a self-starter on your flesh-and-blood vehicle—that is, remember the main facts about putting pep in your motor every day. 21

WONDERFUL COVERING CAPACITY

Floglaze your woodwork, floors, furniture and automobile! Floglaze enamel is the most talked about paint in Canada. It is so easy to spread, dries quickly and unlike ordinary enamels, it leaves no brush marks. If you have any doubts as to its wonderful covering capacity, buy a 35c can at Wallace's and try it out. 21

INCREASED ACTIVITY IN WESTERN LAND SETTLEMENT

There was a substantial increase in the number of homestead entries and sales of grain lands in Western Canada during the month of March of this year as compared with the same period in 1929. A comparative table compiled in the Dominion Lands Administration of the Department of the Interior follows:—

Agency	Homesteads Entries		Soldier Grants	
	1929	1930	1929	1930
Calgary	43	29	1	2
Dauphin	24	17	...	...
Edmonton	226	277	9	18
Grande Prairie	129	148	9	8
Kamloops	...	...	...	1
Lethbridge	41	22	...	1
New Westminster	3	2	1	...
Moose Jaw	136	97	6	2
Peace River	121	155	11	9
Prince Albert	239	409	2	32
Revelstoke	...	2	...	...
Winnipeg	28	29	...	...
Totals	992	1,188	28	73

OLD ENGLISH FLOOR WAX.

Most people are familiar with Old English Floor Wax.—To acquaint you with this Liquid Wax—for polishing furniture, pianos, automobiles, etc., we are giving with each 70c tin of the regular paste wax, a 50c can of the liquid wax, all for 70c. Make sure to take advantage of this offer at Wallace's Drug Store. 21

WHO AM I?

"You know me, but sometimes you forget me. You had better take care of me.

"Perhaps you don't think much of me at times, but if you were to wake up some morning and realize you did not have me you would start the day with an uneasy feeling.

"From me you get food, clothing, shelter and such luxuries as you enjoy.

"If you want me to— badly enough I'll get you a twelve-cylinder motor car and a home on the avenue.

"But, I am exacting. I am a jealous mistress. Sometimes you appear hardly to appreciate me, at all. In fact, you make slighting remarks about me at times and neglect me.

"Considering that you need me not only for the material things of life, but spiritually as well, I wonder sometimes that you do not take greater pains to hold me.

"What if I should get away from you? Your happiness would flee, for a time at least, and your friends would worry and your bank account would dwindle.

"So, after all, I'm pretty important.

"I'm your job!"

"Cherish me. Take good care of me and I'll take care of you."

43,000 RECEIVING OLD AGE PENSIONS

The Department of Labor is paying one half of the cost of the old age pensions to 43,000 pensioners, according to a statement issued by H. H. Ward Deputy Minister of Labor. Mr. Ward said that the old age pensions scheme is now in effect in a majority of the provinces: British Columbia, Saskatchewan, Manitoba, Alberta, Ontario and the North West Territories.

New Brunswick has also just passed an act and consideration is being given to the subject in other provinces.

DEATHS

BRISTOL — At Kingston, on Monday May 19th, 1930, Matilda Bristol, widow of the late Peter Bristol.

RAMSAY — At Camden, on Sunday May 18th, 1930, Mr. Robert Ramsay aged 79 years. Interment at Newburgh.

IN MEMORIAM

In loving memory of our Dear Mother, Mrs. Henry Craig, who peacefully passed away, May 16th, 1929.

In the early morning
Just a year ago today,
You left us Dear Mother
When no one was near.

Her eyes were closed and smiling face
Are a pleasure to recall;
She had a kindly word for each
And died beloved by all.

Peaceful be thy rest Dear Mother,
'Tis sweet to breathe thy name;
In life we loved you dearly,
In death we do the same.

Sadly missed by her children. 21ap

LONDON'S SMOKE AND FOG

In years gone by when news items from London, Ontario, were wont to appear in Toronto newspapers under the heading: "Dulness in the Present City," smart Alecs on copy desks called the famous city on the "London in the Bush" to distinguish it from "London in the Fog," which was their irreverent nickname for its mighty parent on the banks of the British Thames. Long since the historic Queenie Bush, in whose midst the Ontario city had its birth, has been hewed down, but as of yore fog and smoke are a feature of the world's metropolis. Though not quite as of yore, for the yellow mist of coal smoke and fog which still beclouds the sun in winter is thinner than it was a generation ago. The "black fogs" of old London Town, where citizens got as high noon in a chilling, choking, impenetrable blanket, are almost unknown nowadays.

Black Fogs Infrequent

Smoke consumers on factory chimneys, the changing of the Underground some 30 years ago from steam to electricity, and the growing use of electricity for motive power have worked wonders during a generation. Old London has its smoke problem well in hand and every year sees an improvement in the atmospheric conditions, though Canadians visiting there in winter time still suffer from the irritating fumes of smoke and the lack of sunshine during the year's darkest, dampest months.

London's smoke problem dates far back into the past. Writing in 1631 John Evelyn descants as follows: "The inhabitants of London are never free from coughs and importunate rheumatisms. Is there under heaven such a coughing and snuffing to be heard as in the London churches and assemblies of people?"

Although written 279 years ago this condition well applies to the London of today as many Canadians will agree. An American writer also thinks that it applies to New York, which for some years has been burning soft coal in place of the now too dear anthracite ore obligatory in the commercial capital of the United States.

Flowers To Help

A reprint of his "Fumifugium," or "The Inconvenience of the Air and Smoke of London Dissipated," was issued in February by the Ashmolean Museum at Oxford. In it Evelyn not only cries out against the "Hellish and dismal cloud of sea coale," but suggests methods for its abatement. He would have all "Brewers, Diers, Soape and Saltboylers," forced to remove five or six miles down the river. Butchers and chandlers he would also ban from the city "because of their horrid stinks." If these tradespeople refused he was ready with a second remedy. Sweet-smelling gardens were to be laid out in such profusion that their fragrance would mask the foul-smelling coal smoke. Evelyn particularly recommenced the planting of rosemary, "the flowers whereof are reported to give their scent above thirty miles at sea upon the coast of spain." Is it possible that John Evelyn's advice is in some degree responsible for the large number of greens, gardens and open spaces in modern London? In any case it is certain that the London eilmate, for all its smoke, is generally more favorable to flowers than either Toronto or New York, where infinitely more sunshine prevails.

Baby Thrived

Except in congested slums London is, apart from an undue abundance of colds, one of the world's healthiest cities. Its people are far ruddier than those of New York for all the latter's closer proximity to the salt sea. London's children in the better districts are a robust lot of youngsters. Babies born of Canadian soldiers' wives in London during the war thrived remarkably in adverse conditions, where all adults went on rations, and one Toronto mother tells how her infant used to return from a baby carriage outing in Hyde Park with roses in its cheeks despite the black smuts from coal smoke which accompanied them.

Canadians shiver in the cold English houses half warmed by their grate fires and deplore the lack of central heating systems. Britons, on their part protest the unhealthy warmth of Canadian homes arguing that it is made one soft. But England may come one day to a modified system of hot water pipes in her homes, and if she does it is a safe bet that the winter coughs and colds now regarded as inevitable in the British Isles, will no longer be so prevalent.

PAINTING BARNS!

The Sherwin - Williams Co. make "Commonwealth Barn Red Paint." It covers a large surface, wears well and gives a good red color. Ask at Hooper's Drug Store. 21

FLOGLAZE The Paint and Enamel that leaves no brush marks !. For sale in Napanee, at Wallace's.

The jury had acquitted the defendant of horse stealing because of the powerful plea of his lawyer.

"Honor bright now, Bill," said the lawyer as the two left the courthouse, "you did steal that horse, didn't you?"

"Well, now look here, I'll be honest with you: I always did think I stole that hoss until I heard you make that speech to the jury. Now I'll be dogoned if I ain't got my doubts about it."

CARD OF THANKS

In future all insertions of Cards of Thanks and In Memoriam will be inserted in The Beaver only if the money accompanies the order, at the following rates: Card of Thanks, 75c; In Memoriam, 50c., and 50c. additional for each verse.

IN MEMORIAM

In memory of our Dear Mother, Mrs. Riley Pringle, who passed away May 26th, 1928.

Just one year ago, Dear Mother,
Since you closed your weary eyes,
And went to live with Jesus
In your home beyond the skies.
O, Dear Mother, how we miss you,
No tongue on earth can tell;
The vacant chair in our home
No one can fill so well.
But Mother Dear, we know you are watching,
For when we leave this earthly shore
We will come to you in heaven,
Where we never part any more.

Sadly missed by seven daughters and three sons. 21

OBITUARY

MRS. PETER BRISTOL

Matilda Sophia Cull, born in the County of Lennox and Addington, October 13th, 1841, widow of the late Peter Bristol, of South Fredericksburg, the beloved daughter of James and Anne Cull, of the South of England and granddaughter of Major-General Joseph Walker, of the Royal Marine Light Infantry, passed to her eternal rest on Sunday evening, May 18th.

Mrs. Bristol was a wonderful neighbour and endeared herself by her gentle kindness and helpfulness to all in her community, as well as to those belonging to her home circle. She practiced unexampled charity in her intercourse with the poor and needy who never appealed to her in vain. For many years she conducted, most successfully, the infant class of St. Mary Magdalene's Sunday School in collaboration with Mrs. Elson Loyrie.

Mrs. Bristol was always an ardent church worker and in her intercourse with everyone, exemplified the motto of the Women's Auxiliary of the Anglican Church: "She Hath Done What She Could," of which association she was an active and inspirational worker for many years, until illness prevented her attendance at the meetings, though the executive regularly re-elected her every year to the office of Honorary Vice-President.

The funeral was conducted from the residence of a cousin, Mrs. A. T. Harshaw, "Hillcrest," Napanee, to the Church of St. Mary Magdalene, the service being taken by the Rev. R. J. Dumbrille, and thence to Bleeven Cemetery.

Mrs. Bristol is survived by one son, Henry James Bristol.

HOGS WANTED

WILL LOOK MUCH BETTER !

You'll need a quart or two of paint for your verandа floor — or perhaps some green for the shutters. Just remember that Floglaze outside paint covers double as many square feet as ordinary cheap brands, and looks infinitely better. Most colors are $1.50 a quart, at Wallace's, Napanee Agents. 21

THE REASON WHY

Thin, Weak Children Need Baby's Own Tablets

Malnutrition, or inability to derive nourishment from food, is a common trouble with little children — and is entirely due to stomach and bowel weakness. Another cause of loss of flesh and sleep is worms.

To correct stomach and bowel troubles and thus banish constipation and indigestion, break up colds and simple fevers; expel worms and allay the pain which accompanies the cutting of teeth is what Baby's Own Tablets were designed for. They never fail to be of aid and can be given with safety to the youngest babe.

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

He had choked her—
She was dead—there could be no doubt about that. He had learned to her dying gasp.
Now she was cold—cold as the hand of death.
Yet in his anger he was not convinced. Furiously he kicked her. To his amazement, she gasped, sputtered and began to hum softly.
"Just a little patience is all it takes, John," said his wife from the rear seat.

TORONTO OPTICIAN Offers $20 Spectacles For $2.98

GIVES 100 DAYS TRIAL

A Toronto optician has devised a new comfort spectacle that leaves no mark on the nose or face and is guaranteed against breaking or tarnishing. These spectacles are said to be the latest rage and are really the most beautiful produced in years. They create a distinguished appearance and yet rest remarkably light on the face. These spectacles will enable anyone to, read the finest print, see far or near.

The manufacturers are so pleased with this new product that they offer to send a pair of these spectacles on 100 days trial to any honest person who writes them, with the understanding that if their customers are not pleased and delighted and do not think the spectacles they list at $2.98 equal to those sold elsewhere at $20, they will be out nothing. A beautiful spectacle case and style book included free. Send no money, just your name and address and age if you wish to try a pair of spectacles at their risk. Write SELF TEST OPTICAL CO., Department 20 1006, 20 Melinda Street, Toronto, Ontario. 21a

EXPERIENCE

new water enjoyment

YOU may have been water motoring many times . . . but until you are propelled at express-train speed over the water by a new Johnson Sea Horse, you haven't experienced real water enjoyment.

Here is a motor that does everything you expect of it . . . and more! It starts at the mere snap of your wrist . . . with the new Johnson Release Charger. It skims you over the water without exhaust noises or exhaust fumes . . . with the new Johnson Underwater Exhaust.

Power and speed, unequaled until now, are yours with a Johnson Sea Horse. The Sea Horses are truly the greatest contribution yet made to water enjoyment. They are here! See them!

Have you ever heard of the famous double-barreled mistake made by a printer who transformed a "battle-scarred veteran" into a "battle-scared veteran," and, when called on by the irate colonel next day to correct it made matters ten times worse by referring to the victim as a "battle-crazed veteran."

LOCOMOTIVE GRATES IN HOME FURNACE

Lennox Torrid Zone Has Many Features Besides Steel-riveted, Gas-tight Construction

The most durable type of grates in the world are used in the Torrid Zone Warm Air Furnace. They are of the special rocking design as used in locomotives and are controlled from the outside by a long-handled "lazy" shaker. Hardly more effort is required to shake them than is used in brushing the teeth. Any woman can do it—and she could do it in a party dress without fear of dust or dirt because of the unusually tight-fitting doors.

The Torrid Zone is the ideal furnace for the fine residence and is made in types and sizes for homes of every class and for schools, churches, stores and office buildings. There are combination hot water and warm air types and others equipped with electric blowers for large scale operating. They are made for hard or soft coal, coke, lignite, wood, gas or oil—and they'll save money for you in the burning of any one of them. Made by the Lennox Furnace Company of Canada, Limited, Toronto, Ont. and Winnipeg, Man.

Torrid Zone Standard Coke Installers

New Vessel Soon to Sail Noted Inside Passage

THE Inside Passage along the coast of British Columbia where the ship runs north to Alaska for five hundred miles between rugged islands and a mountainous mainland has a reputation among mariners that is world wide. No coasts, they say, except those of New Zealand and some parts of Norway, known for its great fiords, match this stretch of seaboard in majesty of scenery.

There is only one short gap during the whole length of the voyage where the vessel is open to the full sweep of the Pacific. The rest of the time the great islands intervene and to all intents the boat is sailing along an inland sea. It is quiet and peaceful. The shore is only a stone's throw away. The smell of fir trees in the air mingles with that of sea water.

The newest vessel to be put on this service has just been launched in England. The Prince Henry will sail through the Panama Canal to join the Canadian National Steamships fleet in June and will make her first sailing northward on July 3. The Prince Rupert and Prince George are already on the run and are known to the thousands of tourists who make the journey from Vancouver, or Prince Rupert north to Skagway, Alaska, and the Yukon every summer. Two other new ships for the Canadian National Pacific Coast Service, the Prince Robert and the Prince David, are now under construction.

A BETTER, BRIGHTER BREAKFAST

The better the breakfast, the brighter the day. Don't fog the brain and clog the body by eating a heavy, indigestible breakfast. Brighten the day by eating Shredded Wheat with milk and go to work with buoyant step and mental alertness. Shredded Wheat with milk makes a complete well-balanced meal containing everything the human body needs for growth and strength. Try it with berries and cream. It's a rare treat.

SHREDDED WHEAT

WITH ALL THE BRAN OF THE WHOLE WHEAT

THE CANADIAN SHREDDED WHEAT COMPANY, LTD.

MORE MILK IS USED

During the past eight years domestic milk consumption per capita has practically doubled in Canada. The Dairy and Cold Storage Branch of the Dominion Department of Agriculture attributes this increase to the growing demand of the sweet milk trade and to the increasing popularity of ice cream. Canada's exports of dairy products have declined materially, and this has been due in part to the increasing domestic consumption and in part to the large numbers of high quality milch cows which have been sold to United States buyers and gone out of the country. In this connection it is noted that there were approximately 100,000 fewer good milch cows in Canada in 1928 than there were in 1927. Canadian dairymen are relizing the economic danger of the situation however, and few sales of high grade milch cows are now reported.

A safe and sure medicine for a child troubled with worms is Mother Graves' Worm Exterminator.

Landlady: And how do you feel now?

Lodger: Just terrible. I feel as if I was going to die.

Landlady: Well, you can't die here; this is the living-room.

Teacher: Frank, what is a cannibal?

"Don't know mum."

"Well, if you ate your father and mother, what would you be?

"An orphan, mum."

WELLAND CANAL NEARS COMPLETION

Important Link in Great Lakes Route To Be Opened on July 1 Next

The Welland Ship Canal which is to be opened to traffic on July 1, 1930, is one of the principal links in the great chain of navigation from the strait of Belle Isle up the St. Lawrence and through the Great Lakes to the western end of Lake Superior, a distance of 2,339 miles. In considering the historic and romantic background of this vital artery of Canada's trade for the past hundred years, the story of the Welland canal may be said to recapitulate the important events in the Dominion's advance among the nations of the world. From time to time, to cope with the country's ever-increasing volume of trade, no fewer than three canals had been constructed across the Niagara Peninsula of Ontario from Lake Erie to Lake Ontario previous to the present undertaking. The first of these was opened for traffic in 1829, the second in 1845, and the third in 1870.

Improvements to the 1870 canal bringing its depth to 14 feet and other measures were effective until 1913 when it was seen that a new and much larger canal was an absolute necessity. Construction was delayed by the Great War but such progress has been made in the last few years that on Dominion Day, Canada will formally open one of the great canals of the world, and one distinguished by many unique features.

The total length of the Ship Canal is 27.7 miles between the outermost end of approaches at Port Weller in Lake Ontario and those at Port Colborne in Lake Erie. For all practical purposes it is a straight line throughout, and the difference in level between Lake Ontario and Lake Erie (326½ feet) is overcome by seven locks of 46½ feet lift each and a guard lock. The usable length of these locks is 820 feet, the usable width 80 feet with 30 feet of water on the sills. The provisions of this latter depth over all permanent structures will make it possible, later, to increase the depth of the entire canal to 30 feet by excavation of the reaches, through which, for the present, a minimum navigable depth of 25 feet is being provided. The canal reaches are 200 feet wide at the bottom and 310 feet wide at the waterline. Both Port Weller and Port Colborne harbours, which may be affected by the action of the waves, have been dredged to an average depth of 27½ feet below standard low water level.

The lift of the Welland Ship Canal locks has no precedent in actual construction for locks of their size. Flight locks Nos. 4, 5 and 6, down the face of the escarpment, are twin locks in one flight with a total aggregate lift of 139½ feet. They are similar to the Gatun locks on the Panama Canal, which, though of somewhat larger dimensions, have an aggregate lift of only 85 feet. By means of these twin locks vessels may be passed up the escarpment at the same time as other vessels are being passed down.

There are many other interesting features in the new canal which crosses the old canal at several points and coincides with it at others, all to the advantage of the new. For instance, from Welland to Humberstone the old and new canals coincide, but just north of Humberstone the new canal leaves the old one to continue a straight alignment into the harbour at Port Colborne and thus eliminate a very sharp curve in the old canal known as Ramey's Bend. Again by keeping the summit level from Port Colborne, Lake Erie, to Thorold at a regulated height by means of a guard lock, vessels can be passed into the canal without delay from the constantly fluctuating level of Lake Erie. This is entirely new and effects a vast improvement in navigation.

The time taken to fill a lock is eight minutes, and it is estimated that a vessel can be passed through a lock in about twenty minutes. The estimated time required to pass a vessel through the entire canal is eight hours, as against fifteen to eighteen hours on the present canal. The canal will be electrically lighted and operated, power generated from the flow through canal operation. Though every effort has been made to reduce such structures to the minimum no fewer than twenty-one railway and highway bridges have had to be provided over the canal.

The opening of the new canal will allow the great steamers of the upper lakes, many of them over 600 feet in length hitherto confined to the lakes above the canal, to carry their cargoes to the lower end of Lake Ontario and, very shortly, to Prescott, where adequate terminal facilities are being constructed. This will materially reduce the canal-barge and rail haul between lake boat and ocean steamship.

Miller's Worm Powders will not only expel worms from the system but will induce healthful conditions of the system under which worms can no longer thrive. Worms keep a child in a continual state of restlessness and pain, and there can be no comfort for the little one until the cause of suffering be removed, which can be easily done by the use of these powders, which are very effective.

406,589 RADIO LICENSES

For the 11 months ending February 28th, a total of 406,589 radio licenses had been issued in Canada by the Department of Marine. Of these 405,703 were for receiving sets, 81 for private commercial broadcasting, 10 for public broadcasting and the remainder for experimental, training schools and other purposes. Ontario, with 201,941 receiving sets leads Canada with Quebec next.

Patient: Doctor, how are my chances?

Doctor: Oh, pretty good, but I wouldn't start any continued stories.

J. MURPHY, Dealer, Napanee

CANADA'S BEEF CATTLE INDUSTRY

Department of Agriculture Co-Operates With Ranchers In Studying Problems of Industry

Previous to 1912, when the beef cattle industry in Canada was in a thriving condition, a very small investment, outside of that in cattle, was necessary to carry on the business. With the coming of the settler, and the consequent splitting up of the open ranges, the rancher was confined to a definite area. This change necessitated a more economical use of the range and the construction of fences, the development of watering places, and the production of winter feed. With these increased costs more attention was paid to the class of cattle raised, the percentage calf crop, and the death losses. Although the best known grazing practices were followed there was a decline in the carrying capacity of the ranges, and many areas became badly overgrazed. The result was depleted pastures, less thrifty cattle entering the winter, and sub-normal gains in weight by marketable and breeding cattle.

It was not until 1923 that a demand arose for experimental work on the range, and following a survey in 1926 by the Dominion Experimental Farms Department of Agriculture, it was decided to conduct experiments on the short grass plains to study methods of range management, with the object of improving the carrying capacity. As the outright purchase and equipping of an experimental ranch appeared to be unwise because of the large cost involved, it was decided that it would be more economical and more useful to co-operate with some ranchers who had long experience in ranching. Gilchrist Brothers of Medicine Hat, Alberta, offered their co-operation, which was accepted and the experiments are now being carried out on this ranch.

The main project under investigation is known as the deferred and rotation system of grazing. It is usually carried out on three pastures, depending upon the conditions under which it is practised. The system is designed to defer grazing on each pasture to mature a crop of grass. On the station, four fields, each comprising 3,740 acres, are used to determine the practicability of the scheme. The fourth field is grazed continually and serves as a check on the other three fields. In order to determine the efficiency of this system of grazing as a whole and whether or not the grass cover is improved, a thorough study of all factors affecting it is made. An essential factor in range management is a reliable water supply. In this connection the development of natural watering facilities is being investigated. Other factors in range management being studied include the use and save useful to co-operate with some ranchers who had long experience in ranching. Gilchrist Brothers of Medicine Hat, Alberta, offered their co-operation, which was accepted and the experiments are now being carried out on this ranch.

The main project under investigation is known as the deferred and rotation system of grazing. It is usually carried out on three pastures, depending upon the conditions under which it is practised. The system is designed to defer grazing on each pasture to mature a crop of grass. On the station, four fields, each comprising 3,740 acres, are used to determine the practicability of the scheme. The fourth field is grazed continually and serves as a check on the other three fields. In order to determine the efficiency of this system of grazing as a whole and whether or not the grass cover is improved, a thorough study of all factors affecting it is made. An essential factor in range management is a reliable water supply. In this connection the development of natural watering facilities is being investigated. Other factors in range management being studied include the use and of cattle, the possible limits of the grazing periods, the palatibility and nutritive value of the range vegetation, the influence of deferred and rotation feeding value of hay kept several years in reserve, and the effect of frequent cutting on range hay production. As a fencing occupies an important place in the ranch operations, the use of wood preservatives for the posts and cost of construction and maintenance are also being investigated.

In addition to the projects at the range station there are several other investigations being conducted in Alberta, Saskatchewan, and British Columbia, including the determination of the vegetation, reseeding tests on burnt-over land, and a number of trials in the growing of forage crops for winter feeding. A beginning has been made on the study of the cost of production of range cattle in the different grazing areas, the object being, first, to learn the financial importance of different factors in the cattle business; secondly, to present a fair picture of the industry, and thirdly, to analyze the business for the purpose of learning which are the most profitable range practices to follow in the different locations.

New projects to be studied during 1930 will be the determination of the carrying capacity of the range land on the short grass plains, the winter feeding of cattle the use of home-grown roughages and their economic value for hastening younger steers to maturity, and the value of supplemental feeding to cows on winter pasture.

When more complete information is available on summer grazing, winter feeding and on cost of production, a fairly complete knowledge of all phases of the cattle industry will be available.

GREAT TRANSITION IN PRAIRIE WEST

In a bulletin issued by the deputy postmaster general an interesting history is disclosed. The account, published by H. J. Cebourg, is as follows: In recent press comments on the inauguration of the Prairie Air Mail Service reference was made to the fact that fifty years ago mail between Winnipeg and Edmonton was carried by horse and dog teams, about 21 days being required for the journey each way. The present postmaster at Pakan, Alberta, Mr. John A. Mitchell, in 1899 was a clerk in the service of the Hudson's Bay Company at Fort Edmonton, N. W. T., (Edmonton, Alberta) and had charge of the Post Office there. In receiving and handling all the mails, incoming and outgoing, through the horse and dog-sled service [illegible] Mr. Mitchell is a [illegible] Office development in the last [illegible] able to appreciate the [illegible] in mail transportation [illegible] as a result of the new air mail service.

save

by serving Kellogg's Corn Flakes and milk for the children's supper. Dietitians say it's an ideal dish . . . easy to digest, well balanced. The very type of supper children need. And it saves any mother work, worry and

time

Kellogg's

CORN FLAKES

More than 12,000,000 people daily demand Kellogg's because of that famous "wonder" flavor.

You'll like Kellogg's for lunch and supper as well as breakfast. Great with fresh or canned fruits and berries.

Look for the red-and-green package — with the waxtite inner sealed wrapper that keeps the flakes oven-fresh.

At all grocers. Served by hotels, restaurants. Made by Kellogg in London, Ontario.

SUCCESSFUL POTATO GROWER

Mr. Stuart Simmons, Wilton, one of the most successful potato growers in the County, who also has the distinction of being the first farmer in Lennox and Addington to produce Certified Seed, attributed his success in the growing of potatoes to three factors:

1. Mr. Simmons plants only Certified Seed as he realizes that unless you have good seed to start with you are sure to be disappointed in your results. He says "Good Certified seed is cheap at any price, while poor seeding seed is expensive even if it may be secured free of charge.

2. Mr. Simmons also realizes that potatoes are heavy feeders of plant food and in order to secure a bumper crop they must be 'well fed.' In addition to plowing down clovers and legumes, as well as a liberal application of barnyard manure, he applies commercial fertilizers. On his 1929 crop he used two or three different mixtures and applied them at the rate of 600-800 lbs. per acre, he left a few check rows and they clearly demonstrated the value of commercial fertilizers to a heavy feeding crop. He realizes that conclusions cannot be drawn on one season's results so is again trying several mixtures on his 1930 crop.

3. The third and final step, and as an added insurance against scab and Rhizoctonia, Mr. Simmons treats all his potatoes just before the seed is cut using the following method:

The potatoes are soaked for from two to three hours in a solution made by adding 1 pint of Commercial Formalin to 30 gallons of water. This amount is sufficient to treat 40 bushels of potatoes, provided 10c much is not wasted when the potatoes are removed. After dipping the potatoes can be spread out to dry in the sun before cutting. He also advises the washing or dipping of all crates, sacks and utensils that will come in contact with the potatoes before they are planted. Mr. Simmons keeps a few sheep and utilizes the sheep dipping tank for treating the potatoes.

In addition to the above the potatoes are thoroughly sprayed with a power-sprayer at regular intervals, depending upon the season, to control blight and rot, as well as Potato Beetles. A Bordeaux mixture of 4 lbs of Copper Sulphate, 4 lbs Hydrated lime and 40 gals. water is used and when the beetles are present, 2 lbs of Arsenate of Lime is added.

Many farmers will say: "Oh, that is too much trouble," and "Look at the expense!" Yet, when you consider that the average yield for potatoes in this country during the past 5 years has been but 80 bags per acre, and it is little wonder that many people think there is no money in growing potatoes. It is true an increased yield may mean a reduced price, but everyone agrees that despite the price there is no money in an 80-bushel yield. "The higher the yield per acre, the lower the cost per bushel."

This is an age of specialization in agriculture as well as in other branches of industry and Mr. Simmons is to be congratulated on the success he is making of his specialty.

WHY SUFFER FROM YOUR LIVER?

Why be handicapped with unsightly blotches on the face, eyes with yellow tinge and that tired and languid feeling? This indicates a torpid liver.

Headache, Dizziness and Biliousness surely follow. You must stimulate your lazy liver, start the bile flowing with Carter's Little Liver Pills.

They also act as a mild laxative, purely vegetable, free from calomel and poisonous drugs, small, easy to swallow, and not habit forming. They are not a purgative that cramps or pains, unpleasant after effect following, on the contrary a good tonic. All Druggists 25c and 75c red pkgs.

"I am afraid, doctor," said a woman to her physician, "that my husband has some terrible mental affliction. Sometimes I talk to him for hours and then discover that he literally hasn't heard a word I said."

"That isn't an affliction," was the reply; "that's a divine gift."

Asthma Overcome. The triumph over asthma has assuredly come. Dr. J. D. Kellogg's Asthma Remedy has proved the most positive blessing the victim of asthmatic attacks has ever known. Letters received from thousands who have tried it form a testimonial which leaves no room for doubt that here is a real remedy. Get it to-day from your dealer.

FASCINATING LINKS IN CANADA'S HISTORY

What was the first document signed by Queen Victoria after her accession to the throne on June 18th, 1837? No doubt the trained archivist could answer this question off hand, but it is enough for the lay man to know that one of the first documents is now on view in the Grey Room at the Dominion Archives. This was signed only two days after the death of William IV had transformed the obscure princess into the greatest of reigning monarchs. This letter, written on heavily black bordered paper in the careful penmanship of a century ago, was addressed to Lord Gosford, Governor-in-Chief and High Commissioner of Lower Canada, by the Colonial Secretary, and while long in the possession of the Canadian Archives, has only lately been available to the public.

The letter is headed "Additional Instructions to Our Trusty and Well Beloved the Governor, Lieutenant Governor or the Officers administering the Government of Lower Canada. Given at Our Court of St. James the 22nd day of June, 1837, in the First Year of Our Reign."

"The First Year of Our Reign" must have been almost a terrifying experience to this young girl with the never ceasing demand on time and strength, with duties and responsibilities undreamed of in her retired life. But although Kings die and Queens live, government routine goes on, and thanks to ministers, secretaries, government clerks of high and low degree, letters, orders, documents of all kinds were prepared for signature, and all the details of the change in monarchy were attended to. Reading this letter one realizes the many changes the death of the Sovereign necessitates, for its import is "Whereas We have been pleased by Our Order in Council of the Twenty-First Instant (a copy whereof is hereto annexed) to declare Our Royal Will and Pleasure that in all the Prayers, Liturgies and Collects for the Queen, instead of the word "King" and so on. One cannot but be impressed with a fact, so indicative of Her Majesty's character, that the "Victoria R." signed by the youthful Queen shows no change from the signature of sixty years later.

HE'S NEVER SEEN EQUAL OF SARGON

"In spite of tonics and special treatments I took, I steadily lost strength and energy and I kept going down hill.

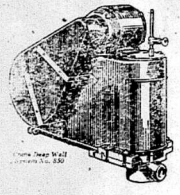
JOHN HARRISON

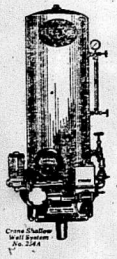
I suffered with indigestion and bilious spells and hardly passed a day without a headache. I couldn't half sleep and would get up mornings completely fagged out. Four bottles of Sargon restored my appetite, my weight has increased 10 pounds, I sleep fine and have more strength and energy than I've had in years. In my opinion there's nothing to compare with Sargon!

"Sargon Pills put my liver in fine working order and rid me of constipation." — John Harrison, well known farmer, Woodbridge, Ontario.

Sargon may be obtained in Napanee, at Hooper's Drug Store, who has been awarded the exclusive Sargon agency for this town.

NO it won't pump MILK FROM THE WELL···





···but it will increase the milk supply from your cows.

More important even than grass and hay to that marvelous manufacturer of milk, cream, butter and cheese, is an ample supply of pure, clean running water.

Crane Automatic shallow or deep well pumps are made in types to meet conditions on all farms. They give water under pressure, at a cost never higher and often much lower than city people pay.

Crane systems can be installed step by step—one unit at a time.

Prices begin at $100.00

Have you enquired about the Crane budget plan, spreading payments over a period of months?

Persian Balm preserves and enhances women's natural heritage of beauty. For sheer feminine loveliness it is unrivalled. Tones and rejuvenates the skin, and makes it exquisite in texture. Delightful to use. Smooth and velvety, it imparts a youthful charm to every complexion. Indispensable to all dainty women. Especially recommended to make hands soft and white. Delicately fragrant. Preserves and enhances the loveliest complexions.

BILLION DOLLAR DROP IN PAYMENTS MADE AT BANKS DURING MARCH

The March statement of Candian banks for March reflects the continued contraction of business through the Dominion as a result of the stock market collapse of October and November and of agricultural conditions.

Expenditures, as represented by payments made through banks fell off in March by almost $1,000,000,000 as compared with the same month in 1929.

There was a decline of 22.3 per cent in March, 1930, as compared with March, 1929, in the financial transfers in the form of bank debits charged against deposits at the branches of the chartered banks in the clearing house centres of Canada. The amount so charged was $3,982,000,000. Judging by the transactions on the Montreal stock exchange the number of shares traded in March were slightly less than half of the totals for March 1929 and in fact all business operations were also at a considerably lower level. Debits in Montreal showed a decay of 28.7 per cent and debits in Toronto dropped 19 per cent.

After adjustment for seasonal tendencies the decline in the aggregate debits from the Dominion from the levels for February was 1.7 per cent. but in the larger clearing centres the debits especially at Montreal and Toronto, after adjustment showed gains of 17 per cent and 22 per cent respectively; and Winnipeg and Vancouver showed small declines from last month.

"MAR-NOT" VARNISH!

For floors, linoleums and wherever a good wearing, hard-drying varnish is needed, we suggest that you try one can of "Mar-Not" Enamel Varnish, sold at $1.75 per imperial quart. Also a quick drying general purpose varnish at $1.25 per imperial quart. Both guaranteed at Hooper's Drug Store. 21

Lowe Brothers High Grade Paints and Varnishes. Has no equal. Floor Varnish that we will guarantee to stand up under a harder test than any other varnish at any price. Boyle's English Wax is growing in popularity at Boyle & Son's. 21a

COPALLINE YOUR FLOORS

Woodwork, furniture and linoleums! Unlike most varnishes, Copalline, the universal varnish, stands up equally well for any purpose! It does not darken hardwood floors, will not turn white with water, dries in 4 hours with a brilliant gloss and wears like iron. Copalline for sale, in Napanee, at Wallaces. 20

OLD, DISCARDED FURNITURE

From the attic now occupies the best rooms in many fine homes! Chairs have been done with Floglaze Enamel and are good for many more years of service. This famous enamel comes in such a variety of shades that any color scheme is easily carried out and old things re made to take on an unbelievable attractiveness. Samples of Floglaze work, with many suggestions for combination colors, at Wallace's Napnee agents for Floglaze. 21

LADIES' GOLF CLUB ANNUAL MEETING

At the annual meeting of the Ladies' Golf Club, the following officers were elected:—

President—Mrs. J. W. Robinson.

Vice-President—Mrs. Burritt.

Secretary—Mrs. Cameron Wilson.

Captain—Mrs. D. R. Hall.

Committee for Home Games—Mrs. Galbraith, Mrs. H. Daly.

Entertainment Committee for Visiting Teams—Mrs. W. Wilson, Mrs. A. L. Dafoe.

Any one desiring about the first of June sea will be served as usual on Wednesday afternoons.

MORE PROFITS, FARMERS!

The amazingly satisfactory results obtained by users of MARMILL Chick Starter, followed by MARMILL Growing Mash, Developing Feed, and other MARMILL lines, have convinced me that they are the equal of any feeds now on the market. I wish to introduce to you, two other feeds—MARMILL Turkey Starter and MARMILL Turkey Grower—feeds just as essential to the turkey raiser as other mixed poultry feeds. I would like to talk to you about these feeds—how to assure satisfactory results—market conditions and so on. May I hear from you?—Stock of Seed Corn, Millet, Rape and Vetches, now complete. — M. N. EMPEY, Napanee. 'Phone 247. 21

ODESSA ENTERS COUNTY LEAGUE

New Schedule To Be Drawn Up

The schedule of the Lennox and Addington Baseball League which was printed in the Napanee Beaver last week, will be withdrawn, as the Odessa team have entered. This will make six teams in the League comprising the following: Tamworth, Forest Mills, Adolphustown, Gibbard's, Adolphustown Maple Leafs, Odessa. As it will be impossible for the new schedule to be published before the first game is to be played, the first two games of the previous schedule will remain the same:

May 24 Gibbard's vs. Tamworth.

May 28 Adolphustown Maple Leafs vs. Forest Mills.

The new schedule will appear in next week's issue of the Beaver.

VOX NOSTRORUM CLUB

Is a male chorus being formed in Napanee of all men interested in music and such an organization, and members are earnestly solicited from Napanee and the surrounding country. This is undenominational and will not conflict with similar organizations. Any further information will be gladly furnished by Mr. J. B. Stalker, President, or any interested party of the Dominion. Mr. Crossman comes from Amherst, Nova Scotia, and now resides in Marysville.

Practices are being held every Friday night until the summer season when the Club will disband until Fall but it is desired to gather impetus now so tenors, barritones and basses, join our throng and help to make this male chorus something of which our citizens will become justly proud.

WALLPAPER

Hogarth's still have a good assortment of wallpapers, priced 7c 10c, 12½c and 15c. 21a

NAPANEE HUMANE SOCIETY

Will hold its next meeting at the Public Library on Thursday, May 22nd, at 8:00 p.m., to make preparations for our annual Tag Day. 21

YOU CAN'T DO IT!

Some one has said that you cannot paint a house with applesauce but that is what some people think they can do. The cheapest and best paint is good White Lead and Pure Linseed Oil. Ask at Hooper's Drug Store. 21

MAKE THIS TEST!

Buy a pint of Copalline—and a pint of any other varnish, say one that costs 25c more—use on the same floor, side by side—Do this, and you'll prove to yourself that regardless of price, Copalline stands the most rigid test. Sold at $1.60 a quart, at Wallace's, Napanee agents. 20

PLAY AND DANCE

The Hayburn Young People will present their popular comedy: "A Poor Married Man" at Adolphustown Parish Hall, under the auspices of the Ladies' Guild of St. Alban's on Friday, May 23rd, Admission 35 cts. A dance will follow the play. Admission 35 cents and ladies 10 cts. 20b

WE HAVE VARNISH

At a great deal less price—and one that sells at a dollar a quart more. But no matter what you pay, you'll agree that Copalline, for everyday wear and use, is the ideal varnish, for every purpose. It sells at 80c a pint, $1.60 a quart and $3.00 a half-gallon, at Wallace's, Napanee agents. 20

BEST FOR BABY!

Because a particular drug or medicine has millions spent on advertising it is for the public, it does not make that article any better. You seldom see Riker's Genuine Milk of Magnesia advertised, yet the Government Analytical Department shows it to be in the very front rank! Insist on the genuine Riker's 25c and 50c, at Wallace's. 20

I. O. D. E. BRIDGE PARTY

A very delightful bridge party was held in the Town Hall, Friday evening, May 16th, under the auspices of I. O. D. E. Chapter, I. O. D. E. The hall was tastefully decorated with tulips, emblems and flags, and there was a splendid attendance of players. Mrs. R. G. Gilbride was the winner of the ladies' prize; Mr. Bill Dibb winning the men's prize and Miss Van-Luven the "lucky chair" prize. Dainty refreshments were served by the committee in charge, of which Mrs. R. H. Hall was convenor.

BRIDAL SHOWER

On Wednesday afternoon, Mrs. Harold Anderson entertained at her home, in honour of Miss Mildred Roblin, whose engagement has just been announced. Miss Roblin, wearing a lovely frock of green Georgette crêpe and black hat, received with her hostess, who was becomingly gowned in violet georgette. The drawing rooms were appropriately decorated with snowy plum blossoms, pink tulips and snapdragons, pink bells and white wedding bells.

After tea had been served by the Misses Marion Roblin, Doris Anderson, Mary Daly and Grace Boyes, with Mrs. J. G. Daly and Mrs. B. F. Davy pouring tea, the bride-elect was invited to ring the wedding bell. A veritable shower of confetti and good wishes descended and in the meanwhile a wagon-load of gifts appeared magically. A very fairylike wagon it was, all pink and white flowers and piled high with pink and white parcels, containing many lovely presents.

After the fun of opening and inspecting the gifts, Miss Roblin thanked her friends prettily.

CONWAY WOMEN'S INSTITUTE

The annual meeting of Conway Women's Institute was held at the home of Mrs. William Keyes on Tuesday, May 13th. Following the opening exercises led by the president, roll call was answered by paying fees for the coming year. The Secretary read letters expressing gratitude and thanks for flowers sent such members also a letter of sympathy to bereaved members, also from Mrs. Simpson, for cheque forwarded for Gobermorey doctor. It was announced that anyone wishing information regarding septic tanks may apply to Mr. H. Runions, and receive blue prints.

Mrs. W. Ackerman favoured us with an instrumental solo, which was followed by a very excellent paper on "Education," given by Mrs. H. Phippen. The resignation of Mrs. Phippen as secretary-treasurer was received with much regret. During her five years in this office she has been very faithful and efficient. Mrs. R. Hill was appointed to take the office of secretary-treasurer, the other officers being re-elected.

In the Layer Cake Contest, Mrs. R. Young was awarded the prize. The meeting closed with the National Anthem after which refreshments were served and a social time spent by all.

On Thursday, May 16th, the open meeting of Conway Institute was held in the United Church. Conway is proud to the weather not being very favourable, the attendance was not as large as we had hoped for. The President opened the meeting in the usual order. The Secretary-Treasurer gave a report of the year's work, which was very gratifying, showing a cash balance on hand of $104.00. A solo "For Home and Country," by Miss Magee, with Mrs. Hall as accompanist, was much enjoyed. The President then introduced the speaker of the afternoon, Mrs. C. Malcolm, Tamworth, her subject being: "Women's Responsibilities." Mrs. Macoun said that women's responsibilities were never greater, setting as they do, the moral standards of the world. Mrs. Macoun spoke also on "Practical Hints for the Busy Woman.", telling us,it is a good help to budget our time as we do our cash, also giving us many other helpful ideas. Both Mrs. Malcolm's talks were much enjoyed and of interest. Mrs. R. Sharp, in her always pleasing manner, rendered two readings, which were much enjoyed.

After a hearty vote of thanks to Mrs. Macoun and Mrs. Sharp, the meeting was closed and tea being served at the close of the meeting. Before leaving for home we were reminded of the District Annual meeting, which will be held at Conway on June 17th.

FREE SHOTS ON Local Sport

Odessa finally decided to enter the County League this year.

* * *

But whether they get in or not is a different matter. Anything is liable to happen in a Bush League.

* * *

Every team was given an opportunity to enter who wished to and it rests with the other clubs whether Odessa will play or not.

* * *

In the present five-team loop, one team is idle every Saturday so that another game a week could be inserted without changing the schedule.

* * *

It was rumoured that Napanee was trying to enter a team too, although nobody seems to know much about it.

* * *

Gibbard's have not had a practice for a week now and unless the weather changes radically, it looks as though it will be another week before the park will dry up.

* * *

Manager Loucks is getting a nice squad rounded up and should give any team in the group a run for their money.

* * *

Now that Adolphustown has split up, Tamworth seems to be the team to beat.

* * *

It must be too early for the Aquatic enthusiasts to arouse much interest although its hard to beat the spring weather on the river.

* * *

There were only two of us at the meeting of the Club last Wednesday but since we couldn't agree which of us was to be president, a motion to adjourn carried unanimously.

SEE WALLPAPER SPECIALS

At Hooper's Drug Store. Some 25c, 20c and 15c papers going at 15 cents per roll, and they are good! 21

FLOOR PROBLEMS!

Bring your floor problems to Wallace's Drug Store. Through a course in "How to Finish Old and New Floors" we are prepared to give expert advice on this often perplexing problem. Wallace's, agents for Johnson's Wax and Floor Finishes, and for Copalline Varnish. 21

WEDDING BELLS

KENNY — McGRATH

The Church of The Assumption, Erinsville, was the scene on Monday, April 28th, of a very pretty wedding, when Mary Dorothy, youngest daughter of Mr. and Mrs. Edward J. McGrath was united in marriage to Mr. Eugene Benedict Kenny, son of Mr. and Mrs. Maurice Kenny, Enterprise. Rev. Father Nanalan officiating. The bride, leaning on the arm of her father, who gave her in marriage, entered the church to the strains of the wedding march, played by Miss Helen York, of Tamworth. The bride wore a pretty costume of egg shell guipure lace over cottaglith hat and shoes in matching tones and a string of Hizzie pearls and earings the gift of the groom. She carried a white prayer book, a child-hood gift of the late Very Rev. Dean Quinn, of Tweed and a pearl rosary, the gift of her mother. The bridesmaid, Miss Max Bronson looked charming in a costume ensemble of brown crepe satin with hat and shoes contrasting. Mrs. E. McGrath, mother of the bride, wore beige crepe satin and her ornamenting tones; Mrs. Maurice Kenny wore black satin and black hat.

Following the ceremony the popular young couple returned to the home of the bride's parents where a wedding breakfast was served to over one hundred guests.

The groom's gift to the bridesmaid was a blue amber boudoir clock and to the groom's man, Mr. George Pickwell, of Verona, a white and gold cuff links, and to the organist, an ivory boudoir clock. The high esteem in which the young couple were held was testified by the amount of money and gifts which they received.

Mr. and Mrs. Kenny motored to Kingston and took the afternoon boat to Watertown, N.Y., then to Back-ett's Harbour, Adams, and Syracuse. On their return they will reside at Enterprise East.

DAY L. BOYCE, Inspector, Odessa.

News and Information For the Farmer

Reports received from practically all corn-growing districts convey expectation of increased planting. Essex and Kent will both have more corn and more than average attention is being given the crop in Elgin, Norfolk and Bruce.

The agricultural representative in Lambton County reports that fertilizers are coming into more general use there each year. Considerable quantities are using quantities of mixed fertilizers and farmers are using commercial materials on fall wheat, sugar beets and some corn fields. An especial increase is noted in the use of unmixed nitrate, potash and phosphate.

Clovers, which make up the most valuable part of our hay crops, require sweet soil. The Reaccomplished by the O. A. C. a simple and accurate test, quickly tells whether or not the soil requires sweetening. A kit containing enough material to test 100 samples can now be obtained directly from the college or from your county agricultural representative.

In an attempt to meet the demand of sugar beet growers in the southwest, counties for information on the kind and quality of commercial fertilizer to increase the yield and improve the quality of sugar beets, the O. A. C. Department of Chemistry is conducting a series of tests in co-operation with the agricultural representatives, J. A. Garner and S. B. Strothers, and representative growers of Kent and Essex Counties.

Weed Situation Serious

In a recent conference of weed inspectors J. A. R. G. Smith, of New Hamburg, District Weed Inspector of Western Ontario, declared: "We are slow to awaken to the serious situation that confronts us. It is necessary that we have the hearty co-operation of the press and public opinion to assist in reducing the possibility of a greater spread of Sinden, specially those designated 'Noxious' and under the ban of the Ontario Weed Control Act. Weeds are growing so fast that we do not awaken to the seriousness of the situation. For instance the perennial sow thistle is not to be found over the entire Province of Ontario." All inspectors are asked to have a thorough inspection made at once. They are also urged to make their position definable as 'weed advisers' in plain of 'inspectors' in the ordinary sense of the word.

Alsike and Clover Good

This year alsike and sweet clover are very moderate in price and both will produce one cutting of hay and pasture, or may not as hay. The alsike is the best clover to sow with timothy and is like the sweet clover, can be sown any time during May or June. Alfalfa also can be sown in July and feed if sown at any time during these two months. Furthermore, any of the crops mentioned can be sown right over the winter and they will give a good crop the next season.

Heavy Winter-Killing

Of the 670,609 acres of winter wheat sown in Ontario last fall, only 309,000 acres will be harvested, according to an official estimate. The difference of 161,630 acres represents the amount winter-killed. The percentage is 24, as compared with 5 per cent. in 1929 and 9 per cent. the average for ten years 1919-1929. Counties also lost 16 per cent. of its hay and clover crop by winter-killing, as compared with 3 per cent. last year.

Tobacco Acreage Grows

Approximately 13,000 acres of flue-cured tobacco will be under cultivation in Norfolk County this year, according to an official computation by J. K. Perrett, departmental field man. This compares with 10,000 acres in 1929 and 3,000 acres in 1928. The farm leaders in early May brought the plants on rapidly and planting started in the middle of May. The canning industry during the past two weeks. The Imperial Tobacco Company is completing the erection of a new half-million dollar drying and grading plant at Delhi, the centre of the district.

Soy Bean Tested

The Department of Field Husbandry of the O. A. C. is planning to have four plots of two acre extent for the demonstration of soy bean growing in Kent county this year and will use two varieties to determine the most practical type. It is stated that a number of mills in Ontario are willing to purchase soy beans from the farmers for the purpose of extracting the oil from the product and for the manufacture of meal. Soy bean growing has not been very extensive during the past years owing to the inability of finding a market for the product. With the purchase of beans for manufacture the production of this crop is expected to gain in popularity.

Turkeys Found Profitable

Turkey raising is not the difficult undertaking that is generally supposed when the breeding stock and poults are properly handled. Essentials to success in turkey breeding are: clean soil, mature stock for mating, free range, and above all, the keeping of the turkey flock away from other barnyard fowls.

Trap the Horer

The suggestion has been advanced that a trap crop of corn consisting of about half a dozen rows of early sown rapid growing corn, if put in as early as the ground is fit, will in most years lessen the amount of injury done the main crop by corn borer. If half of the main crop is sown a few days later than the ideal date. The trap crop should be cut low about the end of the first week in August, when all

ERNESTTOWN

The recent rains have been a great benefit to the farmers of this district. —Mrs. Ella Thompson, of Deseronto, has returned home after spending a few days with friends here.—Mr. and Mrs. J. W. Conway, of Toronto, are spending the week end with the latter's parents, Mr. and Mrs. George Spring.—Mr. and Mrs. Joel and Willis Kellar entertained a number of their near relatives to a birthday party in honor of their mother, Mrs. Lovica Kellar on Thursday evening last.—A number from here attended the very instructive talk by Mrs. McGowan in aid of the Junior Red Cross work, on Tuesday.—Mrs. Libbie Fauner, of Colorado, and Mrs. John Thompson, of Selby, have been spending a few days with friends here.—On Wednesday, May 21, the May meeting of the Ladies' Aid was at the home of Mrs. John Chaplin, there being eighteen members and visitors present. The meeting opened by the singing of "I want to be a Worker" followed by the roll call and the minutes of the last meeting. The business of having a "Lawn Social" was discussed and it was decided to hold one on Mr. John Chaplin's lawn on June 27th. Don't forget the date, further particulars later. The travelling bag was opened and several articles were sold, after which the meeting was closed and a splendid programme was enjoyed by all. A duet by two lady members, "Mother's Prayers." Then Mrs. Fred Hamm gave a splendid talk on "Mother" saying what great respect we should all show to our mothers for their many sacrifices for us. Mrs. Clarence Thompson then favored us with a reading: "Back Home." We were then invited to take part in a conundrum contest, the prize being won by Mrs. Edgar Thompson. Eighty-five cents was added to the offering and with a total collection of $4.75. The social tea hour served by Mrs. Fred Davidson and Mrs. Ira Faulkner, brought a most successful afternoon to a close, when Mrs. Elmore Amey offered her home for the June meeting, on June 18th.

WILTON

The Wilton Women's Institute held the annual meeting in charge of the government speaker, Mrs. C. McConin, of Campbellford, at the home of Mrs. R. Sexsmith, Friday last. A good number attended and report a splendid address. Mrs. Sexsmith and lady friend. Miss Wales, of Toronto, spent the week end with his parents, Mr. and Mrs. Geo. Wales.—Mrs. S. Carr spent Friday last in Kingston.—Mrs. Jackson was operated on at the Kingston General Hospital on Saturday last. All hope for a speedy recovery.—Mr. and Mrs. J. H. Lang and children, of Oshawa, spent the week end with her sister, Mrs. Ira Faulkner.—Mrs. and Mrs. MacDuffie attended the Sunday afternoon at Glenvale on Friday last.—Mr. and Mrs. McFarlane, Fourth Line, spent Sunday with Mr. and Mrs. Bert Bell.—Mrs. Hamilton sympathy is extended to the relatives and friends of the late Mrs. David Peters, Sr., who passed away on Friday morning last. His funeral was held on Sunday afternoon, with interment at Wilton Cemetery.

MORVEN

Mrs. Seymour Sr. spent a few days with her son, Rev. Howard Seymour, Belleville.—Miss Bessie Henwood spent the week-end with Mr. and Mrs. J. Henwood.—Mr. and Mrs. Earl Craig and Mrs. J. E. Lake spent Sunday with Rev. and Mrs. W. R. Merrick, Camilton.—Mr. and Mrs. George Clarke called on Mr. and Mrs. Church, who is quite ill in Kingston.—Mr. J. A. Bell, Mrs. E. Fraser and Mr. E. G. Goodacre, called on the Kingston Hospital on Sunday to visit Mrs. M. N. Bell, who is under the care of the nurses.—Mr. and Mrs. Ross Shoon, with interment at Wilton Cemetery.

Captain (frenziedly): All hands on deck, the ship's leaking.
Sleepy Voice (from the hold): Aw, put a pan under it and come to bed.

beer cans have been laid and should be removed and fed to live stock.

Chicken Scaling Unprofitable

The business of robbing roosts is becoming more and more precarious. The Provincial Government through the Provincial Police are making every effort to apprehend those who steal chickens, and to punish them with a penalty fitting the crime deserves. Recognizable John S. Martin, Minister of Agriculture recently stated that Premier Williams has instructed his men to make a strong effort to check this breach of crime and the results speak for themselves. Imprisonment has been meted out to the tune of from 24 hours to 24; suspended sentence 12; dismissed, 10; withdrawn, 3. The penalty in one case for theft of chickens was two years in Kingston Penitentiary.

June Meetings at O. A. C.

The month of June is well known as a busy one at the Ontario Agricultural College and this year is expected by the meetings already announced, it is going to be even busier than ever. The tentative list is as follows:
Tuesday, June 10—Dairy Cattle Breeders' Meetings.
Tuesday and Wednesday, June 10, 11—Poultry Breeders' Meetings.
Wednesday, June 11—Guernsey Field Day.
Thursday, June 12—Holstein Breeders' Field Day.
Saturday, June 14—Wellington County Jr. Farmers' Judging Competition.
And then comes "Farmers' Week" with the following dates allotted to various counties:
Monday, June 16th—Counties of Lambton, Kentworth, Lincoln, Welland, Norfolk, Kent, Essex, Elgin and Middlesex.
Tuesday, June 17th—Halton, Waterloo, Dufferin, Perth, Huron, Grey and Bruce.
Wednesday, June 18th—Peel, Simcoe, York, Ontario, Durham, Northumberland, Haslitings and Eastern Counties.
Thursday, June 19th—Brant, Oxford, Wellington, Middlesex, Muskoka, Victoria and Peterboro.

BAY CIRCUIT

A very pleasant time was spent at the home of Mr. and Mrs. Allenbrack, Gretna, when the neighbours and friends gathered together to extend their congratulations to Mr. and Mrs. Earl Allenbrack, who were married some weeks ago. The shower of presents was both useful and ornamental. The evening was spent in readings, addresses and music. The social hall was full at the close was much enjoyed by all. Mr. Allenbrack is a student of the School of Pharmacy in Toronto, and was successful in his first year examinations. He expects to return to Toronto for the Fall term.—The Women's Missionary Society of Bay West held their postponed May meeting at the home of the President, Mrs. A. C. Parks. A very fine missionary spirit prevailed during the giving of the readings, the duet and the address on the Study Book. A very helpful time was spent during the social half hour. The next meeting will be held on Wednesday, June 11th.

Mrs. Karl Sexsmith, of Gooport, is in Kingston General Hospital. She was operated on last Wedfesday and is at time of writing, doing as well as can be expected.—Mrs. Randall, of Napanee, spent the week end at the home of Mr. and Mrs. James Roberts and son.—The Sunday School executive of the Township of North Fredericksburg, met at the home of the President, Mr. Peter Huyck on Tuesday evening, with a good attendance. Plans were laid from the convention held in Bay Church on Wednesday, June 11th, at 2:30 and 7:30. The special speakers are Rev. Lloyd Houlding and Rev. T. H. Anderson. Committees were also appointed for the circuit picnic to be held early in August.—Mrs. James Miller has returned home after spending a few days in the Hotel Dieu, Kingston. She expects to return for further treatment in ten days' time.—Mrs. W. H. Truscott, of West Huntington spent a few days last week at his cottage and incidentally looking up some of his old friends.—The Ladies' Aid of Andrew held their monthly meeting at the home of Mrs. Marshall Barnhart. on Wednesday afternoon. In spite of housecleaning, there was a good attendance. Readings were given by Mrs. R. Gerow, Mrs. Alley Bird and Mrs. Griffith. Refreshments were served by the hostess in her usual good manner. The next meeting will be held on Wednesday, June 18th, at Mrs. S. Griffith's.—Rev. J. E. Beckel is in Cobourg this week attending the annual sessions of the Bay of Quinte Conference.—Mr. and Mrs. Cameron Sexsmith, Mr. and Mrs. J. Gould, Mr. and Mrs. J. Hicks and others, were in Picton on Tuesday attending the Conservative Convention.—Hay Bay Ladies' Aid met Thursday afternoon at the home. Attention was drawn to the splendid appearance of the church since its annual house-cleaning. Readings were given by different members. A discussion followed re putting a new roof on the church and painting the exterior. Plans will be completed in the near future to have this work done. A new lighting system is also being installed in the church. The next meeting is to take the form of an ice cream social at Mr. and Mrs. Peter Huyck's.—The Sand Hill Ladies' Aid held their monthly meeting at the home of Mr. and Mrs. John Hambly on Friday evening. In spite of tomato plants and other spring responsibilities there was a good attendance. Music, readings and business made up the programme. Mr. and Mrs. Hambly made everyone at home and the lunch was everything to be desired. The next meeting will be held on June 6th, at 8:00 p.m. at the home of Mr. and Mrs. Walter Silver and will take the form of a strawberry social. It will be a pleasure to all the citizens of the west end of our township to note that the hill south of Bethesy School is to be included in the River Road repair plan, though the township will have to bear the expense.—Owing to it being Conference Sunday, June 1st, the appointed services on the Bay Circuit will be withdrawn. Sunday Schools will be held as usual.

ODESSA

Mr. and Mrs. Robert Jackson, Saskatoon, Sask., Mrs. Bailf Verstraete and Mrs. James Jackson, Kingston, were recent guests of Mr. and Mrs. R. W. Conners.—Mr. and Mrs. Archie Simmons and son, Russell Wilton, were Sunday guests of Mr. Simmons' parents, Mr. and Mrs. Donald Thompson.—Mr. and Mrs. Leslie Gibson, Lyn, were guests of Mr. and Mrs. B. G. Hamm and Mr. and Mrs. W. E. Topliff last Saturday.—Mr. Marshall Hinch Camden East, called on friends last Monday.—Miss Dorcas Babcock returned from spending some time in the Hotel Dieu Hospital last Saturday.—Mr. and Mrs. Linwood and son, Kingsburgh spent Wednesday guests of Mrs. Henry Allen.—Mr. and Mrs. George Greer, of Napanee, visited with Mrs. John Mancur last Saturday.—Jack Deroche, Belleville, spent Sunday with Deroche and Miss Asselstine, Napanee, called on the Turner's aunt, Mrs. George Watts and Mr. and Mrs. H. J. Smith, last Tuesday.—Mr. and Mrs. H. S. Davy have returned from spending the past winter months with their son, Mr. Harry Davy, Toronto.—Albert McConnell has moved in the Sidney Sproule tenant house, on Main Street.—Quite a number from here attended the funeral of the late Mr. Norman O'Neil, held at his home in Gooport, last Tuesday. The deceased was a brother of Mr. John O'Neil's of this village and had many friends in this vicinity who were very sorry to hear of his fatal accident.—Miss Aggie Laughlin, who has been in the Kingston General Hospital, returned to her home last Friday. She is under the care of a trained nurse and many friends hope for a speedy recovery. Her brother, Mr. Harry Laughlin, Portland, Maine, has been at their home during her illness.—Odessa should arrange for a slogan.—"Visit Strangers, or adopt the one used in the West: Beat others before they beat you."

THE CONSERVATIVE LEADER

HON. R. B. BENNETT

Following is a biographical sketch of Hon. R. B. Bennett, Conservative Leader:

Address, Palliser Hotel, Calgary, Alberta.

CAMDEN EAST

Mrs. M. Wagar and son, Archie of Switzerville, spent Sunday evening with her parents, Mr. and Mrs. James Henderson.—Mrs. Clark Sheffel, of Rochester, N.Y., arrived on Saturday last to spend a limited time with Mrs. F. E. Histed and children.—Mr. D. B. Amey is attending the DeForest-Crosley Radio Convention this week at the Royal York, Toronto.—Mr. and Mrs. Henderson are both on the sick list at time of writing. We hope for a speedy recovery. Dr. Stratton, of Napanee, was here recently.—Mr. and Mrs. Gardiner, of Glenvale and Mr. and Mrs. Perery Allenbrack of Bethel and mother, took dinner at the home of last.—Mrs. Russel Joyner Sundayed at Mr. and Mrs. W. Stewart on Sunday last.—Mrs. Mary Hinch called on her home here.—Miss Marion Hawley Kingston, spent Sunday at her parents here.—Mr. Hawley Napanee, spent Monday evening with his mother, Mrs. B. Hawley.—Mr. Marshall Hinch and daughter, took dinner with their son and family, Mr. and Mrs. G. Rogers, Napanee, on Sunday last.—Miss E. Young and her mother spent Saturday at Napanee.—Mrs. Mary Hinch called on Mrs. John Tipson recently.—Mr. and Mrs. W. Henderson, near Napanee, called on their parents, Mr. and Mrs. J. Henderson, last week.—Mrs. Youres spent Sunday evening with Mrs. Sarah Amey.—Mrs. Williams, from the Northwest is spending a limited time with Mrs. E. Amey.—The Ladies' Aid of the United Church will hold their June meeting in the hall part of the church, June 5th, at 2:00 o'clock p.m. All members and visitors are welcome to attend.—Mrs. Wm. Ferguson, Napanee, visited her grandmother, Mrs. Janet Weese one day recently.—Mr. Fred Sexsmith has returned home after spending two months in Toronto.—Mrs. E. Hilkey spent a few days with her daughter, Mrs. Melvin See, Arden.

A Scotsman had been told by his doctor that he suffered from a floating kidney. He was much disturbed by the diagnosis and went to the minister of his church with a request for the prayers of the congregation.

"I'll drop in and see the minister, dubiously. "I'm afraid that at the mention of a floating kidney the congregation would laugh."

"I dinna see why they maun," replied the sufferer. "It was no but last Sabbath ye prayed for loose livers.

LIBERAL-CONSERVATIVE CONVENTION

Brig.-Gen. R. R. Pepler, of Picton, Chosen Conservative Candidate For Prince Edward-Lennox

The Convention of the Liberal-Conservative Association of Prince Edward-Lennox was held at the Parish House, Picton, on Tuesday afternoon, May 22nd. It was an enthusiastic gathering of about 350 Conservative delegates representing every polling sub-division in the county. The delegation was large, consisting of 120 men and women, were all present as well as many substantial citizens of the Conservatives, making an audience of about 500 people.

There were three names before the Convention: Mr. John Hubbs, M.P., Brig.-Gen. Hepburn, ex-M.P. and Mr. Fred Newman, all of Picton. General Hepburn received a majority vote on the first ballot and was declared the choice of the Convention.

General Hepburn is first elected to represent the riding of Prince Edward in 1911, and lastly, when returned, was re-elected as a supporter of the Union Government in 1917. He remained a member of the House of Commons until 1921. In the election of 1921, Mr. John Hubbs was returned as the member for Prince Edward and since the formation of the new riding of Prince Edward-Lennox, Mr. Hubbs was elected over Mr. E. J. Sexsmith in 1925 and over Mr. H. H. Hersey, in 1926.

General Hepburn, in addressing the meeting, thanked the delegates for selecting him as their candidate and urged them to lend him their co-operation and support in the coming election. Mr. John Hubbs expressed his appreciation to the Conservatives in the riding for the loyal support given him in past elections and urged everyone to get behind General Hepburn and help to return him as the representative for Prince Edward-Lennox.

Mr. Thomas Kenney, President of the Association, was present at the meeting, expressed his satisfaction at seeing so many present, and asked everyone to come to the annual meeting which will be held at the Town Hall, Napanee on Saturday afternoon, June 14th, when a number of prominent speakers will be present.

The following gentlemen, who also received nominations, were called to the platform, but each in addressing the Convention declined the honour: Mr. Chas. Wright, Bloomfield; Dr. C. M. Stratton, Napanee; Mr. Fred Newman, Picton; C. W. Hamby, M.P.P., of Napanee; George J. Tustin, of Napanee; Fred Ketcheson, of Napanee and Wilfred A. Wilson, of Napanee.

SELBY

On Thursday evening, May 22nd the Winners Class of Selby Sunday School met at the home of Mrs. Wm. Wright for a farewell in the nature of a surprise party for their teacher, Mrs. Sidney Pringle, who is leaving Selby to make her home with her mother, recreation Park, Napanee. The evening passed quickly with a programme of games, contests and stunts, and they sang "For She's a Jolly Good Fellow," after which the refreshments were served and the party broke up with everyone wishing Mrs. Pringle success through life. She also expressed her deep regret at having to leave the class, which everyone felt, and thanked them for the class 10 Mrs. Winter for his kind entertainment then as Superintendent. Mr. John Gourlie, Aberdeen, Sask., and Mr. Alex Gourlie and Mr. I. H. Nobes, Napanee, were visitors with Mr. McFarlane, Sr.—Miss Jennie Reid is visiting her sister, Mrs. Lewis Jones and other friends.—Miss Edna Denison, Napanee, spent Sunday with Mrs. Sanford Rushton.—Mrs. James Selby is improving in the appearance of his house by the addition of a new porch.—Mr. and Mrs. Harry Pringle and son, Willie, Forest Mills, spent one day at his brother's home, Mr. Mark Pringle.—Mr. and Mrs. Thos. Dobbie, Robin, spent Sunday at Mr. and Mrs. Wm. Wright's.—Mr. and Mrs. D. Martin and daughter, Hazel, spent Saturday evening at Mr. Albert Faulk's.—Mr. Stanley Lloyd, Jr., spent Sunday the week end with Mr. Donald Fitzpatrick.—Mrs. Orval Foote, Napanee, visited her grandmother, Mrs. Janet Weese one day recently.—Mr. Fred Sexsmith has returned home after spending two months in Toronto.—Mrs. E. Hilkey spent a few days with her daughter, Mrs. Melvin See, Arden.

NEWBURGH

Mr. and Mrs. Morris Thompson and children from Sharp Corners at Mrs. Charles Carter's recently.

Miss P. Wilkeys, of Ottawa, is visiting Mrs. Wesley Cummings.

Miss Maud Wagar, nurse-in-training at Kingston General Hospital, spent Wednesday afternoon, May 21st at her home.

Mrs. George Gilbert and family at Mrs. C. Carter's.

Mr. and Mrs. Spizer, of Northbrook, visited her sister, Mrs. Peter Story last week.

Mrs. A. VanLuven has gone to Peterborough to visit Mrs. C. Wood for a couple of weeks.

Miss E. Paul spent last week with Mrs. Sam Magee, of Vicker.

Mrs. M. Hill and Waldemar spent the week end at her sister's, Mrs. B. Switzer, of Switzerville.

Mrs. William Haines is in Kingston with her sister, Mrs. Orr.

The Girl Guides' Tea was a good success on Tuesday, May 20th at the Scout Hall.

Rev. and Mrs. Linstead spent Wednesday, May 21, with Mrs. Henry Allen, Odessa.

Miss E. Yeomans visited Mrs. J. A. Yeomans, River Road, Napanee for the week end.

Mrs. Lloyd Thompson, of Napanee, spent a few days last week with E. Gandier.

Mr. J. Carroll Anderson, B.A., LL.B., spent the holidays at home.

Owing to the inclemency of the weather on the 24th, the "Blue Banner" class picnic was postponed.

Mr. and Mrs. W. G. Paul, Cecelia and Dorothy and Mrs. C. Scriver, of Picton, were at Mrs. S. Shorey's for the holidays.

Mr. C. Vandervoort, of Toronto, was home for a few days.

Rev. T. H. P. Anderson is attending Conference in Cobourg this week.

Miss Cline, Robert Ramsay, Oswald Finn, Maxwell Finn, Angus Harrison and Gerald McGuire.

Mrs. Hubert Warman, of Wesley, called on Mrs. Geo. Warman recently.

Mrs. Jones and baby, of Toronto, at her father's, Captain Slade.

Mr. Levi Fluke has gone to Charley Locke for the summer.

Mr. Henry Kerr, of Toronto, visited Edmond Kerr for the week end.

DORLAND

The damp, cool weather continues, but crops are looking well.—Mrs. W. J. Foster was chosen for the Ladies' Aid last Wednesday afternoon. After the business had been attended to, a contest, "What our Grandmothers did not have," was enjoyed.—There will be no preaching service in the United Church next Sunday, as Rev. J. A. Pearce will be in Cobourg attending the Bay of Quinte Conference then. Sunday School will be conducted as usual.—Service on June 10 for the local telephone line has been seriously interfered with during the morning of the poles necessitating by the widening of the road.

CENTREVILLE MAN WAS FOUND DEAD

Joseph Barrett, one of the best known farmers in the Centreville district, who resides about half a mile from the village, dropped dead Friday afternoon about 5 o'clock on his farm while cultivating. The first intimation that something was amiss came when the horses drawing the cultivator in the field came to the barn of the deceased, believing that an accident had happened, went out and found the lifeless body on the ground. Death was due to natural causes.

Deceased was sixty years of age and was very warmly regarded by those who knew him from his honest, upright side. He is survived by his wife, one son, Patrick Barrett, one daughter, Mary, one brother, James Barrett, who is at present a patient in the Hotel Dieu Hospital and one sister, Miss Agnes Barrett.

The funeral was held on Sunday to the Catholic Church at Centreville where Rev. Father Moss officiated at the funeral service. Interment took place in Centreville Cemetery.

TOWN COUNCIL

Council Chambers,
Napanee, May 26th, 1930.

Council met in special session on Tuesday evening, Mayor Simpson presiding.

Members present, Reeve Tustin, and Councillors Loucks, Paul, Wiseman, Daly and Kimmerly.

A communication was received from Long & Daly, Barristers, Toronto, enclosing forms of by-laws for use of the Council to repeal By-law No. 1220, and to pass a new amending by-law.

Mayor Simpson informed the Council that he had received a letter from W. C. Mooney, asking the Council to take action to have the matter of testing brakes on automobiles on the street near the Mobney Apartments abated, as it is a nuisance to the tenants.

Considerable discussion took place re the above matter, and it was finally decided to take no action, as the testing of brakes by Chief Watts was considered a good thing for our citizens.

Councillor Daly reported that the roads of the town were being patched, where needed; signs installed on Dundas Street, between John Street and East Street, and 26 Motor League signs were being ordered.

On motion the report was adopted.

Councillor Daly also informed the Council that the streets should be oiled in order to preserve them, the cost of same would be about $2,111.00.

Moved by Reeve Tustin, seconded by Councillor Paul, that the matter of oiling the streets be referred to the Finance and Streets Committees, to confer with engineers and then report to the Council at next meeting. Carried.

Councillor Kimmerly reported that the roof of the Town Hall was leaking and the matter had been placed in Boyle & Son's hands to repair. Also that some repairs had to be made to the tower on the fire hall.

On motion the report was adopted.

A by-law repealing By-law No. 1220, was given its several readings signed, sealed, numbered and finally passed.

By-law No. 1222, amending By-law No. 1092, by extending the time of payment of the Waterworks debentures from 20 years to 30 years, was given its several readings, signed, sealed, numbered and finally passed.

Councillor Loucks was of the opinion that there should be a fence erected along the river edge of the boulevard at the east end of the town, and Councillor Paul was asked to bring in a report as to whether or not a fence should be placed there, and the cost of same.

Mayor Simpson informed the Council that two years ago a motion was passed by the Council to erect a tablet to the memory of A. E. Paul, and he was of the opinion that this year's Council should look after same.

Moved by Reeve Tustin, seconded by Councillor Paul, and resolved that the Town of Napanee do issue and sell debentures of the second set authorized by By-law No. 1092, as amended by By-law No. 1222, to the principal amount of $40,000.00 in accordance with said By-laws. Carried.

Accounts

The following accounts were ordered to be paid:

Superior Service Station	.55
Napanee Fuel and Supply Co.	34.20
Hogarth's	1.25
Dominion Stores	3.00
C. I. Maybee	14.75
W. J. Vandusen	9.00
Dr. Duffett	5.00

The Hydro and Bell Telephone accounts were referred to the Clerk.

On motion the Council adjourned.

One of the commonest complaints of infants is worms, and the most effective application for them is Mother Graves' Worm Exterminator.

LENNOX AND ADDINGTON CHEESEMAKERS' CLUB

Considerable interest is being taken in the Cheesemakers' Club of the County of Lennox and Addington, which was organized some time ago. The club is affiliated with the Central Ontario Club, and the local officers are: President, Mr. E. I. Babcock, Union Factory; Secretary, Mr. S. H. McNeil, of Yarker.

J. Brennan, of Deseronto, the capable cheese inspector for this district, is giving excellent service in promoting the interests of the club. Two meetings were recently held at which suitable prizes were given, Mr. Babcock receiving a handsome cash prize for the highest marks for high grade cheese. Mr. C. H. Carter, of Newburgh, also being the recipient of a lovely prize.

The Central Ontario group is offering cash prizes of $600.00, the money to be distributed to farmers that produce the most butter fat per acre of land, and also for better production.

Interesting addresses were given. Mr. Brennan speaking on factory conditions, the cheese properly finished and a production of higher grade cheese. The club stipulates that in order to compete for the prizes, a farmer must be a factory patron, and a cheesemaker must be a member of the club. One of the most important meetings is to be held during June, at which there will be a number of interesting addresses.

Found Relief After Taking The First Box

Read What Mr. E. Gibbs Says Of Dodd's Kidney Pills

Ontario Man Suffered For Years With His Kidneys

Bracebridge, Ont., May 27, (Special)—Once more Dodd's Kidney Pills have proved their wonderful value in the case of Mr. E. Gibbs, a resident of this place. He writes: "I suffered for years with my kidneys. I started taking Dodd's Kidney Pills and got relief after taking the first box. After taking three boxes I felt as well as ever I did. I would not be without them now, and keep them in the house all the time. My wife also uses them."

To avoid disease, the Kidneys must be kept in good working order. The Kidneys are the scavengers of the body. Their work is to strain all the impurities out of the blood. If the Kidneys are wrong, the impurities, the seeds of disease, remain in the blood, and serious trouble may follow.

At the first sign of trouble give Dodd's Kidney Pills a trial. O-18

CASUALTIES AVERTED AS FLIER IS WRECKED

C. N. R. TRAIN PLUNGES INTO DITCH NEAR COLLINS BAY

Screaming women and shouting men, dressed in night clothing, scrambled in terror from railway coaches lying on their sides in a ditch early Wednesday morning after a Canadian National flier had left the rails, jolted for a quarter of a mile along the ties, and then headed for the fields.

Only two people were hurt, and they but slightly. W. J. Verity, of 63 Charlotte Street, Brantford, and Pullman Conductor Leon Bellefuille, of Montreal, were taken to the Hotel Dieu hospital, Kingston, suffering from bruises and shock. They were discharged the next day.

A split rail near Collins Bay is blamed for the wreck, while all-steel construction of the train, the Chicago-Montreal Maple Leaf, is credited with prevention of an appalling death toll.

The flier left Toronto at midnight and most of the passengers had retired to their berths when it drew near to Kingston three and a half hours later.

Rushing down the straight-away on the Brockville division, the train swept into the cracked rail. The locomotive, tender, mail, baggage and express cars clung to the tracks, but the first passenger coach swing away, plunged and jolted along the ties, finally broke loose and veered into the ditch.

Cars Totter at Edge

Two Pullman cars followed it, diving in a zig-zag toward the fields. Two more Pullmans jerked to a stop as they plunged to the edge of the ditch and there stood tilted dangerously, half deep in the grass and gravel. Behind them two more and a chair car leaped from the ties but remained upright, partly across the tracks.

The locomotive and service cars screamed to a stop and members of their crews raced back to the cars lying in the ditch.

Windows were smashed open and railwaymen dropped through into the overturned coaches, expecting to find many dead and dying passengers.

Confusion—But Life

They found confusion, terror and fire danger. Men and women were clambering over jumbled berths and seats, fighting towards exits and trying to raise themselves through smashed windows above. Hysterical women were sobbing. Men were pale and startled. But no one was dead or even badly hurt.

In the wreckage it was impossible to find clothes or personal belongings. To the right-of-way the hundred-odd men and women were raised and grouped along the tracks, shivering in the cold night, the wind blowing off the Bay of Quinte a short distance away. Railwaymen with lanterns went through the wreckage cautiously as they could and found none but Verity, a passenger, and Bellefuille, a member of the crew. They were carried outside.

From the four other Pullmans more passengers trooped along the tracks. Bedding was taken from the wreckage to keep the chattering people warm until relief trains could be rushed from Belleville and then they were hurried into Kingston. Auxiliary trains, rushed from Kingston and Toronto, worked feverishly until the line was cleared on Wednesday afternoon.

Woman Still Asleep

After passengers had been grouped together on the tracks members of the crew went through the four rear Pullmans to assist railway men to their longings. Sleeping peacefully in one of the last coaches they found a woman.

She awakened suddenly as they stared at her in amazement and then looked angry at the interruption. Shouts and screams came through the window and she asked the cause of the commotion. She was told by a wondering trainman.

Compared to this was the experience as related by Verity.

"I believe that had the coaches been of wood instead of steel they would have been smashed to matchwood and there would have been a big death list," he said from his bed in hospital.

Tossed 15 Feet

"The crash when the cars left the rails was terrific. I was hurled into another berth 15 feet away—it's a mystery how. I believe the confusion was almost as bad as the crash. There was much screaming and excitement and many were afraid of the passengers had been killed. The scurrying for personal belongings added as much as anything to the uproar."

Persian Balm is alluringly fragrant. Adds a charming refinement to the most finished appearance. Creates and preserves complexions of surpassing loveliness and texture. Softens and whitens the hands. Cools and dispels irritation caused by weather conditions. Swiftly absorbed by the tissues with never a vestige of stickiness. A peerless toilet requisite. Invaluable to all women who care for elegance and distinction.

NEBUCHADNEZZAR'S TEMPLE BUILT IN 600 B.C., IS DISCOVERED AT UR

A temple built by Nebuchadnezzar in approximately 600 B.C. has been discovered in Ur of the Chaldees by excavation of what appeared to be an insignificant mound. C. Leonard Woolley has advised the University of Pennsylvania.

Woolley, director of the joint archaeological expedition maintained at Ur by the University and the British Museum, reported that the temple is in the best state of preservation of any ever found in Mesopotamia.

The structure, which was added to and restored by Nabonidus, 50 years after it was built, lies in the south corner of the northern harbor at Ur and was concealed by a mound whose excavation the expedition undertook for "topographical reasons."

"What makes the building in every way remarkable is its condition," Woolley declared. "The walls stand with their remarkable to a height of nearly 20 feet and even the whitewash on them remains in good condition. In Iraq there is no other temple of well preserved.

"We have not attempted to clear the outside of the temple, but once inside one obtains an astonishing effect of completeness. This is the only place in Iraq where one can stand in a Babylonian temple and forget for a moment that it is a ruin."

First Motorist: Where's the handle to this car door anyhow?

Second Motorist: Under the ninth pennant from the rear.

FARMS FOR SALE OR RENT

FOR SALE — FARM, FOUR AND one half miles from Napanee, in Concession 3 of Richmond, containing 119 acres; forty acres work land, thirty acres of wood. Apply to G. A. DEAN, Napanee, R.R. 3, or CHARLES MELBOURNE, Lonsdale, No. 1. 20tf

OBITUARY.

BERT SNIDER

The angel of death has again entered our midst and has taken away Bert, aged seventeen, youngest son of Mr. and Mrs. Henry Snider.

Although deceased had been ailing for some time past, his death came with startling suddenness to all.

Bert was a particularly kind and lovable child and being very fond of music, he was a general favourite with both young and old, and will be sadly missed by all.

Funeral services were ably conducted by the Rev. R. Babcock, of Verona, Ont., while six young men, Earl Wagar, Ross Brown, George Hawkins, Christian Rayzeff, John Hartin, John Hinch, carried him to his last resting place in the Fifth Lake Cemetery. In sympathy of the whole community is the family in this their sad bereavement. Besides the sorrowing parents, he leaves to mourn his loss, Courtland, of Verona; Dorothy and Margaret at home. A brother, Melville predeceased him six years ago.

One thought, however, remains to cheer, the thought that Bert was ready to meet his Father in Heaven, and is now numbered among the angels awaiting the coming of his loved ones.

Amongst many good stories told by Miss Dorothy Mackaill, the film star, one of the best concerns an incident that happened while she was rehearsing recently.

A young girl super, about seventeen years old, with startling yellow hair, came bounding into the studio.

"Hullo!" exclaimed one of the old supers. "Here comes the bronzed Aphrodite of the gods."

"Why have you dubbed her that?" asked Dorothy with interest.

"Because she dyed last night," was the reply.

"Would Anyone be a social lion this way?"

A faded, battered hat is hardly respectable . . . yet no worse than dull, gray-looking shoes . . . your morning toilet should always include a "Nugget" shine—which waterproofs the shoes as it polishes.

Gum-Dipped

for Extra Strength and Mileage

Every fibre insulated with rubber

BENEATH the rugged safety tread of toughest rubber, Firestone Tires have the strongest, most durable cord construction ever known. Layer upon layer of cords are scientifically twisted for greatest strength and elasticity-- then dipped in pure rubber which protects every fibre against internal heat and friction. Gum-Dipping doubles flexing life and adds thousands of extra miles of dependable, trouble-free service. Only Firestone Tires are Gum-Dipped—No other tire has its advantages. Because of this extra process, Firestone tires hold all world records for mileage and endurance.

A Printer Dies for Wounds.— In the days of workshops, carbolic was in universal use in cauterizing wounds received in battle. Today it is retained by the printer to keep on hand a bottle of Eclectric Oil. It is in action and does not burn the flesh.

A GOOD COMBINATION

An outstanding successful merchandising policy is the one by which the leading policies of stores of all kinds, whether merchandising specialty stores or those where merchandising and defensive merchandising policy are always included. Stores always figure on what is wanting and then planning the store's stock accordingly. Among the group are those who have made a study of their time distribution and have arranged their time so that with the other lines that are completely successful in other stores. Where there is a demand for it, the policy always interested in the new, backed by a store policy of stocks keenly alert to the things that are selling. The best defense is always an attack.

Father: But don't you want to learn how to make change?

Son: What for? I'm going to be a taxi driver.

DON'T SUFFER WITH DANGEROUS INDIGESTION

Do you suffer after meals with a belching, from sour and acid stomach. Many believe they have heart trouble and tremble with fear, expecting any minute to drop dead. This condition can be prevented, likewise relieved.

Take Carter's Little Liver Pills after meals and neutralize the gases. Sweeten the sour and acid stomach, relieve the gas and encourage digestion.

The stomach, liver and bowels will be cleansed of poison, painful and dangerous indigestion disappears and the system enjoys a tonic effect. Don't delay. Ask your druggist for a 25c pkg. of Carter's Little Liver Pills.

ANNUAL GATHERING OF CANADIAN MANUFACTURERS' ASSOCIATION

The 59th annual general meeting of the Canadian Manufacturers' Association will be held in the Royal York Hotel, Toronto, June 2 to 5. The President, Mr. R. J. Hutchings of Calgary, opens the proceedings with his annual address which is looked forward to by the business interests in Canada as an authoritative statement on business conditions from an industrial point of view. The officers of the Association shown in this group are: Top Row, left to right—Elmer Davis, Kingston, 1st. Vice-President; J. E. Walsh, Twonto, General Manager; R. J. Hutchings, Calgary, President; T. F. Monypenny, Toronto, Honorary Treasurer; W. H. Miner, Montreal, 2nd Vice-President. Bottom row, left to right—J. H. Cumming, New Glasgow, Chairman Maritime Division; George A. Savoy, St. John, Que., Chairman Quebec Division; George R. Kerr Hamilton, Chairman Ontario Division; W. A. McKay, Winnipeg, Chairman Prairie Division; T. S. Dixon, Vancouver, Chairman B. C. Division.

THE CANADIAN TARIFF

For years Canada and the United States have been more closely connected commercially than any other two nations. The United States has furnished more than two-thirds of Canada's imports and taken between a third and a half of her exports. Shipments to Canada have furnished a large share of America's total exports, and the imports from Canada have been greater than the proportion of the trade of any other nation with the United States. Moreover, Americans and Canadians hold each others securities valued at billions of dollars.

That the United States will be seriously affected by Canadian tariff reprisals is unlikely. But, as the Canadian spokesmen before the meeting of the United States Chamber of Commerce pointed out, the commercial losses to either country are insignificant compared to a decline in goodwill. A light disregard of the sensibilities of Canadians is as unpardonable as the failure to realize the tremendous importance of Canada in America's foreign relations. Not only as our nearest neighbour and best customer, but as the intermediary between ourselves and other portions of the British Empire friendship with Canada is one of the last half century. In the name of "protection" congress is doing what it can to drive a wedge between the United States and Canada.—New York Times.

For Baby's Bath

More than that of any other member of the family, baby's tender, delicate skin needs the greatest care and attention. The soft soothing oils in Baby's Own Soap make it specially suitable for babies, and its clinging fragrance reminds one of the roses of France which help to inspire it.

"It's best for you and Baby too" 27-29

FROGS CROAK WHEN THEY ARE IN LOVE

Female Signals Lovers In Odd Way, Scientists Show

Brekkekekekekex. Koex. Koax! Why do female frogs croak so? No one need longer be in doubt because the researches made by Dr. John Tait and W. J. McNally, and read at the meeting of the Royal Society of Canada, have revealed the fact that frogesses croak because they are in love, just as nightingales sing. It takes all sorts to make a world, and though the world would be more melodious if frogesses were to sing like nightingales, the frogs would "not like it at all, at all."

For the frogs are an honest race, and the ladies make no bones about telling the world that they want to get married. But they do it in a funny way. It is not the sound of the croak that brings the young men up to the mark. It is the vibration set up under the water that tells the young man when he is wanted—not the music in the air.

The vibration is caused when the air in the lady's lungs is being shifted to the mouth. It is a complicated way of courting.

And how, in a pond full of croaking ladies can any fellow make up his mind as to which of the girls is the best croaker? When he does hear his beloved croak does he think that she is a better croaker than any of the other boys in the pond have landed—if that is the appropriate expression?

Frogs have lots of habits that differ from human habits. The male is always much smaller than his wife. When he hears her courting and croaking he jumps on to and sits astride her shoulders and puts his arms round her neck. Then insists on being taken around croaking. It is a funny way to pet.

Some questions still remain to be solved about these interesting animals. Perhaps next year at the Royal Society meeting Dr. Tait and Mr. McNally will present more solutions of the problems confronting the frogist.

Whether she is engaged in a conversation or in rushing an automobile it is often difficult to tell just what a woman is driving at.

EMPEY HILL LADIES' AID

The regular monthly meeting of the Empey Hill Ladies' Aid was held on Tuesday afternoon, May 20th, in the church. There were fourteen members present. The President, Mrs. O. Ashley presided at the meeting, which was opened by singing, followed by prayer by Rev. H. W. Foley. Mrs. S. E. Winter read the scripture lesson. The Secretary, Mrs. Wilbert Winter, gave the minutes of the last meeting, which were approved and adopted. We were very much pleased to be able to hand over a substantial cheque to the Trustees of the church, the result of the work of those who took part in the play: "The Eyes of Love," which they had given in a number of places. Readings were given by Mrs. A. Pinney, Mrs. R. McMath, Mrs. J. Mowers, Mrs. W. Winter and Mrs. F. Henderson. The meeting was closed with singing followed by the Mizpah benediction.

An excellent protection against worms can be got in Miller's Worm Powders. They render the stomach and intestines untenable to them. They heal the surfaces that have become inflamed by the attacks of the parasites and serve to restore the strength of the child that has been undermined by the draughts that the worms have made upon it, and that their operation is altogether health-giving.

HOW MANY COWS FOR A WIFE?

Because all efforts on the part of the government to lower the price of wives in Anglo-Egyptian Sudan have failed, the current quotation on Shilluk maidens will remain at 15 cows. This price is not absolute, however, since occasionally Sudanese girls bring as many as 40 to 60 cows to their father's exchequer. Farther south, in the vicinity of Lake Albert, young men may purchase wives at the rate of only 3 cows, or 3 cows and 20 goats. At present prices it takes a Sudanese youth about seven years of hard labor to earn the number of animals required to buy a wife.

The price is about right and the system may be better than our own. If our young men had to put in seven productive years before marriage, they would be in a better position to support a family, and the sum total of marital happiness might thus be enhanced.

FRIENDS OF SUPT. GET BIG SURPRISE

"For ten years, in spite of all the medicines I took, my health slowly but surely grew worse. One of my worst

JOHN THOMPSON

troubles was my inability to sleep soundly and my digestion went from bad to worse until I was a confirmed dyspeptic. My appetite was poor and I was habitually constipated. I took six bottles of Sargon and I feel better now in every particular than I have felt in years. I enjoy seven or eight hours of good sleep now, get up refreshed with a keen appetite for breakfast, my food agrees with me fine and constipation doesn't bother me at all. My friends are surprised that a man of 70 should have such energy and vitality. I show I am better in my looks and in my ability to transact business with ease and without fatigue."—John Thompson, Superintendent of Canadian Transfer Company, Toronto.

Sargon may be obtained in Napanee, at Hooper's Drug Store who has been awarded the exclusive Sargon Agency for this town.

CO-OPERATIVE MARKETING

While the time may be short this session, legislation to promote the co-operative marketing of Canadian livestock should receive the consideration of parliament. It is plain that far more must be done throughout the whole country by the industry to bring the co-operative movement abreast of the times.

New Zealand's success in the butter industry is very largely due to co-operation and nationalization of the co-operative effort. Many consumers in Canada have doubtless wondered how it comes that New Zealand butter can be shipped halfway round the world to Canada, crossing the equator on the way, to compete with butter made right at home in Canada. The New Zealand butter is competing both in quality and price. The answer is co-operation.

With the assistance of the government, the dairying industry in New Zealand has been organized to eliminate unwarranted marketing charges between the producer and the consumer. Along with the modern business practice of co-operative marketing, it has been found possible to establish a system of grading, to win the confidence of the buying public by maintaining a high standard of quality.

It is a pathetic admission of inferiority that Canada should find it necessary to raise the tariff against New Zealand butter The ramble of protection against cheap labor can not be advanced, because the New Zealanders have, at least, no lower standard of living than the people of Canada. Nor is climate an excuse. There is no country in the world better endowed by Nature than Canada. The difficulties are mainly due to backwardness in methods.

There are other countries with nothing like the natural advantages of Canada, but co-operation and modern methods are similarly helping to bring prosperity to agriculture. Denmark is another example. Some progress has been made in Canada but far more is still possible.

Demonstration abattoirs will perhaps be needed, before the livestock industry can get fair with co-operative marketing. The Department of Agriculture has made some progress with the grading of meat but something like a national crusade may have to come before Canada's place in the world market is established. Legislation this session cannot go far, but the government should do everything possible to encourage a national co-operative movement.

To be Had for the Asking

A Decorating Service equal to your every need. Homemakers are particular, and so they should be—for nothing can be more disappointing than an unsatisfactorily newly decorated room. So few people can foresee the completed room, and so many when selecting will say: "If only I could see the paper on the room!"

This is the very point at which we are fully able to relieve you—we have the means of knowing and seeing the rooms completed, which has been the constant study of our Decorator for fifty years, and he may be your advisor and helper if you so choose. He is kept in our Salesrooms constantly for the performance of this very duty, and you may have his advice at any hour of the Business day at a great saving for you against annoyance, cost, and disappointment.

In addition to all these savings you have a selection of Wall Papers and Hangings to choose from much greater than in any other store in Canada, and at prices much lower than any other store. We show you every paper made in Canada, and the best made in the United States, England and France.

If you have seen a sample in any Sample Book shown by Pierce Hardware of Deseronto, we guarantee for the very same paper our price will be from 20c. to 25c. per roll lower in price than that shown in your Sample Book. We are proving this out every day. Many people are clipping small samples from samples in their books, making trips to us, and saving 10c. and 20c. per roll.

CORN HELPS

Quality corn either for silage or for husking is not a chance product. It is the result of suitable seed and suitable preparation of the soil. The destructive work of the corn borer during the past ten years has been a tremendous hindrance to improvement of this crop in Ontario, but with observation of government regulations, coupled with choice of variety, relatively late planting and choice of proper fertilizers, farmers are making headway against this enemy. Ontario growers of corn for husking purposes are warned that planting that crop later than the end of the first week in June may prevent its ripening.

The Ontario Agricultural College conducted rather extensive tests relative to different dates of planting coupled with fertilization with high grade chain fertilizers. Records obtained show that a week delay in planting could be largely overcome by the use of suitable fertilizers. These findings were corroborated by extensive experimental work in Ohio. Fertilizers of an analysis of 2-12-6 or 3-10-5 used at the rate of 500 lbs. per acre at the time of planting, have been found to hasten the ripening of the crop at least a week. With a heavy manuring a similar amount of 0-12-5 or 0-14-6 is likewise effective.

The Department of Chemistry, O.A.C., is this year repeating and enlarging in many sections of the province its tests of fertilizers in corn growing.

It is a well known fact that corn well advanced toward ripening makes a richer quality of ensilage than does green corn with quite mature ears. Growers of this crop for silage purposes can not only increase the total weight per acre, but greatly improve the feeding quality of corn by proper regulation of manuring and fertilizing.

COPALLINE YOUR FLOORS

Woodwork, furniture and linoleum. Unlike most varnishes, Copalline, universal varnish, stands up equ well for any purpose! It does r darken hardwood floors, will not turn white with water, dries in 4 hours with a brilliant gloss and wears like iron. Copalline for sale in Napanee at Wallace's. 29

IMPROVING TURNIPS

Late grown Swede Turnips of good variety when properly fertilized, produce high yields of high-grade stock. The Field Husbandry Department, Ontario Agricultural College, recommends Kelway's Perfect Model, and Canadian Gem, sown between the 15th and the 25th of June. Well-drained and well-prepared soil is essential for a successful crop.

Compared with many other crops, turnips are shallow rooted and rather poorly supplied with fibrous roots. They benefit, therefore, by heavy feeding. As a rule, the turnip field is heavily manured, which insures good top growth. This should be supplemented by high phosphate and medium potash fertilizers.

In co-operative tests throughout Ontario conducted by the Department of Chemistry, Ontario Agricultural College, average gains of 230 bushels per acre were obtained from the addition of 300 lbs. of 2-12-6 or 2-10-5 fertilizers. Where heavy manuring was practised fertilizers carrying only phosphoric acid and potash gave excellent results.

The fertilizer is best applied by either drilling it broadcast, or by scattering it broadcast over the turnip field before the land is ridged. Ridging gathers the fertilizer under the turnip rows and moves the fertilizer with the soil so that burning is avoided. A little fertilizer is sometimes dropped with good effect through the fertilizer attachment of the turnip seed-drill. However, do not attempt to make a heavy application of fertilizer in this way since there is danger of burning the young plants.

Both stock feeders and turnip shippers prefer juicy tender turnips to the woody fibrous kind which usually result from early sowing. High quality perfect results hereby from observing the points hereinbefore discussed.

WE HAVE VARNISH

At a great deal less price—and one that sells at a dollar a quart more. But no matter what you pay, you'll agree that Copalline, for everyday wear and tear, is the ideal varnish, for every purpose. It sells at 80c a pint, $1.60 a quart and $3.00 a half-gallon, at Wallace's, Napanee agents. 29

QLD ENGLISH FLOOR WAX.

Most people are familiar with Old English Floor Wax—this booklet shows how with this Liquid Wax—for polishing furniture, pianos, automobiles, etc., we are giving with each 70c tin of the regular paste wax, a 50c can of the liquid wax, all for 70c. Make sure to take advantage of this offer at Wallace's Drug Store. 21

At a wedding ceremony last week a bride was nearly married to the wrong man but the mistake was found out just in time.

Usually, of course the mistake isn't found out till years after.

Being Conference Sunday, all services are withdrawn for the day.

HOME CANNING FULLY DESCRIBED IN NEW BOOKLET

Bank of Montreal Issues Valuable Handbook for Thrifty Housewives

Did you know that meats and vegetables can now be canned and put away for winter use just as successfully as fruit? This is one on the most useful and remarkable discoveries in recent years, and the process is fully described in a handbook covering the whole field of home canning now being issued for free distribution by the Bank of Montreal.

In recent years the Bank has issued a whole series of handbooks for farmers. The latest booklet entitled "Home Canning," is addresser particularly to housewives on the farm, and should help materially not only to solve the problems of canning, but to widen its range and add to the prosperity and health of rural families.

Few people realize, perhaps, the progress that has been made in recent years in storing away the products of the summer season for use in winter. There are those who can remember when jam was the only preserve. Then came the preservation of whole fruit in syrup. It was only four years before the war when methods were discovered for the canning of non-acid vegetables and meats, and now there is hardly any perishable food which cannot be stored away in times of plenty for use when need arises.

The question as to whether or not canned products are healthful naturally arises. This booklet answers any doubt there may be on that matter. It shows not only how the essential vitamins and other healthful qualities may be retained in preserved foods but how they may be made to retain their original freshness and thus contribute materially in the preservation of health through diet.

Everybody knows nowadays that a plentiful supply of fruit and vegetables is necessary to a healthy diet. Farm folk, however, have no quick and easy access all the year round to fresh products. They usually either have to go without fruit and vegetables in winter, which makes for monotony of diet and is expensive from the health standpoint, or they have to buy fresh and canned fruits and vegetables, which generally results in greater expense, but better way, as described in this booklet, is to provide a supply of home-grown, stored and canned products, which yields good returns in money and in family health, and incidentally proves mighty convenient, since ready-to-serve food is always on hand.

To show what a wide range of food products may now be stored, the following are some to which directions are given in this booklet apply: Tomatoes, string beans, peas, corn, greens, asparagus, carrots, beet, rhubarb, berries, cherries, plums, peaches, pears, chicken, beef, pork, soup and fish. The containers to be used are glass jars and tin cans, the latter sealed without solder, thus being free from the danger of poison, which is described as "a hangover from the days when soldered cans were used."

There are directions for both cold pack and hot packs, and also for use only for the ordinary methods of processing by heat, but also for the use of that extremely valuable aid to convention, the steam pressure cooker, which is especially helpful in the canning of meat and vegetables and is useful all the time for cooking.—

Altogether, this booklet shows how canning can give summer food in winter; how the fresh-meat-in-hot-weather problem can be solved; how food that would otherwise be wasted can be saved; how food can be saved by killing and canning chickens, pigs and calves when they are ready; how the housewife may always have on hand food for unexpected company or for busy days; and how the food bills may be reduced.

Free copies of the booklet may be obtained at the local branch of the Bank of Montreal.

THE CANADIAN DEPARTMENT STORES LIMITED

Store Hours: 9.00 a.m. to 6.00 p.m., including Saturday — Telephone 71. — "Goods Satisfactory or Money Refunded"

Outfit the Children for Summer....Saturday

Large Kites, 5c Each

CANADIAN DEPARTMENT STORES LIMITED

ERNESTTOWN W. I.

The May meeting was held in the Institute rooms with a good attendance.

The roll call "My Favorite Flower," called forth a great variety, but the rose was the favorite.

The Secretary-Treasurer read the year's report and financial statement, showing satisfactory work done along many lines. In the President's address she heartily thanked the loyal members for their support and co-operation. It being the Thursday before Mother's Day, the programme was largely along that line. Mrs. Charles Thompson sang very sweetly "Mother."

Mrs. Charles Morrow and Mrs. Fred Hamm demonstrated "A Meatless Meal" showing that a well balanced meal could be planned without meat. It was a meal for four, tacher mother, Betty and Jack, the children being of school age. The menu was cheese omelette, which provided protein and mineral in the cheese and eggs, also vitamins A, B and D., lettuce, orange, raw carrot and nut salad, which contained fat, calcium and vitamins A, B, C, and E., brown bread and butter, with carbohydrates, fat and phosphorous and vitamines A and D; raw pineapple and sugar for carbohydrates and regulating and plain cookies, which are better for children than iced cakes, and milk for Betty and Jack which is also a protein and contains vitamines A and B. The demonstrators also said every child should eat one quart of milk a day and adults a pint, lots of eggs, drink plenty of water, uncooked fruit and vegetables every day and avoid an excess of rich foods.

The members joined heartily in singing our new song: "For Home and Country."

Rev. S. Dixon, of Bath, gave us one of the most scholarly and finest papers it has ever been our pleasure to listen to on "Home," complimenting us on the variety of work we did and the role we filled as builders of home, community and the nation.

The election of officers resulted as follows:—

President—Mrs. Harry Mott.
1st Vice-Pres.—Mrs. Kenneth Priest.
2nd Vice-Pres.—Mrs. William Chaplin
Sec-Treas.—Mrs. Gordon Young.
Directors—Mrs. Herbert Laidley, Mrs. Claude Thompson and Mrs. Andrew Miller.
District Director—Mrs. Fred Hamm.
Representatives to District Annual—Mrs. Bert Smith, Mrs. William Chaplin and Mrs. Charles Morrow.
Pianist—Mrs. Herbert Laidley.
Flower Committee — Mrs. William Kellar and Mrs. Claude Thompson.
Lunch Committee—Miss Mildred Seeley and Miss Muriel Miller.
School Committee—Links Mills: Mrs. Clarence Thompson and Mrs. Herbert Laidley. McIntyres: Mrs. Andrew Miller and Mrs. Fred Lawrence. Hawley: Mrs. Clemens and Mrs. Earl Buck.
Restoration Cemetery Committee — Mrs. Joel Kellar and Mrs. Winslo Thompson.

The meeting closed with the National Anthem.

The summer series meeting was held in the Union Church, May 26th, with a record attendance and with the new president in the chair. Mrs. Hall asked Mrs. Gordon Young to come forward and read an address which expressed appreciation of her capable, faithful work as secretary and by her tact and sweetness she had endeared herself to every member. Mrs. Norman Hamm presented her with a sum of money. In a few well chosen words, Mrs. Young thanked the members, saying the work had always been a pleasure.

Mrs. Macmorrie troft a neighbouring branch gave a clever talk on "The pride and pleasure women should take in their profession as agriculturists."

Mrs. Claude Thompson then presented the retiring President, Mrs. Fred Hamm, with a beautiful bouquet of tulips, telling her, very kindly, how much all the members appreciated all she had done for the Ernestown branch. Mrs. Hamm, in thanking, said she really hadn't considered any of it work, that with the wonderful co-operation she had always received, it was very happy work and bespoke for the new president the same loyal, faithful support.

The government speaker, Mrs. Chas. Macoun, gave a splendid talk on "Practical Hints for Busy Women," and had no trouble driving home her facts, as she is a farm woman.

A vote of thanks to Mrs. Macoun and Mrs. Macmorrie was moved by Mrs. Leo Crowe. A solo: "The End of a Perfect Day" was beautifully sung by Mrs. Claude Thompson. We then went to the Institute rooms where lunch was served and a social hour was spent.

WONDERFUL COVERING CAPACITY

Phoglaze your woodwork, floors, furniture and sunporches! Phoglaze enamel is the most talked about paint in Canada. It is so easy to spread, dries quickly and unlike ordinary enamels, it leaves no brush marks. If you have any doubts as to its wonderful covering capacity, buy a 35c can at Wallace's and try it out. 21

Inspector: Got away, has he? Did you search all the exits?

Country Constable: Yes, but we think he must have left by one of the entrances.

RICHMOND MINUTES

Council met in Municipal Hall, Selby, on May 13th, 1930. The members were all present, the Reeve presiding.

The minutes of last meeting were read and adopted.

Moved by McQuaig, seconded by Oliver, that Road Accounts for month of April, amounting to $2012.2, be passed and cheques issued for various names on the Pay List. Carried.

Moved by McQuaig, seconded by Oliver, that account of A. McKee for insurance on Town Hall, $40.80, be chargable to road account. Carried.

Moved by Martin seconded by Hagerty, that account of Royal Bank for Safety Deposit Box, $7.00 be paid. Carried.

Moved by McQuaig, seconded by Oliver, that the Clerk be authorized to pay F. Smith & Son the sum of $38.0 for insurance on Town Hall. Carried.

Moved by Martin, seconded by Hagerty, that the charity accounts of C. Martin, re burial expenses of Masters, $30.00, be paid. Carried.

Council adjourned to meet on Tuesday, June 10th, at 9 o'clock, for Court of Revision and Council.

H. A. WOOD, Clerk.

BETHEL

The heavy rains of the past week have done much good to the growth of the meadows and pastures and those having grain sown on low land are fearing a loss from excess rain.—Mr. Percy Galbraith has engaged Mr. Cyrus Edgar, Yarker, and his helpers, to do some remodeling on the interior of his dwelling and also putting a new roof on same, and they are expected to begin work this week.—Mrs. J. Gilligan was called to the bed side of her mother, Mrs. Charles Lee, Colebrook, on Thursday night last, she having suffered a slight stroke, but we are glad to know is some better at present. —The Yarker-Colebrook Women's Institute meeting, which was held at the home of Mrs. Arley Clarke, was a decided success. Members and visiting members numbering around eighty-five attended and the programme, given by the Camden East visiting members, was very much enjoyed by all present.—Mr. and Mrs. N. V. Sutton and daughter, Naydine, accompanied by Naydine's little friend, Connie Winter, of Toronto, spent the week end of the 24th with their parents, Mr. and Mrs. W. Jackson.—Mr. and Mrs. Howard Galbraith and daughter, Olga, of Sidney, Ontario County, also Mrs. H. Huffman and children, of Napanee, spent the 24th week end with their parents, Mr. and Mrs. Robert Galbraith— Mr. Robert Galbraith accompanied his son, Howard and family home to spend a few weeks.—Mr. and Mrs. A. B. Gordanier and son, Charley, of Joyceville, visited with Mr. and Mrs. Perry Alkenbrack and mother over the week end of the 24th, and they and Mr. and Mrs. Perry Alkenbrack and mother and daughter, Laura, called on Mr. and Mrs. W. Stewart, Camden East, on Sunday.—Messrs. L. Salisbury and Bert Martin are grading roads over near Petworth for the township crusher. — Mr. and Mrs. W. Stewart took tea on Wednesday night of last week with Mr. and Mrs. Perry Alkenbrack and mother.—Owing to the condition of Mrs. Charles Lee's illness, it was thought best to remove her to her daughter's home on Sunday last, where she remains about the same, not much improvement as yet.—Mrs. Harry Gilligan and children, Irene and Betty, spent a few days recently with relatives at Shannonville, the guests of Mr. H. Shetler and Russel Gilligan and were accompanied home by Mr. and Mrs. H. Shetler, on Sunday the 18th.—Mr. and Mrs. George Walker, of Toronto, spent Sunday with his brother, Cecil Walker and wife at the home of Mr. Wilbur Benn's. — Mrs. Francis Dunn, of Harrowsmith, spent a day recently with Mr. Francis Dunn, at Bicknell's Corners.—Mr. Dan Sagrift and wife spent an evening last week with his uncle, Mr. Jim Sagrifte, Bellrock, who had suffered a slight stroke a few days before.

BAND CONCERT AND TYPE-WRITING CONTESTS

The first annual concert under the auspices of the Boys Band was held in the Napanee Collegiate Assembly Hall on Tuesday night and was attended by a large concourse of people. There were a number of interesting features on the program, and all combined to make it one of the most enjoyable concerts held in some time. The first item of interest was of course, the band, which is one of the newest musical organizations of the town. The first guest speaker, Joseph Wright, M.A., city solicitor of Peterborough, is a former resident of Napanee, he having graduated from the Collegiate Institute twenty-seven years ago, and since that time has gained considerable prominence in legal and civic life.

And there was the typewriting contests, which always create much interest, and for which beautiful cups were presented. And last but not least, there were those who delightfully contributed to the musical part of the programme.

The Boys' Band, which consists of eighteen pieces, in the short space of a little over a year has made wonderful progress under the leadership of Mr. Eppler. The boys have much enthusiasm in their work, and their playing was a revelation to all present. The Napanee Rotary Club who brought the band into being and who so kindly furnished the instruments, are deserving of great credit in the have undertaken.

The chairman for the occasion was M. P. Graham, president of the Napanee Rotary Club, who in a brief address, referred to the work of the Boys' Band, the splendid results accomplished by the boys and their leader, and predicted a splendid future for this musical organization. He also, on behalf of the band, expressed his appreciation for the splendid attendance, and extended a cordial welcome to Mr. Waring, the guest speaker.

The programme was as follows:

Overture, The Band; march, "Headmaster," the Band; piano duet, the Misses Helen and Jean Lancaster; reading, Miss Eleanor Hudgins; vocal solo, Mr. Gerald Smith; selection, the Band; piano solo, Mr. Ernest Sexsmith; vocal solo, Mrs. Eppler; cornet solo, Mr. Gordon MacGregor; selection, the Band; male quartette, Messrs. Harry Scott, M. A. Epplet, S. Campbell and J. G. Daly; serenade, the Band.

At intermission the typewriting contests were held, there being a large number of contestants.

Miss Nina McKim had the honour of winning the Roy Cup for seniors, her speed being 61 words a minute.

For the intermediate cup, presented by Mr. J. G. Daly, the honour was awarded to Miss Hilda McGraw, her speed beig 58 words a minute.

The J. E. Robinson Cup, for those who have typed less than one year, was won by Mr. Russell Bennett, his speed being 42 words a minute.

Cash prizes were also presented to Miss McGraw for the intermediate, and Miss Minnie O'Neil for the novice.

The presentation of the cups was made by Mr. W. T. MacKenzie.

Following the contests, there was of a high order, he taking as his subject "The Vital Factor in Education,"

MAPLE LEAF INSTITUTE

The annual Summer Series of the Maple Leaf Women's Institute was held on Monday, May 19th, in the North Fredericksburgh Town Hall. The meeting opened in the usual manner and the attendance was twenty-two. The Secretary's report proved very satisfactory, showing a very full year, as follows:— During the past year, we held twelve regular meetings and one addressed by Mrs. M. E. Lowe, Government delegate, with an average attendance of nearly 21. Aggregate attendance at the thirteen meetings was 270. We had sixteen papers and addresses, namely:— Institutes and What They Mean to Home and Country," by Mrs. M. E. Lowe; "Efficiency and Self Control as a Science," by Mrs. M. E. Lowe; "Agriculture, the Base of National Prosperity," by Mr. Runions; "Christmas Spirit," by Rev. M. Dixon; "Do's and Dont's for Institute Workers," by Mrs. Fred Hamm, District President; "A Mother's Duty to Herself," by Mrs. W. G. Pretts; "Furnishing and Redecorating the Farm Home," by Mrs. Isaac Asselstine; "Prevention of Epidemics and Giving First Aid," by Miss Hazel Cummings; "The Danger of Luxury in Modern Life," Mrs. John Chambers; "Reading on the Ode," by Mrs. Carmon Day; "Institute in Many Lands," by Mrs. Raymond Pretts; "Laws Regarding the Making or Wills," by Mrs. Arthur Galt; "Social Side of Life on the Farm," by Mrs. Bruce Cummings; "Will Stains Come Out ?" by Mrs. George Vankoughnet; "Pioneer Days," by Miss Beatrice Saer; "Travelogue," by Mrs. George Tustin. We also held three demonstrations: "The Rivalld's Tray," by Miss Helen Vankoughnet; "Labor Saving Devices," by Mrs. T. V. Anderson.; "Refreshing a Man's Worksock," by Mrs. J. W. Cummings. Debate: "Resolved that Active Middle Age Surpasses Youth in the Enjoyment of Life." Mrs. Isaac Asselstine and Mrs. Vanalstyne against Mrs. Raymond Pretts and Mr. Albert Hill. Report of Kingston Convention, by Mrs. Fred Hamm. Current events given by Bert Pretts.

We had five contests with prizes, namely: "Using Odds to Make Ends," "Home Grown Flowers," "Doughnuts," "Articles made from one yard of Cotton," and "A Button Hole."

We also held three socials and two sales and made an autograph quilt. We gave donations to the two schools in our district, Mr. Putman's Anniversary, Friendship Quilt at Tokermory, General Hospital, Kingston, Beaver Santa Claus Fund, Napanee, Mrs. Fred Hamm and Mrs. Arthur Lloyd, who were burnt-Gilligan and children, Irene and Betty, spent a few days recently with relatives at Shannonville, the guest of Mr. H. Shetler and Russel Gilligan and were accompanied home by Mr. and Mrs. H. Shetler, on Sunday the 18th.—Mr. and Mrs. George Walker, of Toronto, spent Sunday with his brother, Cecil Walker and wife at the home of Mr. Wilbur Benn's. — Mrs. Francis Dunn, of Harrowsmith, spent a day recently with Mr. Francis Dunn, at Bicknell's Corners.—Mr. Dan Sagrift and wife spent an evening last week with his uncle, Mr. Jim Sagrifte, Bellrock, who had suffered a slight stroke a few days before.

EXPERIENCE
new water enjoyment

YOU may have been water motoring many times . . . but until you are propelled at express-train speed over the water by a new Johnson Sea Horse, you haven't experienced real water enjoyment.

Here is a motor that does everything you expect of it . . . and more! It starts at the mere snap of your wrist . . . with the new Johnson Release Charger. It skims you over the water without exhaust noises or exhaust fumes . . . with the new Johnson Underwater Exhaust.

Power and speed, unequaled until now, are yours with a Johnson Sea Horse. The Sea Horses are truly the greatest contribution yet made to water enjoyment. They are here! See them!

BEWARE OF GASOLENE WEIGHTED WITH GUM

Gum in gasolene is a thief of power. It makes your engine labor—it makes your valves fight to get free—it robs your motor of valuable compression.

Don't put this extra burden on your motor by thoughtless purchases of gasolene.

Insist on Koolmotor Gasolene, the *original* high test, anti-knock green gas. Harmful gum has been removed from this powerful, clean burning gas. The *mini-gum process* descriptive of the extra care and extra refining used to produce this superior motor fuel has reduced the gum content in Koolmotor Gasolene to a harmless minimum.

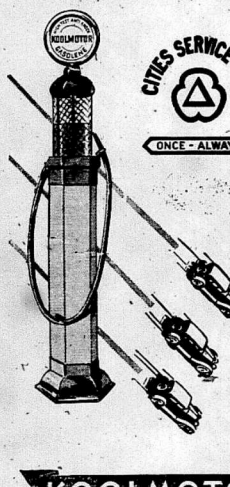
Koolmotor Gasolene vaporizes quickly, burns freely, leaves no sticky, gummy deposit behind. It is full of power, full of speed, ready to go when you are.

Keep your motor clean—give it a chance to do its best—relieve it of the burden of gum-stuck valves. Keep your tank full of Koolmotor — the gasolene that's free from harmful gum.

CITIES SERVICE OIL CO. LIMITED

·7·
HARMFUL EFFECTS of Excessive Gum in Gasolene

1. Clogging of intake manifold.
2. Delayed seating of intake valves.
3. Complete sticking of intake valves.
4. Loss of compression.
5. Loss of power.
6. "Missing" cylinders and engine failure.
7. Unnecessary repair bills.



KOOLMOTOR GASOLENE

WEED CONTROL SUGGESTIONS

The Weed Control Act will be more rigidly enforced during the coming summer. This will apply to all noxious weeds, but particular emphasis will be placed on Perennial Sow Thistle. Owing to the creeping nature of the root stalk, and to the fact that seeds are blown long distances by the wind, Perennial Sow Thistle is the worst weed we have on our farms at the present time.

Methods of Control

Sow Thistle thrives best in damp soil, therefore efficient underdrainage is one of the first and most important factors in control of this weed.

Summer fallowing, where practical, is efficient, providing all growth is kept down during the summer. If necessary, Summer fallowing may be followed by a late smother crop, such as buckwheat or rape for fall pasture.

Dry Cleaning Method

Sow Thistle is in its weakest condition just before ripening seed. Hay fields may be cut a little early and immediately plowed rather deep. Providing the weather is dry the land should not be touched for three weeks or longer, providing no growth appears. After the land is well dried out during the hot days of the summer, cultivation may be practised till late in the Fall. Land should be left for the Winter well broken up, so that the frost can further continue the destruction of the roots. Where fall wheat or rye is grown these crops may be sown late in August or early in September.

A spring or stiff toothed cultivator is the best implement to combat Sow Thistle. The disk only serves to cut up the roots and make them more prolific.

Couch Scutch or Twitch Grass

The only two efficient methods of controlling scutch grass are deep summer fallowing immediately after haying and the use of root crops.

Summer fallowing should be done with a stiff toothed cultivator. This will bring the roots to the surface, where they can be dragged out with the harrows and burned. With hoed crops thorough cultivation before planting and careful hoeing and scuffling during the growing season are very essential.

Every farmer has his own problems with regard to killing weeds. General recommendations only can be given. Each farmer must study the weeds on his farm, and learn whether they are annuals or perennials. Most annuals can be destroyed by allowing the seeds to appear and then destroy them with shallow cultivation. Perennials with creeping root stalks, after plowing down must not be allowed to show green during the rest of the summer or their strength will be renewed and efforts on the part of the farmer wasted.

Weeds in old and rough pastures are the most difficult to control. Where cultivation is impossible sheep will often keep down the weeds; otherwise cutting with a scythe before going to seed is the only means.

No weeds should be allowed to go to seed. Road Superintendents have been given instructions to cut all weeds from fence to fence on all roads. Threshing machine operators should exercise more care in cleaning their machines in moving from place to place. Destroy all weed seeds cleaned from grain. Do not take a chance on feeding them to the chickens. They are bound to get back on the land.

A weed inspector or adviser has been appointed in every municipality. He is placed there to assist farmers with their weed problems. He is also appointed to protect the man who is trying to control weeds against the careless farmer who allows his weeds to mature and blow seeds over the neighbouring farms. Secure the bulletin "Weeds of Ontario," from your Agricultural Representative.

WAS RUN DOWN NOW WELL AGAIN

Takes Pleasure in Recommending Dr. Williams' Pink Pills

To the woman in the home, illness is almost a calamity. Many a woman keeps on with her household duties when she is feeling ready to drop. Her head aches, she is easily tired, is depressed and nervous and has no appetite. In a word, she is anaemic and badly needs help — the health-help that only Dr. Williams' Pink Pills can give her. These pills make rich, red blood which brings new strength and energy to weak, despondent sufferers. Concerning them, Mrs. Paul Rail, Coin du Banc, Que., says: "I was badly run-down, slept poorly and awoke as tired as when I went to bed. My appetite was poor and I felt miserable. I took six boxes of Dr. William's Pink Pills and they completely renewed my health."

Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ontario.

FASCINATING LINKS IN CANADA'S HISTORY

In the Archives there are many interesting documents which belonged to Sir Wilfrid Laurier and Sir John A. Macdonald. During the past week at the auction sale of furniture and pictures and knick-knacks at Ernscliffe, Sir John Macdonalds former residence which has been bought by the British High Commissioner, many interesting pieces of historical value were bought.

One of the valuable documents which is at the Archives of Sir John A. Macdonald is the first public document he signed. It is an affidavit, signed on October 6th, 1834, upon his appointment as a poll clerk in the Upper Canada election in Prince Edward County. He was 19 years old at the time.

With the receipt of this letter the Dominion Archives now houses most of the important letters written by the first premier of the land. Among the papers is the first draft of the British North America Act, in Sir John's handwriting. His last letter, written on May 13th, 1891, just a few weeks before this death was addressed to his former secretary, Alexander John MacDonnell, K.C., who died a few weeks ago.

The letter bemoaned his illness but requested MacDonnell to send Grube it. "Don't let the Grits know about it. It would raise the value of their stock," is declared.

TO SPEND $1,469,000 ON OUR NATIONAL PARKS

During the year 1930 it is estimated that the sum of $1,469,000 will be expended by the Department of the Interior on the work of the National Parks in Canada. The fiscal year of the Department ends March 31st and the estimate is taken from a statement issued by Hon. Charles Stewart. In 1928 the sum of $1,185,000 was spent, and in 1929 the amount was $1,240,000.

In speaking of the work which has been done and is being done by the Department in connection with the National Parks, Mr. Stewart said recently: "We have built a highway through the National Park at Banff that will be a connecting link between the west coast and the prairie provinces and will complete the first national highway built across Canada. We are spending very considerable sums upon that highway, and not only that, but we have spent a very considerable sum to make accessible and improve scenic value of Banff National Park in order to encourage tourist traffic."

Mr. Stewart said that up to date they had spent in the neighborhood of $718,000 on the highway in the Rocky Mountains. In speaking of the need for thorough advertising to encourage tourist traffic, Mr. Stewart said that the tourist traffic of Canada had increased very rapidly from $80,000,000 or more until it is estimated that last year it amounted to well over $300,000,000.

In Saskatchewan the creation of a park and the provision of necessary facilities has meant an expenditure so far of something like $200,000, and it will amount to practically $500,000 before it is finished. The estimate of establishing a park in each one of the provinces is something like half a million dollars, and then there is the annual upkeep.

In speaking of the contribution which is made by the Federal government toward a national highway, Mr. Stewart said: "I made the statement to the Province of Alberta some years ago when they were considering a highway through Jasper Park to connect with what was then the proposed highway to Vancouver, that they would not need to delay for the territory occupied by the Jasper National Park. I believe they intend to do so this year, and then it will be necessary to build through Jasper and connect with the highway going on down to Vancouver and to Prince Rupert. This is being done to bring tourists to Canada. We are prepared to provide the scenic attraction in National Parks in every Province; we are prepared to build and maintain the highways in those parks and give those facilities to the public practically free of charge."

U. S. TRADE GROWTH STIRRING EUROPE

Proposed increases in the United States tariff were cited today by political observers and the press as the most potent factor in achieving unification of European states.

More careful consideration and discussion of Aristide Briand's plan for a European federation has not changed the general belief expressed last September that it would face great difficulties, but undoubtedly the movement has stirred up wide interest in all continental countries.

Well-informed German sources expressed the opinion that it would be easy to align European states for a joint presentation to Washington against the proposed tariff increases, if one state would take the initiative. The opinion reflected wide sentiment in Europe that the tariff proposals were not justified.

The United States everywhere has made inroads in European trade and commerce. The most widespread opinion is that the United States has used its financial and economic position to further the trade attack on Europe.

It was pointed out that America is now exporting to Europe twice what Europe sends to the United States. Not infrequently observers have remarked that this expansion was accomplished because the United States, in a majority of its commercial agreements, enjoys advantages of a most favored nation clause, while protecting its home market by high tariffs.

The European press has increased its agitation in connection with the trade situation since the launching of Briand's plan, urging tightening of economic bonds as the only means of meeting the United States expansion.

A BIG JOB

The men who rule the Russian state would do away with helpful creeds: "Religion is an opiate," they say, "unfit for human needs. We'll drive the people from the pews, we'll run the preachers out of town, we'll use the church for selling booze, however startled nations frown. The name of Providence we hate, all worship we detest; wherever the pious congregate, our soldiers will arrive and wreck. If any man elects to pray, or sing an anthem or a hymn, we'll send the hangman on his way to hang him in a basswood limb." These men might stand along the shore and stop the rising of the tide, or hush the ocean's mighty roar, they are so full of power and pride. And they might bid the tempest cease, suppress the zephyr winds when they rave, and order out their red police to make the elements behave. They've shown they're equal to great things, since poor old Nicholas was slain, the last of a long line of kings who didn't know just how to reign. But when they hand down their decree that all religious rites must go, that it's a crime to bend the knee before whatever shrines men know, they are taking on a bigger job than any despots ever struck, and some day they will refuse to ask what madmen made them run amuck. The peasants may be beaten down, but still will glow religious fires; if they can't worship in the town, they'll worship in their barns and byres. They may be robbed of all their goods, and driven from their lowly shacks, but still they'll worship in the woods, defying rope and knouts and racks. The Russian rulers doubtless can, like Joshua, arrest the sun, but somewhere they may plan cocoanibining all the stars in one. But they can't drive from human hearts the age-old impulse to adore: not all their threats, not all their arts can crush religion to the floor.

FIVE HUNDRED MORE!

Another big shipment of Autostrop Razors, complete with strap and blade, to be given away, one with each 35c tube of Rexall Shaving Cream. Wallace's, sole agents for Rexall products.

IT'S THIS WAY ....YOU SEE

YOU wouldn't knowingly cause your child pain—or risk its chances for success in life if you knew it. We have done the very best thing—supplied your shoe dealer with the visible system of fitting your child with Jack and Jill shoes. For every type and size of foot, there's a special "fitting" shoe with windows in it, for you to see through. See, you see for yourself that the shoes your child wears actually fit without cramping or distorting the shape of the feet. It's now your responsibility that they grow up with beautiful, natural feet.

CORRECT PLAN FIRST STEP IN HEATING

Only Specialists Authorized to Install the Steel-reveted and Gas-tight Lennox Torrid Zone Furnace

Proper planning and installation is absolutely necessary if your furnace is to perform satisfactorily. Every home presents a different problem. Every door and window means lost heat. The construction of your house, its location and exposure, must also be considered.

Accurate formulas governing pipe sizes and furnace capacities have been developed through years of experimental work at the University of Illinois, resulting in what is known as the Standard Code of the National Warm Air Heating Association. Torrid Zone dealers figure and install according to those formulas—and are granted the franchise solely on their ability to follow the scientific principles of the standard code.

On proper installation the Lennox Furnace Company guarantees to replace any part of the Torrid Zone, except grates or liners, if it wears out within ten years from date of purchase. The average life, however, based on actual service records, is 21 years.

Lennox Furnace Company of Canada, Limited, Toronto, Ont. and Winnipeg, Man.

Quick Relief for Women

Women need not endure periodic pains and headaches. They can spare themselves this suffering by taking ZUTOO TABLETS. Mrs. Allen Wright, of Fulford, who was relieved in 30 minutes of severe pain and headache, wrote saying: "Every woman in the land should know about ZUTOO TABLETS and what they will do." Just try the tablets and know for yourself how quickly they stop the pain.

BRITISH RE-UNION ASSOCIATION

TOWN OF NAPANEE AUDITORS' REPORT FOR YEAR 1929

To the Mayor and Members of the Town Council of the Corporation of the Town of Napanee.

Gentlemen:

We, your Auditors for the year 1929, beg leave to report as follows:

We have examined the various books of the Tax Collector, Town Treasurer, Public Utilities Commission and the Board of Education.

We have checked all items of Receipts and Expenditures in the said accounts, and examined all vouchers in support of these items as to their actuality and legality.

We have found these various accounts to be correct and the balances in these accounts to correspond with the Bank balances.

In connection with the accounts of the Board of Education we would recommend that:

In view of the fact that all funds handled by the Secretary-Treasurer of the School Board are kept in one Bank account, it would be advisable to have one large general cash book for School Board purposes. The present system is to keep separate books for each of the following accounts, i.e., Napanee Collegiate Institute, Public Schools, Vocational Day School (N.C.I.), and National High School. By doing this a number of cross entries are necessary to transfer funds from one account to another. One large cash book with a sufficient number of columns to classify properly the distribution of Receipts and Expenditures for these various accounts would, we believe, facilitate the proper accounting of these funds of the School Board and simplify the procedure considerably.

Statements showing the standing of the following accounts as at December 31st, 1929, are attached herewith:

Detailed Statement of Receipts and Expenditures, Town Treasurer.
Supplementary Statement, Town Treasurer, December 16th to 31st, 1929.
Statement Assets and Liabilities, Town of Napanee.
Statement Debenture Debt, Town of Napanee.
Statement Receipts and Expenditures, Public Utilities Commission.
Supplementary Statement, Public Utilities Commission, December 16th to 31st, 1929.
Statement Assets and Liabilities, Public Utilities Commission.
Statement Receipts and Expenditures, Board of Education.
Statement Memorial Trust Fund, Board of Education.
Statement Strathcona Trust Fund, Board of Education.
Statement Fox Medal Fund, Board of Education.

All of which is respectfully submitted.

W. S. WILSON,
W. H. ROE,
Auditors for year 1929.

Dated at Napanee, Ont., February 28th, 1930.

Man (pointing to old car): I proposed to my wife in that car.
Friend: I suppose you keep it for its memories.
Man: We keep it to ride in.

Mother: Your going to marry him? Why you hardly know him dear.
Daughter: Well, that's all right. I know him better I probably could not marry him.

General Work

Now that all danger of frost is over in many localities, or will be in another week, we can make a start on getting in those tender things like dahlias and gladiolus among the flowers, and tomatoes, corn, cabbages, cucumbers, squash, melons and celery in the vegetable line. At this time, too, we should plan our second or third sowings of these vegetables like spinach, lettuce, carrots, beets, and peas which went in earlier. It is not too late to get in many new vegetables which are highly recommended. Among these are broad beans, Brussels sprouts, green sprouting Broccoli, any of the herbs and kale. Full descriptions regarding planting and use will be found in any seed catalogue.

Dahlias

Dahlias should be ordered early as the choicest varieties are soon all sold. One can get them in a vast range of color and size to suit any taste or special location. They may be grown in clumps or individually. Some of the lower-priced tubers can be used to form hedges or backgrounds for lower flowers. The best time to plant this flower is from the last week in May until the middle of June, and the most suitable soil is sandy loam, well-drained and deeply cultivated. If your particular soil does not come up to these specifications, however, you can make it so by adding well-rotted manure or decayed vegetable matter to light soil, or a little coal ashes to to loosen up clay. It is necessary to space your ordinary dahlias from two and a half to four feet apart, as they grow from three to six feet high. They will require support and this is best provided in the shape of a stout stake firmly driven into the soil before the tuber is planted so as to avoid damage. The tubers should be placed on their sides with the buds pointing upwards in holes six inches deep. The largest blooms are obtained by nipping off most of the buds and many of the side shoots. When exhibition blooms are grown but one or two are allowed to a single plant. Sometimes the dahlias form buds but do not flower. This blindness is not the result of an unfavorable location but is due to attacks of insects. Usually sprays can be secured which will bring the pests under control.

Gladiolus

The gladiolus is another flower which should be put in about this time. These will flower in from fifty to ninety days after planting, depending on the variety. By making a judicious selection, one can have a succession of gladiolus flowers from the middle of July until frost. In those sections of the country where very early frosts are encountered, of course only the earliest varieties should be chosen. Like the dahlia, the gladiolus prefers a rich, open loam of good depth and well-tilled. It also responds well to fertilizer. However, this flower is not too particular and it will do well under almost any conditions. Plenty of moisture should be provided and full sunshine most of the day is essential. Where possible, however, it is well that the bed should be in light shade around noon when the strong sun is liable to fade out the flowers. As gladiolus are subject to disease, it is best to plant them in a different location from year to year. Plant the corms from two to four inches deep in heavy soil, and five inches in sand. For decorative purposes, plant in clumps of at least half a dozen and about eight inches apart in the clumps. For cut flowers, the gladiolus are best planted in straight rows in the vegetable garden. The bulblets, or corms, found clinging to the large bulbs in the Fall may be sown in rows an inch apart and dug up with the larger stock in the Fall, stored away in some frost-proof place and planted again in the same way next year. They will obtain their full flowering size in two or three seasons. Gladiolus require frequent cultivation.

Tomatoes

This is also the proper time to set out the tomato plants. This vegetable prefers warm open soil and a little quickly available fertilizer during the early growing season. The vines should be trained to a stake six feet high, nipping off all side branches. The loosely-tied stake at intervals of about a foot with a soft twine or raffia. When the stem reaches the top of the stake, pinch off to hurry ripening of the later-formed fruit. Tomato plants may be grown about two feet apart, and in rows three feet apart when staked. Staking is a little more trouble, but it produces earlier and cleaner fruit, and in this way often gives a crop where early frost would cut down unstaked tomatoes before they have reached the ripening stage.

ASTHMA HEAD and BRONCHIAL COLDS
No Smoke—No Sprays—No Snuff
Just Swallow a RAZ-MAH Capsule
Secures normal breathing. Quickly stops all choking, gasping and mucus gatherings in bronchial tubes. Gives long nights of restful sleep. Contains no injurious or habit-forming drugs. $1.00 per box at drug stores. Send 5c. for generous trial. Templetons, Toronto.
RAZ-MAH
GUARANTEED RELIEF R33

A SIMPLE SYSTEM OF CULLING LAYERS FOR EARLY SUMMER

Just as soon as the spring spurt in egg production lets up, there are certain hens in every flock that should be culled out and marketed. The sooner they are gotten rid of the bigger will be the profits. It reduces labor, lowers feed costs, and gives the profitable birds that much more room in the laying house and on the range. Not only that, but poultry should sell for more money per pound in the early part of the summer than later, so there is a material gain in disposing of the non-productive birds when they stop laying.

There are a number of ways you can cull the flock without causing a disturbance in egg production. One of the simplest is to go over the birds when on the roost at night. Pick out those with shriveled rough combs and shrunken hard abdomens. A bird with a large amount of hard fat around the abdomen is not in laying condition.

Most hens begin moulting when they stop laying which is another way of telling the layers from the non-layers. When a whole flock goes into a moult, it likely is not because they are all poor producers but because they have been mistrested. The chances are they have been undernourished or improperly fed.

It is unfair to attempt culling a flock of poorly fed birds. Grass, bugs, and scratch grain alone do not enable even a good hen to give much in the way of egg production. What the hens need the year round is egg mash. It is poor economy to close the mash hoppers in the spring when the birds get outdoors. What they will pick up on the range will not take care of their feed requirements. It is expensive to let the hens scratch for a living when at a small cost you can provide them with egg mash and in turn get good production the year round from the flock.

The Last Asthma Attack may really be the last one if prompt measures are taken. Dr. J. D. Kellogg's Asthma Remedy will safeguard you. It will penetrate to the smallest bronchial passage and bring about a healthy condition. It always relieves and its continued use often has a permanent effect. Why not get this long famous remedy to-day and commence its use? Inhaled as smoke or vapor it is equally effective.

WILL LOOK MUCH BETTER!

You'll need a quart or two of paint for your veranda floor — or perhaps some green for the shutters. Just remember that Floglaze outside paint covers double as many square feet as ordinary cheap brands, and looks infinitely better. Most colors are $1.50 a quart, at Wallace's, Napanee Agents.

RECORD ON AIRMAIL TRIP ESTABLISHED

A new record—for the airmail flight between Montreal and Moncton, N.B., was recently set by Pilot H. C. W. Smith, of Canadian Airways, Limited, one of the oldest mail pilots in Canada.

Leaving Montreal at 8:15 a.m., he arrived at Moncton in three hours and 30 minutes flying time. This consolidates an air mail record for this route, which has an air mileage of 467, and usually takes about 19 hours to cover in a train.

SELL THAT ARTICLE THROUGH THE CLASSIFIED AD. COLUMN

KEEP GROWING PULLETS HAPPY AND COMFORTABLE

Chicks should be furnished heat until they are well feathered, and the season is such that they are able to keep warm by themselves. This may vary from six to twelve weeks. As the heat is taken away, the chicks should be taught to roost.

One of the best ways to get growing stock to roost is to build a sloping roost at the rear of the house. Put the roost in before the heat is taken away. This will simplify teaching them to take to these temporary roosts. Getting the birds to roost at an early age will avoid crowding, and they will grow more evenly.

Crowding of the brooder house very often results in a heavy mortality, and the birds are apt to sweat because of lack of air. Young stock needs plenty of air. There should be cross ventilation in the brooder house during the warm weather after the birds are well feathered. Try to make the pullets as comfortable as you can by giving them ventilation in hot weather when they need it.

Woman Fears Gas —Eats Only Baby Food

"For 3 years I ate only baby food, everything else formed gas. Now thanks to Adlerika, I eat anything and enjoy life."—Mrs. M. Gumm.

Just ONE spoonful of Adlerika relieves all GAS so you can eat and sleep better. Acts on BOTH upper and lower bowel removing poisons you never knew were there, and which caused your stomach trouble. No matter what you have tried for stomach and bowels, Adlerika will surprise you! At Wallace's Drug Store. (J-2)

NEW LOWNEY PLANE FLIES THROUGH KANSAS GALE

A few days ago while the Walter M. Lowney Company, Limited, of Montreal, waited patiently for the arrival of their new plane from Wichita, Kansas, their gallant pilot was flying through a 200-mile per hour gale at an altitude of 7,000 feet. Despite storms and detours, the pilot made the trip from Wichita to Montreal, a distance of about 1,800 miles, in 16 hours and 20 minutes.

The new J-6 Lowney plane is an open 3-passenger type, equipped with a 165 h.p. whirlwind motor. It has an open speed of 125 miles per hour, and climbs at the rate of 700 feet per minute. The plane was manufactured by the Travel Air Corporation.

The Walter M. Lowney Company, Limited, makers of Lowney's Chocolates, is the first firm in the business to use aeroplanes for commercial purposes. Last year over 700 customers of the firm were taken into the air in the Company's other plane.

This new plane, "The Boss Number 2," will be used to augment this service to Lowney customers, and will be in service in all parts of Canada during the summer.

A little girl, aged three, had been left in the nursery by herself, and her brother arrived to find the door closed.

"I wants to turn in, Cissy," said Tom.

"But you can't turn in, Tom."

"But I wants to."

"Well, I's in my nightie-gown, an' nurse says little boys mustn't see little girls in their nightie-gowns."

After an astonished and reflective silence on Tom's side of the door, the substance Eve announced triumphantly, "Tom tan turn in now, Tom; I tooked it off."

Dumb Dorah thinks if you're driving a car without a license and run into somebody it doesn't count.

Samples of Floglaze work, with many suggestions for combination colors, at Wallace's. Napanee agents for Floglaze. 21

TWO CARS FOUND IN NAPANEE

On Wednesday night the police discovered two cars in Napanee which had apparently been left in a hurry by the owners or by some others who had stolen them. The one was a Chevrole, coupe and the other was a Hupmobile. Word was received by Chief Watts on Saturday, naming the owners of the cars, one belonging in Toronto and the other near Ottawa.

REV. R. M. SEYMOUR, MORVEN, ACCEPTS CALL TO CATARAQUI

Rev. R. M. Seymour, of Morven Circuit, has received an unanimous call to the pastorate of Cataraqui United Church, and has accepted the invitation. For some years Mr. Seymour was in the Canadian West, and came east a number of years ago, and since residing in this district has made a host of friends, who will regret to learn that he will be leaving here. It will interest many to learn that there are three brothers in the United Church ministry, Rev. E. O. Seymour, who was on the Bath circuit a few years ago; Rev. R. P. L. Seymour, formerly of the Adolphustown circuit, now associated with Albert College, and Rev. R. M. Seymour, who has just received the call to Cataraqui.

UNITED CHURCHES GIRLS' CAMP OPENS JULY 10.

One more the Girls' Camp, sponsored by the United Churches within the County of Lennox and Addington, is to take its place as one of the summer's activities. Every effort is being put forth by the new officers to make this year the most successful yet, and we can safely say that the ten days spent at the Varty Lake would be among the pleasantest of your summer.

Cockages of the most comfortable order, and surroundings which cannot fail to appeal to the artistic temperament, have been secured for this camping season.

Swimming, hiking, games, setting-up exercises, singing, stories, plays, campfires and ceremonies will be the order of the day, as we have planned an enjoyable and instructive, yet not strenuous programme.

Watch the papers for further announcements. And, girls, start saving now for the $5 which will admit you to ten days overflowing with pleasure.

Registration fee is payable at any early date, to Lois Stalker, Napanee, from whom further information may also be obtained.

NAPANEE TAKES OPENING GAME FROM TAMWORTH BY SCORE OF 13-2

BENTLEY HITS HOMER

Well "fellas" it looks as if the Gibbard lads are going to amount to something after all. The lads journeyed to Tamworth on Saturday afternoon and defeated them to the tune of 13-2.

Those who witnessed the opening game saw some real hitting and baserunning, especially when "Slim" Gibbard was chosen to run for Leo Scrimshaw in the seventh innings, when Leo was hit by a pitched ball. Some of the "real fast" runners will have to take a few lessons from the lengthy sub.

The hitting of the team as awhole, was very good and nearly all the team managed to get a hit. In the first of the fourth the Gibbard boys broke away and with one on the bag, Freddie Bentley came through with a circuit clout, and after that a new pitcher for the Tamworth squad was needed and before the game was finished they had used four.

The battery for Gibbard's sure played a wonderful game and "Doug" Fraser is to be complimented on holding a team of Tamworth's standing to four hits.

C. Gallagher umpired the game to the satisfaction of both players and fans.

After the game the boys gathered at the Queen's Hotel and by the way they ate, it is a wonder Mr. Gurney's ever went to tide him over the week end. "Grandpop" Kilgannon said he hadn't had anything to eat all day and when the rest of the boys left the table satisfied, Bill was still at it. "Crow" Kimley managed to keep up until the dessert and Bill got a big feed on the pie plate. (Stuff.)

We might add that the Gibbard Boys just managed to get their uniforms in time and "Tony" Sweet, unfortunately, was handed "Mag" Louck's by mistake, and it looked as if poor "Tony" would have to turn tailor for an hour and cut the suit down.

SUMMARY

GIBBARD'S—Strike Outs, Fraser 8, Bentley 1; Bases on Balls, 4; Stolen Bases, 11.

TAMWORTH — Strike Outs, Galbraith 5, Fowler 3, Thompson 1; Bases on Balls, 5; Stolen Bases, 3.

Time of playing, 2 hours and twenty minutes.

GREAT DEMAND!

So great has been the demand for Floglaze Enamel and Floglaze Paint that the huge factories have been operating overtime to keep up with the demand for this famous Canadian made product. In Napanee Floglaze Paint for inside or outside use, retined at $1.50 a quart, for colors, and $1.60 for white, and Floglaze Enamel 1.60 a quart, for most colors and $1.85 for white. Sold at Wallace's Drug Store. 21

DISCARD AUGUST 4TH AS ELECTION DATE

The Government this week rejected August 4th as an alternate date to July 28 for the election. If parliament is not dissolved by May 29 (the date of the last Monday in July for balloting, Canadians will go to the polls on August 11th to choose their government for the next five years.

Objection to August 4th was twofold. In the first place a large number of Canadian cities observe the first Monday in August as a civic holiday, an occasion which finds many thousands away from their homes. Hence polling on that date might have an unpleasant reaction upon a party which kept the holiday-makers at home. Another objection this year is that the date is the anniversary of Britain's entry into the Great War. These two factors have decided the issue and unless polling is postponed to August 18th, it will go over until August 11th.

As events develop it appears more than probable that local factors, rather than the budget, or its provisions, will be the deciding factor in the election outcome.

Premier Ferguson sounded the keynote of attack in Ontario at London in a scathing denunciation of Premier King's "not a five cent piece" to a Tory Conservative declaration. Mr. King took the first opportunity in the House and other parts of his speech made the same day to assure the five Conservative provinces that his reference to "not a five cent piece" was being misused. Conservatives have branded this Mr. King's constitutional issue" and propose to force it.

In Quebec the prelude to the campaign shows the understanding and bitterness, with Saskatchewan the butt of racial animosity which is being exploited particularly by rural dailies.

The Maritime provinces have not yet declared their campaign to a point where forecasts can be indulged in. It is in the West perhaps, that the budget will have its biggest test in determining results. There arises the question as to whether or not any definite swing has taken place towards protection, and if not, what favor will be accorded Mr. Dunning's new duties. In British Columbia little alteration in the present standing is anticipated.

Mr. King and Mr. Bennett hope for a few days rest after the House closes. Then the campaign of each will run sixty days and nights—a fifty per cent. advance on the flood of biblical history.

FREE SHOTS ON Local Sport

The locals got away to a good start on Saturday when they trounced Tamworth 13 to 2.

* * *

Due to the fact that there were so many new men in the line-up, Manager Loucks had quite a job placing everybody. But now that practically everyone has had a chance he should have little trouble finding the right man for every position.

* * *

Tamworth were ready to quit at the end of the eighth and it is likely just as well, as there is no telling what the final tally would have been.

* * *

Doug. Fraser is better than ever and he is going to be hard to beat in this league.

* * *

With "Scrimmy" Scrimshaw behind the bat, this pair make a mighty strong battery.

* * *

Out of the three pitchers Tamworth had on the mound, Galbraith looked the best.

* * *

He is a new man in this league and should improve as the season goes on.

* * *

It was well for both teams that Tamworth was not at bat in some respects at least as Napanee was at the time the game was called.

* * *

The diamond at the park would have been practically useless, whereas the Tamworth field was in good condition.

* * *

Some of the boys were trying out their sea-feas last week and are mighty tickled with the results.

* * *

They are sifting right along and will get a lot of fun out of them this summer.

* * *

Doubtless next year will see more on the river and if there are enough in the right class, the odd race should provide some real thrills.

PRESENTATION TO MR. BAIN

Mr. James Bain, who has been chief engineer of the Acme Farmers' Dairy Company, Napanee for the best part of the past two years, was made the recipient of a Waterman's writing set, and a set of gold cuff links, to mark the esteem of the employees of the firm on the occasion of his leaving Napanee to go to Toronto. Mr. Bain expressed briefly his keen appreciation of the kindness of the employees and wishes it to be known that his stay in Napanee has been a real pleasure to him, and hopes to be favoured with a visit from all his friends at any time they may be in Toronto. His address will be 299 Monarch Park Avenue, off Danforth, and he leaves Napanee at the end of the present week.

NEWBURGH LADY DIES SUDDENLY

Miss Gladys Slade, R. N., daughter of Capt. and Mrs. Slade, Newburgh, passed away suddenly after a brief illness. Deceased had returned a few days ago from Hartford, Conn. to attend the holidays at her home. On Thursday morning her mother found her very ill and despite the best of medical care, she failed to improve and passed away the next day. Miss Slade was quite well known in Napanee, having done relief work here for the Victorian Order Nurses. The funeral was held from her late home on Monday afternoon, the remains being laid to rest in Cataraqui East Cemetery. Service was conducted by Rev. Canon Spencer. Rev. W. Spencer, of St. Anne's Church. Besides her sorrowing parents deceased leaves two sisters and one brother, Mrs. Jos. Almabrack, Camden; Mrs. Jones, of Toronto and James, at home.

Samples of Floglaze work, with many suggestions for combination colors, at Wallace's. Napnee agents for Floglaze. 21

TWO CARS FOUND IN NAPANEE

On Wednesday night the police discovered two cars in Napanee which had apparently been left in a hurry by the owners or by some others who had stolen them. The one was a Chevrolet coupe and the other was a Hupmobile. Word was received by Chief Watts on Saturday, naming the owners of the cars, one belonging in Toronto and the other near Ottawa.

REV. R. M. SEYMOUR, MORVEN, ACCEPTS CALL TO CATARAQUI

Rev. R. M. Seymour, of Morven Circuit, has received an unanimous call to the pastorate of Cataraqui United Church, and has accepted the invitation. For some years Mr. Seymour was in the Canadian West, and came east a number of years ago, and since residing in this district has made a host of friends, who will regret to learn that he will be leaving here. It will interest many to learn that there are three brothers in the United Church ministry. Rev. E. O. Seymour, who was on the Bath circuit a few years ago; Rev. H. P. L. Seymour, formerly of the Adolphustown circuit, now associated with Albert College, and Rev. R. M. Seymour, who has just received the call to Cataraqui.

UNITED CHURCHES GIRLS' CAMP OPENS JULY 10.

Once more the Girls' Camp, sponsored by the United Churches of the County of Lennox and Addington, is to take place, as one of our most outstanding activities. Every effort is being put forth by the new officers to make this year the most successful yet, and we can safely say that the ten days spent at the Varty Lake would be among the happiest of your summer.

Cottages of the most comfortable order, and surroundings which cannot fail to appeal to the artistic temperament, have been secured for this camping site.

Swimming, hiking, games, setting-up exercises, singing, stunts, plays, camp fires and ceremonies will be the order of the day, as we have planned an enjoyable and instructive, as well as pleasurable programme.

Watch the papers for further announcements. And, girls, start saving now for the $5 which will admit you to ten days overflowing with pleasure.

Registration fees are payable at any early date, to Leta Stalker, Napanee, from whom further information may also be obtained.

NAPANEE TAKES OPENING GAME FROM TAMWORTH BY SCORE OF 13-2

BENTLEY HITS HOMER

Well "fellas" it looks as if the Gibbard lads are going to amount to something after all. The lads journeyed to Tamworth on Saturday afternoon and defeated them to the tune of 13-2.

The boys who witnessed the opening game saw some real hitting and baserunning, especially when "Slim" Gibbard was called on for Leo Scrimshaw in the seventh innings, when Leo was hit by a pitched ball. Some of the "real fast" infielders will have to take a few lessons from the lengthy sub.

The hitting of the team as awhole, was very good and nearly all the team managed to get a hit. In the first of the fourth the Gibbard boys broke away and with one on the bat, Freddie Bentley came through with a circuit clout, and after that a new pitcher for the Tamworth squad was needed and before the game was finished they had used four.

The battery for Gibbard's sure played a wonderful game and "Doug" Fraser is to be complimented on holding a team of Tamworth's standing to four hits.

Gallagher umpired the game to the satisfaction of both players and fans.

After the game the boys gathered at the Queen's Hotel and by the way they ate, it is a wonder Mr. Connors had enough to tide him over the week in John Street on Wednesday night. Notices have been sent to the various police officers along the line and they are confident of finding it before long.

Napanee batted in the first inning but hadn't had anything to eat all day and when the rest of the boys left the table satisfied, Bill was still at it. "Crow" Kimkley managed to keep up until the dessert and Bill got a big start on the pie plate. (Snuff.)

We might add that the Gibbard Boys just managed to get their uniforms in time and "Tony" Sweet, unfortunately, was handed "dog" Loucks's mistake, and it looked as if poor "Tony" would have to turn taller for an hour and cut the suit down.

SUMMARY

GIBBARDS—Strike Outs, Fraser 8, Bentley 1; Bases on Balls, 4; Stolen Bases, 1.

TAMWORTH — Strike Outs, Galbraith 5, Fowler 3, Thompson 1; Bases on Balls, 5; Stolen Bases, 3.

Time of playing, 2 hours and twenty minutes.

GREAT DEMAND!

So great has been the demand for Floglaze Enamel and Floglaze Paint that the huge factories have been operating overtime to keep up with the demand for this famous Canadian-made product. In Napanee Floglaze can be had inside or outside use, priced at $1.50 a quart for colors and $1.60 for whites, and Floglaze Enamel at 1.60 a quart for most colors and $1.85 for whites, is sold at Wallace's Drug Store. 21

DISCARD AUGUST 4TH AS ELECTION DATE

The Government this week rejected August 4th as an alternate date to July 28 for the election. If parliament is not dissolved by May 29 to permit use of the last Monday in July for balloting, Canadians will go to the polls on August 11th to choose their government for the next five years.

Objection to August 4th was twofold. In the first place a large number of Canadian cities observe the first Monday in August as a civic holiday, an occasion which finds many thousands away from their homes. Hence polling on that date might have an unpleasant reaction upon a party which kept the holiday-makers at home. Another objection this year is that the date is the anniversary of Britain's entry into the Great War. These two factors have led to the belief that unless polling is possible on July 28th, it will go over until August 11th.

Should the election develop it appears more and more probable that local factors, rather than the budget, or its provisions, will be the deciding factor in the election outcome.

Premier Ferguson sounded the keynote of attack in Ontario at London in a scathing denunciation of Premier King's "not a five cent piece" to a Tory Government declaration. Mr. Ferguson took the first opportunity in the House to quote other parts of his speech made the same day to assure the five provinces that there was no reference to "not a five cent piece" was being made, or any connection at all implied with the "Mr. King's constitutional issue" and propose to force it.

Mr. Ferguson replied to the, campaign shows the undercurrent of bitterness which has broken down the spirit of racial antagonism which is being exploited particularly in rural districts.

Political observers here say that the Premier's campaign to a point where forecasts can be indulged in. It is said, for instance, that the budget will play the largest part in determining the issue. There arises the question as to whether or not any definite swing has taken place towards protection, and if not, what favor will be received by Mr. Dunning's new duties. In British Columbia little alteration in the present standing is anticipated.

Mr. King and Mr. Bennett hope for a few days rest after the House closes. After that the flood of oratory will run thirty days and nights—a fifty per cent. advance on the flood of biblical history.

FREE SHOTS ON Local Sport

The locals got away to a good start on Saturday when they trounced Tamworth 13 to 2.

* * *

-Due to the fact that there were so many new men on the line-up, Manager Loucks had quite a job placing everybody. But now that practically everyone has had a chance he should have little trouble finding the right man for every position.

* * *

Tamworth were ready to quit at the end of the eighth and it is likely just as well, as there is no telling what the final tally would have been.

* * *

Doug. Fraser is better than ever and he is going to be hard to beat in this league.

* * *

With "Scrimmy" Scrimshaw behind the bat, this pair make a mighty strong battery.

* * *

Out of the three pitchers Tamworth had on the mound, Galbraith looked the best.

* * *

He is a new man in this league and should improve as the season goes on.

* * *

It was well for both teams that Tamworth was not as damp (in some respects at least) as Napanee was at the time the game was called.

* * *

The diamond at the park would have been better used, however, whereas the Tamworth field was in good condition.

* * *

Some of the boys were trying out their sea-fleas last week and are mighty tickled with the results.

* * *

They are sifting right along and will get a lot of fun out of them this summer.

* * *

Doubtless next year will see more on the river and if there are enough in the right class, the odd race should provide some real thrills.

PRESENTATION TO MR. BAIN

Mr. James Bain, who has been chief engineer of the Acme Farmers' Dairy Company, Napanee for the best part of the past two years, was made the recipient of a Waterman's writing set, and a set of gold cuff links, to mark the esteem of the employees of the firm on the occasion of his leaving Napanee to go to Toronto. Mr. Bain expressed briefly his keen appreciation of the kindness of the employees and wishes it to be known that his stay in Napanee has been a real pleasure to him, and hopes to be favoured with a visit from all his friends at any time they may be in Toronto. His address will be 259 Monarch Park Avenue, (off Danforth), and he leaves Napanee at the end of the present week.

NEWBURGH LADY DIES SUDDENLY

Miss Gladys Slade, R. N., daughter of Mr. and Mrs. Slade, Newburgh, passed away suddenly, after a brief illness. Deceased had returned a few days ago from Bancroft, where she spend the holidays at her home. On Thursday morning she took ill and in her very ill and despite the best of medical care, she failed to improve and passed away the next day. Miss Slade was quite well known in Napanee, having done relief work here for the Victorian Order Nurse. The funeral was held from her late home, on Monday afternoon, the remains being laid to rest in Camden East Cemetery. Service was conducted by her pastor, Rev. R. M. Seymour, B. D., assisted by Rev. Mr. Bennett. Besides her sorrowing parents, deceased leaves two sisters and one brother, Mrs. Jos. Alcombrack, Camden; Mrs. Jones, of Toronto and James, at home.

FEDERAL ELECTION DAY SET FOR JULY 28.

Canada's sixteenth parliament since Confederation was dissolved last Friday night. It was elected on September 14, 1926.

The standing at dissolution was as follows:—

Liberals	120
Conservatives	89
United Farmers of Alberta	11
Progressives	12
Liberal Progressives	8
Labor	2
Independents	3

Election for the new parliament will be on Monday, July 28th.

CAMDEN EAST

Rev. T. H. P. Anderson was in Cobourg last week attending the annual sessions of the Bay of Quinte Conference. — The regret rain has been a great benefit to gardens and fruit trees generally and Mr. M. Horton, Deseronto, spent Sunday and Monday at the home of Mr. and Mrs. Charles Hustead. —Mr. and Mrs. Alvey Ehlberley and Mrs. J. McGarry and Mrs. J. Kirkpatrick, of Toronto, spent a day at Tamworth last week with relatives.—Mr. and Mrs. Comfort Black and two children, of Toronto and Mr. and Mrs. T. Black, of Deseronto, spent Saturday evening with Mr. and Mrs. George Black. — Dr. Connolly, of Los Angeles, Cal., has been visiting in Yarker, spent a day with her friends, Mrs. George Black.—Mr. and Mrs. Stanley Emberly of Napanee, spent Sunday with Mr. and Mrs. D. B. Amey.— The annual competition of the Women's Institute marketing will be held on June 5th. A first class programme dinner at 12:00 o'clock by the Camden East Women's Institute. Be sure and come is the pass word.—Mrs. M. Horton, of Deseronto, and Mrs. Charles Husted, took dinner with Mrs. Percy Husted and children on Monday last.

BICKNELL'S CORNERS

We have been having some real heavy rains, which have spoiled a lot of the crops. — Mr. and Mrs. J. E. Brown, Napanee, and Mr. and Mrs. E. W. Simmons, spent a couple of days of last week at Wilkins' Camp, Verona. —We are very sorry to say that Mr. Francis Dunn is not so well. All hope for a speedy recovery.—Mrs. Francis Dunn spent Monday afternoon at J. Sewell's.—A large number from around here spent the 3rd of June at Kingston. —Mr. and Mrs. Ray Reed, Morven, spent Sunday with W. Dunn.—Miss Maybelle Blakely took tea with Miss Ruby Simmons on Saturday.

REAL ESTATE

Having been solicited by a number of farmers and others we have decided to open up a Real Estate Agency in Napanee. We solicit your patronage and shall be pleased to list your property, whether farm or house, to sell or rent. We have ...

Ons 123-acre farm, one of the best in South Fredericksburgh, with buildings in fine condition. A real snap.

Two 100-acre farms, two 75-acre farms and one 115-acre farm, in Richmond.

Other farms in other localities.

Prices and terms very reasonable.

Inquire at F. S. Scott's Barber Shop.

P. A. SCOTT,
Box 122, Napanee.

NOTICE OF MEETING

THE COUNTY COUNCIL

of Lennox and Addington, at call of the Warden, will meet at the Council Chamber, in the Court House, NAPANEE, on

TUESDAY, JUNE 17th, 1930
at 2:00 p.m.

All accounts must be in the hands of the undersigned not later than Wednesday, June 11th, in order that they may be considered.

W. G. WILSON,
County Clerk.
Dated, May 31st, 1930. 23b

NOTICE

County of
Lennox and Addington,

To Wit:

Public notice is hereby given that the **GENERAL SESSIONS OF THE PEACE AND COUNTY COURT** of the County of Lennox and Addington, will be held at the Court House, in the Town of Napanee, on

TUESDAY, JUNE 10th, 1930.

at the hour of 1 o'clock in the afternoon, of which all Coroners, Justices of the Peace, Constables, and other persons are required to take notice and govern themselves accordingly.

C. W. VANDERVOORT,
Sheriff.
23a

NOTICE TO OWNERS OF TRACTORS

Owners and Operators of Traction Engines with sharp cleats are hereby notified to discontinue the same on the County Road System under penalty of Highway Traffic Act, Part XI. Section 63, R.S.O., 1927.

T. Y. ANDERSON,
County Road, Superintendent.
Napanee, May 22nd, 1930 22c

PARASITES IN SWINE

Is there any problem at this time which deserves more careful study and attention by all swine growers than does the question of parasites? It makes no difference what type of hog you raise, if you are feeding, besides the hog, numerous parasites, such as intestinal round worms (ascarids), lung worms, etc., your profits are diminished materially. More than that, the parasite weakens the vital organs of the digestive system or other organs of the body so that the hogs are unable so utilize their feed to the best advantage and they become a liability instead of an asset to the farmer.

At the Dominion Experimental Station, Rosthern, Saskatchewan, detailed records regarding the health of numerous litters have been kept from birth to marketing weight (200 pounds). From these records it appears that the critical period of a pig's life is from the fourth to the twelfth week, the time when they are nursing the sow, and the first four weeks after weaning.

Symptoms indicating the presence of parasites appeared to develop gradually, the first indication being slight scouring followed by coughing and sluggishness, with no strong desire for nursing. In litters where these symptoms were very pronounced there was, as a rule, a very high percentage of mortality and in practically every case the entire litter showed similar symptoms. The litters which showed none of these symptoms appeared very active from the fourth to the twelfth week. The pigs which survived in litters which appeared to be affected with parasites were slaughtered on reaching 200 pounds in weight and an examination at the abattoir by a qualified veterinary surgeon. In practically every case ascarids were found, varying in number from one to one hundred and forty-three in one pig. The litter which had one hundred and fifty-three ascarids matched up for size day by day after birth, whereas pigs from litters which showed no trace of ascarids were matched at the 175th to the 200th day after birth. The amount of meal required per 100 pounds gain was considerably increased in the litters which showed the presence of parasites.

In order to control against parasites cannot be emphasized too strongly. In some cases sanitation, which implies thorough disinfecting of pens previous to farrowing and from farrowing to weaning, is all that is recommended vermifuge to the sow a few weeks previous to farrowing, thorough washing of the sow two or three days previous to farrowing and disinfecting the sow's udder, but not least, the pigs should not be allowed to run on the same land year after year. On the average farm the sows and litters can be kept on new land nearly every year. This will assist in keeping the pigs free from parasites, thus retaining their health and vigor and increasing the profits per hog income from his hogs. Prevention is undoubtedly better than cure in the case of parasites.

YARKER SOUTH

The frequent heavy rains have done a great deal for the crop and also the pastures.—Mr. and Mrs. Desmond Barnard, of Peterborough, called on several in this neighborhood last week. —Rev. McKenzie and Isabelle, of Yarker, visited at Stephen Davis's on Tuesday evening last.—Mr. and Mrs. Harold Huff called on Mrs. George Robinson, Yarker on Sunday.—Mrs. M. Davis spent a day last week with Mrs. O. Hutchins, at Wilton.—Many from here attended the Women's Institute held at Mrs. Arle Clark's, near Yarker on Wednesday of last week.— Mrs. Herman Bell and little daughter, of Kingston visited her sister, Mrs. Chester Love recently.—Mrs. Jake Love received the sad news on Wednesday of the death of her sister, Josephine Henderson, at Watertown. — Mrs. Martha Love spent last Sunday at the home of her brother, John Reid, Glenburnie.— Mr. and Mrs. Chester Love and baby and Mr. and Mrs. Harold Huff and children spent a Sunday recently at John Love's at Colebrooke.—Mr. G. C. Davey and baby, spent a couple of days in Watertown last week and attended the funeral of their aunt, Mrs. Henderson.

MORVEN

About fifty persons were present at Hallowell School on Sunday morning, and all listened with interest to the special missionary programme given, in charge of Mrs. A. A. Winters, secretary to the missionary department. Miss G. Amey and Mr. A. Hall had very large classes owing to the absence of several of the teachers. Encourage the superintendent, Mr. A. Lake by your presence and attendance.—Mr. J. S. Fralick visited her cousin, Mrs. W. Davison, Dundas Street, Napanee, on Thursday. —Mr. and Mrs. William Withers and baby, of Napanee, with Mr. and Mrs. E. Lund. — Charles T. Gausden spent Sunday with Mr. and Mrs. F. Thomas, Watertown. — Several of the people attended church in Napanee on Sunday evening. — As a people, we should feel highly honoured that the newly elected President of the Bay of Quinte Conference, Rev. J. V. Robins, Napanee, should be one whom we all admire and revere.

Bay "Muresco" in latest colors at Hooper's Drug Store. 23

There can be nothing amusing in the misfortune of others, but Smith Four wife made us a very pleasant call last evening.

"I'm very sorry," came the startling reply, "I'll see that it does not occur again. I intend to keep her chained up after this."

BAY OF QUINTE CONFERENCE

REV. A. J. WILSON ELECTED PRESIDENT

Stirring Debates and Inspiring Devotional Addresses

The annual Bay of Quinte Conference met in Cobourg United Church on Tuesday afternoon, May 27th, at 4:00 p.m., the President, Rev. J. V. Robins, of Bowmanville, in the chair. In the absence of the Moderator, Dr. Gunn, through illness, the President preached the opening sermon, and at the close of his message administered the Sacrament of the Lord's Supper, assisted by the pastor and elders of the church.

Election of Officers

The opening business session was held on Tuesday evening at 8:00 p.m. The President convened the court and in a few chosen words, declared the Conference open for the transaction of business. The election of officers followed, and Rev. A. J. Wilson, of Napanee, was elected President on the first ballot. The other officers of the Conference were elected and are as follows:—

President—Rev. A. J. Wilson, Napanee.

Secretary—Rev. George R. McQuade, Odessa.

Treasurer—Rev. R. T. Richards, Port Perry.

Statistical Secretary—Rev. J. Taylor, Eganville.

Conference Reporter — Rev. S. F. Dixon, Bath.

The addresses of the first evening were given by Rev. Ernest Thomas, of Toronto, in the interests of Evangelism and Social Service; and by Rev. A. C. Myers, of the Department of Religious Education.

Deserved by Dr. McLeod.

Each morning of the Conference, from 9:30 to 10:30, a unique worship period was conducted by Rev. Duncan McLeod, of Formosa. In his address he stressed the importance of Pentecost in the Church of today. The first subject was "The Disciples Before Pentecost"; the second, "The Disciples Between the Crucifixion and Pentecost"; and the third, "The Disciples After Pentecost." Dr. McLeod's messages were very practical, deeply spiritual and most helpful.

Missions

Wednesday evening was Missionary night. The work of the Women's Society was taken care of in a stirring address by Mrs. W. L. Smythe, of Perth, President of the Conference Branch of the Women's Missionary Society. The work of the Home Missionary Department, as presented by Dr. Colin Young, while Dr. Jesse Arnup presented the work of the Foreign Missionary Department. All these addresses were a challenge to the folk of the Church to support, as never before, the work of the Missionary and Maintenance Fund. Special attention was drawn to the fact that unless the fund receives a more loyal support from all the people, the work will be crippled on every missionary field.

The Laymen's Banquet

The Laymen of the Conference showed evidence of interest and enthusiasm in committee work on the floor of conference on the Laymen's Banquet. The banquet was held in the gymnasium of St. Peter's Anglican Church on Thursday evening, in charge of the President, Mr. Denike. Addresses were given by Dr. McLeod, on "The Orient in the Light of Today and Tomorrow"; and by W. H. Goodavin, of Montreal, on "What the Church Expects of the Laymen." An excellent male quartette from Napanee supplied the musical part of the programme.

One of the most keen debates during the Conference followed the report of the committee, on "Reconciliation and World Peace." The report stated among other things "that war, as a means of settling international disputes is unchristian." Rev. Stanley Russell, of Deer Park Church, Toronto, supported the motion in an address of information and inspiration. In spite of certain objectives, the report as a whole, was adopted.

This being General Council year, considerable time was taken in electing commissioners to the General Council. The ministerial members elected from the Belleville Presbytery are: Rev. W. H. Harrison, Deseronto; Rev. G.C.R. McQuade, Odessa; Rev. A. J. Wilson, Napanee; Rev. H. W. Foley, Selby; Rev. T. H. P. Anderson, Newburg.

Report of Settlement Committee

The Settlement Committee of the Conference had a very busy week's work, as they met in the County Council Chamber in Cobourg, 65 Ministers were settled in new charges. The changes in this county are as follows: Rev. R. M. Seymour, of Morven, to Cataraqui; Rev. R. W. Street, of Stockdale, to Morven; Rev. S. F. Dixon, of Bath to Milford; Rev. Fred Horton, of Milford, to Bath; Rev. J. P. Plant, of Adolphustown, to Hallowell; and Rev. E. J. Beckley, of Marmora, to Adolphustown; Rev. I. N. Becktead, of Tamworth, to Eldorado and Rev. A. D. Waite, of Bridgewater, to Tamworth.

Sunday Services

The Sunday services were well attended by ministers, laymen and friends. The morning sermon was preached by Rev. R. W. Walker, M.A. D.D., the new Chancellor of Victoria University, Toronto. Rev. A. J. Wilson had charge of the ordination service and five young men were ordained to the work of the Christian ministry. The candidates were William Davis Craig, B.A., George William Fish, B.A., Orieff Roy Pindall, B.A., Wesley Clifford Smith, M.A., Alfred Morrison Woodley. The evening message was presented by Rev. H. A. Kent, M.A. D.D., of Kingston.

Cobourg spared no pains to entertain the Conference. Streamers of flags spread the streets, a banquet by the Cobourg Kiltie Band, a civic reception by the Mayor, the Reeve and the local Member of Parliament, the Churches of the town and the

REV. A. J. WILSON, B.A., B.D.
PRESIDENT OF BAY OF QUINTE CONFERENCE OF UNITED CHURCH

Rev. A. J. Wilson, B.A., B.D., who was elected president of the Bay of Quinte Conference of the United Church of Canada, was born in Wales, England, of Scotch parents. His forebears have lived on the same farm in Cookpool, Scotland, for over six hundred years. He came to Canada when about three years of age. He spent his early life in St. John, New Brunswick, where he attended the public school. After leaving out of school for a number of years, he returned and attended the famous Pictou Academy, in Pictou, Nova Scotia, where he took his matriculation. He then went on to Queen's University where he graduated in English and philosophy, in Arts; and Old Testament, and New Testament; in Theology. While at college, he took a keen interest in all matters of student concern, and was on the Athletic Board of Control for five years as president of the Conference Branch of the Women's Missionary Society. The work of the Home Missionary Department, as presented by Dr. Colin Young, while Dr. Jesse Arnup presented the work of the Foreign Missionary Department. All these addresses were a challenge to the folk of the Church to support, as never before, the work of the Missionary and Maintenance Fund. Special attention was drawn to the fact that unless the fund receives a more loyal support from all the people, the work will be crippled on every missionary field.

ODESSA

Rev. Bosko, Vennachar and Mr. Philip Krawduck, Matawatka, were guests of Rev. and Mrs. G. R. McQuade, last Tuesday.—Mr. and Mrs. Leon Perry Toronto, are holidaying with the latter's parents, Mr. and Mrs. Calder, and spent the week end the guests of Mrs. Perry's brother, Dr. Lula Fraser, Napanoque.—William Vrooman, Kingston, is visiting his son, Mr. Herman Vrooman, and Mrs. Vrooman.— Mr. and Mrs. Bert Snider, Belleville, and the former's sister, Mrs. E. A. Sharpe, Toronto, were recent guests of Mr. and Mrs. Oswald Snider. — Mrs. Harry Laughlin and daughter, Miss Ola Laughlin, N. Portland, Maine, are visiting Miss Agnes Laughlin.—Mr. and Mrs. Jack Long and children, Dorothy and Marjorie, Oshawa, are guests of Mr. and Mrs. Thompson.— Mr. and Mrs. Charley Dewey, son, Hubert, and daughter, Miss Phoebe Dewey, and Mrs. Ed. O'Connor and sons, Charley and Leo, Moscow, spent Sunday with Mrs. Dewey's brother, Mr. Daniel McConnell and Mrs. McConnell.—Mr. Edward Clark, Mr. and Mrs. George Greenwood and Mrs. William Calder spent Wednesday, section, were also their recent guests. — Mrs. Ed. Gerow, Napanee, spent Friday with her sister, Mrs. William Tolls.—Mr. and Mrs. Bernard Anson, Napanee, were recent guests of the latter's parents, Mr. and Mrs. William Jones.—Rev. Palmer Keeley and mother, Mrs. J. D. Keeley, Marmora, were guests of Mr. and Mrs. B. L. Hart last Monday.—Miss Lizzie Lawlor has returned from spending the past ten days the guest of Miss Laura Crowe, Cobourg. — Rev. George McQuade attended the sessions of the Bay of Quinte Conference of the United Church, held in Trinity Church, Cobourg. For the past two years Rev. McQuade has been statistical secretary. —The many friends of Mr. Dorval Peterens are sorry to hear that he passed away last Friday. The deceased was highly respected and very favorably known in the vicinity. The funeral was held from his late home Sunday afternoon, Rev. Spencer, Camden East, officiated. The remains were interred in Wilton Cemetery. The funeral was in charge of our local undertaker, Mr. William Jones.—A baby boy arrived last week to make his home with Mr. and Mrs. Walter Snider; also a little son to make his home with Mr. and Mrs. Ministerial Association, and the hostesses who entertained so royally in their homes, and last but not least, the clergy and pastor of the Conference Church.

NEWBURGH

The construction men are busy building the highway from Newburgh to the Centreville Road.

Mrs. Eastman and granddaughter are visiting her sister, Mrs. D. Vandervoort.

Mr. and Mrs. Charles Carter visited Mr. George Thompson, of Sharp's Corners, on Sunday.

Mrs. M. Kellar spent Sunday in Deseronto.

Mr. Leo McNeill, who was in Schenectady, N.Y., all winter, visited his father, V. McNeill and has returned back to Schenectady accompanied by Mr. James Engolsby.

Mrs. J. S. Yeomans, of Schenectady, N.Y., Mr. Roy Pennell, of Napanee and Miss E. Yeomans, spent Tuesday, June 3rd, with Mrs. Wrese, of Wesley.

The Women's Institute held their regular monthly meeting on Tuesday, May 27th at the home of Mrs. G. A. Sylvester, with a good attendance. Miss Eadie gave a fine address, also Mrs. Huffman, the District President. Lunch was served by the committee appointed. The officers elected were as follows:—President, Mrs. W. Frost; First Vice-President, Mrs. John Wartman; Second Vice-President, Mrs. C. G. Walker; Secretary-Treasurer, Miss May Johnston; Directors, Mrs. Anderson, Mrs. W. A. Ramey, Mrs. J. E. Harrison; Mrs. O. M. Walker; Flower Committee, Mesdames Wagar, Harrison, Dennison and Lucas; District Directors, Mrs. F. W. Frost; Press Reporter, Mrs. C. G. Walker.

The annual meeting of the Newburgh branch of the Upper Canada Bible Society, will be held Friday evening June 20th. Particulars later.

Many local members of the Masonic Order will spend next week in Toronto attending the Shriners' Convention.

Mrs. W. J. Ramsay is spending a few few days with her mother, Mrs. C. Arnold Roblin.

Mr. and Mrs. Bruce Asselstine, of Forest Mills, at Mr. I. Peters'.

Mr. C. Hughes, who is plumber for G. H. Bray's Hardware, has moved his family from Ottawa and will reside in Mr. Hogan's house in the north end of the village.

Newburgh kept June 3rd as a holiday several going to Kingston for the air meet.

A number of ladies from the village will attend the District Annual meeting of the Women's Institute at Camden East on Thursday, June 5th.

Miss Madelon Cobourn and friend, of Detroit, Mich., are visiting friends here over the week end.

Mrs. Floyd Hooper and children, of Deseronto, are spending a few days with her mother, Mrs. S. Sheir.

Mr. H. Fralick returned from Toronto and is staying with Miss M. Mc Fee for a few weeks.

Mrs. G. Wagar visited over the week end with her sister, Mrs. H. Wagar, Napanee.

Mrs. R. G. Byers, of Sterling, visited last week with Mrs. R. R. Duncan and Mrs. Gilbert Duncan, of Kingston, attending the synod of the American Church.

Mrs. S. Sheir returned home after visiting in Toronto for a month.

Mrs. Anderson went to Cobourg on Saturday to attend the conference on Sunday.

Mrs. Howard Peters visited her father, Mr. D. Bowerman, recently.

D. A. Aylesworth was in Kingston attending the Liberal Convention on Saturday, May 31st.

There were no preaching services in the United Church on Sunday, as Rev. T. H. P. Anderson was in Cobourg.

Mr. and Mrs. George Young, of Elwood, and the latter's father, intended to Picton one day last week to visit friends.

Glad to report that Mr. D. Bowerman, who had a slight stroke a month ago is recovering nicely.

Mrs. John Shaw went to Kingston General Hospital for treatment last week.

The High School pupils are writing their promotion examinations this week.

The cheese factory started to make cheese last Saturday night for a couple of months.

Miss M. McNeely is busy preparing for the public entrance examinations.

Mrs. G. Wagar and Miss E. Glenn went to Kingston on Monday evening to attend the graduation of the nurses in the Kingston General Hospital, of which Mrs. German Wagar's daughter, Miss Maud Wagar, is one of the graduates.

Mrs. D. Vandervoort has returned home after visiting in Belleville.

Mr. and Mrs. Coughlin, of Belleville, were the guests of Mr. J. H. Coughlin on Sunday.

Rev. and Mrs. W. H. Linstead were the guests of Mrs. Linstead's mother, of his brother-in-law, last week.

Mrs. John Wareman was the guest of Mr. and Mrs. F. W. Frost at their camp on Sunday.

Marjorie Kellar, of Detroit, has returned home after visiting her father, Mr. I. Peters.

DORLAND

Frost visited the locality last week, but does not appear to have done any serious damage.—Summer, which has been subtracted for some time, seems to be getting busy in earnest this time.—The many friends of Rev. and Mrs. J. A. Plant will be sorry to know that they are leaving this circuit for Consecon.—Rev. Mr. Beckley will succeed Mr. Plant here.—The children, of the Sunday School were most hospitably entertained at the Davis home on Saturday afternoon.—Mr. and Mrs. W. J. Magee are spending a few days with relatives at Selby.—Work on the road and the telephone line proceeds slowly. Both are in very uncertain condition at present.

Healthful Heat must be Clean Heat

TORRID ZONE furnaces deliver CLEAN, DUSTLESS, HEALTHFUL heat because they are made of heavy steel plates riveted and caulked smoke-tight and gas-tight like a steam boiler are rarely get leak.

Your walls and draperies will never again be soiled with soot from a leaky furnace, because the Torrid Zone furnace is a riveted boiler plate furnace which cannot leak dust and dirt any more than it can leak gas and smoke.

There will be no dirty ashes and grates on the walls, that so often come above steam and hot water radiators. Nor will there be any of these awkward radiators in your way.

With a Torrid Zone you will always have clean, moist, warm air heating. The air you breathe in your home will never be polluted with poisonous coal gas from a leaky furnace, because a riveted boiler plate furnace cannot leak gas. It is gas and steam tigh

No fire bowl can crack when the fire is contained in a gas-tight steel drum lined with fire brick like a foundry cupola.

The extra steel drum on the back of the Torrid Zone radiates a great amount of heat usually lost up the chimney with the smoke. Torrid Zone steel furnaces give cleaner heat with better combustion and less smoke than other furnaces, AND THEY TAKE LESS COAL.

Guaranteed for ten years.

RIVETED

Torrid Zone steel furnaces are the only riveted and caulked gas-tight boiler plate furnaces in Canada. When installed according to the Standard Code, as designed by research engineers for the National Warm Air Heating Association, they, will recirculate warm, fresh air evenly throughout every room in your house. Guesswork has surrendered to science in Torrid Zone heating.

Lady (to convict): And how did you get here, my man?

Convict: Why, it was bein' too tender hearted. 'Bout of taking all the feller had. I left him enough to engage a lawyer.

It appears that the moustache is to become fashionable again this year. It will be a welcome change from the things that some of our young men have been wearing.

YARKER - COLEBROOK W. I.

The Yarker-Colebrook Women's Institute met at the home of Mrs. A. Cadieux on Wednesday afternoon, May 26th. The roll call was answered by suggestions on "How to teach children the importance of politeness." Canadian Last Women's Institute was invited to serve the programme and altogether there was a total attendance of eighty-six members.

The meeting was opened in the usual way and after the regular business and correspondence had been attended to by Mrs. G. Beardley, vice-president of Camden East, W. I., took charge of the meeting.

An excellent paper on the "Ode" was given by Mrs. MacDonald. The main thought throughout was "Gratitude." Miss N. Berry gave a very enthusiastic account of what followed from a growing garden, in which sketches of the lives of important people were given by Mrs. G. Beardley, vice-president of Camden East. W. I.

YARKER - COLEBROOK W. I.

The Yarker-Colebrook Women's Institute met at the home of Mrs. A. Clark, on Wednesday afternoon, May 21st. The roll call was answered, by suggestions on "How to teach children the management of money." Camden East Women's Institute was invited to give the programme and altogether there was a total attendance of eighty-six members.

The meeting was opened in the usual way and after the regular business and correspondence had been attended to, Mrs. G. Bendley, vice-president of Camden East W. I., took charge of the meeting.

An excellent paper on the "Ode" was given by Mrs. MacDonald. The main thought throughout was "Unselfishness." Miss N. Berry gave a very comical recitation, which was followed by a guessing contest, in which sketches of the lives of important people were read, the names being omitted, and the members were asked to guess the subject of each sketch. This contest was very interesting as well as being educational.

Everyone enjoyed Mrs. H. Robinson's piano solo, after which Mrs. Albert Lewis read a splendid paper, the subject being "Our Motto," which is "For Home and Country." Mrs. J. Lewis sang a solo, entitled "Keep Singing." She was accompanied by Mrs. H. Robinson. Mrs. E. Hamilton and Mrs. A. Robinson put on a Flower Contest, which was won by Mrs. F. Lovelace and Mrs. Perry Alkenbrack. The prizes were a vase and small leatherette case.

Mrs. Charles Amey, president of Yarker Colebrook Women's Institute, moved a vote of thanks to the Camden East visitors for their very interesting programme. Mrs. N. Boyce seconded the motion and the members showed their appreciation by a hearty handclap.

Mrs. Charles Amey announced that Miss Eadie, speaker sent by the Department, would give an address at the home of Mrs. A. Brown, Yarker, May 29th, at 2:00 p.m. The members were also asked to keep in mind the District Annual Convention to be held in Camden East on June 5th.

The meeting was closed by singing the National Anthem after which a very dainty lunch was served by the refreshment committee.

BABY'S OWN SOAP

Best for Baby Best for You

SPRING GREENS

When the word "greens" is mentioned the thoughts of ninety-nine people out of a hundred turn to spinach. This is because spinach has been given so much publicity. A well-known chemist commented recently that if a manufacturer should make the claims for his product that nutritionists have made for spinach he would be reprimanded by the government.

Spinach is a healthful food but there are at least thirty-eight other varieties of fresh greens which are within the reach of most of us at some time of the year. This one class of foods gives a wide range of flavors—spicy, bitter, aromatic, sweet—either eaten raw or properly cooked. It is careless cooking which has given so many greens ill-repute—a black eye. The usual rule is quick, short cooking with little water. There are few exceptions to this as for instance turnip tops, mustard greens and kale after they have passed their first stage of delicacy.

The cooking of greens begins with the washing. No one likes grit and since the cooking will not remove it, special care must be taken in the cleaning. Soak leafy greens in plenty of lukewarm water. An hour's soaking will free the leaves from sand and grit. Lift them out of the water and rinse in clear water. Draining only puts the sand back again into the greens.

Enough water will cling to the leaves of spinach and chard to make additional water unnecessary for cooking. Put the washed greens into a kettle, cover and cook slowly until enough liquid has formed to keep the greens from burning. Continue cooking, stirring occasionally until the leaves are tender. Cooked spinach or chard may be arranged in a casserole in layers alternating with cooked noodles or macaroni and white sauce. Sprinkle the top liberally with grated cheese and garnish with rolled corn flakes are good and brown in the oven.

Very young, tender turnip greens are commonly used in certain sections of the country. They may be cooked alone or in combination with beet greens, radish greens, kale or dandelion.

A special luncheon menu for this time of year has a main vegetable of buttered asparagus (whole stalks) or spinach garnished with egg; new potatoes with cream sauce; buttered new peas and baby carrots. Garnish the plate with parsley. Hot bran muffins are right to serve instead of bread and fresh strawberries or canned peaches furnish a pleasing dessert.

DO YOU SUFFER FROM CONSTIPATION?

Countless remedies are advertised for constipation. Many of them relieve the moment but they are habit forming and must be continued. Others contain calomel and dangerous mineral drugs, which remain in the system, settle in the joints and cause aches and pains. Some are harsh purgatives which cramp and gripe and leave a weakened condition.

Avoid lubricating oils which only clog the intestines and discourage nature's machinery to become lazy.

A purely vegetable laxative such as Carter's Little Liver Pills, gently touches the liver, bile starts to flow, the bowels move gently, the intestines are thoroughly cleansed and constipation poisons pass away. The stomach, liver and bowels are now toned up and the system enjoys a real tonic effect. All druggists 25c and 75c red pkgs.

Canadian Gardening Service

Special Flowers

Flowers should be chosen to suit purposes, for instance there is quite a large list of blooms which can be dried and used for indoor decoration all Winter. Chief among these is the helichrysum, or straw flower. This is a hardy annual growing about two feet high and producing yellow, pink, bronze or red flowers. In the rock garden we also have the Statice, Acrolinium, Rhodanthe, and several others. For preserving, these flowers should be picked with long stems just before the bloom opens up and hung upside down in some warm dark place. If one had a shady corner, there are many flowers like the tuberous-rooted begonia, lupine, clarkia, annual larkspur, godetia, verbena, pansy, nicotine and phlox which actually prefer a dull location. One should keep in mind the height, color and season of blooming when making selections for particular purposes. Another point to remember is fragrance.

Prolonging Corn Season

The gardener should not make the mistake of planting his corn all at the one time. Of course, in the more northerly districts of Canada it will be necessary to confine ourself to the very earliest varieties. Bantam is a standard variety, and one can now secure it in the early, medium and late varieties. The Golden Sunshine is a still earlier type than Bantam, coming on a week ahead of that variety which it resembles in quality and color. In the warmer districts of Canada, one should plant the first corn from the middle of May at weekly intervals until the first of July. Corn prefers light soil, plenty of fertilizer, and frequent cultivation. Allow about five kernels to a hill and count on an average about a cob and a half per stalk.

Beans

The bean is another vegetable which should be spread more over the season than it usually is. One can put in the first rows after all danger of frost is over and continue planting at weekly intervals until the first of July. There are several types. We have the dwarf and the pole sorts, and among the ordinary varieties we have the yellow and the green. In recent years, people are turning more to the green bean which they consider of higher quality than the other. One can also plant Limas which should not go in until the weather really warms up, and there is also the broad bean which goes in fairly early. This broad bean makes a delicious vegetable, the pod being shelled like peas. The only thing to guard against with it are the aphids which attack the plant at flowering time. Spraying with nicotine sulphate (or Black Leaf 40) a few times will ward off this pest.

Keep Flowers Picked

In order to have the flower garden looking at its best at all times, all dying bloom must be kept removed. With most sorts, the oftener the bloom is removed, the more of it there will be. When plants are allowed to develop seed pods all the energy goes into this part of the business and flowering soon ceases. In the case of those plants such as Alyssum which produce a lot of small flowers on one stalk, the dying bloom may be sheared off. For large individual flowers, it is best to nip off a portion of the buds and side shoots.

Keep Things Moving

A check in growth in the vegetable garden is very hard on the quality, particularly in regard to those vegetables where the leaves or roots are eaten. Water, if possible, in dry weather but in any event keep the garden well cultivated to prevent the evaporation of the water stored in the soil. A frequently-cultivated garden will keep on growing almost regardless of the weather.

Shrubbery

Early flowering varieties of shrubs should be pruned just after blooming by cutting out the old branches, states Professor A. H. Tomlinson, of the Ontario Agricultural College. This is especially necessary in the case of those plants over three years of age in order that there is plenty of room left for new growth. The hydrangea, and other late-blooming shrubs, should be pruned in the Spring. This is the proper time to trim Evergreen hedges and also to plant Evergreens.

Persian balm is alluringly fragrant. Adds a charming refinement to the most finished appearance. Creates and preserves complexions of surpassing loveliness and texture. Softens and whitens the hands. Cools and dispels all irritation caused by weather conditions. Swiftly absorbed by the tissues, leaving not even a vestige of stickiness. A peerless toilet requisite. Invaluable to all women who care for elegance and distinction.

HELP THE ALFALFA!

Ontario's alfalfa fields have experienced some hard knocks during the last twelve months. Last summer's drought permitted only sparse growth, and alternate freezing and thawing early this spring caused some serious heaving of the alfalfa crowns in the heavier soils. But hard luck never permanently discouraged an intelligent Ontario farmer. Already things are looking better as many of the fields are now showing signs of coming back nicely.

Actual tests conducted under the direction of the Ontario Agricultural College show how weakened fields can be helped. Six alfalfa growers in Western Ontario top dressed their alfalfa fields last summer with fertilizers high in phosphate and potash, and secured gains of 1380 lbs. to 8940 lbs. of green crop per acre. The college is having ten tests of a similar character conducted this summer. At the Ohio Experiment Station an application of 200 lbs. of 0-14-14 fertilizer produced an increase of 2360 lbs. of green alfalfa per acre as a three year average; 1200 lbs per acre of 0-14-4 gave an increase of 1600 lbs. and 600 lbs. superphosphate gave an increase of 1294 lbs. per acre. These tests show definitely the great need of potash for alfalfa.

Of course soil must be well drained if it is to grow good alfalfa, year after year; and speaking generally it should be limed, (1000 lbs. per acre) once in four years so as to keep conditions most favorable for alfalfa growth.

Fertilizers should be broadcast on alfalfa, and it is well to harrow or drag the field after the fertiliser has been applied.

YARD ROTATION IN POULTRY CULTURE

Mortality figures over a period of five years, taken from the autopsy of the Poultry Division, Central Experimental Farm show 25 per cent of all mortality to be caused by intestinal parasitism. It must be remembered that the birds which were the subjects of this tabulation came mainly from poultry flocks in the provinces of Ontario and Quebec and from the Canadian and Ontario Egg Laying Contests, 80 per cent of the birds of which were also from the same provinces. Obviously these figures are a fairly accurate barometer of disease conditions in the provinces mentioned and no doubt would apply, with slight reservations, to Canadian conditions in general.

In the light of this fact it will be readily recognized that the control of this disease is of great importance to the industry.

Both experimental work and actual practice tend to point toward the value of yard rotation in the rearing and maintaining of stock free from intestinal parasites. If possible, the rearing ground should be divided into four or five sections of equal size. While the stock ranges on one section the remaining ground is cultivated and sown to free growing crops to maintain the cleanliness of the soil. The following season the range is shifted one section and the used land cultivated and put down to crop. Clover, alfalfa and seed crops make excellent soil cleaners, the land being used after range following the green rather than the hoed crop. The colony brooder house and range rearing coop... plans for which are shown in the bulletin, "Poultry House Construction," obtainable from the Publications Branch, Department of Agriculture, Ottawa, fit in excellently in such a rotation owing to ease of moving and adaptability to rearing conditions.

Once reared free from parasites the maintenance of such a condition is largely by the same treatment. Permanent laying or breeding houses should have large front and back yards free from interior fences which may be cultivated in the same way as the rearing houses and alternated between crops and range for the birds.

PERSIAN BALM

Magical in its beautifying effect on the complexion. Soothes sunburn—a subtle fragrance gives alluring charm. Try this dainty toilet requisite.

At your druggist

Weekly Crop Bulletin

Most of the counties in the province report a rapid recovery from the inroads of winter on the fall wheat and alfalfa crops. Bruce county is assured of a good crop of hay while in Dundas both the above crops are making fine growth. The same applies to Prontenac but rains have delayed grain seeding. Grenville's report almost duplicates that of the latter. Potato planting is in full swing in Hastings while in Huron an increase in bean acreage is expected. Seeding is practically completed in Renfrew while in Kent all crops are from a week to ten days earlier than in 1929. In Lambton, the report says, "Prospects for a bumper crop were never better." An exceptionally large crop is expected in Lanark while in Lincoln, fruit prospects are excellent. A rapid growth of fall wheat has been noticed in both Middlesex and Norfolk while in Northumberland, orchards are ten days ahead of last year. Early barley is being sown in Perth in an attempt to kill sow thistle. The report, on the whole, is the most optimistic issued this year.

Mother (telephoning from bridge party): "Johnny, I hope you and Bobby are being good boys while I am away.

Johnny: Yes we have. And, mamma, we've been having more fun. We let the bath tub run over and we've been playing Niagara Falls on the stairway.

A NUMBER OF FARMS FOR Sale. Also a number of houses in town for sale. Apply to T. B. CHRISTIE, Napanee, Ont. 1tf

TO END THE BUCK LAMB EVIL

Discounts to be Discontinued

Six or seven years ago it was decided by lamb buyers that the buck lamb must disappear from the commercial lamb markets. Its presence on the lamb market unfavorably affected the general popularity of lamb as a food. Furthermore, it was the reason from the producers standpoint why buck lambs should be castrated. Therefore, to give effect to the educational work that had been done for a number of years, last year buyers adopted a system of price discounts on buck lambs. These have been increased greatly reducing the price of the poor class of lamb coming to market. We have resulted in improving the demand for lamb by the consumer public and helped to maintain strong prices for live lambs.

But, as always, some producers have persisted in neglecting to castrate their male lambs at the proper time and this neglect has resulted in a lot of poor quality lambs being rushed on to the market immediately before the date that the price-cuts on buck lambs become effective.

To overcome this, the dates at which the price cuts begin have been advanced and made uniform throughout Canada.

"Effective on June 30, the price of all lambs for market castrated or that the producer shall suffer loss and in order to maintain and increase the demand for lamb meat, thus helping to support lamb markets in as strong a position as possible.

YELLOW TULIPS AND A BIT OF PAINT

When I was visiting my daughter, in the city, a short time ago, I went on a shopping tour of the big department-al stores. My daughter did not take much stock in the idea of my going alone, as she was afraid I would get lost or drop my money. But I just laughed and said, I'd been down town often enough not to lose my way, and if I did, I'd just ask a friendly police man. As for my money, I'd like to see the person who could steal it without my knowledge 'oopin' maybe a dollar or so that I carry in my purse for loose change.

I went down town bright and early, and my but I had the grandest time. It was such fun to pretend, to be buying things, and then to change my mind and say "No I didn't believe it would do, or it wasn't exactly the shade I wanted." I never could do that in the stores at home where everybody knows me. I wish you could have seen me endeavouring to choose a Persian rug worth seven hundred dollars with such a worried air, wondering if it would be just the right thing to go with my drapes and then deciding I'd better have a sample of my drapery material to match up with it before I decided. Imagine it! Me choosing a Persian rug and not a stick of hardwood floor to put it on, except in the kitchen, and the drapes,—well they are still to be purchased. But I'd always wanted a Persian rig, and I expect that is the nearest I'll ever come to owning one.

Do you know I spent nearly all day in the stores, shopping for this and that and at a quarter to five I hadn't bought a thing except my lunch. I'd seen so many things though, and I'd got so many new ideas, and I felt so grateful, that I thought I'd just buy some little thing. I went to the fancy work department, and there I saw the cunningest luncheon sets to embroider—doff blue cloth with yellow tulips tucked squished in the corners, and yellow serviettes to be worked in blue and gold. Well say, my heart just came right up into my mouth when I saw them. The Persian rug that I'd wanted, and passed by, was as nothing to this. I just had to have one of those luncheon sets. Of course it was not so expensive as the rug. A dollar and a quarter I think the complete set was. At any rate I bought it. All the way home on the car I felt so happy deep down inside.

Now you may wonder what I would do with a blue luncheon cloth and yellow tulips in a kitchen almost as large as my daughter's whole appartment, on a kitchen table large enough to accommodate eight men and plenty of food, without being pulled out to its full length. My daughter laughed at me in fact she ridiculed me so much that I was hurt, and packed up my suitcase and came home the very next day.

As soon as I'd got the house tidied up a bit, and seen to it that the hired girl Mary had emptied out the sour milk she'd been leavin' in the jugs from breakfast, I said I was tired and was goin' to rest a while. I hope I may be forgiven for that lie, and if the others I had to tell during the next few days until I got that luncheon set all embroidered and laundered nicely. My but it did look pretty when I got it finished. But what was I going to do with it? My daughter had made it plain that I couldn't use it on my kitchen table, supposing I didn't know that myself and my dining room furniture isn't exactly the kind one uses bright little luncheon sets like that with. Well, I sat down in the rocker by the south window and took stock of my kitchen. That kitchen table was rather large, but without it in the centre of the room the kitchen would not have been complete. Besides I needed it as threshin' time, and such like. There was the white and gray electric stove that John had given me last Christmas, when we had had hydro installed in the house and barns. It looked rather out of place too, but it didn't help the luncheon cloth situation;—and then suddenly it did.

The kitchen woodwork was painted almost identically the same shade of gray as the top of the stove, and the wallpaper was blue and white. All these budget kitchen ideas I'd gotten-ered in the stores came tumbling into my mind. I remembered I had some gray paint down in the cellar left from painting the woodwork last spring. I knew I had four or five old straight back chairs up in the attic, so I got them down and decided to paint them gray. I had thought that perhaps I might buy a small table when suddenly I espied the old drop leaf table I'd been hogging my greyalumns and foliage slips on for the winter, because of the sunshine it had in the window. It had been there all the time, but I hadn't really seen it before. The very thing I wanted.

Well I painted and enamelled that table and those chairs. Then I got some blue enamel and put little circles of blue on the legs, and backs of the chairs, and around the edge of the table. You'd never believe how much difference a little bit of paint can make unless you've tried it yourself.

Of course I had difficulty in keeping the secret from John, my husband. Talk about woman's curiosity! No woman was ever as curious as that man. But one little white lie led to another, until I was becoming quite an expert by the time I'd finished the painting. I had to let Mary into the secret of course, because she was around the house all the time.

When the paint was dry she and I carried the table and chairs into the kitchen and arranged them by the south window. The sun was just streaming in that window, and when I spread the blue cloth on the table those yellow tulips looked almost like real ones laid in each corner. I had a yellow bowl somewhere, so I busied me to find it, but blue flowers don't grow in the country at this season. I arranged the yellow serviettes at each place, and was just arranging some blue cups and saucers I had saved of my mother's when John came in and caught me.

Well, you should have seen the look in that mans eyes. It did me good to see it. I felt almost like a bride again, and I've allure I blushed like one when he came over and felt of the cloth, and fingered the tulips almost as tenderly as I might touch them myself. I'd take my oath on it that there was moisture in his eyes as he hugged me. "So this is what you've been up to, eh Martha," he said. "Well, well, this sure does look better than that old table with the gerraniums, but tell me, how did you get all this furniture without my knowing about it."

And when I told him—well—that's another story.

HANS CHRISTIAN ANDERSEN HONORED IN DENMARK

That there are men now living who can remember a time before Hans Christian Andersen's fairy tales came into the world seems an extraordinary thing, and yet it is the 125th anniversary of his birth, which was celebrated in Denmark recently, and not the seventeenary. Most of us seem to have grown up with the idea that the fairy tales were at least as ancient as Pilgrim's Progress if not quite as venerable as the latest books to be written in the New Testament. One reason for this is that we are likely to have read the tales when we were very young and when there seemed little difference between 50 years and 500 years. Another reason is that Andersen has such a way with the idea that the fairy tales were at least as ancient as Pilgrim's Progress if not quite as venerable as the latest books to be written in the New Testament. One wrote nothing that Aesop might not have written, and that, cast in different language, will give delight to children hundreds of years hence when some new genius devises another style of telling the immortal stories. The only thing indeed that keeps Andersen from being a Victorian is that he was born in Denmark. He was a contemporary of Dickens and Carlyle and Tennyson rather than of Defoe and Shakespeare and Milton.

Genius Unrecognized

Another remarkable thing about him is that his contemporaries were a long time in discovering that he was by way of being a genius. His more ambitious works were described, and perhaps with good reason, as sentimental trash. It seems to have been the general belief that he did not have the kind of intellect that could contrive entertainment for adult minds. Andersen, while he did not acquiesce in this harsh judgment, would undoubtedly have preferred to have won a name as the author of books addressed primarily to grown-up people. In fact he believed that some of his earlier work was much more important than the little tales he made up for juvenile reading. Nobody realized that the apparently simple and easy thing he was doing was destined to outlive practically all the more pretentious and popular work that was being turned out by his contemporaries throughout Europe. It very often happens that the work the author thinks least of is really his best, and that which he prizes is correctly classified as worthless by the critics.

Mother a Washerwoman

Odense, where Andersen was born, has a very ancient city which has changed little with the centuries and perhaps the general atmosphere of Andersen's work, which, as a boy, he was brought up had something to do with the flavor of antiquity which permeates his best work. It also stimulated his imagination and later on led naturally enough to efforts to write romantic and historical novels which his contemporaries found dull and which his admirations have with great unanimity refused to read. Han's father was a shoemaker and he had therefore few educational advantages in early life. His fondness for reading Shakespeare and Holberg was interpreted as a sign of genius but as proof of laziness and will was he bitched for it. His mother was a washerwoman and as Hans rightly said there was no great future in that occupation even if he could have apprenticed himself to it. So he resolved to venture forth and see the world. He said in his memoirs: "People have an immense deal of adventurous to go through, and then they will become famous." Hans was already beginning to live his fairy tales.

Early Struggles

He went to Copenhagen where he had a letter of introduction to a dancer. She asked him what he could do and he proceeded to give a wild and uncouth exhibition of dancing that caused her very speedily to get rid of him. For two years he lived precariously on what he could earn by singing and acting and then got steady employment as a dancing puppet. He had then the luck to meet some friends who detected merit in him and they induced him to accept a sufficient amount of money to provide him with more formal education than he had yet received. He was wrecked at school and sought relief in several poems which were destined to popularity after he had become famous. His first success came with a humorous book which no publisher would undertake to print and which he finally published himself. This first hit was followed by others, and his earlier poems were republished. It was perhaps the happiest period in Andersen's life. But grief lay just around the corner. He fell in love with Riborg Voigt, the daughter of a shop keeper, and though it seems to have loved him in return she followed her parents' bidding and became the wife of another.

He Discovers His Talent

It was a terrific blow to the poet and yet nevertheless was able to coin his own grief into another volume of poems, after which he was induced to travel abroad. He met many famous authors, but was chagrined when he learned that the brothers Grimm had never heard of him or his works. He continued to turn out novels, poems and occasional plays, with varying success. It is sufficient to say that if he had written nothing but fairy tales he would ever have been him and Fraulein Voigt might have married without ruining herself and the yearnings of her heart. In 1835, when he was 30 years old he turned out the first volume of fairy tales to the delight of children in them showing that at last he had found the thing which he could do better than any of his contemporaries. Thereafter he moved in a world of his dream children, creating his little stories with as little seeming effort as a bird might build his song. He met Jenny Lind and fell in love with her, but when she married somebody else he did not seem greatly disturbed, and certainly he did not carry on his life as a man who had had his heart broken. He had his first love and when three years earlier he had tried to injure himself by falling out of bed, and thereafter was never well.

Muscular Rheumatism Subdued. — When acid is a sufferer from muscular rheumatism he cannot do better than to have the region rubbed with Dr. Thomas' Eclectric Oil. Let the rubbing be brisk and continue until easy is secured. There is more virtue in a bottle of it than can be fully estimated.

Have You Heard These?

A young married woman is often criticised by her friends because of the freedom with which she accepts little attentions from men.

At a recent gathering which she attended she drew from her pocket her lace handkerchief, in which a knot had been tied to call to her mind some trivial duty.

"Dear me," she said to several men about her, "why is that knot in my handkerchief? I tied it there to remind me of something."

"My dear," said an old woman who overheard her, "it was probably to remind you that you are married."

Miller's Worm Powders will clear the stomach and bowels of worms, so that the child will no more be troubled by their ravages. The powders are sweet to the taste and no child will object to taking them. They are non-injurious in their composition, and while in some cases they may cause vomiting that must not be taken as a sign that they are nauseating but as an indication of their effective work.

Small Dose

A Scots minister felt called upon to remonstrate with one of his flock who occasionally got drunk. The man represented the interference of his spiritual advisor.

"Now look ye here, meenister. I've heard ye admit ye tak' a glass yersel' after dinner. Is that not so?" asked the man.

"Yes, that is so" said the minister.

"An' ye'll hae a drop o' toddy before ye gang to bed. Am I richt, sir?"

"I confess I do like a tumberful of toddy at, night, James: it helps me to sleep. But what has all this got to do with your drunken habits?"

"This, sir! Ye admit yersel' to tha drams a day. That's fourteen guid nips a week, or sixty every month. I only get drunk once a month when I get my pay. Now, if I drank as much as you I'd be drunk for a week. The difference between you and me is that ye admit yer whisky than I do, only ye time yer drams better!"

No More Asthma. Dr. J. D. Kellogg's Asthma Remedy sounds the death knell of this trying trouble. It stops the awful choking and painful breathing. It guards against night attacks and gives renewed ability to sleep and rest the whole night long. Much is claimed for this remedy, but nothing but what can be demonstrated by a trial. If you suffer from asthma try it and convince yourself of its great value.

The pale, nervous-looking man was applying for a job.

"I feel that I shall be able to suit all your requirements, sir," he said to the boss.

The great man shook his head.

"I'm afraid I shan't be able to take you," he replied. "You see, I'm wanting a single man."

A look of horror appeared on the other's face.

"B-but, good gracious," he stammered, "when I came here yesterday I was told that you were looking for a married man."

"I'm sorry said the boss, "it must have been a mistake."

The applicant stepped forward and clutched him by the arm.

"Look here," he gasped, "it's all very well for you to talk like that—but what am I to do? You see, I went straight out and got married!"

Douglas' Egyptian Liniment relieves toothache and neuralgia. Invaluable in cases of croup, sore throat and quinsy. Keep a bottle handy.

To be Had for the Asking

A Decorating Service equal to your every need. Homemakers are particular, and so they should be—for nothing can be more disappointing than an unsatisfactorily newly decorated room. So few people can foresee the completed room, and so many when selecting will say: "If only I could see the paper on the room!"

This is the very point at which we are fully able to relieve you—we have the means of knowing and seeing the rooms completed. Sifch has been the constant study of our Decorator for fifty years, and he may be your adviser and helper if you so choose. He is kept in our Salesrooms constantly for the performance of this very duty, and you may have his advice at any hour of the business day; a great saving for you against annoyance, cost, and disappointment.

In addition to all these savings you have a selection of Wall Papers and Hangings to choose from much greater than in any other store in Canada, and at prices much lower than any other store. We show you every paper made in CANADA, and the best made in the UNITED STATES, ENGLAND and FRANCE.

If you have seen a sample in any Sample Book shown by PARTE HANGERS or DEALERS, we guarantee for the very same paper our price will be from 20c to 25c per roll lower in price than that shown in your Sample Book. We are proving this out every day. Many people are clipping small samples from samples in their books, mailing them to us and saving 10c. and 20c per roll.

AGONY OF NEURITIS

A Story of Intense Suffering And Relief

"Do I recommend Dr. Williams' Pink Pills"? "You may believe I do," says Mr. John H. Jamieson, of Wallaceburg, Ont.

"For five years I suffered day and night from neuritis. The agony was terrible. I lost control of my arm and shoulder and my hand became shriveled. Nothing helped me till I began taking Dr. Williams' Pink Pills. Even then the improvement was slow and I took ten boxes before I was on the way to recovery. After that, though, relief was rapid. My hand gradually filled out; the pain left me and I could sleep in peace. That was two years ago and I have not had a twinge of the trouble since."

ONTARIO ARCHIVES TORONTO

WITH WHAT FORMULA DO YOU END A LETTER

How should a letter be ended? What form of words should precede the signature? The question has been revived by the discovery of an old letter from George Washington, the well-known American, who wound it up thus:

"I have the honor to be with sentiments of esteem,

"Sir,

"Your most obedient servant, G. Washington."

The objection to this form is, of course, its insincerity. We seem to remember that in one of the most famous letters on record, that which Dr. Johnson addressed to Lord Chesterfield, he also called himself "your lordship's humble obedient servant," after having removed the patrician hide from his lordship in a manner that has since delighted millions. Dr. Johnson was nobody's humble and obedient servant, yet it was his habit thus to inscribe himself though he was neither a servile man nor a hypocrite. Probably the custom of such terminology arose in the days when only a few people, holy clerks for the most part, could write and their communications were almost invariably addressed to their superiors or patrons from whom they expected something. Nothing was more natural than that they should humble themselves.

The Democratic Spirit

In Washington's days a lot of new ideas were blowing about the world, and one of them suggested that the conventional butler-like manner of concluding letters was rather mischeading or degrading, and while Washington was most punctilious in referring to himself as an obedient servant when he was addressing a public body, in his personal casual correspondence he was wont to write "your obdt. svt." or your hble. svt.", ill. calling attention to the fact that he was continuing a form while repudiating the content. Franklin, however, than Washington was influenced by the Democratic spirit which was rampant abroad, did not refer to himself as an obedient servant except in his formal communications as president. By this time few indeed took it for granted that the phrase which we in general polite usage was anything but a form, a shallow politeness that was not even hypocrisy for the idea had become general that first point of courtesy should be truth. Lincoln generally signed himself "your friend" or "yours, etc." or "respectfully," with "your obedient servant" only very occasionally. By this time the phrase had come to signify no more than "I am at your service," which does not mean much of anything.

"Your Esteemed Friend"

Roosevelt used "yours sincerely" and Wilson made "cordially and faithfully" prominent and at times "affectionately" when he wrote to his secretary, Joseph Tumulty, in the days when he had affection for him. We frequently see "yours very sincerely" or "yours most sincerely" but from anybody who has a rudimentary notion of the origin of the word "sincere," which means literally "without wax" or without fraud or pretence. So, if one is without deceit he cannot be very much without it. The word does not bear comparatives. In this connection we recall reading a film version of "Oliver Twist" in which some person signed himself "your esteemed friend," though no evidence was ever submitted to show that he was esteemed by anybody but himself. There is very much to be said against "yours truly" except that it is a protestation that should not be required. "Yours etc." discharges the duty of ceremony and does not commit the writer to anything. In business communications especially, such phraseology as "Ever thine" is generally frowned upon, though there are some here and there who say that it tends to break down sales resistance.

Not Really "Dear"

The London Times recently has been carrying some correspondence on the question as to how an editor should be addressed and how a letter to him should conclude. The phrase "your obedient servant" has been justified somewhat pessimistically on the ground that the person writing to the editor was presumably a reader of the paper and therefore a natural subscriber to or sympathetic follower of the editor's ideas. We are bound to say that in this office no such illusions would long flourish. The notion that if the editor is approached with great deference he will more readily grant a request must have inspired those who declare themselves to be his servants. But one writer said: "I do not address you as 'dear sir' because you are dear to me. I decline to accept the dictum that I must sign myself 'your obedient servant.' I cannot tell a lie and say chance of success and I am not your obedient servant. 'Yours etc.,' is horrible, 'yours sincerely' is insincere, 'yours truly' is untrue, 'yours faithfully' seems to hit the mark." The editor of the Times in summing up the debate declined to take any bull by the matter and while the Times, like other newspapers, has its own accepted forms, refuses to deliver judgment which could only result in other outbreak of correspondence.

"One Perfect Signature"

The editor remarked, however, that the sentiment expressed in the letter has no concern with the signature, and in Latin countries though men may engage in furious correspondence in which they impute the vilest motives and qualities to each other they end with expressions of ceremonious regard. The "etc." has been found by many to be a kind of compromise between the polite usages and the indignation of the writer. Thus Pope closed an angry letter to a printer with "etc., etc." We can sympathize with the First Lord of the Admiralty, who when he was writing a note to a medal winning sailor felt that it was somewhat incongruous to subscribe himself the obedient and humble servant of that worthy tar, although he probably signed it conformably with usage. Another famous phrase was that with which Lord Palmerston closed a letter to Von Tirpitz, "Yours till hell freezes over," though a short time later nothing would have given either of them greater satisfaction than a view of a hell that refused to freeze, containing the other. The editor of the Times believes that the "one perfect signature" was that of the famous painter: "I have the honor to be James McNeill Whistler." It strikes us as redundant.

FAREWELL AND PRESENTATION

On Wednesday evening, May 28th, the neighbours and friends of Mrs. Sidney Pringle met at her home to spend an evening with her before her departure to make her home with her mother, at "Piety Hill" Napanee, also to express in a tangible way their appreciation of her life while she dwelt among them.

Time passed quickly and when the hands of the clock were nearing eleven, Mrs. Pringle was asked to come forward to take a central seat, while Mrs. C. C. Hudgins read the following address:

Dear Mrs. Pringle: We, your neighbours and members of our church, have gathered in your home tonight to wish you good health and happiness in the new field of duty you are about to enter upon. We are reminded that life is one great school and thinking of the place you have filled in our church, we are truly thankful that very early in your life, you, made your decision to make your life count; that decision has meant much to this community where you have made your home for many years.

You have been one of the most earnest and faithful teachers in the Sunday School. In every way, whenever called upon you have served faithfully.

In the Women's Missionary Society also in the Women's Christian Temperance Union, you have given your best. We feel we should especially mention your work in the W. C. T. U. You have stood by it when others failed and have been an example to many of us in teaching us what can be accomplished by persistent effort.

We ask you to accept this little gift, a boudoir set of pearl and amber, as a remembrance of our appreciation of your service of love, which we feel sure, you have always cheerfully given. And we are glad you are not going far away and we hope to be able to welcome you home quite frequently.

And while we wish to extend to you our very best wishes for future usefulness and happiness, we are reminded of what is promised:

God has not promised
Skies always blue,
Flower-strewn pathways
All our lives through.
God has not promised
Sun without rain,
Joy without sorrow,
Peace without pain.
But for the labor
Strength for the day.
But God has promised
Light for the way.
Grace for the trials.
Help from above,
Unfailing sympathy
Undying Love.

Signed on behalf of your friends, Mrs. W. J. Winter and Mrs. J. C. Hudgins.

Mrs. Pringle thanked them for the beautiful gift and words of appreciation also for their loyal support and kindness while she dwelt among them, saying she felt unworthy of so much kindness and attention, and if she had accomplished anything, it wasn't through any of her goodness, but through God, which strengthened her. She had taken no one life for a pattern but she had ever tried to keep the life of the Master before her. But often, at the close of day, as she sat down and looked over the past day, she saw how far short she had come of following in His footsteps.

After singing "Blest be the Tie that Binds," and serving refreshments, the party broke up to disperse to their different homes.

Bathing Caps, from 15c to $1.25, at Wallace's. 23

NO DEPRESSIONS IN INVENTIONS

Mouse traps and paper "undies" for baby do their help to swell the record of inventions recorded daily in the Canadian patent office record—tending to prove that the slump in the stock market did not affect the output of inventions at any rate.

The age-old attempt to make a better mouse trap always crops up in the records every so often, and the one patented by Carl Swanson, as reported in a recent issue of the record, seems to leave little hope for friend mouse once he is beguiled by the odoriferous cheese which, although not patented, probably forms the main lure. In Carl's invention the mouse is induced to enter a hole in the trap leading to a piece of cheese on a spring platform. Once he reaches the platform, it drops like the trap on a gallows, mouse is engulfed and the cheese flies back out of reach. It's economical on cheese.

Another invention in the same issue describes a new type of shirt with a dickie which won't buckle. The inventor was probably thinking of the new shirts needed after the aforesaid market crash, but with the new shirt the wearer can put on a better front than usual.

Jacob Kind, of St. Paul, Minn., was successful in getting a patent on a new pair of ladies' bloomers with the seams turned inside. Further description, through a sense of delicacy, is left to the department store ads.

Paul Bonnet, Province of France, has patented a process for the transmutation of base metals into gold material with all the characteristics of wool, while, Wally Minna Urbanck, a citizen of Germany, brought out a combined gaiter and golosh. It looks like an ordinary overshoe but the "zippers" taking the place of elastic. Ideal for an efficiency expert who wants to put on shoes and gaiters with one swish.

Finally, those who hang their new-type false teeth up at night to dry, are informed that they are composed of phenol condensate resin, wood flour, lithopone, zinc oxide and toluidine toner.

What will they invent next?

Ironized Yeast for sale, at Wallace's. 23

OBITUARY

The funeral of the late Joseph Barrett, who died suddenly of heart failure, on Thursday, May 22nd, at his home, which had been a resident of Centreville for sixty years of age, was highly respected by all his neighbors and all friends came out the county. He leaves to mourn his wife, one son and one daughter, two sisters living in Toronto and one brother, and one sister, living on the homestead, at "Bass Wood Hill."

The funeral, which was largely attended, was held from his home to St. Anthony's Church, high mass being celebrated by Rev. Father Mes. The regains were then placed in the family plot in St. Anthony's Cemetery, Centreville.

News and Information For the Farmer

Agriculture Leads

According to an eminent authority the annual value of Canada's agriculturl and live stock products on the average of the past two or three years is around the two billion dollar mark. The mineral production is given as being 280 millions for that period; the lumber and pulp production 450 millions, and the fisheries 64 millions.

Controlling Black-Root

Root-rot or black-root is a fairly common disease of strawberry plants. Apparently plants of any age may be attacked but they are most susceptible at two periods, shortly after being set out and at fruiting time. In some patches little or no evidence of the disease can be found, while in others 50 per cent or even 70 per cent of the plants are destroyed.

The principal control measures which have been found useful are:-

1. Practice a fairly long crop rotation. Strawberries should not follow a similar crop in less than five years if possible.

2. Avoid introducing the disease. When setting out a patch secure plants from a field which was free from root-rot the previous year. Then discard from these any plants which have blackened roots.

3. Protect the plants during the winter by means of a suitable mulch. As soon as the ground becomes frozen hard cover the rows with two or three inches of clean straw.

Corn Helps

Quality corn either for silage or for husking is the result of suitable seed and suitable preparation of the soil. Ontario growers of corn for husking purposes are warned that planting this crop later than the end of the first week in June may prevent its ripening. Tests have been conducted at the O. A. C. relative to different dates of planting coupled with fertilizers with high phosphate fertilizers. Records obtained show that a week's delay in planting could be largely overcome by the use of suitable fertilizers. Fertilizers of an analysis of 2-12-6 or 3-10-5 used at the rate of 500 pounds per acre at the time of planting have been found to hasten the ripening of the crop at least a week.

It is a well-known fact that corn well advanced toward ripening makes a richer quality of ensilage than does green corn with quite immature ears. Growers of this crop for silage purposes can increase the total weight per acre and also greatly improve the quality of corn by proper regulation of manuring and fertilizing.

Raising Better Potatoes

Certified Dooley Potatoes secured from the Elliston and Action Districts were distributed on May 19th from Mount Bryden to the one hundred and thirty (130) members of the Middlesex Farm Boys' Potato Club which was organized this Spring by the London Chamber of Commerce and Middlesex Department of Agriculture.

Each member received one bag of potatoes. The plots will be judged during the summer and also inspected for certification, so it is expected that the majority of the members will have certified seed for field planting next year. The boys were also each supplied with a sixty (60) pound bag of special 4-8-10 potato fertilizer. Potatoes will be weighed from fertilized and unfertilized portions of the plots.

Each potato club boy will be sponsored by an interested Chamber of Commerce member.

Farmers' Week at O. A. C.

Monday, June 16th—Counties of Lambton, Wentworth, Lincoln, Welland, Norfolk, Kent, Essex, Elgin and Haldimand.

Tuesday, June 17th—Halton, Waterloo, Perth, Huron, Grey and Bruce.

Wednesday, June 18th—Peel, Simcoe, York, Ontario, Durham, Northumberland, Hastings, and Eastern Counties.

Thursday, June 19th—Brant, Oxford, Wellington, Middlesex, Muskoka, Victoria and Peterborough.

Clover Crop Valuable

Clovers are among the most valuable crops grown on the farms of the province. Not only do they furnish a large percentage of the nitrogen supply in stock feeds but also a large part of the nitrogen supply in soil fertilization. These crops improve the mechanical condition of the soil and play a large part in making the soil fertility available for the use of other plants. In an experiment conducted for a period of seven years at the O. A. C. it was found that Mammoth Red Clover yielded 2.94 tons, Alsike Clover 2.22 tons, and Common Red Clover 2.70 tons of hay per acre. In these tests only one crop of hay was taken per season. The majority of the members will have certified seed for field planting next year. The boys were also each supplied with a sixty (60) pound bag of special 4-8-10 potato fertilizer. Potatoes will be weighed from fertilized and unfertilized portions of the plots.

Each potato club boy will be sponsored by an interested Chamber of Commerce member.

MOVIES TO AID FOOD SUPPLIES OF FUTURE DAYS

Research with a view to increasing the world's food supplies by hundreds of years from now which the earth has to bigger population will be aided by the movies, picture cameras. An elaborate motion picture plant has been established in the Bureau of Research Institute for Plant Research at Amherst, Ontario, a suburb of Ottawa.

At present motion pictures are being taken of the root hairs of the growing plant, showing how they absorb nourishment from the soil, and the interesting process of transpiration, or the evaporation of the behaviour of the leaves in absorbing mechanism. Other fresh pictures are being taken of the growth of plants, showing movements of plants and seeds. It will be able to the naked eye, on account of their extremely small range the eye cannot take the pictures at a very rapid rate of speed, the fastest being 64 pictures a minute. A still slower rate of one picture a minute is used in others are taken at the rate of 16 pictures an hour. When they are projected at the usual movie rate—16 per second—the intimate life of the plant is recorded in pictures which appear to make the movement visible.

PROBAK BLADES!

Have you tried the new Probak blades for Gillette razors? Buy a dollar package, use 2 or 3 blades and if you are not convinced we will refund your purchase price. Probak Blades at Walace's. 23

OBITUARY

MRS. (REV.) HUGH CAIRNS

Death came unexpectedly on May 11th, to Mrs. Hugh Cairns, a resident of Saskatoon since 1911. Mrs. Cairns was living with her daughter, Mrs. R. M. Campbell, 418 Tenth Street, Nutana, and although she had been ill at Easter time, she was out Wednesday evening, and was only ill for a day just before her death.

Mrs. Cairns was the widow of a retired Methodist clergyman who came west from Napanee, Ontario, later coming here. He passed away in 1926. Mrs. Cairns was a resident here since 1911 and during her life in the city made a large number of friends.

Surviving relatives are Mrs. Campbell, Ida Cairns Smith, of Portland, Ore., another daughter, and daughter-in-law of Mr. J. F. Smith, of Napanee, Aileen Smith, granddaughter; Mrs. R. O. Davidson, of Sherbrooke, Que., and Mrs. Herman Westling, of Boston, sisters, and W. N. Smillie, of Montreal, a brother. The late J. F. Cairns of this city was a stepson, and a son, Wesley Hugh, died in infancy at the age of one year and five months.

Recognizing the devotion and loyalty which their friend had shown in her work on behalf of Grace United Church and Christian endeavour in other parts of Canada, several hundred citizens paid their last respects to Mrs. Hugh Cairns. Grace United Church was almost filled for the funeral servie in which four United Church clergymen took part, Rev. Charles Endicott, Rev. J. W. Pratt, Rev. J. A. MacKenzie and Rev. R. L. McTavish.

BETHEL

The weather seems more settled at time of writing and it is to be hoped will continue for a few weeks, until the farmers can finish their planting.

The many friends of Mr. William McWilliams were sorry to hear of his sudden Elness, he suffering a severe stroke on Wednesday morning last week. He was removed to the Kingston General Hospital by F. Martin & Son, Napanee, with Dr. Oldham in attendance. His daughter, Mrs. Clarence Allen accompanied him and remained until Sunday leaving him much improved, which report, we hope, may continue so that he may be able to return home soon. It will be remembered that only recently Mr. McWilliam had returned from the hospital where he received treatment for a severe burn in one of his eyes.—Mrs. Charles Lee, of Colebrooke, who is very ill at her daughter's, Mrs. J. Gilligan's, is resting quite comfortable at present, having suffered a second stroke on Friday last, which was much more severe than the first one.—Mr. and Mrs. McKnight and daughters Helen and Jean, spent Sunday at Harrington, the guests of Mr. and Mrs. W. Walker.—Mrs. Robert Babcock, of Harrowsmith, is spending a couple of weeks at Percy Galbraith's, while Mrs. Percy Galbraith is attending the Grand Chapter of the Order of the Eastern Star, being held this week at Windsor, Ontario.—Mr. and Mrs. Wesley Lambert, of Toronto, spent the week end of the 24th of May with Mr. and Mrs. Seymore Ball.—Mrs. Robert Galbraith spent last week end with her sister, Mrs. Chester Card, Odessa.—Mr. and Mrs. Russel Gilligan and son, Ernest, spent Sunday with their parents, Mr. and Mrs. J. Gilligan and also to be with their grandmother, Mrs. Charles Lee. — Your correspondent would be pleased to have anyone report to her any news that she may have not heard of to insert in this letter, as otherwise, she would like to remember all alike in her writing up of the news of the neighborhood, when writing, which is not later than Monday morning.

NAPANEE BRANCH WOMEN'S INSTITUTE

The June meeting of the Napanee Branch of the Women's Institute was held in the Agricultural rooms on Monday, May 26th, at 2:30 p.m. Mrs. T. V. Anderson, President, presided. An appeal from the Institute for the Blind was received and it was decided to aid the worthy cause by a sale of work later After the business of the meeting was concluded, Miss Eadie of the Department of Agriculture, gave an address, speaking just of the Junior Judging Classes and the Garment Clubs and passing on to the subject selected for her address: "Kitchens and Labor Savers, giving many valuable hints to housewives for the arrangement of kitchens and the saving of time and energy in the daily routine of housework.

A very instructive display of literature, delivered free by the Department, was explained.

Refreshments brought to a close a very enjoyable programme.

"COOPER'S SHEEP DIP"

Farmers raising sheep will be pleased to know that they can purchase "Cooper's Sheep Dip" and also Parke Davis Company's "Kreso Dip" at Hooper's Drug Store. 23

TYENDINAGA EAST WOMEN'S INSTITUTE

The May meeting of the Women's Institute of Tyendinaga East was held in the home of Mrs. R. Withers, Selby, on May 15th. It being the annual election of officers, the following ladies were elected for the year 1930-31:—

President—Mrs. W. Waddingham.
Vice-Pres.—Mrs. Gordon Toppings.
2nd Vice-Pres. — Mrs. Ernest Waddingham.
Sec.-Treas—Mrs. Russell Withers.
Organist—Mrs. Roy McMath.
Current Events — Mrs. Robt. MacFarlane.
Directors—Mesdames M. Husband, W. MacRae, Kate Tucker, A. Waddingham.
Programme Committee — Mesdames R. McMath, E. Waddingham, R. Tucker G., Toppings, C. Akey.
District Director and Press Reporter —Mrs. C. J. Akey.

On June 16th, our summer series will be held at the home of Mrs. W. Whillington, Empey Hill. Mrs. Wright, Odessa, will speak on "The Seven Stages of Development." All members are urged to attend and a cordial invitation is extended to every lady in the community.

The next monthly meeting of the Institute will take the form of a picnic in the woods of Mr. William Waddingham, Lonsdale, on July 19th.

IT KILLS THEM!

Farmers, at this season, have more or less trouble with woodchucks. They are easily killed by placing a little "Cyanogas" powder in the hole. Also good for rats, etc. At Hooper's Drug Store. 23

OBITUARY

MRS. MATHARINE LYNCH

On Sunday, May 25th, there passed away at her home, one of Erinsville's oldest and much respected residents in the person of Mrs. Catharine Lynch, widow of the late John Lynch. She had been enjoying very good health up to a week previous to her death; when she was stricken with heart trouble. All that medical and loving hands could do, was done for her, and her death, though unexpected, was but the termination of a life spent in preparation for the last great sacrifice.

Her gentle way and gracious manner won for her a host of friends who were greatly shocked on learning of her death. No task was hard and no sacrifice was too great for her, if the happiness of her friends was concerned. She was of Irish parentage, a faithful member of the Roman Catholic Church also a member of the Legue of the Sacred Heart. Her heart was devoted to works of charity to which she always responded cheerfully as she, along with her brother, Dan Carroll, and sister, Mary Carroll, had donated several beautiful paintings to the Church of the Assumption, Erinsville. She was neted for her upright dealings with those whom she came in contact.

Moreover, the measures of life consist not in years but in service and in that respect our dear departed friend had fulfilled a long life and had reached the age of seventy-eight years.

She leaves to mourn her loss one sister Mary, and one brother, Dan. The funer! took place on Tuesday morning to the Church of the Assumption, Erinsville, where a solemn requiem mass was sung by Rev. Father O'Hanlon.

The funeral was largely attended and the great number of spiritual offerings received from friends and relatives, far and near, testified to the high esteem in which she was held. The pallbearers were T. Harrison, T. Breault, R. York, Joe Kidd, John Kidd and C. McCormick.

NERVE AND APPEARANCE!

For porch and kitchen floors, use Ault-Wilkinson's specially prepared Floor Enamel. It dries service and has a fine appearance. Sold only at Hooper's Drug Store 23

SILVER A DRUG ON STOCK MARKET

With silver at an all-time low as a result of the approaching adoption of the gold standard by India and the falling off in China's orders for the metal, old-time miners have had another blow to their hope that silver-mining would boom again. Silver, which averaged 41 7-9 in ounce in 1876, 90 cents in 1886, 60 cents in 1896 and 1906, 62 cents in 1916, and $1.20 in 1918, is today fetching 44 5-8 cents an ounce. What with its low price and the rising cost of mining labor silver nowadays can only be mined profitably from rich ore or else as a by-product in mines whose main output is gold, copper, lead, nickel or zinc. Yet many of us can remember the days, in 1896, when William Jennings Bryan, as presidential candidate, flooded the United States with his oratory on a platform whose main plank was the arbitrary fixation of the price of silver at approximately $1.25 an ounce—a set ratio of 16 ounces of silver to 1 ounce of gold. Bryan's campaign, which meant free silver coinage, was powerfully backed by the western silver mining states and raised a furore in the land. But silver, being so plentiful, his logic of a two-metal currency basis was unsound and opposed by McKinley, the gold basis champion, the Commoner went down to defeat.

What About Cobalt?

Descanting on the present silver situation and the glories of the old silver camps, an American writer who devotes nearly a page of the New York Herald Tribune to his article, makes never a mention of Cobalt. Perhaps he never heard of the Silver Sidewalk up in Northern Ontario. If Cobalt lacked the frontier glamor of the American mining camps it certainly surpassed them in condensed richness. Discovered by the merest accident in 1903, when a lumber and colonization railway of the Ontario Government ran a rock cutting into incredible riches, Cobalt has to date produced $240,000,000 worth of silver and by-products and many millionaires. From a beginning of $111,887 in 1904, when the mine discovered by LaRose, the T. & N. O. Railway contractor's blacksmith, began shipping silver, production soared to a peak of $17,468,000 in 1912. In 1927 the output had dropped to some $5,000,000 and is lower to-day, though beside the worked-out mines old Nipissing and others are still big producers. Thirty-ton carloads of its virgin sheets of silver, and ore running from 2,000 to 10,000 ounces to the ton, shipped in the palmy days, have brought as much as $60,000, $90,000 and $101,000 apiece.

Leadville Rich and Lawless

But with badmen absent and lacking such thrills as saloons, gambling and dance halls, Cobalt missed the romance of such places as Leadville, Colorado; Virginia City, Nevada, and other early camps of the American West. Leadville, starting as a placer gold camp in the 1860's, suddenly found itself the then richest silver camp in the world. In one month its Little Pittsburgh Mine received $150,000 for 2,500 tons of ore. The Robert E. Lee Mine, purchased for $250,000, gave its buyers back twice the purchase price in the first two months. Miners and others swarmed in on horseback and by wagon. Gambling was rife and huge sums were won and lost on a fact that the Lee Mine could beat the Pittsburg in production. The Lee was by a few thousands, turning out $500,000 worth of ore in three shifts, during 24 hours. Shootings were so common in Leadville that men in barrooms, it is said, would scarcely turn around to watch a brawl.

Shot Jesse James

In 1880 a man named Creede located a mine in Colorado which he called the Holy Ghost. He sold it for $65,000. Subsequently the camp yielded millions. Here badmen swarmed, revelling in their reputation as killers. Among them was Bob Ford, who, his comrade, the famous outlaw, Jesse James, to gain the price on his head as James at home in the latter's house, was adjusting a picture on the wall. Ford, in turn, was slain by a tough named Ed. Kelly, who merely desired to say that he was the man who had killed the man who shot Jesse James. Later Kelly was killed in a barroom brawl.

Aspen was another western American silver camp which had its day. So was Wicki, Montana, where oldtimers recall the time when cards from its gambling dens were swept from the streets by the dustmen of a morning. For 26 years 260 miners daily wended their way to work in Wicki's old Alta Mine, long closed, which with its surrounding mountainside, yielded $32,000,000. Virginia City, where Mark Twain once ran a newspaper, was the spot where a miner named Mackay and his friends acquired the famous Comstock Mine, making them all fabulously rich and founding the Mackay Co., transoceanic cables interests. 'Twas at Virginia City that a waiter named Sandy Bowers obtained $1,000,000 for some seemingly worthless mining stock and built a $60,000 mansion with French plate windows and solid silver doorknobs.

A U.S. Tariff on Silver

But nowadays silver is on the wane it seems. The once popular American silver dollar is disappearing. The "cart wheel" or "iron man" is being crowded out by the dollar bill. A recent test by the United States mint reveals the fact that the silver dollar contains but 33 cents worth of silver at present prices. In consequence of the heavy fall in silver Senator Pittman of Nevada has actually offered a resolution putting a tariff on the metal to protect the United States from what is made a "dumping ground" for cheap silver from other countries.

Doctor: Have you taken every precaution to prevent spread of contagion in the family?

Patient: Absolutely, doctah, we've eben bought a sanitary cup an' we all drink from it.

"Little boy, don't you know what becomes of boys who use such bad language when they hit their marbles?"

"Yes'm, they grow up and play golf."

COUNTRY TO ELECT NEW PARLIAMENT, CLEAN BUILDINGS

That good ship the Sixteenth Parliament of Canada has gone at last and the 245 members of its crew are floundering in the seas of a general election empaign. How many of them will be listed as survivors and how many of them will sink into oblivion only election day itself will tell.

The end came in characteristic fashion. There were those who stuck to the ship to the last and were found at their posts when prorogation finally engulfed them. And there were those who did not wait for the end but struck out for their ridings some days before it came. It was a case of any port in a storm and to some members the best chance of a life preserver seemed to lie in active attention to the business of organization in their own constituencies.

Parliament Hill today is bare, literally as well as figuratively. The parliamentary member is not immune against the virus of the souvenir collector. And to some of them the more valuable the momento the greater is its sentimental value as a reminder of days that once were and may be no more. It was a matter of poignant regret to some that the couches in their rooms could not be sufficiently dismantled to mail home in parliamentary envelopes under the privilege of the parliamentary frank.

Incidentally there is no indication around parliamentary corridors that the $4,000 sessional indemnity has become an insufficient inducement. Last session when the lobby for a $6,000 emolument was at its height the argument was that the present remuneration was not adequate to attract outstanding figures into public life. If such was really the case the members were only indulging in their argument in self depreciation, for practically without exception they are back in the fight again anxious to serve on the same old terms.

Golfer: Terrible links, caddy terrible!

Caddy: Scrry sir, these ain't links—you got off them an hour ago.

Willie was requested by his mother to bring her some matches. Upon trying them she inquired. "What seems to be the matter? They won't burn."

"They must be all right," replied Willie, "because I tried them all a minute ago."

Husband And Wife Both Find Them Beneficial

Ontario Lady Strongly Recommends Dodd's Kidney Pills

Mrs. N. Beauderie Used Them For Lumbago and Her Husband For Rheumatism

Madoc, Ont., April 8th, (Special)—Having obtained great relief from Lumbago by the use of Dodd's Kidney Pills, I would never be without them," writes Mrs. N. Beauderie, R.R. No. 3, Madoc, Ont. "I always keep two or three boxes in the house. My husband takes them for Rheumatism. He says there is nothing else but Dodd's Kidney Pills. We trust that these few lines may be the means of helping others."

The natural way to treat Rheumatism and Lumbago is to treat the Kidneys and the natural way to treat the Kidneys is to use Dodd's Kidney Pills. Rheumatism is caused by the presence of uric acid in the blood. If the Kidneys are doing their duty they will strain all the uric acid out of the blood and there can be no more Rheumatism. Therefore, put the Kidneys in shape to do their duty by using Dodd's Kidney Pills. mg-4-6-30

FRANCE MAKES BID FOR TOURIST TRADE

Among the French Government's plans for increasing tourists to make France their objective this summer is the move to eliminate cover charges in restaurants, the tipping of ushers in theatres, and taxes on restaurant and hotel bills, according to the French Superior Council of Touring.

A fund is also being raised to cover the expenses of a publicity campaign designed to reach prospective tourists in foreign countries.

Sufferers from neuritis, neuralgia or rheumatism should try the common-sense method of banishing these troubles by enriching the blood and strengthening the nerves with Dr. Williams' Pink Pills. These Pills are sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

MINUTES OF THE COUNCIL OF THE TOWNSHIP OF ERNESTTOWN

Account of W. C. Snider, for printing notices for Wilton. Moved by Messrs. J. E. Miller and Creighton, the account be paid. Carried.

Moved by Messrs. J. E. Miller and Creighton, that Aylsworth be organized to arrange for Hydro light for Town Hall. Carried.

Moved by Mes s. E. Miller and McCormick, that Aylsworth be notified to notify parties harboring dogs known to be running at large in Wilton and adjacent to where sheep had been killed, to take steps to prevent in future. Carried.

Moved by Messrs. Creighton and Aylsworth, that the following accounts be paid.

W. C. SNIDER, Clerk. A. C. MILLER, Reeve.

"It is being whispered around that you and your husband are not getting on well together."

"Nonsense. We did have some words, and I shot him, but that's as far as it ever went."

"You can't divide apples by peaches or pears," lisped Harold, bravely.

"Correct; go on," smiled the teacher.

"But you can add them," cried Harold with a happy thought, "and—and make a fruit salad."

"Kindly return my lock of hair."

"All right. Do you want the dark lock or the one you gave me when you were a blonde?"

HOW TO MAKE ARTIFICIAL INCREASE OF BEES

The bees' way of making increase is to first increase the strength of the colony through the production of young bees and then to divide the force of the colony by swarming. This method is not at all satisfactory to the modern bee keeper because it usually occurs just prior to or during the main honey flow and as the swarm that leaves the hive consists of practically the entire working force of the colony the prospect of a crop from the colony that swarms is shattered. Furthermore, there is also the danger of the swarm absconding for parts unknown, thus adding to the loss of the beekeeper. Natural swarming can be prevented and increase made without loss of bees or honey. In Eastern Canada and British Columbia it is best wise to make an increase of colonies before the main honey flow has well started except in localities where the main honey flow comes late in the season or where increase is of first importance. In the Prairie Provinces where the main flow comes during late July and August, it is quite safe to divide strong colonies prior to the flow. Where a maximum crop of honey is desired only one increase should be made from each colony, to make more will be at the expense of the crop. To make increase in localities where the main flow comes early, remove from the colony two or three frames of emerging brood with the adherent bees and place them in a new hive on a new stand and introduce to the new hive a laying queen. Do this during the first week of the main honey flow. The field bees will return to the parent colony while the new one will build up in time for the winter. When the flow is late and strong colonies are divided early make the division more equal.

For other methods of making artificial increase consult Bulletin No. 33 of the Central Experimental Farm, at Ottawa.

A man in Chicago was continually seeing black spots before his eyes, and was so relieved at finding that they were only holes.

ONTARIO ARCHIVES

Rich . . . crisp . . . more nourishing

because they're Shot from Guns

125 million explosions in every grain break open every food cell . . . give Puffed Grains the virtual nourishment of hot cooked cereals.

WHAT makes Puffed Grains so crisp . . . light and crunchy . . . delectably good to eat?

They're different from all other cereals because they are "food shot from guns." Plump, meaty grains of wheat and rice are sealed in huge bronze guns. The guns are revolved in fiery ovens. Then fired.

This causes 125 million explosions in every grain. It breaks open every tiny food cell. Thus Puffed Wheat and Puffed Rice become as completely digestible as though they had been cooked for hours. Hence virtually as nourishing as hot cooked cereals.

In addition, the grains are puffed to 8 times normal size. They have all the buttery crunchiness of fresh toast. They taste like sweet new nut-meats.

Delight your family with this splendid grain nourishment in this dainty, enticing form. Serve Puffed Grains for breakfast. As lunches for children. Toast them with butter to make a delicious, new kind of popcorn. Your grocer has Puffed Wheat and Puffed Rice. The Quaker Oats Company. 5755

THE BRITISH FARMERS' GRIEVANCES

During months, mass meetings have been held in all parts of Great Britain under the auspices of the National Agriculture conference, Cambridge an open-air meeting was attended by 20,000 farm laborers are in open revolt demanding that something be done to secure a profitable basis, for agriculture, among farmers are expressing their political dissatisfaction in a common cause, industry from the land has sunk since the war.

Farmers in Great Britain were hard hit by the abolition of the Corn Laws in the middle of the past century. Competition from imported grains forced the farmers into grass, but by the beginning of the present century British agriculture had adjusted itself to the new conditions then prevailing, and, as a whole, were fairly prosperous.

Conditions changed, however, during the war, and were accentuated by the Live Stock Journal as follows:

"In spite of periods of agriculture depression, British farming was climbing to a much higher standard than it had ever known until the beginning of the Great War. In live stock was the chief of its methods of husbandry exceeded those of most countries. Anyone who can remember the change that had taken place within the last decade. Even the best arable farms are not cultivated as they once were. The neatly-trimmed fences that once were such a feature in the best farmed districts are now often neglected and allowed to run wild. Ditches and water-courses on grass and arable farms are filled up and neglected so that drains cannot function and the land has become water-logged. Farmers who formerly never allowed a thistle or dock to appear on their land now shut their eyes to such weeds and save the cost of hoeing and weeding.

"Roots are less cultivated, and in place of them crops that will smother weeds and twitch are grown to save the cost of cleaning and manuring the land. The crops that are grown are for nothing like so good as those our grandfathers grew, nor is the land in anything like so good heart and condition as it was fifty years ago, although nearly everybody is trying to teach the modern farmer how to do things. There are scientific advisers and every lane end, but none of them is able to stop the rot setting in in agriculture. The old four-course system that used to be the backbone of good farming has given place to five and six-course systems and very often to no system at all. On many of the poorer class farms, the land has been cropped year after year until it is nearly too poor to germinate the seed and has been allowed to fall down into grass, or, in other words, to waste, because land down in this fashion neither keeps stock nor grows fodder worth mentioning."

The Live Stock Journal then goes on to say that it is useless to attempt to keep politics and relief for agriculture apart. Farmers in Great Britain have recently suffered from importations of wheat and oats from Germany, which have been dumped on the market at a price sufficient to under-sell the home-grown product. As exports of these grains from Germany are subsidized, it is not much wonder that farmers are registering a vigorous protest.

British farmers are now demanding that the government fix a minimum price for all home-grown wheat, and that imports of cereals be controlled. Although Mr. Baldwin, the leader of the Conservative party, has promised farmers a guaranteed price for wheat when his party is returned to power, we doubt very much whether this is adopted as a permanent policy.

"Mayn't I be a preacher when I grow up?" asked the small boy.

"Of course you may, my pet, if you want to," his mother replied.

"Yes I do. I s'pose I've got to go to church all my life, anyway, and it's a good deal harder to sit still than to stand up and holler."—Boyland.

Zutoo

Zutoo is a beverage that's made to benefit nerves, blood and digestion. Zutoo is a tonic, rich in nourishing elements, and delicious in flavor. Zutoo is a food, a drink and a confection. Zutoo is all three. Zutoo is a delight to the taste and a boon to health. Zutoo is sold at all druggists.

MAKE THE MEADOWS PAY!

Ontario usually has about four and one-half million acres of hay crops each year. In passing across the Province just before haying one cannot help feeling that many of these acres are not paying the taxes and the cost of handling the crop. Statistical reports indicate an average yield of only one and one-half tons of hay per acre, and this we know can be much improved upon.

For the meadows good drainage and sweet soil are very important. Roots of grasses and clovers are slow to penetrate wet soils, and wherever there is a surplus of water in the soil, air is shut out, and hence the bacterial life of the soil is either weakened or killed.

Clovers make up the most valuable part of our hay crops and require sweet soil. The new "Reactoni" just prepared by the Ontario Agricultural College will quickly tell whether or not the soil required sweetening. This simple and accurate test can be used by any farmer. A kit containing enough material to test about one hundred samples can be obtained directly from the College or from your County Agricultural Representative. If your soil shows acidity, one or two tons of lime per acre will correct it, and will increase the clover yields materially.

Another point in meadow improvement is the use of high quality seed. If poor seed is used the meadow starts out with a severe handicap. Of course, this fault cannot be corrected in timothy alreadly seeded, but if the grasses and clovers look sickly and unthrifty, plow up the seed this fall and plan to use only first-class seed in future seedings.

Even with good seed the meadows may not be fully productive owing to shortage of plant food or a lack of proper balance of the same. Results of several tests of fertilizers applied to meadows are on record which show a profit from top dressing meadows early in the spring with a soluble nitrogen salt. A fertilizer carrying 3 per cent to 5 per cent nitrogen, 10 per cent to 12 per cent phosphoric acid, and 5 per cent to 8 per cent potash will usually give good results. This fertilizer can be sown with a grain drill having fertilizer equipment or it can be sown broadcast by hand. In the latter case the field should be harrowed after the fertilizer is sown. Never sow lime and fertilizer together as the lime causes much of the phosphate to change to a slowly soluble form. The lime should be applied a week before the fertilizer.

Under a series of field tests made last year, it was noted that where the meadows were fertilized, sow thistle made rather poor growth, and it was choked out by the vigorous growing clovers and grasses. Where no fertilized was applied, sow thistle did not thrive nearly so well.

Good drainage good seed, and a liberal supply of suitable fertilizer make profitable meadows.

IS BABY TEETHING?

Teething time is a time of worry to most mothers. The baby is nervous; fretful; feverish. His little gums are swollen and sore; diarrhoea, constipation, colic and sometimes convulsions set in—neither baby nor mother can sleep.

These troubles can be quickly banished, however, through the use of Baby's Own Tablets concerning which Mrs. Louis Grubb, Treewater, Ont. says:—"I have used the Tablets for all my babies while teething and have found them a splendid medicine."

Baby's Own Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SENDING BEES IN PACKAGES

There is an increasing demand for package bees particularly in Western Canada and those parts of the Dominion where the winter season is very severe. To meet this demand bees may be shipped by package just as readily as a crate of eggs, a sack of potatoes, or a bale of hay, or a postcard.

There are some fine points in the handling of a shipment of package bees and these are dealt with by C. B. Gooderham, B.S.A., the Dominion Apiarist, in his pamphlet just released by the Publications Branch of the Department of Agriculture, Ottawa.

The demand for package bees arises out of the rapid expansion of beekeeping, particularly in Western Canada, from the apiarist seeking to enlarge his plant, and from beekeepers whose hives have been depleted through poor wintering.

The bees shipped in packages are for the most part young stock which has done little or no field work and are well suited to the strengthening of the colonies.

The most convenient package for the shipment of bees is the combless package in the two-pound size. There are approximately 5,000 bees to a pound. A number of shippers, particularly in Eastern Canada, prefer the three-pound package as they think the extra pound of bees will enable the new colony to build up more rapidly. Experiments, however, fail to show any real need for the extra 5,000 bees.

Package bees may be sent either by mail or express as desired by the purchaser but Mr. Gooderham recommends shipments by express, especially if the shipment contains several packages.

For the commercial beekeeper who wishes to enlarge his business through a system of out-apiaries, package bees are the cheapest and quickest way of doing this.

Winter losses of bees in Canada are often very severe and a great many colonies perish before the active season opens. Losses of this kind are deplorable and in many cases avoidable, they can however be replaced very easily and cheaply by package bees in spring.

In many other cases colonies are so weakened during the winter's cold as to be unable to build up to full strength in time for the main honey flow. Left to themselves such colonies would be unprofitable but by uniting a two-pound package of young bees with them early in the spring, these colonies may rank among the highest producers.

In receiving package bees it is well to know how to handle them as otherwise, results will not be satisfactory and substantial losses may result. Mr. Gooderham deals with this subject fully in his pamphlet.

According to a gossip writer, flowers seem almost to have died out as a salient part of restaurant decoration. Perhaps the proprietors are of the opinion that the forget-me-not look on the faces of the waiters is sufficient floral adornment.

A CONVENTION

For once a convention is being held elsewhere than in Toronto. In fact, it is being held in the oak tree near the house. The somber-colored, but very talkative members are not at all secretive, for we are permitted to listen-in on all that is being discussed. I imagine, from what I have heard, that the scarcity of food is the major topic and the weather is being criticized from many angles. The black birds are properly disgusted. They listened to the soft wind and came to us in flocks; grackles, red-wings, crows and starlings; all black, all noisy. While the weather was spring-like they did their best to be optimistic and made a fine pretense of cheerfulness. They were confident that conditions would not change.

The weather did change and it changed in less than five minutes. The wind was blowing from the south, a balmy breeze that seduced the birds northward. Then, quite without warning, it swung to the north, indicating snow and storm. The birds were caught, far from the land of summer warmth, and were left without visible means of support. Their optimism left as the snow fell. There is a very wide depression this morning, due, undoubtedly, to conditions over which the blackbirds have no control. All the trouble would have been averted if they had stayed in the South. I think one bird who same North reluctantly suggested scrabbling of the sort for I saw him being chased from the tree. The others are discussing things. No doubt they will hit on a solution which will bring the sun out again.

As far as we are concerned the snow has covered up the mud which was everywhere, sticky, devastating mud, and with the disappearance of the mud our thoughts of getting on the land disappeared for the time being. We were becoming infected with the optimism of the birds and the sunshine. But with six inches of snow over everything, we are almost as disgruntled as the birds. However, instead of holding a convention, we are going to saw wood. It will probably be as effective in bringing out the sun and the work will keep us warm in the meantime.

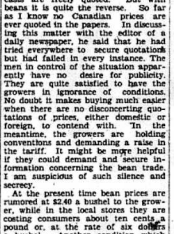
There are a few acres to plow this spring in preparation for the bean crop. It would have been an advantage to have been at-it in March, but there will be time enough yet. We intend to cover the field with manure and that must wait until the land firms up. If plans are carried out we will have two fields of beans this year. They proved a profitable crop last season and we are pinning our hopes on them again.

The bean situation in this country appears in a peculiar light. The prospects of every other crop are given wide publicity and elicit much discussion in the press. Prices and forecasts are freely quoted. But with beans it is quite the reverse. So far as I know no Canadian prices are ever quoted in the papers. In discussing this matter with the editor of a daily newspaper, he said that he had tried everywhere to secure quotations but had failed in every instance. The men in control of the situation apparently have no desire for publicity. They are quite satisfied to have the growers in ignorance of conditions. No doubt it makes buying much easier when there are no discouraging quotations of prices, either domestic or foreign, to contend with. In the meantime, the growers are holding conventions and demanding a raise in the tariff. It might be more helpful if they could demand and secure information concerning the bean trade. I am suspicious of such silence and secrecy.

At the present time bean prices are rumored at $2.40 a bushel to the grower, while in the local stores they are costing consumers about ten cents a pound or, at the rate of six dollars a bushel. Another condition which might benefit from investigation and publicity.

FRIENDS SEE BIG CHANGE SHE SAYS

"A severe attack of influenza left my system so weakened and rundown I could hardly hold a broom to do my sweeping. I was so nervous that sound



MRS. V. M. BOOKER

sleep was almost impossible. I had very little appetite and my stomach was so disordered that I couldn't retain solid foods at all. My liver was inactive and I suffered headaches. When I started Sargon and it is wonderful what it did for me. I have splendid appetite, every trace of stomach trouble is gone, I sleep fine and have so much strength and energy I do my housework in no time. Nothing depresses me now and I'm happy all the time."

"Sargon Pills regulated my liver and overcame my constipation."—Mrs. V. M. Booker, 67 Peter Street, Hamilton, Ont.

Sargon may be obtained in Napanee, at Hooper's Drug Store, who has been awarded the exclusive Sargon agency for this town.

The new hardware clerk prided himself on always having a snappy comeback.

"Do you keep refrigerators?" he asked a lady customer quietly.

"No," he snapped, "we sell them."

"Anyway," she said, as she strolled toward the door, "you'll keep the one you were going to sell me. Good morning."

WHO would let their hair go this way?

Your pride prompts you to keep your hair well groomed . . . then for the same reason smarten your dull, unpolished shoes regularly with a glossy "Nugget" shine —waterproofs the shoes as it polishes.

"NUGGET" SHOE POLISH

the NUGGET TIN *opens with a twist!*

OUT-OF-TOWN CALLS—QUICKER AND CHEAPER THAN EVER

She almost trembled at the thought

Mrs. Kane was a timid soul—no doubt about it! Modern efficiency rather terrified her.

She wanted so much to talk to her sister in a town 80 miles away because a friend had told her how she enjoyed weekly long distance chats *with her* home. But she didn't know how to go about it.

"There's nothing to it," her friend told her. "Just ask the operator for 'Long Distance' and when she answers tell her the number you want. If you don't know your sister's number, ask 'Information'—it's so very simple."

Mrs. Kane felt encouraged. She tried it out one evening; found the operator helpful; and in two minutes was talking to her sister and enjoying herself thoroughly.

And the call cost her only 40 cents—the evening station-to-station rate (after 7 p.m.).

The Friday night 3-minute talk to her sister is now an institution. It has made such a difference to know she is so near! And Mrs. Kane calls after 8.30 p.m. now, at a cost of only 25 cents—the night rate.

Evening rates on "Any-one" (station-to-station) calls now begin at 7 p.m. Night rates begin at 8.30 p.m. Just give "Long Distance" the number you want —it speeds up the service. If you don't know the distant number, "Information" will look it up for you.

NEWS AND INFORMATION FOR THE BUSY FARMER

Improving Turnips

Late sown Swede Turnips of good variety, when properly fertilized produce high yields of high-grade stock. Authorities at O. A. C. recommend Kelway's Perfect Model and Canadian Gem, sown between June 15th and 25th. Well-drained and well-prepared soil is essential for a successful crop. Turnips benefit of heavy feeding. To rule the turnip field is heavily manured, which insures good top growth. This should be supplemented by high phosphate and medium potash fertilizers. O. A. C. tests have shown that average gains of 226 bushels per acre were obtained from the addition of 300 pounds of 2-12-6 or 15-10-5 fertilizers.

The fertilizer is best applied by either drilling it broadcast or by scattering it broadcast over the turnip field before the land is ridged. Both stock feeders and turnip shippers prefer juicy, tender turnips to the woody fibrous kind, which usually result from early sowing. By close attention to the above points, "high quality product results may be secured."

Graded Poultry

One outstanding result of the first year's operation of the new standards in the grading and marketing of dressed poultry is the popularity which the Government certificate of inspection has won with the trade. Dealers now prefer to buy by certificate and in a number of cases, carlots arriving on the market without government inspection have been "graded up" in favor of shipments which have this feature. So thoroughly has the new system of grading dressed poultry been carried out that the confidence of the trade has been secured. The dealer knows that when he is buying a box of government inspected birds he is getting exactly the quality stencilled on the box.

NEURITIS?

Neuralgia? Rheumatism?

T-R-C's have brought safe, speedy relief to many sufferers from Neuralgia, among them Mr. H. Stoner, Arkona, Ont. He writes: "I had been so bad I could hardly bear to get into bed at night. But 3 boxes of Templeton's Rheumatic Capsules made me entirely better." Equally good for Neuralgia, Rheumatism, Lumbago, Influenza. At druggists, 50c and $1 at your dealer's. 153

Lloyd Houlding and Rev. H. Paxson. Dinner will be served at noon. All Sunday School workers and friends are cordially invited. 23a

PRESENTATION AT CONFERENCE TO PRESIDENT.
A very kindly and gracious event marked the closing hours of the Bay of Quinte Conference in Cobourg on Saturday. The minister of the Conference Church, Rev. W. R. Tanton, formerly of Napanee, asked, as a matter of privilege, to address the conference. In a brief and happy manner, which is characteristic of Mr. Tanton, he spoke of the pleasure he and the church had experienced in preparing for the conference and entertaining the commissioners. He told of the particular delight he had in seeing the conference elect his former fellow minister to preside over meetings in his church. Then, on behalf of Official Board, who wished Mr. Wilson to know how much they associated themselves with Mr. Tanton in these sentiments, he presented to the President a beautiful desk set, of fountain pen and pencil. Mr. Wilson said he recalled many happy days spent in association in community and church work with Mr. Tanton, and that every time he used the pen or pencil he would be reminded further of the kindness of Mr. Tanton and of his Official Board, not only to himself but to the whole conference.

TOM MIX AND TONY COMING TO BELLEVILLE
Sells Floto Circus, considered by many the greatest show in America, is coming to Belleville on Thursday, June 12th, and will present the world's greatest Western Cowboy, Tom Mix, and his equally famous horse, "Tony." Tom Mix's famous movie stars will appear at every performance of Sells Floto Circus this season and will be supported by the greatest collection of circus acts ever assembled under a "big top." Over one hundred feature acts will be in the big programme. Tom Mix and Tony will bring before the public all the famous cowboys and cowgirls that were with them on the screen, featuring the most thrilling of cowboy stunts, with the great Mix heading the list. On the three rings and two stakes will be found a complete new program of circus stars, headed by Cervone's Spanish acrobats; John and Gertrude Shubert, aerial gymnasts; Mabel Pelkey the silver girl of the silver wire; the Schwrs Sisters, European equestrians; Koban, the Jap who walks up stairs on his head; Terrels thirty-six Liberty horses; the Three Thrillers, a flying act with on competition in their class and sensational stunts; the brilliant Ward family of aerial stars; the herds of elephants, and a big fifty den menagerie of rare beasts of the jungle.

Two performances hundred people are with Sells Floto this season. The new tent will seat over ten thousand people and two shows will be given daily at 2 and 8. The doors will be open one hour prior to allow patrons to enjoy the wonders of the menagerie.

You, who have enjoyed Tom Mix and Tony on the screen, can now see this fine American cowboy in real life and watch him and his gang of cowboys in the flesh. Tom is said to receive the largest salary ever paid a circus star and the tremendous crowds which see him daily, bear proof of his remarkable popularity amongst old and young alike.

HEALTH WITHOUT DRUGS
R. M. GORDON, Chiropractor:— In attendance. 'Phone, 86; Dundas Street, Napanee. 18tf

KILL THE CROWS!

ANNOUNCEMENT
We wish to announce to the Public that we are the Agents for the Oliver Tillage Tools and Threshers for this district. We cordially invite you to come in and look them over.
C. A. ANDERSON & SON,
23a Ford Deilers, Napanee.

ACCIDENT AT VINE'S CORNERS
On Saturday last at six o'clock in the evening a Chevrolet truck and L.M. 655, driven by John Hutchinson, of Pickering, was rounding the corner at a fair rate of speed when one of the tires blew out throwing the car into telegraph pole. In the car with the driver were Mr. and Mrs. James Tripp of Belleville. The car was completely destroyed. Mr. Tripp was thrown through the wind shield and badly cut up. The rest escaped with minor injuries.

SCIENTIFIC TEMPERANCE PRIZES
Prizes and certificates were given pupils of the Tamworth United Church, Sunday School, who were successful in passing the recent examination held at the close of a course of Scientific Temperance Study. In the intermediate examination Dorothy Tyles secured honours, and won first prize. In the primary division honour certificates were obtained by Oran Moss, Donald Black and Edmund Lochead, who won first, second and third prizes respectively, the fourth prize going to Helen Marshall. The Sunday School presented books to the prizewinners.

NAPANEE CAR FOUND IN MONTREAL
Two men, Ware and Thompson were arrested in Montreal last week. They were caught breaking into a gas station there. When apprehended they were in possession of the car belonging to Mr. Wesley Ruttan Napanee, which had been stolen and advertised by the police a week previously. The men were lodged at once nottfieg Chief Watts. He and Watchman Cook went to Montreal and brought the prisoners back. They appeared before the Magistrate on Tuesday and were remanded until the ninth. The car which was only slightly damaged was turned over to its owner.

SURPRISE PARTY
A number of relatives gathered at the home of Mr. and Mrs. D. B. Ruttan Odessa, on May 13th, and took Mrs. Ruttan by surprise, it being her birthday. Those present were Mr. Frank Tompkins, Bessie and Earl, Newburgh; Mrs. and Mrs. A. Tompkins, Bath; Mrs. Elida Faris, Newburgh; Mr. and Mrs. Kenneth Tompkins, Newburgh; Mr. and Mrs. Frank Tompkins, Mable, Arthur and Gordon, Strathcona; Mr. and Mrs. C. Hines, Sandhurst; Mr. and Mrs. Fred Reid; Georgie and Harold, Bath; Mr. and Mrs. Thomas Tompkins and daughter, May, Yarker; Mr. Archie Tompkins, Bath; Mr. C. Tompkins, U.S.A. Mrs. Ruttan received a number of useful presents. After spending an enjoyable evening lunch was then served. They all departed to their home wishing Mrs. Ruttan many happy returns of the day.

NAPANEE CLERGYMAN HONORED
Napanee was signally honored last week when one of the pastors, Rev. A. J. Wilson, of St. Andrew's United Church, was elected President of the Bay of Quinte Conference of the United Church of Canada for the ensuing year. This conference comprises about three hundred congregation in the whole territory between to Toronto and Ottawa. Mr. Wilson's election to the Presidency on the first ballot, with a vote of 167, was the manifestation of a spontaneous mark of affection and good-will on the part of his brother ministers and the laymen of the Bay of Quinte Conference. He was their choice for the office, since Wilson, he was their esteem and trust as a man of fine spiritual and mental qualities and his marked gifts as a religious leader. That their enthusiastic choice was a wise one was shown in the fine business like, yet kindly manner in which he conducted the conference, through sessions dealings with momentous issues and with an unusually heavy program of business, occasioned by the fact that the 1930 conference was in a general council year. It was largely due to his skill and efficiency, as presiding officer, that the conference in spite of a heavy programme, finished on time. His skill in this regard won unanimous praise.

FREE SHOTS ON Local Sport

This new method of paying the umpires, in the local ball league, may work out pretty well for the teams financially, but it's not so good in some ways.

In the first place one man has to handle a game alone in most cases and it is practically impossible for him to see everything.

And then, most of the fellows, of course, are not going to charge their own club a fee, but merely ask transportation to and from the game.

And an umpire handling a game does not feel the same toward his work if he does not get something for it, especially in baseball.

Quite a number of players and fans from the local club saw Odessa trim Adolphustown on Saturday.

There is not a doubt but that the teams from over the bay were weakened when they split, although in a few years, each may have a team as good as the old one.

The Odessa outfit looks pretty strong and it will take a lot to hold them.

One thing happened which you only see in a game once in a dog's age. A batter hit a ball into far territory and never lifted his bat from his shoulder.

Figure that out!

Incidentally the batter didn't run and it was an easy put-out.

Officials are a little lax in starting games on time. It is not fair to the team that is ready to play nor to the spectators; when a game is called for 2:30 it should start on time. Both the game at Tamworth and the one at Odessa Saturday, were an hour late starting.

The game this Saturday between Gilbard's and Odessa, at Napanee, will likely be pretty close ball. Both teams have won one game and will be fighting to stay on top.

Forest Mills should down Adolphustown after beating the Maple Leafs last Wednesday.

Garry Provins' flock will have to be watched! Remember that they overcame a seven run lead in the first, to beat the Leafs 13-12.

SON OF FORMER NAPANEE RESIDENT HONORED

Arthur G. Hooper, son of Mrz. C. A. Hooper of Lindsay, has recently received a well deserved promotion. An announcement has it: been made by Premier Ferguson that Arthur G. Hooper, M.A., Principal of Kennedy Collegiate at Sarnia, Windsor and a specialist in classics, has been appointed Inspector of High Schools for the Province of Ontario. Mr. Hooper is a son of Mrs. C. A. Hooper, of Lindsay, formerly of Napanee. He received his preliminary education in Napanee and the many friends of himself and family in this town and district are pleased to hear of another native son whose ability has received this recognition.

Field Day at Centreville WEDNESDAY, JUNE 18 Races, Sports, Ball Games

22b

—On Wednesday two men, J. Hetherington and Timothy Tinnon were arrested in Napanee, charged with the theft of fifty dollars. These men had been working in the condensary for a short time and when they left this sum of money was found missing from the clothing of Mr. W. J. Rawley. Quick work on the part of the police secured them and forty dollars of the fifty was found on them. They were remanded until the ninth.

News and Information For the Farmer

New Appointee

The increasing demand for marketing service and the general work in connection with the Crops Co-operation and Markets Branch of the Ontario Department of Agriculture have resulted in the Minister of Agriculture appointing an assistant director to this branch, A. H. Martin, of Renfrew. Mr. Martin has been Agricultural Representative for Renfrew County since 1926 and previous to that time was assistant representative in Wellington County, having graduated from the Ontario Agricultural College in 1924.

Cull Them Out

As soon as the spring spurt in egg production commences to lessen there are certain hens in every flock that should be culled out and marketed. The sooner they are gotten rid of the bigger will be the flock profits. Labor is reduced, feed costs are lowered and the profitable flock is given more room in the laying house and on the range. Culling also should sell for more money per pound in the early part of the summer than later, so there is a material gain in disposing of the non-productive birds. One of the simplest ways to cull the flock is to go over the birds when they roost at night. Pick out those with shrivelled, rough combs and shrunken, hard abdomens. A bird with a large amount of fat in and around the abdomen is not in laying condition.

Watch Effect of Fertiliser

If you have applied any fertiliser to your lands this spring, much can be learned by watching their effect on growing crops during the next few weeks. Experience has shown that properly-chosen fertilizers produce six important results: (1) They increase stalk or straw growth. (2) They strengthen the crop to resist disease. (3) They hasten the growth of the crop so that it ripens days earlier. (4) They increase yield. (5) They improve quality of product. (6) They improve the color and general appearance. Whether these results be obtained depends upon the condition of the soil and the method of application, supply of organic matter and wisdom in choice of fertilizers. They must be chosen to suit the special needs of the crop and make up for soil deficiencies. Here are three things to watch as the season advances. Is there a stronger growth of crop on the fertilized than on the unfertilized land; has the fertilized crop ripened earlier; has there been more or less disease in the fertilized crop; has there been more or less insect injury; what was the comparative yield per acre; what difference in quality of product do you note. Assistance in solving these and other problems will be gladly given by your agricultural representative or by the O. A. C.

Farmers' Week at O. A. C.

The Ontario Agricultural College at Guelph will be thrown open to inspection by the farmers of the province on four days this month, June 16, 17 18 and 19. The visitors are advised to arrive early and to have plenty of time to see the big institution and are requested to bring a basket lunch and to assemble some where under the shade trees by the gymnasium by noon. The college has made provision to supply hot tea, milk and ice cream. After the lunch the men will be shown over the crop experiment plots and will have an opportunity to inspect the live stock. The judging of the Farmer's Advocate Macdonald Hall, the various buildings on the campus and any other desired features of the college. Last year 550 people visited the college and this year it is expected that 1,000 will be present. The one outstanding feature of the programme is the demonstration of the new method used to treat seed potatoes is the Formalin treatment. A solution of 1 lb. of formalin to 40 gallons of water is made up and placed in a barrel. The seed potatoes, in sacks, are placed in a sack and suspended in the liquid for two hours which kills the scab. The object to be gained by practice seed treatment which is aimed to reduce the enormous losses and inconvenience caused by scab, black leg and rhizoctonia, all of which occur in every province in Canada. PLIGHT OF BABY CALLS FOR SOLOMON'S JUDGMENT

Curious indeed are some of the cases which come to light in the enforcement of the Ontario law relating to unmarried mothers. One of the oddest, is that of a woman who attempted to murder her child and now that she has had time for repentance wants it restored to her. In the meantime the child has been cared for by other people who came to the rescue when the mother was under arrest, and there is a naturral reluctance to relinquish it. The matter is now under the consideration of Mr. J. J. Kelso chief of the Provincial Children's Aid Society and the Ontario parole board, which, because of the mothers imprisonment, has also been involved. The story of this woman reminds us somewhat of Dreiser's "Jenny Gerhardt" and in the record is set down hardly more boldly than Dreiser himself might write it. She is now 42 years old and was married in 1919 at Vankleek Hill. She has a son who is about 17 years old. Shortly after his birth her husband deserted her and all these years she has been struggling to keep her boy and get him well launched in the world. That she has been successful in what was the greatest ambition in her life will appear later.

A Renegade Husband

Four years ago she learned that her husband was living in a village a short distance from Sarnia, and thence she hastened taking her son with her. But the man had been married on her leaving and he again took flight. When the deserted wife appeared she had spent all her money on the journey and had no money to return to her home in Alexandria. So she went to Sarnia and there resumed her toil as a charwoman, working in several hotels. At the end of 1929 she had worked her way up to housekeeper. Every cent she could spare went to the rearing of her son who was always quite delicate and deprived of little that the normal lot of his years might expect. He was well educated and the mother was particularly anxious that his religious welfare should be attended to. But a French Canadian he was frequently used by the Sarnia police as an interpreter and their reports on him are highly favorable.

An Unwanted Baby

So far as is known the mother's own conduct was generally good but she made a slip and last June was delivered of a baby. The father treated the matter callously and refused to give her any help whatever. This made it necessary for her to continue working until the day before the child was born. After leaving the hospital she decided to go to London and place it in a home. The one bright spot in the whole unhappy business was that her son Harry was now grown and would not know of her disgrace. Nevertheless the distress and worry of the woman were such that after she had gone to London she seemed to forget the business that had taken her there. So without making any attempt to have the baby received in a foster home she returned to Sarnia and went to work again. The next day she received a note from her son informing her that he was coming to Sarnia to visit her. This seemed to be the last straw and the woman became desperate. She was wondering how she would earn enough money to support herself and the little newcomer and also help her son and to this was added the fear that the son if he found out her trouble might renounce her. In any event she knew it would be a terrible blow to his affections for her.

Gave a Poisoned Nipple

It was in this frame of mind, apparently, that she resolved to do away with her baby. Taking it in her arms she walked into a sparse patch of bush on the Sarnia Indian reserve, lying in the fork between two roads, and more or less under the eye of anyone who might happen to pass. A little further was a dense patch of woods which would have been more suitable for her purpose, and her lawyers later argued that if she had been in her right mind she would have walked a few more steps to a spot where she could not have been seen and where her purpose could more certainly have been accomplished. The woman's own story is that she dipped a rubber nipple in some carbolic acid and put it in the baby's mouth. The baby screamed and the mother fainted. When she recovered her senses in a moment or two the baby lay still beside her, and she came to the conclusion that it was dead.

Baby Buried Alive

Frantically digging with her bare hands she scooped out a shallow grave, put the baby in, scraped back the earth and fled towards Sarnia. But her heart was torn between terror and remorse. Officers who traced her later found that every hundred feet or so she had stopped and turned back as though undecided whether to go home or return to the grave. When she was arrested in the house she was just putting on her hat and coat in order to go back to the reserve. That at least is the story she told the court. Luckily for the woman her movements had been observed and she had hardly left the scene before rescuers came upon the grave and removed the baby which was still breathing and apparently not much injured. She was put on trial before Mr. Justice Raney and sentenced to a year's imprisonment, consideration being given the facts that the baby was none the worse for its experience and the obviously distracted state of mind of a cruelly driven woman. There was nobody else to look after the baby and a childless couple in Sarnia offered to take it. But disagreement on a matter of religion arose and the adoption papers were not completed. Although the child was accepted and ever since has been cared for by the woman whose husband has died in the meantime. Now the unmarried mother wants the child, and the childless mother is loath to surrender it. Who should have it?

WHITE GRUBS AND STRAWBERRY PLANTS

Strawberry plants can not safely be put on sod land, or land from which but one crop of vegetables has been taken, as white grubs in the soil would be taken from the land before strawberry plants are set out. June beetles lay their eggs commonly in grass land and the white grubs hatching from them require two or more years to develop. In newly plowed sod there will be some half grown larvae. In the year following they will be nearly full grown and very voracious, and the roots of strawberry plants are a favorite food.

Canadian Gardening Service

Perennials

Certainly the cheapest way to start a perennial garden, and also among the most interesting, is to secure the seed and plant it now. Many of these flowers will stand transplanting and are best started in a special bed on a well drained piece of soil sheltered from the wind and partially shaded. Sow in rows about an inch apart, pressing the soil down firmly over the seed which should only be buried about three times its diameter. Like the indoor plantins, cover with some coarse sacking before watering so that the seed will not be washed out, and leave this cover on the bed until the seeds have germinated. Transplant into a nursery bed when the seedling have developed their second set of leaves. In the Fall, if the plants have done very well, they may be moved to their permanent position in the perennial border, but it is usually best to leave them where they are until Spring. Next Winter give these new perennials extra protection in the form of loose straw, leaves or similar material, and make sure that the bed is free from standing water. Well-developed perennials will provide some bloom in their second year.

Set Out Celery Now

The main planting of celery should be made in June. It usually pays to secure plants by setting out a row every week or two up to the middle of July, when the bulk going in at the last mentioned date for Winter storage, a considerable supply of this vegetable will be secured. The ideal soil for celery is a very rich well-drained moist loam. Good celery results can be secured almost anywhere, provided plenty of water and fertilizer is used. Give the plants a dose of nitrate every eight inches each way in rows about three feet apart. Cultivate often and frequently. The simplest way to obtain celery in the Fall is to plant hardy dwarf kinds in the garden on both sides of the row and bank with earth. In fairly dry storage, celery will keep half way through the winter.

Tender Vegetables

Lima beans, squash, cucumbers, musk and watermelons should not be planted much before this time. Tender sweet corn, warm soil, and plenty of fertilizer. Good drainage is also essential. An old coup pile where some well-rotted manure has been dug in and which is open to the sun all day is the ideal location. Plant melons or squash six seeds to a hill, with hills three feet apart, and later thin to two strong plants in each hill. Harrows, cultivators, and hand weeding should be started early and when about half grown. Melons must be full ripe, and it is not safe to consume them until the ends of the fruit soft when pressed with the thumb. Lima beans need richer soil than string beans, and there must be plenty of humus to retain the moisture. This is also the proper time to sow corn, which easily grown peppers and egg plants.

Roses

Roses require fairly deep cultivation and heavy fertilizing up until the first of July in order to push growth and produce flowers. After this, however, it is advisable to slow down so that the plants may get hardened before the cold weather sets in. To aid in this process, which takes two or three months, it is a good plan to plant a few low-growing plants, such as pansies, calendulas, violas or dwarf nasturtiums, around the roses, which will brighten up the bed and benefit the bushes by absorbing the moisture. At this time a good quick-acting fertilizer is advised. July, however, a slow-acting fertilizer, such as liquid manure, or bone meal should be used.

Sweet Peas

Sweet peas must get their growth now before the hot weather really sets in. They need deep cultivation and fairly heavy fertilizing. If grown in a trench, as they should be, gradually draw in the soil around them so that deep roots may develop. In this case, they will come through a siege of hot weather more easily than if a shallow root growth, which does not penetrate into the cooler soil, only had been developed. They require some support in the way of strings, brush or wire which will give them from three to six feet of climbing space.

WHEN YOUR CHILD IS FEVERISH

Give Him Baby's Own Tablets

The health of babies and little children is subject to rapid changes. Thus the mother must be on guard. At the first sign of feverishness Baby's Own Tablets should be given—this may avert a serious illness.

Concerning the Tablets Mrs. Norman Lee, Uxbrige, Ont., says: "My little boy, now three years old, was ill from all well. He was feverish and had no appetite. I gave him Baby's Own Tablets and he was soon well again. I would not be without the Tablets as long as there are young children in the house."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A naturalist points out that a goat will rarely attack any one who shows a bold front. In other words, none but the brave.

ONE GOOD RECIPE MAKES A COOK FAMOUS

The season for green peas and asparagus is with us, and using these, with a few bits of bacon, makes one of the most pleasing dishes imaginable.

The casserole of green peas and asparagus is made as follows:—

Cut 6 slices of bacon in small pieces and brown in a skillet. Prepare two cupfuls of well-seasoned white sauce. In a greased casserole arrange in alternate layers 1½ cupfuls fresh boiled asparagus (1 bunch) cut in pieces and 1½ cupfuls fresh cooked peas. Add the browned sauce and 2 tablespoons of bacon to the white sauce and pour over the vegetables. Cover top with seasoned mashed potatoes and bake for twenty minutes at 400 degrees F. This will serve six people.

FASCINATING LINKS IN CANADIAN HISTORY

A little-known episode in Canadian history during the days of the construction of the C. P. R. was told to W. E. Round of Calgary at a banquet in the new city recently. His tale had to do with the formation and eventual disbandment of a unique society, limited among the members at the "Pathfinders." A society formed by an engineer and his party while on a survey through the Rockies.

The Society was formed one evening in July 1651. On the night in question about twenty men were gathered about the camp fire, the engineer, chainmen and rod men, laborers, packers and cook. For weeks they had traveled and after entering the mountains had literally hacked their way through the dense growth, whereupon the engineering on the survey their only food had been boiled salt pork, hardtack and tea having neither milk or sugar. It was realized that for weeks to come the men would remain the same, and with spreading hands and a solemn vow to that effect. Through the years that was kept, time took its toll, however, and one by one death called their numbers until last summer, only two remained, Tom Wilson, of Banff and A. L. Rogers, nephew of Major A. B. Rogers, and with him co-discoverer of Rogers pass.

The "Pathfinders" also left a thing of the past, and a sole survivor, Tom Wilson now remains for information has received from the old engineer, Huntington in the late summer to the effect that "All" Rogers had left to join the great majority.

WAR ON COYOTE IS DISCUSSED BY MAMMALOGISTS

Efforts to control coyotes by trapping and poisoning were debated at the twelfth annual meeting of the American Society of Mammalogists, convention at the American Museum of Natural History. Poisoning, in particular, was the subject of controversy, as it was claimed that many other fur-bearing animals were destroyed by bait left out for the elusive coyote.

In addition, it was claimed, in planting poisoned bait the Government set a bad example to sheep raisers and others only too willing to go in for poisoning and indiscriminate trapping on their own. Charles C. Adams of the New York State Museum complained that the biological survey seemed intent on the obliteration of the coyote. This would result—by interfering with the balance of nature—in an abnormal increase of rats and other rodents, which might even create a greater menace than the coyote to the ranchers and farmers.

These contentions were answered by two members of the United States Biological Survey, E. A. Goldman and W. C. Henderson, who stated that at present, the number of coyotes exterminated each year was scarcely equal to the natural annual increase. The war against the coyote was necessary on the ground that its depredations against cattle and sheep on the hoof threatened the country's future meat supply.

Statesman: I cannot make a speech tonight, sir, I am too husky!

Secretary (frantically): You must make it sir. I've already sent it to the daily papers.

Junior III—Berni Conaits 87, Kathy Magee 86, Vera Platt 86.

Class II—Pearl Conaits 85, Ethel Gallagher 79, Hazel Mallett 78, Bruce 73, Dorothy Gallagher 72.

Senior Primer—Joe Johnson 91, Josie Johnson 71.

Junior Primer — Connie Osmond 93, Mavis McIlwain 69.

MARGARET JEAN MITCHELL, Teacher.

Dragged Down by Asthma

The fight of women who is constantly up to asthma is unequal for the joy of life's work. Strength departs and energy is taken away until she becomes a dreary existence. And yet sufferers needless. Dr. J. D. Kellogg's Asthma Remedy has brought a great change to an army of sufferers. It relieves the restricted air tubes and guards against future trouble. Try it.

TUSSOCK MOTH EGGS ON HOME FRUIT TREES

The leaves of a fruit tree are its most valuable in furnishing the food and air and oxygen needed in every living thing which destroys the leaves stops growth. Tussock Moth eggs are common on young trees this year. The masses are white, large and conspicuous. There are 150 or more eggs in each mass and each caterpillar hatching from them will eat five tree leaves. It is a simple matter to pick off before they hatch.

A BARRIER TO FIRE, STORM AND WEATHER

Crops, property and livestock destroyed by fire and lightning last year amounted to more than $2,000,000 in Ontario. That's one of the reasons so many farmers are now using RIB-ROLL —the original new-style roofing. It defies fire, eliminates up-keep, increases property values and lasts a lifetime. Protects against Lightning when properly grounded and equipped with Preston Patented Ventilators—as required by the Lightning Rod Act. Each sheet has seven ribs—a nail every five inches. It is wonderfully easy and inexpensive to lay. Made of the famous "Council Standard" quality. Under the above were weather conditions RIB-ROLL keeps every building on the farm safe and secure.

Also, Rib-Roll Roofing and Preston Led-Hed Nails

RIB-ROLL and PRESTON LED-HED nails form an unbeatable roofing combination. The nails are scientifically designed to use with metal roofing. No punching or threading required. Remarkable easy and speedy to use. The lead on the head completely seals the nail hole—making it rust-proof, weather-proof and water-proof. Write for free sample of RIB-ROLL and PRESTON LED-HED NAILS.

Preston Steel Truss Barns

No barn made equals the strength and fire resisting qualities of a PRESTON STEEL TRUSS BARN. Built with rugged Steel Trusses. Braced against wind pressure with steel girts. Roofed with genuine cross-boards. Well ventilated, well lighted. More than 1,000 in Ontario—not one lost through lightning. We use your timbers and make liberal allowances for them.

FREE BOOK

"The Preston Book About Barns" is worth money to you. Gives a world of information about farm building. Write for it.

Preston Barn Ventilators

Abolish danger of spontaneous combustion. Use Preston ventilators for roof, side and automatic windows and doors. They draw out the warm, moist air and ensure proper ventilation.

Zutoo

Have You Heard These?

"If, as you admit, you were three miles away digging potatoes when this man was arrested for speeding, how can you testify that the car was going at the most only 30 miles an hour?"

"Jedge, Ah used to own that car!"

A great philosopher has said: "The most utterly lost of all days is that in which you have not laughed."

The presiding magistrate at a borough petty sessions, being jealous of the dginity of the court, sharply called to order the public, who were somewhat noisily chatting in the gallery.

"Silence, silence," he cried. "I will have decorum in this court. I will have decorum."

The charge sergeant went to the door of the court and in a loud voice, called: "Dick Oram, Dick Oram."

After waiting a moment he returned, and to the astonishment of the magistrate, calmly said: "There is no reply, Your Worship."

Many mothers have reason to bless Mother Graves' Worm Exterminator, because it has relieved the little ones of suffering and made them healthy.

Smith, a great cyclist, never rode a horse, until he stayed with a sporting uncle, and thought he'd like to follow the hounds. He borrowed a young horse which at first went steadily, then, startled by a rabbit, broke into a mad gallop, and the rider was thrown forward on the horse's neck.

"What are you doing, my lad, with your arms there?" said uncle.

"Feeling for the brake," was the muffled reply.

"It is no good telling women to keep away from weddings," says Mr. Gingley, the magistrate. Love of the morbid is too deeply planted in woman's mind.

Mother: "What are you doing with the alarm clock ?"

Little Son: "I'm taking it into grandfather; his foot has gone to sleep."

Dougls' Egyptian Liniment is especially recommended for spider, or infection of row's teat. Invaluable also in cases of spavins, curbs and splints.

"A German professor has been employed for over 20 years perfecting a rocket-airship, in which he hopes to go to the moon."

A German professor invented a rocket To shoot him up as high as the moon.

The people did nothing but jeer at him and mock it,

And openly called him a crazy old loon.

"Professor," they cried, "do you think you are wise

From the earth to the moon so abruptly to rise ?"

"I'm married," said he, "so 'tis safe to surmise,

I'm accustomed to being blown up to the skies."

Depressed One: I seemed to hear strange sounds; a rattle of chains—then a scratching like a trapped and almost-spent wild creature—then came a gurgling, gulping noise—then all was as quiet as the tomb.

Cheery Friend: I know — the people next door had been washing the dog.

Worms, however generated, are found in the digestive tracts, where they set up disturbances detrimental to the health of the child. There can be no comfort for the little ones until the hurtful intruders have been expelled. An excellent preparation for this purpose can be had in Miller's Worm Powders. They will immediately destroy the worms and correct the conditions that were favorable to their existence.

Mother: You're going to marry him ! Why, you hardly know him, dear.

Daughter: Well, that's all right. If I knew him better I probably wouldn't marry him.

A woman has given up her job as a professional rat catcher and taken to breeding rabbits for their skins. Any woman would pre-fur rabbits to rats.

"He is flighty. He is uncertain."

John J. Raskob, the brilliant financier, was criticizing an unsuccessful business man.

"Anybody," Mr. Rascob went on, "may fail once, but when a man fails three or four times it is best to have done with him.

"It's all very well," Mr. Rascob ended, "to begin at the bottom of the ladder, but this fellow has got into the habit of doing it."

Persian Balm creates and preserves lovely and youthful complexions. Tones and stimulates the skin. Fragrant as a flower. Cool as morning dew. Swiftly absorbed by the tissues, making the skin wonderfully soft-textured. Unrivalled as an aid to feminine elegance. Delightful to use. Imparts additional charm to the daintiest toilet. Persian Balm is the one toilet requisite to the exacting woman. Peerless as a beautifier.

SNOWBALL CURL

"Every year the leaves on my snowball curl up and become unsightly; how can I prevent this?" The answer in this instance is to spray or dust with a contact insecticide when the slaves are just beginning to open and again when fully expanded. This will kill the mother aphids and prevent the further development of colonies of hundreds—it is the feeding of the hundreds which causes the leaves to curl.

BURDOCK GARDENS

Burdocks, which grow in or near nearly every garden have a peculiar use in that they are host plants for lots of active little red bugs in June, which in the following months turned green and black and are then known as the four-lined plant bug, for which the choicest vegetables and flowers are a favorite feeding ground. A contact insecticide applied while the little red bugs are on the burdock is a most effective way of killing them, or a teakettle of boiling water is most effective.

Fred: I thought you said the water was luke-warm—it was cold as ice.

Ned: Well, didn't it luke warm to you ?

Mother: Mary, aren't you getting too big to play with boys?

Mary: No, mother; the bigger I get the better I like 'em.

TO GROW BEANS YOU MUST KNOW BEANS

To a farmer who has recently taken over a farm in South Huron and who recently wrote to the Ontario Agricultural College for information about growing beans, Professor Hopkins has answered in the following brief paragraphs. We quote them because we feel that they may be decidedly useful to many others.

"Field beans closely approach meats in nutritive value. This crop is grown in most of the counties of Ontario, but the largest acreage is found in the counties of Kent, Elgin, Huron, Lambton and Middlesex where soil and climatic conditions are well suited to its growth. Field beans are considered one of the principal cash crops grown in south-western Ontario.

Rotation

Beans are well suited to growing in the crop rotations of south-western Ontario. This crop usually does well following a grass or clover sod. It often precedes winter wheat where that crop is grown, and spring grains elsewhere.

Soils

Field beans are adapted for growing on a wide variety of soils, and are particularly suited for growing on gravelly loams, sandy loams, gravelly clays, and rich clay loams. Beans are not well adapted to growing on poorly drained soils nor on lands low in organic matter or in plant nutrients.

Preparation Of The Land

When possible it is a good practice to plow the sod in the autumn of the year preceding, especially in this true on heavy types of soil. When the land is fall plowed, thorough cultivation should commence early in the spring and be continued until seeding time in order to conserve moisture, destroy weeds, and prepare a good seed-bed. When spring plowing is practised in the preparation of the seed-bed, land should be plowed at least six weeks before the time of seeding. The roller, or cultipacker, should follow immediately after plowing in order to produce a compact condition of the soil. This is followed with light surface cultivation, which conserves moisture, warms the soil, and helps in the decay of sod residues and barnyard manure.

Manure and Fertilizers

Barnyard manure applied in fall or winter proves beneficial to the bean crop.

Commercial fertilizers having an analysis of about 2-12-6 or 3-10-5 have given good results in the bean growing areas of Ontario. It should be remembered that the kind of fertilizer and quantity applied per acre will vary with the type of soil and the previous cropping and manuring. Simple fertilizer plot tests, conducted by the farmer himself will provide him with valuable information on the subject of the use of fertilizers.

Varieties

The small field bean or pea bean is the most widely grown type, and the principal market demand is for this type of bean. The Robust variety, which belongs to this class, has been one of the best yielders both in the experiments at the College and in the co-operative experiments over Ontario. This variety is early in maturing, of good quality, and is less subject than other varieties to injury from blight, and none, one of the most serious of bean diseases. There is a limited market for both the Yellow Eyed Marrowfat and White Kidney varieties, and these are grown on small areas in Kent and Elgin Counties.

Seeding

Beans are usually sown in the latter part of May or early in June with the ordinary grain drill or special bean planter in rows twenty-eight to thirty inches apart. It requires about three-quarters of a bushel of seed per acre to sow the Robust variety, and usually about one and one-quarter bushels to sow the Yellow-Eyed Marrowfat and White Kidney beans.

Cultivation

The first cultivation is given beans as soon as the plants are large enough so that the rows can be followed. This cultivation should be close to the plants and fairly deep. As the season advances, cultivation should be further from the plants and shallower so as to protect the roots of the plants and conserve moisture. Beans should not be cultivated when the plants are covered with heavy dew or rain, as this may cause disease to spread from plant to plant.

Harvesting

Harvesting commences as soon as the beans have matured and before the pods commence to split. When beans are grown on a small area they are usually pulled by hand and allowed to dry in bunches. On large areas the bean harvester is used and the beans, after being pulled allowed to dry in rows. After the crop has thoroughly dried, it may be stored in the barn or in a well constructed stack.

Threshing

Beans may be threshed with the ordinary grain thresher, using a blank concave and having the cylinder run at a slow rate of speed. The bean thresher is the machine usually used in those districts where beans are grown on a large scale. Bean straw is valuable roughage and is used to feed both sheep and cattle.

BRIGHT EYES ROSY CHEEKS

The Birthright of Every Girl

Dull eyes mean misery and weakness—a sure sign of a bloodless condition. Anaemic girls and women have dull, heavy eyes with dark lines underneath. The bright eyed girl or woman is always happy and well.

There is one way to make the eyes bright—to bring the glow of health to pale cheeks—that is to invigorate the body with new blood—rich red healthgiving blood. Dr. Williams Pink Pills do this and they do it well. Concerning them Mrs. Robert Denis, Brougham, Ont., says: "My daughter became so ill and nervous we had to take her out of school. She was pale and thin; her eyes were dull and the least exertion upset her. I began giving her Dr. Williams' Pink Pills and in less than six months you would not know her. She gained in weight and strength and is now the picture of health."

Dr. Williams' Pink Pills are sold by medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THE MAMMOTH CANNON THAT BOMBARDED PARIS

One of the most extraordinary inventions of the war was undoubtedly that of the guns which from a distance of 75 miles dropped shells on Paris. There were rumors of these guns before they were in action and even after they had made their marks of death and desolation there were many who doubted their existence. The war has not ended before it was generally known that the Germans had actually invented these guns and that they had proved their effectiveness. Still a greater period of time was to elapse until the whole history of the mammoth guns was laid bare, and it it is only recently that a book on the subject has been published the author being Col. Henry W. Miller of the American artillery service. Col. Miller has also talked about the guns over the radio when millions learned for the first time what the monsters were actually like, what they did, and how. From March until November, their hiding places were kept secret from the Allied airmen, who by this time were scrutinizing every square foot of the land where they thought the guns might be mounted. The guns originated in the brain of Dr. von Eberhardt, of the Krupp works, in 1915. It was the middle of 1917 before the first of the guns was sent to the proving ground where it was a failure. It was toward the end of March, 1918, that the first shell was dropped in Paris.

Parts Astounded

Seven guns were made, one remaining at the proving ground for continuous experiments while the others were located at a clearing in the wood known as La Sapiniere, near the village of Crepy, five miles from the Allied battle front, at a corner where the line was nearest Paris, a distance of 70 miles. When the first shell fell in Paris it killed nobody but the moral effect was what the Germans had counted on. Not only the general public but the government and army officials were dumbfounded. At first they could not believe the evidences of their own eyes. They insisted that the shell must have come from an airplane, and they persisted in this belief after several shells had fallen, all of them doing damage. It has been calculated that in all there was a property loss of $10,000,000, while 250 people were killed and 640 wounded. Naturally women and children were among the victims since the Germans at this distance found it impossible to discriminate. The guns were accurately pointed to drop shells in Paris and if women and children happened to be in the way that was their bad fortune.

Fired 367 Shells

When the shells continued to fall and no airplanes were sighted it was thought that through some cunning camouflage view of the planes was concealed. Then it was believed that, perhaps planes had been invented that could fly so high that they would not be visible. In the meantime the shells continued to drop. There were four separate bombardments the first continuing intermittently until May, the second from May 27 to June 11, and the third of two days only from a new position somewhat nearer Paris. The final bombardment lasted from July 15 to August 9. In all 367 shells were fired. Each gun was supposed to have a lifetime of 50 rounds, after which the barrels had to be rifled again to another calibre. The weight of each shell pounds each. Of course the Germans had no idea that the physical damage wrought by the guns would have any effect in bringing about the end of the war. They calculated upon the terror they would strike in the heart of France and believed that were added to their final desperate offensive they would break down French moral resistance. That they were not altogether astray in their calculations is indicated by the fact that between the time the first and the last great shell dropped in Paris a million people left the city.

How Guns Were Hidden

The guns and their emplacements were screened by trees, and when the muzzles of the weapons were not elevated at the angle of 50 degrees at which they were discharged, they lay flat on the ground and at a short distance might be indistinguishable from huge logs—and huge they must have been for the guns were 150 feet long or as Col. Miller says, the height of a 10-story building. The region in which they were located was particularly favorable in that light mists might be expected on most morning until almost noon. German airplanes also sought to further obscure the location of the guns by hanging smoke screens over the whole district. It is no wonder that the Allied airmen failed to locate them since in addition to the precautions already mentioned the region in which the guns were stood were guarded by German airmen as fiercely as though the Kaiser himself were there, which, as a matter of fact, he was on several occasions.

Finally German ingenuity contrived to baffle the French sound-ranging instruments which might have located the guns but for the fact that a second before a shell was fired a dozen other large guns in the sector were electrically discharged, thus vibrating the sound-ranging instruments so violently that they were unable to pick up the sound made by the hidden monsters. On the flight to Paris each shell reached a height of 24 miles. At this height, even though there was practically no atmospheric resistance, the velocity of the projectile was only 2,200 feet per second, compared with the muzzle velocity of 5,500 feet per second. Falling from its extreme height of 12 miles above the ground the velocity increased to 3,300 feet but in consequence of the greater air resistance as the surface of the earth was reached the shell struck at a speed of 2,450 feet per second. The entire 75 miles was covered in three minutes, and in aiming the gun intricate calculations and allowances hand to be made for the curvature of the earth as well as the rotation thereof, which takes place as the shell is discharged. Taking everything into consideration the 75-mile range was one of the most remarkable German mechanical achievements in the whole war.

EXCLUSIVE CHURCH DECORATING
C. B. SCANTLEBURY,
OF BELLEVILLE
Has been decorating Churches throughout Canada for forty years, having during that period, decorated about three hundred churches, many for the third and fourth time.

Our Church Decorating is altogether superior and no church is too large, none too far away. Our church decorating experience is greater than any other Canadian firm while our prices for superior work and better decorative schemes are no greater than that charged by those who do not understand.

Church Decorating cannot be properly executed by local handy painters. Correct Church and Cathedral decorating must be studied carefully, and due consideration given to the architecture of the auditorium and building, then properly executed.

Drop a card to Our Firm, requesting an interview. Our Designer will meet your committee, advise and submit designs and costs; all without cost or obligation to you.

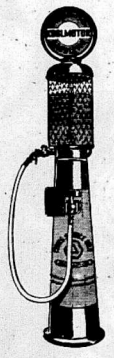
Avoid GUM-STUCK VALVES!

Use CITIES SERVICE OILS — ONCE - ALWAYS

KOOLMOTOR GASOLENE



the gas from which harmful gum has been removed

IMAGINE the fight that goes on in your engine when your valves are stuck with sticky, gummy, clinging deposits.

Gasolenes containing an excessive amount of gum cause that condition. When you step on the gas for more power your engine labors—your valves struggle to get free—you wince at the faulty response.

Why tolerate this sluggish performance? Change to Koolmotor Gasolene—the gas from which harmful gum has been removed. Cities Service experts put this superior motor fuel through extra processes, exercise greater care, to relieve you of gum-stuck valves. The Cities Service *mini-gum process* reduces the gum content to a harmless minimum.

Keep your valves clean—help them deliver their best—insure maximum power at all times—by keeping your tank full of Koolmotor Gasolene—the gas that is free from harmful gum.

Cities Service Radio Concerts. 8 P.M., Eastern Daylight Time, CKCW. and N.B.C. coast-to-coast network—33 stations.

CANADIAN DEPARTMENT STORES LIMITED

ANOTHER GOODYEAR IN CANADA

Goodyear Tire & Rubber Company has just opened its new plant at St. Hyacinthe, Quebec, for the manufacture of fabric for tires, belting, hose and other Goodyear products, produced in the Goodyear plants at New Toronto and Bowmanville. This makes three large Goodyear plants in Canada, and Goodyear now produces, in Canada, 60% of the fabric used in the finished Goodyear products.

The plant at St. Hyacinthe was acquired by the newly incorporated Goodyear Cotton Company of Canada in April, 1926, from the Canadian Manufacturers Cotton Company. In normal times the factory will be able to supply 90% of the cotton fabric used by the company. There are some 40,000 spindles in operation. When the mill of the Canadian Manufacturers Cotton Company was taken over by Goodyear, it comprised two main buildings, one was of three storeys by 115 feet, and the other of one storey and a basement, 250 by 125 feet. To these have been added the new wing, a three storey building 408 by 140 feet. When the expected capacity of the new mill is reached some 11,446,700 pounds of raw cotton will be required annually.

The product of the factory at St. Hyacinthe will be shipped to the Goodyear factories in Ontario, where it will be used in making finished tires, belting, hose and other products using both cotton and rubber. The average tire, it is stated, is composed of about 40% cotton fabric.

The formal opening of the new St. Hyacinthe plant was attended by executives of the Goodyear Company, the Goodyear Quebec sales organization, leading figures in the rubber, cotton and automotive industries, and about 300 Goodyear Quebec dealers.

NAPANEE LADIES

Will be delighted to learn that we have taken the agency for the Famous Elizabeth Arden ladies' preparations. You will find a complete assortment of creams, powders and lotions at Wallace's, Napanee agents. 32

WANTS WOMAN'S LOBBY IN HOUSE OF COMMONS

Miss Agnes Macphail, Canada's only woman Member of Parliament, speaking before the Ottawa Council of Women, has advocated a womans lobby in the House of Commons. She explained that questions of legislature in which the National and Local Councils were interested, suffered a lack of attention because they were not forcibly brought to the notice of the members and Senators. Through the medium of a lobby this might be changed and closer attention given their proposals, she thought.

AMERICAN FARM VALUES DECLINE

Farm real estate values in the United States show a decline of approximately 1 per cent in value during the year ending March, 1930, according to figures released by the Bureau of Agricultural Economics of the United States Department of Agriculture. Maine, Connecticut, Wyoming, Colorado, New Mexico and Oregon each showed small appreciation in value but there was more than Minor or decline in all the other states, notably in the middle Atlantic, East North Central, West North Central and South Atlantic groups.

The estimates are based upon preliminary summaries of reports made to the Bureau's correspondents in the annual survey of conditions in the farm lands market.

This compares with an average decline in value of approximately 1 per cent in Canadian farm lands for the year as according to the Bureau of Statistics at Ottawa, the average value of occupied farm lands in Canada on June 1st per acre from $33 to $37 in the year.

PERSONALS

It is the desire of the publishers that all should take an interest in this column of The Beaver. If you have friends visiting you, or are going away for a trip, leave word or send it on a Post Card.

Miss Halliday Wagar who has spent the last two years with her grandparents, Mr. and Mrs. R. J. Smith, will return to her home in Saskatchewan, next Sunday.

Mr. and Mrs. Earl Kimmerley, (nee Flossie Windover,) have returned to their home in Syracuse, after visiting their parents, at Selby and Empey Hill.

The Lord Bishop of Ontario will visit St. John's, Bath, on Sunday, June 15 at 2:30 p.m. and dedicate certain memorials.

Mr. and Mrs. Percy Crouse and children of Roblin, and Mrs. Charles Crouse, of Sharp's corners, spent Sunday at Mr. and Mrs. James MacGregor's, Napanee.

The friends of Harold Miller will be sorry to learn he still lies in a serious condition in the Hotel Dieu Hospital, Kingston, with but slight improvement, if any.

Mr. and Mrs. Walter King sail for London, England, June 29th, on the "Ascania," of the Cunard Line.

Mrs. John Brown and Mr. and Mrs. J. Carroll and daughter, Ila, of Sandhurst, Mrs. R. Campbell and son, Gordon, of Adolphustown, Mr. and Mrs. T. H. Brown and daughter, Dorothy, and Mr. W. Coville, of Brockville, were Sunday visitors with Mr. and Mrs. F. Thoma, Ernestown.

Mr. and Mrs. C. J. Smith, Penfield, N. Y., spent last week with Mrs. Mac Kim.

Mr. Norman Wood, teller of the Royal Bank, Sydenham, has been transferred to Picton.

Miss Claude Milligan, who has been attending school in Napanee has returned to his home in Tamworth.

The Misses Allenby and Eleanore Howie, Miss Kay McGraw and Mr. Glenn C. Howie, of Rochester, N.Y., spent the week end with friends.

Mrs. C. W. Conway, Mrs. Joe Deschane and son, Earl, spent Thursday with Mrs. Norman Call.

Mrs. Arthur J. Toomey has moved in her new home, 111 Washington Boulevard, Oak Park, Ill., phone, Village 840.

Mr. and Mrs. Stanley Reid are attending the Shrine Convention in Toronto this week.

Mrs. William Weston and son, Harry, and Mrs. Isaac Lambright and son, Ray, of Rochester, N. Y., spent the week end with Mr. and Mrs. James Rikley.

Mr. and Mrs. George Brethen and daughter, Frances, and Mrs. Arthur Brethen, of Detroit, Mich., spent the week end with Mr. and Mrs. James Rikley. Miss Frances and Mrs. Arthur Brethen returned to Detroit on Sunday. Mr. and Mrs. George Brethen remained for a visit.

Mrs. Christina Pretts returned to Toronto last week, after visiting in Hawley with her son, Mr. Clayton Pretts.

Mrs. J. G. Daly was in Kingston last week, assisting in presenting the pins to the graduating class of nurses at The Kingston General Hospital, held in Grant Hall. Mrs. George Thompson, Misses Eleanor and Alma Thompson accompanied Mrs. Daly.

Mrs. J. Geale Daly is spending a few days in Toronto, the guest of her sister, Mrs. J. H. Johnston, and will attend the closing exercises at Moulton College. Celestine Daly will return with her mother for the summer vacation.

Mr. Robert Hinch, of the Bank of Commerce staff, Picton Place, is spending a few holidays with his parents, Mr. and Mrs. F. C. Hinch.

Mrs. Albert Raymond spent Saturday in Napanee with Mrs. Solmes.

C. J. Smith, retired employee of the Standard Oil Company and P. T. Smith, who is sales manager for Maytag Washing Machine Company, of Watertown, N.Y., and Mr. G. M.-Smith who owns and operates the Packard Garage at Watertown, called at the Beaver Office this week, on their way to visit a brother, R. B. Smith, of Roblin, who has been unwell for some time. They made a rapid trip over, leaving Watertown at seven o'clock and arriving here at eleven.

Mr. and Mrs. I. E. Salisbury, Colebrooke, and Mr. and Mrs. A. C. Allenbrack, Camden East, attended the graduation exercises at the Ottawa Civic Hospital, Ottawa.

Miss Lillian Alkenbrack graduate nurse of the Ottawa Civic Hospital, Ottawa, is spending a limited time with her parents, Mr. and Mrs. A. Alkenbrack, Camden East.

Mrs. T. G. Lewis and the Misses Elizabeth and Vivian Lewis, of Belleville, spent Tuesday of last week at "Kilmeaden" the guests of Mr. and Mrs. Herbert Daly.

Miss Helen Grange of East Street, gave a jolly little luncheon at "The Golden Apple" in Gananoque on Wednesday last, for Miss Peggy Daly, who is to be one of the summer brides.

Mrs. Allan Simpson and two children, of Toronto, have been the guests of Mayor and Mrs. J. M. Simpson, during the past two weeks.

Miss Lilleth Gandier has been spending the past week with Miss Robena Templeton in Belleville.

Mrs. D. L. Hill and Miss Louise Hill, of Toronto, have been spending a few days at "Kilmeaden" with Mr. and Mrs. Herbert Daly.

Among those who went from Napanee to attend the Shriners' Convention in Toronto, this week, were: Mr. and Mrs. W. A. Grange and Helen, Dr. and Mrs. D. R. Hall, Mr. and Mrs. T. A. Vanderwater, J. G. Pennell, Mr. and Mrs. W. E. Hall and family, Mr. Arthur Kimmerley, Mr. and Mrs. George Robeson, Mr. Sidney Scott.

Miss Mildred Brown and Miss Margaret Daly attended convocation at Toronto University last week.

Mrs. J. VanEvera is spending a few days with her mother, Mrs. Templeton.

Mr. and Mrs. Charles Walters spent a few days in Toronto last week.

Miss Grace Boyes returned from Toronto on Saturday.

Mr. and Mrs. Reginald Batten are spending two weeks with Mr. and Mrs. T. B. Wallace.

Mrs. George Switzer addressed the Rotary Club at luncheon yesterday. The wives of the members were guests.

Mr. and Mrs. Jack Adams are spending a few days in Montreal.

Miss Marion Stoklin has returned from New York where she was the guest of Miss Lillie Waller.

Miss Elisabeth Waller gave a bridge-shower at her apartment, 780 Lexington Avenue, New York, on Monday evening of last week, for Miss Mildred Roblin, whose marriage took place the following Thursday. Miss Roblin's intimate friends were the guests and she received with her hostesse, wearing a chic gown of printed silk. Miss Marion Roblin and Miss Lillie Waller, of Napanee, were among the guests present.

Mr. Sidney Scott, of Thomas Street is spending the week in Toronto.

Mr. and Mrs. J. V. Henderson and Catharine, spent the week end in Toronto.

Judge J. H. Madden and Mrs. Madden motored to Ottawa last week. Mrs. Eugene Richardson returned to Napanee with them.

The Misses Gandier, who have been spending the winter with their sister, Mrs. J. M. Thomson, have returned to Toronto, where they will spend some weeks with their sister, Lady Falkner.

W. G. Wilson, for many years the clerk of the county and a respected citizen of the town is at present very ill and the doctors hold out little hope of his recovery. His son, Bogart, has been called home from New York.

DUNWOODY — At Stella, on Monday June 9th, 1930, Mary Alice Dunwoody, aged 76 years 6 months and 12 days. Interment at Newburgh.

CARD OF THANKS

In future all insertions of Cards of Thanks and In Memoriam will be inserted in The Beaver only if the money accompanies the order, at the following rates: Card of Thanks, 75c; In Memoriam, 50c., and 50c. additional for each verse.

Mr. and Mrs. Earl Kimmerly wish to thank their many friends for the beautiful and useful gifts received both at the reception and shower. 24ap

Mrs. Anna Barrett and children wish to thank kind neighbors and friends for kindness and sympathy shown them in their recent bereavement. 24ap

We wish to thank our friends and neighbors for their kindness and sympathy shown us during the death of our Sister and brother: Miss Harriet Lemmon, Mr. and Mrs. Charles O'Neil, Mr. and Mrs. Clayton O'Neil, Miss Nellie Lemmon, Mrs. Mary Wolfe, Miss Lulu O'Neil. 24ap

OBITUARY

MRS. ROSE HAYES

Mrs. Rose Hayes, 88, widow of the late Samuel Hayes, of Napanee, Ont., died at the home of her daughter, Mrs. Ella Eggleton, 496 Broadway Ave., East, Watertown, N. Y., Sunday, June 1st., at 1:15 a.m., after a lingering illness of six months.

Mrs. Hayes was born in Quebec, October 9th, 1841, a daughter of James and Margaret Farrell Richardson. When young she was married to Charles Skeates in Quebec. He was killed in a railroad accident at Lachine Quebec. Later she married Samuel Hayes, at Napanee, Ont., who died thirteen years ago. Following the death of her second husband, she came to Watertown to live with her daughter. She is survived by three sons, Chas. Skeates, Rodena, Sask., Edward Skeates Syracuse, N. Y., and Samuel Skeates, Rochester, N.Y. Two daughters, Mrs. Harry Eggleton, Watertown, N. Y., Mrs. E. Britton, Detroit, Mich and 19 grandchildren and 13 great grandchildren, one sister, Kathleen Evans, Napanee, Ont., one brother, James Richardson, Oshawa, Ontario.

The funeral was held from the home of her daughter, Mrs. H. Eggleton, Tuesday at 9:30 a.m. Rev. C. N. Eddy, Rector of St. Paul's Episcopal Church officiated. Burial was made in Valley Cemetery, Syracuse, N.Y. Bearers were Frank Grills, C. B. Burns, Sherwood Eggelton and G. W. Vary. The floral tributes were many and beautiful.

IN MEMORIAM

Lemmon—In loving memory of Clarence Archibald Lemmon, who died on June 13th, 1929.

Oh, why was he taken so young and so fair
When earth held so many it better could spare?
Hard was the blow that compelled us to part
From one that we loved and so dear to our hearts.
We do not forget him; we loved him too dearly
For his memory to fade from our eyes like a dream.
Lips need not speak when the heart mourns sincerely,
For grief often dwells where it seldom is seen.

—Sadly missed by Mother, Sisters and Brothers. 24ap

IN MEMORIAM

In loving memory of Charles Crouse, who departed this life June 13th, 1928.

He left us as the summer birds
Leave, when the winter air
Bring terror to their little breasts;
And left us lonely, here.
He faded as the flowers fade,
To bloom again once more
Where sorrow never will be known—
A real eternal shore.

Sadly missed by his Wife, Daughters and Son. 24ap

ANNUAL CONVENTION OF SOUTH ADDINGTON DISTRICT W. I.

The annual convention of the South Addington District Women's Institute was held in the Parish Hall, Camden East, on June 5th, with a goodly number in attendance.

The President, Mrs. A. E. Huffman, opened the meeting by the use of the Ode and Institute Creed. The District Secretary, Mrs. Amey, presented her report, which was adopted as read.

The community singing was led by Mrs. Redden, Tamworth, with Mrs. R. Robinson at the piano, after which Mrs. A. Lewis gave the address of welcome, which was responded to by Mrs. N. Boyce.

The financial reports from the seven branches show that they are all very industrious and are interested in their work. The District Secretary then gave her financial report showing a balance of $32.89. Mrs. Wilson, of Strathcona, gave an address on "Womanhood," in which she stressed the fact that woman should and does set the standard in developed within herself, that which makes the home a place of uplift and cheer. It is woman's task to give safe leading to the children, so they may absorb truth and right and thus be able to adjust themselves to their life's work.

The morning session was closed by singing and everyone did full justice to the dinner which was a marvel of culinary ability.

The reports on agriculture, legislation, emigration, community activities, home economics, education, relief health, historical research and publicity were given by the convenors before leaving the dinner table.

The afternoon session opened by an address by the Rev. R. W. Spencer, who said that unselfishness was the basis of all social work. He also remarked that as the Women's Institute was a non-political body, they should see that "graft" was kept out of political life. He also said that properly supervised amusements were very necessary and the W. I. could do much in that line.

Mrs. R. Freeman and Mrs. G. Hawley then gave a piano duet, which was heartily encored by all.

The election of the district officers took place with the following results—

Hon.-Pres.—Mrs. A. E. Huffman.
Dist. Pres.—Mrs. N. Boyce.
1st. Vice-Pres.—Mrs. W. G. Redden.
2nd Vice-Pres.—Mrs. A. Lewis.
Sec.-Treas.—Mrs. Charles Amey.
Federated Delegate—Mrs. A. E. Huffman.
District Delegate—Mrs. Frost, Newburgh.

Mr. Runions, agricultural representative, gave a talk on the merits of coaching classes, home beautification, public speaking contests, etc.

A vocal selection which was exceptionally well rendered was given by Mrs. and Miss Pedley, of Tamworth. Mrs. V. Atcheson then presented her reports from the rural trustees and ratepayers' convention in Toronto. Some of the principal things of which were: The need of music in the schools, very thorough examination of pupils by the health officers and the formation of a medical clinic for each township. This convention thought also that there was almost no representation from any of the counties bordering on Lake Ontario or the River Saint Lawrence. These counties desiring to have conversational French taught in their schools were well represented, with the consequence that it was carried unanimously. The Township School Board was voted down as was the free transportation of children to secondary schools rather than teach the 5th classes in the Public Schools.

Reading on "How to Train a Husband," by Mrs. Scanlon, finished the programme for the afternoon. Mrs. A. E. Huffman then thanked the branches for co-operation and appreciation shown her during her term as District President. Collection was taken up and followed by a vote of thanks to Camden East. Moved and seconded by Mrs. Doupe and Mrs. Redden for their splendid hospitality. As Newburgh was so desirous of having the convention in 1931, Tamworth very kindly offered to accept the responsibility.

The convention was closed by the singing of the National Anthem.

BATH WOMEN'S INSTITUTE

The June meeting of Bath Women's Institute was held Monday, June 9th at the home of Miss Dennett, with an attendance of 24. The roll call was answered by "An Economy Wrinkle," and many useful suggestions were given to help the busy and saving homemaker. The minutes of the May meeting and of the summer series meeting were read and adopted. Business and correspondence was next dealt with. The flower committee being Mrs. Morrow and Mrs. Collins. The other directors, Mrs. Shelior, Mrs. Craven and Mrs. Collins. Mrs. Stevenson gave the current events and many important notes were given. Miss E. Denne was chosen her educational convenor, as Mrs. Ruttan has other duties. Books on Canadian Textiles were passed out. The library question was again brought forward and the Institute passed a motion to give them money to pay for subscriptions of magazines and newspapers. The speaker of the day was then called on, and the members and visitors gleaned many useful hints from Dr. Northrop's paper on "Health." To have an objective is a main thing for an Institute and B. W. I have decided on that one the village hall is proud of. In order to carry it out; if no unforseen hindrance creeps up, we must forego co-operation and appreciation of the men and women of Bath. Pies are only 25 cents and there is not so much work about the Institute, for "many hands make light work." The Women's Institute at the July meeting in the Town Hall, and have some wonderful things in W. I. is planning for your village. Be a booster and you'll find it a pleasure to attend the meeting on July 14th at 1:30 in the Town Hall.

Mrs. Misner Dennees gave two beautiful selections on the piano.

Mrs. Harry Mott gave a demonstration on "Salads" the choosing being a vegetable salad which would tempt any one's appetite.

A letter of appreciation was read to Mrs. Stevenson and Mrs. Collins for their faithful service. Collection amounted to $2.00. After the singing of the National Anthem, a sumptuous lunch was served and a joyous half hour was spent over the tea cup.

Good Flearwax— 49 cents per one pound can at Hooper's Drug Store. 24

Tourist Lodges

We carry in stock at all times a complete line of the famous "Simmons" Beds, Springs and Mattresses

Odd size beds can be fitted up with Springs and Mattresses here.

Special prices allowed on quantity buying to fill your needs.

Good bedding, like good paint, is a good investment and Simmons bedding is unconditionally guaranteed.

Come in and inspect our line and compare prices. The tourist season is just around the corner, so do not delay.

MOTTLED IVY LEAVES

"The ivy on my verandah has white mottled leaves, what is wrong with it?" This is a common question in June. The trouble was caused by the feeding of a tiny insect on the under side of the leaves. It could have been prevented by an application of a contact insecticide soon after the leaves unfolded. Once injured the leaves cannot be made green again.

Willis: Our Sunday dinner costs is a dollar for five of us. That's economy, isn't it?

Gillis: I've got you beaten. Ours costs 36 cents for seven of us.

Willis: How do you manage it?

Gillis: We take the trolley out to my mother-in-law's.

PRACTICAL DISCUSSIONS BY PRACTICAL FARMERS

Pays Well to be Forehanded—How One Reader Prepares for Spring Rush

In the fall, we always sow a field of fall wheat early, on well prepared land. All plowing is also done then, including clover sod. The stones are taken out while plowing and hauled off after the ground is frozen.

During the winter, all manure is hauled out and placed in large piles where wanted while later the sheep pens are also cleaned out. A supply of wood for a year or more is cut ready for the stove and piled conveniently for using, while seed grain is thoroughly cleaned and placed in clean bins. Any grain to be sold as seed is also cleaned, ready for the buyer—I may add here that many who order seed grain do not come for it until seeding has started, thus losing half a day in the field—I also have grass seeds mixed ready for sowing.

The work horses and driver are clipped before seeding, as when clipped, horses will not sweat nearly as much, will do their work better and keep in better condition. If warm, they will soon dry off, and can be cleaned much more easily and quickly. If it cost me five dollars, I would consider clipping a good investment, in the case of horses with heavy coats, and especially young horses. We also have harness and implements ready for service and have enough grain ground to last until after seeding.

You ask for illustrations of how forehandedness has proved advantageous. In '76, the early spring was very dry. At that time, this was quite a country for growing turnips, silos not having been introduced then. I had eight acres of turnips that year and we had been waiting for them to get large enough to thin. I had the turnips horse-hoed. One Saturday, I surveyed the crops and decided that all grain would be ready to cut in a few days. There were four of us—and at that time men who worked by the day also worked after supper. I secured six extra men to come on the Monday, and the ten of us went at the turnips. The following day eight of us cleaned up the field.

We had about 100 acres of grain to cut and we kept things humming until it was all down. The last field was a crop of Pfe wheat and I got an extra man to help with it while one of my men horse-hoed the turnips. then we all hoed turnips for a day, finishing this second hoeing at odd times.

That year, some never got their turnips hoed, and others only part of them. Few hoed them the second time. Later we had a wet period, so that many pieces of turnips were a loss or partial loss, though the fall was favorable. We had a splendid crop.

I think it pays well to be forehanded, and ready to do every job when it should be done. You can hoe roots much faster and kill weeds more easily if done at the right time. Hay cut at the proper stage is more nutritious and palatable. Fall wheat sown early on well prepared ground, will stand the winter better and give a higher yield.

If you don't keep up with the Jones in driving a fancy auto and other forms of style, try to keep a little ahead of the Jones' in getting your work done at the right time.

BETTER BACON

Canada's Live Hog Grading Policy supervised by the Meat Inspection Service of the Dominion Live Stock Branch, has resulted in the production of increasing quantities of select bacon hogs. Fed on dairy by-products and finished on the small hard grains which make for firm high-quality product, these hogs prepared for market by government inspected packing plants under ideal conditions give the product a mild cure and deliver it to the retailer in the form for which the housewife shows a growing appreciation — better bacon.

SIMONIDES, FORGER OF ANCIENT DOCUMENTS

Apropos of nothing whatever, our thoughts turn to some of the more celebrated literary and artistic fakes of the past, and come to rest on the career of Constantine Simonides who flourished in several European cities about the middle of the past century. With the exception of Chatterton he was perhaps the ablest man who ever turned his talents to such dubious use. In justification of the gifted boy who produced the Rowley fabrications, it may be said that while his object was deception it was merely a kind of self advertisement. He was himself an authentic poet, but his youth and the fashion of the times made it impossible for him to win a hearing. So he proceeded to write poems which were ascribed to antiquity, his idea being eventually to own them and bring down confusion upon the heads of those who denied his own poetic gifts. In modern times he is to be grouped with the young Irishwoman who a year or two ago produced a remarkable diary of a young woman of fashion of the 18th century, which was delightful in itself, and not with the more recent Joan Lowell who wrote an alleged biographical account of her seafaring adventures, and persisted in her claims long after they had been exposed as fraudulent.

A Unique Fakir

There are two points which make the fabrications of Simonides unique. One is that so far as can be estimated he made little or no money from them or if he did he had the ability to make a great deal more at any one of a score of occupations which were open to him. The other and more remarkable is that to this day there have been few experts able to declare finally which of the manuscripts that passed through his hands were spurious and which genuine. Some of the things he collected are today valued as almost priceless by some of the most important libraries and museums in Europe. Others were obvious shams which have disappeared or if they survive are mere curiosities. Moreover, the suspicion has arisen more than once that some of his discoveries set down as frauds may be actually genuine. If they are then they are probably the most valuable documents in the whole world. Some remain to be examined if it would be found possible to examine them without the risk that in the process they would be destroyed.

Spurious and Genuine

The accepted theory is that somehow or other in his researches as an antiquarian and expert in ancient palimpsests and palaeography many ancient treasures had fallen into his hands and that he used these as a cloak to dispose of antiques which he manufactured himself. But there are two holes in this theory. One is that the sale of the genuine would have satisfied any mercenary ambitions he may have had without clouding his reputation and casting suspicion on the true by the production of the false. The other is that when he first appeared in England he went to the British museum and offered Sir Frederick Madden several documents which were refused as fakes. The next day he turned up with some others which were accepted and bought as genuine. In this case the production of the dubious preceded the production of the authentic. These transactions took place in 1853. The supposed fakes were bought by Sir Thomas Phillips, one of the greatest collectors of the times, who acted on the principle that it was safer to buy some bogus manuscripts than run the risk of refusing to buy a genuine treasure which might be included.

An Unsolved Mystery

From his appearance in England until the supposed date of his death in Alexandria in 1867 Simonides was busy with archaeologists and curators. Sometimes he was producing for them treasures; at other times he was being denounced as a rogue. It is apparent that it would have been a physical impossibility for him to have forged all the various Greek and Egyptian literary remains which were in his possession at one time or another. Life was too short. The idea that he had a band of skilled forgers working for him is equally unreasonable but not so incredible as that he should have had the luck to get possession of so many genuine antique treasures as he laid claim to. We have to pass this aspect of the case as a mystery which may never be solved. Some of the things he produced as real treasures were readily discovered to have been fraudulent. The dates exposed them. It was for instance impossible that Demetrius Magnus should have written a work in the time of Cicero in which he referred to Nonnus who lived six centuries later.

Earliest Christian Writings

We have space to mention only briefly the most interesting and maybe the most important of all Simonides discoveries or swindles. These were the so-called Mayer papyri. Mr. Mayer, of Liverpool, had a famous collection of papyri, some of which had never been examined. Simonides asked permission to look at them and help in a translation and it was given to him. He worked either in the presence of Mr. Mayer or of the curator of the museum or another unprejudiced observer. One of the first things Simonides discovered was certain fragments of St. Matthew's gospel, supposed to have been written in the fifteenth year after the Ascension. If this document was genuine it was and is unique. It survives in the Liverpool museum— the oldest known Christian document in existence. Other discoveries followed. Including fragments of the Epistles of St. James and St. Jude; portions of eight chapters of the Book of Genesis; the Ten Commandments and other matter hardly less valuable. Simonides had no chance of making and profit out of these discoveries for the papyri did not belong to him. It seemed impossible that he had the opportunity to forge anything, but a special committe of experts reported that the stuff was not genuine. Some of the reasons set forth were far from impressive and even today there remains a doubt. Other papyri also in the possession of Mr. Mayer were never unwrapped for fear that in the process they might be destroyed. They remain today in the museum of the Free Public Library at Liverpool, and so long as they remain the name of Simonides will remain to plague archaeologists and detectives.

Mother: Tommy, how can you be so naughty?

Tommy: Easy, Ma.

ANOTHER ISSUE EXPLODED

The ineffectiveness of the schedule of countervailing duties to meet hostile trade restrictions against Canadian goods is the latest feature of the Dunning budget to be thoroughly understood.

There are 1188 items in our tariff schedules and of these only 16 are placed in the countervailing section. Again, it is to be remembered, these countervailing duties apply to identical items. That is, if the United States raised its tariff against our wheat, our tariff against United States wheat automatically goes to the same height. The futility of that procedure is self-evident. In Commodities of which we are large exporters we are not large importers.

That is clearly indicated by the official trade returns for 1929 which disclose the fact that if we absolutely prohibited the importation from the United States of every item of the countervailing schedules we would reduce our imports by less than $15,000,000 or approximately by 1½ per cent. of the $983,000,000 worth of goods which we bought from the United States last year.

The practical effect of the countervailing schedule was aptly described by Hon. H. H. Stevens, who said that it was just like a small boy sticking his tongue out at someone who annoyed him.

Ontario Lady Tells of Dodd's Kidney Pills

Mrs. M. Monkey Suffered With Kidney Trouble and Severe Backaches

New Liskeard, Ont., April 22. (Special) —"I have used Dodd's Kidney Pills for Kidney trouble and severe Backaches and find them very good," writes Mrs. M. Bonley, a well-known resident of this place. "I would not be without them. We always keep a good supply in the house, so that if any one of us get any aches, we know what to take. It's the Dodd's Kidney Pills everytime."

Dodd's Kidney Pills have become popular all over the country because people have tried them and found them good. They are purely and simply a Kidney remedy. They stop Rheumatism, Backache, Urinary troubles and all ailments arising out of faulty Kidneys.

Dodd's Kidney Pills have restored good health to thousands of troubled women and men. They can be obtained from all druggists. mg 4.23.30.

CURRANT WORMS

Every year hundreds of currant and gooseberry plants are defoliated by green and black spotted sawfly larvae just because the owners did not notice the insect in time. The injury begins as the first blossom appears on the currants, and a poison spray or dust given at that time will save the foliage and the crop fruit. Any arsenical may be used; also derris, hellebore and pyrethrum.

Have Your Car in Good Condition before you take it on the road

Check your brakes carefully before you start out on the highway. You may have to depend on them, and they may fail you . . . to the injury of yourself or others.

See that your headlights do not glare. The Night Patrol of the Traffic Police may stop you and issue a summons. Glaring headlights are the terror of night driving.

Be careful. Show courtesy to others on the road. Use your common sense in deciding where, how, and at what speed you will drive your car.

GREECE RAISES WHEAT TARIFF

Advice received by the Department of Trade and Commerce from the Canadian Trade Commissioner at Athens gives the information that Greece has again raised the tariff against wheat and flour, effective as from May 9th of this year. The duty on flour, under the minimum rate — applicable to Canadian ports—is now $2.06 per 228 pounds, while the minimum rate on wheat is raised to 31.66 cents per bushel. These are the duties as given in the tariff schedule; they are subject to a surtax totalling another 75 per cent of the duty imposed so that the amount of tax paid on a bushel of Canadian wheat entered for consumption would be actually 55.3 cents.

Internally and Externally it is Good.

—The crowning property of Dr. Thomas' Eclectric Oil is that it can be used internally for many complaints as well as externally. For sore throat, croup, whooping cough, pains in the chest, colic and many kindred ailments it has qualities that are unsurpassed. A bottle of it costs little and there is no loss in always having it at hand.

MUNITIONS FOR CHINA REQUIRE CERTIFICATE

The Chinese Consul-General in Canada has advised the Department of Trade and Commerce that shipments of munitions or any kind of war materials exported to China must be accompanied by a special certificate issued by the Chinese Government's diplomatic representative in Canada.

This practically means that no arms and munitions [illegible] the hands of the insurgents [illegible]

FEW CHANGES IN IRISH FREE STATE BUDGET

According to the Commercial Intelligence Journal the only changes in the Irish Free State budget for the current fiscal year refer to the import duties on wines. The general tariff on wines not exceeding 25 degrees proof spirit has been reduced from 5 shillings ($1.25) per gallon to 3 shillings (75 cents) while on wines between 25 and 30 degrees proof the general tariff remains the same. The British preferential rate on these has been lowered 40 per cent.

DO YOU SUFFER WITH HEADACHE?

So easy to get quick relief and prevent an attack in the future. Avoid bromides and dope. They relieve quickly but affect the heart and are very dangerous. They are depressing and only give temporary relief, the cause of the headache still remains within.

The sane and harmless way. First correct the cause, sweeten the sour and acid stomach, relieve the intestines of the decayed and poisoned food matter, gently stimulate the liver, start the bile flowing and the bowels pass off the waste matter which causes your headache. Try Carter's Little Liver Pills. Druggists 25c red page.

TARIFF COMMISSION ANALYSIS OF NEW BILL

The Tariff Commission here announced that an analysis of the Hawley Smoot tariff shows that approximately 68 per cent of the increase of total duties is on imports of agricultural raw material, and that agriculture will accordingly be benefitted by the bill. Only about one third of the increase is on industrial products. Based on 1929 imports, the duties would show an increase of $166,426,769 in revenue during the coming year.

A holidaymaker, accompanied by a Dutch friend, happened to pass a church, whose notice-board bore the following words in very large type: "The Church With the Warmed Heart."

The Dutchman: Ha, it has, what do you call it, central heating?

2 Glasses Water Not too Cold, Help Constipation

One glass of water is not enough—take 2 glasses a half hour before breakfast. You get quicker and better results by adding a little simple glycerin, saline, etc., (known as Adlerika) to one glass.

Unlike other remedies, Adlerika acts on BOTH upper and lower bowel and removes old poisons you never thought were in your system. Adlerika stops GAS and sour stomach in 10 minutes! Relieves constipation in 2 hours. At Wallace's Drug Store. (f-5)

"THE MAN WITH THE SCAR" AND BLACK-CAPPED JUDGE

Some months ago there appeared an account of the murder in Southampton, England, in October, 1929, of Vivian Messiter, an oil salesman. For the crime William Henry Podmore has now been found guilty and sentenced to death. Podmore, although still a young man, has had several convictions marked against him and since he was a boy has been in and out of jail a dozen times. He has been a thief since he was nine years old, but at no time gave promises of becoming the author of a particularly brutal murder which has been widely discussed in England for many months past. The theory of the Crown, which was accepted by the jury was that Podmore, who worked for Rossiterras a salesman on commission, killed his employer over a dispute of a few shillings. The evidence showed that Rossiter had hired Podmore to sell his motor oil to dealers in and around Southampton and that he had paid Podmore commission on several sales. But these sales were bogus. Podmore supplied names and addresses of mythical merchants and reported that they had given orders for oil to be delivered and paid for later. Rossiter paid him as the orders were turned in. Such a fraud could not long continue and when Rossiter discovered that he had been swindled it is probable that he told Podmore he would inform the police. Knowing that a severe sentence threatened him as an old offender, it is probable that Podmore brained Rossiter with a hammer and hid his body.

Body Long Undiscovered

The crime was not discovered until several weeks had passed. When Rossiter disappeared his landlady in Southampton assumed that he had gone to London. He had no friends in Southampton and there was no search for him when he did not turn up. The London firm for whom he was working must have assumed that he had defaulted after letters addressed to him were returned. But if his accounts were not squared the balance owing must have been small. In any event the oil company took no action for weeks. Then it sent another agent to Southampton. He visited Rossiter's lodging house and then went to the garage and yard where Rossiter had stored some oil and where his car was kept. This had been locked from the time Rossiter vanished and had never been examined. But the new agent forced the lock and entered the gloomy shed. There to his horror he found a body which was later identified as that of the missing oil salesman. The police were called in, and with a few slender clues they began their work. By this time Podmore was serving a sentence for theft in a prison in another part of the country.

Scraps of Paper

In the shed the police found what might have been an order book with certain pages torn out. They also found a scrap of paper bearing the name "Thomas" and a letter which purported to have been written to "W. F. Thomas." A search for Thomas was at once begun, and gradually the police built up a fairly accurate description of the man they were in search of. It was as "the man with the scar" that the description was broadcast through the newspapers. It was found that the so-called Thomas with a woman who became known as "Golden Haired Lil" Hambleton had occupied lodgings in Southampton, which had been suddenly vacated. He was traced to two or three other places, and from the last of them it was discovered that he had disappeared, leaving unclaimed wages, at about the time the newspapers were carrying the story of the discovery of Rossiter's body.

Fatal Talks in Prison

We presume that eventually Thomas would have been found and arrested and of course identified with the Podmore who had the long police record. But at the time the police were scouring the country for him he was in the safest of all hiding places, serving a six months' sentence for theft. But in jail according to the Crown, he committed the fatal error of discussing the Rossiter mystery with two fellow prisoners. The subject seemed to fascinate him, and he was never tired of hearing what other convicts thought of the case. He also made a couple of remarks that were considered significant, and the convicts communicated what he had said to the prison authorities, who in turn passed the facts before the police. So it happened that when Podmore left the prison at the end of his sentence he was arrested on the charge of murder and later put on trial.

What Circumstantial Evidence Is

The evidence against him was wholly circumstantial and on this point Lord Hewart, the presiding judge, said: "Circumstantial evidence is sometimes spoken of in language of apology as though it were some minor or less compelling kind of evidence. It is contrasted with direct evidence, that is to say, the evidence of an eye-witness. But one cannot forget that sometimes an eye-witness may be mistaken. There may be the inference, for example, of grudge or spite. Circumstantial evidence is free from those blemishes. Circumstantial evidence consists in this: "That when you look at all the circumstances you discover such a series of undesigned, unexpected coincidences that, as a reasonable person, you find that your judgment is compelled to one conclusion. If the circumstantial evidence is such as to fall short of that standard, if it does not satisfy that test, then it is of no use at all . . . No amount of suspicion is enough. If the effect of all the evidence is no more than to leave on your minds strong suspicion, you must acquit the prisoner." Podmore's story was that the last time he saw Rossiter he left him with a man named Maxton or Bixton, presumably an agent, who had an appointment to meet Rossiter the next day. He described his sudden quitting of Rossiter's employ as due to a better position being offered him, and his flight and change of name as impelled by the knowledge that the police were looking for him to answer for lesser crimes which he had committed.

Distinguished alike in the realms of sport and music, Major Geoffrey Toye, who has conducted opera for Sir Thomas Beecham, is also noted for his ready wit.

On one occasion, accompanied by a party of friends, he was watching the racing at Cowes, when the royal yacht Britannia made a false start in one of the events.

"Ah! There she goes again!" snapped Toye. "Britannia waives the rules."

PUTS SARGON TO AN UNUSUAL TEST

"My case was an unusual test for Sargon, for I had tried different medicines and treatments for three years for my troubles without lasting benefit.

JAMES DUNSIRE

My liver was out of order. I couldn't get an elimination without taking a cathartic, I was subject to terrible headaches and an eruption would break out on my skin at times that hurt so bad I couldn't sleep. Three bottles of Sargon put me in fine condition. The breaking out on my skin is gone, I have a fine appetite, nothing disagrees with me any more. I sleep good and have more strength, energy and vitality than I ever thought I'd have again.

"Sargon Pills reconditioned my liver and completely overcame my constipation."—James Dunstre, 531 College St., Toronto.

Sargon may be obtained in Napanee, at Hooper's Drug Store, who has been awarded the exclusive Sargon agency for this town.

The race for health...

It is easily won by the man who eats the foods that furnish real nutriment and do not tax the digestion. Shredded Wheat with milk not only tastes good, but is good. The crisp, flavory shreds of baked whole wheat are so appetizing and strengthening. Combines the "roughage" you need with the proteins and mineral salts. Delicious for any meal with your favorite fruit.

WHEAT RUST FIGHTS BACK

The fight against black stem rust on wheat has brought out the astonishing fact that as man develops means of limiting its growth, nature opposes by developing new and more resistant strains. E. C. Stakman plant pathologist of the Minnesota Experiment Station working with other pathologists in the Canadian rust research laboratories here, made this discovery. The more resistant strains are developed on the barberry bush, which acts as an intermediate host by crossing the different strains of rust to produce the new and more resistant varieties.

Chronic Bronchitis

is quickly and safely relieved by Templeton's wonderful RAZ-MAH.

Mr. H. Truemner, Zurich, Ont., got such relief from a sample of RAZ-MAH that he bought a $1.00 box, sold, as always, under guarantee of relief or money back. Now he always uses RAZ-MAH when he has an attack. Says: "I usually work the attack off in a few days. Then may go for a year or so without another." RAZ-MAH is also wonderful for Asthma. At your druggist's. 122

God Save The King

SUNDAY SCHOOL ANNIVERSARY SERVICES

On Sunday last, at 11:00 a.m., the Sunday School united in public worship with the members of the church congregation of Trinity United Church for the purpose of taking part in the specially arranged Sunday School anniversary programme. The service which was led by the Superintendent, Mr. J. E. Robinson and Assistant Superintendent, Mr. C. L. Graham, was one of quiet dignity, which produced a worshipful atmosphere that formed a fitting background for the stirring address delivered by the special speaker for the day, Rev. Edward Rowland, of Stirling. Mr. Rowland, in a very vivid manner, dealt with the subject: "The Voyage of Life," and succeeded in interesting and impressing his audience from the younger members of the primary department to the older members of the congregation. Special musical numbers were rendered by the choir, Mr. S. Campbell and the primary department. At the evening service, Mr. Rowland spoke on the subject: "The Strength of the Church," and Mrs. Rawson rendered a very fine solo.

HOLSTEIN BREEDERS' FIELD DAY

Arrangements have been made by the Holstein Breeders of Northumberland, Hastings, Prince Edward, Lennox and Addington, to hold a union field day at the Sand Banks, near Bloomfield, Ont., on Thursday, June 18th and 19th, when the committee in charge a general invitation is being extended to all farmers and their friends to attend. Interesting addresses, by prominent live-stock men, a judging demonstration with animals, and sports will feature the day's proceedings. Everything possible is being done by the various organizations headed by the Agricultural representatives to make the programme both attractive and interesting. Commencing at ten a.m. in the morning, a tour will be made of several breeders' herds in the County of Prince Edward, starting at Earl Bonter's farm, four miles west of Redmonville on the Bay shore and finishing at Mr. Gough's farm, Bloomfield, at 12:00 o'clock. The crowd will then proceed to the Sand Banks for a basket picnic, following which the other part of the programme will be carried out.

THE VOTERS' LISTS

The Enumerators are making a house to house canvas in order to compile the voters' lists for the coming Federal election. The King Government made great protestations in the last session that the permanent returning officers were non-partisan. The enumerators for Napanee are Mrs. W. Conway, Mrs. Bowen, Fred Carter, Robt. McNeill, E. J. Pollard, Tottie Daly, Dawson Garrison, Arthur Clarke, D. Aylsworth, Don. Scott. Pick out the Conservatives in his list.

NO RECORDS BROKEN AT KINGSTON MEET

Kingston boy athletes secured the edge in the annual district meet of the Ontario Athletic Commission at the Richardson Stadium on Friday afternoon when they took 11 firsts in the various track and field events, while Belleville captured first place in nine events, Trenton were first night instead. Napanee won seven and Brockville two. No records were broken in the men and only ten standards were equalled, the heavy rain of the morning and during the events helping to keep down the times and distances made. Good showings were made in the 100-yard dash, with R. Hughes, of Brockville, equalling the standard in the senior event and H. Moore, of Napanee, covering the distance in the required time in the intermediate high school series. R. Burtt, of Trenton Public School, was the big winner of the day, finishing first four times, while H. Mott, and R. Champaigne, of Belleville, were first in three events. Mr. James Langdon, G. MacMahon, of Kingston; R. Hughes, of Brockville, were winners in two events.

BASEBALL

GIBBARD'S, OF NAPANEE, LOSE TO ODESSA 5 TO 2

One of the most interesting games of baseball ever witnessed at the Napanee diamond, took place on Saturday afternoon when Odessa visited the locals and took the game by a score of 5 to 2.

The both teams started with what might be called a rush, and at the end of the first innings the score was 1-0 for Odessa.

The second frame was more in favor of the Gibbard Boys and they managed to get a runner home, and in the third frame, scored another man.

From then until the ninth innings, it was anyone's game, both pitchers battling for supremacy and when Odessa went to bat for the last time the locals seemed to run into a stretch of hard luck. A well-placed ball put a man on first and second and the Odessa heaver singled a short outfield fly and filled the bags. After that it was all over, the Odessa lads just hit and run, and by the time the last put-out was made, the visitors had a nice long lead of three runs.

The locals tried hard to even up the score, but to no avail, and with two out and two on the sacks, "Mac" Lockwood went in as a pinch hitter and made a brilliant effort to drive in a run, but it resulted in a force-out at second.

The visitors' battery for the game was O'Neill, pitching, and Cairns, catching.

For Gibbard's, Fraser pitched and F. Bentley caught.

Both pitchers are to be congratulated on their wonderful pitching and it is hoped the next time the two rivals meet, it will be a different story.

LEAGUE STANDING

Following is the standing of Lennox-Addington Baseball League:—

	Won	Lost	To Play
Odessa	2	0	8
Gibbard's	1	1	8
Tamworth	1	1	8
Forest Mills	1	1	8
Maple Leafs	1	1	8
Tamworth	0	2	8

The games this week are:—
Wednesday, June 11th:
Gibbards' at Forest Mills
Saturday June 14th—
Tamworth at Odessa
The following week double header:
Maple Leafs at Odessa.
Wednesday, June 18th—
Adolphustown at Tamworth.

FREE SHOTS ON Local Sport

When a sprinter makes the time of 2:30 in a half-mile run you can make up your mind that he is no sprinter.

* * *

He is a middle distance runner.

* * *

Especially after copping both sprints and only going in the half-mile for the fun of it.

* * *

And that is what Harry Moore did at the District Interscholastic Meet at Kingston last Friday.

* * *

That time was the best made in Kingston for the same distance that day. If Harry would concentrate on this distance, he will doubtless go farther as a runner than he will in the sprints.

* * *

Because a man may have lots of natural speed but it takes speed plus stamina to make a good middle distance runner. And for that reason there are a great many less distance men than sprinters.

* * *

And according to past records, Harry has a good chance in this distance in Kingston next August.

* * *

Any expert will tell you that the half-mile the hardest race there is. In any distance up to this, you just run as hard as you can from the first crack of the gun. But in the half-mile, you have to run with your head as well as your feet.

* * *

The handful of fans who saw last Saturday's duel between O'Neil and Fraser, witnessed as tight a struggle between two pitchers as they will see in many a moon.

* * *

And it was not Doug's fault that the locals lost out, by any means.

* * *

Just an unlucky error, that anyone might have made, at the wrong time.

* * *

However, Odessa deserved their win in every way. They are a smart outfit and play nice ball and knew how to take advantage of a break when they got one.

* * *

You can bet your hat that the locals will be out to even it up at the return game.

WEDDING BELLS

FREEMAN—ROBLIN

Mildred Jean Roblin, daughter of Mr. and Mrs. James Francis Roblin, of Napanee, and Gustave Albert Freeman, of Belleville, youngest son of the late Mrs. Christine Freeman of Aurora, Ill., were quietly married in New York City on Thursday, June 5th. After a short honeymoon in the Eastern States, Mr. and Mrs. Freeman will return to Belleville. The former is General Manager of the local branch of the Stephens-Adamson Company. They will reside in the Graham apartments.

Ronald Colman in
"BULLDOG DRUMMOND"
Brilliant in its story, absorbing in its drama, hilarious in its comedy, it will thrill you, chill you, charm you and win you. Also good Comedy and other reels.

Regular Matinee Saturday at 2 p.m.

VOTE FOR
HEPBURN

This election is not being run on FREE TRADE or PROTECTION, but upon the right of a Government which has persistently opposed the Conservative policy to adopt it as a last and desperate attempt to remain in power.

PUT IN POWER A CONSERVATIVE GOVERNMENT WHICH HONESTLY BELIEVES IN A POLICY OF PROTECTING CANADIAN MARKETS.

ODESSA

Mr. and Mrs. Dean, Buffalo, are guests of the latter's grandfather, Mr. Fred Caton. Mrs. Dean is a daughter of Mr. and Mrs. Fred Montgomery, Buffalo, and formally a resident of this village.—Mr. and Mrs. Harry Jones and daughter, Willa, Kingston, called on relatives and friends Sunday evening.—Mrs. John Owens, who has been guest of Mr. and Mrs. James Denyes, left for her home in Port Huron last, Thursday.—Mr. and Mrs. B. L. King, Mr. A. M. King and Mr. and Mrs. W. F. Topliff spent Sunday guests of Mr. and Mrs. William Hinch, Camden East.—Mrs. Walter J. Pooks, and little son, Jackie, left last Saturday to visit her sister-in-law, Mrs. Clark and Mr. Clark, Rossie, N.Y.—Mrs. Bruce Smith has returned from visiting relatives in Toronto. — Mr. Ronald Smith, who has been spending some time with his grandparents, Mr. and Mrs. Champ Smith, has returned to Toronto.—Mr. Frederick Spreule and Mr. Charley Pethick, Toronto, spent the week end with the former's parents, Mr. and Mrs. S. J. Spreule.—Dr. and Mrs. Henry Murphy, Kingston, visited with friends last Saturday.—Mrs. L. DeFrie and Mrs. J. Detrix and Mrs. Comer, Buffalo, spent Monday guests of Miss Mary McIntap.—Miss Ethel Campbell was also a recent guest of Miss Millsap.—Mrs. J. Hagerman has returned from spending a few days in Kingston.—The Odessa baseball team were winners in their second league game, played in Napanee, last Saturday afternoon. The score was 3 to 1 in favor of Odessa. Our local brass band furnished the excellent music that was so much enjoyed at the Switzerville lawn social last Friday night. The popularity of the Odessa Band is very evident, as they have four engagements for future programmes.—Mrs. Elias Emmons passed away at the home of her son in Odessa Wednesday. Our local undertaker, Mr. William Jones, secured for the remains and the funeral is to take place from Mr. Calvin Emmon's Thursday afternoon.—Mr. Calvin Emmons is a son of the deceased.—Miss Dorcas Babcock passed away last Thursday morning at her grandmother's home Mrs. Charles Babcock, after a long and serious illness at the age of thirteen years. The funeral was held in the Free Methodist church Friday afternoon, Rev. Noland officiated and the remains were interred in Wilton Cemetary. The deceased was a general favorite with her schoolmates, and six of them were pallbearers. Neil Rogers, Gerald Emmons, Russel Snider, Louis Babcock, Kenneth Powley and Martin Smeathers. There were also six flower bearers, the Misses Hilda Montgomery, Mabel Babcock, Marian Emmons, Dorothy Smith, Mabel Cairns and Nina Rogers. There were many beautiful floral pieces, among them being a handsome broken wreath from the pupils in her class.

SELBY

We have been having some real warm weather for the past few days but it is somewhat cooler after the storm Monday.—There was a fine attendance at church on Sunday evening. Rev. A. J. Wilson, of St. Andrew's Church, Napanee, gave a very interesting address on his trip to the Orient. Rev. H. W. Foley took the services in Napanee.—The Sunday School purpose holding a picnic on Beaver Lake on the first of July.—A number from here attended the Sunday School Convention at Forest Mills on Friday evening.—Congratulations are extended Miss Hazel Martin and those of the pupils who were awarded the W. C. T. U. special and first prizes in the County Scientific Temperance Contest, held recently. Also to Master Gerald Wood, who won the first county prize in the Junior Boys' group, making 194 marks and a Bible and Proficiency certificate in the Scientific Temperance Contest.—Mr. and Mrs. E. C. Hoskirth and baby, Donald, Napanee, spent Mrs. H. F. Foley's Tuesday.—Mrs. Edna Mowers and children, Dorothy and Lee, spent the week end at Mr. Stewart Mowers, Napanee.—Mr. and Mrs. J. Pringle and daughters, Annie and Olive, South Napanee, spent Monday evening at his brother's Mr. Mark Pringle.—A number from here attended the ball game at Odessa on Saturday.—Mr. and Mrs. Jack McFarlane and Mr. and Mrs. Donland McFarlane, motored to Oshawa on Sunday and called on Mr. and Mrs. Frank Cook.—Mr. Fred Bradshaw, Napanee, spent Sunday with his brother, Mrs. H. Bradshaw.—Mrs. and Mrs. F. L. Amey attended the funeral of his uncle, Major Amey at Moscow.

HAWLEY

The Sunday School Convention held in Hawley Church last Tuesday was most successful. Dr. Watts, of Kingston, gave a wonderful address on "Transfiguration, and Mr. Houlding of Ottawa, also gave both interesting and instructive addresses—Mr. and Mrs. Fred Clement, Toledo, Ohio, and Mr. and Mrs. Jack McFarlane and Donald, Oshawa, were recent visitors at G. Creighton's.—A number from here attended the Gospel circus at Belleville, last week.—Teacher and scholars at the school are busy practising concert.—Mr. Stewart Smith and son, Mr. William Smith, and Miss Derbyshire, Toronto, were visitors in the neighborhood last week.—The regular meeting of the Ladies' Aid will be held at Mrs. George Creighton's on Thursday. Roll call to be answered by a prayer.— Mrs. Fred Creighton spent a few days last week with her sister, Mrs. Cigar in Napanee.—Mr. Ernest Wood, Mr. John Wood, Mrs. Wood and Milford Creighton were at Belleville last Sunday.—A number from here attended and Sam, spent Sunday at Sydenham, with Mr. and Mrs. Fred Grant.—Remember the Ice Cream and Strawberry Social on the Church lawn, on June 20th.

FOR CHAIRS, TABLES, AND

Bedroom Furniture, see the new enamel paint "Vitlac." It dries quickly with a glossy finish. See the new colors at Hooper's Drug Store.

BAY CIRCUIT

The Sunday School Convention which was held in the Bay Bay Church on Wednesday afternoon was a great success. The Church was comfortably filled in the evening, and the attendance session was well attended. Rev. Fred P. Anderson, of Newburg, Rev. Lloyd Houlding, of Ottawa and Rev. B. R. Harrison were the special speakers. The Township made an excellent showing with an average attendance of 75% with financial allocments, over-paid. The next convention will be held in Anderson's. See another page for list of officers.— Rev. B. R. Harrison and Mrs. Harrison who have been in Africa for three years, returned home last week. Mrs. Harrison is a daughter of Mr. and Mrs. Newton Parks. Mr. Harrison has been appointed to the Bathurst, Maberly Circuit, near Perth, and will take charge of the work there the first week in July.—Attention is drawn to the Ice Cream Social, which is being held at Mr. and Mrs. Peter Huyck's this Thursday evening, June 19th, at 8.00 p.m. under the auspices of the "Bay Bay Ladies' Aid.—The Bay Parsonage was the scene of a quiet wedding on Thursday, June 12th, when Janet Marie, daughter of Mr. and Mrs. Geo. Clancy, of Napanee, Ont., was united in marriage to Mr. William Ernest Robertson, son of Mr. and Mrs. Robert, South, of Roblin. The bridesmaid was Carrie E. South, sister of the groom, while Herbert Clancy acted as best man. They will reside at Roblin, Ontario.— The Anderson Ladies' Aid meet this Wednesday afternoon, June 18th, at the home of Mrs. S. Griffis. The Sand Hill Ladies' Aid are paying them an official visit. Everybody welcome. — The Women's Missionary Society of Bay East, held its monthly meeting at the home of Mrs. Arthur Dean. Mrs. Percy Furrs had charge of the programme. Readings were given by Mrs. Griffis, Mrs. Card, Mrs. Becker and Mrs. Parks. Mrs. Charles Mellow sang a solo. The Study Book was presented and at the close of the meeting, Mrs. Dean served refreshments. The next meeting is at Mrs. N. Pitchell's.—Regular meeting of the Young People's Social held by the Sand Hill Ladies' Aid in the Church on Friday, June 13th, was a splendid address on the mission study book "Pilgrim Music, readings and the Study Book were given by Mrs. Huffman served a cafeteria lunch which was both unique and satisfying. The July meeting will be held at the home of Mrs. J. Gould.—Mr. and Mrs. Card, Mr. L. Card and Mr. Mildred spent the week end visiting friends in Prince Edward County.— Congratulations to Mr. and Mrs. Carroll, of Sand Hill on the arrival of a baby boy, on Friday, June 13th.—It has been discovered that considerable damage has been done to Gleska Church roof by blasting, when the fence was moved back last summer. At the congregational meeting, held on Friday evening, it was decided to make application to the County Council for a grant to assist in repairing the roof. It was also decided to rebuild the kitchen at the back of the Church, the responsibility of which was left with our active Ladies' Aid.—The Coleman Lighting System, which has been installing in Hay Bay Church, was tested out on Wednesday at the Convention and was found to illuminate the Church perfectly. The thanks of the Church Board are extended to the club and committee that made this gift a possibility. — Entrance examinations are being held June 25, 26 and 27. Children are very busy preparing for this ordeal. — Our harvest is being completed at a very rapid rate. Contractors say that with a cold winter, it will be finished by the end of this month.

DORLAND

The cemetery in connection with the Dorland Church received much needed attention last week. A few keep their own plots in order, others have paid for the cleaning of theirs while many more are left in a neglected condition. The Ladies' Aid is making a strong effort to have the place kept in some degree of respectability.— The June examinations are being held at Institute, which was held at the home of Mrs. F. C. Bush, on Friday last.—Interesting Mrs. H. Gallagher provided some tempting salads in her demonstration. Arrangements were made to purchase material for a First Aid kit; and a layette, to be available for emergency cases.—Little Miss Frances Bird met with a painful accident on Wednesday last. She fell, frightening her so badly that her fracturing her leg just above the ankle.—Mr. Russel Lemmon and Miss Beryl, have returned after visiting relatives in Galt.— Miss B. Hawley and Mrs. M. Parks, returned out from Napanee and called on Mrs. W. J. Magee on Saturday evening.

ODESSA

On Monday, June 2nd, there passed to rest an old and respected citizen, at his home in Odessa, in the person of Mr. Anson Martin. The deceased had suffered from paralysis for the past five years but up until about two weeks before his death, Mr. Martin was born in Wilton in the year 1845 and his whole life was spent in this vicinity. Fifty years ago he married Miss Nancy Babcock, who predeceased him only a few years ago. Mr. Martin was a devoted member of his household and social relations were above question. The funeral was held in the Free Methodist Church, and also at the grave, by Rev. R. Burnham, assisted by his Pastor, Rev. N. H. Linstead. Interment took place in Wilton Cemetery. He leaves to mourn his loss a niece, Miss Nelle Martin, with whom he has resided during his long illness and one brother, Mr. Damon Martin, Wilton, and a large number of friends.

THE LATE W. G. WILSON

W. G. Wilson, of Napanee, passed away at his home on Bridge Street, on Tuesday evening, June 10th. Death was due to heart trouble from which he had been suffering since last fall, having had a series of attacks, each of which left him in a weaker condition and which finally proved fatal.

Mr. Wilson was born in Napanee on March 26th, 1861, being the son of George Wilson, merchant, and Harriet Ketcheson, and has lived a life long resident of the town. He received his primary education in the Napanee schools, and then studied law at Osgoode Hall, Toronto, and in the law office of Sir John A. Macdonald. He married Maud S. Conger, of Belleville, and Toronto, in 1886, and then started the practice of law in Napanee. He was a member of the law firm of Morden & Wilson, and later of Wilson & Wilson, and for the past 25 years has had his own law practice at Napanee. He was appointed Clerk and Solicitor of the County of Lennox and Addington in 1897, and served continuously in these offices for 38 years. During the war he was secretary of the local branch of the Canadian Patriotic Fund and secretary of the local branch of the Navy League of Canada. He was a member of Union Lodge No. 9 A.F. & A. M. and a member of the Church of England, attending St. Mary Magdalene Church. In politics he was a Conservative, and he had a wide experience and knowledge of municipal affairs and municipal law.

He is survived by a widow, who has been an invalid for many years and a sister, Miss Hattie Wilson, formerly a resident of Toronto for 25 years but who has just recently returned to Live Oak, Florida, and also by two children, S. Wilson, coal merchant, of Napanee, and Rogers Wilson of the Ontario Forestry Service at Oba, Northern Ontario.

A large gathering of townsfolk met in St. Mary Magdalene's Church on Thursday, to pay their last token of respect to the late W. G. Wilson. The service was born to its last resting place by four members of the legal profession, Crown Attorney, M. Bowerman, K. C., Sallie S. Herrington and K. S. Hart, and by two representatives of the County Council, Mr. W. J. Shannon, the treasurer, and Mr. T. V. Anderson, the County engineer. The service was conducted by the Rector, Rev. R. J. Donnelle, assisted by Rev. A. L. McTear, of Bath.

The members of Union Lodge, No. 9, A.F. & A.M. marched to the Church and accompanied the remains to the grave, where they completed their Masonic burial rites.

BETHEL

The weather continues very favorable and with frequent showers a bumper crop of grass is assured.—A large number from this neighborhood attended camp meeting at Yarker on last Sunday.—Mr. and Mrs. Earl Lee and Mr. Robert Galbraith arrived home on Sunday last from a few weeks' visit to his son, Howard, at Udney.—Mr. George Jackson spent the past week end at his home, he having a contract painting in Kingston for a couple weeks.—Mr. Dan Spencer, who was laid up for a couple of weeks in the house, owing to an accident, received while ploughing, is now out again and able to be out some.—Mr. William Jackson has installed a private telephone system from his residence to his summer resort, known as Killarney Beach. There will be a great influence to campers as well as the family during the season.—Mr. and Mrs. Ira Bird have been spending the past week with her daughter, Laura, in Toronto is expected home by the week end.—Mr. Nelson are still busy engaged at the home of Percy Galbraith.—Mr. and Mrs. D. Garrison Petworth spent Sunday with Mr. and Mrs. Perry Akenbrack.—Mr. and Mrs. William Jackson spent a day recently with the latter's father, Mr. John Simmons, in Camden East.—Mr. and Mrs. Clifford Lee are receiving calls on his cottages in Cedar Crest.—Mr. and Mrs. Earl Lee and son, Mr. Wilmer are holidaying at their parents, Mr. and Mrs. Holland's, Yarker, and spending a part of the week at Mr. Lee Holland's cottage at Cedar Crest Camp.—Mr. Will McWilliams shows some improvement from his recent stroke, he now being able to use his arm some.—Mrs. Dale Lee is resting about the same. Very little improvement and yet not any worse as can be noticed.

BICKNELL'S CORNERS

Several from around here attended Camp meeting at Yarker on Sunday.—Mrs. Ruby Simmons spent Thursday last at Napanee.—Mr. and Mrs. Clare Smith spent Sunday with her father, Mr. Ira Bibby, Simmons Corners.—Mr. Asbury and Mrs. F. Dunn spent Saturday evening with Mr. and Mrs. Thomas.—We have been having real warm weather these last few days, with a nice rain on Tuesday, which we all appreciate.—Mr. Herb Russell, of Belleville, and Mr. Irvin Russell, of Deseronto, spent the week end at Mr. P. Peters.—Miss Helen Amey spent a couple of days recently with her grandparents, Mr. and Mrs. T. Clancy.—Mr. and Mrs. O. Sutton spent Sunday afternoon at Mr. W. Dunn's.

NEWBURGH

Miss Marjorie Sutton, nurse in training at the Hotel Dieu, spent Wednesday at her home.

Mr. and Mrs. Morris Paul, of Detroit, visited his mother, Mrs. Henry Paul, one day last week.

Mr. J. M. Hoxsel, Miss C. Mosberry and Miss E. Glenn, of the High School staff, have gone to their respective homes for the holidays, Toronto, Windsor and Stella.

Mr. Ian Martin, of Toronto, attended Mrs. T. A. Dun woody's funeral on Wednesday, June 11th.

Mr. Jack Rogers is home from Detroit Mich., visiting his parents, Mr. and Mrs. G. Rogers.

Mr. and Mrs. Douglas Warren, of Kingston, with her mother, Mrs. K. Winter, for the week end.

Mr. and Mrs. W. R. Bruce, of Kingston, at her parents, Mr. and Mrs. J. M. Ramsay on Sunday.

Mr. and Mrs. A. Baldwin, Anderson, were recent guests at the parsonage.

Miss Leah Ramsay called on friends in the village Wednesday evening.

On Tuesday evening last, Mesdames Ramsay, Wartman and Anderson visited the W. C. T. U. in an open meeting at Enterprise and gave a report of the recent County Convention at Madoc. The ladies reported a good time and splendid enthusiasm in the Enterprise W. C. T. U.

The Ladies' Aid of the United Church held their monthly business meeting on Wednesday evening, June 11th, at the home of Mrs. John Wartman, Sr. 15 Members were present. President in the chair. After the devotional part, the Secretary read the minutes of the last meeting, which were approved. The Treasurer reported the money on hand. Then quilt blocks were distributed to sew. Discussion of business. It was decided to have a booth on Saturday nights on Mrs. De Huxtable's lawn, to sell hot dogs, candy and home cooking for the June July beginning and August Saturday evening, June 21st. After the closing of the meeting a dainty lunch was served by the hostess and helpers.

The regular months meeting of the Women's Institute was held on Thursday, June 26th, at 2.30 at the home of Mrs. J. Wartman, Sr.

Mr. and Mrs. J. Paul, Mr. Wartman and Mrs. Wagar, Rev. and Mrs. Anderson and Mrs. Leonard and Miss Woodcock attended the Camden East Sunday School Convention at Redrofle on Thursday last.

Miss Margaret Mitchel is presiding at Bath last week for the Public school for the lower school examinations.

Rev. Houlding, Ottawa, was a guest at the parsonage on Wednesday.

Miss E. Yeomans gave a good report of the Sunday School Convent on at Redrofle on Sunday afternoon.

Miss Maud Wagar, B. A., visited Sunday at home.

Congratulations to Mr. Douglas Anderson on having successfully completed his third year in the Ontario Medical Science Course, Toronto University.

Mr. James Cook, of Napanee, is relegate a presiding in Newburgh for the High School examinations the week.

Mr. Jas. Wartman is the guest of his mother, Mrs. Neally, at Deseronto.

The annual meeting of Newburgh Branch of the Typist Canada Bible Society will be held in the Public Library on Church on Friday evening, June 20th at 8:00 p.m. Rev. Grant will be the speaker. Everybody welcome.

Miss Muriel Peck, of Deseronto, was a guest at the parsonage on Wednesday.

Mr. Erwin Brown received the sad news on Sunday of the death, in Toronto, of Mr. Brown's brother, Colonial Hospital had passed away.

Mr. Arthur Mosberry has purchased the side repair business formerly operated by the late Jonny Fox. Mr. Mosberry has had 14 years experience in the shop making it unique and respectable to have two repair shops.

Several attended the circus at Belleville on Tuesday last and reported it fine.

Master Hugh Finlay, of Smithboro, is spending a few weeks with his aunt, Mrs. Wartman, Wartman.

Miss Mabel Wellands attended Major Amey's funeral, Moscow, on Saturday last.

Mr. John Wiseman and Marguerite spent the week end at Mr. Mr. Wesley Paul.

Mr. M. Clancy visited in Napanee a few days last week.

Mr. Vernon Simpkins is employed on the Dundas Estate for the summer.

Mr. William Sutton purchased a new De Soto car from Mr. J. M. Ramsay.

Mrs. W. J. Ramsay is at Harrowsmith and Sydenham for the week.

Mrs. and Mrs. Sydenham, of Norwood, called on Mr. and Mrs. James Wales on Sunday evening.

Mr. Eastman and granddaughter, returned home to Michigan last week.

YARKER SOUTH

Mrs. John Love and Clarence, of Colebrook, spent Monday last with her son, Chester.—Mr. and Mrs. Charlie Curl visited on Friday last at Baxter Reddick's at Mount Tabor.—Mr. and Mrs. Harold Huff spent Tuesday in Kingston with friends.—Mr. and Mrs. Elgin Stocker, Edgar, Ezra, of Bannington, called at Casson Davey's on Sunday.—Mr. William Calthorpe spent Thursday evening at Stan Huffman's.—Mr. Harrowsmith.—Mr. and Mrs. Rueben Garrison and daughter, of Centreville Curls one day last week.—Mr. G. C. Davey spent a few days this week in Watertown, N.Y.—Mr. and Mrs. Griffith spent an evening last week in Kingston.—Mr. and Mrs. Ernest Reid, of Redrofle, spent Sunday last with their aunt, Mrs. Martha Love.—Several from here attended the shower on Wednesday evening at Mr. Archie McLean's, Harrowsmith, in honor of Mr. and Mrs. Wesley McLean.—Miss Dorothy Dafoe, of Yarker spent a few days last week with her sister, Mrs. Chester Love.—Mr. William Smith, of Odessa, called through here on Monday, selling the Bawlegh products.—Miss Jean Griffith visited Merry Ann Babcock one day last week.

FLAVOR

You don't know how much flavor you can add to breakfast till you fill a bowl with crisp Kellogg's Corn Flakes, pour on milk or cream and add fruits or honey. One of the finest dishes you ever tasted!

Kellogg's
CORN FLAKES

More than 12,000,000 people daily demand Kellogg's Corn Flakes because of that famous Kellogg flavor!

Enjoy Kellogg's for lunch as well as breakfast. Just try a bowlful late at night!

Look for the red-and-green package at your grocer's. It brings you oven-fresh Kellogg's Corn Flakes in the patented inner sealed waxtite wrapper. Served by hotels, cafeterias — on diners. Made by Kellogg in London, Ontario.

The Seven Rules for Safe Driving

You must observe them and ALL other precautions all the time

1. Have your car in perfect mechanical condition—particularly BRAKES, STEERING GEAR and HEADLIGHTS.
2. GIVE YOUR UNDIVIDED ATTENTION TO YOUR DRIVING. In passing traffic, be sure there is a place for you in the traffic line ahead.
3. Never attempt to pass on curves or steep grades.
4. In entering main streets or highways, or in approaching a railway crossing where a full view of the track is obscured—STOP and LOOK.
5. When other vehicles try to pass you—LET THEM PASS.
6. When making a right turn, keep to the right of the highway; when making a left turn, keep to the centre.
7. Always SIGNAL before you slow down, stop, or change your course, and never BACK UP before ascertaining that the road behind is clear.

VEGETABLE NAMES

With an amazing variety of vegetable seed on the market the Dominion Seed Branch have published a list of the principal varieties of garden types approved for registration, showing the technical variety name for each as adopted by the Horticultural Committee of the Canadian Plant Breeders' Association. This list should prove particularly useful as a reference to those interested in the purchase of vegetable seed for use in Canada; these being indicated with a special mark.

STOP WOMEN'S ACHES & PAINS

Thousands of women are getting quick relief from those distressing periodic aches and pains by taking ZUTOO TABLETS. Harmless but effective, they bring immediate relief. Women who thus suffer, are suffering needless pain, for one or two of these harmless little tablets will certainly stop the pain.

FOR SALE EVERYWHERE 25c PER BOX

ZUTOO

EVERY CHURCH A SCHOOL

The Shriners will scarcely be gone when the Sunday School workers and young people come. Toronto will be the scene of the international convention of religious education on June 23 to 29. The Christian Youth Conference of North America will also meet in Toronto, June 27 th-29th. Both gatherings will be at the Canadian National Exhibition grounds, lately vacated by hosts of merrymakers and soon to be occupied by the 6,000 leaders of youth with the inspiring slogan "Every Church a School in Christian Living." Toronto's finest hospitality has been pledged these earnest and keen-minded students and teachers of religion and many notable speakers are coming to make the occasion of enduring significance. Canon C. E. Raven, of Liverpool, Dan Poling of New York, Dean Weigle of Yale, Prof. Soares of Chicago and the famous George A. Coe of Columbia University are to lead the thinking of thousands of registrants for the week of inspiring study and fellowship. Mindful of the Sunday School movement's background of devotion and sacrifice a statute of Robert Raikes will be unveiled as a permanent memorial in Queen's Park. His Excellency Viscount Willingdon, Governor-General of Canada, will take part in these events.

DO YOU VALUE YOUR HEALTH

If your health is poor; if you are pale, nervous and easily tired; if you suffer from headaches and backaches; if your digestion is bad you may depend upon it that these symptoms come from an impoverished state of the blood. That unless this condition is remedied a complete breakdown may follow. Dr. Williams Pink Pills are a perfect medicine for any one in this condition. They enrich and purify the blood and thus promote health and strength.

Mrs. G. M. Andrews, Halifax, N.S., writes — "I always keep Dr. Williams' Pink Pills in the home. When I was a young, anaemic girl they completely restored my health. After marriage my health broke down and once more these pills brought me back to health. My friends all tell me how well I look and for this Dr. Williams' Pink Pills deserve all credit."

You can get these pills at all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CLOSE ELECTION IS PREDICTED BY OTTAWA OBSERVERS

The calm before the political storm has ended and the storm will be on with ever-increasing force for the next six weeks.

Two-and-a-half million Canadians, it is estimated, have access to radio receivers in their homes and probably a minimum of half a million listened in on the trans-Canada hook-ups which broadcast Premier King and Mr. Bennett in their opening speeches of the campaign. The Bennett hook-up embraced twenty stations from Cape Breton to Vancouver and reports received in the capital show that he and the premier were heard in the most remote outposts of settlement.

Provincial broadcasting will be used throughout the campaign by both leaders while many candidacies will make use of local stations to reach the public. There will be few national tie-ups for they compel the speaker to make a completely different address for each occasion, a job which is not relished in the heat of the campaign in which a leader will travel probably 12,000 miles, meet thousands of people personally and be called on for from three or five speeches a-day.

Good progress is reported with nominations by all parties, though co-operation between the Government and independent members to eliminate three-cornered contests is not as simple a matter as it was in 1926. This year some of the most severe criticism of the budget was voiced by the independents and there is no guarantee that they will support Mr. King in the event of a close result.

Some indication that Mr. King anticipates such a result was embodied in his closing statement to parliament in which he stressed such a possibility. In fact all loose observers at the capital appear to be agreed that the outcome will be close and that the side it will swing to will be largely determined by conditions throughout Canada between now and polling day.

ODESSA W. I.

The annual meeting of Odessa W. I. was held in the Library, on May 7th, with a fair attendance. After the singing, prayer and reading of the minutes, the roll call was answered by the paying of fees. Some letters of appreciation for services rendered were read. A humorous reading "The Annual Meeting," by Nina Moore Jamieson, was given by Mrs. Nelson Smith, after which our District President, Mrs. Fred Hamm, took the chair for the election of officers, which resulted as follows: President, Mrs. Stanley Sproule; 1st Vice-President, Miss Lillian Aylsworth; 2nd Vice-President, Mrs. J. B. Smith; Secretary-Treasurer, Miss Willanna Clark; Directors, Mrs. Roy Somerville, Mrs. Bruce Smith, Mrs. Courtland Snyder; Press Reporter, Mrs. Clarke W. Boyce; District Director, Mrs. Roy Somerville; Representatives to District Annual, Mrs. J. D. Sproule; Miss Willanna Clark, Mrs. Nelson Smith, Mrs. J. B. Smith, Mrs. Joseph D. Snyder; Current Events, Miss Lillian Aylsworth; Chairman Relief Committee, Mrs. Nelson Smith; Convenor Flower Committee, Mrs. J. B. Smith with Mrs. S. D. Sproule, Mrs. C. W. Boyce, Mrs. James L. Clarke, Miss Lillian Aylsworth, Mrs. James D. Snyder as members.

The National Anthem was sung and dainty refreshments, consisting of ice cream and cake were served by the hostess, Miss Willanna Clark.

A special meeting was held in the Library on the afternoon of May 21st, when a goodly number of members welcomed our government speaker, Mrs. Charles Macoun, of Campbellford.

The president opened the meeting in the usual manner. The roll call was answered by "Quotations from Aunt Het," or "My Pet Superstition," and many were the laughs at the witty responses. All joined heartily in community singing. The minutes of the previous meeting were read and approved. Mrs. William Jones read "Two Brothers," in which there was a lesson —the wise spending of money always bears good fruit. The president called on Mrs. Macoun to address us on "Woman's Responsibilities to Herself, her Family and the Community." Before proceeding with her subject, she mentioned several things in which the Institute could help in the community, viz.—weed control, the beautification of rural roads other than the highways, and to whom to report in cases of dissatisfaction. She dealt with her subject in a very thorough and capable manner, "Woman is a Help-Mate to Man." If she does not use her mentality she loses the use of it. She sets her high ideal of man and must help him keep up to it. She should grow like a plant—quit proper feeding of it and it will die. There are many ways in which this can be worked out— Let our homes be such that we can care for them without being constantly worn out with their care, so that we shall have time to improve our minds. Stand behind the young people's societies and we will not have cause to worry over our families. Keep up with the times and your family will respect and love you more—etc. She closed her speech with a quotation on the Hand Book which was quite well handled by the members.

Miss Leatherland invited all who could to attend an evening meeting of the Home and Social Circle on the evening of June 10th, in the school. Mrs. Nelson Smith moved a vote of thanks to the speaker, which was seconded by Mrs. Bruce Smith, and heartily approved by everyone. Dainty refreshments were served by the members and the National Anthem closed the meeting.

The June meeting was held in the Library on the fourth instant, but owing to several causes, the attendance was rather small. After the opening by the president in her customary manner, the roll call "If You Could Have Just one new convenience what would it be?" The answers were varied, but all were practical. The minutes were read and approved and two letters of appreciation were read, viz.—one for flowers sent and one for sympathy. Several items of business were discussed and arrangements made for their working out. Mrs. Clarke Boyce read a paper on "The Present Budget and its application to the Farmer." It gave an insight into the parliamentary workings about which perhaps many of us do not think. Miss Willanna Clark gave a demonstration on the Ironing and Folding of a Man's Shirt. This was discussed by the members and may new ideas gleaned.

Mrs. Clarke W. Boyce was the hostess to a dainty lunch after which the meeting closed in the usual way.

ENTERPRISE W. M. S.

The Woman's Missionary Society met at the home of Mrs. Mellow, Wednesday, June 11th. Miss Charlie Jackson presided. There were nine members present. After the devotional exercises, a discussion followed on "How to increase our funds." A resolution was carried that we have a quilting on June 24th and serve a fifteen cent lunch.

Mrs. Vannest gave an interesting talk on "Temperance," emphasizing the need of education along that line. By special request, Mrs. Harry Jackson and Mrs. Mellow sang very sweetly, "Was it You."

Our next meeting will be at the home of Mrs. Harry Jackson.

MORVEN W. M. S.

The regular monthly meeting of the Women's Missionary Society was held in the Brick Church, on Wednesday, June 11th. On account of so much sickness, the attendance was not as large as usual. Opening hymn and prayer by the president. A letter was read from Mrs. Hamm. Hymn 366. Scripture lesson led by Norma Preiss; prayer by Mrs. F. Lake. Splendid reading by Mrs. Seymour, Christian Stewardship. Mrs. F. Lake; African, Mrs. C. Sharp; Japan, Mrs. Lund. A very interesting talk on "Temperance" by Mrs. Seymour, Sr. Closing solo by Mrs. Seymour, "Breathe on Me Breath of God."

Light refreshments were served at the close of the meeting.

ERNESTTOWN W. I.

A double event recently took place at the home of Mrs. Harry Mott, the president of the Ernestown Women's Institute. First, a euchre drive was staged in her spacious rooms. All were experts and the party was keen and spirited bursts of merriment testified to the enjoyment of the battle of wits. Nor were any opportunities of lone hands lost. Mrs. Harold Kilgannon had the distinction of winning the ladies' prize and Mr. Clarence Thompsen, the gentleman's. Mrs. Kensal Priest was awarded the consolation prize. After full justice was done to a liberal lunch, Mrs. Claude Thompson read a short address to Mrs. Fred Hamm, our district president and lately retired president of this branch, expressing the members appreciation of her indefatigable efforts in making the Ernestown Women's Institute such a complete success and Mrs. J. Chaplin presented her with a travelling clock (broken of the members' esteem, which, it was hoped, would prove an indispensable travelling companion on her coming lecture tour. Mrs. Hamm expressed her delight and surprise in a brief speech. Accompanied by Mr. Harry Mott at the piano, the members and friends gave a hearty rendering of "For She's a Jolly Good Fellow" followed by cheers for Mrs. Hamm and also for Mr. and Mrs. Harry Mott for making possible such a delightful evening and the meeting closed with the National Anthem.

Mrs. Fred Hamm will be lecturing for two weeks in North Renfrew, in connection with the summer series of the Women's Institute.

Miller's Worm Powders will drive worms from the system without injury to the child. The powders are so easy to take that the most delicate stomach can assimilate them and welcomes them as speedy easers of pain, because they promptly remove the worms that cause the pain, and thus the suffering of the child is relieved. With so sterling a remedy at hand no child should suffer an hour from worms.

ROADSIDE MARKETS

With the advent of the tourist season the roadside market provides a special opportunity for the enterprising farmer. The Dominion Livestock Branch finds that this method of selling is rapidly growing in importance. Many tourists require to be fed, and they, with people driving out from cities and towns, appreciate opportunities to buy farm products from the orchard, field, pen or dairy. "Quality" should be the key note of this new and important market, and it will be found to be the most effective medium for the development of sales.

"CANADA'S LARGEST SHOE RETAILERS"

SAVES YOU MONEY

Have You Heard These?

"Are you John A. Van Dorky?" asked the young man beside the cloak rack.

"No," was the surprised reply.

"Well, I am," came the frosty rejoinder, "and that is his slicker you are putting on."

"I wish you would sell that dog. Yesterday my daughter had to stop her singing lesson because your dog was whining all the time."
Neighbour: "I'm sorry, but your daughter began it."

Customer to Drug Clerk: I want some powder.
Smart Clerk: The kind that goes off with a bang?
Customer: No, the kind that goes on with a puff.

"Do you give a guarantee with this hair-restorer?"
"Guarantee? Why, we give a comb."

Householder: (In pyjamas): By jove! A real burglar! I say, just wait a minute will you?
Burglar: While you call a copper, eh? I don't think!
Householder: No, only while I call my wife. She's heard you every night for twenty years, and it'll be a real pleasure to her to see you at last.

"What time does the next train come in?" asked Edward, aged six, of the old station agent.
"Why, you little rascal, I've told you five times before that it comes in at 4.44."
"I know it," replied Edward, "but I like to see your whiskers wiggle when you say '4.44'."

Another nice thing about a radio sermon is that people don't turn and stare at you when the preacher denounces your pet sin.

A candidate for election, addressing his constituency, was surprised by a voice, which, calling from the back of the hall, said:
"Well, I don't care wot yer says, guv-nor. I wouldn't vote for you if you was the angel Gabriel."
Quick as lightning came the reply:
"If I were the angel Gabriel, you wouldn't be in my constituency."

Policeman, (to motorist who nearly collided): Don't you know you should always give half the road to a woman driver?
Motorist: I always do, when I find out which half of the road she wants.

Weary Willie who was one of a job at usual, rapped timidly at Mrs. Murphy's kitchen door. The lady, angry at being interrupted at her washing, flung open the door and glowered at him.
"Did uoy wish to see me?" she bellowed.
Wear Willie backed down the steps and said meekly. "Well, if I did, I got my wish, thank you."

We are informed that nothing can stop a chap with push and pull. Having lost next door to a trombone player for some time, we shout our assent from the mountain tops.—Union Postal Clerk.

Try the Ouija Board.—To the deceased we extend sincere sympathy. —Charlottetown Guardian.

Motor Salesman (eagerly after a blank day): "anything you would like to know, sir."
Very Keen Gardener: "Do tell me what sort of top dressing you give your plants."

Composer: How much do you think I ought to get for this song.
Critic: (without hesitation): Six months.

Fair visitor: But where do you bathe?
Co-Ed: In the spring.
Visitor: I didn't say when, I said where.—The Goblin.

"Success has killed more people than bullets.

"It's the little things in life that tell," said Miss Felicia Pewclothes, as she yanked her kid brother from under the sofa.

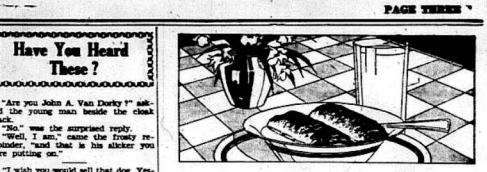
Orator: I am speaking for the benefit of posterity.
Listener: Well, if you don't hurry up and finish they'll be here, too.

Patient (to nerve specialist): And is your treatment completely successful?
Nerve Specialist: Absolutely. Only last week one of my patients tried to borrow a fiver from me!

"I heard that Bobby Peterkin's wife is mean."
"Mean! Why, man, she uses barbed wire for a clothes line, so the birds can't sit down."

For the tenth time that day the little man had boarded the bus, dumped his huge parcel near the stairs, and seated himself inside the vehicle.
"Look here," said the bus conductor, as the man placed his bundle down, "how many times are you going to litter the bus with your parcels?"
"Only twice more," returned the other, "and then I'll be finished."
"I suppose one of them isn't a 'armonium?" asked the conductor sarcastically.
"Why, yes, mate. 'Ow did you guess?" returned the little man. "There's only the harmonium and the mangle, and then we've moved."

Wife: Do you think of me all the time?
Husband: Not at street crossings, darling.



YOU WANT JUST A LIGHT BREAKFAST

You want just a light breakfast "so you can do some real work"—and then you yield to the allurements of heavy foods until you are loaded down for the day, unable to do any clear thinking or planning. A breakfast of Shredded Wheat and milk is even more flavory and will give mental pep and physical alertness. It's ready-cooked and ready-to-eat—delicious for any meal.

BROADCAST UNVEILING OF NEW WOLFE STATUE

Thousands of Canadians were better able to visualize the unveiling of the statute in Greenwich Park of General Wolfe, hero of Quebec, on June 5th, when a radio broadcast of the proceedings took place. Marquis de Montcalm unveiled the monument.

In the villages of Quebec and the lonely farmhouses on the Western prairies, thousands of Canadians were able to hear the picturesque and romantic ceremony which took place on the banks of the Thames, where Wolfe was trained as a soldier. It was the occasion of one of the greatest gatherings ever organized by Canadians in England. Representatives of the families of General Wolfe and of Montcalm, were present, in addition to the French Ambassador, members of the British Government and delegates to the Imperial Press Conference. The Canadian Club dinner at night, at which the Duke of Connaught was present, and at which Sir Campbell Stuart presided was the largest ever held by the club.

WHY SUFFER FROM YOUR LIVER?

Why be handicapped with unsightly blotches on the face, eyes with yellow tinge and that tired and languid feeling? This indicates a torpid liver.

Headache, Dizziness and Biliousness surely follow. You must stimulate your lazy liver, start the bile flowing with Carter's Little Liver Pills.

They also act as a mild laxative, purely vegetable, free from calomel and poisonous drugs, small, easy to swallow, and not habit forming. They are not a purgative that cramps or pains, unpleasant after effect follows-ing, on the contrary a good tonic. All Druggists 25c and 75c red pkgs.

Barber's Itch and Ringworm are relieved by the use of Douglas' Egyptian Liniment; quick, certain results. Relieves the most obstinate cases.

and the way it is carried out gets its
grip on you.

After a short description of the different islands in the leeward and windward group I'll write as follows from St. Lucia and Trinidad.

St. Lucia

To me St. Lucia stands out as the most beautiful gem of all and this is saying a good deal. Charles Kingsley wrote: "Among all these Islands, St. Lucia is, I think, the most beautiful—what a land, and what a climate; and all lying well nigh as it has been since the making of the world waiting for man to come and take possession." It is not with St. Lucia's past history I want to deal, although this is interesting because here Rodney watched the French fleet, seized the heights and defeated De Grai and saved the Empire Seven times this Island was held by the English and seven times by the French, and for 150 years it was the scene of the most deadly strife. I still never forget the drive to the Eleventh mile post over the mountains which rise to a height of 1,200 feet, through tropical vegetation, the cabbage palms, the cocoanut palms, royal palms, ferns, through cane fields—cocoa and banana plantations—looking at one moment at deep gorges, luxurious vegetation, and then getting a glimpse of the sea in the distance. At Castries, the town that day, it was hot but driving along this mountain it reminded me of a Canadian September day. I was told that the difference in temperature was 10 degrees.

Trinidad

Trinidad is the most important colony on the route and has a population of 362,0000, and its Capital Port of Spain, is a most important city, having a population of 62,000. Here are tram cars, splendid and well stocked stores, the very best residential sections and those living here enjoy all the way it is carried out gets its grip on you.

After a short description of the different islands in the leeward and windward group I'll write as follows from St. Lucia and Trinidad.

St. Lucia

To me St. Lucia stands out as the most beautiful gem of all and this is saying a good deal. Charles Kingsley wrote: "Among all these Islands, St. Lucia is, I think, the most beautiful—what a land, and what a climate; and all lying well nigh as it has been since the making of the world waiting for man to come and take possession." NEWS AND INFORMATION FOR THE BUSY FARMER

Teaching Agriculture

Interest is being evinced by educational authorities in many parts of Ontario in the Vocational Agricultural School at Ridgetown in Kent County, an institution unique among the schools of Ontario. Established four years ago by the Ontario Government, in co-operation with local school authorities, it has become increasingly popular, with the rural youth of Kent, having an enrolment of 73 pupils during the past term. Operated in conjunction with the Ridgetown High School, the students receive a thorough academic training and in addition a complete course in such practical subjects as farm mechanics, wood-working, agricultural engineering and motor mechanics, and instruction in livestock judging, field crops and horticulture. Biology and chemistry are two important subjects on the curriculum. At the end of a four-year course, graduates are entitled to enter O. A. C. A second building has just been completed at Ridgetown to take care of the increased attendance. It is not unnaturally anticipated that this school will have counterparts in other sections of Ontario before many years particularly since the Government pays half of the cost of building and half the tuition costs. The most impressive feature about the Ridgetown institution is the keen interest exhibited by the students in their work. This is inevitable when they are engaged in studies which bring out their own special talents. Many farmers in the district declare that the school has been a wonderful thing for their boys.

TOWN COUNCIL

Monday, June 16, 1930.

Town Council met in regular session, with Mayor Simpson in the chair and Reeve Tustin and Councillors Paul, Wiseman, Loucks, Daly, Kimmerly and Fitzpatrick present.

The minutes of the last regular session were read and confirmed.

Communications

A letter from the Humane Society was read in regard to the holding of a Tag Day and Pets' Parade on July 1st. Moved by Reeve Tustin, seconded by Councillor Fitzpatrick that the Society be granted their request. Carried.

Councillor Kimmerly reported on the condition of the roof on the Disposal Plant, and recommended that the caretaker be authorized to repair the same. Moved by Councillor Kimmerly and seconded by Reeve Tustin that it be left in the hands of the Town Property Committee with power to act. Carried.

Moved by Reeve Tustin, seconded by Councillor Daly that the V. O. N. request to hold a Tag Day during Fair week, be granted. Carried.

Moved by Councillor Daly, seconded by Councillor Fitzpatrick, that the matter of procuring funds for the Institute for the Blind be left in the hands of the Social Welfare Committee to report. Carried.

Moved by Councillor Paul, seconded by Councillor Fitzpatrick, that the matter of "U" turns on Main Street, be left in the hands of the Police Committee, to report. Carried.

Dr. Willoughby appeared before the Council in regard to the removal of garbage.

Moved by Councillor Daly, and seconded by Councillor Loucks, that the matter be left in the hands of the Social Welfare, to give immediate attention to. Carried.

Mr. Ross appeared before the Council in regard to the beautifying of the parks and the entrances of the town. Mr. Ross gave a few descriptions of the work his firm has handled as. Councillor Wiseman, seconded by Councillor Loucks, that the Parks Committee get in touch with Mr. Ross at a later date and go into the matter of work to be done and its cost. Carried.

WEDDING BELLS

DOUGLAS — SWITZER

A very quiet though interesting wedding took place on Saturday, June 14th, when Marie Coral Quinn, daughter of the late James N. Switzer and Mrs. Switzer, of Havelock Avenue, Brockville, was united in marriage to Robert Douglas, M.A., ... erly of Edinburgh, Scotland, and ... of Ottawa. The bride was unattended.

The ceremony was performed by the Rev. J. E. Munro, D.D., at Old St. Andrew's Memorial Hall, Toronto.

Mr. Douglas is Secretary of the Geographic Board of Canada in the Geographic Service at Ottawa, and the bride has been Secretary to him for the past twelve years.

The bride wore a pretty gown in light oak ground blending into the pastel shades, with french model hat and shoes on the same tone.

Mr. and Mrs. Douglas left immediately after their marriage for a tour through Washington, New York and Atlantic City, and on their return to Ottawa they will reside at Britannia Heights.

WEDDING BELLS

The following notice from the New York Times will be of interest to the many friends in Napanee and vicinity of Dr. Harold Ward, a former Napanee boy:

WARD—ALEXANDER

Invitations have been issued for the marriage of Miss Sally Ward, daughter of Dr. and Mrs. G. Harold Ward of Englewood, N.J., to Walter Alexander of Tenafly, N.J., on June 26, at 4:30 p.m. in the Church of the Ascension, Tenafly. A reception at the home of Mr. and Mrs. Ward will follow the ceremony.—New York Times.

Bathing Caps in latest styles at Hooper's Drug Store. 25

SHOREY — At Fordwich, on Sunday, June 15th, 1930, George Shorey, age 76 years.

McCLELLAN—At Napanee on Tuesday, June 17th, 1930, Margarett Isabell McClellan. Funeral, Thursday after noon at 2:30 o'clock.

IN MEMORIAM

In loving memory of Alexander Crozier, who departed this life, June 20th, 1929.

Sadly missed by Wife and Family. 25ap

IN MEMORIAM

In loving memory of our Dear Father John Storr, who departed this life on June 16th, 1921.

Father's name is dear to memory.
'Tis graven on our hearts.
We miss his dear, familiar form,
We miss his smiling face;
There is no one in all the world
Can fill our father's place.
We think of him in silence,
And his name we oft recall;
But there is nothing left to answer,
But his picture on the wall.
Ever remembered by his daughters.

LENNOX AND ADDINGTON COUNTY CONVENTIONS

Ontario Religious Education Council —Religious Education Week

South Fredericksburgh and Adolphustown.

The South Fredericksburgh and Adolphustown Convention was held in Hawley Church on Tuesday, June 10th, at 10:00 a.m. and 2:00 p.m. In spite of the inclement weather, there was a good attendance. The President, Mr. F. Vannest, of Hawley, conducted the meetings, both morning and afternoon. The devotional periods were in charge of Rev. J. P. Plant and Rev. S. F. Dixon. The musical numbers were given by Rev. J. Plant, Mr. F. Vannest and Mr. John Craven and Master Sam Anselstine. The special speakers were the Provincial Representative, Rev. Lloyd Houlding and Rev. Dr. Watts, of Pittsburg. The officers for the year 1930-1931 are:— President, Mr. L. McLean, Sillsville; Vice-President, Mr. F. Vannest, Hawley; Secretary-Treasurer, Mrs. A. C. Davis, Adolphustown; Boys' Work Department, Mr. L. Mellow, Conway; Young People's Department, Miss M. Young, Sillsville; Adult Department Thomas Smith, Conway; Home Religion Department, Miss L. Carr, Hawley; Teacher Training Department, Rev. Mr. Beckley, Adolphustown; Missionary Department, Miss A. Magee, Sillsville; Temperance Superintendent, Mrs. Robert Merritt, Sillsville.

Next Convention will be held at Adolphustown.

ST. ANDREW'S JUNE MISSIONARY SERVICE

On Friday afternoon, June 13th, a specially arranged service was conducted by the President, Mrs. A. C. Shoemaker. Many friends from the other town churches were present to hear the very inspiring address given by Mrs. Lavelle, of Kingston, a member of the Dominion Missionary Board. Very skilfully, she handled the very appropriate theme: "Adventures in Faith."

After an appropriate solo by Mrs. M. Eppiett, a Life Membership and Pin were presented by Mrs. Gilbride, to Mrs. Charles Wilson, and as a gift from St. Andrew's Society, a life membership was presented to Mrs. Alex. MacGregor, in appreciation of her services in the general church work and missionary activities. Mrs. MacGregor expressed her appreciation of the splendid gift.

The Society much regrets the loss in the near future of two of its valued members, Mrs. J. Y. Henderson and Mrs. A. C. Shoemaker. Mrs. James Thompson presented both ladies with gifts of silver, as a slight token of appreciation.

A social half hour with delightful refreshments was thoroughly enjoyed by the members and their friends.

A ROSE TEA

A very successful "Rose Tea" was held in Trinity Sunday School on Friday afternoon, June 6th, under the direction of the "Ready Helpers" Class of Trinity Church.

The platform was prettily decorated with ferns, baskets of Spiraea, snowballs and rose-coloured geraniums. The guests assembled about five nicely arranged tables, decorated with rose paper, rose covered sandwich trays and favours with a centre basket of spiraea and bleeding heart.

The following splendid programme was much enjoyed and heartily applauded:— An instrumental duet by Mrs. Madden and Miss Baughn, a solo by Mrs. Pawson; readings by Mrs. Powell, solos by Mrs. Vaulkman and Mrs. Kimmerly and a piano solo by Miss Almonbrack.

After an expression of appreciation by Mr. Pawson, on behalf of the Ready Helpers, to those assisting on the programme, tea was served from the different tables. Dainty cakes and sandwiches were kindly donated by members of the Ladies' Aid.

The results were very gratifying to the members of the Ready Helpers' Class.

OBITUARY

MRS. CHAS. E. JOHNSTON

Anna J. Chambers, wife of Charles E. Johnston, of Welland County, died at her residence, Wainfleet, May 31st, 1930. Deceased was born in North Fredericksburgh, Lennox County, eldest daughter of the late W. J. and Margaret Chambers. When a girl, she moved to Bath, married Charles E. Johnston in 1898, moved to Welland County in 1910, surviving are her husband, four sisters and a brother. Miss Lizzie Chambers, Mrs. William Cumming, Mr. George H. Chambers, Mrs. Alice Chambers, Welland, and Mrs. William Shane, Morven.

The funeral service was conducted by her pastor, Rev. Mr. Cranston, Presbyterian, Welland, assisted by Rev. Mr. Wright, Baptist, Wainfleet; at her late residence and interment took place in Fonthill Cemetry. Mrs. Johnson will be missed by a very large circle of friends.

Floral offerings: Spray, Husband; broken circle, Sisters and Brother; spray Mr. and Mrs. Wilfred Shepard; Niagara Falls; spray, Mr. and Mrs. Elwood Mott and George Johnston, Gil Springs; spray, Mr. and Mrs. Herman, Welland; basket, Mr. and Mrs. Martel, Wainfleet; spray, Mr. and Mrs. Charles Johnston, Croton; spray, Mr. and Mrs. Robert and John Chambers, Pelham; sheaf, Mr. and Mrs. Joseph Piddler, Wainfleet; spray, Mr. and Mrs. George Cardel, Toronto; basket, Mr. and Mrs. Thomas G. McWain, Deseronto.

EXCLUSIVE CHURCH DECORATING

C. B. SCANTLEBURY, OF BELLEVILLE

Has been Decorating Churches throughout Canada for forty years. During that period he has decorated over three hundred churches, many for the Clergy and Laity.

Our Church Decorating is above proper superior and no church is too large, none too far away. Our church decorating experience is greater than any other Canadian firm while our prices for superior work and better decorative schemes are no greater than that charged by those who do not understand.

Church Decorating cannot be properly executed by local painters. Correct Church and Cathedral decorating must be studied carefully, and due consideration given to the architecture of the auditorium and building, then properly executed.

Drop a card to Our Firm, requesting an interview. Our Designer will meet your committee, advise and submit designs and costs; all without cost or obligation to you.

"IT COSTS LESS TO HAVE THE BEST"

Canadian Gardening Service

Controlling Pests

Many a beautiful flower garden and a highly satisfactory stand for vegetables has been partially or totally destroyed by attacks of insect and fungus pests which might easily have been controlled. Roughly speaking, the insect enemies are divided into two groups—those that eat holes in the foliage and those that suck out the juices. For the first-named, poison is usually applied, while the suckers are attacked with a burning spray which penetrates their hides. Often when both are present a combination of poison and something that burns, such as lime sulphur and arsenate gives the best results. The damage from the biting insects is usually quite apparent, but the presence of the other kind is only shown at first by a wilting or withering of the foliage.

Fungus

When fungus attacks the plants, the foliage usually turns yellow or brown, or white spots like mildew cover the leaves. On a closer examination, on under side of the leaves will show tiny spores. Fungus attacks are usually most common in warm, murky weather. Spraying with Bordeaux Mixture, or dusting with specially finely ground sulphur is advised. Sulphur dust will also protect bollyhocks and phlox from rust, if applied when the disease first shows itself. An ordinary tin can with the top perforated like a salt shaker makes a good duster. For flowers, it is well to add a dry poison such as arsenate of lead, or tobacco dust to the sulphur, so that insects will also be controlled.

Sucking Pests

For sucking pests, chief of which are the aphids or plant lice, spray with whale-oil soap, a quarter pound of soap to a gallon and a half of water; nicotine sulphate, or "Black Leaf 40," or any other repellent secured from a reliable seed store. Cold water from a fine nozzle, under high pressure, will sometimes wash off the pests.

Eating Insects

For eating insects, one may spray with paris green, arsenate of lead, hellebore, or some of the many patent poisonous preparations. Paris green is usually applied at the rate of one ounce dissolved in ten gallons of water. It is well to add a couple of ounces of freshly slacked lime to make the mixture stick and to prevent burning of the foliage. Arsenate of lead in powdered form is applied at the rate of one ounce to a full gallon of water. With hellebore, make sure that a fresh supply is secured, as it rapidly weakens when exposed to the air, and apply at the rate of one ounce to a gallon of warm water or it may be dusted over the plants while moisture. Cut worms, which eat through the stems of plants close to the surface and whose presence are indicated by the plants toppling over, require special treatment. These grubs are about three-quarters of an inch long, grey in color and about one-third of an inch in diameter. Cultivate thoroughly and scrub a little poisoned bran around the plants. Mix one quart of bran with one teaspoonful of paris green and one tablespoon of molasses with enough water to moisten. In large quantities, cut worms will be seen in plantations of turnips, mangels and market gardens. In small gardens where particularly valuable plants have been used, paper collars should be placed around the stem and sunk into the soil to a depth of about half an inch and will ward off attack.

Not To Late To Start

If for some reason or other the seeds in your garden did not germinate well, it is not too late to put in many vegetables and flowers. While the season is rather well advanced now, most vegetables and cauliflower will all give good results if put in well prepared soil. While here are some vegetables which it is advisable to hasten germination by soaking the seed a few hours before planting and frequent cultivation and an application of some quick available fertilizer are also advocated. Unless the season is very late, it is remarkable the results that can be secured even when the vegetables are put seven much before the end of July. In the flower garden such hardy annuals as calendula, secured from any seedsman or florist, if possible in these days, route this month, and although a brilliant show from August on can be secured from Zinnias, marigolds, cosmos, nasturtiums, and similar flowers from seed now sown.

BACKWARD BABIES

Thrive After Use of Baby's Own Tablets

Derangements of the digestive organs are responsible for most of the ailments which afflict young children and keep them backward in development. Baby's Own Tablets regulate the stomach and bowels restoring them to normal action and this is all that is necessary to set the little sufferer safely on the road to health and happiness.

Baby's Own Tablets are specially designed to correct indigestion, constipation and colic; break up colds and simple fevers to allay teething pains. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PENSIONS COSTLY

The Dominion Government has contributed a total of $3,771,549.68 to the provinces in aid of old age pensions, up to the end of the last fiscal year. The disbursements to the 42,853 pensioners throughout Canada amounted to $7,542,579.12.

The Proven Asthma Remedy.— Since asthma existed there has been no lack of much heralded remedies, but they have proved short lived and worthless. The ever-growing reputation of Dr. J. D. Kellogg's Asthma Remedy has given it a place in the field of medicine which other can approach. It has never been pushed by sensational methods but has simply gone on effecting relief and making new converts.

BRINGING BACK THE REINDEER

The Canadian Government this spring purchased a herd of 3,000 reindeer, guaranteed to be the largest and most virile animals it is possible to obtain, from agents in Nome, Alaska, for transportation into Canada, in an attempt to make use of a vast area of unoccupied territory which is almost impossible of human settlement in the near future. The experiment has as its ultimate object the natural increase of the available meat supply.

Herders are now driving the reindeer over a route selected by A. E. Pernsid, who will take charge of the animals on their arrival at the MacKenzie delta. Mr. Pernsid reports that there is land available in that region sufficient to support 250,000 head.

Marvellous For Healing

Ulcers & Bad Legs

BONDING OF LAWYERS

The proposal that lawyers should be bonded, as a safeguard of clients' funds, has met with general approval in the Ontario press. Public opinion has been aroused by the frequency with which clients have been defrauded by those whom they have trustedas their legal advisers. Among members of the profession, however, their are some who are inclined to be impatient with the suggestion. They assert that to require lawyers to be bonded would be to reflect upon the legal profession, and that if lawyers are to be bonded, brokers and everyone else occupy a position of trust should also be bonded.

Lawyers may rest assured that the suggestion is no reflection upon the honesty of the profession, but it is a reflection of the desire of clients to be assured of the safety of their funds. Under the Bankruptcy Act, custodians and trustees must furnish security before they enter upon their duties and it is not on file that any custodian or trustee has ever felt that it is a reflection upon his calling. Officers of the Supreme Court are compelled to give security when required by the Lieutenant-Governor-in-Council.

Moreover, lawyers occupy a position entirely different from that of brokers or anyone else in a position of trust. As officers of the courts they are accorded a confidence not bestowed so freely on men of other callings. For legal advice, often involving financial transactions, the public are compelled to consult members of the legal profession.

The statutes place upon the Law Society the responsibility for admitting members to legal practice and the duty of disciplining those who depart from the ethic of the profession. The statute might well provide also that the Law Society should take steps to protect society against loss through the misdeeds of that small percentage who go wrong.

This might easily be done in a form of insurance. A very small annual fee imposed upon the twenty-eight hundred lawyers in Ontario would soon accumulate an ample fund to provide all the protection that is necessary. Publications, very sufficiently frequent to emphasize the necessity for protective measures.

NEWS AND INFORMATION FOR THE BUSY FARMER

Make the Meadows Pay

Ontario usually has about four and one half million acres of hay crops each year. In passing across the province first before buying ace cannot help feeling that many of these acres are not paying the taxes and the cost of handling the crop. Statistical reports indicate an average yield of only one and a half tons to the acre and this can certainly be much improved upon. For the meadows, good drainage and sweet soil are very important. Roots of grasses and clovers are slow to penetrate wet soils and wherever there is a surplus of water on the soil, air is shut out and hence the bacterial life is either weakened or killed. Another point in meadow improvement is the use of high quality seed. If poor seed is used the meadow starts out with a handicap. Good drainage, good seed, and a liberal supply of suitable fertilizer make profitable meadows.

Northen Ontario Leads

Returns to the Provincial Apiarist indicate that the northern parts of Ontario give the highest yields of honey. For 1928 the average per colony was 160 pounds in Kenora, 125 in Parry Sound and Renfrew, 116 in Northumberland and 109 in Algoma. One southern county, Elgin, has the high average of 143 pounds, while the adjoining counties Kent and Norfolk have 88 and 80 pounds respectively. In total quantity, Bruce, Grey, Simcoe and York take the lead, partly due to the fact that clover and alsike are grown abundantly. The honey crop for the province for the season of 1928 was 13,859,969 pounds, three-fourths of which was classed white. The estimated value was over a million dollars.

Crop Report

The first crop report for the month of June shows that despite fronts in many parts of the province, which caused considerable damage, the crops are coming along in fine style. For instance, the Counties of Carlton, Glengarry, Dufferin, Dundas and Durham report that wheat, oats, barley, alfalfa and hay crops in excellent condition. Such tender plants as strawberries, tomatoes, beans, potatoes, early corn and tobacco suffered injury in many localities, but most counties report no serious damage. Milk production is reported to be above average in Dundas and Leeds counties. Pastures are reported to be in splendid condition without exception. With the coming of warmer weather all crops have shown rapid improvement.

DRASTIC MEASURES TO BALANCE TRADE BOOKS

Full details of the Australian restriction of imports in an attempt to correct the unfavorable balance of trade against that country are published for the first time in the Commercial Intelligence Journal, the official publication of the Department of Trade and Commerce.

The restriction includes, as from April 26th, the absolute prohibition of importation of certain goods except under license the partial prohibition, or rationing of certain imports up to 50 per cent of the value of last year's imports and a combination of rationing and surcharges, and duty of 50% on certain goods.

This change in tariff policy is of special interest for the reason many Canadian products and manufactures are barred from Australia until further notice, while others are affected by the surcharges now levied. The effect on Canadian trade has not been estimated as yet but the seriousness of the measures from the Canadian standpoint may be inferred from the fact that agricultural implements, electric heating and cooking apparatus, electric smoothing irons, batteries, confectionery, preserved meats and vegetables, bolts and nuts, nails, aluminum ware, soap, fur apparel, cheese, wire, wireless receiving sets, vinegar and matches are absolutely refused admission to Australia except under special license.

Again the special duty of 50 per cent is levied against Canadian liquors, knitted piece goods, furniture, jewellery, certain wearing apparel, rubber tires and tubes, and dozens of other items, which were imported from Canada last year to the value of more than $2,500,000.

This 50 per cent surcharge in many cases amounts to prohibition as, according to the Journal:

"In the case of the ad valorem rates specified in the tariff the surcharges are levied on the net rate after a statutory 10 per cent has been added to the invoice value before computation of duty. If the tariff rate is 60 per cent, the surcharge of 50 per cent is on 66 per cent making a total of 99 per cent. As many of the existing rates range between 50 per cent. and 75 per cent, the application of the surcharge amounts to total prohibition, and importers have been compelled to cancel orders, in almost all instances in which goods had not shipped from factory.

Goods to the value of nearly $4,000,000 are affected by these changes.

Glycerin Mix Removes Cause of Stomach Gas

Simple glycerin, buckthorn bark, saline, etc., as mixed in Adlerika, acts on BOTH upper and lower bowel, removing poisons you never thought were there and which caused gas and other stomach trouble. Just ONE spoonful relieves GAS, sour stomach, sick headache and constipation. Don't take medicine which cleans only PART of bowels, but let Adlerika give you a REAL cleaning and see how good you feel! It will surprise you! At Wallace's Drug Store 1-6t

SUNDAY SCHOOL HOSTS GATHER

What is the task of the Church Schools of North America? What is the aim of Christian Religious Education? These questions will engage the international convention of religious education at Toronto on its opening day, June 22nd, and right through a crowded week of enquiry and fellowship. Each morning these questions will be intensively studied by popular conferences as well as professional study group. Among the notable evening sessions will be that addressed by Canon Charles E. Raven, of England, Chaplain to the King, on "Christ and Modern Education."

There will be the unveiling of a statue of Robert Raikes, founder of the Sunday School Movement, to stand permanently in Queen's Park. Leaders in Church and State, headed by the Governor General, Lord Willingdon, will attend. Prominent laymen as well as pastors, professors, missionaries and

To make it more digestible ... this delicious food is *Shot from Guns*

How 125 million explosions in every grain makes Puffed Wheat and Puffed Rice as nourishing as hot cooked cereals

TASTE these deliciously flavory Puffed Grains! ... They are the invention of Professor Anderson. He seals grains of wheat and rice in huge bronze guns. Revolves the guns in a fiery furnace. When the guns are fired, 125 million explosions occur in each grain.

This opens every tiny food cell. It makes Puffed Grains as completely digestible as though they had been cooked for hours. Hence they become virtually as nourishing as hot cooked cereals.

And how crisp ... crunchy ... delectably good to eat Puffed Wheat and Puffed Rice are. They melt in your mouth. They give just the splendid grain nourishment everyone needs. Serve them for breakfast, luncheon and supper. Toast them with butter to make a new delicious kind of popcorn. Your grocer has Puffed Wheat and Puffed Rice. The Quaker Oats Company.

5758

QUAKER PUFFED WHEAT AND PUFFED RICE

A Power of Its Own.— Dr. Thomas' Electric Oil has a subtle power of its own. All who have used it know this and keep it by them as the most valuable liniment available. Its uses are innumerable and for many years it has been prized as the leading liniment for man and beast.

DID NOT BELIEVE IT WAS POSSIBLE

"Rheumatic pains in my arms, legs and back were so severe at times I couldn't even sleep. My food disagreed

THOMAS J. HEWER

with me and I was habitually constipated. My strength and energy left me and I felt tired and worn out nearly all the time. Sargon rid me of every rheumatic pain I had, restored my appetite, and I never have a sign of trouble with my stomach. I'm stronger and more active than in years. I didn't believe such results were possible!

"Sargon Pills entirely rid me of constipation." — Thomas J. Hewer, Hollis Street, Halifax, N.S.

Sargon may be obtained in Napanee at Hooper's Drug Store, who has been awarded the exclusive Sargon agency for this town.

The cheapness of Mother Graves' Worm Exterminator puts it within reach of all, and it can be got at any druggist's.

RICHMOND TOWNSHIP SUNDAY SCHOOL CONVENTION

The annual convention of the Richmond Township Religious Educational Council which includes the Town of Napanee, was held in Forest Mills United Church on Friday, June 13th. There were afternoon and evening sessions. Rev. H. W. Foley, of Selby, President of the Council, presided.

The opening session convened at 2:00 p.m. with Rev. A. E. Oliver, of Roblin, leading in worship. A hearty welcome was extended to the Convention by Mr. King Scott, to which the president made reply. The Secretary-Treasurer, Mrs. Adam Prisken, of Selby, then made her report showing ten schools in the township with an entire membership of 1,567 scholars and officers. Over $650.00 was contributed by these schools to missions. The reports of the departments, Children's, Boys' work, Girls' work, Adult, Young People's, Home Religion, Teacher Training, Missionary and Temperance, were then given by the various superintendents.

A quartette composed of Messrs. J. McConnell, Garnet Brooks and Misses Marguerite McConnell and Hazel Baker accompanied by Miss Marion McConnell, was heard in a pleasing number. Rev. H. W. Foley gave a short address upon Sunday School attendance, suggesting methods of increasing interest. He was followed by Rev. Lloyd Houlding of McPhail Baptist Church, Ottawa who represented the O. R. E. C. and spoke on the advance feature of the reports and problems issuing therefrom.

Supper was then served to the delegates by the ladies of the church and was a most delightful repast.

At the evning session, Rev. A. E. Oliver led in a sing song, after which Rev. A. J. Wilson, of Napanee, conducted worship.

The Resolutions Commitee was represented by Mrs. H. W. Foley and reported appreciation for the hospitality of the Forest Mills church people; a proposal for the establishment of a "Teachers' Training School in the Township, and endorsation of the Varty Lake Girls' Camp. Mr. Alford McCutcheon adressed on improvements of the afternoon session and emphasized the keynote, e.g. "Increasing Interest." Mrs. A. Prisken then gave the Nominating Committee's report, which was adopted by the convention. By this action the following are to be the officers for the ensuing year:—

President—W. J. Winter, Selby.
Vice-Pres. — Lewis Fox, Centreville, R. R.
Secretary-Treas —Mrs. A. Prisken, Selby.

Children's Division Superintendent—Mrs. A. McGregor, Napanee.

Boys' Work Superintendent—G. Ernest Gibbard, Napanee.

Girls' Work Superintendent — Miss Lois Stalker, Napanee.

Young People's Division—Geo. Brooks Sharpe's Corners.

Adult Division Superintendent—Mrs. T. M. Asselstine, Napanee.

Home Religion Superintendent—Mrs. Melvin Windover, Selby.

Temperance Superintendent—Mrs. N. B. Miller, Napanee.

Missionary Superintendent—Mrs. John Kinmnett, Roblin.

Teacher Training Superintendent — Rev. H. W. Foley, Selby.

These officers were then installed by Rev. W. P. Woodger, of Napanee. Miss Lois Stalker, of Napanee, gave a description of Varty Lake Camp and urged the attendance of the girls of the township. Rev. Lloyd Houlding then gave the address of the evening, upon the "Problem, Process and Programme of Religious Education," which was an inspiration to all. These items were interspersed with music by the Selby Male Quartette, composed of Messrs. W. E. Jackson, H. P. Crossman, L. Crossman and Ed. Wilde, accompanied by Miss Wilma Jackson, and a solo by Mrs. M. A. Eppett, of Napanee, who was accompanied by Miss Beatrice Baughan.

Persian Balm the creator and preserver of beautiful complexions. Tonic in effect and wonderfully stimulating. Safeguards and beautifies the most delicately-textured skins. Cools and relieves all skins flushed or irritated by weather conditions. Magical in results. A little gentle rubbing and a youthful freshness and daintiness is instantly created. Invaluable for softening the hands and making them flawlessly white. Truly the perfect toilet requisite for the woman who cares.

PERSIAN BALM

You can acquire summer without SUNBURN. This lovely new toilet creation soothes, heals, beautifies. It is not sticky. At your druggist's

NAPANEE BRANCH WOMEN'S INSTITUTE

The June meeting of the Napanee Branch of the Women's Institute met in the Agricultural Rooms on Tuesday, June 9th, with a large attendance.

Samples of work from the Institute for the Blind were displayed and many orders were taken, the workmanship being very fine and the prices reasonable. Orders can still be filled by the Secretary, Mrs. Powell.

Mr. Pawson, pastor of Trinity United Church addressed the ladies, his subject being "Socialism." Explaining the subject from every angle, religious, socail-, financially and politically, many, wh. were not familiar with the question at all, could not help but be interested and wish to learn more of this subject. A hearty vote of thanks was tendered the speaker and it was the wish of all present that Mr. Pawson address the ladies again in the immediate future.

Mrs. Haggerty, Superintendent of Current Events, again read an interesting paper, giving an account of the happenings in home and foreign lands, which is always much appreciated and requires much reading and study in preparation.

The Health Almanac, published by the Health Department of Agriculture, was distributed, also other literature, and those not present can secure a copy later.

Roll call was answered by "suggestions for the new programme," and the meeting closed with the National Anthem.

YARKER - COLEBROOK W. I.

On May 29th, at 2:00 p.m., the Yarker-Colebrook Women's Institute met at the home of Mrs. A. Brown. Mrs. Charles Amey, the president, presided, and there was an attendance of 46 members. This was a special meeting called for the purpose of hearing Miss Eadie, the speaker sent by the department.

The meeting was opened in the usual way, after which we sang the Institute song.

Mrs. V. H. Alchison gave a very interesting report of the 43rd Annual Convention of the Rural Trustees and Ratepayers, held in Convocation Hall, Toronto, on April 22nd, 23rd and 24th.

There were many important suggestions in the report, one of which being that several municipalities combine, and establish a health clinic at some central point, where a "full time" doctor and nurse could be employed. Thus the pupils of each school in that district would receive thorough medical inspection at regular intervals.

The report also showed that there is musical talent hidden in every rural school and under the training of an efficient music teacher, splendid results can be attained.

Miss Eadie spoke of the Women's Institute as being a rural university training, rural homemakers, rural communities and rural schools. "Plan your work and then work your plan," is a good slogan. Every person should try to make each meeting a success, by being on time by giving thoughtful answers to the roll call, and by taking part in the programme whenever asked to do so, be "Builders" rather than "Knockers." Co-operate with the teacher, see that the schools are sanitary and have sanitary supplies. Attend the school meetings and try to have a woman trustee on the School Board.

In closing her address, Miss Eadie gave a few of the "Rural Opportunities" for boys and girls and urged the young people to take part in the coaching classes which take place in July.

Mrs. N. Boyce moved a vote of thanks to Miss Eadie and to Mrs. Alchison. Mrs. Cecil Reid seconded the motion and the members showed their appreciation in the usual way.

Mrs. R. Jackson, secretary, announced that the next meeting will be held at the home of Mrs. Stanley Freeman, on June 18th at 2:00 p.m. A "Strawberry Recipe" is to be given in answer to the roll call.

The meeting was closed by singing the National Anthem. A dainty lunch was served by the Refreshment Committee.

A good programme is being prepared for the June meeting, so plan to come and bring others.

SCIATICA?

You can stop this agony safely and speedily with T-R-C's

Mr. S. Davidson, Heathcote, Ont., had terrible pain. Often felt as though the pain would split his ankle bone. "After taking the first dose of Templeton's Rheumatic Capsules," he writes, "I got relief. I kept on taking them—have never had a return of the Sciatica." Equally good for Neuritis, Neuralgia, Lumbago, Rheumatism. No harmful drugs. 50c and $1 at your dealer's. 194

CANADIAN HOUSEWIVES STUDY THEIR JOBS

Direct evidence that Canadian housewives are taking greater interest in seasonal dietetics is provided by researches made for sales purposes by the Canadian Shredded Wheat Company, Limited, the results of which have just been completed.

While for business reasons, exact figures cannot be quoted, it is found that in the large majority of homes, there is a definite tendency to regulate family diet during the summer season and as cold weather comes later in the year. The results of the researches can best be told in the words of an official of the Shredded Wheat organization.

"Whether it is due to the consistent advertising carried on by whole wheat food manufacturers or whether housewives are being largely advised by other means, we do not know for certain, but there is an undoubted trend for lighter, more digestible and better balanced family meals in Canadian homes as hot weather approaches," said the official of the company. "Housewives are certainly paying more attention to the science of their jobs than they did a few years ago."

"Undoubtedly, such tendencies are all to the good. The eating of light, whole wheat foods presented in an appetizing and digestible form as in Shredded Wheat, is endorsed by the medical profession generally. Doctors are constantly explaining that there are certain elements needed for body building and that these are presented in whole wheat foods."

"The day of the big meal seems definitely to be passing. Whether in summer or winter, quality food value is being realized at its true worth as being more essential than bulk."

"As far as this company is concerned, we are naturally carrying on propaganda through the advertising columns of newspapers to advocate the use of whole wheat food in the shape of Shredded Wheat at all seasons."

That advertising apart, whole wheat foods should certainly form part of the daily menu in every home during the hot weather. In spring and summer it is ideal to build up bodily health without overloading the digestive organs. Particularly is this the case with children. And the growing tendency with housewives to regulate diet and to provide quality rather than bulk in family meals is an asset in the future policy of the Canadian people."

FARM CHEMISTRY

A year's work in the Division of Chemistry of the Department of Agriculture at Ottawa included the examination of 4,363 samples of soils; manures and fertilisers; forage plants; fodders and feeding stuffs; waters; samples of meat and canned foods; and miscellaneous articles including dairy products and insecticides. These samples were forwarded to the Dominion Chemist from all parts of Canada. In addition to the regular work of the Division, a chemical service to farmers is maintained which during the period of the latest report handled 617 individual samples. This is a service which has been maintained since the early days of the Experimental Farms.

ARGENTINA BUYS CANADIAN POULTRY

One of the most important shipments of high quality poultry which has yet been made from Canada was forwarded by express the other day from the Dominion Experimental Farm at Ottawa. Included in the shipment were 24 birds, all but one of which was either pedigree registered, or certified under Record of Performance. It included 24 males and 4 females, and the breeds represented were Barred Plymouth Rocks, White Leghorn and Rhode Island Red. The birds will be three weeks in transit before arriving at Buenos Aires where they will be used for breeding purposes. The order for the birds was placed by the Commercial Intelligence Service of the Department of Trade and Commerce with the Secretary of the Canadian National Poultry Record Association from whose membership throughout Canada the shipment was collected.

TAMWORTH W. M. S.

The June meeting of the W. M. S. was held last Tuesday evening in the R. E. Building, with a good attendance. The programme was "From Jerusalem to Jerusalem." A reading was given by Mrs. S. Gilmour, "A Modern Paraable." Mrs. Belden had a short paper on the contrast between the Jerusalem Conference and preceding ones. "The Place and its Significance," was read by Mrs. Haggerty. Miss Reid, Mrs. J. Donovan, Mrs. Ed. Carscallen, and Mrs. Beckstead also gave sections of the study.

On account of the president, Mrs. Beckstead leaving Tamworth shortly, Mrs. Jerry Donovan was elected president for the remainder of the year.

At the close of the meeting, the members presented Mrs. Beckstead with a handsome cut glass fruit dish.

MASONIC SERVICE AT TAMWORTH

Lorne Lodge, A.F. & A.M., together with visiting brethren, attended Divine Service on Sunday the 15th inst. at the United Church, Tamworth. Bro. Rev. I. N. Beckstead preached from the text: "Am I My Brother's Keeper," stressing the obligations and duties of brotherhood in various fields. Particular reference was made to brotherhood and the question of war. The view was urged that the time had come when the nations should learn war no more, when the battle flags should be furled, and a beginning made in the realization of the poet's dream, of a parliament of man and a federation of the world. The action of the Mystic Shriners in presenting to Canada a peace memorial to stand on the shores of Lake Ontario, was hailed as an impressive memorial of the long continuance of peace between this country and the United States, and a pledge of the maintenance of peaceful relations in the years to come.

A large number of Masons attended the service, as well as members of Tamworth United Congregation.

Household Science Coaching Classes, conducted by Miss Isabel Burnett, Institute Branch, Toronto, will be held in the Class Room, Department of Agriculture, Napanee, early in July. Young ladies interested kindly make application to Mrs. K. Powell, Secretary Napanee Women's Institute, or A. D. Runions, Department of Agriculture. 25a

BOXING EXHIBITION

Town Hall, Centreville, on Thursday, June 26th, 1936, at 8:00 o'clock p.m. Battling Nelson vs. Young Gans, Sailor Smith vs Kid Mosey, 3 round bouts. A dance will follow the boxing bouts. Music provided by Marshall Woodcock and his Circle Six Orchestra. — Admission: Boxing bouts and Dance, 50c, plus tax. Boxing bouts only, 40c, plus tax. Centreville Sports Committee in charge. 25ap

FETS' PARADE

In conjunction with the Annual Tag Day of the Napanee Humane Society, another parade of animals will be held on July 1st. The children will be given an opportunity to exhibit their pet animal and each one will receive a prize. Naturally the better prizes will go to the animals that look clean, combed and healthy, showing that their owners are kind to them. Another meeting of the Society will be held next Thursday, June 19th, at 8:00 p.m. in the Library.

WILFRED S. WILSON APPOINTED COUNTY CLERK

At the meeting of the County Council on Tuesday, one of the first matters of business to come up was that of the appointment of a clerk to take the place of the late W. G. Wilson. There were quite a number of applications. The Council after some deliberation, appointed Mr. Wilfred S. Wilson to the position. Mr. Wilson is the son of the former clerk and is thoroughly familiar with all the duties of the office. His appointment will meet with general popular approval.

KINGSTON PEOPLE VOTE FOR NEW BUS SYSTEM

Electors of Kingston carried a by-law giving the City Council authority to grant a ten-year franchise to the Kingston City Coach Company, Limited, and the Colonial Coach Lines, Limited. Consequently, Kingston will have a permanent bus system. The vote was 1,746 for, and 627 against. Kingston's street car system was put out of business March 1 last by fire which destroyed the company's barns and equipment. As the report of an expert showed that it would cost $325,000 to rehabilitate the system, the bus system was decided upon.

146 YEARS AGO LOYALISTS CAME TO QUINTE

June 16th was the 143th anniversary of the landing of the U. E. Loyalists in the Bay of Quinte district. Adolphustown was their immediate destination. Five shiploads of U. E. Loyalists sailed from New York on the 8th of September, 1783, convoyed by the ship "Hope" up the Atlantic Coast to the Gulf of St. Lawrence, up the Gulf to the River, wintering at Sorel. P. M. and set out the next spring for their homes on the Bay of Quinte.

Their navigation up the River St. Lawrence was in small boats called batteaux which had to be pulled against the current by men walking along the shore, while the women, by means of poles kept the boats from nosing into the land.

OBITUARY

THE LATE GEORGE SHOREY

On Sunday last the death occurred in Fordwich, of Mr. George Shorey. Mr. Shorey was a well-known and highly respected citizen of the district. He lived practically his whole life in North Fredericksburgh, where he was a careful and prosperous farmer. Advancing years made it necessary for him to dispose of his property some three years ago. After that he and Mrs. Shorey went to Fordwich and took up their residence with their son Kenneth, who is a medicinal practitioner there.

For the last two or three months Mr. Shorey has been in failing health. But the end came rather unexpectedly on Sunday. The remains were brought to Napanee to the home of Mr. Sidney McKim, from whence the funeral was held on Tuesday afternoon.

Mr. Shorey left a lasting influence in the community where he spent his life. He was always associated with every good cause, and gave of his time and energy to the advancement of the welfare of his district. He was, at the time of his death, the oldest member of the Official Board of Trinity United Church at Napanee.

There are left to survive him his wife, and a son, Kenneth, of Fordwich, and many cousins in and around Napanee.

MRS. MARGARET McCLENNAN

After a lingering illness that lasted several months, Mrs. Margaret Ann Clennan of West Street, passed away on Tuesday, at eight o'clock. The late Mrs. McClennan was the daughter of Mr. and Mrs. William Allen, old and established citizens of the town. After her marriage to Mr. John Clennan they moved to Alberta and engaged in farming. About one year ago Mr. McClennan died from pneumonia and Mrs. McClennan returned to Napanee and made her home with her sister, Miss Sarah Allen.

There are left to mourn the loss, two sisters, Miss Sarah Allen, Napanee, and Mrs. James Stark, of Michellton, two brothers, Mr. Sam Allen of Desoronto and Mr. John Allen of Toronto.

The funeral will be held on Thursday afternoon from the late residence.

March—"The Stein Song."
"God Save The King."

CONFIRMATION AT ST. MARY MAGDALENE'S

On Sunday evening last the Rt. Rev. C. A. Seager, D.D., Bishop of Ontario, administered the Rite of the Laying on of Hands in St. Mary Magdalene Church. Thirteen persons were confirmed. The Bishop was assisted by the Rev. W. G. Swayze, Th. Rector of Bath, and the Vicar of Napanee, Rev. R. J. Dumbrille.

A full choir rendered the service most efficiently.

Mr. William Owen sang the solo in the special anthem, with feeling and sweetness.

A large congregation was present and the Bishop preached an eloquent and appropriate sermon.

LETTER TO THE EDITOR

To The Editor of The Beaver:

Dear Sir: The letter in last week's Napanee Express is only what one might expect before an election, from an opponent, but for any person to have the audacity to sign himself Liberal-Conservative, after putting on paper such a conglomeration of words, and to be responsible for its publication in a Liberal Paper, you would have to cultivate an imagination, not to believe, either the writer "Liberal-Conservative" had been put to sleep, and on awakening forgot what his political views, "If he ever had any," were, or that the policies and principles of our great Liberal-Conservative Party were changing to the side that the writer espoused. Words fail me, and I am awakening forgot what his political views, "If he ever had any," were, or that the policies and principles of our great Liberal-Conservative Party were changing to the side that the one signing himself "Liberal-Conservative" had been put to sleep, and on awakening forgot what his political views, "If he ever had any," were, or that the policies and principles of our great Liberal-Conservative Party were changing to the side that the writer espoused. Words fail me, and I would have been glad to have seen their names appear on the ballot paper, election day. However, the majority said otherwise, en regle.

Irregularities in the selection of the candidate is hinted at, where did they occur? and by whom? I know that considerable canvassing was done, before the convention, and Mr. Hubbs' friends were as busy as the rest, so it ill becomes our writer to start a tirade against the successful choice of the party.

I am going very carefully over the By-Laws of the Association, I am of the opinion that they have been complied with, the meeting or convention of delegates called for by the Executive Committee by two-thirds vote of the said committee; the selection of delegates from each polling sub-division by open vote of qualified electors present. The selected delegates, with their credentials at the Convention duly expressed their choice as to who they wanted to carry their banner to victory at the polling election. For, if we are a Political Democracy, and that is what our party claims, would not the writer of the letter have also better taste and sportsmanship by putting his shoulder to the wheel and assisting the Liberal-Conservative party to victory rather than sulking behind a nom-de-guerre.

His letter does not, indicate from what part of the Riding he comes, and I feel free to say that as far as the Lennox portion is concerned, although he had Mr. Hubbs in the highest esteem and respect, we are going to do our best to elect the Bennet Candidate.

Mr. Hubbs, Mr. Liberal-Conservative, tie a sport, as we all know you are, or you would not claim alliance to the Great Party, that at one time or the other had such eminent names as The Fathers of Confederation, and not saying the least John Hubbs Esq. M. P. You are needed, and needed now, you will be lonely and sorry if you stay out.

A statesman makes the occasion, but the occasion makes the statesman.

"ABSUBIS BON TOLLIT DEUM."

FREE SHOTS ON Local Sport

According to all reports the game in which Gibbard's downed Forest Mills 21-4 was one of the best handled contests this year.

The reason was that the umpire was behind the catcher and could tell whether a pitch was a strike or a ball. A base umpire was chosen from the crowd.

This was according to the rules made when the league was formed.

An umpire can't stand behind the pitcher and see everything and call the balls and strikes accurately.

If all the teams would make this a practice it would eliminate a lot of unnecessary squabbling and the umpire would be given more of a chance.

The locals sure were batting in that game. They hit every pitcher that the home team had with equal ease.

Forest Mills were handicapped without Leonard Hudgins, but the Tyner boys filled in ably.

The fact that Jones had 20 pounds weight on Ted Bentley, didn't seem to bother Ted much, in Belleville, last night.

He beat him easily on points and only hurt his hand a little.

A number of the local experts predicted that Ted would take his first defeat in this scrap but it looks as though that will be postponed indefinitely.

The Horseshoe Heavers are hard at work and it won't be long until a tournament will be pulled off.

The shorter hours at the factory give the boys lots of time for practice.

Subject: "Through The Long Grass."

—A court trial which attracted a good deal of attention, took place in the County Court house last week when Mr. Snider, of Odessa, was tried for shooting. This was the second time that Mr. Snider has been charged with shooting with intent to do bodily harm. On this occasion the defense put in a plea of insanity. Doctors and alienists from Cobourg and Whitby institutions for mental diseases examined the witness and put in expert evidence. He was deemed mentally unfit to stand trial and is in the County jail awaiting instructions from the Lieutenant Governor as to his disposal.

OLD NEWBURGH BOY VISITS FORMER HOME

Mr. Albert M. Dickinson, of Utica, N.Y., is visiting Napanee and vicinity renewing acquaintance with as many old-time friends as he can locate. He would be pleased to have any who may know him 50 years ago or thereabouts drop in at Bell card in the Napanee post-office and thus give him a chance to locate them. Mr. Dickinson was a Newburgh boy and received his early education in Switzerland, and in 1881 came to Utica. For 39 years he was editor in charge of the Utica Saturday Globe. He has also held political office in his adopted city for 18 years, his second term as Treasurer of Oneida County having expired last December. He is now retired and is touring this section, shaking hands with as many old acquaintances as he can locate. Mr. Dickinson is much impressed with the charms of Napanee, finding our town much more beautiful and up-to-date than he expected. Half a century has made many changes for the better in the town.

VOTE FOR HEPBURN

How can you support the King Government, which changes its policy on the eve of an election; which permits New Zealand butter to bring our Dairy Industry to the brink of ruin and then recants on its death bed; which caters for local votes by adopting Protection for sections of the country.

But You Know Bennet!'s Policy

1. Protection.
2. Development of the Agricultural, Live Stock and Dairying Industries.
3. Stabilization of economic conditions and freedom from monopolies.
4. Preservation of inter-provincial trade and development of foreign markets.
5. Improvement of our transportation system— Hudson's Bay, Peace River and the St. Lawrence waterways.
6. Fostering of greater Empire trade based on mutual advantages.
7. National old age pension scheme.
8. Adjustments to insure benefits of this policy to all parts of Canada.

U. M. WILSON,
Clerk of the Peace.

NOTICE RE WEEDS
TOWN OF NAPANEE

The Weed Control Act requires that every occupant of land, or if the land is unoccupied, the owner shall destroy all weeds designated noxious by the regulations, as often in every year as is sufficient to prevent the ripening of their seeds. The Act also provides that the Inspector appointed under the Act shall keep an account of his expenses in enforcing the Act, and his return to the Council, and if the owner or occupant refuses or neglects to pay, the Council shall cause the expenses to be placed upon the tax roll against the lands.

You are therefore hereby notified to cut all noxious weeds not later than June 28th, 1930, and if any not so cut, the profisions of the Statute will be strictly enforced.

E. DUNCAN,
Inspector, Napanee.
June 16th, 1930. 26a

TRINITY CHURCH W. M. S.

The June meeting of the Women's Missionary Society was held on Tuesday, the 17th, at 3:00 o'clock. The meeting was opened with the singing of hymn 120, followed by the Lord's prayer. The scripture lesson was read by Mrs. Eggleston and the devotional leaflet by Mrs. G. Switzer.

Reports of the Bay of Quinte Branch meeting held in Bowmanville late in April, were given by Miss Emma Thompson, brought out some of the high lights of the various sessions, and described, in glowing terms, the programme given by the young people's and younger members of the W. M. S. organizations. Mrs. Wigmore quoted some very encouraging figures, which showed the progress this tremendous organization is making. $65,000 was the total amount raised last year, which was very near the amount of the allocation for the Bay of Quinte Branch, and an increase over the previous year's givings. Let us sincerely hope that in this time next year, the Treasurer will be able to report that the allocation has been reached.

The twenty-five Young Women's Auxiliaries averaged $10 per member, which is a greater amount than that averaged by the senior auxiliary, 113 new members had been secured from the ranks of the Associate Helpers alone, which illustrates the necessity for cultivating this end of the work.

A number of new members were welcomed to the Trinity Auxiliary at the June meeting. Mrs. J. Lucas, who is a life member, has transferred from Moscow, and Mrs. Ashley, Mrs. Norsworthy, Miss Lanier and Miss Gertrude Mechler were received into membership.

The quarterly envelopes were brought in at this meeting and the result proved very satisfactory.

After the singing of hymn 133, Mrs. Eggleston and her committee were in charge of a delightful tea and a most enjoyable half-hour followed.

TO THE ELECTORS OF THE FEDERAL RIDING OF COUNTY PRINCE EDWARD-LENNOX

Ladies and Gentlemen:—

Owing to the gross irregularities and unconstitutional methods at the recent selection of the Candidate as the Liberal Conservative standard bearer, which I believe has allowed to be practiced,

I at the solicitation of many Liberal Conservatives of the riding, announce my candidature for your support at the approaching election to be held on July 28th.

My name will be on the Ballot, and I trust my numerous friends of the riding to once again express that approval which they have in the past so heartily accorded me.

Thanking you, I remain,

Yours faithfully,
JOHN HUBBS

VOTERS' LIST, 1930

Municipality of the Township of
SOUTH FREDERICKSBURGH
County of Lennox and Addington

Notice is hereby given that I have transmitted or delivered to the persons mentioned in Section 19 (ten) of the Ontario Voters' List Act, the copies required by said section to be so transmitted or delivered of the List, made pursuant to said Act, of all persons appearing by the last revised Assessment Roll of the said Municipality to be entitled to vote in the said Municipality at elections for Members of the Legislative Assembly, and at Municipal Elections; and that the said List was first posted up at Conway, on the 21st day of June, 1930, and remains there for inspection.

Dated June 22rd, 1930.

GEO. T. HAM,
Township Clerk.
26a

VOTERS' LIST

Municipality of the Township of
NORTH FREDERICKSBURGH
County of Lennox and Addington

Notice is hereby given that I have complied with Section 7 of the Voters' List Act and that I have posted up in my office at Selby on the 19th day of June, 1930, the list of all persons entitled to vote in the said Municipality at Municipal Elections; and that such list remains there for inspection.

And I hereby call upon all Voters to take immediate proceedings to have any errors or omissions corrected, according to law, the last day for appeal being the 1st day of July, 1930.

Dated June 20th, 1930.

LEONARD T. PARKES,
Township Clerk.
26b

NOTICE RE WEEDS
TOWNSHIP OF RICHMOND

The Weed Control Act requires that every occupant, or if land or if the land is unoccupied, the owner shall destroy all weeds designated noxious by the regulations, as often in every year as is sufficient to prevent the ripening of their seeds. DORLAND

Mrs. R. M. Roblin opened her spacious home for the entertainment of the Ladies' Aids of the circuit on Wednesday afternoon. The weather in the early part of the day was very discouraging but the downpour ceased at noon and there was an attendance of forty. The meeting, which was in charge of Mrs. T. T. Davis, opened with a hymn and prayer, led by Rev. T. A. Plant, followed by the reading of the 91st Psalm, by Mrs. J. Magee and the singing of another hymn. The three visiting Aids had been asked to each contribute a number on the programme. Miss Marion Young of Billville gave a reading entitled: "A Diamond Wedding." Misses a Dickson and D. Bilker, of Hayborn contributed a piano duet. "The Chariot Race from Ben Hur." The District President, Mrs. Gilbride, of Napanee, was present and addressed the meeting. She briefly outlined some of the meetings in the district which she had visited. She said the life of the church is dependent on the Aid and urged the Sand Hill Ladies' Aid to attend the next meeting of Conway Aid, rendered a solo, "Jesus Is All the World to Me." Mrs. W. D. Roblin moved a vote of thanks to Mrs. Gilbride and all others who had so kindly assisted with the programme and also tendered greetings to the visiting Aids. This was seconded by Mrs. C. P. Allison and replied to by Mrs. Gilbride and Mrs. George Phippen, of Conway. A vote of thanks to Mrs. R. M. Roblin for her hospitality, was moved by Mrs. J. Magee and seconded by Mrs. G. Phippen. Mr. Plant dismissed the meeting with prayer. After which a dainty lunch was served and a social time enjoyed.— The monthly party for the children of the Sunday School will be held at the church on Saturday afternoon. Next service will close the pastorate of Rev. J. A. Plant, B. A. on this circuit.—The home of Mr. and Mrs. J. J. Bird was the scene of a very pleasing event on Saturday, when the eighty-sixth birthday of Mrs. Bird was celebrated. Mrs. Lowe, of Milford, was celebrated. Of Mrs. Lowe's family of seven, only three daughters are living, they being: Mrs. Andrew Magee, Mrs. Alex. Magee and Mrs. Arnold Bird, who, with their husbands, were present. The grandchildren taking part in the celebration were Mr. and Mrs. Foster, Mr. and Mrs. A. J. Bird, Messrs. Albert, Edwin, Everett and Keith Bird and Mrs. Harry Bird. Seven great grandchildren and Mr. and Mrs. Church, Sr., completed the list. A pleasant afternoon was spent, members of the Women's Institute attended the District Annual Convention held at Conway on Tuesday and report a very successful gathering.—Mrs. G. A. Rutan is staying with her father, Mr. J. T. Loyst, who is seriously ill.—Miss M. J. Mitchell has resigned as P. S. No. 2, where she has been teaching for the past two years. Her departure is greatly regretted by her pupils. She will also be much missed in church work.

SELBY

The weather continues very favorable and with frequent showers a bountiful crop of grain is anticipated.—There was a fine attendance at church on Sunday evening. Dr. T. H. Russell, a returned missionary from India, gave a very interesting address on his experience there.—The service next Sunday evening will be the W. M. S. Annual Church meetings. All the members are requested to attend. The loose collection will go in the W. M. S. Fund. Mrs. Switzer, of Napanee, will give the address for the evening.—The United Church parsonage was the scene of a quiet but pretty wedding on Wednesday June 18th, when Miss Irene, eldest daughter of Mr. and Mrs. James Rose, Selby East, became the bride of Walter Thompson, of Mr. and Mrs. Christie Thompson of Sharp's Corners. Immediately after the ceremony, amid showers of rice and confetti, they left in a motor trip to Toronto and points west. On their return they will reside at Sharp's Corners, where the groom is a prosperous young farmer. Congratulations of the community are extended them.— Mr. and Mrs. Will Denison motored down from Toronto and spent Sunday with his father, Mr. James Denison and other friends in Napanee. —Mr. and Mrs. C. B. Price and little son, Kitchener, are visiting her parents Mr. and Mrs. John C. Rudgins.—Mrs. Sharp and Mrs. Alfred Doidge, Napanee spent the week end with her brother, Mr. W. J. Wide.—Mrs. Ross Whiter, Toronto spent Sunday at Mr. S. D. G. Winter's.—Mr. and Mrs. Arthur Sharpden, Napanee, spent the week end at her parents, Mr. and Mrs. James Dudgeon.—Mrs. John McFarlane, Sr., spent Friday at her daughter's, Mrs. Bruce Jaynes, South Napanee.— Mr. George Richardson, Gretna, spent Sunday with friends in the village.—Miss Beulah Dafoe, Lime Lake is spending a few days with her friend, Miss Gertrude Grange.

BICKNELL'S CORNERS

We have been having some real nice showers within the last week, which is making the crops look fine. — Mrs. Thora Emberly has returned to her home from Toronto to spend the summer holidays.—Mr. Archie Hinch spent Sunday at Mr. O'Mara's.—Mrs. R. Garrison and daughter returned to their home at Silverdale on Thursday, after visiting the former's sister, Mrs. R. Blakely. — Mrs. A. Emberly and daughter, spent a day recently with Mrs. C. Snider, of Odessa.—Mr. and Mrs. D. Sexsmith, with Mr. Riley, on Sunday afternoon.—Mr. Francis Dunn, is just about the same as usual, and we all hope to see him better soon.—Mr. and Mrs. T. Hyland spent Saturday in Kingston.—Mr. and Mrs. Roy Samson also Mr. and Mrs. Claude Hinch, of Kingston, spent Sunday with their parents.

BAY CIRCUIT

One of those delightful social gatherings which make rural life so pleasant was held at the home of Mr. and Mrs. Peter Huyck on Thursday evening last under the auspices of the Hay Bay Ladies' Aid. The music was supplied by the Hay Bay Orchestra, Miss O. Boone on banjo and Miss G. Backel, an instructing audience on their experiences in the Holy Land, while Egypt, was given by Mr. Nolan. Ice cream and cake was served at the close of the programme. All roads lead to the home of Mr. and Mrs. Walter Silver, Sand Hill, Wednesday, June 25th, when Mr. and Mrs. Silver will serve strawberries in abundance. Also a first class programme.—Mrs. James Miller was taken to Kingston Hospital on Monday to receive further treatment. Her condition is reported improved.—Rev. B. R. Harrison and wife spent a few days visiting at Lakefield and Toronto. —The ice cream social announced for Bethany Ladies' Aid has been postponed to a later date. The regular meeting will be held at the home of Mrs. William Goodman, on Wednesday, July 2nd at 2:30.—Mrs. Stanley Joyce was in Kingston Hospital last week, and her many friends regret to learn of writing she is convalescent at her home on the River Road.—The following are the score being 13-5 in favor of Odessa. —Mr. and Mrs. Fred Trower, Toronto, were Sunday guests of the latter's sister, Mrs. Earl Babcock and Mr. Babcock. Mr. Treneer is a member of the Royal York Orchestra, Toronto.— Miss Ruth Dunn returned last Saturday from attending the Peterborough Normal School, and was one of the three teachers from this district to graduate. Out of a class of one hundred and twenty-five pupils.— Mrs. Fred Laughlin, who spent the week end the guest of Mr. and Mrs. Charley Hillier, returned to her home in Napanee last Tuesday.—The many friends of Mrs. H. Bedford, Preston Park, will be pleased she is recovering nicely, in the General Hospital.—Mrs. W.C. Jenkins spent the week end with her sister, Mrs. J. G. Ettinger and Mr. Ettinger, last week.—Mrs. M. Kenyon, Harrowsmith, is spending a few days with Mr. and Mrs. Topliff.—Mrs. Lewis Snider entertained a number of her neighbors and friends to a dinner party last Thursday night in honor of her guest, Mrs. Fred Bedford, Preston Park. — The Home and School Club met last Tuesday evening in the Public School, with an unusually large attendance. After routine business, a talk was given by the retiring president Mrs. Ira Canning. Council of Home and School Clubs, of Eastern Ontario, assisted by Mrs. McDonald, of Kingston. Miss Ella Fetherland, the president, was presented with a handsome silver sandwich tray. Mrs Leatherland has resigned her position as Principal of Public School, which she has held for the past three years. She will be greatly missed by the members of Home and School especially as president of the Home and School Club. Mrs. Leatherland's generosity ability and gave her best in every undertaking, thus winning the esteem of pupils and parents, who regret her resignation.

HAWLEY

The Young People's Society met in the church on Friday evening with a good attendance. A most interesting citizenship programme was given. The Bible reading consisted of the Ten Commandments as a safe rule for a successful Christian citizenship. Other good readings following this plan, were read by several members. A number of interesting facts about our country were given. Current events were given by Ernest Wood and a temperance reading by Helen MacNaughtry. The meeting next Friday night is in charge of the social vice-president, with refreshments.—Miss Mildred Seeley attended the dance in Tower No. Bandet at Wilton, on Friday evening last.— A number from here attended the Women's Institute District Annual Convention held at Consecon, on Thursday.—Mr. and Mrs. Ed. Pretty and Ralph, attended the birthday party given for Mr. Holden at Sandhurst, on Sunday last.—Mr. Isaac Asselstine is a Kalador on Sunday.—Miss Lela Parks spent Sunday evening with Miss Mildred Seeley.—Mr. and Mrs. Clarence Vanalstine and Mr. and Mrs. Clare Denison and family, spent Sunday at Grafton Pretts.—Mrs. Schell and Miss Helen, Deseronto, spent Friday at Isaac Asselstine's.—Mr. Fred Creighton and Mrs. Ada Miller, spent Sunday at Scheil's on Sunday.—Mr. and Mrs. P. J. Brown, spent Sunday at Mr. and Mrs. Mr. J. Card's, Anderson.— Dr. Stubbs and Mrs. Stubbs, Detroit, arrived in their summer residence on Friday a few days with relatives here.—We hope everyone will be at church on Sunday to bid farewell to Rev. and Mrs. Dixon, whom we hate to lose.—Wonderful preparations are being made at the Church cream and strawberry social on Monday evening.—Particulars elsewhere in this issue.—Mr. and Mrs. Ackerman and Vernon were visitors at Stewart Weese's Strathcona, on Sunday.—Jack Schell is visiting Sam Asselstine.

PAYMENTS FORCED BY LAW, NOT GIFTS FROM KING GOVT.

Strictly dishonorable is Premier Mackenzie King's defence of his soul revealing five-cent speech. It strictly follows the lines laid down by the brainy electioneers at his party. And it dishonorably attempts to deceive the people of Ontario about the financial relations between the Dominion and the Province since the King Government came into office.

The attempt was begun in the House of Commons with a trick question asked by the Chief Liberal Whip for Ontario and the prepared answer was framed not to disclose the truth but to disguise it. Then the party hacks and the small-fry have been endeavoring to cover up Mr. King's monstrous five-cent speech with a glorification of Mr. King's splendid generosity towards Ontario. The Prime Minister, was, of course, intended to be the beneficiary of this wide-spread plot of deception. Not until Mr. King spoke at Peterboro was it conceived that any Prime Minister of Canada would stoop so far as publicly to degrade his high office by association with a low plot.

Premier King speaks of the millions Ontario has received from Ottawa since he came into power. The inference intended is that the money was an expression of his good-will towards a province which compels him to go to Saskatchewan to find a seat in Parliament. The extent of Mr. King's goodwill towards Ontario is shown in the latest annual statement of the Public Accounts of this Province. The King Government was compelled to pay this Province $2,942,611 by the very terms of the agreement between the provinces when they created the Dominion of Canada by joining together in a solemn bond and covenant. Unless the King Government tore up that bond and disrupted the Dominion they could not escape paying that $2,642,611.

It was a debt, not a gift. To represent the payment of a debt as a gift is a sorry job which Premier King might prudently have left to his lieutenants or his lackeys. But, at Peterboro, he showed that even prudence cannot be numbered among his virtues.

The total payment to Ontario as recorded in the Public Accounts of Ontario was $2,736,607 for the year 1929. That leaves less than $100,000 of "generosity" towards Ontario, which was not forced upon Mr. King by the constitution of this country. And of that less than $100,000, every cent passes through the hands of the Provincial Government simply because it is easier and cheaper to use the established Provincial facilities—rather than to set up an expensive Federal organization to spend less than $100,000 in this province.

These are the facts and Rt. Hon. W. L. Mackenzie King knows that they are the facts. But his defence at Peterboro of his five-cent piece was a craftily concocted attempt to gull the electors of Ontario into regarding him as having something more than five-cents worth of fondness for this province.

King lieutenants, King organs, the general riff-raff of politics may think it clever to bamboozle the public for the benefit of their party. But when the Prime Minister of Canada openly takes the leadership in such-vaunted morality of "Forward-Looking Liberalism"?

The defence of the five-cent piece is worse than the five-cent speech itself. The offence might be regarded as a bold confession of partizan bigotry. The defence, however, combines a disgraceful pose with a dishonest sham. The appearance of such shameless effrontery of an Ontario platform is a revelation of the lengths to which Rt. Hon. Mackenzie King will go in his hunger for power, at any price. He has been acclaimed as a clever campaigner. But Premier King is stupendously wrong in the under-valuation which he places upon the demand of the people of Ontario for straightforwardness in the discussion of their public affairs.

PALE FACES JADED NERVES

Due To Weak, Watery Blood.

Anaemia — impoverished blood — comes so stealthily that it is often well advanced before recognized. Fatigue and discomfort the earliest manifestations of the trouble are seldom taken seriously. Soon the face becomes pale; the nerves jaded; the heart palpitates violently after the slightest exertion; the appetite becomes fickle and before you realize it you are in a terrible plight.

At such time, by enriching and purifying the blood Dr. Williams Pink Pills will build up the nerve cells and correct the run-down condition. Concerning them Miss Margaret Torrey, Toronto, Ont., says:— "I suffered a complete breakdown. My heart would palpitate on the least exertion. Nothing I ate agreed with me. I started taking Dr. Williams Pink Pills and by the time I had taken several boxes I was ready for work. I had gained in weight and every distressing symptom had left me."

You can get these Pills from any dealer in medicine or by mail at 50 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

No child should be allowed to suffer an hour from worms when prompt relief can be got in a simple but strong remedy—Mother Graves' Worm Exterminator.

WHY MEN ARE UNEMPLOYED

Since 1925 the King Government has killed the export butter trade of the Canadian dairy farmer to the extent of 24,000,000 pounds a year and has robbed the Canadian dairy farmer of his domestic market to the extent of 35,000,000 pounds a year. It is estimated that no less than 50,000,000 pounds of butter will enter Canada during 1930. The bi-products of this 74,000,000 pounds of butter— the extent of the injury done to the butter trade this year by the King Government—would enable 150,000 liters of im pigs now to be fed upon the skim milk and buttermilk. This great hog army of 1,500,000 pigs would require for its use on the lower grades of wheat during the six weeks of their finishing period. Thus the grain growers would benefit. These hogs would produce over 200,000,000 pounds of bacon trade which has been lost to Canada during the regime of the King Government. — Regina Star.

HONOR ROLL
NEWBURGH HIGH SCHOOL

The following pupils, having successfully passed their examinations in Newburgh High School, have been promoted. Where a subject is given after a pupil's name, it signifies a failure in that subject, which will have to be taken another year.

Form I to Form II—Louise Ramsay, Alfreda Milligan, Laura Scully, Leah Wesse, Fern Baker, Margaret Sutton, Clarence Martin, Josie Allenbrock, (Bot.); J. R. Lucas, Ruth Lucas, Margaret Dowling, Gerald Harrison, (Comp.) Mildred Dunn, Evelyn Wagar, Viola Walroth, Ruth Galbraith, Alice Ingoldsby, Dorothy Warner, Bill Renwick, (Bot.) Bessie Rogers, Grant Gerow, Muriel Brown.

Form II to Form III—Beatrice Bell, Lorraine Allenbrack, Esther Purcell, Lillie Wilson, Ford Pewick, Donald Paul, Birdie Harten, Leonard Buck, (Geom.), Joseph Craigen, Edith Wallace, (Geom.), Ray Shortis, (Geom.), Mitchell Carter, (Physiography), Ralph Bell, (Geom.)

BATH LOWER SCHOOL

The following are the averages obtained by the pupils on the year's work in each subject.)—I—75% and over) (II—66-74%), (III 59-65%), (C 50-59%) F—failure.

Two medals were given by the Women's Institute for the highest aggregate obtained on the year's work. The medal for second year Lower School was won by Elsie Boston. The medal for first year Lower School was won by Carlton Miller. Kenneth Sharpe was a close second, being only four marks behind the winner.

Form II

Elsie Boston: English Literature, I; English Composition, III;. Grammar, III; French, I; Latin, I; Geometry,I; Arithmetic,II; Botany, I; Physiography, II. Average 77%.

Ray Burk: English Literature, III; English Composition, C; Grammar, II; French, I; Latin, C; Geometry, I; Arithmetic, III; Botany, I; Physiography, II. Average, 73%.

Frances Macdonald: English Literature, I; English Composition, III; Grammar, III; French, II; Latin, III; Geometry, C; Botany, I; Physiography, II; Arithmetic (F). Average 67%.

Norma Craven: English Literature C; Grammar, III; French, II; Latin III; Geometry, II; Botany, I; Physiography, II; English Composition, (recommended); Arithmetic, (F). Average 64%.

Walter Young: French, C; Latin, III; Geometry, I; Arithmetic, III. Average 64%.

Jack Stevenson: English Literature, II; Grammar, C; French, III; Latin, C; Geometry, III; Arithmetic, II; Botany, III; Physiography, I; English Composition, (recommended). Average 61%.

Muriel Mott: French, I; Latin, II; Botany, C; English Literature, (recommended); English Composition, (recommended); grammar, (F); Geometry F; Physiography F. Average 52%

Form I

Carlton Miller: English Literature II; English Composition, C; French, I; Latin, I; British History, I; Algebra, I; Botany, II; Geography, II; Arithmetic, III. Average 74.1%

Kenneth Sharpe: English Literature III; English Composition, C; French, I; Latin, I; British History, II; Algebra, I; Botany, I; Geography, II; Aart, C. Average 73.7%.

Harold Allison: English Literature II; English Composition, C; French, II; Latin, II; British History, III; Algebra, I; Botany, I; Geography, II; Art, III Average 65%.

Ethel Miller: French, III; Botany, C; Art, II; English Literature, F; English Composition, F; British History, F; Algebra, F. Average 44%.

Rita Brown: British History, I. Sarah Cullupp: British History, I. Madeline Covert, Arithmetic, III: Jessie Kilgannon, English Grammar, C.

ADELAIDE McMAHON,
Principal, B. C. S.

THE RECORD OF MR. KING

The most desolating indictment of a decade of Mr. Mackenzie King does not come from the mouth of Mr. Bennett. It comes from those official figures of the Government's own Bureau of Statistics. What are they ? In 1921 the population of Canada, according to the Dominion Census, was 8,788,000. Since the census of 1921, there have been 2,172,622 births, 930,866 deaths, making a natural increase of 1,233,756. In addition, the number of immigrants reaching Canada since 1921 totalled 1,139,659. The total population of Canada at the present time, therefore, should be 11,152,415. But it is not that. It is placed by the Government's Bureau of Statistics at 9,786,800. We have not even held our natural increase. During ten years of Mr. Mackenzie King we have lost 1,355,653 persons to the United States, to Europe, to other lands. Lost more than one-tenth of our entire population. Lost them because we could not give them work. Couldn't give them a livelihood. That is the complete, the damnable story of the record of Mr. King.

A farmer's daughter started to practice singing. One day her father came in unexpectedly.

"What's tha' extraordinary noise?" he enquired.

"Father Dear," replied the wife proudly, "is Jane cultivating her voice."

"Cultivating ? Hah!" ejaculated the farmer, "that ain't cultivating—that's horrowing !"

NEW AGENT TO DETECT CANCER

A new agent developed for use in determining the presence of cancer, has been announced by Donald C. A. Butts, director of the Emery laboratory of the Medical College and Hospital.

In making the announcement, Dr. Butts was careful to stress the fact that the new material designated as "E-47" is not in any sense a "cure" for cancer, but is for use in determining whether cancer is present and if so, in what locality of the body.

The identity of the compound is being withheld to allow a rigid scientific investigation.

Light Seaplane Club

A light seaplane club, claimed by its members to be the only one of its kind in the world, recently completed 1,000 flying hours without an accident or injury of any kind.

Eighteen club members have, during the past year, qualified for licenses. A charge of approximately $5 per hour is made for instruction. A grant has been made by the government to pay back $60 when a member obtains his license. Pilots are taken up from time to time by the inspector in order to check their progress and to teach them the finer points of flying. Flying instruction in the form of lectures, is added.

STURDY CHILDHOOD

The sturdy child is bright and active little chap is the one mother loves. It is only the sickly, peevish child who is not attractive. Baby's birthright" of every child to be healthy and well—to be a joy to mother and admire him. Therefore any mother if yours is not, should not be at fault, not his. He must be helped and it is up to you to see that he gets relief—that he is given a medicine that will quickly make him well and keep him well.

Baby's Own Tablets are specially designed for infants and young children. There is no better medicine for correcting the irregularities of the stomach and bowels—the cause of most of the ills from which baby may suffer. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.
